INTRODUCTION

Fall 2012 Students are responsible for reading the Nassau Community College catalog and for knowing the rules and regulations of the College. Failure to read the catalog does not excuse the student from the academic and financial responsibilities and liabilities described herein. Nassau Community College is a member of the State University of New York and is accredited by the Middle States Association of Colleges and Schools. Nassau Community is a comprehensive full opportunity College, open to all qualified applicants. Nassau Community College does not discriminate on the basis of race, religion, sex, sexual orientation, color, national origin, age, disability, marital status, physically challenged status or status as a disabled or Vietnam-era veteran in admissions, employment and treatment of students and employees.

Any questions concerning this policy or allegations regarding compliance should be directed to:
Associate Vice President for Equity Inclusion, Affirmative Action ADA/504 Officer
Nassau Community College
One Education Drive, Garden City, NY 11530-6793

This catalog is current as of September 1, 2012. Nassau Community College reserves the right to make changes in programs, policies and regulations, as conditions change and such revisions are needed, subsequent to publication.

Any questions concerning changes should be directed to:
Office of the Executive Vice President
Nassau Community College
One Education Drive, Garden City, NY 11530-6793
Gainful Employment Disclosure Information
About NCC
One of every five college-bound high school graduates in Nassau County makes Nassau Community College his/her college of first choice. For most, NCC is the start of an experience that will lead to four or more years of advanced learning. For others, earning the two-year Associate Degree will lead to employment in the regional job market.

Sharing the classrooms are a growing number of more mature students. Some are attending college for the first time, others returning for specialized training that often leads to career change or advancement. More than a quarter of today's student population is over the age of 27. The College serves these “non-traditional” students with special adult orientation and advice from enrolled adult students.

NCC: PAST, PRESENT AND FUTURE
Nassau Community College was created as part of the State University of New York by the Nassau County Board of Supervisors on February 9, 1959. When the College opened in a wing of the County Court House in Mineola on February 1, 1960, it had only 632 students.

Enrollment increased dramatically after 1962, when classes were moved to spacious facilities at the former U.S. Air Force base at Mitchel Field. It reached over 23,000 students in 1982, following the completion in 1978 of two new academic wings, a modern library, physical education complex, and administrative tower. Despite fewer high school graduates today, 23,633 students are enrolled in the Fall of 2010.

In response to the growing student population, in January 1997, a new Social Sciences and Visual Arts Building opened, and in September of the same year the new 85,000-square-foot College Center became operational.

In 2009, the College leased the North Annex, a totally renovated twelve-classroom building located at 500 Endo Blvd., a half-block north of our campus. This new building houses the LINCC program and a pre-academic intensive English as a Second Language program, as well as credit-bearing courses offered by various academic departments. Lifelong Learning offers the Drinking Driver Program in the North Annex as well.

As the needs of a maturing Nassau County change, the College, too, is evolving and developing. Among recent innovations is a mentoring program that is committed to increasing the College’s retention rate. This program includes training workshops and individually tailored courses that can be conducted on campus or at work sites.

To help students expand their opportunities for easy transfer, the College engages in a cooperative effort with its SUNY/Long Island neighbors and the private colleges and universities that comprise the Long Island Regional Advisory Council on Higher Education.

ACADEMICS
Nassau Community College, the largest single campus community college of SUNY’s 30 community colleges, enjoys a nationwide reputation for academic excellence and ease of transferability to four-year schools. Nassau's faculty is one of the best in New York State, having a higher than average number of Phds and EDds and one of the lowest teacher/student ratios. The modern campus includes a library with sophisticated audio-visual facilities, as well as classroom/laboratory wings equipped with personal computers and state-of-the-art apparatus for instruction in over 70 different fields of study in business, fine and performing arts, health-related sciences, liberal arts and sciences, mathematics/computer processing, natural sciences, engineering technologies and social sciences. Weekend, evening and Distance Education courses are available as well.

CAMPUS LIFE
At Nassau, the hours spent outside the classroom are as important as those spent in study. Students may join a club or create one, run a newspaper or run for office, book a band or play in it, deejay or dance, act or interact, work or play. The extensive campus life at Nassau Community College offers students the opportunity to sample their career choices or explore recreational areas of interest. Nassau campus life offers over 100 clubs to join and numerous recreational and social events to attend. Spring, summer, winter or fall, Nassau Community College offers students an outstanding array of activities for relaxation and personal growth.

ATHLETICS
Expert coaching in the finest indoor and outdoor athletic facilities has made the men's and women's varsity teams at Nassau a dominant force in the National Junior College Athletic Association. Individual athletes have gone on to prominence at senior colleges and universities, as well as in professional sports and as coaches and physical education teachers.

ACCREDITATION
The College is accredited by the Middle States Commission on Higher Education http://msche.org/;
3624 Market Street, 2nd Floor West, Philadelphia, PA 19104
Telephone: 267.284.5000
E-mail: info@msche.org Spanish: españolinfo@msche.org

The College is authorized by the New York State Board of Regents and by the New York State Department of Education to award two-year Associate Degrees in Arts (A.A.), Science (A.S.), and Applied Science (A.A.S.), and is also authorized to award Certificates for programs of study of less than two years. Specific academic programs are also accredited separately by appropriate professional organizations, including the following: National League for Nursing Accrediting Commission (Phone: (404) 975-5000, Fax: 404.975.5020, www.nlnac.org); American Physical Therapy Association, Commission on Accreditation in Physical Therapy Education; Commission on Accreditation for Respiratory Care;Commission on Accreditation of Allied Health Education Programs (CAAAEP), American Medical Association; Accreditation Review Council on Education in Surgical Technology and Surgical Assisting (ARC/STSA); Joint Review Committee on Education in Radiologic Technology, New York State Department of Health; National Accrediting Agency for Clinical Laboratory Science; Technology Accreditation Commission of the Accreditation Board for Engineering and Technology (TAC-ABET); National Association of Schools of Music, Commission on Accreditation; American Bar Association Council of the Section of Legal Education and Admissions to the Bar; American Board of Funeral Service Education, Committee on Accreditation; and American Health Information Management Association.

STUDENT LIFE
EXPECT A GREAT COMMUNITY: After all, community is our middle name. The NCC campus practically spills over with activities and events. And we understand that you're busy. It's why we work hard to bring fascinating people to the campus, free or low-cost events, and programs that you'll find worthwhile. Because although we can't add extra hours to your daily life, we can add life to your hours.

CONTINUING EDUCATION
Ever notice how the most energetic and happy people tend to be the ones who also love to keep learning new things? We have. In fact, we see at least 15,000 of them every year in Nassau Community College's Continuing Education classes. They take advantage of our more than 300 Lifelong Learning courses to sharpen their skills, gain professional competencies or just indulge in a hobby they've always wanted to try.

PROGRAMS TO ADVANCE YOU
So, here's a question: Where do you want to go? Whether your ultimate goal is a new career, a promotion, transfer to a four-year college, or getting more enjoyment out of life, the way to get there is Nassau Community College. NCC offers three different degrees, plus special certificate programs. Course schedules are flexible enough to work around your busy life. Begin with excellent programs in more than 70 fields of study. You'll learn from faculty who are all about making connections in their fields and in their classrooms. You'll get experience in first-class facilities using the cutting-edge equipment and technology that you can expect to find in your career. And you'll have opportunities for internships, practica, and study abroad, all at a remarkable value. Talk about advanced!

AFTER NASSAU
Nassau Community College students exceed the national average of transfer to four-year colleges and universities. Our students arrive at their four-year institutions as juniors, fully prepared for the next leg of their educational journey. Plus, they've saved a bundle on tuition while at NCC. Get the straight story on how easy NCC can make your transferability.

AWARD-WINNING SCHOLARS. DEDICATED MENTORS.
Our full-time faculty rank at the top. They're first among the community colleges in New York State for the number of faculty members who receive the SUNY Chancellor's Award for Excellence in Teaching. They hold doctorates at twice the national average for community colleges. And they're in your classrooms every day, every night and every weekend. Talk about dedication!

Mission
Nassau Community College, a constituent member of the State University of New York system, is a comprehensive, full-opportunity institution of higher education. All who can benefit from its resources have the opportunity to expand their knowledge and skills and to pursue the goal of lifelong learning. The College is dedicated to high quality, low-cost education and career preparation to meet the needs and interests of the community it serves. It is committed to academic excellence and the dignity and worth of the individual. To this end, Nassau Community College offers Associate in Arts, Associate in Science, and Associate in Applied Science degrees, as well as Certificate and continuing education programs. Its curricula span the liberal arts and sciences, as well as pre-professional and professional areas, for the benefit of a diverse population. The College places a high priority on small classes, taught by qualified, experienced faculty, to provide an optimal educational environment.

In fulfillment of this Mission, Nassau Community College affirms these goals:

- To maintain an open admissions policy that ensures the availability of educational programs for traditional and non-traditional students;
- To create educational programs that respond to and satisfy diverse community needs;
- To provide general education that teaches students to think critically and analytically about a body of knowledge conducive to lifelong learning;
- To maintain developmental programs which upgrade student skills for success in college level courses, and to provide special courses of study which enhance general education;
- To provide the support services necessary for students to realize their maximum potential;
- To create a wide variety of activities and cultural programs to enrich student and community life;
- To create a multicultural environment which fosters the synthesis of knowledge, aesthetic appreciation, and commitment to ethical and social values;
- To encourage faculty development with programs that promote scholarship and creativity, and to encourage the adoption of innovative teaching methods and technology to enhance student learning;
- To support and strengthen academic programs which best prepare students for transfer to senior institutions, and to provide career programs to prepare students for regional and global employment opportunities;
- To provide administrative leadership which assures educational quality, furnishes adequate student support services, maintains effective budgeting and facilities management, and stimulates thoughtful planning for the future of the College;
- To enhance the economic and cultural vitality of the County by promoting an educational environment which responds to the changing needs of the community.

GOVERNANCE AND AUTHORITY
It is the Academic Senate of Nassau Community College that shall provide the College community with a voice in general educational goals and policies as well as other matters of concern to the College community. The Academic Senate shall have responsibilities and powers in the following areas unless otherwise restricted by law and the provisions of the Collective Bargaining Agreement:

a. To examine, approve and recommend curriculum for examination by the President and the Board of Trustees;

b. To recommend requirements for admissions, degrees and graduation;

c. To formulate and propose academic College policies including policies on class size, academic advisement, educational TV and academic calendar for the consideration of the President and the Board of Trustees;

Nassau Community College: http://collegecatalog.ncc.edu/current
d. To provide a forum for the consideration of academic matters of interest to the College community;

e. To formulate and propose policies in those aspects of student life which relate to the educational process.

The ultimate authority for College operation is vested in the Board of Trustees, five of whom are appointed by the Nassau County Executive and four by the governor of New York. A tenth member is elected annually by the student body.

**President’s Message**

Message from Dr. Kenneth Saunders, Officer in Charge

Nassau Community College is at the forefront in meeting the dynamic challenges that community colleges face in being pathways of opportunity for educational advancement and career development. It has achieved its well-earned nationwide reputation for academic excellence through the collaborative efforts of its dedicated faculty, staff, administrators and Board of Trustees utilizing their creative energies to ensure the continued vitality of our fine College. The academic and other campus base programs described in this catalog demonstrate NCC’s commitment to fulfilling its mission of being an affordable and accessible, high quality institution of higher education that serves our students and the communities in which they live.

I join with our faculty, staff and administrators as we work with a passionate determination and a steady commitment to realize the student centered spirit and goals that are embodied in this introduction to learning and life and NCC.

THE NCC CAMPUS

Location and Resources
The 225-acre campus is located in central Nassau County and is easily reached from the Meadowbrook Parkway (Exits M3 and M4) or from entrances on Stewart Avenue and Hempstead Turnpike.

Students attend classes in modern classroom wings and in picturesque older buildings once used by the U.S. Army and Air Force. Students have access to the latest available equipment for teaching health sciences, engineering technologies, marketing and business, computer technology, liberal and fine arts, mathematics and sciences, and the performing arts.

Central to the campus is a plaza which connects a 12-story Administrative Tower containing many campus offices, including Admissions, Registrar, Bursar, Financial Aid and others; an extensive Library (described under “Learning Resources”); and a 192,000 square-foot Physical Education Complex, which is one of the finest in the Northeast, and includes swimming and diving pools, a gymnasium, a fieldhouse, saunas, and specialized rooms for wrestling, dance, gymnastics and indoor ball games.

The Social Sciences and Visual Arts Building (Building G), which opened in January 1997, is where 9,000-10,000 students attend class. The departments of Art, Criminal Justice, Economics, History/Geography/Political Science, Psychology and Sociology hold their classes in this space. The Social Sciences and Visual Arts Building has 37 classrooms and two state-of-the-art lecture halls.

In September 1997, the new 85,000 square-foot College Center (CCB) opened. The Center accommodates student activities, student government, the Faculty-Student Association, various student clubs, and conference facilities. The central meeting area is a multi-purpose room designed to accommodate banquets, theatrical productions, film and video, dances, and large meetings. Several study lounges and two conference rooms are located on the second and third floor, along with a dark-room and computer area for the student newspaper. Still planned for future construction are a Theatre and Performing Arts complex, and improved public spaces and walkways.

Information Services Center
The Information Services Center, located on the plaza level of the Administrative Tower, is open five days a week to answer questions about the College and to direct visitors and students. The Information Center can be reached by phone at 516.572.7501, TTY: 516.572.9882, or fax: 516.572.3557.

Smoking Prohibited
Nassau Community College has been designated a smoke-free facility by the Nassau County Commissioner of Health. The College asks that no one smoke in any campus building, a request made to protect the health of smokers and nonsmokers alike.

Bus Service
Public transportation to the College is available. Route and schedule information may be obtained seven days a week by calling the Bus Information Center at 516.228.4000.

Public Safety Department
The Public Safety Department is located at the East end of the parking lot West 4B and is staffed 24-hours a day, 7 days a week. Public Safety provides foot and motor patrols of the campus around the clock and responds to emergency situations such as accidents, fires and medical emergencies, as well as reports of criminal activity. Information regarding campus crime statistics as reported to the United States Department of Education will be provided upon request by contacting Public Safety at 516.572.7100, the Office of the Vice President for Academic/Student Services at 516.572.7600, or accessing this information directly at http://ope.ed.gov/security. We are committed to the safety and security of all members of the campus community. In an effort to make ourselves more available to the needs of the campus, bicycle patrols have been added.

Other services offered by Public Safety are:
• Issuance of College identification cards
• Issuance of faculty/staff parking permits
• Lost and Found Service
• Investigation of complaints, criminal activity and safety issues

You can contact Public Safety at:
Emergency: 516.572.7111
General Calls: 516.572.7100
Or you can simply pick up any of the emergency telephones located throughout campus for assistance.

A. Holly Patterson Library
The A. Holly Patterson Library continues to evolve as an information center for the 21st century. NASCAT, Nassau’s networked library catalog, provides access to the College’s full range of materials from the World Wide Web. Through this graphical interface, it is possible to simultaneously search the catalogs of most of the SUNY colleges from computers in the Library or anywhere else. It is also possible to search the catalogs of public libraries throughout the region from the same Internet stations.

By taking advantage of several resource sharing projects, Nassau offers access to electronic information sources delivered through the Internet. The New York State Library’s Novel project provides library users with a wealth of full-text journal and newspaper articles. Nassau Community College belongs to the State University’s SUNY Connect program that provides seamless access to a worldwide virtual library of information to any SUNY student, at any computer, anywhere. Additional resources are also made available through Nassau’s membership in the local library consortium, the Long Island Library Resources Council.

When classes are in session, the Library is open 77 hours per week with night and weekend coverage. Over 562,000 persons visited the library last year. They borrowed books and non-print items; used periodicals and reference works in print and online formats, as well as reserve copies of textbooks and other required materials; accessed the Internet; and used the library’s facilities for group and individual study. In addition, our participation in the interlibrary loan network allowed us to acquire needed items from other libraries while we supplied their patrons with requested items.

The physical collection now numbers over 201,000 books and non-print items and over 200 print periodical titles. Electronic database subscriptions, accessible from any computer through the Library’s webpage, allow for ready access to information published in thousands of newspapers, journals and reference works in full-text, audio and video online formats.

The Library’s Reference Unit is pleased to offer several online services through the Library’s homepage (http://library.ncc.edu). By clicking on our “Ask the Librarian” link, members of the College community may instant message a librarian or post an e-mail reference question and receive a response within 24 hours. The “Chat with a Librarian” link will take the user to the "Ask the Librarian" page where s/he can send an instant message. Our “Interlibrary Loan” link allows faculty, staff and students to submit Interlibrary Loan requests for books or periodical articles. Furthermore, our “Book a Class” link allows faculty to make online requests for Information Literacy instruction sessions.

A principal part of the Library’s mission is instruction. Library faculty provide individual information service in all public service areas throughout the year. Our Information Commons currently houses over 200 public access computers used by students for research. In addition, students may use the wireless internet network with their own laptops, tablets, and other electronic devices. The Library also offers individually designed lectures on library research to college classes, typically serving students by teaching 500-600 scheduled sessions per year. Classes are typically taught in a lab-style lecture room featuring 30 student computers for hands-on instruction. In addition, librarians teach several sections of the three-credit course, “Introduction to Library Research” and the one-credit course, “Essential Research for College Success,” each semester.
Another service is the Library’s Instructional Design office, which offers special assistance to faculty in the design and production of instructional media materials for classroom use.

The Library is housed in a four-story building located between Clusters A-D and E-F.

**Academic Support Centers**

**Available to All Students**

**Academic Advisement Center**  
516.572.7118 - Bldg. U  
Offers academic advisement for General Liberal Arts majors. Specific program majors go to department of major for advisement.

**Student Personnel Services**  
516.572.7506 - Nassau Hall Rm. 11  
SPS offers a variety of counseling services and programs designed to support student academic achievement and personal growth. Call, stop by, or view SPS Department Home Page on the College website (www.ncc.edu) for more information about these services.

**Adult Resource Center**  
516.572.7103/07 - Bldg. M 14  
516.572.7696/97 - Bldg. M 14

**Center for Students with Disabilities**  
516.572.7241/42  
(TTY for hearing impaired) 516.572.7617 - Bldg. U

**Educational Counseling**  
516.572.7141 - Bldg. M 19

**Job Placement**  
516.572.7132 - Bldg. M 39

**Psychological Counseling**  
516.572.7698 - Bldg. M 9

**Student Activities**  
516.572.7148 - CCB 150

**Transfer Counseling**  
516.572.7127/28 - Bldg. M 4A

**Women's Resource Center**  
516.572.7698 - Bldg. M 9

**Audio Visual Services**

The Audio-Visual Center is located in Building T-154 and is a unit of the Associate Vice-President for Academic Affairs. In addition to its responsibility for developing and maintaining digital projection facilities throughout the campus instructional spaces, the unit also maintains the College's closed-circuit television distribution system, provides media equipment set-ups for classroom presentations, seminars, and large group presentations, and records campus presentations for future viewing.

**Learning Centers/Help Centers**

Nassau Community College provides a variety of designated Learning or Help Centers to assist students in all curricula when extra or supplementary course work is needed or required. The activities in these Learning/Help Centers include services for students in virtually all credit and non-credit programs. The following Learning and Help Centers are available: Academic Computer Services; Accounting; Allied Health Science (Physical Therapy, Radiologic Technology, Respiratory Therapy, Surgical Technology); Fashion Design; Art; Biology; Chemistry; Communications (ESL); Economics; Engineering/Physics/Technology; English (Writing Center); Foreign Language Learning Center; Hospitality Business; Interior Design; Marketing/Retailing; MATH/STAT (Computer Learning Center, Math Help Center); Music Learning Center; Nursing Laboratory and Resource Center; Reading Learning Center; Office Technology; Reinforcement Learning Center and, for Basic Education students, a reading, writing and mathematics learning center.

**Information Commons**  
516.572.7620 – Library 1st Floor  
Provides computers with Internet access and Microsoft Office applications (Word, Excel, Power Point, and Access) for all students to use.

**Academic Computer Center - Social Sciences**  
516.572.9662 – Bldg. G 145
Provides computers with Internet access, Microsoft Office applications (Word, Excel, Power Point, and Access), and program-specific applications. Primarily, students taking social science courses use the center.

**Writing Center**
516.572.7195 – Bldg. Y (Bradley Hall)
516.572.3595 – Library L233
The English Department’s Writing Center offers individualized and group instruction to all students at basic to advanced levels in expository and creative writing, research and documentation, as well as grammar and usage. Drop-in sessions, appointments, and online e-mail tutoring are available.

**Learning Centers by Program**

**Accounting and Business Learning Center**
516.572.7479 - Bldg. A 307
Provides tutoring for accounting and business courses and computers with Internet access and accounting and business related software.

**Allied Health Sciences Anatomy and Physiology**
56.572.7550 - Bldg. E 2225
Offers extra help by faculty and use of Anatomy and Physiology labs for students in anatomy and physiology courses.

**Physical Therapist Assistant**
516.572.7556 - Bldg. E 211 A
Offers tutoring and program specific computer learning software for physical therapist assistant students.

**Radiologic Technology**
516.572.7559 - Bldg. E 120
Provides tutoring and program specific computer learning software for radiologic technology students.

**Respiratory Care**
516.572.7560 - Bldg. E 218
Provides tutoring and program specific computer learning software for respiratory care students.

**Surgical Technology**
516.572.7299 - Bldg. E 312
Offers tutoring, practice labs, and program specific computer learning software for surgical technology students.

**Art**

**Ceramics**
516.572.8040 - Bldg. G 178
Offers hours for students in ceramic and sculpture courses to work on their projects.

**Computer Graphics**
516.572.8068 - Bldg. G, C55/45/50
Offers hours for students in computer graphics and other art courses to work on their projects.

**Photography**
516.572.7166 - Bldg. G, C20/23
Offers hours for students in photography courses to work on their projects.

**Printmaking**
516.572.9653 - Bldg. G 272
Offers hours for students in printmaking, and students developing art portfolios to work on their projects.

**Biology**
516.572.7839/8078 - Bldg. F 107
Provides tutoring and supplemental assistance for students in biology courses.

**Chemistry**
516.572.9976/7274 - Bldg. C 115
Offers tutorial services, text answer books, self-help worksheets, videotapes on specific chemistry topics, computerized tutorials (ADA-enhanced computer available) for students currently enrolled in chemistry courses.

**Communications**
516.572.9671 - Bldg. F 117
Offers computer-assisted instruction for students in advanced ESL communications courses, tutoring for students in American Sign Language courses and audio/video supplementary materials and software programs for communications classes.
Engineering/Physics/Technology
516.572.7272 - Bldg. D 218
Offers tutoring to students enrolled in courses in the department. Day and evening hours are available; call department for times.

The Language Center of Lifelong Learning
516.572.7062 - Bldg. F 307
Offers individual and small group tutorial sessions to students enrolled in The Language Center of Lifelong Learning.

Foreign Languages
516.572.7416 - Bldg. M 15
Offers tutoring, audio, video, computer-assisted foreign language learning materials, and access to the Internet for students enrolled in any foreign language course.

Hospitality Business
516.572.7344 - Bldg. K 5
Offers hours for students to work on their projects.

Interior Design
516.572.7587 - Bldg. A 207
Offers hours for students to work on their projects.

Legal Studies
516.572.7774 - Bldg. A 107
Offers tutoring as well as other learning aids for students enrolled in Law courses. Access to Westlaw and Lexis Nexis is available. Day, evening and weekend hours; call department for times.

CSD Computer Access Lab
516.572.7670 - Library 214A
Provides adoptive computer systems for students registered with the Center for Students with Disabilities. Contact this Center for Students with Disabilities 516.572.7241/42 for information.

Marketing/Retailing/Fashion
516.572.7587 - Bldg. A 213
Offers tutoring in Marketing 101 and Retailing 111. Hours by appointment only.

Fashion Design
516.572.7587 - Bldg. A 217 - Office Bldg. B 2037
Offers hours for students to work on their projects.

Mathematics/Computer Science/Information Technology

Computer Learning Centers
For students enrolled in computer courses.
516.572.7379 - Bldg. B 225
Provides walk-in help with assignments, tutoring by appointment only, help classes in fall and spring semesters, computers with program specific applications and review sessions for students enrolled in Math Department computer courses.

Math Center
For students enrolled in math courses.
516.572.7394 - Bldg. B 130
Offers brief walk-in individual help, topical help classes (fall and spring semesters only), thirty-minute tutoring sessions by appointment only, text answer books, self-help worksheets, and videotapes for specific courses for students enrolled in mathematics courses.

Music
516.572.7636 - Piano Lab - Bldg. Z
Provides pianos for practice for students in piano courses.

Tutorial Center
516.572.8198 - Bldg. H 114
Offers tutorial help for students in music classes. Hours by appointment only; call department.

Sound Recording Lab
516.572.8198 - Bldg. H 114
Provides tutorial help for students in Studio Recording Technology courses. Hours are by appointment only; call department.

Nursing
516.572.9630 - Life Sciences Bldg.
Nursing Learning Center - Life Sciences Bldg. 323
Provides students with opportunity to enhance skills.

Computer Learning Center - Life Sciences Building 324
Offers web-based computer assisted programs.

Office Technology
516.572.8096 - Bldg. A 115
Provides reinforcement for Office Technology student in Microsoft Office applications (Word, Excel, Access, Power Point), keyboarding, speedwriting, transcription, and desktop publishing.

Physical Sciences
For students enrolled in Physical Sciences (SCI) courses.
516.572.7010/7278 – Bldg. C 216
Offers tutorial assistance with Physical Sciences lecture and lab topics. Hours for the fall/spring semesters will be posted outside the door of room C 216.

Reading/Basic Education
516.572.8979
Basic Education Reading/Writing Learning Center
Bldg. V 110
Offers tutoring in reading and writing, computer assisted learning programs word processing and Internet access for students enrolled in Basic Education Program reading and writing courses.

Basic Education Math Center
516.572.8046 - Bldg. V 112
Provides tutoring and computer assisted math learning programs for students enrolled in Basic Education Program math courses.

Basic Education Center for Students with Disabilities
516.572.8975 - Bldg. V111
Provides tutoring accommodations and assistive technology for students with disabilities enrolled in Basic Education Program courses.

Reading Help Center
516.572.7465 - Bldg. M 201
Offers tutoring and computer reading programs for students enrolled in Reading 001, 002 and ESL Reading courses.

Contact the particular Learning Center for Summer and Winterim session hours. Centers are closed on holidays and holiday weekends. Centers are available to current NCC students, alumni, and senior observers enrolled in courses.

Learning Resources

Academic Computer Service
Academic Computer Services (ACS) provides computer support for the instructional areas of the College. Our services include, but are not limited to, administration of the public access student computer labs; consultation with faculty to provide software solutions in their disciplines; evaluation and introduction of new technology and software for faculty, staff and students; academic computer lab technology design, setup and maintenance; technical administration support of the College web site and intranet site; and administration, faculty and staff Email support.

Academic Computing Centers
The Academic Computing Centers function as resource centers for students and faculty, offering support in a networked environment with full Internet/Intranet access. The centers provide ongoing technical support for the academic computer needs of the College. The knowledgeable staff assists users with current software applications such as Microsoft Windows, Microsoft Word, Microsoft Excel, Microsoft PowerPoint, Microsoft Access, Microsoft Publisher and Internet Explorer. Our technical staff also provides support for online resources, multimedia and departmental proprietary software that supplement classroom instruction and assignments.

For more information contact Academic Computer Services at:
516.572.7624 or stop by one of the Center locations:
Library - 2nd floor
Bldg. G - Room G145/149

Organizations & Affiliations

Alumni Association of Nassau Community College, LTD:
The Alumni Association of Nassau Community College, Ltd., a not-for-profit corporation, was founded in 1985 to create and maintain, among the College's graduates, an abiding sense of personal commitment to the life and growth of Nassau Community College.
The Alumni Association is a self-sustaining organization whose officers, directors, and membership is composed of dues-paying graduates of Nassau Community College.
Membership is open to all degree and certificate recipients of Nassau Community College. Lifetime membership dues are $50.00. Membership dues are primarily used to fund the Association's scholarship program.

The scholarship program provides funds for students attending the College. The Association strives to increase the number of scholarships each year. The present goal is to award a scholarship to a student from every high school in the County who plans to enroll at Nassau Community College.

**Nassau Community College Foundation, Inc.:**
The Nassau Community College Foundation is an eleemosynary corporation formed to promote the interests of the College. The Foundation is structured to meet the ever-increasing demands of the future by providing an independent avenue to receive philanthropic aid, which assists in the continuing development of the College and its varied programs. The Foundation may accept, hold, invest, reinvest and administer any gifts, bequests, or trusts which benefit the College.

The Foundation disburses funds for the purposes of scholarship awards to students, faculty development programs and various activities which enrich the educational programs of the College. In some instances, the Nassau Community College Foundation functions as the fiduciary agent for the receipt of grants written by faculty and professional employees.

The primary focus of the Foundation's activities is the scholarship program. Direct support to students assists in the fulfillment of their educational goals. Through the auspices of the Foundation, scholarships are awarded to outstanding students in academic departments. Additionally, programs in faculty development, leadership and cultural activities are undertaken through the efforts of the Foundation Board.

The Foundation is governed by a Board of Directors composed of prominent members of the business and professional community, each of whom is dedicated to the goals of higher education and the success of Nassau's students.

**The State University:**
The State University of New York (SUNY) encompasses 64 geographically dispersed campuses (both two and four-year) that bring educational opportunities to virtually all New York citizens. It comprises the nation's largest centrally managed system of higher education. Nassau Community College is the largest single campus of 30 two-year colleges operating under the system. When founded in 1948, the State University of New York system consolidated 29 Stat-operated, but unaffiliated, institutions whose varied histories of service dated as far back as 1816.

SUNY has grown to a point where its impact is felt educationally, culturally, and economically the length and breadth of the state. As a comprehensive public university, SUNY provides a meaningful educational experience to the broadest spectrum of individuals. Just under 428,000 students (full and part-time) are pursuing traditional study in classrooms or are working at home, at their own pace, through such innovative institutions as Empire State College - for over two decades, a leader in non-traditional education, distance learning and assessment of prior learning.

SUNY's students are predominantly New York State residents, who represent more than 95 percent of the University's under-graduate enrollment. Approximately one-third of all New York State high school graduates continue on to a SUNY institution. Nassau Community College has the highest number of minority students among SUNY's community colleges. Approximately one-third of the total enrollment is 25 years of age or older, reflecting SUNY's services to specific constituencies, such as training for business and industry, continuing education, and a wide array of community services to promote both personal enrichment and professional growth.

The State University is governed by a Board of Trustees, appointed by the Governor, which directly determines the policies to be followed by the 34 state-supported campuses. Community colleges have their own local boards of trustees whose relationship to the SUNY board is defined by law.

The University' motto is:
"TO LEARN...TO SEARCH...TO SERVE"

Student Services

The Dean of Students is located in the College Center Building Room 312 and is responsible for most student support services. Students requiring assistance with general student advocacy or special problems, should contact this office.

In addition, services are provided to students by the Office of Health Services, the Department of Student Personnel Services and the Academic Advisement Center.

Academic Advisement

The Academic Advisement Center is the College's main resource center for academic advisement. It is the primary academic advisement provider for liberal arts and undecided students, either currently attending or returning to the College. The Center is staffed by a core of trained professional advisors and teaching faculty who serve on a rotating basis. Current and returning students in non-liberal arts areas should contact advisors in their majors. The Center is also the primary advisement resource for all current and returning evening students except those in the "specialized programs" listed immediately below.

Music, Art, Allied Health Sciences, Nursing, Office Technology, Mortuary Science, Math and Computer Sciences and Engineering Sciences

The Academic Advisement Center is located south of the Quadrangle in Building "U" in the one-story annex behind the red brick College Union Building.

The phone numbers are:
516.572.7118
516.572.7436
516.572.7803

The Center accommodates new students by invitation and current and returning students on a walk-ins basis.
Mission
The mission of the academic advising program at Nassau Community College is to assist students in the development of meaningful educational plans that are compatible with their goals. Further, it is to fully inform students regarding requirements in their areas of concentration and expose students to the variety of course and degree options offered by the College. This should take the form of an ongoing discussion between advisor and student, beyond merely a consideration of selecting courses for registration.

Purpose
The Office of Academic Advisement, located at the Academic Advisement Center is responsible for the overall coordination and direction of the advising program at the College. These programs are provided in several different locations as listed in the following table:

Advisement for Students on Academic Probation ("D" Standing) resulting from Low Grade Point Average
A student currently in "D" academic standing is required to obtain advisement and will be blocked from registering until he/she has obtained advisement from an Educational Counselor in the Student Personnel Services Department.

Adult Resource Center
An Adult Resource Center meets the special needs of adult students (defined as those 25 years of age or older). The objective of these services is to assist adult students to evaluate their own potential and special needs through counseling, testing and advisement. Students will also be assisted in scheduling their courses to meet their individual needs. Courses are available, day, evening, weekends, online, on the air, and through independent study.

Support services are also available for financial aid, career and transfer counseling, job placement and child care. For further information call the Adult Resource Center Coordinator, Professor Robert Rubin, at 516.572.7103 or visit our center at Nassau Hall, room 19.

Career Counseling Center
The Career Counseling Center, located in Building M, Room 14, is staffed by professional career counselors who provide counseling and vocational testing for students seeking to make career decisions. The center houses a career information center which contains resource materials including videos, books, magazines and an extensive pamphlet file on a variety of career fields. The center sponsors career planning workshops and special career programs throughout the year. For a detailed description of services special events and office hours, individuals are encouraged to visit the Center on-line at the College website (www.ncc.edu/career counseling) or to call us at 516.572.7696.

Center for Educational & Retention Counseling
Earning a college degree requires the student to make a commitment to academic achievement and to make the necessary educational decisions. Educational counselors assist all students with wide range of concerns from educational decision-making to personal, social or family problem solving.

CERC counselors offer help in the following areas:

- counsel students with low grade point averages
- educational planning
- study skills enhancement
- changing area of concentration (major)
- review of academic standing

Nassau Community College: http://collegecatalog.ncc.edu/current
• test anxiety and relaxation techniques
• life skills - balancing life, work and home
• clarifying goals and decision-making

The Center is located in Building M, Room 19, or call 516.572.7141 you can also visit us online at www.ncc.edu/

Center for Service Learning (CSL)
The Center for Service Learning seeks to reinvigorate the civic mission of higher education and instill in students a sense of social responsibility and civic awareness. It is a pedagogical tool which encourages students to learn and explore issues vital to society, inside and outside the classroom. Students learn from engaging with communities by active participation. Faculty and staff guide students through this process through structured reflection and the integration of theory and practice.

Service Learning can take place through partnership with charities, non-governmental organizations, statutory bodies, community agencies or organizations with a focus on social responsibility.

The Center is located on the Plaza Level, Tower Building. Call 516.572.9775 for information and office hours.

Center for Students With Disabilities
The College provides the following support services for students with documented physical, hearing, visual, psychiatric, and learning disabilities:

• academic, career and personal counseling removal of architectural and attitudinal barriers
• priority registration
• group tutoring in math, organizational and study skills
• appropriate classroom and testing accommodations
• sign language interpreters
• adapted computer access
• cultural program
• referrals to other campus services
• clarifying goals and decision-making

The Center is located in Building U, or call 516. 572.7241. Call for office hours.

It is the responsibility of the student to identify himself or herself as disabled upon entrance to the College, by notifying the Center for Students with Disabilities. Since each type of disability varies, the documentation needed by the CSD office will also vary. Individuals needing accommodations are strongly encouraged to contact the Center for Students with Disabilities, which is located in Building U. The Center can be reached by voice telephone at 516.572.7241 or TTY at 516.572.7617. The Center is partially funded by a TRIO Grant through the U.S. Department of Education. Call for office hours.

Center for Veterans Affairs
The Center for Veterans Affairs assists students in obtaining the education benefits to which they are entitled from the Department of Veterans Affairs. In addition, the Center provides information and referrals to various services designed to help veterans make a smooth and productive transition from military to college life. Services include: how to apply to the College, utilizing financial resources including Post 9/11 GI Bill, counseling referral, and assistance with scheduling.

The Center is located on the Plaza Level, Tower Building. Call 516.572.9775 for information and office hours.

Child Care Services
The Children's Greenhouse is a not-for-profit child care center providing quality child care to NCC students and other members of the College community since 1979. The Center is open Monday through Friday, from 7:15 a.m. to 5:30 p.m., and enrolls children between the ages of 8 weeks and 5 years of age in six age-related groups.

The Children's Greenhouse is licensed by New York State Office of Children and Family Services and is staffed by professionals who provide a safe, nurturing and educational experience for the children who attend.

Fees are charged on a sliding scale based on family income and subsidies are available for eligible student parents. Families are accepted from the waiting list based on date of application, scheduling needs and the age of the child. Call 516.222.7085 for information and an application packet.

Financial Aid Office
The College offers federal, state and college financial aid in the form of scholarships, grants, loans, and work to eligible students. A description of these programs and how to apply may be found in the Finances and Financial Aid section under Policies and Procedures of this catalog. Information regarding financial aid is available at the Financial Aid Office, which is located on the 3rd floor of the Administrative Tower, or by telephone at 516.572.7396 or email at financialaid@ncc.edu.
Health Services
Student Health Services is located on the lower level of the Administrative Tower and is staffed by registered nurses. Hours are Monday through Friday 8:00 a.m. to 3:45 p.m. (please arrive 15 minutes prior to closing).

Student Health Services provides emergency care, medical care, consultations, and referrals to appropriate health facilities. A current and extensive array of health-related literature is available. Other services provided are screening of Immunization Forms, physical education waivers, Allied Health, Nursing, Mortuary Science and all Sports Physical Exam Forms.

Insurance information is available at Student Health Services and on the college web-site as well. All students are covered by an accident insurance plan (excluding motor vehicle accidents). Full-time students are covered by a 24-hour a day, seven-day a week policy, while part-time students are covered only while on campus. The accident insurance is included in the student activity fee. For a detailed description of services visit the College website www.ncc.edu or call us at 516.572.7123.

International Student Services
The College offers special services to international students who may have been educated abroad, who hold temporary visas, or who are legal permanent residents of the U.S.

The Office of International Student Affairs provides services to all non-immigrant students attending Nassau Community College, including those enrolled in the LINCC (Language Immersion at NCC) program. The purpose of the ISA Office is to assist students with regulations related to their status in the United States.

Services include visa/status advisement for students in their home countries, advisement of international transfer students, change of status and reinstatement applications, and on travel/consular issues. Advisement on work authorization and Social Security issues is also provided. In addition, the ISA Office administers the College international health program.

Applicants who will require a student (F-1) visa in order to attend Nassau Community College or our LINCC program should contact the ISA office at 516.572.7053 in order to obtain an Admissions Guide & Application, and the application forms necessary to secure an I-20 (the document that is required before an F-1 visa can be issued). An I-20 will not be issued until a student has been accepted into a program of study at the College.

Students (attending or planning to attend NCC) needing assistance with visa or status concerns should contact Admissions or the Office of International Student Affairs at 516.572.7053 (Building F, Room 2281). The ISA Office can also be reached via e-mail at isaoff@ncc.edu.

For more information on the LINCC program or the college placement test, please contact the LINCC office directly at 516.572.7236.

Job Placement
The Job Placement Office, located in Nassau Hall, Room 39, is available to assist students seeking employment and internship opportunities. The staff of trained professionals provides a comprehensive service designed to ensure placement in an employment environment consistent with individual academic interest. Workshops are scheduled each semester to assist students in developing appropriate pre-job training skills. Call 516.572.7132 or visit us online at www.ncc.edu/jobplacement.

Media, Arts & Cultural Organizations
Theatre
The Department of Theatre and Dance presents an extensive, open-to-the-public production program which includes a children's musical, a dance concert, a joint production with the Africana Studies Department, and numerous other plays and musicals. Auditions for these productions are open to students enrolled for a minimum of credits at the College, and all interested students are encouraged to audition. Audition notices are posted on the Call Board in the Theatre (Building W).

Music
The Music Department invites students to participate in various performance groups. The following are open to all students without audition: Orchesra, Concert Band, Chorus, Jazz Ensemble and Jazz Big Band. Other music ensembles are open to students by audition: Vocal Ensemble Chamber Choir, Chamber Ensemble and Jazz Improv Ensemble. Two additional groups are limited to students in the music degree program: Percussion, Ensemble and Classical Guitar Ensemble. Community members and interested high school students may join some of our performing groups. For more information, call the Department at 516.572.7446.

In addition to performances by the above ensembles, the Music Department presents several student recitals each semester, as well as faculty concerts and recitals by renowned guest artists.

English
The Creative Writing Project of the English Department sponsors a wide range of activities for student writers. These include the projects of the Creative Writing Club, which produces the annual student literary magazine and holds regular meetings, public readings by students and distinguished visiting writers, group or individual use of a student publication center and resource room housing computer facilities and materials, such as recordings and magazines, and publication of an annual newsletter high-lighting campus literary events and creative work by students. In addition, the Writing Workshop of the English Department hosts ESL group meetings in which topics of current interest are informally discussed by native and non-native speakers of English. (These groups are sponsored jointly by the Reading, Communications, and English Departments.)
College Radio Station, WHPC 90.3 FM
The College radio station, WHPC (90.3 FM), operating 24-hours a day, maintains three studios (recording, news, and “on the air”) for the broadcasting of information of importance and interest to the community including College courses for credit, news, interviews, music, and educational informational programming. The studios are equipped with state-of-the-art recording equipment including the latest digital audio and recording equipment. The station receives the Associated Press News service via satellite. These resources are comparable to those found in many commercial radio stations.

Student volunteer applicants are tested for their voice quality. Auditions are held weekly during the semester on Thursday, between the hours of 11:30 a.m. to 12:45 p.m. for students interested in pursuing a career in broadcasting. Student volunteers operate in all areas of the station, which provides a quality radio broadcast to all of Nassau and parts of Suffolk, Queens, Brooklyn, and New York City.

Art
The Art Department provides a number of cultural activities to students, the College community and the public. The Art, Photography and Computer Graphics Clubs invite guest artists to speak on campus and take field trips to galleries and museums. Other Department activities include Firehouse Gallery exhibitions, all of which are open to the public, by nationally and internationally known artists and craftsmen. The Firehouse Gallery also sponsors annual faculty and student shows as well as open competitions. The work of both students and gallery artists is regularly featured in the display cases in Building G as well as the College Center Building. In addition, the Art Forum lecture series sponsors demonstrations, lectures, films and visiting artists throughout the academic year.

Psychological Counseling Center
The Psychological Counseling Center offers students psychological assessment, counseling, crisis intervention and referrals to off-campus resources. To make an appointment, students can call 516.572.7698 or stop by the office in Nassau Hall, Room 9. Please visit the psychological counseling webpage.

Student Activities
The student activity program has grown from a conviction that education is not restricted to scheduled classes, that the hours outside the classroom are of major importance and that the student activities program can give a new dimension to education. These activities expand the means through which the College educates.

The activities program is planned and implemented, in large part, by students involved in clubs and organizations. These social, cultural, and recreational activities enrich the lives of those participating and give student leaders the opportunity to plan and implement programs. This responsibility helps students build character, develop greater understanding of others, learn leadership skills, and have a greater sense of their own abilities.

To be eligible to serve as a campus-wide student leader, students must comply with the College policy on "Eligibility for Student Leadership Positions."

Call the Student Activities Office at 516.572.7148 for further information.

Faculty-Student Association
The Faculty-Student Association, through its board of directors, sets and administers policies for the purpose of creating and implementing programs of cultural, social, educational, and recreational value to the College community. It also allocates and disburses the student fees collected by the College in support of these programs.

The Association was organized under New York State laws in accordance with State University policy. It is a non-profit, educational membership corporation. Its board of directors is comprised of five students, five faculty members and three administrative officers. The student and faculty directors are elected, while the three administrative directors serve by virtue of their positions at the College.

College Center
The College Center Building is the hub of student activities. Social and cultural programs and a variety of recreational activities take place here. Activities include lectures, concerts and social programs. Meeting rooms, student organization offices, information areas, and counselors' offices are also located in the CCB. Call 516.572.7148 for program information.

Social Programming
The Programming Board and Nassau Concerts are responsible for the major social programs on campus. The Programming Board offers a variety of social activities including dances, film festivals, comedy programs, and holiday parties. Nassau Concerts provides a concert series with both day and evening performances.

Student Government Association
Each entering student automatically becomes a member of the Nassau Community College Student Government Association (SGA). This Association, through the Student Senate, provides for student participation in the College governance process. SGA apportions the income from student activity fees among the other student organizations, makes recommendations concerning the conduct of the student body, recommends policies affecting student life, and, in all ways, represents student interests.

Student Publications
There are two campus publications: Vignette, the weekly newspaper and the annual literary magazine produced by the Creative Writing Club.
Student Athletic Programs
The Faculty-Student Association sponsors programs in women's and men's intercollegiate athletics. The College is a member of the National Junior College Athletic Association and participates in Region XV competition. The women's intercollegiate program has gained national prominence, fielding regional championship teams in bowling, volleyball, basketball, soccer, cross country, lacrosse, softball, tennis, and track. The women's program has won two national championships, one in soccer and one in tennis.

The men's intercollegiate program takes pride in its dominance over other junior colleges in Region XV. The men's teams have captured national titles in bowling, baseball, soccer, golf, wrestling and lacrosse, along with numerous regional titles in cross country, football, basketball, tennis, and track.

In addition, the intercollegiate Athletic Department sponsors teams in women's dance, cheerleading, and coed equestrian teams.

Eligibility
All student athletes must be registered as full-time students (12 credits or more) to maintain athletic eligibility. Student-athletes should visit the Athletic Department office for further clarification on transfer status, Grade Point Average, and other matters.

Transfer Counseling
The Transfer Counseling Office is located on the first floor of Building M, Nassau Hall and Room 4A. Students can obtain information regarding transfer opportunities to four-year colleges and universities. Information regarding scholarships can also be obtained at the Transfer Counseling Office.

The Transfer Counseling Office schedules group meetings as well as individual appointments to discuss any transfer concerns students may have.

An annual Transfer Day program (College Fair) and annual Evening Transfer Program are coordinated by the Transfer Counseling Office. Representatives from four-year colleges and universities schedule visits to our campus through the Transfer Counseling Office. Transfer information is published weekly in the student newspaper, the Vignette.

The library in the Transfer Counseling Office has a large collection of catalogs from four-year colleges and universities. Reference materials, financial aid forms for transfer students, State University (SUNY) applications, City University (CUNY) applications and applications for most local colleges and universities are also available. Call the Transfer Counseling Office at 516.572.7127/8 or visit us online at www.ncc.edu/transfercounseling.

Volunteer Service Center
The Volunteer Service Center places interested students in volunteer positions with community agencies and organizations. It helps provide our students with pre-professional experience, as well as providing agencies and organizations with qualified, motivated students eager to learn and apply their skills. Interested students may contact the Center in the Job Placement Office, located in Building M. Call 516.572.7132 for office hours.

Women’s Resource Center
The Women’s Resource Center was founded by the Department of Student Personnel Services in the early 1970 to provide a forum for discussion of concerns to women and to bring educational programs to the campus and community.

The Women’s Center faculty coordinators can be contacted at 516.572.7698 in Building M, Room 14 or visit the Women’s Resource Center webpage.
Academic Information
The Office of the Vice President for Academic Affairs is responsible for the implementation, interpretation of, and compliance with all academic regulations.

The Office of the Registrar is responsible for the registration of students, evaluation of transfer credits once a student is in attendance, and maintenance of all academic records. Official certifications regarding student records are provided as required. Students should contact the Office of the Registrar for information, rather than rely on unofficial sources. The Office of the Registrar is located on the lower level of the Administrative Tower.

Academic Dishonesty & Plagiarism
Academic dishonesty, which includes plagiarism and cheating, will result in some form of disciplinary action that may lead to suspension or expulsion under the rules of the Student Code of Conduct. Cheating can take many forms including but not limited to copying from another student on an examination, using improper forms of assistance, or receiving unauthorized aid when preparing an independent item of work to be submitted for a grade, be it in written, verbal or electronic form. Anyone who assists or conspires to assist another in an act of plagiarism or any other form of academic dishonesty may also be subject to disciplinary action.

Plagiarism is a particular type of academic dishonesty that involves taking the words, phrases or ideas of another person and presenting them as one's own. This can include using whole papers and paragraphs or even sentences or phrases. Plagiarized work may also involve statistics, lab assignments, art work, graphics, photographs, computer programs and other materials. The sources of plagiarized materials include but are not limited to books, magazines, encyclopedias or journals; electronic retrieval sources such as materials on the Internet; other individuals; or paper-writing services.

A student may be judged guilty of plagiarism if the student:
(a) Submits as one's own an assignment produced by another, in whole or in part.
(b) Submits the exact words of another, paraphrases the words of another or presents statistics, lab assignments, art work, graphics, photographs, computer programs and other materials without attributing the work to the source, suggesting that this work is the student's own.

Allegations of student plagiarism and academic dishonesty will be dealt with by the appropriate academic department personnel. It is the policy of Nassau Community College that, at the discretion of the faculty member, serious acts will be reported in writing to the Office of the Dean of Students, where such records will be kept for a period of five years beyond the student's last semester of attendance at the College. These records will remain internal to the College and will not be used in any evaluation made for an outside individual or agency unless there is a disciplinary action determined by a formal ruling under the Student Code of Conduct, in which case only those records pertaining to the disciplinary action may apply. A student whose alleged action is reported to the Office of the Dean of Students will be notified by that office and will have the right to submit a letter of denial or explanation.

The Dean will use his/her discretion in determining whether the alleged violation(s) could warrant disciplinary action under the Student Code of Conduct. In that case the procedures governing the Code of Conduct will be initiated.

Academic Programs
The New York State Education Department has authorized Nassau Community College to award degrees and certificates in the following programs. Students are advised that enrollment in other than registered or otherwise approved programs may jeopardize eligibility for certain State and Federal aid awards.

Academic Standings
Academic standing is determined according to the regulations of the Academic Standing Committee and are made at the conclusion of each semester. Academic standing will only be printed at the top of each semester on your online unofficial transcript.

Decisions made at the conclusion of the spring semester will remain in effect for a minimum of one full semester during the regular school year; that is, until the conclusion of the following fall semester. Grades attained during the intervening summer sessions will be considered only in conjunction with the following fall semester grades for purposes of releasing students from academic standing decisions or limitations.

Minimum Grade Point Average Required To Maintain Good Academic Standing
The following cumulative grade point averages (GPA) are the minimums which must be attained for a student to be considered in good academic standing:

1.7 with 1-14 credits attempted (usually one semester)
1.8 with 15-29 credits attempted (usually two semesters)
1.9 with 30-47 credits attempted A - 2.0 with 48 or more credits attempted

A student whose cumulative average falls below these minima for the first time will remain in good academic standing but shall be limited to 14 credits (or equivalent where preparatory courses are concerned) for the next semester. If, at the end of the next semester, the student’s cumulative average still falls below these minima, then the student concerned shall be placed on academic probation and shall be restricted to part-time (fewer than 12 credits) attendance.
Academic Dismissal Policy
The cumulative Grade Point Average (GPA) of students on probation will be reviewed at the end of the spring semester. Students whose cumulative average remains below the required minimum will be academically dismissed. The Office of the Dean of Students implements, interprets, and ensures compliance with this policy.

A previously dismissed student who is readmitted will not be dismissed under this policy if a GPA of 2.00 or higher is maintained in courses taken since readmission, and if satisfactory progress is demonstrated in remedial courses taken since readmission.

Students have the right to appeal their dismissal. Appeals must be submitted in writing to the Academic Standing Committee through the office of the Dean of Students no later than six weeks prior to the beginning of the semester for which they wish to be readmitted. Students who fail to appeal their dismissal within the required time limit may submit an appeal in a timely fashion for readmission to a future semester. All appeal decisions rendered by the Academic Standing Committee shall be final.

Academic Progress Requirements for Students Placed in Remedial Courses

Academic Progress Requirements for Students Placed in the Basic Education Program (BEP)

Students whose assessment test placement is the “Basic Education Program” must enroll in and successfully complete the Basic Education Program (BEP) and any additional required remediation before enrolling in regular college courses.

The following conditions apply to students enrolled in the Basic Education Program:

1. Must enroll in this program in the first semester of attendance. The Basic Education Program is the equivalent of a full-time program;
2. Must satisfactorily complete BEP courses; (Withdrawal from individual classes in the BEP program is not permitted);
3. Will be academically dismissed from the College if they fail all three BEP courses in the first semester, and will be considered for readmission only with the approval of a majority of their academic instructors;
4. May repeat a single failed course only twice, and will be academically dismissed upon the third failure;
5. Will be considered for readmission only after being separated from the College for at least one year (fall/spring), and only if future placement test results reveal no need for remediation in the area(s) for which the student was dismissed.

Academic Progress Requirements for Students Placed in Remedial Courses

The following conditions apply to students who are not placed in the Basic Education Program but require a remedial/ESL course (i.e., COM 030, ENG 001, ENG 030, MAT 001, MAT 002, MAT 003, RDG 001, RDG 002, RDG 030):

1. Students must enroll in required remedial/ESL courses during their first semester of attendance.
2. The only possible grades for these courses are “S” (Satisfactory), “U” (Unsatisfactory) and "UU" (Unofficial Withdrawal). For extreme situations, see number 8 below.
3. Any student who does not successfully complete a required remedial/ESL course must register again for the course the following semester.
4. Any student who earns a grade of “U” in a required remedial/ESL course will be limited to the equivalent of 14 credit hours in subsequent semesters until all remedial/ESL requirements are satisfactorily completed.
5. A student may repeat a single, failed remedial/ESL course only twice, and will be academically dismissed after the third failure, upon review by the Office of Placement Testing in consultation with the chair or the chair’s designated coordinator of the department that offers the remedial or ESL course.
6. MAT 003 may be taken only once. In the event of failure the student will be appropriately placed into MAT 001 or MAT 002 for what will count as a second attempt at that course.
7. A dismissed student will be considered for readmission only after being separated from the College for at least one year (fall/spring), and only if future placement tests results reveal no need for remediation in the course(s) for which the student was dismissed.
8. Students can only withdraw from the required remedial/ESL courses if they are officially withdrawing from all courses for the semester in response to extenuating circumstances, such as a medical or personal emergency. In such cases, the student must present to the office of the Dean of Students cause for withdrawal from all courses and request a W grade that would not affect academic standing.
9. Some academic departments have designated courses which students cannot take until remedial/ESL requirements have been satisfied. Students with remedial/ESL requirements cannot register for those restricted courses and may not add them through the Change of Program or Drop/Add process.

Academic Program Requirements for Students Placed into Two or Three Remedial Courses

The following additional conditions apply to students who are not placed into the Basic Education Program but require two or three remedial courses from among ENG 001, MAT 001, MAT 002, MAT 003, RDG 001, RDG 002.

In addition to fulfilling their remediation requirements specified in the previous section, these students must enroll in NCC 101 – The College Experience, during the summer or winterim session prior to their first semester of attendance, or during their first semester of attendance.

Students required to enroll in NCC 101 and who do not successfully complete the course must register again for NCC 101 until they do so.

Impact of Withdrawal Grades on Academic Standing

- A student who withdraws from more than one course per semester (i.e., two or more “W” grades in one semester) shall thereafter be placed on academic limitation — no more than 14 credits permitted.
• A student who withdraws from more than one course during a semester of academic limitation, or who has not earned the required Grade Point Average, shall be placed in the next more restrictive probation category.
• A student who earns a total of six or more “W” grades will automatically be placed in the most restrictive probation category (i.e. PART-TIME). “W” grades earned prior to September 1976 shall not apply.
• A student will be removed from academic limitation upon completion of the probationary semester’s program, provided he or she has achieved the required grade point average and has not received more than one “W” grade.
• Students who feel that extenuating circumstances warrant an exception from this policy may appeal through the Office of the Dean of Students.
• Grades attained during the summer sessions will be considered in conjunction with the following fall semester grades for the purpose of this policy.
• A student who has been placed on academic limitation is required to see a Student Personnel Services counselor.

Academic Progress for Students on Academic Probation
A student currently on academic probation is required to obtain academic counseling at the Center for Educational and Retention Counseling (CERC). A registration hold due to the student’s low cumulative grade point average (GPA) will be placed. The hold will remain on a student’s record until it is released by CERC. To have the hold removed a student must complete one of the following: 1) Attend a Retention Strategy Session or, 2) Complete the online Retention Strategy Session. The CERC is located in Nassau Hall (M Building) Room 19.

Classroom Management Policy
Faculty have a right and responsibility to maintain a proper learning environment in the classroom. As integral members of this partnership, students are expected to participate actively in the learning experience and must do so in an appropriate manner.

Disruptive conduct in the classroom that interferes with the instructor's performance of his/her professional functions or that undermines the integrity of student learning will not be tolerated. Disruptive conduct includes, but is not limited to, behavior that is disorderly, lewd, indecent, obscene or threatening. This negative behavior will incur faculty intervention and may result in disciplinary action.

The procedures designed to ensure the right of due process for both instructor and student, as well as the College's right to impose penalties for infractions, are as follows:
1. The instructor will apprise the student of the inappropriateness of the behavior and ask that the negative behavior cease.
2. If negative behavior persists, the instructor will:
   a. Refer the student to campus supportive services and/or
   b. Inform the student, whether in writing or at a meeting, not to return to class.
3. In case of severe negative behavior covered by the Student Code of Conduct (see appropriate section), Public Safety will be called and the student immediately removed from class.

The procedure for a student to appeal an instructor’s request that the student not return to class is as follows:
1. The student shall request a meeting with the instructor’s department chairperson within three academic calendar days after expulsion from class.

The decision to allow the student to return to class and the determination of the final grade shall remain with the instructor.

Computer Resources & Electronic Communication Policy, Acceptable Use
I. Introduction
In keeping with the tradition of fostering academic freedom, Nassau Community College (hereinafter "the College" or "NCC") respects, encourages, and supports the right of any member of the college community to participate in dialogue and discourse to promote its educational mission. In support of this process, the College provides campus computing technologies, resources, and data networks.

The purpose of this policy is to outline the acceptable use of computer and information technology resources provided by NCC to students, faculty, staff, and other authorized individuals. Inappropriate use exposes the College to risks, including breach of computer security, exposure of restricted data, compromise of network systems/services, detriments to technology performance, institutional/brand damage and legal liability. NCC is committed to protecting students, faculty, staff, and the College from illegal or damaging actions by individuals, either knowingly or unknowingly.

II. Rights and Responsibilities
A. The College's Rights and Responsibilities
NCC provides computer facilities and related resources to support its educational mission. It is the responsibility of the user to abide by College guidelines as outlined below. Central to appropriate and responsible use is the stipulation that NCC data networks and computer resources shall be used in a manner consistent with the College policies; federal, state, and local laws; ADA guidelines; and contractual obligations. Computer facilities and related resources are intended for the sole use of College faculty, staff, students, and other authorized individuals. Such resources
include but are not limited to host computer systems, personal/laptop computers and workstations, personal digital assistants (PDAs), data networks, software, databases, and files.

Use of NCC computing resources by unauthorized individuals is strictly prohibited. Users of Nassau Community College's institutional data networks and computer resources shall have no expectation of privacy in any data or communication transmitted, received, or stored while using these systems. In order to carry out its institutional mission and comply with its responsibilities under all applicable laws, the College reserves the right to monitor all employee usage of these systems.

The College requires compliance with applicable federal, state and local laws, including copyright, export and re-export laws, as a condition to system use. Except as expressly permitted, users shall not alter, delete or modify any attributions included within any hosted services. Users further shall not engage in any activity that interferes with or disrupts the services, servers or networks provided. Student email account users shall comply with the terms and conditions set forth by the current email service provided in connection with those email services. For more information on the civil and criminal penalties for violations of Federal copyright laws, see Section G of this Policy, as well as the relevant provisions of the United States Copyright Law, which are available at the following website: http://www.copyright.gov/title17/92chap5.html.

The use of the College's data networks, computer resource facilities, and services is subject to and conditioned upon compliance with:

- College policies
- Federal, state and local laws, ADA guidelines
- Contractual obligations

B. Faculty, Student, and Staff Rights and Responsibilities

All members of the College community have the responsibility to use data networks and computer resources in an effective, efficient, ethical, and lawful manner. The following activities are examples of unethical, unacceptable behavior, and are in violation of College policy. These may include, but are not limited to, any attempt to:

- alter system software or hardware configurations; using personal wireless routers, switches, or hubs, or unplugging cables and hardware;
- access another person's account, private files, or email without that person's permission;
- violate rules or codes set by services subscribed to by the College;
- use data networks or computer resources to threaten or harass others;
- use the College systems for commercial or personal profit-making purposes;
- not comply with computer facilities and system policies, procedures, and protocol;
- use the College facilities or resources to violate the policies of other computer systems or organizations;
- download video or music applications for non-College business.

The use of a computer or other electronic equipment that is not the property of NCC (e.g., a personally-owned computer) in conjunction with NCC resources (e.g., the College data network) shall constitute the use of NCC computer resources, shall be governed by the Acceptable Use Policy for Data Networks and Computer Resources, and shall be the legal responsibility of the individual user.

C. Web Content Creators' Rights and Responsibilities

The Official College Website

The official website of the College contains public, employee and student information about NCC's mission, programs and services. All content under the College's website www.ncc.edu is deemed official and authorized. As such, the College administration has the sole right, responsibility, and obligation to provide oversight and final editorial control of content. The official website must follow the College's branding policies and guidelines which are available through the Office of Marketing and Communications.

Due to the dynamic nature of electronic publication via the web, the following guidelines must be adhered to when creating content for websites other than the College's official website:

Department-Created Content

It is the responsibility of the supervising administrator or chairperson (or his/her designee) for all oversight of the content in Administration, Alumni, Department, Staff and Student Activities websites. This must be done a minimum of twice a year by the appropriate oversight committee or individual assigned the responsibility for such oversight. They must ensure that such websites do not contain official information. This includes but is not limited to course descriptions, programs of studies, college directories, etc. All references to official information must be made through referral links to the official College website.

Faculty-Created Content

Faculty of the College community have a right and are encouraged to establish an Internet presence, provided that the purpose of the Internet presence is consistent with the College mission and adheres to the provisions defined in this policy. Faculty web pages must adhere to the Acceptable Use Policy for Data Networks and Computer Resources.

Student-Created Content

NCC does not provide access to web publishing for students, except in an instructional setting.

D. Intellectual Rights and Responsibilities
The College respects the intellectual and creative contributions made by the faculty, staff and students, and recognizes that they are vital to the academic enterprise. Furthermore, the College adheres to the principle of respect for the right of acknowledgment, and the right to determine the form, manner, and terms of publication and distribution of intellectual property.

Since electronic information is transient and may easily be reproduced, respect for the work and personal expression of others is critical. Violations of authorial integrity, including plagiarism, invasion of privacy, unauthorized access, and copyright violations, may be grounds for sanctions against members of the College community.

Images of people, places, graphics and logos on the ncc.edu web site are either the property of the College or used with permission. Unless authorized by the Office of Marketing and Communications, the use of these images by web developers or the downloading and use of these images by web users who browse the web is prohibited, except in the course of normal business operations. Unauthorized use of the images may violate copyright and privacy laws and statutes.

E. Electronic Mail Usage Policy

THE COLLEGE WILL NEVER (UNDER ANY CIRCUMSTANCES) ASK VIA AN EMAIL FOR YOUR USER NAME, PASSWORD, OR PERSONAL/FINANCIAL INFORMATION.

Faculty, staff, and other authorized users of NCC email who respond to phishing emails shall be subject to temporary or permanent loss of email privileges.

All accounts issued to individuals are intended for the sole use of those individuals and are non-transferable. Individual account holders are responsible for all usage on their assigned accounts, hold a position of trust, and must preserve the security and confidentiality of the information they use.

Based on the reliance and acceptance of electronic communications, email messages and portal announcements are considered an official means of communication with students, faculty, and staff of Nassau Community College. Employees and students are expected to comply with this policy when using NCC email and portal systems. All users are assigned an official college username and password combination for accessing email and portal systems and an official College email address for receiving and sending email messages. The college expects that students, faculty, and staff will use their official College email accounts to receive and read email messages and portal announcements on a frequent and timely basis. Students, faculty, and staff are not absolved from the responsibilities associated with the contents of electronic communications if electronic communications are not received and read on a frequent and timely basis. Students, faculty, and staff are expected to maintain their own email inboxes and manage their email disk storage usage.

Prohibited Activities

Prohibited email activities include but are not limited to the following:

• Unauthorized use of another individual’s account
• Performing an act that will interfere with the normal operations of computers or networks on campus
• Creating and/or distributing chain letters
• Impersonation (misrepresenting yourself as another individual)
• Violations of official College policies and applicable laws
• Distributing classified, commercial, or political advertisements
• Distributing unsolicited and/or unauthorized mass mails (spamming) unrelated to College business, events, or announcements

F. College Intranets

The College Intranet is intended to provide the faculty and staff access to services that support the operational needs of the College community and information disseminated by means of a role-specific criteria. Access to the content is role-based and is determined by one's logon profile (e.g., as Faculty or Administrator).

G. Compliance With The Higher Education Opportunity Act

The Higher Education Opportunity Act of 2008 (HEOA) requires the College to address unauthorized distribution of copyrighted materials, including unauthorized peer-to-peer file sharing. In order to meet the College's obligations under this Act, the College shall disseminate the following statement to students, faculty and staff on a regular basis:

The College strictly prohibits the users of its networks from engaging in unauthorized distribution of copyrighted materials, including unauthorized peer-to-peer file sharing. Anyone who engages in such illegal file sharing is violating the United States Copyright law, and may be subject to criminal and civil penalties. Under federal law, a person found to have infringed upon a copyrighted work may be liable for actual damages and lost profits attributable to the infringement, and statutory damages of up to $150,000. The copyright owner also has the right to permanently enjoin an infringer from further infringing activities, and the infringing copies and equipment used in the infringement can be impounded and destroyed. If a copyright owner elects to bring a civil lawsuit against the copyright infringer and ultimately prevailed in the claim, the infringer may also become liable to the copyright owner for their attorney's fees and court costs. Finally, criminal penalties may be assessed against the infringer and could include jail time, depending upon the severity of the violation.

Students should be aware that unauthorized or illegal use of College computers (such as engaging in illegal file sharing and distribution of copyrighted materials), is an infraction of the Student Code of Conduct and may subject them to disciplinary measures.
To explore legal alternatives to unauthorized downloading, please consult the following website

III. Reporting, Investigations, and Sanctions

Students, faculty, staff or other authorized individuals who use computer resources for improper purposes shall be subject to disciplinary action, up to and including discharge and/or expulsion. Any person who receives material on his/her computer which he/she believes violates a College policy should contact the Office of Marketing & Communications. Any other concerns or inquiries regarding perceived violation of the Acceptable Use Policy for Data Networks and Computer Resources should likewise be reported to the Office of Marketing & Communications 516.572.9634; email: Marketing-Communications@ncc.edu) for appropriate action. Personnel designated by the Administration and in consultation, when necessary, with the Office of Public Safety will investigate alleged violations of the policies articulated herein. While an alleged violation is under investigation, computing privileges may be suspended. Where a confirmed violation is serious or persists, a restriction of computing privileges may be imposed, temporarily or permanently, by the College. Cases involving violations of statutory law will be turned over to the Office of Public Safety or to the appropriate authorities and may be subject to civil and/or criminal penalties.

Dean's Honor List

After the completion of each fall and spring semester, outstanding scholastic achievement is recognized through the compilation of the Dean's Honor List. This Honor is noted on the student's permanent transcript of record.

To qualify, full-time students must have completed a minimum of 12 hours of credit per semester in residence and have attained a 3.5 semester average or higher, with no grades of Withdrawal ("W"), Unofficial Withdrawal ("UW"), Failure ("F"), Unsatisfactory ("U"), Unoffical Withdrawal for Non-Credit Remedial Courses ("UU"), Never Attended ("NA") or Incomplete ("INC"). Further, it is important to note that students must be in good academic standing and that repeated courses will not be counted as credits attempted for the purpose of compiling the Dean's Honor List.

Part-time students are also eligible for the Dean's Honor List provided they attain a Grade Point Average (GPA) of 3.5 or greater, and are otherwise in good academic standing. The GPA for part-time students is calculated upon the completion of each 12 semester hours of credit, without respect to the number of semesters the student has been in attendance. Eligibility for the Dean's Honor List is recalculated after each 12 additional credit hours attempted (12 credits, 24 credits, 36 credits, 48 credits, 60 credits). It is important to note that each 12 semester hour block of credits attempted may not include grades of withdrawal ("W"), Unofficial Withdrawal ("UW"), Failure ("F"), Unsatisfactory ("U"), Unofficial Withdrawal for Non-Credit Remedial Courses ("UU"), Never Attended ("NA") or Incomplete ("INC"). Repeated courses will not be counted as credits attempted for the purpose of compiling the Dean's Honor List.

Degrees and Certificates Defined

The following descriptions of the three degree and certificate programs offered by the College are for comparative purposes only. In planning a program of study, students are to be guided by the academic programs presented in the section "Programs of Study" and select their courses in consultation with an advisor.

Associate In Arts (AA)
This degree is primarily for transfer programs which lead to the Bachelor of Arts degree. The curriculum is composed largely of courses in the liberal arts and sciences.

Associate In Science (AS)
This degree may be used for certain occupationally-oriented curricula, but is primarily for transfer programs which lead to the Bachelor of Science degree. The curricula are composed largely of courses in their respective disciplines.

Associate In Applied Science (AAS)
This degree is primarily for occupationally oriented curricula, but may at times be appropriate as a transfer degree to certain types of specialized Baccalaureate programs.

Certificates
A Certificate is a credential registered by the State Education Department and issued by the College in recognition of the completion of a curriculum other than one leading to a degree. A Certificate program can be completed in a shorter time than the Associate degree program — sometimes in less than a year. Designed for those eager to enter the work force, Certificate programs at the College offer career preparation in several different areas. Another advantage of the Certificate program is that most of the credits earned may be applied to a related Associate degree program. Students attend the same classes as degree candidates and are graded on the same basis.

General Education at Nassau Community College

General Education at NCC is a set of specified categories of courses that contribute to the development of an educated person: one who thinks clearly, communicates effectively, makes informed and thoughtful judgments, distinguishes among sets of values, displays an appreciation for learning, and applies knowledge to the understanding of the human experience.

At NCC, General Education is achieved by the completion of a distribution of courses designed to enable students to:

1. Read and listen effectively;
2. Speak and write clearly and persuasively;
3. Think critically and creatively;
4. Understand scientific methodology; reason quantitatively, and function in a technological environment;
5. Develop personal, social, and aesthetic values through an understanding of culture, nature, self and society;
6. Develop an understanding of and appreciation for behaviors that promote the good health of body and mind;
7. Develop literacy and appreciation in the visual and performing arts.

The selection of General Education courses depends on the curriculum requirements for a degree. These courses are grouped within the following categories and are designated in the Course Descriptions section of this catalog with the corresponding codes. The complete list of courses is available on campus at the Academic Advisement Center and on the Advisement Center’s website. Each course viewed on Banner Self-Serve is also individually coded. Only those courses on the approved lists will satisfy the Nassau Community College general education requirements.

Communication Arts [COM]
English Composition [COMP]
Fine and Performing Arts [FAPA]
Humanities [HUM]
Literature [LIT]
Mathematics [MATH]/Computer Science [CMPS]
Natural and Physical Sciences
Laboratory Science [LSCI]/Non-laboratory science [NSCI]
Physical Education [PED]
Social Science [SBS]
Culture and Diversity which include
Western Heritage [WESH]
Global Awareness and Non-Western Cultures [GLNW], and Pluralism and Diversity [PLDI]

Interdisciplinary Courses: In recognition of the commonalities and interrelatedness among academic disciplines, general education categories contain several interdisciplinary course offerings that satisfy the requirements.

Communication Arts:
Communication Arts courses teach oral communication skills necessary to participate effectively in public and academic debates and discussions, prepare and present researched material, and formulate valid arguments, and prepare students for successful interpersonal interaction in the academic, social, and professional realms. These courses are designated with the code COM and may be selected from the courses of the Communications Department [COM 102, COM 103, COM 123, COM 202 only].

English Composition:
English Composition courses are designed to give students a critical awareness of written language. They enable students to produce clear, well-developed, well-organized grammatical writing and to interpret and analyze texts of various genres. These courses are designated with the code COMP and must be selected from the courses of the English Department [ENG 101, ENG 102, ENG 108, ENG 109 only].

Fine and Performing Arts:
Courses in Fine and Performing Arts develop aesthetic awareness by introducing students to the processes by which artists create, perform and/or evaluate works of art. They foster self-expression, understanding, and an appreciation of the arts within an historical, cultural, theoretical and critical context. These courses are designated with the code FAPA and may be selected from the courses in several departments as denoted in the Course Descriptions section of the catalog.

Humanities:
Humanities courses teach students to analyze and interpret texts, ideas, discourse systems, and the human values, traditions, and beliefs they reflect. These courses are designated with the code HUM and must be selected from the courses of the following departments: African American Studies [AFR 130, AFR 131, AFR 152, AFR 155, AFR 170, AFR 190, AFR 197 only]. Art, Communications, English, Foreign Languages, Interdisciplinary Studies [MDC 102, MDC 130 only], Library, Music, Philosophy, Reading, Theatre/Dance.

Literature:
Literature courses focus on the study of written works produced or translated into English that embody the creative use of language for artistic or stylistic purposes. They express ideas of permanent or universal significance. These courses are designated with the code LIT and may be selected from the courses in several departments as denoted in the Course Descriptions section of the catalog.

Mathematics:
Courses that satisfy this requirement use mathematical or computer science models that employ numerical, verbal, graphical and analytical tools to strengthen quantitative skills and logical reasoning and enable students to address other disciplines. These courses are designated with the code MATH and must be selected from the courses of the Mathematics/Computer Science/Information Technology Department. One computer science course with the code CMPS [CSC 104, CSC 120 or CSC 130 only] may be used to satisfy the second mathematics course requirement in specified degrees.

Natural and Physical Sciences:
Natural and Physical Science courses explore how phenomena are observed, understood and theoretically synthesized through study and the application of the scientific method. They provide students with an understanding of scientific terms, concepts, and theories as well as the ability to test hypotheses in the laboratory. Study in the sciences helps students develop scientific literacy necessary to understand an increasingly complex world. One non-laboratory science course may be used to satisfy the second science course requirement in specified degrees. These
courses are designated with the code LSCI (laboratory science) or NSCI (non-laboratory science) and must be selected from the courses of the following departments: Biology, Chemistry, Engineering/Physics/Technology, Physical Sciences, General Science Studies, Multidisciplinary Science, Allied Health Sciences [AHS 131, AHS 132 only].

**Physical Education:**
Physical Education courses develop cardiovascular and neuro-muscular skill, strength, endurance, flexibility and fitness. They emphasize improved overall conditioning as well as skills in team, individual, and leisure activities. These courses are designated with the code PED and must be selected from the courses of the following departments: Health/Physical Education/Recreation, Theatre/Dance [DAN 126 only].

In all degree programs requiring physical education activities courses, full-time day students (12 credits or more in the day session) must take 1/2 credit of physical education activities for each full-time semester of attendance, to a maximum of 2 credits. The following are exempt from this requirement:

1. Veterans
2. Students over 25 at first date of attendance
3. Students over 30 at date of graduation.

**Social Science:**
Social Science courses investigate behavior in social contexts through analysis of the characteristics and structure of individuals, families, groups and institutions. They provide an understanding of the concepts, methods and models that social scientists use to explore social phenomena. History courses explore institutions and developments that have shaped human experience while providing a familiarity with the historical narrative. These courses are designated with the code SBS and must be selected from the courses of the following departments: African American Studies [AFR history classes and AFR 185 only], Economics/Finance, History/Political Science/Geography, Interdisciplinary Global Studies, Psychology, Sociology/Anthropology/Social Work.

**Culture and Diversity:**
This includes the three subcategories of Western Heritage, Global Awareness and Non-Western Cultures, and Pluralism and Diversity. Appropriate courses in other categories may be used to satisfy requirements in any of these three subcategories.

**Western Heritage:**
Western Heritage courses reflect the distinctive characteristics of western heritage presented in a broad context. They acquaint students with the evolution of western culture and values and relate them to other regions and cultures. These courses are designated with the code WESH and may be selected from the courses in several departments as denoted in the Course Descriptions section of the catalog.

**Global Awareness and Non-Western Cultures:**
Courses in Global Awareness and Non-Western Cultures examine and foster an appreciation of cultural traditions other than European and North American. They enhance recognition of the diversity and similarities of the ways in which people in different cultural traditions perceive and experience their lives. These courses are designated with the code GLNW and may be selected from the courses in several departments as denoted in the Course Descriptions section of the catalog.

**Pluralism and Diversity:**
Courses in Pluralism and Diversity expand understanding of the various influences that shape perspectives, values, and identities. They explore social divisions such as gender, ethnicity and racial formations in a pluralistic nation and world. These courses are designated with the code PLDI and may be selected from the courses in several departments as denoted in the Course Descriptions section of the catalog.

**General Education for Bachelor’s Degree at State University of New York (SUNY)**
Students considering or planning to transfer to a SUNY four year college or university to complete the bachelor's degree should select their general education courses to fulfill the Nassau Community College requirements for such courses as listed above, as well as the SUNY General Education Requirements listed below. In most cases a course satisfying the NCC requirement will also satisfy a similar SUNY requirement.

These courses are grouped within the following SUNY categories and are designated in the Course Descriptions section of this catalog with the corresponding codes. The complete list of courses is available on campus at the Academic Advisement Center or on the Advisement Center’s website. Although these categories may not be specifically required for a degree at Nassau Community College, the fulfillment of at least seven of the following ten categories will facilitate the transfer process to a SUNY four year college or university, which requires 30 credits of these general education courses from a minimum of seven different categories to earn a four year degree.

- Mathematics [GMAT]
- Natural Sciences [GLAB]
- Social Sciences [GSBS]
- Humanities [GHUM]
- Basic Communication [GBCM]
- Western Civilization [GWEH]
- Other World Civilizations [GOWC]
- American History [GAMH]
- Foreign Language [GFOL]
- The Arts [GART]

**Grade Grievance Policy**

Nassau Community College: http://collegecatalog.ncc.edu/current
Students who believe that there has been a violation of a specific policy or procedure as stated in either the NCC Catalog or the grieved instructor's course syllabus that adversely affected their grade in a particular course may appeal their grade, if they do so before the appropriate deadline (see the section on deadlines below).

At each step of the process described below, a student must submit a detailed written argument explaining why his/her grade grievance should be upheld.

Grievances must be pursued in the following manner until satisfaction is obtained, a grievance is dismissed, or a decision is reached. The grieved instructor may initiate a grade change at any point in the procedure.

Step 1: With the grieved instructor who issued the grade.
Step 2: With the grieved instructor’s department chairperson (and with any members of Department Personnel and Budget [P&B] Committee that the chair wishes to include).

Step 3: With the grieved instructor’s department chairperson and Academic Standing Committee Chair

If the grieved instructor’s department chair (or his/her designee in the case of recusal) and the Academic Standing Committee Chair (or the next ranking member of the Committee in the case of recusal), unanimously conclude that there is no evidence of a possible violation of a specific policy or procedure as stated in either the NCC Catalog or in the grieved instructor's course syllabus that adversely affected the student's grade in a particular course, then the grievance will be dismissed without a further hearing. The student will be informed of the final decision to dismiss the grade grievance. In all other cases, the department chair and the Academic Standing Committee Chair will form an Ad Hoc Committee to hear the student's grievance.

The Ad Hoc Committee will be a joint committee consisting of three (3) members from the concerned department's P&B Committee, three (3) faculty members from the Academic Standing Committee, and one (1) student representative from the Student Government Association. There will be co-chairs of the Ad Hoc Committee, one (1) member of the P&B Committee and one (1) member of the Academic Standing Committee. After a hearing, the Ad Hoc Committee will deliberate and vote on the student's grade grievance. A student's grade grievance will be upheld if two-thirds (2/3) of the P&B Committee members and two-thirds (2/3) faculty members from the Academic Standing Committee find in favor of the student. The Ad Hoc Committee will not re-evaluate a student's work in deciding a grade grievance. The student's grade can be adjusted only if there has been a violation of a specific policy or procedure as stated in either the NCC Catalog or the grieved instructor's own course syllabus that adversely affected a student's grade. In cases where the student's grade grievance has been upheld, then the P&B members of the Ad Hoc Committee (in consultation with the other members of the Ad Hoc Committee) will decide what grade to award the student, using the grieved faculty member's grading policy for that specific class, if at all possible.

The Ad Hoc Committee's decision will be binding.

Civil Rights Violations

It is not the function of the Ad Hoc Committee to evaluate claims of civil rights violations. If the basis of a student's grade grievance is that their civil rights have been violated, the Ad Hoc Committee will not hear the grade grievance until the appropriate officials at NCC have investigated the student's allegation(s) and a finding has been offered through the College's official civil rights policy.

Deadlines

For a grade received during the Fall semester or Winter Intersession, the student must file the grievance (Step 1) before the end of the fifth week of the following Spring semester. For a grade received during the Spring semester or Summer sessions, the student must file the grievance before the end of the fifth week of the following Fall semester. Grade grievance forms may be obtained in the Office of Academic Affairs, 361 Rice Circle, or at the various academic department main offices. The grieved instructor and/or chair must hold the appropriate discussion or hearing within two (2) weeks after his/her receipt of such a grievance or the grievant is permitted to proceed to the next step in the policy. Failure by students to appeal a decision to the next step of the process within one (1) week of their receipt of the grade grievance shall terminate the grievance.

Instructor Absence

The Academic Standing Committee has established procedures for the conduct of a grade grievance in situations where the grieved instructor of record is unavailable or unreachable. Students are advised to consult the department chairperson for appropriate procedures in the event of such a circumstance.

Grade Point Average

In compiling a student’s grade point average, the following factors must also be taken into consideration:

1. When transfer credit is awarded, the transfer grade is not computed in the grade point average.
2. If a student officially changes his/her program of study, an evaluation will be made by the new department chairperson to determine whether grades and credits in courses formerly required, but not required in the new curriculum, will be computed in the grade point average. If a student has attempted fewer than 40 credits at Nassau Community College, certain courses required in the former area and not required in the new area will not be calculated in the student’s average or included as credit toward the student’s degree.
3. When a student repeats a course, both the initial grade and the repeat grade appear on the transcript. However, only the last completion mark (A-F and UW but not including “W”, “INC”, “S”, “U”, “UU” or “NA”) will be included in the grade point average.

Incomplete Grades

Grades of Incomplete (“INC”) may be assigned to those students who, for some valid reason, have not satisfied all academic requirements for the course but have a reasonable expectation of completing the required work. While a request for an incomplete grade should be initiated by the student, it is assigned at the discretion of the instructor. It is the student’s responsibility to contact the instructor of the course to determine the nature of the work required to complete the course and thus remove the grade of Incomplete. A grade of Incomplete shall carry no immediate penalty, but grades of Incomplete not removed by the end of the following 15-week semester will automatically be changed to an “F.” In extenuating circumstances, the instructor may petition the Vice President for Academic Affairs to extend the time for making up the Incomplete “INC” grade. A request for an extension must be submitted to the instructor by the student prior to the end of the following 15-week extension. A grade of Incomplete may not be changed to a W (Withdrawal) without medical or other documented evidence. This evidence must authenticate the student’s inability to complete the course requirements.

Withdrawal Grades

A student who intends to withdraw from a course must officially withdraw using MyNCC when available or by filing a completed Drop/Add Form with the Office of the Registrar.

During the fall and spring semesters, the need for a faculty signature on the form is governed by the following regulations.

Before the end of the third week of classes, during the refund period, the form can be submitted directly to the Registrar. No instructor signature is required. No grade will appear on the transcript. (See the Student Tuition Liability/Refund Policy Section of the catalog.)

From the beginning of the fourth week and up to the end of the ninth week of classes, the instructor’s signature is required on the Drop/Add Form. The signature indicates that the student has met with the instructor and discussed the withdrawal. A grade of W will appear on the transcript. The instructor may not refuse to sign the Drop/Add form. If the instructor is unavailable, the department chairperson may sign the form. After the end of the ninth week of classes, the instructor’s signature is required and the faculty member will assign a grade of W. During this period, the signature is given only at the discretion of the instructor.

During the Summer Sessions and Mini-Sessions, the need for a faculty signature on the form is governed by the following regulations.

During the refund period, the form can be submitted directly to the Registrar. No instructor signature is required. No grade will appear on the transcript. (See the Student Tuition Liability/Refund Policy Section of the catalog.)

From the end of the refund period to a point representing approximately 60% of that semester, the instructor’s signature is required and indicates that the student has met with the instructor and discussed the withdrawal. A grade of W will appear on the transcript. The instructor may not refuse to sign the Drop/Add form. If the instructor is unavailable, the department chairperson may sign the form.

Beyond that point, the instructor’s signature is required for a withdrawal. During this period, the signature is only given at the discretion of the instructor.
Students should file the completed Drop/Add form in person at the Office of the Registrar. The official withdrawal date is the date that the completed form bearing the instructor’s signature is processed and certified by the Office of the Registrar, not the date the form is signed by the instructor. If a Drop/Add Form is not filed, a W grade can be assigned only at the discretion of the instructor. Instructors can also assign a grade of F if the student does not successfully complete the course. An incomplete grade I is governed by the regulations specified in the above section.

W grades are not calculated in the grade point average, but can impact academic standing as described in the Academic Standing section of the catalog. In case of extenuating circumstance, such as a medical or personal emergency, a student should apply to the Office of the Dean of Students to request that the W grade not affect academic standing. That application should be made at the time of the withdrawal from the course(s).

As stated in the catalog section on Academic Progress Requirements for Students Placed into Remedial/ESL Courses, students can withdraw from these courses only if they are officially withdrawing from all courses for the semester in response to extenuating circumstances, such as a medical or personal emergency. In such cases, students should apply to the Office of the Dean as outlined in the above paragraph.

Before withdrawing from courses, students should consult with an advisor or a Student Personnel Services counselor and consider the impact of the W grades on their financial aid and health insurance eligibility. Students who wish to withdraw from nine or more credits is required to obtain the signature of a Student Personnel Services counselor.

**Change of Grade**
Ordinarily, all letter grades are considered permanent (“INC” is not considered a letter grade). Changes of these grades will be made only upon the instructor’s submission of clearly defined reason(s) or documentation which supports the justification for such an extraordinary change. “W” grades earned via the official withdrawal procedure will not be changed under any circumstances.

Changes of Incomplete (“INC”) grades must be processed by the end of the next regular semester. All changes of grades (other than INC) must be processed within one year of the end of the semester involved unless demonstrated to be a result of clerical or computational error.

Changes of grade are initiated by the instructor issuing the appropriate Change of Grade form under the following conditions:

1. Documented computational or clerical error in recording the grade
2. Removal of an Incomplete (“INC”) upon satisfactory completion of course requirement(s), (an Incomplete must be completed by the end of the next regular semester or it will change to an “F”)
3. Reassessment of student performance (subjective evaluation) subsequent to grade issuance
4. Grade changes must be approved by the department chairperson before any official record adjustments can be made by the Office of the Registrar.

**Graduation Procedures**

**Graduation With Honors**
Honors graduates will be awarded degrees:

- Summa cum Laude (with the greatest praise) if the cumulative average is 3.9 or higher;
- Magna cum Laude (with great praise) if the cumulative average is 3.7 to 3.89; or
- Cum Laude (with praise) if the cumulative average is 3.5 to 3.69.

These honors will be inscribed on the diploma and noted on the official transcript of record.

**Two-year Programs Often Take More Than Two Years**
The sample four-semester program sequences which are described in the "Programs of Study" section are designed for students who intend to devote their full time and energy to their studies. Many students, however, must work at full or part-time jobs while in attendance and others are in need of remedial course work not shown in the sequences. Therefore, many students spend more than two years at Nassau.

In fact, approximately half the students graduating from community colleges nationwide do not follow the traditional four-semester pattern. Many students elect to attend additional semesters in order to enhance those skills necessary for a successful college career. Students expecting to spend only two years at NCC should be aware of this trend. Often, students use the Summer Sessions to accelerate studies.

**Certificate of Eligibility**
No student may graduate without eligibility duly certified by the Office of the Registrar. Prospective graduates must complete "Request for Graduation" forms available from the Registrar during their final semester. Deadlines must be strictly observed to provide the College with adequate lead time necessary to certify graduates, determine awards, and print degrees and certificates.

**Second Degree or Certificate**
A second degree (or certificate) may be undertaken either concurrently or consecutively at Nassau Community College only when a significant amount of additional course work in a very different field is completed.

Further, each second degree candidate must complete at least 24 additional credits in the "different field" (of the 24, 15 must be taken at Nassau Community College). Additionally, each second degree must also contain the minimum of 33 credits "in residence.”

Finally, each candidate seeking a second degree must obtain the prior written recommendation of the second degree chairperson (or program director) and prior approval of the Office of Academic Affairs on the appropriate form provided.
Ordinarily, students who pursue a degree shall not subsequently be granted a certificate in the same field. However, nothing shall prevent a student from subsequently pursuing a degree in the same field as the one in which he has undertaken studies for a certificate.

In cases where students have already completed a degree or certificate program and wish to pursue a new certificate, 12 credits must be taken in the new program (9 of the 12 must be taken at Nassau Community College). All candidates must comply with the College's "in residence" graduation requirement. (See section on Graduation.)

**Student Code of Conduct**

Students at Nassau Community College assume an obligation to conduct themselves in a manner compatible with the function of the College as an educational institution. Each student should be familiar with the College Catalog, which contains all rules and regulations of the College and is a binding contract with the student. By enrolling at the College, students agree to abide by the Rules and Regulations of the Student Code of Conduct developed in part by the students of the institution and endorsed by the Academic Senate, the College administration, and the Board of Trustees.

**Fundamental Fairness Rights of Students Accused of Violating the Code of Conduct**

1. To be afforded a fair and timely hearing, including the opportunity to challenge the impartiality of the hearing officer or committee members prior to the beginning of the hearing;
2. To have notice of the accusations;
3. To have the opportunity to question witnesses and evidence presented;
4. To have adequate time to prepare and present a defense;
5. To receive in writing the disposition of the case and sanctions;
6. To appeal based upon procedures in this Code;
7. To be afforded confidentiality to the extent permitted by law;
8. To remain silent with no inference of guilt;
9. To waive any of these rights.

**Fundamental Fairness Rights of Alleged Victims**

1. To be afforded the opportunity to challenge the impartiality of the hearing officer or committee members prior to the beginning of the hearing;
2. To have adequate time to prepare for hearings and interviews;
3. To have the opportunity to question witnesses and evidence presented;
4. To receive in writing specific information on the disposition of the case and sanctions;
5. To appeal based upon procedures in this Code;
6. To be afforded confidentiality to the extent permitted by law;
7. To submit an impact statement to the Assistant or Associate Dean of Students and/or hearing committee;
8. To waive any of these rights.

**Sexual Harassment Policy**

The College’s complete Bias and Discrimination Policy, as well as the Complaint Procedures for Bringing Allegations of Discrimination or Harassment, can be found on the College website, within the section entitled “Administrative Policy Manual”, available here. Hard copies can also be picked up from the Affirmative Action Office.

**Affirmation Action Officer/Section 504 Coordinator**

516.572.7747, Tower 818

**Rules & Regulations of Conduct**

**Preamble**

The College is committed to providing an atmosphere in which students have freedom to learn and engage in the search for truth, knowledge, and reason in accordance with the standards set forth by the academic community. Conduct that adversely affects a student’s responsible membership in the academic community shall result in appropriate disciplinary action.

**Statement of Policy**

As an educational institution of higher education, Nassau Community College seeks to provide the best educational environment for its students, faculty, and staff. It is mindful that academic freedom is an essential element of college life.

To carry out its goal the College requires each student to obey the rules and regulations established by the College set forth herein, and all local, state, and federal laws. The College will not tolerate deliberate disruptive words, actions, violence or physical interference with the rights of any member of our College community or with any of the facilities of the College, or with any authorized functions being carried out on the College campus or at any college sponsored event.
Therefore, in furthering the educational aims of the College and in compliance with the provisions of Article 129-A of the Education Law of the State of New York, the following rules and regulations concerning conduct on the College campus or at any college sponsored event, the use of College property, the means of enforcement, and penalties for any violations thereof are hereby established.

Nothing contained herein shall be construed to limit or restrict freedom of speech or of peaceful assembly.

Section I: The Student Code of Conduct

The Student Code of Conduct as set forth below applies specifically to student behavior. Student rights are basic to the freedom to learn and must be based on mutual respect and responsibility. In addition, when a student enrolls at Nassau Community College, he/she agrees to abide by all College regulations. Therefore, violations of any section of the Code of Conduct shall result in appropriate disciplinary action.

A. Physical Violence. Acts of physical violence will not be tolerated. A student who initiates physical violence against any member of the College community will face the harshest of penalties, including the likelihood of expulsion from the College.

B. Criminal Violations. A student who is convicted of violating a criminal law may be subject to summary suspension or expulsion from the College.

C. Maintenance of Public Order. The President of the College or his/her representative shall have the authority and responsibility to take whatever steps are necessary to carry out the mandate of the following rules and regulations in the interest and for the welfare of the College community and of the citizens of the County of Nassau. Violations of the following regulations, whether such violations are carried out individually or in concert, are extremely serious in nature. Such violations will constitute cause for immediate suspension and/or ejection from the campus and may also subject the violator to whatever penalties may be imposed by appropriate college and/or civil authorities. These violations may include:

1. Unauthorized occupation of College facilities or interference with their lawful use;
2. Any act or threat that endangers any individual or that results in terrorizing or committing bodily harm or injury to anyone on campus or at any college function;
3. Any act resulting in damage to College property or facilities or to the property of students or staff;
4. Any act which results in disruption of College activities.

This could include inciting others to riot, interfering with the right of any member of the College community to perform his or her duties, and preventing a student from attending any class in which he/she is enrolled;
5. The possession or use of firearms of any nature, dangerous weapons, fireworks, or explosives on the campus;
6. Any act resulting in damage to College property or facilities or to the property of students or staff;
7. Disorderly, lewd, indecent, or obscene conduct or expression;
8. Any act of whatsoever nature that interferes with normal operation of the College or which adversely affects the student’s suitability as a member of the College community;
9. Unauthorized or illegal use of College computers;
10. Unauthorized possession, use, and/or sale of alcoholic beverages, narcotics, or drugs on the College campus and/or attendance in class, on campus, or at any College function under the influence of alcoholic beverages, narcotics, or drugs;
11. Gambling in any form;
12. Plagiarism, cheating, or any form of academic dishonesty.
13. Submitting false application or other information to the College, and the forgery, alteration, or intentional misuse of College documents, records or identification;
14. Violation of College policies concerning regulation of student clubs or organizations;
15. Unauthorized use of a vehicle on the College campus;
The Dean, Assistant, or Associate Dean of Students will use his/her discretion in determining whether the alleged violation could warrant suspension or expulsion.

E. False Accusations. The College recognizes that the question of whether a particular conduct constitutes a violation of the Student Code of Conduct requires factual determination. The College also recognizes that false accusations have serious effects on innocent persons. If it becomes clear that a person who has accused another of a violation has maliciously or recklessly made a false accusation, the accuser will be considered in violation of the Student Code of Conduct. It is important to note, however, that the fact that a complaint is not substantiated or is determined not to constitute a violation does not mean that the complaint was maliciously or recklessly made.

Section II: Procedures for Dealing with

Infractions of the Student Code of Conduct

The College will respond to violators of its Code of Conduct using the procedures listed below. At all stages of these proceedings, the College will proceed expeditiously. However, the time limits specified in the following sections may be extended due to extraordinary extenuating circumstances. For procedural issues not specified in this document, refer to Roberts Rules of Order.

All records pertaining to charges and hearings are confidential to the extent allowed by law and shall be maintained as such. Throughout the proceedings the students’ right to privacy shall be maintained to the extent allowed by law.

A. Filing of Charges

1. Charges may be brought against a student by another student or by any college employee. Any charge, accusation or infraction of the Code, which may subject a student to disciplinary action, must ordinarily be submitted to the Assistant or Associate Dean of Students in writing within five (5) days of the alleged violation. However, prior to filing charges formally, any student, staff or faculty may informally consult with the Dean, Associate Dean, or Assistant Dean of Students regarding an alleged infraction of the Code of Conduct and procedures to be followed.

2. When informal (unwritten) charges are brought to the attention of the Dean, Assistant Dean, or Associate Dean of Students – the Dean, Assistant Dean, or Associate Dean will determine if formal charges must be filed. If formal (written) charges are not required, the Dean will attempt to negotiate a solution between the involved individuals without the imposition of sanctions.

3. When formal charges are filed with or by the Assistant Dean or Associate Dean of Students, the Assistant or Associate Dean of Students will notify the accused student(s), in writing, of the date and time of an initial interview with the Assistant or Associate Dean of Students. This interview will take place no more than ten (10) business days (Mondays through Fridays when the College is open) following the filing of charges. The written notification will be mailed to the student’s address of record both by first class mail and by overnight, certified, return receipt requested mail. This written notification to the accused student(s) will include a copy of the Student Code of Conduct.

4. In cases of serious violations of the Code of Conduct, in which the Dean of Students considers that continued attendance at the College is inconsistent with the safety of the College community, the Dean or his/her designee may impose immediate suspension pending final adjudication of the charges.

5. Prior to the interview date, the Assistant or Associate Dean of Students will gather relevant information concerning the charges from all appropriate sources.

B. Presentation of Charges

1. At the initial interview the Assistant or Associate Dean will inform the student of his/her rights and possible consequences as defined in the Student Code of Conduct. There shall be a thorough review of the charges, including statements from witnesses.

2. Based on the interview and all other information gathered, the Assistant or Associate Dean of Students will make one of the following determinations:

   a. A resolution can be reached without the imposition of sanctions. In this case, the Assistant or Associate Dean of Students will attempt to reach a resolution satisfactory to all parties. If a negotiated solution cannot be reached, the matter will be forwarded to the Dean of Students for adjudication as outlined in section b immediately below.

   b. Due to the nature of the alleged violation(s), the student(s) charged could receive a sanction other than suspension or expulsion. In this case, the Assistant or Associate Dean of Students will inform the charged student(s), in writing, of the date and time of a hearing before the Dean of Students. This hearing will take place no more than fifteen (15) business days following the interview with the Assistant or Associate Dean of Students. The written notification will be mailed to the student’s address of record both by first class mail and by overnight, certified, return receipt requested mail.
c. Due to the nature of the alleged violation(s), the student(s) charged could receive a sanction of suspension or expulsion. In this case, the Assistant or Associate Dean of Students will inform the charged student(s), in writing, of the date and time of a hearing before the Code of Conduct Hearing Committee. This hearing will take place no more than fifteen (15) business days following the interview with the Assistant or Associate Dean of Students.

d. Due to the nature of the alleged violation(s), the student(s) charged could receive a sanction of suspension or expulsion and the Assistant or Associate Dean of Students determines that the student(s) should be suspended pending final adjudication of the charges. Such a decision would be based on the Assistant or Associate Dean’s determination that the accused student(s)’ continued attendance at the College is inconsistent with the safety of the College Community. In this case, the Assistant or Associate Dean of Students will suspend the student(s) and will inform the charged student(s), in writing, of the date and time of a hearing before the Code of Conduct Hearing Committee. This hearing will take place no more than five (5) days following the interview with the Assistant or Associate Dean of Students.

C. Code of Conduct Hearing Committee

1. Jurisdiction and Procedures of the Committee
a. The Committee will consider those cases that could result in suspension or expulsion.

b. The Committee shall not be bound by the strict rules of evidence and shall hear evidence that it deems appropriate.

c. Decisions will be made based on the preponderance of the evidence presented.

2. Membership of the Committee
a. The Committee will consist of nine (9) members.

i. Three students, drawn from the six student members of the Academic Senate’s Student Code of Conduct Committee. These six members are appointed by the President of the Student Government Association prior to the end of May of each academic year. Their term shall be one year, ending May 31st.

ii. Three administrators, drawn from the six administrative members of the Academic Senate’s Student Code of Conduct Committee. These six members are appointed by the College President or his/her designee prior to the end of September of each academic year. Their term shall be one year. Administrators can be reappointed.

iii. Three faculty members, drawn from the six faculty members of the Academic Senate’s Student Code of Conduct Committee. These six members are appointed by the Chair of the Academic Senate prior to the end of September of each academic year. Their term shall be two years.

b. The Chair of the Code of Conduct Hearing Committee shall be the Chair of the Academic Senate’s Student Code of Conduct Committee. In his/her absence, an Acting Chair will be elected by a simple majority of voting members present at the hearing. The Chair or Acting Chair will conduct the hearing and rule on questions of procedure.

c. The Assistant or Associate Dean of Students, or his or her designee, will present the case.

3. Definitions
a. A quorum shall be five (5) members of the committee, with at least one member from each of the three constituent groups: students, administrators, and faculty members.

b. Decisions will be determined by a simple majority of voting members present at the hearing. If a simple majority vote cannot be secured, the case shall be forwarded to the Dean of Students for adjudication.

4. Limitations
a. Any member who feels unable to approach a case in a spirit of neutrality may ask to be excused from hearing the case. The Chair or Acting Chair of the Committee will appoint alternates as required to meet a quorum.

b. Any member whom the Committee feels cannot approach a case in a spirit of neutrality will be questioned on the matter by the Committee, and if neutrality is not established, that member will be asked by the Committee, on the basis of a simple majority of voting members present at the hearing, not to hear the case. The Chair or Acting Chair of the Committee will appoint alternates as required to meet a quorum.

D. Adjudication of Charges

1. Charges that could result in sanctions other than suspension or expulsion:

a. As indicated above, the Dean of Students will hear cases that the Assistant or Associate Dean of Students believes could result in sanctions other than suspension or expulsion. At the hearing, the Dean of Students will consider evidence presented by the accused student(s), the victim(s)/accuser(s), the Assistant or Associate Dean of Students, and any other witnesses whose testimony the Dean of Students believes to be necessary. The accused student will have the right, with prior notification to the Dean of Students, to bring his/her own witnesses to the hearing.

b. The following procedures and due process will govern the Dean of Students’ hearing. Students involved with a hearing before the Dean of Students are entitled to the following:
i. a written statement of the charges and the date and time of the hearing mailed to the student(s) address of record by both first class mail and overnight, certified, return receipt requested mail within five (5) business days after the Dean receives the charges from the Assistant or Associate Dean;

ii. access to records in the Office of the Dean of Students; records cannot be removed from the office;

iii. the opportunity to have an advisor present at the hearing, who may advise but not represent students;

iv. the opportunity to present his/her version of the facts, including documents and/or witnesses that may support his/her position;

v. the opportunity to respond to allegations, including documents;

vi. the victim(s)/accuser(s) has the right, at his/her discretion, to remain in the hearing room with the accused;

vii. a determination based on evidence presented at the hearing;

viii. a written notification of the Committee’s decision sent by the Dean within five (5) business days of the conclusion of the hearing;

ix. all parties involved will be informed of the findings and sanctions.

c. As a result of the hearing, the Dean of Students may:

i. negotiate a solution between the accused and the victim(s)/accuser(s);

ii. determine that no sanction should be imposed. In this case, the Dean of Students will notify the accused and the victim(s)/accuser(s) of his/her decision, in writing, within five (5) business days of the hearing. The victim(s)/accuser(s) will have the right to appeal the Dean of Students’ decision to the President of the College based on specific justifications for appeal listed in Section II, E (Appeal of Disciplinary Decisions). A request for an appeal must be presented to the President of the College within five (5) business days of the Dean of Students’ decision;

iii. determine that some sanction(s) should be imposed. In this case, the Dean of Students will notify the accused and the victim(s)/accuser(s) of his/her decision, in writing, within five (5) business days of the hearing. The student(s) receiving the sanction(s) will have the right to appeal the Dean of Students’ decision to the President of the College based on specific justifications for appeal listed in Section II, E (Appeal of Disciplinary Decisions). A request for an appeal must be presented to the President of the College within five (5) business days of the receipt of the Dean of Students’ decision.

2. Charges that could result in suspension or expulsion:

a. As indicated above, the Code of Conduct Hearing Committee will hear cases that the Assistant or Associate Dean of Students believes could result in suspension or expulsion. At the hearing, the Committee will consider evidence presented by the accused student(s), the victim(s)/accuser(s), the Assistant or Associate Dean of Students, and any other witnesses whose testimony the Committee deems to be necessary. The accused student will have the right, with prior notification to the Dean of Students, to bring his/her own witnesses to the hearing. In its decision, the Committee shall not be limited to the sanctions of suspension and expulsion, but may impose a lesser sanction if it deems this to be appropriate.

b. The following procedures and due process will govern the Code of Conduct Hearing Committee’s hearing. Students involved with a hearing before the Code of Conduct Hearing Committee are entitled to the following:

i. a written statement of the charges and the date and time of the hearing mailed to the student(s) address of record by both first class mail and overnight, certified, return receipt requested mail within five (5) business days after the Code of Conduct Hearing Committee receives the charges from the Assistant or Associate Dean;

ii. access to records in the Office of the Dean of Students; records cannot be removed from the office;

iii. the opportunity to have an advisor present at the hearing, who may advise but not represent students;

iv. the opportunity to present his/her version of the facts, including documents and/or witnesses that may support his/her position;

v. the opportunity to respond to allegations, including documents;

vi. the victim(s)/accuser(s) has the right to remain in the hearing room with the accused, if desired;

vii. a determination based on evidence presented at the hearing;

viii. a written notification of the Committee’s decision, to be sent by the Dean, Assistant, or Associate Dean of Students within five (5) business days of the conclusion of the hearing;

ix. all parties involved will be informed of the findings and sanctions.

c. As a result of the hearing, the Committee may:
i. determine that no sanction should be imposed. In this case, the Committee will notify the Assistant or Associate Dean of Students of its decision within 24 hours. The Assistant or Associate Dean of Students will notify the accused and the victim(s)/accuser(s) of the Committee’s decision, in writing, within five (5) business days of the hearing. The victim(s)/accuser(s) will have the right to appeal the Committee’s decision to the Dean of Students based on specific justifications for appeal listed in Section II, E (Appeal of Disciplinary Decisions). A request for an appeal must be presented to the Dean of Students within five (5) business days of receipt of the Committee’s decision.

ii. determine that a sanction should be imposed. In this case, the Committee will notify the Assistant or Associate Dean of Students of its decision within 24 hours. The Assistant or Associate Dean of Students will notify the accused and the victim(s)/accuser(s) of the Committee’s decision, in writing, within five (5) business days of the hearing. The student(s) receiving the sanction(s) will have the right to appeal the Committee’s decision to the Dean of Students based on specific justifications for appeal listed in Section II, E (Appeal of Disciplinary Decisions). A request for an appeal must be presented to the Dean of Students within five (5) business days of receipt of the Dean of Students’ decision.

3. If a student fails to appear as scheduled before the Dean of Students or the Code of Conduct Hearing Committee, whichever is scheduled to hear his/her case, the right to be heard is waived unless the student presents in writing an acceptable reason for failure to appear. In the case of an excused absence, the case will be adjudicated at the earliest possible date. If the absence is not excused, the Dean of Students or the Code of Conduct Hearing Committee, whichever is scheduled to hear the case, will decide the case on the basis of evidence presented.

4. Hearings with the Dean of Students or the Code of Conduct Hearing Committee shall be tape recorded and can be reviewed by the individual charged and by the victim(s)/accuser(s) in the Dean of Students’ office.

E. Appeal of Disciplinary Decisions

1. An appeal of a disciplinary action must be based on one or more of the following:
   a. Inappropriate sanction, for example, extremely punitive, not consistent with precedent;
   b. Presence of new evidence that was not available during the original hearing;
   c. Failure to follow due process or any other part of the College judicial procedure.

2. The student must request the appeal in writing within five (5) business days of receipt of the decision. The request must include a justification for the appeal. The President of the College or the Dean of Students will decide if an appeal will be granted.

3. The accused or the accuser(s) may appeal a decision of the Code of Conduct Hearing Committee to the Dean of Students within five (5) business days of receiving written notice of the decision. If an appeal is granted, it will be scheduled within five (5) business days of receipt of the appeal request. The Dean shall have the authority to sustain, modify, or reverse the disciplinary action imposed by the Committee. The Dean will notify the student(s) and the Committee of his/her decision, in writing, within five (5) business days of hearing the appeal.

4. The accused or the accuser(s) may appeal a decision of the Dean of Students to the President of the College within five (5) business days after having received written notification of the decision. This applies to initial decisions made by the Dean of Students based on his/her hearing as described in Section II, D, 1 and to decisions on appeals heard by the Dean of Students as described in Section II, E, 3.

5. In cases of appeals to the President of the College, the Dean of Students will present to the President of the College a written record of the charges, pertinent correspondence, a summary transcript of the proceedings, and the Dean’s and/or Committee’s decision where applicable, and the respective justification(s). The President shall have the authority to sustain, modify, or reverse the disciplinary action imposed by the Dean.

6. The President shall convey his decision in writing to the student, the Dean of Students, and, in cases that were originally heard by the Code of Conduct Hearing Committee, to the Committee, within fifteen (15) days after receipt of the appeal.

7. The decision of the President of the College shall be final in all cases of appeal.

8. Should the President or the Dean of Students determine that an appeal will not be heard, that decision will be final. The student(s), accused and victim(s)/accuser(s), will be notified in writing of such a decision within five (5) days of receipt of the appeal.

F. Definitions of Disciplinary Measures

The Dean of Students is responsible for implementing disciplinary action toward students judged by the Code of Conduct Hearing Committee or the Dean of Students to have violated the Code of Conduct. The extent of the disciplinary sanction will depend on the seriousness of the violation, the past record of the student, circumstances surrounding the violation, and past practices in similar situations. The Dean of Students’ office will maintain records of all imposed sanctions. Disciplinary actions imposed shall be one or more of the following:

1. Written Reprimand

A written reprimand is a letter from the Dean of Students or his/her designee to a student found guilty of violating the Code of Conduct. The specific violation is to be defined in the letter with a stated rationale for its unacceptability. A copy will be maintained by the Dean of Students’ Office.

2. Social Probation
Non-academic probation may be imposed on a student who has been found guilty of violating the Code of Conduct. If a student becomes involved in any other problems of conduct while on social probation, he/she is liable for suspension or expulsion from the College, based on a hearing before the Dean of Students or the Code of Conduct Hearing Committee. Probationary notice is to be given to the student in writing by the Dean of Students with the terms of the probation and the rationale carefully detailed.

3. Restitution

Any student found guilty of violating the Code of Conduct that has caused an expense to the College or his/her fellow student(s) may be required to rectify this action by making financial restitution to the parties involved or through appropriate service or material replacement. Failure to do so within a specified time period may result in further disciplinary action as determined by the Dean of Students.

4. Suspension

Specific period of time in which a student is prohibited from enrolling at the institution. Ordinarily a student who is suspended will receive a “W” for all his/her courses. In compelling circumstances the committee reserves the right to allow a student’s instructor to grant a grade. Suspension can be accompanied by additional criteria which the student must fulfill prior to re-enrollment.

5. Temporary Suspension

A narrowly defined period of time, i.e., three days, two weeks, etc., in which the student will be prohibited from attending classes while further investigation of the alleged violation occurs.

6. Expulsion

The immediate removal of a student from the College, prohibiting future enrollment at the institution. Ordinarily a student who is expelled will receive a “W” for all his/her courses. In compelling circumstances the committee reserves the right to allow a student’s instructor to grant a grade.

7. Persona Non-Grata

Prohibits a student’s presence on campus without prior approval from Public Safety and the Office of the Dean of Students. Failure to adhere to the Persona Non-Grata will subject the student to Nassau County Police arrest.

8. Record Impounded

All academic, financial, and social transactions will be prohibited without the prior consent of the Office of the Dean of Students. This action automatically occurs within all listed sanctions with the exception of sanction 1.

9. Confiscation of Student Identification

Students may be required to surrender their College identification.

G. Information Release

The Dean of Students will inform all complainants and respondents in writing of the result of the disciplinary proceedings.

Section III: Rules and Regulations Regarding Initiation or Affiliation With Student Organizations

A. Nassau Community College recognizes that membership in a fraternity/sorority or other campus organization (hereinafter collectively referred to as an “Organization”) can be a meaningful experience in conjunction with other aspects of the educational process. Unfortunately, however, membership or prospective membership in an organization is sometimes accompanied by an activity commonly known as “hazing.” Hazing has been deemed as generally including, among other things:

1. Any action or situation which recklessly or intentionally endangers mental or physical health or involves the consumption of liquor, drugs, or other substances for the purpose of initiation into or affiliation with any organization;

2. Any other act or series of acts which cause bodily or physical harm or danger;

3. Mistreatment by playing stunts or practicing abusive or humiliating tricks that subject an individual to personal indignity, humiliation or ridicule;

4. Harassment by exacting unnecessary, disagreeable, difficult, or degrading work or harassment by ridicule, criticism, or public embarrassment.

B. Hazing is a violation of the Penal Law and other laws of the State of New York. Accordingly, the College affirms its policy that it will not condone hazing of any kind. To this end, any student or organization that engages in hazing may be ejected from the campus and, where appropriate, shall be subject to suspension, expulsion, or other disciplinary action.

1. In the case of an organization: the College may take any or all of the following actions against any organization which authorizes hazing or whose members (whether individual or in concert) engage in hazing: rescind permission for the organization to operate on campus property; rescind recognition of the organization; freeze and/or rescind its budget; and prohibit the organization from using the College’s name.
2. In the case of a student(s): the student shall be requested to cease and desist from such prohibited conduct, and if he/she fails to do so, necessary and appropriate action will be taken to eject such student from College property, consistent with Section I of the Student Code of Conduct. In addition, disciplinary proceedings shall be commenced, pursuant to the Student Code of Conduct, against any student who engages in hazing. In accordance with those procedures, the penalties of suspension, expulsion, or other disciplinary action may be imposed.

3. Wherever, in the opinion of the President or his designee, the conduct of any individual or organization poses an imminent threat to the physical or emotional safety of himself/herself, to others or to the property, the President or his designee may immediately suspend such individual or organization from the campus pending an appropriate hearing and the final determination therein, consistent with Section II of the Student Code of Conduct.

4. In addition to the foregoing, the College reaffirms its right to utilize and seek the aid of public authorities and such judicial, civil, and criminal processes and proceedings as may, in the discretion of the College, be necessary and appropriate. Any penalty imposed by the College may be in addition to any penalty pursuant to the Penal Law or any other law to which a violator or organization may be subject.

C. The foregoing Rules and Regulations shall be deemed to be part of the bylaws of all College organizations.

**Student Rights & Responsibilities**

The following policy, to which the College subscribes, is based on "Joint Statement of Rights and Freedoms of Students" sponsored by the American Association of University Professors:

1. A student has the right to receive a written copy or to access an electronic copy of the course syllabus by the second class meeting. The syllabus shall include information about the course policies, the content of the course, and the criteria with the weighting to be used in the academic evaluation of his/her performance. The grading system described in the College catalog will be followed. Students not present at the first or second class meeting are responsible for requesting the syllabus.

2. Students should be free to take reasoned exception to the data or views offered in any course of study and to reserve judgment about matters of opinion, but they are responsible for learning the content of any course of study for which they are enrolled.

3. A student has the right to receive a grade based upon a fair and just academic evaluation of his/her performance in a course, as measured by the standards set by his/her instructor in the course syllabus. Such criteria as race, religion color, national origin, sex, appearance, political affiliation or activities are irrelevant to grading. At the same time, the student responsible for maintaining standards of academic performance established for each course in which he/she is enrolled, and for following the student Code of Conduct as outlined in the College catalog.

4. Information about a student's views, beliefs and political associations which professors acquire in the course of their work as instructors, advisors, and counselors should be considered confidential. Judgments of ability and character may be provided under appropriate circumstances, normally with the knowledge or consent of the student.

**Alert for Student Success**

Success in college means balancing work and study time effectively. College study does not end with class time. For each 1 hour of class, you will need to plan at least 2 hours for study/learning. Research shows that working 15 or more hours per week makes it difficult to successfully complete courses.

When planning your schedule, carefully consider how you will balance course load and work schedule. To obtain help with budgeting time effectively, visit or call the Educational Counseling Office in Room 19, Nassau Hall. Call 516.572.7141 for an appointment.

**Classroom Expectations**

You and your instructor both have responsibilities relative to the course. Your instructor's responsibility is to give you a syllabus and to organize assignments and classroom activities to assist you in learning the material and achieving the course objectives. As the course unfolds, you have responsibilities to fulfill in order to complete the course successfully.

You are expected to:

Attend all class sessions and to be punctual. (You are responsible for all work covered whenever you are absent.); Read, understand and follow instructions given in the course syllabus; Complete reading and writing assignments; take notes during class; when asked to do so, work collaboratively with other students; submit assignments on time; complete your work without cheating or committing plagiarism. Participate actively in class; evaluate your own progress continuously; meet with your instructor during assigned office hours; exhibit proper behavior in the classroom (see policy statement on classroom management).

**Discrimination and Harassment is Unlawful**

Nassau Community College is a broadly diversified institution, committed to recognizing diversity and pluralism of values and beliefs on campus. The College is committed toward ensuring that all students are given equal opportunity to participate in its educational programs, and all qualified employees are appointed and promoted without regard to their race, national origin, ethnic background, gender, sexual orientation, religion, disability, age, veteran status, or marital status. The College is also dedicated toward maintaining an environment where dignity and worth of all members of the institutional community are respected. To that end, the College considers sexual harassment of students or employees to be unacceptable conduct which will not be tolerated. The College also condemns bias and all other acts of bigotry, discrimination, harassment and violence.
The College's Office of Affirmative Action and Diversity is dedicated toward ensuring that the College is in compliance with all federal and state laws and regulations that prohibit discrimination and encourage equal opportunity and treatment, including, but not limited to: Title VII of the Civil Rights Act of 1964; Title IX of Educational Amendments of 1972; Age Discrimination Act in Employment of 1967; Americans with Disabilities Act; Americans with Disabilities Act Amendments of 2008; Section 504 of the Rehabilitation Act of 1973, and the New York State Human Rights Law. The Affirmative Action Office also ensures that the College community is in compliance with its internal policies on Sexual Harassment, Bias and Discrimination, as well as the Complaint Procedures for Review of Allegations of Discrimination/Harassment (all of which are available on the College website, as well as at the Affirmative Action Office), and conducts investigations into allegations of sexual harassment, bias and discrimination brought by members of the College community.

Any questions concerning the College's policies on sexual harassment, bias and discrimination, as well as any allegations of noncompliance should be directed to:

Affirmative Action Officer
818 Administrative Tower
Nassau Community College
One Education Drive
Garden City, NY 11530-6793
516.572-7121 or 516.572.7747

FERPA (The Family Educational Rights and Privacy Act)
Nassau Community College

CONFIDENTIALITY OF STUDENT RECORDS

Notification of Rights under FERPA

The Family Educational Rights and Privacy Act (FERPA) affords students attending post-secondary institutions certain rights with respect to their education records. An "Education Record" is defined as a record that is directly related to a student and is maintained by Nassau Community College. FERPA rights include:

1. The right to inspect and review the student's education records within 45 days of the day the College receives a request for access.
   • A student should submit a written request to the Office of the Registrar that identifies the record(s) the student wishes to inspect. A College official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the particular records are not maintained by the Office of the Registrar, the College official responding to the request shall advise the student of the correct Department and individual within the College to whom the request should be addressed.

2. The right to request the amendment of the student's education records that the student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.
   • A student who wishes to ask the College to amend a record should write to the College official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed.
   • If the College decides not to amend the record as requested, the College will notify the student in writing of the decision and of the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when the student is notified of the right to a hearing.

3. The right to provide written consent before the College discloses personally identifiable information from the student's education records, except to the extent that FERPA authorizes disclosure without consent, as described below. Nassau Community College will not disclose information from a student's education record without the student's written consent, except in the following situations:
   • The College discloses education records without a student's prior written consent to school officials with legitimate educational interests.
     • A "school official" is a person employed by the College in an administrative, supervisory, academic, or support staff position (including Public Safety personnel and health staff); a person or company with whom the College has contracted as its agent to provide a service instead of using College employees or officials (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.
     • A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the College.
   • Upon request, the College also discloses education records without the student's consent to officials of another school in which a student seeks or intends to enroll, as long as the disclosure is for the purposes related to the student's transfer or enrollment in such institution.
   • Disclosure to authorized representatives of the Comptroller General of the United States, the Attorney General of the United States, the U.S. Department of Education, state/local educational authorities, organizations conducting studies for or on behalf of the College, and accrediting organizations. Disclosures under this provision may be made in connection with an audit or evaluation of Federal or State-supported education programs, or for the enforcement of or compliance with Federal legal requirements related to those programs. These entities may make further disclosures of Personally Identifiable Information to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf.
Disclosure is in connection with a student's application for, and receipt of, financial aid, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of such aid.

Disclosure is to comply with a judicial order or lawfully issued subpoena.

Disclosure is to parents of dependent students, as defined by the Internal Revenue Code of 1986, Section 152. (While FERPA permits disclosure of records to parents of dependent students without student consent, it does not require such disclosure. The parent must provide a copy of their most recent federal income tax return establishing the student's dependency. Full rights under the Act shall be given to either parent, unless the College has been provided with evidence that there is a court order, or other legally binding document relating to such matters as divorce, separation or custody that specifically revokes those rights.)

Disclosure is to appropriate parties in the event of a health or safety emergency.

Disclosure of information the College has designated as "Directory information", as more particularly described below.

Disclosure is to a victim of a crime of violence or a non-forcible sex offense, when such disclosure is of the final results of any disciplinary proceedings conducted by the College against the alleged perpetrator of such crime or offense.

Disclosure to the general public of the final results of a disciplinary proceeding, if the College determines that the student is an alleged perpetrator of a crime of violence or non-forcible sex offense and the student has committed a violation of the College's Code of Conduct with respect to the allegation made against him or her.

Disclosure is to the student's parent about the student's violation of any Federal, State or local law, or any policy of the College which governs the use and possession of drugs or alcohol, but only if the student is under 21 years of age.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the College to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

DIRECTORY INFORMATION

FERPA requires that the College, with the exceptions outlined above, obtain a student's written consent prior to disclosing to a third party any personally identifiable information about that student. However, the College may disclose information designated as "directory information" without prior written consent of the student. Directory information is generally considered information that is not harmful or an invasion of privacy if released.

Nassau Community College has designated the following items as directory information:

- a student's name,
- student's ID number ("N Number")
- mailing address,
- major field of study,
- enrollment status (full-time/part-time),
- dates of attendance,
- degrees being pursued, participation in College sports and/or activities,
- photographs,
- weight and height of members of athletic teams, and
- degrees, honors and awards received.

The main purpose of designating the above information as "directory" is to permit the College to include this information in certain publications, such as: listing your name on the graduation program, submitting your awards and accomplishments for publication in a local newspaper, or printing your name in a playbill should you participate in a theater production on campus. The College does not release any directory information to commercial entities seeking to conduct solicitations or fund-raising activities.

Nassau Community College honors its duty to protect the confidentiality of student records. However, the College may disclose a student's "directory information" without obtaining student's written consent, unless the student has submitted a written "opt out" request, to the Office of the Registrar not to release any directory information pertaining to them. The opt-out form will be available in the Office of the Registrar and may be filled out any time. Please note that submitting an "opt-out" request will not prevent the College from requiring students to display or disclose their ID card with their N number printed on it when engaging in College-related activities and transactions.

NEGATIVE CONSEQUENCES OF OPTING OUT: Students who choose to restrict access to their Directory Information should be aware that doing so may result in unintended negative consequences. For example, organizations such as potential employers, scholarship agencies, members of the press, loan agencies, educational organizations and others will not be given access to the student's directory information, and will not be able to contact the student. Opting out of directory information classification may mean that you will miss out on valuable employment, educational, cultural and other opportunities.

Student Policy for a Drug-Free Campus

Nassau Community College: http://collegecatalog.ncc.edu/current
Nassau Community College is committed to a proactive preventative approach in assuring the campus is free of alcohol and substance abuse. The College operates in compliance with the Drug-Free Workplace Act of 1988 (P.L. 100-690) and the Drug-Free Schools and Communities Act Amendments (P.L. 101-226). To maintain an atmosphere conducive to fulfilling this mission, the policy for a drug-free campus states:

“The College expressly prohibits the unlawful use, possession, manufacture, distribution, or dispensation of controlled substances, which includes alcohol, in all Nassau Community College facilities or while attending or conducting college business off campus.

No alcohol is permitted on campus without express permission of the President or his designee. Consumption of alcohol is not permitted on campus by anyone under the age of 21. Compliance with the provisions of the College's drug and alcohol policies is a condition of attendance at the College. Violations of any rule of the Student Code of Conduct, Section I, shall result in appropriate disciplinary action. Infractions of the Code include the following:

Attendance in class or at any College function under the influence of alcoholic beverages, of narcotics and drugs or unauthorized possession, and/or sales of alcoholic beverages, narcotics or drugs on the College campus.

SUNY Admission Policy

Nassau Community College Policy for the Admission of Persons with Felony Convictions or Disciplinary Dismissals

Nassau Community College is committed to providing an opportunity for all qualified applicants to receive a quality education. In accordance with Article 23A, Section 750, 752, and 753 of the New York State Corrections Law, applicants who have been incarcerated due to any felony conviction, or have been dismissed from an institution of higher education for disciplinary reasons, may be accepted to study at Nassau Community College, providing the applicant is able to successfully satisfy the evaluation process. NCC reserves the right to deny an applicant’s request for admission to the College or to a selected program at the College if the applicant’s prior felony conviction or incarceration or applicant’s disciplinary record would prevent the applicant from successfully completing or obtaining a required license and/or certification associated with the program. It is the policy of Nassau Community College to require supplemental information from applicants who have been convicted of a felony or who have been dismissed from another college due to disciplinary misconduct. This information will be reviewed by the Admissions Review Committee.

The Admissions Review Committee may deny admission to applicants based on an individual's prior conduct or conviction where the admission "would involve an unreasonable risk to property or to the safety or welfare of specific individuals or the general public" (Corrections Law, section 752). The Committee may also recommend the applicant be admitted with or without special conditions related to major selection, course scheduling, or involvement in campus activities.

The definition of a felony provided by SUNY is as follows:

A felony in New York State is defined as a crime for which more than one year in prison may be imposed. The felony question applies if you have been convicted as an adult. If you have been adjudicated as having juvenile delinquent or youthful offender status, you are not required to respond to the felony question.

An affirmative response to either question will not automatically prevent admission, but you will be asked by your college choices to provide additional information. This information will be reviewed by a campus committee to ensure campus safety. Any falsification or omission of data may result in denial of admission or disciplinary action.

Applicants’ with previous felony convictions(s) or dismissal(s) from an institute of higher education must successfully provide additional information that will be reviewed by a committee and the Vice President of Academic Student Services, or his/her designee. In addition to the required admissions materials, applicants with one or more felony convictions must also provide a letter from his/her Probation or Parole Officer (or character reference if Probation/Parole is not applicable) and applicant’s records/transcripts from any previously attended Colleges or Universities.

Failure to disclose felony status or disciplinary dismissals, or intentional misrepresentation within any area of the application process, may result in the immediate dismissal of any student found to be culpable.

Procedures for the Admission of Persons with Felony Convictions or Disciplinary Dismissals

1. Complete the appropriate admissions application. Include copies of all required academic information needed for the type of admission being sought.

2. Complete a Request for the Admissions Review Committee form (available in the Office of Admissions) and submit completed form to the Office of Admission at least 30 days prior to the start of the semester. All areas of the form must be completed. These include:
   - a. Summary of conviction or disciplinary charge
   - b. Date(s) and location(s) of offense(s)
   - c. Summary of sentence or judiciary judgment or disciplinary actions, including any special provisions
   - d. In addition, for those with felony convictions:
     - i. Date of parole
     - ii. Age at the time of most recent offense(s)
     - iii. Information regarding rehabilitation and good conduct
     - iv. Letter from Probation/Parole Officer (or character reference if Probation/Parole is not applicable)
3. The Admissions Review Committee will convene to review all materials pertaining to the applicant’s admission. The Committee will have access to and will consider all available information specified above, including the applicant’s past academic record(s). All pertinent information will be reviewed.
   • a. The Admissions Review Committee will consist of the following individuals:
      • i. The Dean of Admissions or his/her designee, who will chair and convene the committee,
      • ii. The Director of Public Safety or his/her designee, and
      • iii. The Dean of Students or his/her designee
4. The Admissions Review Committee submits its recommendation for review by the Vice President of Academic Student Services, or his/her designee. If the VP or designee concurs with recommendation, the student is notified of the decision. If the VP or designee requires additional documentation or review, he/she may return the application to the Admissions Review Committee for follow up.
5. Applicants who have been convicted of a felony offense or dismissed due to a disciplinary action, who meet the NCC admission qualifications, may be accepted with certain conditions that will be determined on a case-by-case basis.
6. If the review process finds that applicant’s admission to NCC would involve unreasonable risk to property, or the safety or welfare of specific individuals or the general public, as outlined in Article 23A, Section 753 of the New York State Corrections Law, the applicant will be informed that admission has been denied.

Admissions Information

Students interested in attending Nassau Community College should consult the college website at www.ncc.edu/admissions for up-to-date information and program requirements.

DEGREE-SEEKING STUDENTS

New Students

Students who wish to earn a degree or certificate at NCC should apply for matriculated status by completing the College's application for admission and providing all required documentation by the admissions completion deadline. An application fee will be charged. Acceptance as a matriculated student in a particular program indicates that the student has met all admissions requirements necessary to be a degree or certificate candidate in that program. Normally, matriculated students attend on a full-time basis (12-17 credits per semester) although students should decide the academic load they are able to carry. It is important to note that matriculated status is required in order to receive federal and state financial assistance.

All degree or certificate candidates must possess a state-endorsed high school diploma or a General Educational Development (G.E.D.) certificate. There are limited options for non-high school graduates; refer to the section entitled "Enrollment Options for Non-High School Graduates". Home-schooled students, refer to a section entitled as such. Local school diplomas, such as I.E.P. and annotated diplomas, school leaving certificates, and certificates of attendance, are not valid for admission unless the school certifies that the applicant has met all diploma requirements (including successful completion of Regents Competency Testing or any other requirements) mandated by the State Education Department of New York.

Students are encouraged to print the application found online at www.ncc.edu/admissions. Paper applications can be obtained through the high school guidance counselor or by writing to: Office of Admissions, Nassau Community College, One Education Drive, Garden City, NY 11530-6793, or by calling 516.572.7345, or via email at admissions@ncc.edu.

Requirements for admission to specific programs vary. Most important are the applicant's high school record and, in the case of a transfer student, college record(s). Scholastic Aptitude Test (SAT) and/or American College Test (ACT) scores are not required, but can be helpful in making a positive admission decision when a student does not meet the criteria for a particular program. SAT or ACT scores may also be used to waive students from sections of the College's assessment test. Students who have taken the SAT and/or ACT are encouraged to submit these test scores to the College, as part of their application.

Applicants with international credentials and international applicants who require a Student (F-1) Visa must submit additional application materials and must review our latest requirements online at www.ncc.edu/admissions/internationalstudents.

High school graduates or holders of the G.E.D. who do not meet the academic requirements for admission to a particular area of study should make an appointment with an admissions counselor to discuss appropriate options.

Applicants to selective programs, such as Nursing and the Allied Health Sciences, who fail to meet eligibility requirements for admission to these programs, should contact the Office of Admissions to discuss the necessary and appropriate course work that may enable them to qualify for admission at a later date. The Office of Admissions, in conjunction with several academic departments, holds informational workshops and/or individual sessions with prospective students to ensure that students are aware of prerequisites for admission to these programs. All applicants for matriculated status and for enrichment programs are required to take assessment tests in English, reading, and mathematics unless specifically exempted from the tests by the Office of Admissions. The results of these tests, which are used for placement and advisement, may affect a student's admission to certain programs or academic areas, but not to the College.

Information on criteria for admission to specific areas of study is found in the "Programs & Admissions Requirements" chart that is included with the paper application for admission and which can be viewed on the same college web page as the application for admission.
Because of the limited number of seats available in classrooms and laboratories, the College must reserve the right to deny limit matriculation into specific departments.

**JOINT ADMISSIONS TO FOUR-YEAR COLLEGES**

Applicants who plan to continue their education at a four-year college after graduation may be better prepared for acceptance by taking advantage of Nassau's joint admissions options. Joint admissions agreements currently exist with SUNY-Stony Brook, SUNY-Old Westbury, SUNY-Albany, Hofstra, Adelphi University, C.W. Post College and Dowling College.

Students can apply for joint admissions at the time that they apply for admission. Joint admission applicants are usually contacted by the senior institution. Acceptance to the senior institution is conditional upon receipt of the Nassau Community College degree and may require a particular grade point average and/or additional course work to satisfy the senior college's entrance and/or graduation requirements. Students are strongly encouraged to contact the senior college of their choice for further information on the joint admissions opportunities.

**Transfer Students:**
For admission with advanced standing from an accredited college, students must submit a copy of their high school credentials and official college records to the Office of Admissions. All academic records should be mailed to: Office of Admissions, Nassau Community College, One Education Drive, Garden City, NY 11530-6793. It is the student's responsibility to make sure the College receives all official transcripts by appropriate admission completion deadline dates. See the catalog section on Transferring and Earning Credits.

**RE-ADMISSION**

**Returning Students:**
Students in good academic standing who have previously attended Nassau Community College, and who have not enrolled at the College in four (4) consecutive semesters (including fall, winterim, spring, or summer semesters) are considered to be returning students, for the purposes of registration. Such students must be readmitted and are charged a re-admit fee. Returning students who have not attended another college may go directly to the Office of the Registrar for re-admission. Returning students who have attended another college after leaving NCC must reapply through the Office of Admissions, in order for their transfer courses to be evaluated. Students who were dismissed and want to return should review the Academic Standing section of this catalog for information on how to re-admitted.

Returning students requesting a new area of study must submit to the Office of the Registrar a Change of Program form approved by the appropriate academic department chairperson. Students who were once enrolled in high-demand programs, such as Nursing or one of the Allied Health Science programs, may not be permitted to re-enroll in these departments if seats are not available.

Returning students interested in re-entering any of these high demand programs should contact the appropriate academic department. If readmission to the program is not possible, students will have to select another program of study, if they wish to enroll as degree-seeking students with matriculated status.

**COURSE CATALOG FOR ADMISSION**

Students may graduate under the official catalog in effect at the time they first started at the College, provided the program of study has not been revised or discontinued and five (5) years have not elapsed since it was revised or discontinued. If five (5) years have elapsed, students must meet the current requirements of the program to graduate.

**NON-DEGREE SEEKING STUDENTS**

Students who do not intend to pursue a degree or certificate at Nassau, but rather, plan to take courses for personal enrichment or professional growth, should apply as non-degree students. Non-degree students are not required to take the College's skills placement test unless the course(s) they wish to take require minimum scores on these tests. In particular, they will be prohibited from enrolling in any credit-bearing English, reading or mathematics courses until placement test results are available. Certain exemptions are granted, as noted in the following section on Skills Placement Tests.

Non-degree students are not eligible for state and federal financial aid programs. Additionally, non-degree students may be restricted from taking certain courses due to pre-requisites. Students in attendance who wish to change from non-degree to degree-seeking (i.e. matriculated status) must contact the Office of the Registrar. Additional requirements may have to be completed before matriculation can occur. Students should review the Degree-Seeking Student section of this catalog for matriculation requirements.

**Visiting Students:**
Students who are matriculated at another institution may, with the permission of their home institution, study at Nassau Community College for up to two consecutive semesters, while maintaining matriculated status at their home college. This procedure enables a student to test another environment without making a complete transfer. For information and a Visiting Student application, visit us online or contact the Office of the Registrar.

**ENROLLMENT OPTIONS FOR NON-HIGH SCHOOL GRADUATES**

**Early Admission**
The College enables some high school students who have completed the junior year to enroll as full-time freshmen. Arrangements can be made with the high school so that successful completion of the freshman year of college entitles these students to a high school diploma. Students applying for early admission normally must meet the following minimum requirements:

1. completion of the junior year (11th grade) of high school;
Students Schooled at Home

Students schooled at home are not eligible for financial aid. Please review the Skills Placement Tests section of this catalog.

Applicants to the College without a high school diploma begin in non-degree status based on their lack of a high school credential. Students who complete or are nearing the completion of these requirements should go to the Registrar's Office to obtain an application for the equivalency diploma, which they must file with the New York State Education Department. Students admitted under this program cannot be granted a degree or certificate without the equivalency diploma granted by the state.

Applicants for the Early Admission option must complete the College's admission application. The student must call for an interview appointment with a Nassau admissions counselor and bring to the interview:

1. a brief statement of the intended purpose of early study;
2. recommendation of a counselor or principal, including a list of specific courses that the student must complete at the College to qualify for a high school diploma (if applicable);
3. a transcript of high school courses completed and in progress;
4. all available standardized test results; and
5. recommendations from at least two teachers.

High School Enrichment

The College also enables some high school seniors to enroll in College courses (maximum of two courses per semester) during the regular academic year, while continuing to attend high school. Students applying for this enrichment option usually must meet the following minimum requirements:

1. completion of the junior year (11th grade) of high school;
2. achievement in high school that would place the applicant in the upper 20 percent in subjects being elected for advanced study;
3. evidence of sufficient emotional maturity to cope with and benefit from an early college experience as evidenced in an interview with an admissions counselor;
4. acceptable general academic achievement in high school;
5. permission of the high school counselor or principal.

Honors Connection

High school juniors and seniors who elect the High School Enrichment Option and who have consistently excelled in high school can take a class in the Honors sequence at the College. To qualify, students must have a 90 percent average in academic subjects and a minimum score of 1500 on the PSAT or SAT exam (500 minimum on each of the critical reading, writing and math sections). Interested students should contact the Honors Program coordinator for additional information regarding application at 516.572.7194.

The High School Equivalency or GED

Nassau Community College's Office of Admissions will consider applications from students who do not have high school diplomas and who want to earn an equivalency diploma (GED) through the completion of college credits. These applicants normally should meet the following minimum criteria:

1. be at least 18 years of age and
2. have been out of high school at least one year past the date of graduation of their high school class and
3. exhibit a genuine desire to obtain a college degree.

Applicants to the College without a high school diploma begin in non-degree status based on their lack of a high school credential. Students who do not qualify for degree-seeking status may, nonetheless, follow a degree or certificate program as non-degree students in anticipation of their subsequently completing the GED. Once students have received the GED, they may apply for degree-seeking status. While in non-degree status, students are not eligible for financial aid. Please review the Skills Placement Tests section of this catalog.
While Nassau Community College recognizes home schooling as a legitimate educational option, students schooled at home who are unable to present diplomas from educational agencies that are state-endorsed and regionally accredited are considered to be without a high school diploma, and are expected to meet the same admission requirements described for equivalency diploma (GED) candidates and are encouraged to meet the requirements necessary to obtain the GED. The College reserves the right to require students to present appropriate proof of an approved high school diploma.

Home schooled applicants may be eligible for the Early Admission options described above. Therefore, students who have been home schooled are encouraged to keep a detailed “informal transcript” of courses completed with specific information such as reading lists and/or syllabi for each course. In addition, writing samples and lab reports, formal documents from correspondence schools or organizations through which courses were taken, and evaluations and/or grades received for each subject may be helpful in evaluating students' readiness for particular programs of study. Submission of SAT and/or ACT scores, and scores for other standardized tests, is highly recommended.

GUARANTEED TRANSFER AGREEMENTS

Because Nassau Community College is a member of the State University of New York, its students are guaranteed a full four-year degree at a SUNY institution if they meet the academic qualifications at the local campus and at the transfer school.

This guarantee may or may not be met at the SUNY senior institution of the student's choice. The College has developed many articulation agreements with 4-year institutions both public and private to guarantee acceptance for Nassau Community College graduates who successfully complete certain criteria while in attendance here. Students are urged to take advantage of these guaranteed programs.

Contact the NCC academic department involved or the Transfer Office in Nassau Hall during the first semester of attendance to follow the correct course of study. Many of these offerings are described in the “Programs of Study” section of this catalog.

MMR & Meningitis Immunizations

MMR IMMUNIZATIONS REQUIREMENT

New York State law requires that students born on or after January 1, 1957, who are enrolled for six or more chargeable credits, be immunized against measles, mumps, and rubella. The law further mandates that students who fail to submit proof of immunization prior to the 30th day of the semester will be disenrolled from all classes.

In order to avoid disenrollment, the College requires students to submit proof of immunization prior to admission.

Disenrolled students are not permitted to be physically present in class and will receive "W" grades for all enrolled classes. Disenrolled students will not be permitted to register for the next semester until all immunization requirements have been completed. Students are not entitled to any refund of tuition and fees for the semester from which they have been disenrolled.

In the event of an outbreak of measles, mumps, or rubella, the New York State Department of Health will exercise emergency procedures that require the College to ban the attendance of any student regardless of credit load who has not submitted proof of immunization to the College's Student Health Services office. For this reason, the College encourages all students in attendance born on or after January 1, 1957, to submit proof of immunization. In the event of an outbreak, students will not be permitted to use attendance restrictions imposed by the New York State Department of Health as a reason for a refund in excess of normal refund entitlements as outlined in the College's refund policy elsewhere in this publication. Submitting documentation of immunization is the responsibility of the student and will ensure uninterrupted attendance.

MENINGITIS REQUIREMENT

New York State law requires colleges to distribute information about meningococcal disease and vaccination to all students enrolled for at least six (6) semester hours or the equivalent per semester.

Colleges in New York State are required to maintain a record of the following for each student:

A response to receipt of meningococcal disease and vaccine information signed by the student or student's parent or guardian. This must include information on the availability and cost of meningococcal meningitis vaccine;

AND EITHER

Record of meningococcal meningitis immunization within the past 10 years;

OR

An acknowledgment of meningococcal disease risks and refusal of meningococcal meningitis immunization signed by the student or student's parent or guardian.

New York State law states that no institution shall permit any student to attend the institution in excess of 30 days from the start of the semester without complying with this law. The 30-day period may be extended to 60 days if a student can show good faith effort to comply.

For more information please visit our Health Services webpage.
Skills Placement Tests
Skills Assessment Tests In English, Reading, and Mathematics

All degree and certificate seeking applicants to the College are required to take a placement test prior to registration. This test assesses skills in the areas of writing, reading, and mathematics, with the results used to determine if special course work must be taken in those subject areas. Students whose native language is not English are required to take an English-as-a-Second Language test in lieu of the College's regular placement test. However, exemptions will be granted in the appropriate testing areas as follows:

Mathematics:
Students presenting a score of 510 to 549 on the SAT mathematics section, or a score of 22 to 23 on the ACT mathematics section shall be exempt from the arithmetic portion of the exam used for math placement. These students shall be given the algebra portion of the exam to determine any need for remediation in algebra. Furthermore, if there is no such need, they shall be given the college level math portion of the exam to determine their placement into credit math courses. Students presenting a score of 550 or more on the SAT mathematics section, or a score of 24 or more on the ACT mathematics section shall be exempt from both the arithmetic and the algebra portions of the exam used for math placement. Furthermore, these students shall be given the college level math portion of the exam to determine their placement into credit math courses.

Reading:
Students presenting a score of 550 or more on the SAT critical reading section, or a score of 24 or more on the ACT reading section shall be exempt from the reading placement exam. These students shall also be exempt from all reading remediation.

Writing:
Students presenting a score of 540 or more on the SAT writing section, or a score of 25 or more on the ACT English section shall be exempt from the writing placement exam. Furthermore, these students shall be placed into ENG 101, Introduction to Composition, the first credit-bearing English course in the composition series.

Post-graduate and Transfer Students:
Exemptions from the placement test will be given to those students who provide documentation that they possess a college degree from an accredited institution. In addition, transfer students who submit documentation that they have successfully completed a college level mathematics course equivalent to Nassau's MAT 109 (Algebra and Trigonometry) or higher shall be exempt from the mathematics portion of the placement test. Those who submit documentation that they have successfully completed a college level course equivalent to Nassau's ENG 101 (Composition I) shall be exempt from the reading and writing portions of the placement test.

Please note that: Some students who have been exempted from any part of the NCC placement testing process, but who are applying for federal or state financial aid, may be required to prove “ability to benefit” (ATB) through applicable sections of the NCC Placement tests.

The Departments of English, Reading/Basic Education and Mathematics/CSC/ITE have developed certain circumstances under which some incoming students may be offered the opportunity to retake part of the placement examination in areas where they are initially unsuccessful. These policies and procedures are available at the Testing Center.

Students whose test results indicate a need for special courses must take those courses during the first semester of attendance and continue taking them in successive semesters until completing them satisfactorily. Successful completion of prescribed remedial work is a prerequisite to enrollment in specific credit-bearing courses.

These specialized courses in English, reading, and mathematics are found in the Course Description section of this catalog under BEP 090, BEP 091, BEP 092, COM 030, ENG 001, ENG 002, ENG 030, MAT 001, MAT 002, MAT 003, RDG 001, RDG 002, RDG 030.

The College reserves the right to test or exempt from testing any student regardless of status applied for and/or deny admission to specific course offerings based on test results. The College reserves the right to deny registration privileges to any student who does not comply with all aspects of the Placement Testing Policy.

For further details on specific time and place of assessment testing, see our website www.ncc.edu/placementtesting or contact the Coordinator of Testing at 516.572.7780

TRANSFERRING CREDITS

Only equivalent courses with a grade of “C” or higher relevant to a student's degree requirements at Nassau will be accepted from other colleges to apply toward a degree. Although a minimum of 33 residential credits must be completed at NCC within the degree (15 credits within a certificate), the College may transfer additional courses in case students change their program of study while in attendance. Courses above the 33 credits will be initially excluded. Students must submit a Change of Program request to change their major—at which time all transferred in courses will be reviewed once again. Courses completed on a trimester or quarterly basis will be converted to semester hour credits. Questions regarding evaluation of transfer credits should be referred to the Office of Admissions.

ADDITIONAL CREDIT OR COURSE PLACEMENT OPPORTUNITIES

Opportunities are available to students through a policy of credit allowance for "life experience" and "credit by examination." Placement into courses or credit may be granted as is approved by the College based on one or more of the following methods: (1) Departmental criteria (including written examinations, interviews, evaluation of past work or study, auditions, etc.); (2) College Level Examination Program (CLEP);
(3) College Proficiency Examination (CPE); (4) Advanced Placement tests (AP); (5) International Baccalaureate (IB) exams; (6) United States Armed Forces Institute Examinations (USAFI/DANTES). For additional information, see "Programs for Military Personnel."

Credits earned by examination or departmental assessment are counted as non-resident credits and are not computed in the cumulative grade point average nor in the total number of credit hours carried for the semester in which they are awarded. A student may receive advanced placement with credit by passing, with a minimum score established by the department, an examination in the appropriate subject area. A student may have preliminary course(s) waived (advanced placement without credit) and register for more advanced course(s) upon satisfactory departmental assessment. In either case, the student must file an application with the department chairperson. The departments awarding credit for advanced standing and/or "life experience" are Accounting/Business Administration, Allied Health, Art, Biology, Criminal Justice, Engineering/Physics/Technology, Health/Physical Education/Recreation, Hospitality Business, Marketing/Retailing, Mathematics/Computer Science, Music, Nursing, Office Technology, Physical Science, Psychology, Sociology, and Theatre/Dance. Students interested in advanced standing and/or "life experience" credit should contact the appropriate department. See the section on Academic Departments and Curricula.

Nassau Community College subscribes to the concept of earning credit through special programs, such as Independent Study and College Proficiency Examinations, sponsored by the State University of New York and the New York State Education Department. Credit may be applied toward a degree in one or a combination of any of these special programs, if a grade equivalent to "C" or higher is obtained. Further information on these special programs is available by writing directly to the State Education Department, Albany, NY 12224.

Admission of Persons with Felony Convictions or Disciplinary Dismissals

Applicants who have been incarcerated due to any felony conviction, or have been dismissed from an institution of higher education for disciplinary reasons, may be accepted to study at Nassau Community College, providing the applicant is able to successfully satisfy the evaluation process. Applicants must submit a Request for the Admissions Review Committee form at least 30 days prior to the start of the semester along with required documentation, appropriate reference letter and meet the admission completion deadlines established.

The College may deny admission to applicants based on an individual's prior conduct or conviction where the admission "would involve an unreasonable risk to property or to the safety or welfare of specific individuals or the general public" (Corrections Law, section 752). The College may also admit an applicant with or without special conditions related to major selection, course scheduling, or involvement in campus activities. The College reserves the right to deny an applicant’s request for admission to the College or to a selected program at the College if the applicant’s prior felony conviction or incarceration or applicant’s disciplinary record would prevent the applicant from successfully completing or obtaining a required license and/or certification associated with the program.

Finances
TUITION, FEES AND EXPENSES*

Students who register for 12 or more credits or their equivalent during the fall and spring semesters are considered full-time students and pay full-time tuition and fees. During the summer semester the full-time rate does not apply; charges are based on credits or their equivalent. The tuition and fee schedule, effective with the fall 2012 semester, is subject to change at the discretion of the College. Registration is complete only upon full payment of tuition and fees.

Tuition/Fees are subject to change at the discretion of the College.

1. Education Law, Section 6305, provides, "The chief fiscal officer of each county, as defined in Section 2.00 of the local finance law, shall, upon application and submission to him of satisfactory evidence, issue to any person desiring to enroll in a community college as a
non-resident student a certificate of residence showing that said person is a resident of said county... Such person shall upon registration for each college year, file with the college such a certificate of residence issued not earlier than two months prior hereto, and such certificate of residence shall be valid for a period of one year from the date of issuance.” Education law, section 6301, paragraph 4, defines: “Resident” A person who has resided in the state for a period of at least one year and in the county, city, town, intermediate school district, school district or community college region, as the case may be, for a period of at least six months, both immediately preceding the date of such person's registration in a community college or, for the purpose of section sixty-three hundred five of this article, his/her application for a certificate of residence. In the event that a person qualifies as above for the state residence but has been a resident of two or more counties in the state during the six months immediately preceding his/her application for a certificate of residence pursuant to section sixty-three hundred five of this chapter, the charges to the counties of residence shall be allocated among the several counties proportional to the number of months, or major fraction thereof, of residence in each county.

2. Subject to New York State residency requirements; high school students not meeting residency requirements will be charged $106 per credit.

3. Except students registered solely in non-credit Continuing Education, off-campus extension classes, off-site High School programs and International Studies Courses.

4. The Late Period is designated to be within ten (10) College Business Days before the start of each session.

5. The Late Period Tuition Payment Fee will be charged for any form of payment which is made on or after the first day of classes.

6. Academic Year charge of $45. If purchased separately: $25 per fall or spring semester; $10 per winter semester; $15 per summer semester.

* The full-time rate does not apply during the summer semester; charges are based on credits or their equivalent.

**Students with overdue tuition and fees may be referred to a collection agency and will incur additional liabilities for associated costs and processes.**

**Books and Supplies**

Students are required to purchase their own books and supplies which are available at the campus bookstore. Approximate annual costs average $1,400 for a full time student.

**Budgeted Expenses**

**Dependent Student** – Tuition and fees, books and supplies, transportation, personal expenses, and board

**Independent Student** – Tuition and fees, books and supplies, transportation, housing, food, childcare, and personal expenses.

More detailed budget information may be obtained from the Financial Aid Office, Tower 3rd floor.

**Dates to Remember**

**Award Notification**

All students eligible for financial aid which includes the Federal Pell Grant, Federal Supplemental Educational Opportunity Grant (FSEOG), Academic Competitiveness Grant (ACG), Federal Work-Study, Subsidized/Unsubsidized Loans, TAP, and APTS will be sent an award letter indicating the amounts the student is eligible to receive. Those students eligible for a Federal Perkins Loan or Nursing Student Loan will also receive an award letter with the loan amount indicated on the letter.

The New York State Tuition Assistance Program (TAP) also sends an award notification directly to the student from the New York State Higher Education Services Corporation.

**Financial Aid Deadlines**

All students who wish to be considered for financial aid for the fall semester should file their applications by May 30th.

Students who want to be considered for financial aid for only the spring semester should file their applications by October 1st. By filing on or before these deadlines, depending on eligibility, you may be considered for federal campus-based aid, which includes the Federal Supplemental Educational Opportunity Grant (FSEOG), the Federal Work-Study Grant, the Federal Perkins Loan, and Nursing Student Loan funds.

The College will not process a student’s application for financial aid until all requested items to complete the file are submitted. All awards are based on the availability of funds.

**Frequency Of Filing For Financial Aid**

Students are required to file the Free Application for Federal Student Aid (FAFSA) annually and the Tuition Assistance Program (TAP) as well in order to be considered for financial aid. Due to the fact that a student’s financial situation may change, financial aid awards are not automatically renewed each year.

The Aid for Part-Time Study (APTS) application can be obtained at the College's Financial Aid Office. This must also be filed annually.

**GENERAL ELIGIBILITY REQUIREMENTS**

Since students must be enrolled in an eligible degree or certificate program in order to be considered for financial aid, all applicants for financial aid must file an application for admission to the College and have all academic records sent to the Office of Admissions. In addition to being in an eligible degree or certificate program, all financial aid applicants must meet the following requirements in order to be considered for aid:
Refund Policy & Student Tuition Liability Policy

A. In order to receive a refund of paid tuition and fees, all students who wish to withdraw from a course must complete a Drop/Add form at the Registrar’s Office. Once processed, Nassau Community College is authorized to calculate the student’s tuition liability and applicable refund per the appropriate academic study schedule shown below:

Independent Student Status

To be considered an independent student for federal financial aid purposes, a student must meet one of the following criteria: A student must be 24 years old by December 31st of the award year. As of the date you are completing your financial aid application are you married or are you separated but not divorced? Are you currently on active duty in the U.S. Armed Forces for purposes other than training? Are you a veteran of the U.S. Armed Forces? Do you have children who will receive more than half of their support from you? Do you have dependents (other than your children or spouse) who live with you and who receive more than half of their support from you? At any time since you turned 13, were both your parents deceased, were you in foster care or were you a ward of the court? Are you or were you an emancipated minor as determined by a court in your state of legal residence? Are you or were you in legal guardianship as determined by a court in your state of legal residence? At any time after July 1, 2011, did your high school or school district homeless liaison determine that you were an unaccompanied youth who was homeless? At any time on or after July 1, 2011, did the director of an emergency shelter or transitional housing program funded by the U.S. department of Housing and Urban development determine that you were an unaccompanied youth who was homeless? At any time on or after July 1, 2011, did the director of a runaway or homeless youth basic center or transitional living program determine that you were an unaccompanied youth who was homeless or were self-supporting and at risk of being homeless?

Students are urged to make appointment to speak to a counselor in the Financial Aid Office if they are considering filing for federal financial aid as an independent student but do not meet the above mentioned federal criteria.

Students applying for the New York State Tuition Assistance Program (TAP) must meet a different set of guidelines to be considered independent. TAP considers students aged 35 or older as automatically independent. Students between 22 and 34 years of age must meet additional requirements for independence as outlined in the application. Students under 22 years of age will normally be considered dependent unless they can fully document their circumstances.

Study Abroad Program

Financial aid is available to students who wish to study abroad. Students enrolled in classes abroad must be certain that these courses are approved for credit at our College and have a completed consortium agreement signed by all appropriate administrators at both the home and visiting institution. Students participating in the study abroad program must meet all the established criteria to receive financial aid.
## Schedule Of Student Tuition Liability

<td>100%/0%</td>
</tr>
</tbody>
</table>

*The first week of the semester shall be deemed to start with the first calendar day of the College semester, and shall end on the 7th calendar day of the semester.

**This policy corresponds to the Code of Standards and Procedures for Community Colleges operating under the program of the State University of New York (8 NYCRR 602.11).

Non-attendance in a class, informing the instructor of withdrawal, or stopping payment on a check, do not constitute official withdrawal notification. Students are liable for payment of tuition and fees due up to the date on which the application for withdrawal is officially approved within the refund period. Refunds will be calculated based upon the date of withdrawal as approved by the Registrar and verified by Student Financial Affairs. Students should allow at least six (6) weeks beyond the Liability/Refund Policy for refund checks to be mailed. A valid address must be on file with the Registrar in order to process a refund check.

B. To grant a full refund of tuition and fees to any student:

1. Whose course has been canceled by the College, or
2. Who is unable to complete any course because during the semester the student:
   1. Returns to Federal military service, or
   2. Enlists and is accepted into Federal military service, or
   3. Receives a change of student status through action of the Academic Standing Committee.

C. A student who is dismissed for academic or disciplinary reasons prior to the end of an academic term shall be liability for all tuition and fees due for that term.

D. To consider a refund appeal procedure: After the above official withdrawal procedure has been completed, the student who believes an exception is justified, may submit a written appeal with supporting documentation to the President’s Refund Committee. Submit all appeals to the Office of Student Financial Affairs, located on the fifth floor of the Tower Building. Exceptional circumstances such as serious illness, disability, pregnancy, or a death in the family, may warrant exceptions to the normal refund policy. The Committee reviews appeals from students on a monthly basis and will notify the student of its decision promptly. All such refund requests must be submitted within ONE YEAR after the end of the term in question.

### Scholarships–Nassau Community College

Nassau Community College makes scholarship monies available each year for a variety of programs through the College Foundation Office and administered by the Scholarship and Student Aid Committee of the Academic Senate.

Students are urged to apply for these scholarships by obtaining the proper forms from the Financial Aid Office. For more information go to [www.ncc.edu/scholarships](http://www.ncc.edu/scholarships).

Scholarship and awards are presented to incoming, returning, or graduating students from funding by members of the College's faculty and staff, by campus groups, and from local donor organizations and individuals.

Applications may be obtained from the Financial Aid Office on the 3rd floor of the Administrative Tower and from the academic department offices, the College Transfer Office in Nassau Hall, and the Nassau Community College Federation of Teachers Office.

### Scholarship Search

Many students overlook the opportunity to receive private scholarships as a source of financial assistance. Check with your employer, a parent's employer or a community organization that assists its local residents. Don't overlook your high school guidance counselor for scholarship information from your hometown and associated organizations. There are scholarship opportunities for both undergraduate and graduate students in all areas of study.

It is never too late to begin your search for scholarships. Apply for as many scholarships as possible. Don't overlook small foundations. Identify your strengths. Keep track of meritorious awards you have received, community volunteer work you have performed, jobs you have held and special interests and hobbies that make you unique.

### Disclaimer regarding private scholarship websites
The Office of Financial Aid at Nassau Community College does not endorse or recommend any scholarship service or private scholarship web sites. We encourage you to be cautious about scholarship search organizations which charge a fee. There are many free scholarship search sites available. The scholarship search sites listed here may provide useful information.

Private Scholarship Search Sites:
- College Board - www.collegeboard.com
- Collegenet - www.collegenet.com
- FASTWEB - www.fastweb.com
- Federal Money - www.fedmoney.org/0-scholarships.htm
- FinAid - www.finaid.org/scholarships
- InternationalStudent - www.internationalstudent.com
- SNR Express - www.internationalscholarships.com
- Wired Scholar - www.wiredscholar.com

These website addresses will assist you in searching for private scholarship funds. Access to the Internet is available at the campus computer center in the College Library.

Financial Aid

The Financial Aid Office is committed to providing financial assistance to students. In addition, the staff assists students and their families in developing financial plans for paying for a valuable investment of an education.

General Information

Financial aid assistance that the Federal government and New York State offer to eligible students to assist them in meeting educational expenses while attending college. Students who feel they will have a difficult time in meeting the total cost of attending college are encouraged to apply for financial aid. Most financial aid is awarded on the basis of financial need, which is defined as the cost of attendance minus the family’s expected contribution (EFC). The College uses the federally mandated need analysis calculation to assess the family’s expected contribution toward the cost of education. Financial aid may never exceed cost of attendance.

The cost of education includes the yearly cost for full-time, three-quarter time, half-time and less than half-time tuition, fees, home maintenance living expenses, personal expenses, transportation, books and supplies. The following are estimated college costs at Nassau Community College for 2012-2013.

Dependent Student at Home
Full-time 9 months

- **Tuition:** $3,990
- **Fees:** $328
- **Books and Supplies:** $928
- **Transportation:** $2,148
- **Personal/Miscellaneous:** $2,680
- **Room and Board:** $4,050

**Total:** $14,124

Independent Student Not at Home With/Without Dependents
Full-time -9 months *

- **Tuition:** $3,990
- **Fees:** $328
- **Books and Supplies:** $928
- **Transportation:** $2,148
- **Personal/Miscellaneous:** $2,680
- **Room and Board:** $13,056

**Total:** $23,130

* May be subject to change

Once the family’s expected contribution is subtracted from the total cost of education, the remainder is the student’s financial need. The College will attempt to meet this need by preparing a “Financial Aid Package”, which may consist of a combination of grants, loans, and/or employment opportunities.

Rights and Responsibilities

1. Complete the Free Application for Federal Student Aid (FAFSA) every academic year: www.fafsa.gov. A student aid report (SAR) will be e-mailed to you from the Department of Education notifying you of your EFC (Expected Family Contribution). This information will also be sent to Nassau Community College if you entered the school code, 002873, on the FAFSA. The College will then determine and notify you of your financial aid award.
2. You must be a matriculated student in an approved degree or certificate program at Nassau Community College to be eligible for financial aid. Classes taken for audit are not eligible for financial assistance. It is the student's responsibility to inform the Office of Financial Aid if he/she enrolls in a class for an audit grade.

3. Your financial assistance is awarded based on calculated need as determined from the information you provided on your FAFSA. Financial aid awards are subject to adjustments or cancellations due to changes in laws, regulations, appropriations, changes in your financial situation, verification, discovery of data errors, changes in your enrollment status, or changes in your residency status amongst other reasons.

4. You must maintain satisfactory academic progress. Students receiving federal aid for their educational costs are required to maintain an acceptable cumulative GPA, while at the same time completing a specified percentage of the credits for which they registered within a certain time frame.

5. Student must file a FAFSA to be considered for Federal student loans.
   1. Perkins Loan—a low interest loan (5% fixed) is awarded based on financial need. Interest begins nine months after the student is no longer enrolled for at least 6 credits.
   2. Federal Direct Stafford loans—A subsidized loan is a need-based loan. An unsubsidized loan is NOT based on financial need. You are responsible for the interest that begins to accrue on this loan once it is disbursed. You must be enrolled at least half-time (six degree-bearing credit hours minimum) to be eligible for the Federal Direct Loan(s) in a given semester. Repayment of these loans begins six months after you stop pursuing your degree or you are registered for less than 6 credits. You will then be required to complete an on-line, Exit Counseling session at www.studentloans.gov.

6. Students who have been previously incarcerated or are currently incarcerated or who might be incarcerated during their current term of attendance must identify themselves to the financial aid office to determine their financial aid eligibility.

7. If you receive any financial assistance from an outside source (e.g., a private scholarship or grant) you must inform the Financial Aid office.

8. You will be responsible for repaying any funds you receive that exceed your financial need, or if for any reason, you become ineligible for the financial aid. Changes in your actual enrollment status, such as non-attendance, course withdrawals or if you stop attending classes without officially withdrawing (unofficial withdrawal), could reduce or cancel your award and repayment may be required. Please contact the Office of Financial Aid prior to dropping or withdrawing from the College. It may impact your current or future aid eligibility and you will be responsible for any balance on your student account.

9. Students should be aware that withdrawal from one or more courses may affect some, or possibly all, financial aid awards therefore, it is prudent to understand the consequences of the withdrawal before formally submitting the paperwork. Financial aid awards will be revoked upon withdrawal should the withdrawal affect the eligible enrollment status.

10. If requested, you must provide documents to verify the accuracy of information reported on the FAFSA before financial aid can be awarded or disbursed to your student account. The requested documentation must be submitted prior to your last date of enrollment. If not, you may lose aid eligibility and be responsible for your tuition and fee semester bill.

11. Federal Work-Study (FWS) is determined by the results of your FAFSA. Although the FWS amount is shown on your Award Letter, FWS funds are not disbursed into your NCC student account. You receive a pay check every two weeks. Job placement is based on availability.

12. Students who have completed their degree or certificate program will not be eligible for financial aid in subsequent semesters unless they are enrolled in another degree program. Bachelor's degree: If you already have this degree, you are ineligible for Federal Pell and Federal SEOG.

13. If you are having problems with your Direct Loan that your school cannot resolve, contact the U.S. Dept. of Education's Office of Loan Ombudsman at 1.877.557.2575 or visit their web site at www.ombudsman.ed.gov.

14. If it is determined that you have provided or purposely given false or misleading information, you may be fined up to $20,000, sent to prison, or both.

15. Repeat courses: Courses in which the student has already received a passing grade cannot be included in meeting full-time study requirements for State sponsored financial aid. Repeat courses may be counted toward full-time study if a failed course is repeated or when a student has received a passing grade at the college but is unacceptable in a particular curriculum or area of concentration. You may receive federal aid toward a course you are repeating for a better grade once.

16. For students in remediation classes: First time TAP (Tuition Assistance Program) recipients must be registered for non-remedial courses equal to at least 6 credits to be considered for the 2006/2007 state academic progress chart. The remaining classes must be degree-bearing so the total enrollment equals full-time status which is 12 or more credits.

17. Ability to Benefit: Students that have received their high school diploma from a foreign school must take an approved "Ability to Benefit" test and attain a passing score prior to the start of the semester in order to be considered for state aid. Contact the Placement Testing Center at placemntesting@ncc.edu or call 516.572.9604.

18. Aid for part-time study (APTS) grant recipients must be enrolled for 3 to 11.5 credits. Students carrying a part-time course load that includes non-credit remedial courses must be registered for at least 3 degree-bearing credits.

19. Winter Session is considered as part of the Spring semester for federal financial aid purposes. This means that if a student is registered for three credits during Winterim, and nine credits during Spring, they would be considered a full-time student and their Federal financial aid would be packaged as such. All students are responsible to pay their Winterim tuition bill by the assigned due date. All Winterim and Spring financial aid will be disbursed together as spring aid and will be disbursed in the spring semester only. Please note: New York State aid such as TAP and Aid for Part Time Study, is not available for Winterim. Please be aware that all awards are contingent upon funding and your remaining aid eligibility.

20. To be eligible for the Bookstore Voucher, a Financial Aid application must be accurate and in our database. In addition, any missing documents needed to fully process your application must be error free and submitted to our office. Check the Financial Aid Office for
book voucher cut off dates and deadlines. Book voucher amounts are determined based on the fact that your Pell Grant and Supplemental Education Opportunity Grant (S.E.O.G.) exceed your semester’s bill by at least $100.00.

21. Read your NCC e-mails, letters, postcards, announcements and other notifications that you receive from the College. Check the NCC website for deadlines.

22. You can view your financial aid awards, read messages, and determine what documents are required. Start by logging in at this link, http://www.ncc.edu/myncc/

• Log in using your NCC ID(N#) and Password (PIN)
• Select the Financial Aid Tab at the top

Click:

• Eligibility to see the outstanding documents still needed
• Award to view & accept award offers

You may contact the necessary office with any questions:

• Admissions: admissions@ncc.edu, 516.572.7345
• Financial Aid: financialaid@ncc.edu, 516.572.7397
• Bursar/Student Financial Affairs: bursar@ncc.edu, 516.572.7326
• Registrar: registrar@ncc.edu, 516.572.7355

Federal Financial Aid (FAFSA)

Step 1: Complete the Free Application for Federal Student Aid (FAFSA)

There are three ways you can complete the FAFSA:

1. Online: Apply online at www.fafsa.gov. It’s fast, easy, and efficient. Before you complete the FAFSA, you must request a Personal Identification Number (PIN) at www.pin.ed.gov. If you are a dependent student, your parent will need to request a PIN as well. The PIN will act as your electronic signature.

2. Renewal FAFSA: If you applied for financial aid during the previous academic year, you will be able to complete the Renewal FAFSA online. You can access your Renewal FAFSA online at www.fafsa.gov. However, you will need your PIN. You can request a PIN at http://www.pin.ed.gov if you do not already have one.

3. Paper Application: Complete a paper application and mail it to the processing agency. You can obtain a paper FAFSA by calling 1.800.433.3243 or by downloading a copy at www.FederalStudentAid.ed.gov

Helpful Tips

1. You must complete a FAFSA each academic year.
2. Do not wait until you have been admitted to the College to apply.
3. You are allowed to complete the FAFSA after January 1st for the next academic year. First time applicants beginning their studies in the January (spring) semester should speak with the financial aid office about correct filing time.
4. On the FAFSA, you must indicate Nassau Community College federal school code, which is 002873.
5. Keep copies of all documents that you used to complete the FAFSA in case your application is selected for federal “verification.” Applicants should be prepared to submit verification documents (including IRS income tax tax return transcripts) to the Financial Aid Office upon request.

Why should everyone file a “Free Application for Federal Student Aid” (FAFSA)?

Nassau Community College’s Financial Aid Office recommends that every student complete a FAFSA because:

• Every student is eligible for some type of financial assistance.
• A FAFSA must be filed in order to receive any type of Federal or State financial aid, including loans.

The Free Application for Federal Student Aid (FAFSA) is an annual document used to collect information for determining need for aid. The information is confidential and is sent only to schools listed by the prospective student. By listing Nassau Community College along with the school code #002873, financial aid information is loaded into the College’s database electronically.

After you submit your F.A.F.S.A., you will be notified that your application was processed or if corrections were necessary. The college will receive the information electronically. The information provided on these forms determines the amount of the award(s). All awards are based on financial need and the cost of education.

The Federal Pell Grant, Federal Work-Study Program (F.W.S.) and Federal Direct Loan Program base the amount of the award on enrolled credits. Any change of enrollment during the year can cause the amount of funding to be changed. Copies of Standards of Satisfactory Academic Progress for Title IV (Federal) aid are available in the Financial Aid Office and are included in this section of the catalog.

Disbursement of Financial Aid
Federal Grant Funds: Federal grant funds are first credited to students’ accounts if they have any outstanding tuition and fee liability. Excess money is then sent directly to the student to reimburse him/her for education-related expenses that have been incurred. Excess federal funds are normally disbursed to the student after attendance is confirmed.

Federal Direct Loan Funds

Direct Stafford subsidized and unsubsidized loan funds are sent directly to the College. Once the student’s eligibility is recertified, money is disbursed. If the student owes any tuition and fee liability to the College, loan funds are generally the first source of funding used to credit the account. This is done as the loan funds become available.

Refund Policy for Federal Financial Aid Recipients

If a student totally withdraws from the College for a particular semester and was a federal financial aid recipient, the student is entitled to receive funding based on the percentage of the payment period (semester) that the student completed.

If the student completes more than 60.01% of the period, he or she earned 100% of the aid for that period of enrollment.

If the student completes 60% or less of the period of enrollment, the percentage of the period completed is the percentage of aid earned and eligible to receive. Any aid that is unearned as a result of totally withdrawing from the College at the 60% or less point of the semester must be returned to the Department of Education.

This policy applies to all students receiving federal aid during the fall, spring or summer semesters.

Federal Loan Program

In order to apply for these loans, a student must first complete the Federal Financial Aid Application process.

Federal Stafford Loans - there are two types of Stafford Loans: subsidized and unsubsidized loans. The interest rate for the subsidized Stafford Loan is 3.4%*. The interest rate for the unsubsidized Stafford Loan 6.8%*.

*This rate is subject to change.

Subsidized Stafford Loans are based upon financial need. The government pays the interest on these loans as long as the student is enrolled at least half-time. Repayment of the loan, with interest, is due beginning six months after the student is no longer enrolled, or is less than a half-time student. A loan origination fee and origination fee is charged at the onset of the loan.

Unsubsidized Stafford Loans are similar to the subsidized loans, except that they are not need-based and interest on these loans begins to accrue within 30 days after disbursement. Interest can be deferred.

Federal Parent Loans for Undergraduate Students (PLUS) are limited to the parents of dependent students.

Currently, the maximum PLUS loan is the cost of education minus other financial aid per year, at an interest rate that varies based on the year the loan is received. An origination fee is withheld when the loan is disbursed. A valid FAFSA must be filed with NCC’s school code listed.

Loan borrowers must indicate on their FAFSA that they are interested in taking out a loan and sign a loan promissory note.

All first-time borrowers must complete the federally mandated loan-entrance interview counseling session prior to loan funds being disbursed. Loan interviews can be completed in person at the Financial Aid Office or online at www.studentloans.gov. Once a student drops below six credits or ceases to attend the College, he/she is required to complete a loan-exit interview. For more information, go to www.nslds.ed.gov

Federal Pell Grants

A Federal Pell Grant is an undergraduate student award which does not have to be paid back. Eligibility for this program is based upon a standard formula established by Congress. To apply for a Federal Pell Grant, a student must complete the application process using the Free Application Form for Federal Student Aid. These grants currently range between $192 to $5,550 per year.

Federal Perkins Loan

This program provides low-interest, long-term, deferred loans which are interest-free until nine months after the borrower ceases to carry at least six credits. An interest rate of 5% annually is applied on the unpaid balance and payments are made quarterly. Applicants who indicate interest in a loan and have exceptional financial need are reviewed for Perkins Loan eligibility. Priority is given to Federal Pell Grant recipients. Funds provided by the government for this program are limited.

Federal Supplemental Educational Opportunity Grants (FSEOG)

These grants are for students of exceptional financial need who otherwise would be unable to continue their education. Priority is given to Federal Pell Grant recipients. The grants range from $150 to $300 each year. All applicants are reviewed for FSEOG eligibility. Funds provided by the government for this program are limited.
Federal Work-Study (FWS)
This is a federally funded, need-based program of part-time employment. It is possible to earn up to $2,800 per academic year on campus or off campus while earning a degree. Applicants who indicate interest in work on the Free Application for Federal Student Aid (FAFSA) are reviewed for FWS eligibility.
Students seeking other part-time or full-time employment both on and off campus should review Job Placement in the Student Services section of this catalog.

Iraq and Afghanistan Service Grant
If you are not eligible for a Pell Grant but your parent or guardian was a member of the U.S. armed forces and died as a result of service performed in Iraq or Afghanistan after September 1 2001, you may be eligible for this grant. To receive this grant you must be under the age of 24, enrolled in college, at least part time, at the time of your parent’s or guardian’s death. The amount of the grant will be equal to the maximum Pell Grant for the award year, although the amount will not exceed the cost of attendance for that award year.

Nursing Student Loan (NSL)
This program is limited to Nursing students. Terms are similar to the Perkins Loan. Students must demonstrate financial need to be considered for this loan.

Federal Loan Program
In order to apply for these loans, a student must first complete the Federal Financial Aid Application process.

Federal Stafford Loans - there are two types of Stafford Loans: subsidized and unsubsidized loans. The interest rate for the subsidized Stafford Loan is 3.4%*. The interest rate for the unsubsidized Stafford Loan 6.8%*.

*This rate is subject to change.

Subsidized Stafford Loans are based upon financial need. The government pays the interest on these loans as long as the student is enrolled at least half-time. Repayment of the loan, with interest, is due beginning six months after the student is no longer enrolled, or is less than a half-time student. A loan origination fee and origination fee is charged at the onset of the loan.

Unsubsidized Stafford Loans are similar to the subsidized loans, except that they are not need-based and interest on these loans begins to accrue within 30 days after disbursement. Interest can be deferred.

Federal Parent Loans for Undergraduate Students (PLUS) are limited to the parents of dependent students.
Currently, the maximum PLUS loan is the cost of education minus other financial aid per year, at an interest rate that varies based on the year the loan is received. An origination fee is withheld when the loan is disbursed. A valid FAFSA must be filed with NCC's school code listed.

Loan borrowers must indicate on their FAFSA that they are interested in taking out a loan and sign a loan promissory note.
All first-time borrowers must complete the federally mandated loan-entrance interview counseling session prior to loan funds being disbursed. Loan interviews can be completed in person at the Financial Aid Office or online at www.studentloans.gov. Once a student drops below six credits or ceases to attend the College, he/she is required to complete a loan-exit interview. For more information, go to www.nslds.ed.gov

Veterans Benefits
Information and certification of Veterans Administration benefits may be obtained at the Office of the Registrar.
Veterans of the armed services and children of deceased veterans are eligible for benefits. Upon presentation of authorization from the Veterans Administration, the College will certify enrollment.
The government pays allowances directly to veterans or children of deceased veterans. The Veteran's Administration will pay tuition and fees directly to the College for veterans qualifying for the Post 9/11 GI Bill.
Staff representatives are available in the Office of the Registrar to provide claims processing services necessary to receive veteran's educational benefits. Certain veterans benefits must be considered resources when packaging campus-based funds. However, the same benefits are now excluded from the definition of estimated financial assistance used to determine subsidized Stafford Loan amounts under the FFEL and Direct Loan programs.

State Financial Aid (TAP/APTS)
Students interested in applying for financial aid sponsored by New York State must complete a FAFSA and then a New York State Tuition Assistance Program (TAP) application, if they intend to enroll as full-time students, or by completing the New York State Aid for Part-Time Study application (APTS), if they intend to enroll as part-time students. For more information, go to www.hesc.com and www.tapweb.org. The TAP Grant is administered by the Higher Education Services Corporation (H.E.S.C.)
To start the TAP application process you must complete and submit the Free Application for Federal Student Aid (FAFSA) electronically at www.fafsa.ed.gov. New York State will use FAFSA information as part of your application for TAP. If you apply using FAFSA-on-the-Web, you will be able to link to your online TAP application at the end of the FAFSA session.

You will be asked to establish a PIN (Personal Identification Number) for TAP. The TAP PIN will allow you to complete your application, keep track of your application information, or make changes later. After establishing your PIN, you will be able to complete your TAP application online. Information from your FAFSA and your family’s calculated New York State net taxable income will be pre-filled on your TAP-on-the-Web application. Follow the instructions provided.

If you choose not to apply online, HESC will mail you an Express TAP Application (ETA). Information from your FAFSA and your family’s calculated New York State net taxable income will be preprinted on your ETA. Review this information, change any incorrect items, complete any missing items, then SIGN AND MAIL THE FORM USING THE RETURN ENVELOPE.

If you have previously received TAP and your information remains the same, you may only have to file a FAFSA to receive an award.

If you provide an e-mail address on your FAFSA, HESC will use that address to contact you about your TAP application, give you processing updates, or award information. Please respond to any requests or instructions sent by HESC. You can check the status of your TAP at any time at www.hesc.com

The TAP application deadline is June 30 of the academic year for which aid is sought.

Graduates Of High Schools Outside Of The United States

Students first receiving state aid in 2006-07 who do not have a certificate of graduation from a recognized school within the United States providing secondary education (a high school diploma or recognized equivalent), must obtain a “passing score on a federally approved ability-to-benefit (ATB) test that has been independently administered and evaluated as defined by the Commissioner of the State Education Department” in order to receive New York State funded grants or scholarships, including Tuition Assistance Program (TAP) awards and the Aid for Part-Time Study Grant. The placement test used by NCC for incoming students, Accuplacer, is a federally approved ATB test.

You must take the ATB test prior to the end of the college’s add/drop period. To schedule an Ability to Benefit test contact the Placement Testing Office at 516-572-9604 or placementtesting@ncc.edu. Questions regarding financial aid can be e-mailed to financialaid@ncc.edu.

Academic Progress for New York State TAP Recipients

Students must also meet standards of satisfactory academic progress and pursuit for state aid programs. There are three elements of satisfactory academic progress that all financial aid recipients must achieve in order to receive financial aid from the New York State sponsored Tuition Assistance Program (TAP):

1. Students must accrue a specific number of credits based upon the total number of TAP payments received.
2. Students must achieve a minimum grade point average based on the total number of TAP payments received.
3. Students must complete a designated number of credits in the prior semester they received TAP, based on the number of TAP payments received. See chart below.

REQUIREMENTS FOR TAP AND OTHER N.Y. STATE GRANTS

Below are the NYS TAP standards for the following populations: Students who first received TAP in 2007 to 2009, remedial students taking or having already taken six (6) remedial credits, and EOP students.

| Academic requirements for New York State part-time financial aid programs (Aid for Part-Time Study, Part-Time TAP, Accelerated TAP and part-time scholarships) are prorated. |

### Aid for Part Time Study (APTS)

Part-time students enrolled in 3 to 11.5 credits are eligible to apply for this award. APTS is subject to allocations from New York State. To receive APTS, you must complete both the Free Application for Student Aid (FAFSA) and the Aid for Part-Time Study applications. To remain eligible for APTS, students must maintain academic progress as defined by New York State. Check the Financial Aid Office for filing deadlines and additional eligibility criteria.

### Tuition Assistance Program (TAP)

Full-time matriculated students who are U.S. citizens or eligible non-citizens requesting state assistance may apply for the Tuition Assistance Program. This program currently provides awards of $500 to $3,990 per academic year, based upon the family’s New York State net taxable income and the amount of tuition. State Education Department regulations require students applying for the Tuition Assistance Program to meet the minimum standards for satisfactory academic progress, as listed in this catalog, in order to continue their eligibility for assistance. Students not complying with these standards, which are not the same as the College's established standards for satisfactory progress, will have their awards suspended. Their eligibility will be reestablished only after they have successfully met the state's academic progress and pursuit standards.

In addition, students must complete a percentage of the full-time course load (12 credits) each semester of eligibility. They must receive a grade—either passing or failing—in 50% of their courses each semester of their first year, 75% in their second year, and 100% in their third year.

Students who do not meet the above criteria and who have documented medical, psychological, and/or personal problems may seek a one-time waiver from the Financial Aid Office.

Students enrolled in a two-year program cannot receive more than three (3) years of TAP payments.

### Part-Time TAP

Part-time undergraduate students at approved institutions in New York State who were first-time, full-time freshmen in academic year 2006-07 or thereafter, may be eligible for Part-time TAP to help pay for college beginning in the summer of 2007. Students who have attended college and/or received TAP prior to academic year 2006-07 are ineligible.

Part-time TAP is an entitlement program that uses up TAP eligibility (a maximum of 48 points for four years of full-time or eight years of part-time undergraduate study or 60 points for students enrolled in approved five-year programs).

In addition to the general eligibility, students must:

- Be matriculated;
- Be enrolled for at least 6 but fewer than 12 semester hour credits or the equivalent;
- Have earned 12 credits in each of two consecutive prior semesters (credits from New York State not-for-profit institutions only); a full-time summer term can be used to meet the prior study requirement;
- Maintain a "C" average and meet good academic standing requirements;
- Meet income eligibility limitations (income limits are the same as for TAP).
A student must meet the 24-semester credit prior study requirement only once to be eligible for Part-time TAP.

**Records & Registration**

Registration is conducted in a credit priority system for currently enrolled students. A student is considered continuing if they have enrolled anytime during the past 4 semesters. Currently enrolled students with the highest number of credits completed will be given the opportunity to register first. Students are strongly urged to comply with their credit priority to ensure optimum advisement and choice of courses. Normally, students who take advantage of their first opportunity to register are able to secure the courses and schedule they desire.

**MyNCC Online System**

MyNCC is the online Nassau Community College information and registration system. All students can view available information and perform some functions. Self-service registration is available to many students but may be limited for new students attending NCC or students in certain remediation.

For additional information about MyNCC, see the College’s website at [www.ncc.edu/myncc](http://www.ncc.edu/myncc).

**Attendance Regulation**

No student shall be awarded academic credit for any course unless properly enrolled (appropriate forms and payment of tuition and fees) on or before the last date for the filing of drop/add forms for the semester in question (first week of fall or spring classes or second day of summer semester).

Entering freshman students will be enrolled for a maximum of 16 semester hours of credits. Academic advisors may, however, recommend a 17 or 18-credit load if the student's high school record indicates an overall average of 85% or higher or for other extenuating circumstances. Written approval of the area department chairperson is required. Continuing and returning students may enroll in no more than 17 credits per semester.

In special circumstances, written approval to enroll for 18 credits may be granted by either the department chairperson of the student's area of study or the Director of Academic Advisement or designee. Certain degree programs call for a student to enroll in 18 or more credits as part of his/her recommended progress toward a degree. In these instances a student must obtain the written approval of the department chairperson of the student's area of study. All other students requesting more than 18 credits for a semester must obtain the written approval of the Director of Academic Advisement or the appropriate Academic Affairs Area Dean.

**Admission to Class**

Once a semester has begun, and within the drop/add period, students will be admitted to a course only upon the presentation of either a paid, validated receipt from the Bursar's office, or a valid Senior Citizen permit.

**Class Attendance**

Students are expected to attend all classes. Absences due to illness or for other serious reasons may be excused at the discretion of the instructor. Students are advised that absences in excess of 10% of the total class meetings may result being dropped from the course. Some departments may have additional attendance guidelines and related grading policies. The instructor shall detail the specific attendance policy for his/her class. Students are responsible for all course work missed. Students receiving Veterans Administration educational benefits are reminded of their legal obligation to withdraw officially and to notify the VA Certifying Officials in the Office of the Registrar if there are any changes in enrollment.

**Auditing of Classes**

Auditors may be permitted in classes under the following conditions:

1. Regular course fees are paid;
2. Section enrollment limits are not exceeded;
3. Auditors are clearly identified to the instructor;
4. Auditors do not preempt seats desired by credit students (i.e. auditors are not admitted until after the drop/add period is completed);
5. No more than five auditors may be permitted in any one section;
6. A grade cannot be subsequently or retroactively awarded. Nassau County residents aged 60 years or older, please see catalog section on "Senior Observers."

**Religious Absences**

The laws of the State of New York, Section 224 A of the Education Law, provide that:

1. No person shall be expelled from or be refused admission as a student to an institution of higher education for the reason that he/ she is unable, because of his/her religious beliefs, to register or attend classes or to participate in any examination, study or work requirements on a particular day or days.
2. Any student in an institution of higher education who is unable, because of his/her religious beliefs, to attend classes on a particular day or days, shall, because of such absence on the particular day or days, be excused from any examination or any study or work requirements.
3. It shall be the responsibility of the faculty and of the administrative officials of each institution of higher education to make available to each student who is absent from school, because of his/her religious beliefs, an equivalent opportunity to register for classes or make up any examination, study or work requirements which he/she may have missed because of such absence on any particular day or days. No fees of any kind shall be charged by the institution for making available to the said student such equivalent opportunity.
4. If registration, classes, examinations, study or work requirements are held on Friday after four o'clock post meridian or on Saturday, similar or makeup classes, examinations, study or work requirements or opportunity to register shall be made available on other days, where it is possible and practical to do so. No special fees shall be charged to the student for these classes, examinations, study or work requirements or registration held on other days.

5. In effectuating the provisions of this section, it shall be the duty of the faculty and of the administrative officials of each institution of higher education to exercise the fullest measure of good faith. No adverse or prejudicial effects shall result to any student because of his/her availing himself or herself of the provisions of this section.

6. Any student, who is aggrieved by the alleged failure of any faculty or administrative officials to comply in good faith with the provisions of this section, shall be entitled to maintain an action or proceeding in the Supreme Court of the county in which such institution of higher education is located for the enforcement of his/her rights under this section.

   • 6a. It shall be the responsibility of the administrative officials of each institution of higher education to give written notice to students of their rights under this section, informing them that each student who is absent from school, because of his/her religious beliefs, must be given an equivalent opportunity to register for classes or make up any examination, study or work requirements which he/she may have missed because of such absence on any particular day or days. No fees of any kind shall be charged by the institution for making available to such student such equivalent opportunity.

7. As used in this section, the term “institution of higher education” shall mean any institution of higher education, recognized and approved by the Regents of the University of the State of New York, which provides a course of study leading to the granting of a post-secondary degree or diploma. Such term shall not include any institution which is operated, supervised or controlled by a church or by a religious or denominational organization whose educational programs are principally designed for the purpose of training ministers or other religious functionaries or for the purpose of propagating religious doctrines. As used in this section, the term “religious belief” shall mean beliefs associated with any corporation organized and operated exclusively for religious purposes, which is not disqualified for tax exemption under section 501 of the United States Code.

Graduation
A minimum cumulative grade point average of 2.0 is required for graduation from both degree and certificate programs. Students are required to complete at least 33 credit hours in residence (i.e. completed at NCC) within the degree programs and 15 credit hours in residence within the certificate programs. If a student believes that all requirements for a degree or certificate will be completed by the end of the fall, spring, or summer semester, he or she must submit to the Registrar's Office an Application for Graduation along with a printed Degree Evaluation using MyNCC. Students who were admitted under the GED program must apply for the equivalency diploma through the New York State Education Department in order to be subsequently awarded a degree or certificate. The Office of the Registrar can provide the application to apply for the equivalency diploma. The Application for Graduation must be submitted to the Office of the Registrar with a Degree Evaluation by the following deadline dates:

- Fall Semester Graduates – Last Monday in October
- Spring Semester Graduates – Last Monday in February
- Summer Semester Graduates – Last Monday in June

A student who is no longer attending Nassau who has transferred to another higher education institution and who now desires to complete a Nassau Community College degree or certificate program may transfer back no more than 9 credits to complete the degree or 6 credits to complete the certificate. An official transcript from the transferring institution must be submitted to the Registrar before applying for graduation. Only equivalent courses with a grade of "C" or higher relevant to a student's degree or certificate requirements at Nassau Community College will be accepted from other colleges. Under extenuating circumstances, the Office of Academic Affairs may grant permission, in writing, for a student to transfer back more than 9 credits required to complete a Nassau Community College degree or more than 6 credits to complete a certificate program. Transferring back credits does not alter the minimum credits required in residence for degree and certificate programs.

Graduation & Retention
Under the Student-Right-to-Know Act, the College is required to report data on the cohort (or group) of first-time, full-time degree/certificate seeking undergraduates and report their status at 150% of the normal time for completion of their program. For associate degrees, normal completion time is 2 years.

The most recent cohort for whom data are reported entered in Fall 2008 and their status for Fall 2011 is shown as of August 31, 2011.

### Residency Requirements, NY State

#### Residency Requirements for Tuition Purposes

To be eligible for the resident tuition rate, a student must have one year's legal residency in New York State and six months in the County of Nassau immediately preceding the time of registration for any period of attendance. The legal residency of unmarried students under 21 is deemed to be that of their parents.

New York State students from counties other than Nassau may have the nonresident tuition rate waived by submitting a Certificate of Residency from their home county fiscal office prior to payment of tuition and fees. The submission of a valid Certificate of Residency qualifies students who reside in counties other than Nassau for the Nassau County resident tuition rate.

Applications for a Certificate of Residency are available in the Bursar's Office, Tower, Lower Level and Student Financial Affairs, Tower, 5th floor. For students commencing study in the fall semester, the certificate will cover a full year, including fall and spring semesters and summer sessions. Certificates of Residency must be renewed each year. Individuals on student visas cannot qualify for a Certificate of Residency. Questions about residency status should be directed to the Office of Student Financial Affairs, Tower 5th floor or by telephone at 516.572.7563 or 7326.

### Schedule Changes

#### Drop/Add Course Changes

Students are expected to exercise discretion and forethought in the selection of courses and in scheduling their class hours each semester. Changes of schedule will not be permitted after the first week of classes in a regular semester or the second day of classes in a summer semester.

Straight withdrawals, however, may be made at any time in accordance with "Withdrawal Grades" described in a later section of the catalog.

A fee will be charged for all Drop/Adds during "Late Period" except "necessary" changes and straight withdrawals (see "Fee Schedule"). Drop/Add may be performed online or, if in person, the form must be submitted to the Office of the Registrar.

#### Change of Approved Program

A student wishing to change his/her program should first obtain a Change of Program form at the Registrar's Office or the office of the academic department the student wishes to enter. The form lists the procedures to be followed. See "Grade Point Average" section in this catalog for possible effect on grades.

Students not meeting the initial admission requirement to the new area of study will not be given approval for such a change until they have satisfactorily completed at least 15 credits at the College. The College reserves the right to refuse matriculation or change of program into specific departments because the number of qualified students often exceeds the number of spaces available.

### Transcripts

An unofficial or end of semester grade report is available through MYNCC in using www.ncc.edu/MyNCC. Go to Student Records and click on the desired link. Official transcript requests are available using MyNCC.

Nassau Community College reserves the right to deny copies of official transcripts if the student has unpaid financial obligations to the college.

### Veteran Certification

Veterans who have registered for classes should meet with one of the VA Certifying Officials in the Office of the Registrar for VA enrollment certification. Veteran students must bring a copy of their schedule and a print-out of their bill. The NCC VA Certifying Officials are available Mon-Fri, 10:00 a.m.-12:00 p.m. and 2:00-4:30 p.m. For evening hours, please refer to the Veterans website page. The enrollment certification process must be repeated every term.
The College offers numerous curricula leading to the Associate in Arts (A.A.), Associate in Science (A.S.), and Associate in Applied Science (A.A.S.) degrees, as well as special Certificate programs, the requirements for which are listed in this section.

Programmatic requirements vary according to specific curricula. In planning a course of study, students should be guided by specific program requirements listed in this section.

LIBERAL ARTS AND SCIENCES

The College offers two degrees in Liberal Arts and Sciences which provide flexibility in planning a two-year academic program. The degrees are differentiated by the proportion of Liberal Arts and Sciences as mandated by law.

The Associate in Arts degree in Liberal Arts and Sciences: Humanities and Social Science devotes three-quarters of the coursework to the liberal arts and sciences.

Students pursuing an Associate in Arts degree may prepare for transfer to upper-division study in subject areas such as:

- Anthropology
- Economics
- English
- Finance
- Foreign Languages
- Geography
- History
- Philosophy
- Physical/Health Education
- Political Science
- Psychology
- Sociology

The Associate in Science degree in Liberal Arts and Science: Mathematics and Science devotes one-half of the coursework to the Liberal Arts and Sciences.

Students pursuing this degree may prepare for transfer to upper-division study in subject areas such as:

- Biology
- Chemistry
- Engineering
- Mathematics
- Pharmacy
- Physical Sciences
- Physical Therapy
- Physics
- Toxicology

- b. Global Awareness and Non-Western Cultures
- c. Pluralism and Diversity

Nassau Community College: http://collegecatalog.ncc.edu/current

Fall 2012
OFFICE: Cluster A, Room 3020, (516) 572-7544.
CHAIRPERSON: Lynn Mazzola, Lynn.Mazzola@ncc.edu.
TECHNICAL ASSISTANT: R. D’Anna
COURSES OFFERED: Accounting (ACC), Business (BUS)

The following curricula are offered by this Department:
Accounting (A.S.) - This curriculum prepares students for transfer to four-year institutions where they may complete the requirements for a Bachelor's degree with a major in accounting. The program enables the student to partially fulfill the educational requirements for the New York Certified Accounting examination.
Accounting (A.A.S.) - This curriculum prepares students for employment in the accounting field. The program includes technical and specialized courses which will equip students to relieve the professional accountant of many details and clerical assignments.
Business Administration (A.S.) - This program prepares students for transfer to four-year institutions to continue their education in general business areas. Such a program would be suitable for those with career objectives in business management, administration, investments, finance, marketing, or any other position in the business world.
Business Administration (Cert.) - This program provides students with the necessary skills for immediate entry into today's business world. Most courses in the program can be applied toward the A.S. degree in Business Administration or the A.A.S. degree in Marketing.
Accounting (A.S.) - This curriculum prepares students for transfer to four-year institutions where they may complete the requirements for a Bachelor's degree with a major in accounting. The program enables the student to partially fulfill the educational requirements for the New York Certified Accounting examination.

*This elective will permit the student to select a course in any area of specialization to gain exposure to other disciplines.*

Gainful Employment Disclosure Information
COURSES OFFERED: Administrative Business Technology (ABT) and Health Information Technology (HIT).

The Administrative Business Technology Department provides students with the opportunity to acquire the skills and competencies necessary to use computers for professional and personal use; to obtain employment in an administrative support technology, legal, or medical office environment.

Using state-of-the-art computers and various software applications, students develop expertise in word processing, desktop publishing, web page formatting, e-commerce, and business presentations. Emphasis is placed on administrative support technology, legal, and medical office procedures. In addition, students who wish to continue their education are able to transfer some or all of their credits to four-year institutions. New courses in Health Information Technology (HIT) train workers to become qualified medical coders. Medical coding (or clinical coding) specialists review and analyze health records to identify relevant diagnoses and procedures.

Each semester students meet on an individual basis with a faculty advisor. This advisement process allows students to become familiar with the specific requirements of their chosen program of study and provides them with an opportunity to review their academic progress and career options.

The following curricula are offered by this Department:

Administrative Support Technology (A.A.S. and Cert.)
This curriculum provides students with a broad conceptual framework in office automation and information systems combined with a strong learning experience in communication skills, keyboarding, and computer applications. This program includes an up-to-date curriculum that incorporates word processing, spreadsheets, database applications, desktop publishing, web page formatting, and e-commerce. During the final semester, all students participate in a work/study program.

Legal (A.A.S. and Cert.)
The legal option offers students the opportunity to acquire computer and legal procedures skills and to learn about the Federal and New York State Court Systems. The legal curriculum concentrates on the areas of civil litigation, wills and probates, and real estate. Graduates are qualified to work in law firms, which are engaged in general or specialized practice, or in legal departments of large corporations, civil service, insurance companies, law publishers, or the courts. During the final semester, all students participate in a legal work/study program. They intern in law firms, the District Attorney’s office, the Probation Department, or the Courts.

Medical (A.A.S. and Cert.)
The medical curriculum offers students the opportunity to acquire skills necessary to seek employment in doctors’ offices, hospitals, research institutions, insurance and pharmaceutical companies, and other health facilities. Students take courses in medical terminology, medical transcription, medical coding, billing, and office procedures. During the final semester, all students participate in a medical work/study program. They intern in doctors’ offices, hospitals, research institutions, insurance and pharmaceutical companies, and other health facilities.

ENCORE Certificate
ENCORE is designed for individuals who want to strengthen and learn new office skills to obtain an administrative-support position. Individuals seeking to upgrade computer skills or seeking re-entry into the workforce will find that this program enhances employability in today’s job market. Instruction includes courses in word processing, administrative management, business presentations, spreadsheets, databases, and office procedures. Focus is placed on preparing students to gain employment. At the completion of ENCORE, students will earn 15 credits. Most of these credits may be applied to a one-year certificate or a two-year degree program in the Administrative Business Technology Department.

Health Information Technology Certificate
This is an AHIMA approved coding program. Health Information Technology (HIT) is designed for individuals who are interested in working in the field of medical coding. Instruction includes courses in medical terminology, CPT coding, ICD coding, computer software applications in healthcare, reimbursement methodologies, healthcare data structure and delivery systems, anatomy and physiology, pathophysiology, and pharmacology. During the final semester, all students participate in a medical coding work/study program. They intern in hospitals, physicians’ offices, ambulatory care centers, and other healthcare facilities. Successful completion of the certificate qualifies students to sit for the entry-level national coding certification exam CCA (Certified Coding Associate) and provides the theory included in the mastery coding credential exams CCS (Certified Coding Specialist) and CCS-P (Certified Coding Specialist-Physician based).

Some of these credits may be applied toward either a certificate or degree in the Administrative Business Technology’s Medical program; students are also eligible to go directly into the workforce.

Learning Center
The Reinforcement Learning Center (Cluster A, Room 115) facility is open Monday through Saturday and is staffed by technical assistants who offer reinforcement for all subjects taught in the Administrative Business Technology Department.

Students in need of assistance in various software programs or who wish to reinforce skills are encouraged to use the Reinforcement Learning Center.
Legal (A.A.S. and Cert.) - The legal option offers students the opportunity to acquire computer and legal procedures skills and to learn about the Federal and New York State Court Systems. The legal curriculum concentrates on the areas of civil litigation, wills and probates, and real estate. Graduates are qualified to work in law firms, which are engaged in general or specialized practice, or in legal departments of large corporations, civil service, insurance companies, law publishers, or the courts. During the final semester, all students participate in a legal work/study program. They intern in law firms, the District Attorney's office, the Probation Department, or the Courts.

AFRICANA STUDIES
OFFICE: Building H, Room 124, 516.572.7157
CHAIRPERSON: Kenneth V. Jenkins, Kenneth.Jenkins@ncc.edu
FACULTY: A. Attah-Poku, S. Bruno
COURSES OFFERED: Africana Studies (AFR)

The following curriculum is offered by this Department:
Liberal Arts & Sciences: Afro-American Studies (A.A.)

The Department offers three basic options to students:

1. Courses that transfer to a Baccalaureate program in Africana Studies, Elementary or Secondary Education, the Social Sciences or Humanities.
2. Courses relevant to career-oriented training for human service fields such as health, community planning and development, education and social services.
3. Courses to serve as electives in English, Social Science, and Humanities. Africana Studies courses are open to all students.

Total Semester Credits 16
ALLIED HEALTH SCIENCES

OFFICE: Cluster E, Room 2225, (516) 572-9640.
CHAIRPERSON: Gary Klinger, Gary.Klinger@ncc.edu.

COURSES OFFERED: Allied Health Sciences (AHS).

The course, Introduction to Allied Health Sciences, is a requirement for all students except those in medical laboratory technology. All clinical experience in the affiliating hospitals is carefully supervised by professional personnel. Clinical experience is correlated with classroom and laboratory duties.

Departmental Requirements and Guidelines:

1. A minimum grade of "C" is required in all Allied Health Sciences courses.
2. The Department of Allied Health Sciences recognizes the professional codes of ethics, sensitivity to patient and community needs, adherence to the provisions of HIPAA, ability to work with and relate to peers and other members of the health care team, attitude, attendance, punctuality and appearance. Program directors may, upon the recommendation of clinical and academic faculty, recommend that the Department terminate any student who fails to correct deficiencies in any of these areas. These standards have been established in order to protect the rights of the patients and communities that we are committed to serve and to foster the team concept of health care delivery.
3. Allied Health Sciences students are required to carry malpractice insurance.
4. Allied Health Sciences students are annually required to submit completed health forms prior to enrollment.
5. Allied Health Sciences students are required to supply their own transportation to clinical settings.
6. Allied Health Sciences students must supply their own required uniforms.
7. Allied Health Sciences students shall submit to the College a copy of their current certification of competency in Basic Life Support, according to American Heart Association standards, prior to graduation.
8. Allied Health Sciences students are required to successfully complete Principles of Bloodborne Universal Precautions training.
9. No courses in the Department of Allied Health Sciences may be audited, with the exception of AHS 131- AHS 132 if approved by the Chairperson.

The following curricula are offered by this Department:

Medical Laboratory Technology (A.A.S.) - The Medical Laboratory Technology program is a two-year (plus two summer sessions) course of study leading to an Associate in Applied Science degree. The program provides educational course requirements and clinical training for a career as a medical laboratory technician. Students learn the theory and principles of routine laboratory procedures and their role in detection, diagnosis and treatment of disease. They perform tests using contemporary, automated and computerized instrumentation in all sections of the laboratory. The curriculum includes courses in liberal arts and the basic sciences as well as specialized course offerings in the major areas of clinical laboratory science. Students complete a clinical internship in the fourth semester and final summer session at one of several affiliated hospital laboratories. Students who wish to pursue Bachelor Degree programs may do so but should seek advisement. The program is accredited by the National Accrediting Agency for Clinical Laboratory Science (NAACLS), 5600 N. River Road, Suite 720, Rosemont IL, 60018 - 773.714.8880. Graduating students are eligible to take all examinations offered for certification and licensure.

Physical Therapist Assistant (A.A.S.) - The Physical Therapist Assistant (PTA) program is a two-year (four semesters and three summer sessions) program leading to the Associate in Applied Science degree. Radiation Therapy programs are offered during the day, and students are admitted to the program during the Fall semester only. Graduates are eligible to take the American Registry of Radiologic Technologists examination to become Registered Radiation Therapists and to obtain New York State Licensure. Radiation therapists primarily treat cancer patients by applying ionizing radiation according to a radiation oncologist's prescription, using a variety of complex techniques and equipment. The Radiation Therapy program combines technical and liberal arts courses given at Nassau Community College with off-campus clinical education at various affiliated hospitals and free standing cancer centers. This program is accredited by the Joint Review Committee on Education in Radiologic Technology and by the New York State Department of Health.

Radiologic Technology (A.A.S.) - The Radiologic Technology program is a two-year (i.e., four semesters and three summer sessions) program leading to the Associate in Applied Science degree. This is a day only program starting each Fall semester. The curriculum combines liberal arts studies and technical courses with clinical education at affiliated hospitals in Nassau and Suffolk counties. The Radiologic Technology student is trained to work under the supervision of a physician in the diagnostic applications of x-rays. Responsibilities of the Radiologic Technologist include: positioning of patients, handling of complex equipment, and utilizing radiation protection devices. In addition to these technical skills, the technologist's duties require him/her to attend to the physical and emotional needs of patients who...
are often acutely ill or seriously injured. The program is accredited under the Nassau Community College accreditation granted by The Middle States Association of Colleges and Schools, and by the New York State Department of Health. Graduates are eligible to take the American Registry of Radiologic Technologists examination to become a Registered Radiologic Technologist and to obtain New York State Licensure. Opportunities for professional advancement and continuing education at the B.S. degree level are available.

The program maintains two fully functional radiologic suites. These radiology rooms are designs to give the radiology student a comprehensive training in all aspects of radiology imaging. Both radiology suites are equipped with the latest imaging modalities; DR imaging, CR imaging, and film imaging.

To be eligible for admission to the Radiologic Technology Program, candidates must meet academic requirements, must be legally eligible for employment and licensure in the United States at the time of application, and must be of "good moral character" as defined by the New York State Department of Health applicable to the profession of Radiologic Technology.

Respiratory Care (A.A.S.) - Respiratory Care is an allied health specialty concerned with the performance of diagnostic cardiopulmonary evaluation and respiratory therapy treatment applied to patients with deficiency and abnormalities of the cardiopulmonary system. It includes related education of the patient, family, and public. Cardiopulmonary evaluation includes the acquisition, analysis and interpretation of data obtained from physiologic specimens, performance of diagnostic tests, studies and research of the cardiopulmonary system, as well as neurophysiologic studies related to respiratory care. Specific testing techniques are employed in respiratory care to assist in diagnosis, monitoring treatment and research. This is understood to include measurement of ventilatory volumes, pressures, flows, blood gas analysis and other related physiologic monitoring. Respiratory therapy techniques include the application and monitoring of medical gases and related administration apparatus, environmental control systems, humidification systems, aerosols, inhaled medications, ventilatory support, bronchopulmonary drainage, pulmonary rehabilitation, cardiopulmonary resuscitation and airway management. The Respiratory Care program is designed to train the student for a career as a respiratory therapist. It is a two-year course of study leading to the Associate in Applied Science (A.A.S.) degree. In addition, graduates are eligible for nationally recognize certification and registration through the National Board for Respiratory Care, and for licensure by the New York State Education Department. To be eligible for admission to the Respiratory Care Program candidates must meet academic requirements, must be legally eligible for employment and licensure in the United States at the time of application, and must be of "good moral character" as defined in the New York State Education Law as applicable to the profession of the Respiratory Care, and must pass a criminal background check. The Respiratory Care curriculum is a balance of courses in the liberal arts and basic sciences as well as more specialized technical and clinical courses. Clinical, laboratory, and classroom training is structured to provide a comprehensive understanding of modern respiratory care techniques. Graduates are trained in diagnostic and therapeutic techniques for adult, pediatric and neonatal patients, and upon graduation are prepared to work in all areas of the field including intensive-critical-emergency care, general respiratory care, and rehabilitation and home care for cardiopulmonary patients. This program is nationally accredited by the Commission on Accreditation for Respiratory Care.

Surgical Technology (A.A.S.) - The Surgical Technology student is prepared to assume the role of surgical technologist in any surgical setting. In this program, the student is prepared to function in the areas of scrub, circulating assistant, and second assistant during surgical and obstetrical procedures. The graduate surgical technologist may elect to specialize in a particular area of surgery such as open heart, neuro, eye, orthopedics, and many others. Graduates are also employed in the emergency rooms, delivery rooms, ambulatory surgery centers, central supply units, organ retrieval units, and surgical equipment sales. This two-year program leads to an Associate in Applied Science Degree and is accredited by the Committee on Accreditation of Allied Health Education Programs (CAAHEP) upon recommendation from the Accreditation Review Council on Education in Surgical Technology and Surgical Assisting (ARC/STSA). Graduates are required to take the NBSTSA National Certifying Examination for Certified Surgical Technologists (CST).
Medical Laboratory Technology (A.A.S.) - The Medical Laboratory Technology program is a two-year (plus two summer sessions) course of study leading to an Associate in Applied Science degree. The program provides educational course requirements and clinical training for a career as a medical laboratory technician. Students learn the theory and principles of routine laboratory procedures and their role in detection, diagnosis and treatment of disease. They perform tests using contemporary, automated and computerized instrumentation in all sections of the laboratory. The curriculum includes courses in liberal arts and the basic sciences as well as specialized course offerings in the major areas of clinical laboratory science. Students complete a clinical internship in the fourth semester and final summer session at one of several affiliated hospital laboratories. Students who wish to pursue Bachelor Degree programs may do so but should seek advisement. The program is accredited by the National Accrediting Agency for Clinical Laboratory Science (NAACLS), 5600 N. River Road, Suite 720, Rosemont, IL 60018 - 773.714.8880. Graduating students are eligible to take all examinations offered for certification and licensure.

*or as advised
Physical Therapist Assistant (A.A.S.) - The Physical Therapist Assistant (PTA) works under the supervision of a physical therapist in sports medicine facilities, outpatient clinics, schools, rehabilitation centers, nursing homes, hospitals, home care, athletic teams and other health service agencies. Employing the knowledge of the patient’s condition, the physical therapist assistant performs hands-on treatments for people who have temporary or more permanent physical disabilities such as inability to walk, inability to move a body part or painful conditions. The PTA uses therapeutic exercises, manual therapy, and pain relieving electrical and other modalities. The Physical Therapist Assistant Program is accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE) of the American Physical Therapy Association (APTA). Upon successful completion, the student will receive the Associate in Applied Science (A.A.S) degree, and will be eligible to take the licensing exam for certification by the State of New York as a Physical Therapist Assistant. When applying for certification as a PTA, the graduate will required to show evidence of his or her current name and any previous names used, any criminal records and citizenship or legal status in the United States. The program is affiliated with more than eighty clinical education sites in Nassau and Suffolk, the five boroughs, and upstate New York. The campus has two laboratories fully equipped with machinery and accessories found in a variety of physical therapy settings. The PTA courses are offered during the day only. Students are admitted in the fall only and must be available for full-time study in the last semester. The P.T.A. Program has been designed as a career program leading to employment at the end of two years of study. However, after completing additional credits and a bachelor’s degree, students will be eligible to apply for competitive transfer into a doctoral level physical therapy program.

Surgical Technology (A.A.S.) - The Surgical Technology student is prepared to assume the role of surgical technologist in any surgical setting. In this program, the student is prepared to function in the areas of scrub, circulating assistant, and second assistant during surgical and obstetrical procedures. The graduate surgical technologist may elect to specialize in a particular area of surgery such as open heart, neuro, eye, orthopedics, and many others. Graduates are also employed in the emergency rooms, delivery rooms, ambulatory surgery centers, central supply units, organ retrieval units, and surgical equipment sales. This two-year program leads to an Associate in Applied Science Degree and is accredited by the Committee on Accreditation of Allied Health Education Programs (CAAHEP) upon recommendation from the Accreditation Review Council on Education in Surgical Technology and Surgical Assisting (ARC/STSA). Graduates are required to take the NBSTSA National Certifying Examination for Certified Surgical Technologists (CST).

Nassau Community College: [http://collegecatalog.ncc.edu/current](http://collegecatalog.ncc.edu/current)
ART
OFFICE: Building G, Room 179, 516.572.7162
CHAIRPERSON: Susan Dooley, Susan.Dooley@ncc.edu
FACULTY: C. Eckdall, C. Funk, T. Emmerson, J. Gorman, A. Guest, I. Maksym, C. McBride, C. Monastra, M. Palmieri, M. Romano, W. Shillallies, R. Toedter
TECHNICAL ASSISTANTS: L. Casey, P. Colombraro, L. Chatterton, M. Gallo, M. LaCombe, D. Puzzo
COURSES OFFERED: Art (ART)
The following curricula are offered by this Department:
- Art (A.S.)
- Art Studies (A.A.)
- Commercial Art: Digital Technologies (A.A.S.)
- Desktop Publishing and Design (Certificate)
- Photography (A.S.)
- Photography (Certificate)
- Web Design (Certificate)

The Art Department offers courses of study for both the art major and for those wishing to explore the visual arts. Students may choose from A.S. degree programs in Art and in Photography, an A.A.S. degree in Commercial Art: Digital Technologies, an A.A. degree in Art Studies with an option of concentration in Art History, and Certificate programs in Photography, Desktop Publishing and Design, and Web Design.

Our A.S. degrees, designed for students who intend to pursue a four-year art education, provide a basic foundation across the various disciplines, including drawing, painting, 2D and 3D design, sculpture, ceramics, photography, printmaking, and computer graphics. Courses in Art History, ranging from primitive to contemporary and non-western, are also offered. Students must complete remedial courses in English and Reading before enrolling in any art history courses. The Certificate in Photography (36 credits) is a concentrated area of study for those students planning a more immediate career in this field. Our A.A.S. degree program in Commercial Art: Digital Technologies provides students with training in desktop publishing and multimedia. Studies include print and graphic design, web design, 3D modeling, animation and interactive design. The Desktop Publishing and Design Certificate provides students with specialized computer skills in typography page layout, illustration, digital imaging, pre-press, and printing. This 36 credit certificate program is designed to help prepare students for an entry level position. The Website Design Certificate program provides students with specialized computer skills in web site design, web site component languages and general computer technology in order to better define their own roles in the Industry. This 36-37 credit certificate program is designed to help prepare students for an entry-level position.

The Firehouse Plaza Art Gallery, which is operated by the Art Department, offers several art exhibitions yearly and is open to the general public. Art students must complete one questionnaire associated with an art exhibition at the Firehouse Gallery and attend one Art Forum sponsored by the Art Department each semester. In addition, museum and/or gallery visits and field trips may be required as part of an art instructor's curriculum. Students may also be required to provide supplies and/or equipment for individual use in their courses.

The Art Department requires all art majors to maintain a cumulative 2.0 GPA in their field of study. After one probationary semester, art majors with GPA's below 2.0 will be withdrawn from their major area of study.

COURSES OFFERED: Biology (BIO)
The Department of Biology provides a strong program designed to enable students to transfer to an upper division college of their choice. Offering a wide variety of courses, the Biology Department seeks to serve those students wishing to pursue a career in the biological sciences as well as those students who simply wish to explore the field of biology. Whether designed for the science student or the non-science student, all of our laboratory courses will satisfy the science requirement for an associate degree and all Biology courses can be used for elective credit. As a service for students pursuing a career in the biological sciences, the Biology Department has developed articulation agreements with various branches of SUNY, Albany and Stony Brook for example, and many of the local private institutions. In addition to providing students with the course work necessary for career preparation, the Biology Department offers extensive career advisement for all areas of the biological sciences. Students preparing for careers in areas such as medicine, dentistry, chiropractic, podiatry, veterinary medicine, pharmacy, forestry, environmental science, biological research, etc. are encouraged to see departmental advisors. The Department also houses a modern and fully functional transmission and scanning electron microscope facility and a 3-D visualization theater.

The following curricula are offered by this Department:
Biology (A.S.)

COURSES OFFERED: Chemistry (CHE)
Students studying chemistry may elect to pursue the A.A. or A.S. 
degree. Graduates pursue careers in education, industry, government, 
environmental science, health sciences, medicine, dentistry, pharmacy, 
and veterinary medicine. The Department operates an experimental 
complex consisting of six teaching laboratories and support facilities, 
including equipment required for instrumental analysis and medical 
laboratory analysis. Chemistry students who enter the College with less 
than three years of high school mathematics should select mathematics 
by advisement. Students may not enroll in any chemistry courses 
while taking any remedial courses. Curriculum and program selections 
should be made in consultation with a departmental advisor. Consumer 
Chemistry, CHE 108, and Contemporary Topics in Chemistry, CHE 
109, fulfill the science requirements. All chemistry courses may be 
applied toward the College's laboratory science degree requirements. 
Facilities on campus include the Chemistry Department Learning 
Center with tutorial support located in C-115.
COMMUNICATIONS
OFFICE: Building HH, Room 203, 516.572.7170
CHAIRPERSON: Jill Burgreen, Jill.Burgreen@ncc.edu.
FACULTY: E. Bogin, V. Chai, J. Cohen, J. Coppolino, P. Euler,
J. Farrell Leontiou, F. Gulinello, R. Kane, S. Lewis, A. Naiman, L.
T. Webb
TECHNICAL ASSISTANTS: K. Beckman, P. D'Angelo
COURSES OFFERED: Communications (COM), American Sign
Language (ASL)

Through the study and application of communications processes,
content, and media, communications courses guide the student toward a
better understanding of self and society and help develop more effective
communications skills.

The department offers Associate of Arts Degrees in three areas:
Communication Arts, American Sign Language and Media Studies.
Moreover, courses are offered in areas such as: speech pathology,
linguistics, business communications, culture and tv/film production.

The Communication Lab is a state-of-the-art computer lab which is
available to, and supports, all students enrolled in communication
courses. The lab has audio and video supplementary materials and
software programs where students complete required course work and
may also receive one-to-one assistant with course related assignments.
The Communications Lab is located in Building F, Room 117. To
verify hours call 516.572.9671. Lab attendance is required for all ASL
classes.

Field trips required for:
ASL 152 American Sign Language I,
ASL 153 American Sign Language II,
ASL 252 American Sign Language III, and
ASL 253 American Sign Language IV.

The following curricula are offered by this Department:
American Sign Language (AA)
Communication Arts (AA)
Media (AA)
American Sign Language

CRIMINAL JUSTICE
OFFICE: Building G, Room 157, 516.572.7178
CHAIRPERSON: Robert Costello, Robert.Costello@ncc.edu.
FACULTY: A. al-Rahman, K. Cho, B. Delmage, J. Ferraro, R. Hodge,
T. Hoffman, P. Schmidt
TECHNICAL ASSISTANT: J. Osovet

COURSES OFFERED: Criminal Justice (CRJ), Fire Science (FRS),
Private Security Administration (PSA)

The Criminal Justice Department provides students with instruction
in all areas of the criminal justice profession. We offer a broad liberal
arts education, together with training and internships in the criminal
justice system. The Department thoroughly familiarizes students with
the functions of police, courts, correctional programs, law, protection
management, crime prevention and their application to the community.

The following curriculum is offered by this Department:

Criminal Justice (A.S.) - Students choosing this program will be prepared for
further study in the areas of criminal justice, law, public administration,
sociology, or government. The program is best suited for those students
planning to transfer to a four-year school, but is often used for entry-
level positions in the criminal justice system. All criminal justice
majors are required to take at least one class in each of the following
areas: Policing, Probation/Parole, Security Administration, in addition
to CRJ 105 Foundations of the Justice System, CRJ 212 Research in
Crime and Security and CRJ 225 Criminal Law.

Fire Science (A.S.) - The Fire Science Degree (A.S) is designed to help
students understand the importance of the fire service in our society.
This program prepares students for an opportunity for employment in
the Fire service field. The student will receive a strong foundation in
liberal arts while gaining specific knowledge in fire science.

The Emergency Management (A.S) - The Emergency Management
program (A.S) is designed to help students understand the importance
of emergency management in our society. Furthermore, this program
prepares students for transfer to a four year degree program or an
opportunity for employment in the Emergency Management field. The
student will receive a strong foundation in liberal arts while gaining
training and specific knowledge in emergency management.
Criminal Justice (A.S.) - Students choosing this program will be prepared for further study in the areas of criminal justice, law, public administration, sociology, or government. The program is best suited for those students planning to transfer to a four-year school, but is often used for entry-level positions in the criminal justice system. All criminal justice majors are required to take at least one class in each of the following areas: Policing, Probation/Parole, Security Administration, in addition to CRJ 105 Foundations of the Justice System, CRJ 212 Probation and Parole II and CRJ 225 Criminal Law.

ECONOMICS AND FINANCE

OFFICE: Building G, Room 155, 516.572.7181
CHAIRPERSON: Darleen Braunshweiger, Darleen.Monaco@ncc.edu
FACULTY: R. Deriso, G. Frost, R. Schroder, R. Trainer, E. Weeks
COURSES OFFERED: Economics (ECO), Finance (FIN), Interdisciplinary Global Studies (IGS)

Economics and Finance provide a bridge between the liberal arts and business programs by offering fundamental survey courses to satisfy the degree requirements of both social science and business students. The Department’s courses provide an understanding of the origins, characteristics, and functions of economic and financial systems. The courses will enable students to develop critical thinking skills while studying the structure and dynamics of the U.S. and global economies. Economic and financial analyses are used to examine individual, business, and public sector decision-making to ascertain how these decisions impact society.

Liberal arts and non-business students who wish to gain an overview of the economic and financial system in one semester should take Survey of Economics (ECO 100) or any other general theory courses such as: Personal Finance (ECO 110/FIN 110), Introduction to Finance (ECO 111/FIN 111), Economic Development of the United States (ECO 215), Economics of the Developing World (ECO 216), Economic Geography of the World (ECO 222), and History of Economic Thought (ECO 280).

Students who plan to pursue a Baccalaureate degree in Economics, Finance, or Business should begin their studies by taking Principles of Macroeconomics (ECO 207) and Principles of Microeconomics (ECO 208), both of which provide a foundation for more advanced study in economics and finance. Then, after faculty advisement, students may choose from the following: Introduction to Investments (ECO 112/FIN 112), Economic Statistics (ECO 212), Money and Banking (ECO 213/FIN 213), Corporate Finance (ECO 214/FIN 214), Economics Development of the United States (ECO 215), Economics of the Developing World (ECO 216), International Economic Systems: A Study Abroad (ECO 218), American Banking Practices (ECO 220), Economic Geography of the World (ECO 222), Introduction to International Economics and Finance (ECO 230/FIN 230), History of Economic Thought (ECO 280), and Cooperative Education Internship (ECO 490/FIN 490). Students wishing to pursue study at the Baccalaureate level in economics or finance should consult an advisor in the Department of Economics and Finance.

The following curriculum is offered by this Department:
Financial Markets (Certificate):
The Financial Markets Certificate is designed to provide students with the financial skills and information needed for employment in a wide range of finance related fields (e.g., financial services, investment advisors, domestic and/or international banking and others). It is necessary to have a basic understanding of financial markets for those pursuing or maintaining careers in finance and this course of study is designed to develop this skill set.
This Certificate will also serve the general community by providing an understanding of financial investments and the associated tools needed for evaluation. This knowledge will provide the basis for better management of personal financial resources and sound financial decision-making.

COURSES OFFERED: Civil Engineering Technology (CET), Computer Repair Technology (CRT), Construction Management, Electrical Engineering Technology (ELT), Engineering Science (ENS), General Science Studies (GSS), Multidisciplinary Science (MDS), Physics (PHY), Telecommunications Technology-Verizon (TNY).

Multidisciplinary Science Courses (MDS) are 4-credit laboratory Science classes and have been approved as SUNY GenEd requirements. There are currently two courses in this area. MDS 101, Connecting the Sciences: a Macroscopic Approach examines scientific ideas, methodology, and principles by studying the evolution of the universe, solar system, and Earth. MDS 102: Connecting the Sciences - A Microscopic Approach examines scientific ideas, methodology, and principles by studying the evolution of life through the organization of atoms into living and nonliving structures. Both of these courses emphasize “hands-on” laboratory investigations. A more detailed description of these courses can be found in the College catalog or the College Web-site.

Physics: The Physics courses available at NCC are designed to satisfy the requirements for instruction in Physics for students in many disciplines and meet the standards for transfer as “general education” courses within the various SUNY institutions. In addition, these courses are acceptable for transfer credit to most private colleges and universities. The sequences available include calculus and non-calculus based courses suitable to majors in Engineering, the Physical Sciences, Biological Sciences, Allied Health Sciences, Mathematics, and Education (High School Teachers of Physics). These courses may also be suitable for those students who have an interest in Physics and would like to satisfy their laboratory science requirement with courses in the discipline.

Telecommunications courses: The telecommunication courses at NCC are designed to satisfy the requirements and electives for the Computer Repair Technology program. The courses include basic electronic theory leading up to current and emerging technologies in telecommunications.

The following curricula are offered by this Department:

Civil Engineering Technology (A.A.S.) - The Civil Engineering Technology program is accredited by the Technology Accreditation Commission of the Accreditation Board for Engineering and Technology (TAC of ABET). [Accreditation Director for Engineering Technology, Accreditation Board for Engineering and Technology, 111 Market Place, Suite 1050, Baltimore, MD 21202] The curriculum is balanced between liberal arts, mathematics, and civil engineering technology courses. Although many enter industry after graduation, others elect to transfer to Baccalaureate programs in engineering technology. Civil Engineering Technology graduates are guaranteed acceptance as juniors at Fairleigh Dickinson and Rochester Institute of Technology. Others have transferred to Pennsylvania State University, New Jersey Institute of Technology, University of North Carolina at Charlotte, and many other colleges. Civil engineering technicians are employed in all phases of the construction industry: small houses, building construction, highways, industrial plants, water supply, and sewage treatment plants. They work as concrete and steel designers, detailers, AutoCAD draftpersons, surveyors, estimators, construction superintendents, inspectors, and sales engineers. Their employers include architects; contractors; consulting engineers; land surveyors; equipment manufacturers; material suppliers; and federal, state, county, and town departments.

Computer Repair Technology (A.A.S.) - The Computer Repair Technology curriculum is designed to provide the knowledge and skills necessary to install, maintain, and repair microcomputer hardware and systems, as well as furnish support services to system users. The program will develop the necessary foundation in electronics and computer programming related to computer systems and networking. It will also focus on computer systems and networking. Principles and skills necessary to operate, troubleshoot, install and repair various types of computer systems and networks will be stressed. Graduates will be able to diagnose system hardware or software failures and perform the remedial actions necessary to correct these problems based on a knowledge of the system's operation. At the completion of the degree, the student will be prepared for the A+ certification exams. The student will also be prepared for various network certification exams (MCSE). Electrical Engineering Technology (A.A.S.) - The Electrical Engineering Technology program is accredited by the Technology Accreditation Commission of the Accreditation Board for Engineering and Technology (TAC of ABET). The ELT program is also accredited by the Federal Aviation Association (FAA) and part of the Collegiate Training Initiative (FAA-CTI). [Accreditation Director for Engineering Technology, Accreditation Board for Engineering and Technology, 111 Market Place, Suite 1050, Baltimore, MD 21202] This curriculum prepares students as electronic technicians to enter such fields as aerospace, communications, digital computer controls, and energy conversion. Within these and related fields they may perform duties as part of a research and development team or a manufacturing, test, or service group. Graduates may continue their education by pursuing studies towards a Bachelor’s degree in engineering technology, Engineering Science (A.S.) - Curriculum content and the overall program have been reviewed and endorsed by the New York State Association of Engineering Colleges. As such, qualified graduates transfer as juniors to numerous outstanding accredited engineering colleges in New York State. This list includes transfer to such institutions as Polytechnic Institute, Manhattan College, Rochester Institute of Technology, Cornell University, Columbia University, Clarkson University, Hofstra University, Syracuse University, Union College, New York Institute of Technology, SUNY at Stony Brook, SUNY Maritime, SUNY at Buffalo and SUNY at Binghamton. The program is also accepted with liberal arts transfer credit at out-of-state accredited schools of engineering such as Penn State and the Stevens Institute of Technology.

Telecommunications Technology-Verizon (A.A.S.) - The Telecommunication Technology-Verizon program provides an innovative, educational, skills-based program that enables Verizon employees to stay apace with advancing technology, to understand changing marketplace realities, and to enhance customer service skills through the acquisition of an Associate Degree in Applied Science with a focus on Telecommunications Technology. The result is an empowered, technologically competent, customer-accountable work force that is committed to the value of lifelong learning. This industry specific program is designed to admit current Verizon employees after
a formal screening process has been completed. Enrollment is limited to Verizon employees.

**Certificate in Construction Management** is a one-year career oriented program which prepares the student for opportunities in construction contracting and management. The coursework prepares students to enter the field as assistant to the project superintendent or manager, estimator, scheduler, or inspector. Those individuals already in the field will gain skills and knowledge to further their careers at the safety management, site superintendent, and project management levels. The Certificate in Construction Management will also provide graduates of associate degree programs in Architectural or Civil Engineering Technology an opportunity to enhance their education or to focus on management career goals rather than those associated with design. Other professionals in architecture, management, and interior design may enroll in the program to understand the building design and construction process, construction budgets, estimates, and schedules; enhance computer skills in estimating, scheduling, and management software; acquire knowledge of contract documents, building codes, and zoning regulations; understand safety issues; and develop skills in management and dispute resolution.
Civil Engineering Technology (A.A.S.) - The Civil Engineering Technology program is accredited by the Technology Accreditation Commission of the Accreditation Board for Engineering and Technology (TAC of ABET). [Accreditation Director for Engineering Technology, Accreditation Board for Engineering and Technology, 111 Market Place, Suite 1050, Baltimore, MD 21202] The curriculum is balanced between liberal arts, mathematics, and civil engineering technology courses. Although many enter industry after graduation, others elect to transfer to Baccalaureate programs in engineering technology. Civil Engineering Technology graduates are guaranteed acceptance as juniors at Fairleigh Dickinson and Rochester Institute of Technology. Others have transferred to Pennsylvania State University, New Jersey Institute of Technology, University of North Carolina at Charlotte, and many other colleges. Civil engineering technicians are employed in all phases of the construction industry: small houses, building construction, highways, industrial plants, water supply, and sewage treatment plants. They work as concrete and steel designers, detailers, AutoCAD draftpersons, surveyors, estimators, construction superintendents, inspectors, and sales engineers. Their employers include architects; contractors; consulting engineers; land surveyors; equipment manufacturers; material suppliers; and federal, state, county, and town departments.

*Math and technical electives are selected in consultation with departmental adviser and are based on the student's future needs (entering industry or continuing educational pursuits towards a Bachelor's degree in technology). There must be a minimum of 16 credits in math and sciences. Math selection is based on results of college Math placement exam; minimum requirement is MAT 109 Algebra and Trigonometry and MAT 111 Pre-Calculus.

**Technical electives and Physics include: PHY 101 General Physics I, PHY 102 General Physics II and ELT 203 Automatic Control Theory II.

***ENG 111 Technical Writing course is recommended.
Engineering Science (A.S.) - Curriculum content and the overall program have been reviewed and endorsed by the New York State Association of Engineering Colleges. As such, qualified graduates transfer as juniors to numerous outstanding accredited engineering colleges in New York State. This list includes transfer to such institutions as Polytechnic Institute, Manhattan College, Rochester Institute of Technology, Cornell University, Columbia University, Clarkson University, Hofstra University, Syracuse University, Union College, New York Institute of Technology, SUNY at Stony Brook, SUNY Maritime, SUNY at Buffalo and SUNY at Binghamton. The program is also accepted with liberal arts transfer credit at out-of-state accredited schools of engineering such as Penn State and the Stevens Institute of Technology.

OFFICE: Bradley Hall, Room 13, 516.572.7185
CHAIRPERSON: Bruce Urquhart, Bruce.Urquhart@ncc.edu.

COURSES OFFERED: English (ENG)
The Department undertakes to improve students’ understanding of literature and their ability to write through the study of outstanding works of literature and through formal writing assignments. Masterpieces of literature are interpreted against social, historical, and aesthetic backgrounds. The Department's ESL class (ENG 030) prepares non-native speakers of English to do the college-level writing required in a wide variety of degree and certificate programs. Students concentrating in English who intend to transfer to a four-year college are advised to take a maximum of 18 hours in English courses at Nassau Community College. A student seeking to transfer to a four-year school should also check the catalog of that institution to ascertain which literature courses should be taken at Nassau Community College. English is a desirable pre-professional program for business and industry, law, federal service, government, publishing, advertising, public relations, marketing, writing, teaching, and other language-related fields. English is also recommended for premedical and other science-related fields. Placement into ENG 001 (College Preparatory English) or ENG 101 (Composition I) is determined by preadmission testing through diagnostic essay. Advancement from ENG 001 to ENG 101 is based upon writing an exit essay, which is graded Satisfactory (S) by Placement Committee readers. In certain cases, a student's portfolio (a collection of instructor-approved, classwork-generated essays) may supersede a failing in-class final essay. Advanced Placement: Upon request, the Chair or Placement Coordinator will meet with students seeking exemption from ENG 101, which will be based on a review of his or her writing.

The Creative Writing Project: After successfully completing the English Department's ENG 102 (Composition II) or ENG 109 (The Art of Analysis - Honors) requirement, students may pursue their interest in writing plays and screenplays, fiction, and poetry in creative writing courses: ENG 313 Creative Writing, which includes all these genres, ENG 316 Play and Screen Writing, ENG 317 Fiction Writing, and ENG 318 Poetry Writing. Creative Writing classes are complemented by a program of campus visits by published authors who read and discuss their work with students, public readings/performances by student and faculty writers, and seminars on publishing. The student Creative Writing Club meets in the Creative Writing Resource Room in Bradley Hall 218 to share their writing in an informal setting and produces the student literary magazine.

Writing Center: The English Department's Writing Center is open to students of all levels interested in improving their writing in any discipline. Faculty members offer individualized and group instruction in expository and creative writing, research and documentation, as well as grammar and usage. ESL students receive assistance in language development and learning. Tutoring can also take place at a networked computer or online by e-mail. In addition, students are welcome to use the Department's PC lab for word processing and internet research.
OFFICE: Building M (Nassau Hall), 3rd floor, 516.572.7414
CHAIRPERSON: Vladimir Konovaliouk, Vladimir.Konovaliouk@ncc.edu.
FACULTY: S. Albanese, C. Arias, P. Desroches, R. Feit, M. Mann, S. Trica-Flores.
TECHNICAL ASSISTANT: V. Konovaliouk
COURSES OFFERED: Arabic (ARA), Chinese (CHI), French (FRE),
German (GER), Hebrew (HEB), Italian (ITA), Japanese (JPN), Latin
(LAT), Portuguese (POR), Russian (RUS), Spanish (SPA).

Language Center: A well-equipped language laboratory supplements
the instructional program.

Placement Advisory:
Course Level/High School Foreign Language Background:
For the 101 level is 1-2 yr. H.S., or equivalent, or a beginning student.
For the 102 level is 101 level, 2-3 yrs. H.S., or equivalent.
For the 201 or 202 level is 102 level, 3-4 yrs. H.S., or equivalent.
For the 205-206* level is a Bilingual Background.
For the 301 - 404 level is 4 or more yrs. H.S. or at discretion of
instructor, or successful completion of 202 or 206.

* NOTE: 205 and 206: Can be taken instead of 201 and 202, but not in
addition to 201 and 202.

1. Students considered by the instructor to be either under-
prepared or too advanced will be expected to change to an
appropriate level. For students starting out or already enrolled
in a language at NCC, the sequence is 101, 102, 201, 202. After
202 a student may choose from any of the following: 301, 302,
401, 402, 403, 404. The following specialized courses are also
offered: FRE 225 (French for Business); ITA 225 (Italian for
Business); SPA 110 (Spanish for Hotel Restaurant Personnel);
SPA 121 (Spanish for Law Enforcement Personnel); SPA 205
- SPA 206 (Intermediate Spanish for Bilingual Speakers I-II);
SPA 225 (Spanish for Business); SPA 251 - SPA 252 (Practical
Spanish for Medical Personnel I-II).

2. Students wishing to pursue study at the Baccalaureate level
in this subject should see departmental advisors. Contact the
Department for further information.
OFFICE: Cluster P. Room 218, 516.572.7519
CHAIRPERSON: Edward Mack, Edward.Mack@ncc.edu
TECHNICAL ASSISTANTS: S. Mitchell, T. Prohinsie

PROGRAMS OFFERED:
Health Studies (A.S.)
Physical Education Studies (A.S.)

COURSES OFFERED: Health and Physical Education (HED, PED).

The Department offers courses for students who wish to pursue a career in physical education. They are required to complete a minimum of eight activity courses (PED 140 - PED 187) as well as PED 190 (Introduction to Physical Education), and PED 292 (Safety and First Aid). These courses are designed to develop attitudes, appreciation, personal skills, and applied techniques in all types of activities included in the broad physical education program. The Department offers an A.S. Degree in Health Studies. Students who wish to pursue careers in school or community health are required to take PED 291 (Personal Health for Physical Education and Health Majors), HED 293 (Community Health), and other courses by advisement. It is strongly recommended that interested students make an appointment with the health education advisor to ensure proper course selection.

Special Note to All Students: Satisfactory completion of one of the following six courses may be required for some programs: HED 200 (Concepts of Healthful Living and Stress Management), HED 201 (Personal and Family Health), HED 231 (Death: Education: A Healthy Perspective), HED 251 (Human Sexuality), HED 271 (Alcoholism, Addictions, and Abusive Behaviors), or HED 293 (Community Health). Further, all full-time day students must complete two semesters of physical education for a total of two credits. See "Physical Education requirement" for more information. In the case of medical limitations or special situations, a student will be permitted to enroll in a special class to fulfill the physical education requirement. Such special cases must be brought to the attention of the Department upon enrollment at the college. Students wishing to pursue study at the baccalaureate level in this subject should see departmental advisors.

---

1. Recommend MAT 102 (Introduction to Statistics)
2. Recommend for Teacher Education PSY 203 (General Psychology I) / EDU 208 (Foundations of Education)
3. Recommend Foreign Language for Teacher Ed.
OFFICE: Building G, Room 257, (516) 572-7422.
CHAIRPERSON: Phillip Y. Nicholson, Philip.Nicholson@ncc.edu
FACULTY: M. Alonso, M. Anderson, E. Boyden, A. Bruce, P. Caro,
R. Cunsoio, R. Genter, M. James, S. Maurer, C. Poullios, S. Sapiie, S.
Segalla, F. Siminoff, J. Vessels.
COURSES OFFERED: History (HIS), Interdisciplinary (IGS),
Political Science (POL), Geography (GEO).
In the area of history, the Department offers basic courses in Western
civilization and non-Western civilizations; in the field of political
science, the Department offers courses in national, international,
state, and local governments. A selective program of electives is also
provided in history, geography, and political science designed to meet
the varied needs of both the general student and the student who wishes
to pursue those studies. Computer-assisted instruction is available
in selected history courses. Students who wish to pursue history are
advised to incorporate into their program a maximum of 18 history
credits, including History of Western Civilization I-II (HIS 101 -
HIS 102) and History of the U.S. I-II (HIS 103 - HIS 104). It is also
recommended they take at least 3 credits in political science. Students
who wish to pursue political science must take a minimum of 12 credits
in political science in addition to HIS 101 - HIS 102 or HIS 103 -
HIS 104. Students wishing to study geography should take GEO 101
(Introduction to Geography) plus available electives (GEO 103, GEO
201). History, economics, anthropology, geology, and environmental
science courses are recommended as supplements. Students wishing
to pursue study at the baccalaureate level in these subjects should see
departmental advisors.
OFFICE: Building K, Room 14, 516.572.7344
CHAIRPERSON: Anne Cubeta, Anne.Cubeta@ncc.edu
FACULTY: C. Argento, L. Boire, A. Bruno, T. Field, S. Keneally, E. Schafter
TECHNICAL ASSISTANT: S. Bynum, R. Madura
COURSES OFFERED: Hospitality Business (HTL), Nutrition (NTR)

These professionally oriented programs offer students the opportunity to specialize in coursework related to the hospitality industry, and culminate in the A.A.S. and A.S. degrees and certificates. Students are prepared for professional and middle management positions in various areas of the industries. Hotel students may anticipate employment positions in various operations such as: guest service representation, hotel front desk, housekeeping, and auditing. Restaurant Management students find employment as food and beverage managers, food service directors, and banquet and catering managers.

An A.S. degree in Food and Nutrition prepares students for careers in Nutrition Education and Dietetics. Specialized courses provide students with a wide range of knowledge in the industry. Students are exposed to current culinary laboratory and food production methods. In addition, on-the-job training is provided through a cooperative work experience program conducted with local industry professionals. A fully equipped laboratory features all the facilities necessary for students to prepare and serve meals. Computer Labs are used to assist the students in teaching the Hotel Front Office course, the Food and Beverage Operations course and the Food and Beverage Merchandising course. A state of the art dietary analysis program prepares students for healthcare facilities.

A course of study is available for certification in Dietary Management and Food Service Technology. Unique work study and course opportunities in Europe and Walt Disney World are offered. Students are required to work at special food and beverage functions offered to the college community as part of their coursework.

The A.S. degree in Food and Nutrition is designed for students wishing to transfer to a four-year program in Nutrition with the goal of becoming a Registered Dietitian. The program provides the foundation courses, science courses and Food Service Management courses required by the Academic of Nutrition and Dietetics (AND) for four-year programs in Dietetics, enabling students to transfer to these institutions with ease.

The Dietary Management one-year certificate program is for those students desiring certification as a Dietary Manager. The program is fully accredited by the Association of Nutrition and Food service Professionals and will combine our current course offerings with a Registered Dietitian supervised field experience. Graduates are eligible for membership in the Dietary Managers Association (DMA) and will be qualified to sit for the national credentialing exam to become a Certified Dietary Manager (CDM). The coursework will also allow the students to earn 30 college credits towards an A.A.S. degree in Food Service Management.

The following curricula are offered by this Department:
- Dietary Management Certificate
- Food and Nutrition (A.S.)
- Food Service Administration, Restaurant Management (A.A.S.)
- Food Service Technology Certificate
- Hotel Technology Administration (A.A.S.)

*Choose from:
HTL 150 Introduction to Tourism, HTL 155 International Hospitality Industry, HTL 190 International Wines and Beverages, MKT 100 Marketing, or MKT 103 Principles of Sales.
The Human Rights Project (HRS) promotes an understanding of worldwide genocide and human rights oppression and activism through academic coursework and co-curricular events open to the college and community at large. For further information, contact Professor Florence Boodakian, Bradley Hall, room 227, 516.572.8101, Florence.DeBoodakian@ncc.edu.

The Jewish Studies Project (JWS) provides students with an introduction to the world of Judaism beyond the limited images presented by mainstream media. JWS 101 presents the fascinating multicultural, multiracial diversity of the world Jewish experience through readings, discussions, field trips, films, and guest speakers from various academic and artistic disciplines. JWS 101 transfers to four-year colleges; students from all backgrounds and fields are welcome to enroll. Related courses are Literature of the Holocaust, Department of English, and Hebrew, Department of Foreign Languages. The Jewish Studies Project also sponsors events and presentations open to the campus and outside communities. For further information, contact the Jewish Studies Project Coordinator, Professor Barry Fruchter, Bradley Hall, room 203-B, 516.572.7188, Barry.Fruchter@ncc.edu.

The Latin American Studies (LAS) Project promotes knowledge and an understanding of Latin American and US-Latino peoples, cultures, history, languages, literature, politics, economics, and relations with the US and other countries. The Project supports related courses in various departments, including History, English, and Foreign Languages, and offers two interdisciplinary courses: LAS 101 Introduction to Latin American Studies and LAS 105 Introduction to Latino/a Studies in the US. These courses help students explore this field of study and provide a useful background for different careers. For more information and/or advisement, contact Dr. Ines Shaw, Bradley Hall, room 228, 516.572.7840, Ines.Shaw@ncc.edu.

Multidisciplinary Courses (MDC) are designed to make connections between ideas in different disciplines, especially in the sciences and humanities. In the contemporary world it is important to see that events, discoveries, and social policies, as well as the creative arts, are motivated by some of the same ideas, and that they constantly influence one another. The world is a multidisciplinary place, and learning should follow suit. The five courses offered are open to all students in any field, especially those who intend to move on to a four-year school or compete for meaningful employment in a complex world. MDC 102 and MDC 130 may be taken for General Elective credit. There are no prerequisites and they also may be taken in any order. For further information, contact MDC Program Coordinator, Professor William Moeck, Bradley Hall, Room 213, 516.572.9810, William.Moeck@ncc.edu.

Multidisciplinary Science Courses (MDS) are 4-credit Laboratory Science classes and have been approved as SUNY GenEd requirements. There are currently two courses in this area. MDS 101, Connecting the Sciences: a Macroscopic Approach examines scientific ideas, methodology, and principles by studying the evolution of the universe, solar system, and Earth. MDS 102: Connecting the Sciences: A Microscopic Approach examines scientific ideas, methodology, and principles by studying the evolution of life through the organization of atoms into living and nonliving structures. Both of these courses emphasize "hands-on" laboratory investigations. A more detailed description of these courses can be found under course descriptions. For further information, contact MDS Coordinator, Professor Frank Frisenda, Cluster D, Room 2086, 516.572.3556, Frank.Frisenda@ncc.edu.

Women's Studies (WST) a multidisciplinary project emphasizing diversity, serves hundreds of students each academic year. Sponsoring departments include Art, Communications, Economics, English, History, Health/PED, Library, and Sociology. Every term we offer several sections of Introduction to Women's Studies (WST 101), a course that examines women's roles cross-culturally in the family, workplace, community, professions, and popular culture. A second course, Women's Issues in Global Context (WST 201), looks at labor, reproductive rights, education, sexual identity, and grassroots activism in targeted areas around the world. In addition, the Project recommends a variety of related courses in Communications, English, History, and Sociology. For further information, contact WST Program Coordinator, Professor Joylette Samuels, Bradley Hall, room 222, 516.572.7957, Joylette.Samuels@ncc.edu.
OFFICE: Cluster A, Room 3015, 516.572.7626
CHAIRPERSON: Joan Alexander, Joan.Alexander@ncc.edu.
PARALEGAL PROGRAM DIRECTOR: Adrienne Motel, Adrienne.Motel@ncc.edu
ASSISTANT DIRECTOR AND DIRECTOR OF WEEKEND PROGRAM: Ann Harrison.
Departmental Requirements and Guidelines for Paralegal Students:
The Legal Studies Department is strongly committed to the concept of legal education within the framework of practical paralegal skills. The following guidelines have been established:
1. A minimum grade of "C" is required in each law class in the Paralegal curriculum.
2. Professional attitude, regular class attendance, punctuality and appropriate professional demeanor are required of Paralegal students. These criteria have been established in order to uphold the standards of the paralegal profession and legal community, as a whole. Interested students wishing to obtain further information, and a copy of the Departmental Requirements and Guidelines, may contact the Paralegal Program at 516.572.7774.
The following curricula are offered by this Department:
Paralegal (A.A.S.) - The paralegal program, approved by the American Bar Association, is designed to give the graduate a broad understanding of the law, practical skills, and experience in a legal setting. Employment opportunities for paralegals exist in law offices, banks, insurance companies, private industry, title companies, and government. The paralegal works under the supervision of an attorney and can assist in all phases of practice except giving legal advice, appearing in court, and setting fees. Students should consult with the Department regarding opportunities available for transfer of credit.
Paralegal Studies (Cert.) - The American Bar Association approved Certificate program in Paralegal Studies is designed to meet the needs of the college graduate seeking a career as a paralegal. In order to be eligible for admission, a student must have either an Associate or Baccalaureate degree. Students with an Associate degree must meet the minimum general education requirements set by the American Bar Association.
**Paralegal (A.A.S.)** - The paralegal program, approved by the American Bar Association, is designed to give the graduate a broad understanding of the law, practical skills, and experience in a legal setting. Employment opportunities for paralegals exist in law offices, banks, insurance companies, private industry, title companies, and government. The paralegal works under the supervision of an attorney and can assist in all phases of practice except giving legal advice, appearing in court, and setting fees. Students should consult with the Department regarding opportunities available for transfer of credit.

Course Descriptions: Online or PDF

**Paralegal A.A.S. Program**
**Total Credits: 65-67**

Students who have an Associate or Baccalaureate degree should see information about the Paralegal Studies Certificate Program in this catalog. Because of the complexity of the program, students must be advised by the Paralegal Department. A minimum grade of "C" is required in all LAW courses.

*LAW 305 Legal Research and Writing is a required paralegal course and is a prerequisite for most Paralegal specialty courses. **Paralegal Electives: LAW 302 Partnerships and Corporations, LAW 303 Estates and Administration, LAW 307 Torts and Personal Injury Law, LAW 308 Family Law, LAW 310 Bankruptcy/Debtor and Creditor Law, LAW 311 Legal Writing and Analysis, LAW 312 Elder Law.
Paralegal Studies (Cert.) - The American Bar Association approved Certificate program in Paralegal Studies is designed to meet the needs of the college graduate seeking a career as a paralegal. In order to be eligible for admission, a student must have either an Associate or Baccalaureate degree. Students with an Associate degree must meet the minimum general education requirements set by the American Bar Association.

A student must have either an Associate or baccalaureate degree to be eligible for admission to the Certificate program.

Students with an Associate degree must meet the minimum general education requirements set by the American Bar Association. All other students should request information about the A.A.S. degree program. This curriculum is the recommended sequence for full-time day students. It can be completed in one and a half semesters of full-time study.

The sequence can be modified for evening and part-time students. Because of the complexity of the program, all advisement must be obtained from the Paralegal Program Department. A minimum grade of “C” is required in all Law courses.

OFFICE: Library, (516) 572-7406.
CHAIRPERSON: Nancy Williamson, Nancy.Williamson@ncc.edu.
TECHNOLOGISTS: R. Delbango, S. Emin, R. Erben.
COURSES OFFERED: Library 100, Library 101.
Fashion Buying and Merchandising
OFFICE: Cluster B, Room 2037, (516) 572-7587.
CHAIRPERSON: Pat Lupino, Pat.Lupino@ncc.edu.
TECHNICAL ASSISTANTS: D. Rosenthal, D. Velez
COURSES OFFERED: Fashion Buying and Merchandising (FBM), Fashion Design (FSD), Marketing (MKT), Retail Business Management (RET), Interior Design (INT)

The following curricula are offered by this Department:
Marketing (A.A.S.) – This degree is designed to satisfy the requirements of marketing and management organizations that seek competent personnel for positions of responsibility in business. Graduates of this program are trained for employment as entry level marketing and management trainees. The Associate in Applied Science (A.A.S.) degree is a base for a business career upon graduation or continued education at a four-year institution.

Retailing Business Management (A.A.S.) – Students in retail business management are prepared for merchandising and management careers in such retail enterprises as department and specialty stores, resident buying offices, chain organizations, and small businesses. The program includes an on-the-job work assignment in community department stores and other firms. This practical experience prepares graduates for initial positions as entry-level executives in the areas of buying, merchandising, and store operations. The Associate in Applied Science (A.A.S.) degree is a base for a business career upon graduation or continued education at a four-year institution.

Fashion Buying and Merchandising (A.A.S.) – Students have the opportunity to specialize in a concentration of applied fashion merchandising courses. Specialized courses include: Fashion Advertising and Promotion, Introduction to Menswear, Fashion Apparel, Introduction to Import Buying, Fashion and Home Accessories, Fashion Coordination and Publicity, and Interior Design. As part of the program, students will study textiles, visual merchandising, retailing, and retail buying. Students will also have the opportunity to participate in a Cooperative Work Experience Program gaining valuable on-the-job experience. The degree prepares students for positions in resident buying offices, fashion manufacturers, designers’ showrooms, retail stores, fashion publications, and other firms associated with the fashion industry.

Fashion Design (A.A.S.) – Qualified students have the opportunity to complete the Associate in Applied Science (A.A.S.) degree in the field of fashion design. Draping, sketching, patternmaking, and garment construction will be taught using techniques and equipment employed in industry. Students will develop the skills necessary to translate their original sketches into finished garments. In addition to their coursework, students are encouraged to participate in industry-sponsored and community events. During the Spring semester, a fashion show is produced showcasing the fourth semester students’ projects. Students will participate in an internship program in a design firm studio. The academic and practical experiences attained in this program provide a basis for employment as a designer, assistant designer, stylist, or patternmaker. Graduates may transfer to a four-year college to pursue a Bachelor of Fine Arts or Bachelor of Science degree. Because of the creative and technical nature of this area of study, applicants are asked to submit a portfolio of their artwork. Guidelines for this informal portfolio interview will be sent to students in a letter requesting they schedule an appointment for portfolio review.

Interior Design/Home Furnishing (A.A.S.) – This program is designed to prepare students for immediate job placement in the interior design and decorating fields as design assistants, style assistants, assistant colorists, or trainees for design publications. The program consists of a liberal arts component and technical courses developed in accordance with current industry standards. Students are provided with the required skills to work and grow in the field. The liberal arts background aids in the pursuit of a four-year degree. This program consists of technical courses developed in accordance with industry standards.

Interior Design/Home Furnishing (Certificate) – This certificate program is designed to prepare students for immediate job placement in the interior design and decorating fields as design assistants, stylists, showroom representatives, design sales associates, assistant colorists, or retail home furnishing and decorating sales positions. Technical courses are developed in accordance with current industry standards.
Fashion Buying and Merchandising (A.A.S.) – Students have the opportunity to specialize in a concentration of applied fashion merchandising courses. Specialized courses include: Fashion Advertising and Promotion, Introduction to Menswear, Fashion Apparel, Introduction to Import Buying, Fashion and Home Accessories, Fashion Coordination and Publicity, and Interior Design. As part of the program, students will study textiles, visual merchandising, retailing, and retail buying. Students will also have the opportunity to participate in a Cooperative Work Experience Program gaining valuable on-the-job experience. The degree prepares students for positions in resident buying offices, fashion manufacturers, designers’ showrooms, retail stores, fashion publications, and other firms associated with the fashion industry.

Retailing Business Management (A.A.S.) – Students in retail business management are prepared for merchandising and management careers in such retail enterprises as department and specialty stores, resident buying offices, chain organizations, and small businesses. The program includes an on-the-job work assignment in community department stores and other firms. This practical experience prepares graduates for initial positions as entry-level executives in the areas of buying, merchandising, and store operations. The Associate in Applied Science (A.A.S.) degree is a base for a business career upon graduation or continued education at a four-year institution. Course Descriptions: Online or PDF

$^1$For all students who are required to take two or more remedials.
$^2$Day students only. One-half credit of PED Activity Course is required for each full time Day semester. (Maximum of 2 credits).
$^3$Internship - as advised both day and evening students.
$^4$Business electives as advised.
$^5$Recommended Health Electives option include: HED 200 Concepts of Healthful Living and Stress Management, HED 201 Personal and Family Health, HED 231 Death Education: A Health Perspective, HED 251 Human Sexuality, HED 271 Alcoholism, Addictions and Abusive Behaviors, HED 293 Community Health.
$^6$Business electives as advised.
The purpose of the mathematics curriculum is essentially twofold: to provide a necessary aspect of a liberal arts education and to supply the necessary mathematics requirements for continued study in a baccalaureate program and/or a career in such fields as mathematics, science, engineering, economics, accounting, the behavioral sciences, and such professions. Facilities on campus include Computer Learning Center (B 225), Math Center (B 130), the Math Success Center (B 109), and Anxiety Center (B 126).

The following curricula are offered by this Department:

Computer Science (A.S.) - This program leads to the Associate in Science (A.S.) degree and is designed for those who intend to transfer to a baccalaureate program oriented in the design of hardware and software of computer systems. The program stresses computer, mathematics, and science courses which are appropriate for transfer to a baccalaureate program.

Computer Information Systems - Microcomputer (Cert.) - The Computer Information Systems - Microcomputer Certificate Program has been designed to provide training in computer skills to meet the needs of students to adapt and succeed in the rapid growth and application of new and emerging computer technologies. The program includes a wide range of courses in areas such as networking, programming, and applications in order to provide training to develop marketable skills or an opportunity for college graduates to upgrade their computer skills or prepare for a career change. Students without any computer experience should complete CMP 100, Computer Literacy before entering the certificate program.

Information Technology (A.A.S.) This program leads to the Associate in Applied Science (A.A.S.) degree and is designed for those who intend to seek immediate employment in Information Technology. The program includes foundation in general education courses (for example, social sciences, humanities, and electives) plus the business and mathematics courses necessary to augment the extensive computer courses. By judicious use of electives along with active advisement from departmental faculty, students can tailor the degree program to meet their individual needs and industry requirements for a particular area of Information Technology. Topics included for study are object-oriented programming, web programming, relational database management and development, Visual Basic, .NET programming, and Windows Server and Linux Administration. Some students transfer to baccalaureate degree programs in I.T. or related areas.

Liberal Arts & Science - Mathematics (A.S.) - This program is designed for students who intend to transfer to a baccalaureate program in mathematics, mathematics education (secondary), or a related applied field. Graduates of the program should be able to complete the baccalaureate degree in two years of additional full-time study. The program includes liberal arts courses to provide a broadbased general education, plus computer science and science courses to augment the extensive mathematics component. The mathematics core develops knowledge in three basic areas of mathematics learning: proof and theory, algorithms, and applications. The computer component develops important ancillary skills.

Logistics & Transportation Management (A.A.S.) - This program which develops professionals for one of the fastest growing areas of employment: the movement of goods and people from place to place with maximum efficiency. This program focuses on core courses in logistics management and transportation plus dynamic electives in the field. The curriculum also features basic studies in English, science, the humanities, and other disciplines which provide a diverse and sound background in the liberal arts. Individual concepts in Logistics and Transportation Management are studied in depth, as is their interrelation to industrial and business operations. This degree program leads to an Associate in Applied Science. Most courses are transferable to four-year institutions.
Computer Science (A.S.) - This program leads to the Associate in Science (A.S.) degree and is designed for those who intend to transfer to a baccalaureate program oriented in the design of hardware and software of computer systems. The program stresses computer, mathematics, and science courses which are appropriate for transfer to a baccalaureate program.

*Any student who chooses the 2-credit HED 201 Personal and Family Health as his/her health elective must choose at least one four-credit elective elsewhere in the program, to ensure the graduation requirements of 66 total credits.

**CSC/MAT elective can be chosen from:
- CSC 240 Mobile Application Development,
- CSC 260 Analysis of Computer Architecture and Software,
- MAT 131 Probability with Statistical Inference,
- MAT 200 Foundations of Advanced Mathematics,
- MAT 225 Multivariable Calculus,
- MAT 235 Algebraic Structures.
- MAT 226 Linear Algebra and Differential Equations and MAT 234 Elementary Differential Equations are also acceptable as CSC/MAT electives if students have the pre-requisites.
Information Technology (A.A.S.) - This program leads to the Associate in Applied Science (A.A.S.) degree and is designed for those who intend to seek immediate employment in Information Technology.

The program includes foundation in general education courses (for example, social sciences, humanities, and electives) plus the business and mathematics courses necessary to augment the extensive computer courses. By judicious use of electives along with active advisement from departmental faculty, students can tailor the degree program to meet their individual needs and industry requirements for a particular area of Information Technology. Topics included for study are object-oriented programming, web programming, relational database management and development, Visual Basic .NET programming, and Windows Server and Linux Administration. Some students transfer to baccalaureate degree programs in Information Technology or related areas.

MORTUARY SCIENCE
OFFICE: 357 East Road, (516) 572-7277.
CHAIRPERSON: Michael F. Mastellone,
Michael.Mastellone@ncc.edu.
FACULTY: G. Wingster.
TECHNICAL ASSISTANT: K. Schroeder
COURSES OFFERED: Mortuary Science (MSC).
The following curriculum is offered by this Department:

Mortuary Science (A.A.S.) - This program includes extensive work
in the areas of biological science, business, and social science, as well
as instruction within the major area of funeral service. Candidates for
graduation must take the National Board Examination sponsored by
the International Conference of Funeral Service Examining Board
prior to and as a requirement of graduation. After successfully passing
the national test, graduates must intern for a period of one year as a
Registered Resident prior to receiving the Funeral Director License.
The Mortuary Science Program (A.A.S. Degree) at Nassau Community
College is accredited by the American Board of Funeral Service
Education (ABFSE), 3414 Ashland Avenue, Suite G, St. Joseph,
Registration with the N.Y.S. Bureau of Funeral Directing is required
before matriculation status is granted. Students must supply their own
transportation to off-campus assignments. “The annual passage rate of
first time takers on the National Board Examination (NBE) for the most
recent three-year period for this institution and all ABFSE accredited
funeral service education programs is posted on the ABFSE web site
(www.abfse.org).”

6. Students must provide own transportation to off-campus field experiences.
7. Prerequisite: MSC 112 Public Health and Sanitation

NOTE: A grade of “C” or better is required in all Mortuary Science (MSC) courses, CHE 135 Chemistry for Applied Science, and AHS 202 Medical Microbiology.
OFFICE: Building H, Room 222, (516) 572-7446/7.

CHAIRPERSON: Jeffrey Fox, foxj@ncc.edu.

TECHNICAL ASSISTANTS: C. Jusino, G. Ouellette.

LABORATORY ASSISTANT: D. Ferraro.

COURSES Offered: Music (MUS), Studio Recording Technology (SRT).

The mission of the Music Department is threefold: first, to provide quality instruction in performance, music theory and musicianship, and music history to prepare students pursuing careers in music; second, to provide survey courses in various aspects of music as humanities and general electives for students in other degree programs; third, to serve as a cultural resource center in music for the students and the larger community of Nassau County by sponsoring performing ensembles and presenting concerts.

The following curricula are offered by this Department:

Performing Arts Music (A.A.S.) - A two-year music concentration program that leads to the Associate in Applied Science (A.A.S.) degree is offered in Performing Arts. The curriculum also is transferable to four-year institutions and closely parallels the first two years of the BM degree in music. The degree may also lead directly to performance and other careers in the music industry. The Music Department is an accredited institutional member of the National Association of Schools of Music. For acceptance, incoming students are required to audition on their major instrument (or voice) and take a test in written music theory, aural musicianship, and keyboard skills. Students may enter the program with deficiencies; however, appropriate noncredit courses are assigned in order to correct these deficiencies.

Departmental Requirements for A.A.S. Degree in Performing Arts - Music:

1. Four semesters of college-level theory
2. Four semesters of college-level sight-singing
3. Four semesters of keyboard harmony
4. Four semesters of college-level applied music
5. Four semesters of ensemble (chorus, orchestra, band, or percussion ensemble)
6. One semester of music literature and two semesters of music history
7. Additional requirements as described under Programs of Study

Applied Music Courses (a special fee will be charged for all courses.)

Requirements for Applied Music:

1. Students must be matriculated in a music degree program.
2. Students are required to perform on at least one recital each semester after reaching the second semester of college level study and also to attend a specified number of recitals and concerts each semester.
3. Woodwind and brass instrument students must also be enrolled in Band.
4. String instrument students must also be enrolled in Orchestra.
5. Voice, keyboard and guitar students must also be enrolled in Chorus.
6. Percussion students must also be enrolled in Percussion Ensemble.
7. Percussion students in the third semester of college-level study (200 level) must also be enrolled in Band or Orchestra.
8. Students are required to perform a jury exam at the end of each semester of applied music study.
9. A failure in or withdrawal from the performing group will result in a failure or in a withdrawal from applied music.

10. MUS 000 Applied Music Master Class is a co-requisite for all applied music courses.
11. Students in applied music must also be enrolled in music theory unless those requirements have already been met.

Studio Recording Technology (Cert.) - This three-semester program is designed to introduce students to music and recording technology and to provide a broad based perspective of the music industry. The SRT certificate is designed for those seeking entry-level employment in the recording industry, as well as those wishing to establish independent music recording/production businesses. Classes meet on campus and at an off-campus professional recording studio. Internship training will take place at a professional recording, production or equivalent music industry work environment (at an off-campus location).

Facilities for the Music Department include a large performance space available for ensemble rehearsals, performances and recitals; several studios for applied music instruction; and several soundproof practice rooms, each equipped with an upright piano, available for individual practice sessions. The Department also has two piano laboratories, plus a computer laboratory and audio production laboratory that are available for student tutorial work. The Department owns a number of less common and/or larger instruments, which are available for student use. Music classrooms are equipped with state-of-the-art sound systems. The Music Department maintains an extensive teaching library of recordings and music scores.
Performing Arts Music (A.A.S.) - A two-year music concentration program that leads to the Associate in Applied Science (A.A.S.) degree is offered in Performing Arts. The curriculum also is transferable to four-year institutions and closely parallels the first two years of the BM degree in music. The degree may also lead directly to performance and other careers in the music industry. The Music Department is an accredited institutional member of the National Association of Schools of Music. For acceptance, incoming students are required to audition on their major instrument (or voice) and take a test in written music theory, aural musicianship, and keyboard skills. Students may enter the program with deficiencies; however, appropriate noncredit courses are assigned in order to correct these deficiencies.

Gainful Employment Disclosure Information
OFFICE: Life Sciences Building, Room 3-19, (516) 572-9630.
CHAIRPERSON: Thomas B. Rich, Thomas.Rich@ncc.edu

CLINICAL INSTRUCTORS: J. Gaffney, J. Valins.

TECHNICAL ASSISTANTS: M. Blessinger, J. Gavigan, S. Victome.

COURSES OFFERED: Nursing (NUR).

Nursing (A.S.)
The Nursing Department offers a curriculum, accredited by the National League for Nursing Accrediting Commission (NLNAC), leading to an Associate in Science Degree and eligibility for the National Council Licensure Examination - Registered Nurse.

The goal of our program is to prepare pre-licensed RN students to practice safe and competent patient-centered nursing care in a variety of health settings, to optimize human health and wellness potential across the life span, within a rapidly changing health care system. It is designed to empower students with the knowledge and skills that are essential in meeting the health care needs of a diverse population within our community, and to inspire in the student a sense of integrity, commitment and competence. Throughout the program, students' competencies will grow incrementally in the attainment and utilization of nursing knowledge, critical thinking, clinical reasoning, communication, managerial, leadership and technological skills essential to their role within the profession and the health care team.

The required Nursing courses (NUR 101 Fundamental of Nursing, NUR 105 Introduction to Medical Surgical Nursing, NUR 203 Comprehensive Nursing Care I, and NUR 204 Comprehensive Nursing Care II) are offered during the September to May academic year. These courses are limited. Please be aware that obtaining a seat in Nursing is dependent upon the number of available seats, and the applicant's ranking according to grade point average for the courses applicable to the Nursing curriculum. Ten (10) additional points will be given to Nassau County Residents. Meeting the stipulated criteria does not guarantee a seat. If, upon graduation, an individual's application for licensure reveals that the applicant has been convicted of a crime or that there are pending charges, an investigation will be conducted by the Office of Professional Discipline of the State Education Department.

Departmental Requirements and Guidelines:

1. If the placement examination indicates a need for remediation in English, mathematics, or reading, remediation must be completed before entering the Nursing Program.
2. Nursing students are required to submit evidence of a physical examination, antibody titers, and inoculations prior to their first clinical assignment in NUR 101 Fundamental of Nursing and annually thereafter.
3. Nursing students must be of good moral character and may be subject to criminal background checks and random drug screening.
4. Nursing students must be able to independently complete a patient assessment through visualization, direct and indirect auscultation, detection of odors, palpation, and percussion.
5. Nursing students must be able to perform gross and fine motor movements and must possess the physical strength and stamina to provide safe nursing care.
6. Nursing students must be alert, able to think critically and problem solve, possess emotional stability and flexibility, and be able to communicate effectively in English.
7. Students are required to adhere to those departmental policies that are distributed to all nursing students.
8. A minimum grade of 75 is required in each of the required Nursing courses.
9. A minimum of 15.5 credits (including NUR 101 Fundamental of Nursing) must be completed before progressing to NUR 105 Introduction to Medical Surgical Nursing.
10. Nursing students must supply their own required uniforms and equipment.
11. Nursing students are required to supply their own transportation to clinical settings.
12. Nursing students must be legally eligible for employment and professional licensure in the United States.
13. Nursing students must submit a copy of current certification of competency in cardiopulmonary resuscitation for the professional rescuer prior to admission to NUR 101 Fundamental of Nursing and prior to graduation.
14. College courses applicable to the Nursing Program completed at other colleges must be transferred in prior to admission to the Nursing Program. Science courses completed more than ten years prior to admission will not be accepted.
15. Questions or concerns about the Nursing Program may be directed to:

National League for Nursing Accrediting Commission
3343 Peachtree Road, NE, Suite 850
Atlanta, Georgia 30326
Tel: 404-975-5000
Fax: 404-975-5020
Web site: www.nlnac.org

Advanced Standing in Nursing Courses:
The opportunity for advanced standing is available to LPNs. By challenging NUR 101 Fundamental of Nursing, the candidate avoids much of the competition for entry into the program and enters when normal attrition may make a seat available. Eight and one-half credits are granted to the student for successfully completing the challenge of NUR 101 Fundamental of Nursing. Application at Nassau Community College is made as a liberal arts student. There will be an interview with the Nursing Department and the applicant will be required to provide a writing sample responding to a scenario provided at that time. Once the challenge is completed and the candidate is ready to enter a Nursing course, the Nursing Department will process a Change of Program to Nursing. In the meantime, the candidate is a Liberal Arts student and should pursue the liberal arts and science pre and corequisites required in the Nursing Program. At least 33 credits, including those for Nursing, must be taken at Nassau Community College. Information on the challenge process may be obtained at Advanced Standing Information Sessions.

Change of Program/Transfer:
Admission requirements to the Nursing Program for change of area or transfer students include:
AHS 131 Anatomy and Physiology I
ENG 101 Composition I
MAT 102 Introduction to Statistics
PSY 203 General Psychology I

These courses must be completed with a grade of C or better and a minimum grade point average of 3.0 or better before application for Change of Program. Requests for Change of Program to Nursing will be accepted during the 2nd, 3rd, and 4th weeks of March to be considered for the September class and during the 2nd, 3rd, and 4th weeks of October to be considered for the January class. Transfer students must apply directly to Admissions. Students will not be considered for admission if they have attempted AHS 131 Anatomy and Physiology I more than twice (including “W” and "UW" grades).
Further information about the Nursing Program can be obtained from Academic Advisement, Admissions, Nursing Information Sessions, the Nursing Department Website, and Student Personnel Services.

Nassau Community College: http://collegecatalog.ncc.edu/current
OFFICE: Nassau Hall, Room M-217, (516) 572-7450.
CHAIRPERSON: Mark S. Halfon, Mark.Halfon@ncc.edu.
COURSES OFFERED: Philosophy (PHI).

Philosophy means love of wisdom. A philosopher questions everything, seeking answers to serious questions: Does human life have meaning? What is the difference between right and wrong? How should we live our lives? Do we have free will? Does God exist? Can humans know what the physical world is really like? In doing this, the philosopher uses finely tuned arguments and tries to follow them wherever they lead. Philosophy is intrinsically interesting, enlightening, and enjoyable, but it is also an unsurpassed tool for sharpening students' reasoning skills. Moreover, philosophy courses are writing intensive, emphasizing the written expression of philosophical ideas. This is why pre-law and pre-medical students are often advised to study it, and many four-year colleges and universities require it of all students.
OFFICE: Cluster D, Room 3090, (516) 572-7279
CHAIRPERSON: Gregory J. Lehenbauer, Gregory.Lehenbauer@ncc.edu
TECHNOLOGIST: A. Altmann.
TECHNICAL ASSISTANT: A. Sanchioli, M. Zito.
COURSES OFFERED: Physical Sciences (SCI), Multidisciplinary Science (MDS).
The course number designation does not reflect the level of difficulty, and there are no course prerequisites. The courses in the Department of Physical Sciences are all accessible to the non-science major. These course offerings will also provide a focus for the future science major. The Department's facilities include six laboratories with specialized equipment for all of the physical science courses being offered.
Computers are available for use in the lecture rooms and laboratories as well as two special science computer rooms. These rooms offer the students an opportunity to work with laboratory equipment, and computers for tutorial work, experiment simulations, research, as well as word processing. The Department has a planetarium with an 18-foot diameter dome which is utilized in astronomy courses and during "Open House" astronomy nights. State-of-the-art telescopes are used in the lab as well as for observations of the evening sky.
Meteorology students have access to the NCC Weather Center.
Computers in the weather center receive the McIDAS data stream via the Internet, and they collect, store, and graph current weather data at NCC as measured by various instruments on the roof. Computers are also used to acquire current weather maps and weather information from numerous Internet sites. Geology students may have the opportunity to learn more about the geology of Long Island and the Metropolitan area through field trips and may also be able to participate in special research projects that investigate real issues affecting their local environment. For Geology students interested in the area of gemology, special sections are offered in which instruction utilizing optical identification instruments and real gems is provided in the lab. Field trips provide Environmental Science students with direct observation of environmental phenomenon. Environmental mapping students have access to individual state-of-the-art GPS units as well as the latest version of ESRI's ArcMap mapping software.
Special distance-learning sections of certain courses are offered either through College of the Air or as a hybrid online course. These distance-learning sections have several meetings on campus to do lab experiments and take exams. These classes meet either on Saturdays or Sundays. Communication between the instructor and students is by email. The hybrid online course materials are obtained through a course web site. College of the Air course materials are available through a course web site and through DVDs and streaming video. Students wishing to major in Physical Science or who are considering pursuing study in these subjects at the baccalaureate level should see departmental advisors.
OFFICE: Building G, Room 355, (516) 572-7458.
CHAIRPERSON: Sidney Hochman, Sidney.Hochman@ncc.edu.
COURSES OFFERED: Psychology (PSY).
In the field of psychology, fundamental survey courses are offered to fit the needs of all students. Those desiring to specialize are provided with patterns of preprofessional courses designed to satisfy the requirements of transfer colleges. Elective offerings provide further study in psychology for those seeking careers in counseling and teaching. Students wishing to pursue study at the baccalaureate level in these subjects should see departmental advisors.

The following curricula are offered by the Psychology Department:
Disability Studies (A.A.): The Disability Studies (A.A.) explores disability from historical, cultural, philosophical, psychological and socio-political perspectives and from multiple disciplinary- and interdisciplinary- angles. Job opportunities may be found in developmental or physical disability service agencies, independent living centers, mental health centers, schools, geriatric and vocational rehabilitation agencies. It may also lead to employment in organizations promoting disability rights, advocacy and activism. Graduates are prepared to work effectively with individuals with many different disabilities, disorders, or conditions. Credits earned may be applied toward a B.A. in Disability Studies, Psychology or related fields.

Disability Studies (Certificate): The Disability Studies Certificate is designed to prepare students for a career in the field of disability service. Students will gain the theoretical knowledge and practical skills that will allow them to effectively provide services that meet the unique needs of individuals with disabilities across the life-span. Courses in the program assist students in developing an understanding and knowledge of disabilities that take into consideration the individual with a disability, societal influences, the environmental setting and the mandates of disability law. Students will also learn to employ assessment techniques, programming strategies, goal planning, and life-skills training that support self-advocacy, productivity and community inclusion for individuals with developmental disabilities across the life span.
**Description:** The Disability Studies (A.A.) explores disability from historical, cultural, philosophical, psychological and socio-political perspectives and from multiple disciplinary - and interdisciplinary- angles. Job opportunities may be found in developmental or physical disability service agencies, independent living centers, mental health centers, schools, geriatric and vocational rehabilitation agencies. It may also lead to employment in organizations promoting disability rights, advocacy and activism. Graduates are prepared to work effectively with individuals with many different disabilities, disorders, or conditions. Credits earned may be applied toward a B.A. in Disability Studies, Psychology or related fields.

Gainful Employment Disclosure Information
OFFICE: Reading - Building N, Room 205, 572-7464.
BEP OFFICE: Building N, Room 205, 572-7630.
CHAIRPERSON: Christine Berg, Christine.Berg@ncc.edu.
COURSES OFFERED: Basic Education (BEP), Reading (RDG).
All matriculated students placing at the 001 level of remediation in Reading and English and 001 or 002 level in Math are offered a place in the Basic Education Program (BEP). Students are required to complete this program successfully before being permitted to register for the next level of courses in Reading, English, and Math. All students who take the placement test and score RDG 001 or RDG 002 are required to enroll in the course in the first semester of attendance. Successful completion of each course is required. If RDG 001 is the original placement, RDG 002 is required unless the student is exempted by meeting Department standards. For students for whom English is not their first language, the Department of Reading and Basic Education offers a reading course at the college preparatory level of instruction. Students are placed in the course on the basis of a reading test. This course is one of the College's offerings for English language learners. See the English Department for writing courses and the Communications Department for conversation/pronunciation courses. The Language Immersion program at Nassau Community College (LINCC) is available to students who do not place into college level ESL courses. The Department also offers credit reading courses. For further information, contact the Department of Reading and Basic Education at 572-7464.
OFFICE: Building G, Room 357, (516) 572-7452.
CHAIRPERSON: Lyle Hallowell, Lyle.Hallowell@ncc.edu.
FACULTY: N. Barker, P. Halcrow, R. Renoff, J. Rosenfeld, A. Schwartz, J. Varacalli, E. Wood, J. Young.
COURSES OFFERED: Sociology (SOC), Human Services (HMS), Anthropology (ANT).
The Department offers survey courses in sociology and anthropology and human services, as well as thematic courses and field work courses that allow students to investigate the social world in greater detail. Our courses explore the kinds of questions that arise as soon as we start to look more closely at the world around us. Why is there economic and social inequality in American society? Why are some nations rich while others are poor? Are anti-drug policies effective? How do we explain why some people commit crimes? How are different religions organized, and how do they fit into societies? Are "traditional" gender roles really traditional? How are important elements of identity like gender, ethnicity, race, class, sexuality, socially constructed? How can we change the world we live in, and how does it shape our lives? How is health care delivered? How do consumer practices shape our lives? What kinds of struggles do typical families face today? Sociology and anthropology courses are designed to meet the needs of general liberal arts and social science students as well as those planning to pursue sociology or anthropology majors at the baccalaureate level and beyond. Human services courses are designed to help students explore career options within social work and human services.

Students wishing to pursue study at the baccalaureate level in sociology, anthropology or social work should see departmental advisors.

The following curricula are offered by this Department:

Human Services: Community Service and Social Welfare (A.A.) -
This program leads to the Associate of Arts degree and is designed for those students who intend to transfer to a baccalaureate program in social work or a related human services field. The program includes a broad variety of required and elective courses in community service (social-work oriented courses), social sciences, humanities, literature, science and math, and addictions. Various articulation agreements are in place for successful graduating students.

* NO "STUDIO" CLASSES.
** Speak to advisor re: requirements of intended transfer institution.
OFFICE: Nassau Hall, Room 11, (516) 572-7506.
CHAIRPERSON: Genette Alvarez-Ortiz, Genette.Ortiz@ncc.edu.
The Student Personnel Services Department (SPS) is dedicated to providing professional support services aimed at maximizing academic and personal success for all students at NCC. It offers equal access to counseling, resources, programs and classroom instruction in order to enhance academic performance as well as individual, social and professional development.

COURSES OFFERED:
Student Personnel Services (SPS):
SPS 093 BEP/SPS Seminar
SPS 102 Career Exploration
SPS 111 Understanding Substance Use, Abuse and Addiction
SPS 201 Perspectives on People with Disabilities
The SUNY Teacher Education Transfer Template (TETT) is a State University of New York System articulation project designed to facilitate transfer between participating SUNY Associate Degree-Granting Institutions (ADGIs) and those SUNY baccalaureate campuses with teacher education programs, consistent with the Chancellor's initiative, A New Vision in Teacher Education (http://www.sysadm.suny.edu/provost/teachered.htm). The goal is both to eliminate course incompatibilities that can hinder student progress and to simplify advisement at all campuses involved in teacher education. The TETT project calls for a model AA or AS curriculum consisting of three components for students aspiring to earn bachelor degrees with recommendation for NYS teacher certification in Childhood or Early Childhood Education or in Adolescence Education:

- General Education Core: complete SUNY-GER plus an additional three credits of Foreign Language (33 credit hours);
- Major or Concentration: at present the TETT project web site covers coursework in seven majors/concentrations - Biology, Chemistry, Earth Science, English, History/Social Studies, Mathematics, Physics (12-18 credit hours); and
- Pedagogical Core: one Psychology course (Child or Adolescent) and Foundations of Education (6 credit hours).

When a SUNY ADGI student completes these three components within a particular sequence of coursework, s/he is assured that the represented coursework will transfer to one of the SUNY designated campuses offering baccalaureate teacher education programs. The TETT project is a SUNY System articulation initiative and therefore assures that a transferring student’s coursework is accepted in whole if the student meets the criteria for admission to a parallel program at a participating SUNY baccalaureate campus. The TETT project does not guarantee admission to a particular teacher education baccalaureate program or institution. Information pertaining to the admission requirements for participating senior college programs is provided as part of the guidance on the TETT web site, http://www.suny.edu/EducationTransfer. Students are also advised to visit the web pages of teacher education campuses of interest, accessible from this site.

The six Teacher Education degree programs offered by Nassau Community College are detailed below. Students matriculated in any of these programs are reminded that specific courses should be selected in close consultation with an advisor and based on the requirements of the students target baccalaureate institution.

For further information, contact the Teacher Education Coordinator, Professor Diane Martin at 516.572.7458.

Programs of Study

Early Childhood Education A.A.

Description: This program is designed to support and encourage progress toward a baccalaureate degree and NYS teacher certification for students interested in pursuing teaching as a career. Early Childhood Education, Teacher Education Transfer (Liberal Arts and Sciences) degree is specifically for students interested in teaching grade levels Birth through Second Grade (Birth-2). This course of study provides students with a balance of coursework between completing Education classes, General Education requirements, and pursuing courses within the students' selected academic major. Students can major/concentrate in English, History or Special Education.

Early Childhood Education A.S.

Description: This program is designed to support and encourage progress toward a baccalaureate degree and NYS teacher certification for students interested in pursuing teaching as a career. Early Childhood Education, Teacher Education Transfer (Liberal Arts and Sciences) degree is specifically for students interested in teaching grade levels Birth through Second Grade (Birth-2d). This course of study provides students with a balance of coursework between completing Education classes, General Education requirements, and pursuing courses within the students' selected academic major. Students can major/concentrate in General Science, Mathematics or Special Education.

Childhood Education A.A.

Description: This program is designed to support and encourage progress toward a baccalaureate degree and NYS teacher certification for students interested in pursuing teaching as a career. Childhood Education, Teacher Education Transfer (Liberal Arts and Sciences) degree is specifically for students interested in teaching grade levels First through Sixth Grade (1st -6th). This course of study provides students with a balance of coursework between completing Education classes, General Education requirements, and pursuing courses within the students' selected academic major. Students can major/concentrate in English, History or Special Education.

Childhood Education A.S.

Description: This program is designed to support and encourage progress toward a baccalaureate degree and NYS teacher certification for students interested in pursuing teaching as a career. Childhood Education, Teacher Education Transfer (Te Liberal Arts and Sciences) degree is specifically for students interested in teaching grade levels First through Sixth Grade (1st -6th). This course of study provides students with a balance of coursework between completing Education classes, General Education requirements, and pursuing courses within the students' selected academic major. Students can major/concentrate in General Science, Mathematics or Special Education.

Adolescence Education A.A.

Description: This program is designed to support and encourage progress toward a baccalaureate degree and NYS teacher certification for students interested in pursuing teaching as a career. Adolescence Education, Teacher Education Transfer (The Liberal Arts and Sciences) degree is specifically for students interested in teaching grade levels Seventh through Twelfth Grade (7th-12th). This course of study provides students with a balance of coursework between completing Education classes, General Education requirements, and pursuing courses within the students' selected academic major. Students can major in English, Social Studies, or Special Education.

Adolescence Education A.S.

Description: This program is designed to support and encourage progress toward a baccalaureate degree and NYS teacher certification for students interested in pursuing teaching as a career. Adolescence Education, Teacher Education Transfer (Liberal Arts and Sciences) degree is specifically for students interested in teaching grade levels Seventh through Twelfth Grade (7th-12th). This course of study also provides students with a balance of coursework between completing Education classes, General Education requirements, and pursuing courses within the students' selected academic major. Students can major/concentrate in Biology, Chemistry, Earth Science, Mathematics, Physics or Special Education. Teaching Assistant Certificate

Description: This program is designed to meet the training levels for New York State Teaching Assistant Licensure and Certification. The Teaching Assistant Certificate provides an opportunity for individuals interested in education to begin their higher education in a gradual and supportive manner. Teaching Assistants provide direct instructional services to students under the supervision of a licensed teacher. All courses are applicable to the Teacher Education Transfer Associate degrees and provide a smooth transition to baccalaureate level education programs.

Gainful Employment Disclosure Information
OFFICE: Theatre Building, (516) 572-7508
CHAIRPERSON: Victor H. Abravaya, Esq., Victor.Abravaya@ncc.edu.
TECHNICAL ASSISTANT: E. Morrison-Darren.
TECHNOLOGIST: P. Fox.
COURSES OFFERED: Dance (DAN), Theatre (THR).
The Department of Theatre and Dance is committed to academic excellence, offering undergraduate courses of study that will prepare students for transfer to four-year baccalaureate programs or conservatory programs. Our classes have a low student-to-faculty ratio, which allows for more personal attention in the classroom. Students have the opportunity to gain expertise in all of the fundamental areas of Theatre and Dance through an integrated program of study in a liberal arts context. Courses offered by the Department of Theatre and Dance may be used as Humanities or General Elective Credit. Specific courses serve as NCC and/or SUNY General Education Requirements. DAN 126 (Introduction to Modern Dance) may be used as a Physical Education activity elective. Students who wish to pursue the study of Acting, Dance, or Technical Theatre at the baccalaureate level should see departmental advisors.

The Department of Theatre and Dance offers discrete Associate in Arts degree programs in Acting, Dance, and Theatre.

A.A. Acting: In addition to Liberal Arts requirements, Acting degree students must successfully complete the Acting sequence: Acting I-IV, Theatre History I-II, Movement for the Actor I-II, Movement for Musical Theatre, Voice for Stage, a four-course sequence in Production & Performance, and ENG 300 (Shakespeare on Stage and Page).

A.A. Dance: In addition to Liberal Arts requirements, Dance degree students must successfully complete the Dance sequence: Dance History, Dance Technique I-IV (Modern Dance/Ballet), Dance Concepts I-II (Choreography), a Modern Dance sequence consisting of Introduction to Modern Dance, and Modern Dance I-II, and a four-course sequence in Rehearsal & Performance.

A.A. Technical Theatre: In addition to Liberal Arts requirements, Technical Theatre degree students must successfully complete the Technical Theatre sequence: Theatre History I-II, Stagecraft, Technical Production, Lighting Design, Scene Design, and a four-course sequence in Production & Performance.

Production Program: The Theatre/Dance Department’s extensive open-to-the-public Production Program includes a Major Musical, a Children’s Musical, a Dance Concert, a joint production with the Africana Studies Department, and numerous other plays and musicals. Auditions for these productions are open to all students enrolled in a minimum of six credits at the College. The Production Program serves as a closely supervised laboratory for the Department’s Acting, Dance, and Technical Theatre academic courses, and as an effective mechanism for taking education beyond the walls of the classroom.
A.A. Acting: In addition to Liberal Arts requirements, Acting degree students must successfully complete the Acting sequence: Acting I-IV, Theatre History I-II, Movement for the Actor I-II, Movement for Musical Theatre, Voice for Stage, a four-course sequence in Production & Performance, and ENG 300 (Shakespeare on Stage and Page).

Department: Administrative Business Tech

ABT 127 - Legal Office Procedures I
Description: Introduction to litigation documents: procedures for preparing summonses, complaints, answers, counterclaims, affidavits, bills of particulars, replies, verifications, and judgments. Discussion of New York State and Federal court systems. Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Administrative Business Tech

ABT 128 - Legal Office Procedures II
Prerequisites: ABT 127 or permission of the Chairperson.
Description: Introduction to the procedure for preparing non-litigation documents, including contracts, powers of attorney, wills, and real estate papers. Discussion of probate, appeals, and motion practice. Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Administrative Business Tech

ABT 152 - Medical Transcription
Prerequisites: ABT 244 or permission of Chairperson.
Description: Transcription from medical dictation tapes which include letters; chart notes; histories and physicals; discharge summaries; and operative, radiology, and pathology reports. Emphasis is on comprehension of medical terminology, language arts, correct formatting, and proofreading. (2 lecture, 2 laboratory hours) Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Administrative Business Tech

ABT 153 - Medical Coding
Prerequisites: HIT 151 or permission of the Chairperson.
Corequisites: HIT 151 or permission of the Chairperson.
Description: Introduction to current medical coding and billing procedures. Students will develop an understanding of both the ICD-9-CM and CPT-4 coding systems and will be introduced to the terminology and procedures for preparing insurance claim forms. Students will apply theory through computer specific reinforcement exercises and activities. Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Administrative Business Tech

ABT 205 - Executive Work/Study
Prerequisites: ABT 105, ABT 110 or permission of the Chairperson.
Corequisites: ABT 105, ABT 110 or permission of the Chairperson.
Description: Supervised work experience in financial and government institutions, advertising, travel, publishing, banking, and insurance giving students the opportunity to apply their classroom skills to office situations and alert them to the realities of the business environment. Weekly seminars reinforce work experience. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Administrative Business Tech

ABT 225 - Legal Workshop
Prerequisites: ABT 225 or permission of the Chairperson.
Description: Legal office procedures, case management, and the litigation process. Application assignments cover the job search, filing records, preparing the court calendar, and transcribing legal letters and documents. Practice sets are assigned to reinforce and enrich litigation procedures. (2 lecture, 2 laboratory hours) Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Administrative Business Tech

ABT 226 - Legal Work/Study
Prerequisites: ABT 225 or permission of the Chairperson.
Corequisites: ABT 225.
Description: Supervised work experience in cooperation with the District Attorney's office and private law firms in Nassau County and New York City. Students are introduced to legal office procedures through observation, study, and work. Weekly seminars reinforce work experience. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Administrative Business Tech

ABT 230 - Web Page Formatting
Description: This course allows students to create, edit, manage, and maintain websites using Adobe Dreamweaver. Dreamweaver is one of the most popular webpage/website creation & management tools on the market. This course is open to all NCC students. No prerequisite.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Administrative Business Tech

ABT 244 - Business Writing
Prerequisites: ENG 101.
Description: An introduction to the principles of writing business correspondence. Emphasis on composing and editing business documents, including letters, memos, e-mail messages, and reports. Language arts skills are reinforced. (3 lecture, 2 laboratory hours) Laboratory fee applies. (Also offered online). SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 4
Department: Administrative Business Tech

ABT 245 - Administrative Management
Description: The study of managerial functions and theory. Special attention is given to issues facing office managers including the analysis of technology, office design implementation, personnel practices and concerns, and overall management of people, procedures, and equipment. (Also offered online). SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Administrative Business Tech

ABT 254 - Medical Workshop
Description: Front office and administrative procedures for the medical office: reports, filing, telephone techniques, human relations, and office management. Patient information, procedure and diagnostic codes, claim centers and service facilities, and billing information are presented using Medical Manager software. (2 lecture, 2 laboratory hours) Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Administrative Business Tech

ABT 255 - Medical Work/Study
Department: Administrative Business Tech

ABT 235 - E-Commerce for Office Professionals
Description: A comprehensive introduction to electronic commerce and the Internet taken from an office worker's perspective. This course is designed to help office professionals develop the necessary skills to use the Internet effectively and to provide students with an overview of the field of electronic business and information processing. This course features hands-on exercises for students who want to know how information technologies are tied together to improve business productivity. This course is open to all NCC. No prerequisite. (Also offered online)
SUNY GEN ED-n/a; NCC GEN ED-n/a
ACC

ACC 101 - Accounting I
Prerequisites: A student with two or more remedial requirements cannot take this course.
Description: This course is an introduction to financial statements, analysis of the statements, and accounting concepts and theories for service and merchandising entities. Other topics include cash, receivables, inventory, and current liabilities.

ACC 102 - Accounting II
Prerequisites: ACC 101 with a grade of C or better.
Description: This course is an introduction to accounting concepts and theories for corporations and manufacturing entities. The course focuses on accounting concepts for non-current assets and long term liabilities. It also includes financial statement analysis as well as specific accounting concepts relating to statement of cash flows and cost accounting.

ACC 125 - Computerized Accounting
Description: An introductory course providing students with accounting knowledge incorporating accounting software programs such as Peachtree, QuickBooks and other similar commercial software packages.

ACC 201 - Intermediate Accounting I
Prerequisites: ACC 101 and 102 with grade of C or better in each course.
Description: This course examines the uses of financial accounting as expressed by authoritative pronouncements of the Financial Accounting Standards Board and the Accounting Principles Board. The course provides a review of the accounting cycle and focuses on the financial reporting which includes the preparation and analysis of the balance sheet, the income statement, and the statement of changes in stockholder's equity. The course also provides and introduction to the others aspects of financial reporting and analysis. Additional topics covered include specific accounting concepts relating to current assets, plant assets, intangibles, revenue recognition, and the time value of money.

ACC 202 - Intermediate Accounting II
Prerequisites: ACC 201 with a grade of C or better.
Description: This course continues to examine the theory and concepts of financial accounting as expressed by authoritative pronouncements of the Financial Accounting Standards Board and the Accounting Principles Board. The course focuses on the preparation and analysis of the statement of cash flows and specific accounting concepts relating to non-current assets, current and long-term liabilities, accounting for income taxes, leases, and post employment benefits. Additional topics covered include contingencies, contributed capital, accounting changes and errors, and earnings per share.

ACC 203 - Federal Income Taxes
Prerequisites: ACC 101 with a grade of C or better.
Description: Federal income tax laws and filing requirements as applied to the preparation of individual and sole proprietorship returns including all related schedules. Introduction to tax planning. This course should not be taken by those intending to take the C.P.A. examination. Not offered every semester.

ACC 206 - Payroll Systems and New York State Taxes
Description: A course providing the underlying concepts, theories, and procedures for payroll systems, payroll record keeping, and employers' payroll requirements for filing N.Y.S. and N.Y.C. payroll taxes. N.Y.S. tax law as applied to the preparation of individual, unincorporated and franchise returns. N.Y.S. sales tax law and preparation of sales tax returns. Tax planning and researching tax problems. Not offered every semester.

ACC 208 - Cost Accounting
Prerequisites: ACC 101 and ACC 102 with a grade of C or better.
Description: This course examines the uses of accounting information by management in planning and controlling operations, for inventory evaluation and profit determination, and for making both short and long term decisions. A detailed examination is made of job order process and standard cost systems used in recording costs. The various types of quantitative tools used by management in making business decisions are studied. Not offered every semester.

AFR

AFR 100 - African Art and Culture
Description: History of African Art, from antiquity to present, in relation to the cultures which produced the art. Examination of representative African forms. West, East, and Central Africa. Introduction to historic African crafts, costume, and music.

AFR 110 - African American Dance Ensemble, Rehearsal and Performance
Description: (Dual listed with DAN 117)
This is the first course in the AFR 110-111 sequence. Participation in the production, rehearsal and performance of the African American Dance Ensemble Productions. SUNY GEN ED-n/a; NCC GEN ED-HUM

**Credit Hours:** 1  
**Department:** Africana Studies

**AFR 111 - African American Dance Ensemble, Rehearsal and Performance**

**Description:** (Dual listed with DAN 118)  
This is the second course in the AFR 110-111 sequence. Participation in the production, rehearsal and performance of the African American Dance Ensemble Productions. SUNY GEN ED-n/a; NCC GEN ED-HUM

**Credit Hours:** 1  
**Department:** Africana Studies

**AFR 112 - A Survey of the Art of African American Dancers and Choreographers**

**Description:** (Dual listed with DAN 125)  
An introduction to the contributions of African American creative and performing artists to the development of social and theatrical dance in America. Classroom demonstrations by representative artists and field trips to dance concerts are part of the curriculum. SUNY GEN ED GHUM, GART; NCC GEN ED-HUM

**Credit Hours:** 3  
**Department:** Africana Studies

**AFR 113 - African American Dance Ensemble, Rehearsal and Performance**

**Description:** (Dual listed with DAN 217-218)  
This is the first course in the AFR 113-114 sequence. Participation in the production, rehearsal and performance of the African American Dance Ensemble productions. SUNY GEN ED-n/a; NCC GEN ED-HUM

**Credit Hours:** 1  
**Department:** Africana Studies

**AFR 114 - African American Dance Ensemble, Rehearsal and Performance**

**Description:** (Dual listed with DAN 217-218)  
This is the second course in the AFR 113-114 sequence. Participation in the production, rehearsal and performance of the African American Dance Ensemble productions. SUNY GEN ED-n/a; NCC GEN ED-HUM

**Credit Hours:** 1  
**Department:** Africana Studies

**AFR 130 - African American Literature I**

**Prerequisites:** ENG 101 and 102 or ENG 109  
This course covers development of African American literature from early slave narratives and folklore following the advent of the transatlantic slave trade through the Revolutionary, pre- and post-Civil War periods, to the major literary flowering of the 1920s Harlem Renaissance. Writing is an integral component of the course. SUNY GEN ED-GHUM; NCC GEN ED-HUM, LIT, PLDI

**Credit Hours:** 3  
**Department:** Africana Studies

**AFR 131 - African American Literature II**

**Prerequisites:** AFR 130 or ENG 207 or permission of the Africana Studies Department

**Description:** (Dual listed with ENG 208)  
Introductions to African American literature, from the period of the 1930s to contemporary themes and representative authors. SUNY GEN ED-GHUM; NCC GEN ED-HUM, LIT, PLDI

**Credit Hours:** 3  
**Department:** Africana Studies

**AFR 140 - African American History I**

**Prerequisites:** Completion of RDG 001  
A survey of the African American experience in the New World, from the advent of the African slave trade to the Civil War and the Reconstruction Era. Emphasis centers on the African American event in the N.A. background, the cultural history of the African Americans, slavery and a legacy of racial discrimination. SUNY GEN ED-GSBS, GAMH; NCC GEN ED-SBS, WESH, PLDI

**Credit Hours:** 3  
**Department:** Africana Studies

**AFR 141 - African American History II**

**Prerequisites:** AFR 140 or permission of Chairperson, completion of RDG 001  
A survey of the African American experience since the Reconstruction Era to the post-World War II period and the current scene. Emphasis centers on the Civil Rights Movement, the Harlem Renaissance, the Black Revolution and the philosophies of Dr. Martin Luther King, Jr., Malcolm X, Jesse Jackson, Angela Davis, Cynthia Boston, Willie McGee and the “exiled” leaders of the contemporary scene. SUNY GEN ED-GSBS, GAMH; NCC GEN ED-SBS, WESH, PLDI

**Credit Hours:** 3  
**Department:** Africana Studies

**AFR 142 - History of African Civilization**

**Description:** The course concentrates on the traditional African ways of life and the African responses, political and cultural, to the colonial experience. SUNY GEN ED-GLNW, GOWC, GSBS; NCC GEN ED-SBS

**Credit Hours:** 3  
**Department:** Africana Studies

**AFR 143 - History of Contemporary Africa**

**Description:** (Dual listed with HIS 110)  
The study of African independence movements; discussion of the problems of post-independent Africa, such as nation building, strategies of development, education, pan-Africanism; and problems of democracy in southern Africa. SUNY GEN ED-GOWC, GSBS, GLNW; NCC GEN ED-SBS

**Credit Hours:** 3  
**Department:** Africana Studies

**AFR 150 - African American Choral Ensemble**

**Description:** (Dual listed with MUS 129)  
This is the first course in the AFR 150-151 sequence. Participation in the production, rehearsal and performance of the African American Choral Ensemble productions. (3 hours) SUNY GEN ED-n/a; NCC GEN ED-FAPA, HUM

**Credit Hours:** 1  
**Department:** Africana Studies

**AFR 151 - African American Choral Ensemble**

**Description:** (Dual listed with MUS 130)  
This is the second course in the AFR 150-151 sequence. Participation in the production, rehearsal and performance of the African American Choral Ensemble performances. (3 hours) SUNY GEN ED-n/a; NCC GEN ED-FAPA, HUM

**Credit Hours:** 1  
**Department:** Africana Studies

**AFR 152 - Perspective of Jazz**

**Description:** (Dual listed with MUS 130)  
This course is designed to explore the invention and evolution of jazz, its styles and influence on other musical types. Included is the heritage of the African American: i.e., spirituals, work songs, blues, with emphasis on characteristics of African music. SUNY GEN ED-GART, GHUM; NCC GEN ED-PLDI, HUM, WESH

**Credit Hours:** 3  
**Department:** Africana Studies

Nassau Community College: http://collegecatalog.ncc.edu/current 182
AFR 153 - African American Choral Ensemble
Description: (Dual listed with MUS 229) Participation in the production, rehearsal and performance of the African American Choral Ensemble productions. (3 hours)
SUNY GEN ED-n/a; NCC GEN ED-FAPA, HUM
Credit Hours: 1
Department: Africana Studies

AFR 154 - African American Choral Ensemble
Description: (Dual listed with MUS 229-230) Participation in the production, rehearsal and performance of the African American Choral Ensemble productions. (3 hours)
SUNY GEN ED-n/a; NCC GEN ED-FAPA, HUM
Credit Hours: 1
Department: Africana Studies

AFR 155 - African American Music
Description: (Dual listed with MUS 205) In addition to an evaluation of the basic musical materials of African American music and its effects on other music forms, an historical/philosophical/political analysis and survey are also included.
SUNY GEN ED-GART, GHUM; NCC GEN ED-HUM, PLDI, WESH
Credit Hours: 3
Department: Africana Studies

AFR 170 - Black Social Philosophy
Description: (Dual listed with PHI 108) An examination of the social philosophy of thinkers such as Du Bois, Garvey, King and Fanon. Particular attention is paid to oppression and the struggle for self-identity. The ideals of freedom, equality, justice and community are carefully considered.
SUNY GEN ED-GHUM; NCC GEN ED-HUM, PLDI
Credit Hours: 3
Department: Africana Studies

AFR 185 - African American Culture
Description: (Dual listed with SOC 214) A comprehensive survey of the various aspects of the lives, life-styles, values, art forms and social impacts of the African American. The course includes the varying lifestyles at different socioeconomic levels; speech patterns; the role of the church as a religious, historical, political and recreational institution; African American cultural patterns; and the influence of Africa.
SUNY GEN ED-GSBS; NCC GEN ED-PLDI, SBS
Credit Hours: 3
Department: Africana Studies

AFR 186 - The African American Family
Prerequisites: SOC 201 or ANT 203, or permission of instructor.
Description: (Dual listed with SOC 219) Sociological approaches to the African American family. Topics include interactions with public and social institutions, male/female relationships, state of the extended family, identity as a socialization agent, courtship, sex patterns and roles, health and economic issues, alternative life styles, the Black male as an "endangered species," and the effects of public policy on the Black family.
SUNY GEN ED-GSBS; NCC GEN ED-PLDI, SBS
Credit Hours: 3
Department: Africana Studies

AFR 187 - African American Theatre Ensemble, Rehearsal and Performance
Description: (Dual listed with THR 117) Participation in the production, rehearsal and performance of the African American Theatre Ensemble productions.
SUNY GEN ED-n/a; NCC GEN ED-HUM
Credit Hours: 1
Department: Africana Studies

AFR 188 - The African American Family
Prerequisites: SOC 201 or ANT 203, or permission of instructor.
Description: (Dual listed with SOC 219) Sociological approaches to the African American family. Topics include interactions with public and social institutions, male/female relationships, state of the extended family, identity as a socialization agent, courtship, sex patterns and roles, health and economic issues, alternative life styles, the Black male as an "endangered species," and the effects of public policy on the Black family.
SUNY GEN ED-GSBS; NCC GEN ED-PLDI, SBS
Credit Hours: 3
Department: Africana Studies

AFR 189 - African American Theatre Ensemble, Rehearsal and Performance
Description: (Dual listed with THR 118) Participation in the production, rehearsal and performance of the African American Theatre Ensemble productions.
SUNY GEN ED-n/a; NCC GEN ED-HUM
Credit Hours: 1
Department: Africana Studies

AFR 190 - Introduction to Black Theatre in America
Description: (Dual listed with THR 102) An introduction to the literature and artists of the contemporary African American theatre. The course includes representative playwrights, actors and technicians as speakers in the class and field trips to theatre productions. Students have the opportunity to work in at least one production per semester, selected from contemporary African American drama which may, whenever possible, be performed in the community.
SUNY GEN ED-n/a; NCC GEN ED-HUM
Credit Hours: 3
Department: Africana Studies

AFR 191 - African American Theatre Ensemble, Rehearsal and Performance
Description: (Dual listed with THR 117) Participation in the production, rehearsal and performance of the African American Theatre Ensemble productions.
SUNY GEN ED-n/a; NCC GEN ED-HUM
Credit Hours: 1
Department: Africana Studies

AFR 192 - African American Theatre Ensemble, Rehearsal and Performance
Description: (Dual listed with THR 118) Participation in the production, rehearsal and performance of the African American Theatre Ensemble productions.
SUNY GEN ED-n/a; NCC GEN ED-HUM
Credit Hours: 1
Department: Africana Studies

AFR 193 - African American Theatre Ensemble, Rehearsal and Performance
Description: (Dual listed with THR 217) Participation in the production, rehearsal and performance of the African American Theatre Ensemble productions.
SUNY GEN ED-n/a; NCC GEN ED-HUM
Credit Hours: 1
Department: Africana Studies

AFR 194 - African American Theatre Ensemble, Rehearsal and Performance
Description: (Dual listed with THR 218) Participation in the production, rehearsal and performance of the African American Theatre Ensemble productions.
SUNY GEN ED-n/a; NCC GEN ED-HUM
Credit Hours: 1
Department: Africana Studies

AFR 197 - Communications in Black America
Description: (Dual listed with COM 130) A study of how oral communication functions in various relationships. Emphasis on discussion, group exercises, role playing. The role of oral communication in the Black experience.
SUNY GEN ED-n/a; NCC GEN ED-HUM
Credit Hours: 3
Department: Africana Studies

AFR 200 - History of the Black Woman
Prerequisites: Completion of RDG 001
Description: (Dual listed with HIS 178) A historical examination of the image, role and treatment of the Black Woman in America from the Age of Slavery to the advent of the feminist movement and the contemporary scene. Emphasis centers on the burdens of racism, sexism, single-parent motherhood, welfare, Black female and male relationships, sterilization, the Black family and the issues of Black Women's liberation, women's lib and the ERA amendment.
SUNY GEN ED-GAMH, GSBS; NCC GEN ED-SBS, WESH, PLDI
Credit Hours: 3
Department: Africana Studies

AFR 201 - History of the Black Woman in America II
Prerequisites: HIS 178 or AFR 200 or permission of instructor, completion of RDG 001 and/or RDG 002.
Description: A historical continuation of the History of the Black Woman, from 1900 to the Post World War II Era, the decade of the 1990's and the contemporary scene. Emphasis centers on her problems, roles and experiences in America, her changing role in the workplace, church, professions and society and the current Black Feminist Thought in the New Black Feminist Movement.
COURSE DESCRIPTIONS

SUNY GEN ED-GAMH, GSBS; NCC GEN ED-SBS, WESH, PLDI
Credit Hours: 3
Department: Africana Studies

AFR 203 - The Afro-Caribbean World
Prerequisites: AFR 140, HIS 176, HIS 220 or permission of Instructor, completion of RDG 001.
Description: (Dual listed with HIS 221) A historical presentation of the African experience in the Caribbean nations of Cuba, Bahamas, Haiti, Dominican Republic, Jamaica, Puerto Rico, and the nations of the Lesser Antilles, Trinidad and Tobago. Emphasis centers on the impact and effects of African slavery in the Caribbean, African contributions to the region, its cultural roots in Caribbean society, and the contemporary problems in the Caribbean today.
SUNY GEN ED-GWOC, GSBS; NCC GEN ED-GLNW, WESH, PLDI, SBS
Credit Hours: 3
Department: Africana Studies

Allied Health Sciences

AHS

AHS 100 - CPR and Basic Cardiac Life Support
Description: (Dual listed with PED 640) This course is designed to teach Cardiopulmonary Resuscitation (CPR) and Basic Life Support to individuals entering the various service professions (police, fire), health professionals and professionals who are activity-oriented (recreation, lifeguard), etc. Basic procedures are covered in full.
Successful completion of the course meets all requirements for the American Red Cross and Heart Association "course completion card." It cannot be used to fulfill Physical Education requirement for graduation.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 1
Department: Allied Health Sciences

AHS 101 - Introduction to Allied Health Science
Description: An introductory course designed to provide the student with basic knowledge and skills common to a variety of Allied Health Sciences. Medical terminology; the hospital: organization, specialized services and personnel; the nature, cause, diagnosis and treatment of disease; medical-legal considerations; aseptic principles and emergency care.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Allied Health Sciences

AHS 102 - Introduction to Physical Therapy
Description: An introductory course designed for students who are planning to become physical therapists. Topics include: the training and role of health care workers in physical therapy, an introduction to physical therapy techniques, and ethical and medical-legal aspect of practice.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 2
Department: Allied Health Sciences

AHS 103 - Fundamentals of Pharmacology
Description: The action and usage of commonly used drugs and solutions and the methods by which they are administered.
In addition, a general orientation to the mathematics involved in the computation of drug dosages and solution composition.
SUNY GEN ED-n/a; NC GEN ED-n/a
Credit Hours: 3
Department: Allied Health Sciences

AHS 104 - Fundamentals of Pharmacology and Therapeutics for Respiratory Care
Prerequisites: AHS 101, AHS 111, AHS 131, AHS 311 and CHE 131.
Description: An introduction to general principles of pharmacology, with an emphasis on agents used in the treatment of diseases of the cardio-respiratory systems. Also treated are principles of patient assessment, aerosol medication delivery systems, hyperinflation therapy, and associated equipment and techniques.
SUNY GEN ED-n/a; NC GEN ED-n/a
Credit Hours: 3
Department: Allied Health Sciences

AHS 105 - Integrated Basic Science
Description: An integrated science course focusing on application of scientific principles in paramedical areas. Topics of study include fundamentals of chemistry, anatomy and physiology, and microbiology as they pertain to the clinical field.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Allied Health Sciences

AHS 111 - Respiratory Care I Lecture
Corequisites: AHS 101, AHS 113, AHS 311 and CHE 131
Description: An examination of cardiopulmonary anatomy from the perspective of the respiratory therapist. The course begins with an overview of the chemical basis of structure, then concentrates on the structure and function of the cardiopulmonary system. Topics of study include cellular structure of the lung, structure of the conducting and respiratory areas of the lung, and functional anatomy of the cardiovascular system. (3 lecture hours)
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Allied Health Sciences

AHS 112 - Respiratory Care II Lecture
Prerequisites: AHS 101, AHS 111, AHS 131, AHS 311 and CHE 131
Corequisites: AHS 103, AHS 132, AHS 312 and CHE 132
Description: An examination of the physiology of the cardiopulmonary system from the perspective of the respiratory therapist. Although the course concentrates primarily on the function of the pulmonary system, detailed attention is also given to the functional relationship between the cardiac and pulmonary systems. Topics of study include oxygen and carbon dioxide transport, blood acid-base balance, cellular respiration, pulmonary and systemic circulation, and functional changes to the cardiopulmonary systems caused by other organ systems. (3 lecture hours)
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Allied Health Sciences

AHS 113 - Respiratory Care III Lecture
Prerequisites: AHS 212
Corequisites: AHS 314 and AHS 413
Description: A study of pulmonary pathology from the perspective of the respiratory therapist. The course covers diseases of the pulmonary system concentrating on such topics as restrictive and obstructive diseases. The student learns disease etiology, epidemiology, physiologic abnormalities, clinical features, and the treatment of each disease. The course includes an introduction to problem-based learning and critical diagnostic thinking in respiratory care. Examples of diseases covered include emphysema, asthma, pneumonia, bronchitis, and pulmonary edema.
(2 lecture hours)
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 2
Department: Allied Health Sciences

Nassau Community College: http://collegecatalog.ncc.edu/current

184
AHS 114 - Respiratory Care IV Lecture
Prerequisites: AHS 113, AHS 314, AHS 413.
Corequisites: AHS 214 and AHS 414
Description: A study of cardiovascular pathology and pathology of related organ systems from the perspective of the respiratory therapist. The course covers diseases of the cardiovascular system but also includes diseases of other related organ systems such as the digestive, nervous, intestinal, endocrine, and renal systems. The student learns disease etiology, epidemiology, physiologic abnormalities, clinical features, and the treatment of each disease. The course builds upon the concepts of problem-based learning and critical diagnostic thinking in respiratory care. Examples of diseases covered include stroke, encephalopathy, trauma, carcinoma, heart diseases, liver diseases, diabetes, HIV/AIDS, and renal diseases. (2 lecture hours)

Credit Hours: 2
Department: Allied Health Sciences

AHS 121 - Surgical Technology I
Description: Orientation to hospital organization, administration, and physical structure, with concentration on surgical areas. Interpersonal relationships, stressing patient welfare and the "surgical team" concept. Introduction to medical terminology and microbiology. Emphasis on development of knowledge and skills relating to principles and practices of sterilization, aseptic techniques, surgical instruments and supplies, pneumatic and electrical equipment; electrosurgical, surgical instruments and supplies, pneumatic and laser techniques. Selected laboratory and clinical experience. (4 lecture, 3 laboratory hours)

Credit Hours: 5
Department: Allied Health Sciences

AHS 122 - Surgical Technology II
Prerequisites: AHS 121
Description: Development of knowledge and skills required of a "scrub" assistant, knowledge and understanding of "circulating" duties, procedures of patient preparation, basic operative procedure, reporting and recording operative data, radiological and endoscopic procedures; principles of anesthesia and related safety measures; techniques of catheterization and plaster application. Selected laboratory and clinical experience. (4 lecture, 6 laboratory hours)

Credit Hours: 6
Department: Allied Health Sciences

AHS 123 - Surgical Technology III
Prerequisites: AHS 122
Description: Orientation to specific surgical specialties including hernia surgery, surgery of the gastrointestinal tract, surgery of the gall bladder, pancreas, liver and spleen and gynecologic and obstetric surgery, with related surgical anatomy pathophysiology and specialty instrumentation. Relevant ethical and legal considerations. Selected clinical experience in the hospital setting includes exposure to PACU and Ambulatory Surgery Centers as well as correlated participation as scrub assistant and assisting with circulating duties under supervision. (4 lecture, 12 laboratory hours)

Credit Hours: 8
Department: Allied Health Sciences

AHS 124 - Surgical Technology IV
Prerequisites: AHS 123
Description: General orientation to specific surgical specialties including genitourinary, plastic, head and neck, orthopedic, otologic, ophthalmic, neurologic, thoracic, peripheral vascular and cardiovascular surgery, with related surgical anatomy, pathophysiology and special instrumentation. Relevant ethical and legal considerations. Selected clinical experience in the hospital setting includes exposure to the Endoscopy Unit, Central Supply and Delivery Room as well as correlated participation as scrub assistant, and assisting with circulating duties under supervision. (4 lecture, 12 laboratory hours)

Credit Hours: 8
Department: Allied Health Sciences

AHS 131 - Anatomy and Physiology I
Description: The study of cell structure and function, tissue, skeleton, muscular system, nervous system, and special senses. Required of all students in Physical Therapist Assisting, Surgical Technology, Medical Laboratory Technology, Respiratory Care, Nursing, Radiologic Technology and Radiation Therapy. (3 lecture, 3 laboratory hours)

Credit Hours: 3
Department: Allied Health Sciences

AHS 132 - Anatomy and Physiology II
Prerequisites: A minimum grade of C in AHS 131
Description: The study of blood, lymph, reticuloendothelial, cardiovascular, respiratory, digestive, urogenital, and endocrine systems. (Continuation of AHS 131 and required of the same students.) (3 lecture, 3 laboratory hours)

Credit Hours: 3
Department: Allied Health Sciences

AHS 133 - Radiation Biology
Prerequisites: AHS 131-132
Description: Cell structure and function. Biological effects of radiation on normal and abnormal cells. Differential sensitivity of tissues; acute and late reactions. Clinical application and use of radiosensitizers, chemotherapeutic agents, combined therapies, and hyperthermia.

Credit Hours: 3
Department: Allied Health Sciences

AHS 134 - Applied Radiation Physics I
Prerequisites: AHS 168
Description: Physical specifications of various treatment units. Beam characteristics, half value layers, radioactive decay. Radiation units of measurement, radioactive half life, and application of radionuclides.

Credit Hours: 3
Department: Allied Health Sciences

AHS 135 - Applied Radiation Physics II
Prerequisites: AHS 134
Description: Interaction of ionizing radiation with matter. Dose calculations, multiple field techniques and therapeutic use of particulate radiation. Emphasis on principles of treatment planning, comparison of manual and computer treatment plans, fixed field and moving beam techniques.

Credit Hours: 3
Department: Allied Health Sciences

AHS 151 - Physical Therapist Assistant I
Corequisites: AHS 234
Description: Majors only co-requisite AHS 234. The first of eight sequential courses in the Physical Therapist Assistant Program. The lecture includes an introduction to physical therapy, the Physical Therapy Department and the role of the physical therapist assistant, acute care, and pathology. The laboratory includes vital signs, sterile technique, bandaging and taping, body mechanics, transfers, gait training and activities of daily living (3 lecture, 3 laboratory, 3 practice laboratory hours).

Credit Hours: 4
Department: Allied Health Sciences
Department: Allied Health Sciences

AHS 152 - Physical Therapist Assistant II
Prerequisites: AHS 151, AHS 234.
Description: The lecture includes orthopedic and neurological conditions requiring physical therapy. The laboratory is an introduction to exercising including passive, active assistive, active resistive and progressive resistive range of motion, stretching, goniometry, and exercise equipment. Clinical application of skills occurs in a local facility. (6 lecture hours, 3 laboratory hours, 3 practice laboratory, 3 clinic hours.) Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 4

Department: Allied Health Sciences

AHS 153 - Physical Therapist Assistant III
Prerequisites: AHS 154
Corequisites: AHS 155
Description: This course includes the physiological basis and application of physical therapy modalities of heat, cold, light, water, mechanics and massage. Physical therapy treatments for patients with cardio-respiratory and integumentary impairments are included. (3 lecture, 3 laboratory, 3 practice laboratory hours.) Laboratory fees apply.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3

Department: Allied Health Sciences

AHS 154 - Physical Therapist Assistant IV
Prerequisites: AHS 152
Description: The lecture includes principles and uses of medical physics, modalities of electricity along with physiological principles, indications, contraindications and precautions. The laboratory consists of the proficient application of these modalities used to alleviate pain, swelling and weakness. (8 lecture, 4 laboratory, 4 practice laboratory hours.) Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3

Department: Allied Health Sciences

AHS 155 - Physical Therapist Assistant V
Prerequisites: AHS 154
Corequisites: AHS 153
Description: The lecture includes current issues and practices in physical therapy. The laboratory involves regionally designed exercises and advanced therapeutic exercise techniques for a variety of patients. One day per week is spent in the clinic. (3 lecture, 3 laboratory, 3 practice laboratory, 8 clinic hours.) Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3

Department: Allied Health Sciences

AHS 156 - Physical Therapist Assistant VI
Prerequisites: AHS 155
Description: Topics include physical treatment for pediatrics, the neurologically impaired adult and patients with amputations. (8 lecture, 6 laboratory, 6 practice laboratory hours.) Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 4

Department: Allied Health Sciences

AHS 180 - Treatment Technique
Description: Specific techniques for delivering care to radiation therapy patients, including shielding and immobilizing devices. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 4

Department: Allied Health Sciences

AHS 181 - Radiology and Topographic Anatomy
Prerequisites: AHS 180
Corequisites: AHS 261
Description: Identification of structures on radiographs as related to Topographical landmarks used in determining treatment ports in Radiation Therapy. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 1

Department: Allied Health Sciences

AHS 182 - Quality Assurance
Description: Quality assurance as it applies to Radiation Therapy. Chart maintenance, identification of machine malfunction, and image quality will be discussed.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 1

Department: Allied Health Sciences

AHS 201 - Clinical Hematology
Corequisites: AHS 131 and CHE 131 or CHE 151.
Description: The study encompasses both normal and abnormal morphology and physiology of those cells and structures normally found in human blood. Relationships are drawn from hematologic manifestations occurring from other than pure hematological diseases and clinical findings are accentuated, being mutually or reciprocally related to true hematological disorders. (3 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-GLAB; NCC GEN ED-n/a
Credit Hours: 4

Department: Allied Health Sciences

AHS 261 - Introduction to Treatment Planning
Prerequisites: AHS 261
Description: Fundamental principles of treatment planning, dosimetry and calculations. Concepts of radiation protection including ALARA are discussed.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3

Department: Allied Health Sciences

AHS 180 - Treatment Technique
Description: Specific techniques for delivering care to radiation therapy patients, including shielding and immobilizing devices. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 4
### COURSE DESCRIPTIONS

**Department:** Allied Health Sciences  
**AHS 203 - Clinical Pathology**  
**Description:** This course is designed to expose students to principles of pathologic processes and disorders. Theoretical considerations will provide the necessary background to understand disease and will facilitate the application of diagnostic modalities and therapeutic interventions.  
**Credit Hours:** 3  
**Department:** Allied Health Sciences  
**AHS 205 - Immunohematology**  
**Prerequisites:** AHS 131, AHS 201 and CHE 113 or CHE 151  
**Description:** Provides student of Medical Technology with the theory and practice of blood transfusion and immunohematology. Modern, routine blood banking techniques are emphasized, especially in the laboratory portion of the course. Detailed discussion of related aspects of blood collection, component preparation, storage, preservation, and testing for compatibility between donor and recipient as well as hazards of transfusion are presented. (3 lecture, 3 laboratory hours). Laboratory fee applies.  
**SUNY GEN ED-n/a; NCC GEN ED-n/a**  
**Credit Hours:** 4  
**Department:** Allied Health Sciences  
**AHS 206 - Clinical Immunology**  
**Prerequisites:** AHS 201, AHS 202, AHS 203, AHS 205 and all prior Med. Tech. requirements.  
**Corequisites:** AHS 207 and CHE 221.  
**Description:** Basic Immunologic mechanisms: Antigen structure and antigenicity; antibody structure; antigen-antibody interaction: T-cell and B-cell interactions, including thymus-dependent and thymus-independent antigens; antibody production, including DNA and looping-out excision; complement; cytokines; theory of immunologic and serologic procedures and the immunologic manifestations of disease. The student will acquire the fundamental information necessary to function as a technician in a medical laboratory and/or engage in studies at the technologist level.  
**SUNY GEN ED-n/a; NCC GEN ED-n/a**  
**Credit Hours:** 3  
**Department:** Allied Health Sciences  
**AHS 207 - Clinical Internship I**  
**Description:** Clinical internship is offered during the spring term and is only for those laboratory technician students who are matriculated and entering the final phase of their studies. Completion of all AHS science prerequisites with a minimum grade of C is required prior to registration for AHS 207. Students are assigned to hospital or private laboratories in Nassau County and surrounding areas. Here, under Departmental supervision, students further their clinical training in selected phases of laboratory work. Lab fee applies.  
**SUNY GEN ED-n/a; NCC GEN ED-n/a**  
**Credit Hours:** 3  
**Department:** Allied Health Sciences  
**AHS 209 - Clinical Applications of Medical Laboratory Science**  
**Prerequisites:** AHS 131, 132, 201, 202, 203 and 205.  
**Corequisites:** AHS 206, 210 and CHE 221.  
**Description:** Restricted to Medical Laboratory Technology Students Only. This course includes instruction and practice in various areas of the clinical laboratory. It provides a comprehensive study of hemostasis (the mechanisms of hemostasis, fibrinolysis and hemostatic control) and urinalysis (the principles of physical, chemical and microscopic fluid analyses). Fundamentals of phlebotomy are also introduced. Students practice routine diagnostic methods in these laboratory disciplines with emphasis on principles, sources of error, interpretation, and clinical correlation of results.  
**SUNY GEN ED-n/a; NCC GEN ED-n/a**  
**Credit Hours:** 3  
**Department:** Allied Health Sciences  
**AHS 210 - Clinical Internship I**  
**Prerequisites:** AHS 131, 132, 201, 202, 203 and 205.  
**Corequisites:** AHS 206, 210 and CHE 221.  
**Description:** Clinical Internship is offered during the spring term and is only for those laboratory technician students who are matriculated and entering the final phase of their studies. Completion of all AHS science prerequisites with a minimum grade of C is required prior to registration for AHS 210. Students are assigned to hospital or private laboratories in Nassau County and surrounding areas. Here, under Departmental supervision, students further their clinical training in selected phases of laboratory work. Through participation and practice they refine technical skills and didactic principles as they relate to the laboratory workplace.  
**SUNY GEN ED-n/a; NCC GEN ED-n/a**  
**Credit Hours:** 3  
**Department:** Allied Health Sciences  
**AHS 212 - Respiratory Care Clinical I**  
**Prerequisites:** AHS 313  
**Description:** Comprehensive clinical practicum at an affiliating hospital. The student will practice clinically the procedures learned during AHS 311, AHS 312, AHS 313, and AHS 104. (40 clinical hours per week for 5 weeks). Registration is limited to students enrolled in the Respiratory Therapy program. Lab fee applies.  
**SUNY GEN ED-n/a; NCC GEN ED-n/a**  
**Credit Hours:** 2  
**Department:** Allied Health Sciences  
**AHS 214 - Respiratory Care Clinical IV**  
**Prerequisites:** AHS 113, AHS 314 and AHS 413.  
**Corequisites:** AHS 114 and AHS 414.  
**Description:** Comprehensive clinical experiences in multiple clinical rotations including medical, surgical, neonatal and pediatric intensive care, pulmonary rehabilitation and long term care as well as sleep diagnostics. This course is an "off campus" course and will afford the student respiratory therapist an opportunity, within the hospital, to apply and develop proficiencies in the technical knowledge obtained during the first four semesters of 'on campus' study. Under supervision of College faculty, the student will apply to the patient more intensive therapeutic measures involving medical gas therapy, aerosol therapy, mechanical ventilation, artificial airways, and airway care and patient assessment and evaluation with a focus on the application of critical diagnostic thinking and problem-solving skills. Additionally, many of the before-mentioned therapeutics will be applied to infants and pediatric patients. (8 clinical hours per week). Lab fee applies.  
**SUNY GEN ED-n/a; NCC GEN ED-n/a**  
**Credit Hours:** 2  
**Department:** Allied Health Sciences  
**AHS 225 - Medical Concepts and Techniques**  
**Description:** The lecture includes the Medical Assistant's role in caring for patients. Discussion of functional anatomy, common disorders and diagnostic studies as they pertain.
to clinical medical assisting practice. Emphasis on aseptic technique and standard precautions to prevent the spread of disease, diagnostic tests and common laboratory procedures. Lab fee applies.

**SUNY GEN ED-n/a; NCC GEN ED-n/a**

**Credit Hours:** 4  
**Department:** Allied Health Sciences

### AHS 234 - Kinesiology

**Description:** Analysis of human motion based on anatomic, physiologic and mechanical principles. The study of typical and atypical movement patterns and manual muscle testing are included. (3 lecture, 3 laboratory, 3 practice laboratory hours). Laboratory fee applies.

**Credit Hours:** 4  
**Department:** Allied Health Sciences

### AHS 240 - Radiologic Technology I

**Lecture**  
**Prerequisites:** ENG 101 and MAT Elective.

**Corequisites:** AHS 101, AHS 131 and AHS 241.  
**Description:** A four week orientation lecture unit to prepare students for clinical education followed by lectures in applied physics, radiation safety, and radiographic technique. Upon successful completion of orientation unit, students will begin clinical education at an affiliating hospital. (3 lecture hours) SUNY GEN ED-n/a; NCC GEN ED-n/a

**Credit Hours:** 3  
**Department:** Allied Health Sciences

### AHS 241 - Radiologic Technology I Lab

**Laboratory/ Clinic**  
**Prerequisites:** AHS 101, AHS 131 and AHS 241.

**Description:** A four-week laboratory orientation unit to prepare students for clinical education followed by instruction and practice in an energized x-ray laboratory to include selected routine and special radiographic examinations of the appendicular and axial skeleton using phantoms. Upon successful completion of the orientation unit, students will begin supervised clinical education at an affiliating hospital two days a week. (3 laboratory hours, 16 clinical hours) Laboratory fee applies.

**SUNY GEN ED-GLAB; NCC GEN ED-n/a**

**Credit Hours:** 4  
**Department:** Allied Health Sciences

### AHS 242 - Radiologic Technology II

**Lecture**  
**Prerequisites:** AHS 101, AHS 131 and AHS 241.  
**Corequisites:** AHS 132 and AHS 242.  
**Description:** Instruction and practice in an energized x-ray laboratory to include selected routine and special radiographic examinations of axial skeleton using phantoms. Supervised clinical instruction and practice in an energized x-ray laboratory to include selected routine and special radiographic examinations of axial skeleton using phantoms. Supervised clinical education at an affiliating hospital two days a week. (3 laboratory hours, 16 clinical hours) Laboratory fee applies.

**SUNY GEN ED-n/a; NCC GEN ED-n/a**

**Credit Hours:** 5  
**Department:** Allied Health Sciences

### AHS 243 - Radiologic Technology II Laboratory/ Clinic

**Prerequisites:** AHS 101, AHS 131, AHS 241 and AHS 242.  
**Corequisites:** AHS 132 and AHS 242.  
**Description:** Instruction and practice in an energized x-ray laboratory to include selected routine and special radiographic examinations of axial skeleton using phantoms. Supervised clinical education at an affiliating hospital two days a week. (3 laboratory hours, 16 clinical hours) Laboratory fee applies.

**SUNY GEN ED-n/a; NCC GEN ED-n/a**

**Credit Hours:** 3  
**Department:** Allied Health Sciences

### AHS 244 - Radiologic Technology III Summer Clinical

**Prerequisites:** AHS 240, 241, 242 and 243.  
**Description:** Supervised clinical education at an affiliating hospital five days a week from June to August. (40 clinical hours per week). Lab fee applies.

**SUNY GEN ED-n/a; NCC GEN ED-n/a**

**Credit Hours:** 5  
**Department:** Allied Health Sciences

### AHS 245 - Radiologic Technology IV Lecture

**Prerequisites:** AHS 244.  
**Corequisites:** AHS 246.  
**Description:** Lectures in radiation physics, radiobiology and radiation protection. (3 lecture hours)  

**SUNY GEN ED-n/a; NCC GEN ED-n/a**

**Credit Hours:** 5  
**Department:** Allied Health Sciences

### AHS 246 - Radiologic Technology IV Laboratory/ Clinic

**Prerequisites:** AHS 244.  
**Corequisites:** AHS 245.  
**Description:** Instruction & practice in an energized x-ray laboratory to include common procedures using contrast media. Supervised clinical education at an affiliating hospital three days a week. (3 laboratory hours, 24 clinical hours). Laboratory fee applies.

**SUNY GEN ED-n/a; NCC GEN ED-n/a**

**Credit Hours:** 6  
**Department:** Allied Health Sciences

### AHS 247 - Radiologic Technology V Lecture

**Prerequisites:** AHS 245 and AHS 246.  
**Corequisites:** AHS 247.  
**Description:** Lectures in medical and surgical diseases and an introduction to other imaging modalities including CT scanning. (3 lecture hours) Laboratory fee applies.

**SUNY GEN ED-n/a; NCC GEN ED-n/a**

**Credit Hours:** 3  
**Department:** Allied Health Sciences

### AHS 248 - Radiologic Technology V Laboratory/ Clinic

**Prerequisites:** AHS 245 and AHS 246.  
**Corequisites:** AHS 247.  
**Description:** Instruction and practice in an energized x-ray laboratory to include specialized views of the skull, selected special procedures, pediatric examinations, mammography and the essentials of a quality control program; supervised clinical education at an affiliating hospital three days a week. (3 laboratory hours, 24 clinical hours) Laboratory fee applies.

**SUNY GEN ED-n/a; NCC GEN ED-n/a**

**Credit Hours:** 6  
**Department:** Allied Health Sciences

### AHS 249 - Radiologic Technology VI

**Summer Clinical**  
**Prerequisites:** AHS 245, 246, 247 and 248  
**Description:** Five days a week, from June to August. Supervised clinical education at an affiliating hospital. (40 clinical hours per week). Lab fee applies.

**SUNY GEN ED-n/a; NCC GEN ED-n/a**

**Credit Hours:** 5  
**Department:** Allied Health Sciences

### AHS 261 - Radiation Therapy Lecture I

**Description:** Lectures on the rationale of using radiation therapy as a major modality in the treatment of cancer. Emphasis on the principles governing radiosensitivity and normal tissue tolerance. (3 lecture hours)

**SUNY GEN ED-n/a; NCC GEN ED-n/a**

**Credit Hours:** 3  
**Department:** Allied Health Sciences

### AHS 262 - Radiation Therapy Clinic I

**Corequisites:** AHS 261.

---

Nassau Community College: [http://collegecatalog.ncc.edu/current](http://collegecatalog.ncc.edu/current)
Description: Introduction to clinical education in radiation therapy technology. Experience is obtained at one of several area hospitals, utilizing a variety of therapy equipment. (16 laboratory hours) SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 2
Department: Allied Health Sciences

AHS 263 - Radiation Therapy Lecture II
Prerequisites: AHS 261 and AHS 262.
Corequisites: AHS 264.
Description: Lectures on the operating principles of various types of therapy equipment; the rationale for delivering treatments on particular units; introduction to pathology. (3 lecture hours) SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Allied Health Sciences

AHS 264 - Radiation Therapy Clinic II
Prerequisites: AHS 261 and AHS 262.
Corequisites: AHS 263
Description: Clinical education in Radiation Therapy Technology. Experience is obtained at one of several area hospitals, utilizing a variety of therapy equipment. (16 laboratory hours) Lab fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 2
Department: Allied Health Sciences

AHS 265 - Radiation Therapy Lecture III
Prerequisites: AHS 261 and AHS 263.
Corequisites: AHS 264
Description: Clinical education in Radiation Therapy Technology. Experience is obtained at one of several area hospitals, utilizing a variety of therapy equipment. (16 laboratory hours) Lab fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Allied Health Sciences

AHS 266 - Radiation Therapy Clinic III
Prerequisites: AHS 261 and AHS 264.
Description: Clinical education at assigned affiliating hospitals. (40 laboratory hours) Lab fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 5
Department: Allied Health Sciences

AHS 267 - Radiation Therapy Lecture IV
Prerequisites: AHS 265.
Corequisites: AHS 266.
Description: Clinical education in Radiation Therapy Technology. Experience is obtained at one of several area hospitals, utilizing a variety of therapy equipment. (24 laboratory hours) Lab fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Allied Health Sciences

AHS 270 - Radiation Therapy Clinic IV
Prerequisites: AHS 269.
Description: Clinical education in Radiation Therapy Technology. Experience is obtained at one of several area hospitals, utilizing a variety of therapy equipment. (40 laboratory hours) Lab fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 5
Department: Allied Health Sciences

AHS 311 - Respiratory Care I Laboratory
Prerequisites: MAT as advised.
Corequisites: AHS 101, AHS 111, AHS 131 and CHE 131.
Description: Introduction to the profession of respiratory care. History and development of respiratory care. Scientific measurement, physics and chemistry as pertinent to respiratory mechanics and physiology. The use of medical gases, aerosols, and instrumentation as preparation for an understanding and implementation of therapy rationale.
Credit Hours: 2
Department: Allied Health Sciences

AHS 312 - Respiratory Care II Laboratory
Prerequisites: AHS 104, AHS 112, AHS 132, AHS 312 and CHE 132.
Description: Continuation of the study of modern mechanical ventilation with a focus on advanced ventilator techniques and interpretation of arterial blood gas results; introduction to diagnostic pulmonary function testing. Laboratory practice emphasizing the set up and operation of advanced ventilator systems as well as pulmonary function measuring instruments. (16 laboratory hours) Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Allied Health Sciences

AHS 313 - Respiratory Care III Laboratory
Prerequisites: AHS 104, AHS 112, AHS 132, AHS 312 and CHE 132.
Description: Continuation of the study of modern mechanical ventilation with a focus on advanced ventilator techniques and interpretation of arterial blood gas results; introduction to diagnostic pulmonary function testing. Laboratory practice emphasizing the set up and operation of advanced ventilator systems as well as pulmonary function measuring instruments. (16 laboratory hours) Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Allied Health Sciences

AHS 314 - Respiratory Care IV Laboratory
Prerequisites: AHS 212.
Corequisites: AHS 113 and AHS 413.
Description: The comprehensive study of the techniques and procedures of airway management, weaning from mechanical ventilation, bronchial hygiene, arterial sampling and noninvasive ventilation. Topics also covered are diseases of the neonatal and pediatric patient as well as the associated respiratory care equipment and treatment.
modalities and an introduction to home care, long term care, and pulmonary rehabilitation. Laboratory practice with respiratory care equipment and role playing in problem-solving situations. (8 laboratory hours) Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Allied Health Sciences

Anton

AHS 413 - Respiratory Care III Clinical II
Prerequisites: AHS 212.
Corequisites: AHS 113 and AHS 314.
Description: Comprehensive clinical experiences in multiple clinical rotations including experience in medical and surgical intensive care, physical assessment, patient evaluation and nursing arts in the acute care hospital setting, pulmonary function testing and respiratory care in the subacute care setting. This course is an ‘off campus’ course and will afford the student respiratory therapist an opportunity within the hospital to apply and develop proficiencies in the technical knowledge obtained during the first three semesters of ‘on campus’ study. Under supervision of College faculty, the student will apply to the patient such therapeutics as medical gas therapy, aerosol therapy, mechanical ventilation, artificial airways, and airway care, and diagnostic pulmonary function testing as well as physical assessment and evaluation techniques. (8 clinical hours) Lab fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Allied Health Sciences

Anthropology

ANT 203 - General Anthropology
Description: The major problems, methods and findings of physical and cultural anthropology. Topics include: primate field studies, human origins, evolutionary processes, human variation, development of culture among early humans, interaction of nature, culture and society.
SUNY GEN ED-GSBS; NCC GEN ED-SBS
Credit Hours: 3
Department: Sociology

ANT 204 - Cultural Anthropology
Description: Explores cultures holistically in preindustrial and non-Western and Western societies. Topics include: ecology and environment, economic organization, kinship and marriage patterns, political organization, social structure, religious organization, rituals, ideas, values and world view. Other topics are culture contact, technological development, and culture change.
SUNY GEN ED-GSBS, GLNW; NCC GEN ED-SBS
Credit Hours: 3
Department: Sociology

Art

ART 100 - Introduction to Visual Arts
Prerequisites: (Non-majors only) Completion of remedial courses in English and Reading.
Description: An introduction to the development of the visual arts emphasizing perception and understanding of painting, sculpture, architecture and design, as well as their relationship to the creative process. This is primarily a lecture course.
SUNY GEN ED-GHUM; NCC GEN ED-FAPA, HUM, WESH
Credit Hours: 3
Department: Art

ART 102 - Art History (Renaissance)
Prerequisites: Completion of remedial courses in English and Reading.
Description: Architecture, sculpture and painting in Western Europe from 1300 to 1600. An examination of the styles of the Renaissance and Mannerism in Northern and Southern Europe.
SUNY GEN ED-GHUM; NCC GEN ED-HUM, WESH
Credit Hours: 3
Department: Art

ARA 101 - Beginning Arabic I
Prerequisites: Satisfactory completion of ENG 001 and RDG 002.
Description: Fundamentals of grammar, pronunciation, culture and conversation. Reading, writing, listening comprehension, and simple conversational patterns. This course is not intended for students of Arabic speaking background. Laboratory fee applies. Laboratory component required. SUNY GEN ED-GFOL; NCC GEN ED-HUM
Credit Hours: 3
Department: Foreign Languages

ARA 102 - Beginning Arabic II
Prerequisites: Satisfactory completion of ENG 001and RDG 002, ARA 101 or equivalent.
Description: Fundamentals of grammar, pronunciation, culture and conversation. Reading, writing, listening comprehension and simple conversational patterns. Laboratory fee applies. Laboratory component required. SUNY GEN ED-GFOL; NCC GEN ED-HUM
Credit Hours: 3
Department: Foreign Languages

ARA 103 - Art History (Baroque through Realism)
Prerequisites: Completion of remedial courses in English and Reading.
Description: Architecture, sculpture and painting in Europe and the Americas from the 17th century through the mid 19th century. 
SUNY GEN ED-GHUM; NCC GEN ED-HUM, WESH
Credit Hours: 3
Department: Art

ART 104 - Art History (Contemporary)
Prerequisites: Completion of remedial courses in English and Reading.
Description: Art from 1940 to the present, with special attention given to European and American art. A study of the contributions of individual artists and movements, with an examination of the development of new approaches to form and the creative experience.
SUNY GEN ED-GHUM; NCC GEN ED-HUM, WESH
Credit Hours: 3
Department: Art

ART 105 - Principles of 2-Dimensional Design
Description: Required of art majors. A foundation course in design on a 2-dimensional surface. This course explores the elements of line, shape, value, color, and texture and principles of design and its relationship to composition. Subject and content are components of study as well. Students are introduced to a conceptual and visual vocabulary as art applies to the visual arts. Average cost of supplies: $100. Laboratory fee applies.
SUNY GEN ED-GART; NCCGEN ED-FAPA, HUM
Credit Hours: 3
Department: Art

ART 106 - Principles of 3-Dimensional Design
Description: Required of art majors. A foundation course in design in 3-dimensional space. This course explores the elements of line, form, value, color and texture and their application to fine and applied art. This involves 3-dimensional constructions in such materials as board, plaster, clay, plastics, etc. Average cost for supplies: $100. Laboratory fee applies.
SUNY GEN ED-GART; NCC GEN ED-FAPA, HUM
Credit Hours: 3
Department: Art

ART 107 - Prepress for Commercial Artists
Prerequisites: Art 133
Description: This course introduces the student to the preparation of computer graphics for commercial printing and production. The basics of the prepress including trapping, impositions, halftones, process and spot colors, paper, and proofs using industry standard applications will be explored. Average cost of supplies: $50. Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Art

ART 108 - Advertising Art
Prerequisites: ART 140
Description: Students are guided through the process of art direction as it applies to the creation of promotional and advertising material. Creative problem solving through the visualization of ideas is applied throughout the various stages of development of thumbnail sketches, roughs, comprehensives and storyboards. Layouts, typography, and illustration are stressed. Average cost of supplies: $100. Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-FAPA, HUM
Credit Hours: 3
Department: Art

ART 109 - Printmaking I
Description: This mixed-media course introduces the student to the basic fundamentals and concepts of non-toxic printmaking: the development of an image on a particular surface, the transfer of the image to paper, edition printing, and presentation. Media may include photo and digital transfer, relief prints, silkscreen, intaglio, and monoprints. Emphasis is placed on the student's exploration of this creative process to produce and develop exciting prints. Average cost of supplies: $100. Laboratory fee applies.
SUNY GEN ED-GART; NCC GEN ED-FAPA, HUM
Credit Hours: 3
Department: Art

ART 110 - Printmaking II
Prerequisites: ART 109 or permission of Chairperson.
Description: This course offers an opportunity for the advanced study of non-toxic printmaking as explored through traditional and experimental methods in Printmaking I. Students will develop independent projects and experiment with methods and materials. By creating personal projects that reflect printmaking's versatility in creating a new form of expression, the student may concentrate more fully on a strong portfolio. Average cost of supplies: $100. Laboratory fee applies.
SUNY GEN ED-GART; NCC GEN ED-FAPA, HUM
Credit Hours: 3
Department: Art

ART 111 - Drawing I
Prerequisites: ART 111 or permission of Chairperson.
Description: A basic course that explores the fundamentals of drawing through the development of both technical skills and concepts. The student's understanding of composition through the study of line, value and perspective will develop through direct visual observation and the education of the artist's eye. Students will be encouraged to work with conventional and non-traditional materials and methods. Average cost of supplies: $75. Laboratory fee applies.
SUNY GEN ED-GART; NCC GEN ED-FAPA, HUM
Credit Hours: 3
Department: Art

ART 112 - Drawing II
Prerequisites: ART 112 or permission of Chairperson.
Description: This course is designed to further explore the creative process of drawing. Students are encouraged to master advanced skills and search for their own individual focus of expression. Each student will be exposed to new approaches, methods and materials to further enhance his or her drawing experience and art portfolio. Average cost of supplies: $85. Laboratory fee applies.
SUNY GEN ED-GART; NCC GEN ED-FAPA, HUM
Credit Hours: 3
Department: Art

ART 113 - Package Design
Description: Analysis of container design, involving internal surface graphics, for design students who wish to explore functional containers, from egg cartons to compact discs to the box car and paper bag. Emphasis is placed upon functional design and structure. Average cost of supplies: $100. Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-HUM
Credit Hours: 3
Department: Art

ART 114 - Typography for Graphic Design
Description: Students are taught to create designs using visual symbols and type to
communicate ideas. This course covers designing letterforms, logos, trademarks, stationery, corporate branding and preparing art for presentation, including the use of various digital scanning and printing devices. Average cost of supplies: $100. Laboratory fee applies.

**Credit Hours:** 3  
**Department:** Art

**ART 115 - Painting I**  
**Description:** An introduction to the techniques, mechanics and composition of painting via personal expression. Average cost of supplies: $200. Laboratory fee applies.  
SUNY GEN ED-GART; NCC GEN ED-FAPA, HUM  
**Credit Hours:** 3  
**Department:** Art

**ART 116 - Painting II**  
**Prerequisites:** ART 115 or permission of Chairperson.  
**Description:** With the skills and understanding of basic painting, Painting II expands material usage and gives further focus on creativity and personal self-expression. Average cost of supplies: $200. Laboratory fee applies.  
SUNY GEN ED-GART; NCC GEN ED-FAPA, HUM  
**Credit Hours:** 3  
**Department:** Art

**ART 117 - Illustration**  
**Prerequisites:** ART 111 or permission of Chairperson.  
**Description:** Communicating ideas with focus and clarity through the use of visual materials. Techniques and materials are introduced to give impact to ideas and professional portfolio quality work. Average cost of supplies: $140. Laboratory fee applies.  
SUNY GEN ED-GART; NCC GEN ED-FAPA, HUM  
**Credit Hours:** 3  
**Department:** Art

**ART 118 - Figure Drawing I**  
**Prerequisites:** ART 111 or permission of Chairperson.  
**Description:** An extensive study of the human figure, its proportions and constructions, as a subject for artistic and personal expression. Average cost of supplies: $65. Laboratory fee applies.  
SUNY GEN ED-GART; NCC GEN ED-HUM  
**Credit Hours:** 3  
**Department:** Art

**ART 119 - Anatomy and Figure Drawing II**  
**Prerequisites:** ART 118 or permission of Chairperson.  
**Description:** A continuation of the study of the figure as the subject for artistic expression. Emphasis is on acquiring a sensitivity to subtle anatomical definition. More extensive technical skills are needed for this definition. Average cost of supplies: $100. Laboratory fee applies.  
SUNY GEN ED-GART; NCC GEN ED-HUM  
**Credit Hours:** 3  
**Department:** Art

**ART 122 - Ceramics I**  
**Description:** Tools and techniques of hand-building and potters wheel are used to form pottery and related sculptural construction in clay. Students learn a variety of decorative and glazing techniques and an understanding of the processes related to the firing of clay into ceramic. Average cost of supplies: $125. Laboratory fee applies.  
SUNY GEN ED-GART; NCC GEN ED-FAPA, HUM  
**Credit Hours:** 3  
**Department:** Art

**ART 123 - Sculpture I**  
**Description:** Designing and construction of sculptures from clay, plaster, wood and metal is a means to symbolic expression. The format of lecture/demonstration, planning, building of the sculpture, individual and group critiques, gallery/museum visits assist students in understanding the role of the artist and the creative process. Average cost of supplies: $125. Laboratory fee applies.  
SUNY GEN ED-GART; NCC GEN ED-FAPA, HUM  
**Credit Hours:** 3  
**Department:** Art

**ART 124 - History of Photography**  
**Prerequisites:** Completion of remedial courses in English and Reading.  
**Description:** A survey course in the history of photography, emphasizing aesthetics, socio-cultural history, and technical advances in the field. Major photographers and trends will be analyzed.  
SUNY GEN ED-GHUM; GART; NCC GEN ED-HUM, WESH  
**Credit Hours:** 3  
**Department:** Art

**ART 126 - Introduction to Studio Arts**  
**Description:** An introductory course for non art majors that includes a variety of studio arts. They are explored with historical context and emphasis on developing an awareness of materials and processes, sensitivity to design, as well as a creative approach. Average cost of supplies $150. Laboratory fee applies.  
SUNY GEN ED-n/a; NCC GEN ED-FAPA, HUM  
**Credit Hours:** 3  
**Department:** Art

**ART 129 - Gallery Survey**  
**Description:** This course introduces students to the diversified operation of today's art gallery/museum. Regular visits to galleries/museums are required. This course also provides insight into exhibition preparation and installation including behind-the-scenes investigation into planning, art conversation, education goals, curatorial responsibilities, and funding. Students are responsible for transportation and admission fees.  
SUNY GEN ED-n/a; NCC GEN ED-HUM  
**Credit Hours:** 3  
**Department:** Art

**ART 130 - Graphic Design I**  
**Description:** Hands-on experience with industry standard software used to create commercial and fine art images. Topics include basic design principles, grid structure and typography used in the development of charts, trademark design, landscapes, interiors, portraits, scanning images, and print design. Average cost of supplies: $55. Laboratory fee applies.  
SUNY GEN ED-n/a; NCC GEN ED-FAPA, HUM  
**Credit Hours:** 3  
**Department:** Art

**ART 131 - Digital Imaging**  
**Prerequisites:** ART 130 or permission of Chairperson.  
**Description:** Hands-on course in Adobe Photoshop, the most widely used application in digital imaging and photography. Topics include: image creation and scanning, painting, editing and retouching, image manipulation and resizing, color correction, conversions, layers, filters and image output. Cost of supplies: $100. Laboratory fee applies.  
SUNY GEN ED-n/a; NCC GEN ED-HUM  
**Credit Hours:** 3  
**Department:** Art

**ART 132 - Graphic Design III**  
**Prerequisites:** ART 131 and ART 140  
**Description:** Hands-on experience with desktop publishing and computer hardware and software used to create professionally designed publications. Topics include word processing,
page layout, creating and scanning images, typography, and print production. Average cost of supplies: $55. Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-HUM
Credit Hours: 3
Department: Art

ART 135 - Design Fundamentals
Description: To interpret fashion design using art based fundamentals, such as the importance of color, anatomy, fabric rendering, fashion model proportions and movement. Assignments and learning experiences to reinforce each area. The student will discover, through exploration of fashion assignments, how to evaluate design details and proportions for Women's apparel markets. Technical flats and their importance to the process will be covered. Average cost of supplies: $75. Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-HUM
Credit Hours: 3
Department: Art

ART 136 - Fashion Art Techniques I
Prerequisites: ART 135 or permission of Chairperson.
Description: This course is designed to further interpret the creative process of Fashion Design. Students are encouraged to master advanced skills and search for their own individual focus of expression. Each student will be exposed to new approaches, methods and materials to further enhance his or her design experience and Fashion Design portfolio. Menswear and Children’s wear will be explored as well as the Women's wear markets. Average cost of supplies: $75. Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-HUM
Credit Hours: 3
Department: Art

ART 137 - Computer Illustration
Prerequisites: ART 130.
Description: Adobe Illustrator on the Macintosh is used as a tool for creative expression in the use of illustration techniques to communicate ideas. Technical requirements for printing are also emphasized. Average cost of supplies: $30. Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-HUM
Credit Hours: 3
Department: Art

ART 138 - 3D Modeling
Prerequisites: ART 130 and ART 131.
Description: Hands-on course in creating and composing complete 3D computer generated imagery (CGI). Topics include: NURBS (non-uniform rational B-spline) and polygonal modeling, texturing, lighting, camera positioning and rendering. Average cost of supplies: $100. Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-HUM
Credit Hours: 3
Department: Art

ART 139 - Web Animation and Interactivity
Prerequisites: ART 131 and ART 137.
Description: Advanced animation techniques for web-oriented interactive design using popular vector-based multimedia authoring software in concert with a variety of computer-generated imagery (CGI) and design applications. Students will learn skills required for creating a complete animated and interactive web site in a single software environment. Average cost of supplies: $200. Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-HUM
Credit Hours: 3
Department: Art

ART 140 - Graphic Design II
Prerequisites: ART 130 or Permission of Chairperson
Corequisites: ART 105 Pre or Co-requisite.
Description: Using computers as tools for research and composition, students will survey the global history of visual communications as well as the ways visual elements are used to construct and convey meaning. Historical, cultural, social and technological developments and their impact on the field of graphic design will be studied. An interactive environment for the study of the development and the practical applications of visual imagery will be promoted. Cost of supplies: $50. Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-FAPA, HUM
Credit Hours: 3
Department: Art

ART 142 - Art Internship
Prerequisites: Permission of the instructor and a minimum of 9 art credits.
Description: Supervised placement of the student in an artist's studio, gallery position or other setting appropriate to student's area of art study, to enable the student to gain work experience that enriches the theoretical concepts developed in the classroom. Students may incur additional travel expense. This course may be taken for credit only once. Open to Art majors only. SUNY GEN ED-n/a; NCC GEN ED-HUM
Credit Hours: 3
Department: Art

ART 145 - Raku and Pit-Firing
Prerequisites: ART 122 or ART 147.
Description: This ceramics course will introduce the student to basic hand building and Raku and Pit-Firing of ceramic pieces that are formed in class. The student will participate in the rapid-fire technique, the quick cool down and the reduction of their pieces. Also explored in this course will be various methods of creating decorative surfaces. Average cost of supplies: $125. Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-FAPA, HUM
Credit Hours: 3
Department: Art

ART 147 - Potter's Wheel
Description: The potter’s wheel will be the tool we will be using to make our projects. We will explore various expressive, tactile and intellectual possibilities that are available through the use of this medium. Also explored: a variety of glazing techniques and processes related to firing of clay. Historical references will contribute to students' development of critical thinking skills and creative problem solving. Average cost of supplies: $125. Lab fee applies. SUNY GEN ED-n/a; NCC GEN ED-FAPA, HUM
Credit Hours: 3
Department: Art

ART 159 - Photography I
Description: A basic foundation in the techniques and aesthetics of photography with emphasis on the camera, digital darkroom and portfolio preparation. A dSLR (digital) camera capable of manual operation to be provided by the student. Average cost of supplies: $225 (does not include dSLR camera). Laboratory fee applies. Students who have completed ART 125 will not receive credit for ART 159. SUNY GEN ED-GART; NCC GEN ED-FAPA, HUM
Credit Hours: 3
Department: Art

ART 160 - Black and White Darkroom
Description: A traditional black and white photography course utilizing film cameras and traditional darkroom techniques. Emphasis is on creativity, aesthetic considerations and the development of a personal photographic vision through class assignments, individual photographic projects, and portfolio development. Students to provide a 35-mm manually operated camera. Average cost of supplies: $275. Laboratory fee applies.
Students who have completed ART 225 will not receive credit for ART 160.
SUNY GEN ED-GART; NCC GEN ED-FAPA, HUM
Credit Hours: 3
Department: Art

ART 201 - Survey of Art History I
Prerequisites: Completion of remedial courses in English and Reading.
Description: The development of architecture, painting and sculpture from their origins in Prehistory through the cultures of Ancient Egypt, the Middle East, Greece, Rome, and in Western Europe, from the time of Constantine to the end of the Middle Ages.
SUNY GEN ED-GHUM, GART; NCC GEN ED-HUM, WESH
Credit Hours: 3
Department: Art

ART 202 - Survey of Art History II
Prerequisites: Completion of remedial courses in English and Reading.
Description: The development of painting, sculpture, and architecture from the Renaissance to the twentieth century. This course explores the history of Western art from both contextual and formal art historical perspectives.
SUNY GEN ED-GHUM, GART; NCC GEN ED-HUM, WESH
Credit Hours: 3
Department: Art

ART 203 - Art Beyond the West
Prerequisites: Completion of remedial courses in English and Reading.
Description: This course is a survey of selected historical topics drawn from the following non-western cultures: India, China, Southeast Asia, Japan, Oceania, Africa, Pre-Columbian Americas. Representative works of painting, sculpture, crafts, and architecture from selected cultures will be examined in the context of the religious, social, economic, and/or political forces that shaped them.
SUNY GEN ED-n/a; NCC GEN ED-HUM, GLNW
Credit Hours: 3
Department: Art

ART 222 - Ceramics II
Prerequisites: ART 122 or ART 147.
Description: Build upon prior hand building and/or potter's wheel techniques as a means to creating pottery or related sculptural constructions in clay. Glaze formulation and experience with operation of gas and electric kilns. Average cost of supplies: $125. Laboratory fee applies.
SUNY GEN ED-GART; NCC GEN ED-FAPA, HUM
Credit Hours: 3
Department: Art

ART 223 - Sculpture II
Prerequisites: ART 123 or permission of Chairperson.
Description: Students build on skills, techniques and knowledge acquired in Sculpture I. They are encouraged to develop individual ideas into sculptural compositions and acquire related skills to verbally assess both the emerging work and the completed sculpture. Average cost of supplies: $125. Laboratory fee applies.
SUNY GEN EDE-GART; NCC GEN ED-FAPA, HUM
Credit Hours: 3
Department: Art

ART 226 - Experimental Photography
Prerequisites: ART 159 and ART 160.
Corequisites: ART 131 Pre or co-requisite.
Description: Advanced photographic and darkroom techniques and manipulative effects including black and white, color and digital photographic processes. Emphasis will be on creative expression and interpretation of ideas through alternative and experimental techniques. Students to provide their own cameras. Average cost of supplies: $225. Laboratory fee applies.
SUNY GEN ED-GART; NCC GEN ED-FAPA, HUM
Credit Hours: 3
Department: Art

ART 227 - Studio Photography
Prerequisites: ART 159.
Corequisites: ART 131 and ART 160 Pre or co-requisite.
Description: This course encompasses all aspects of studio photography, including various camera formats (both film and digital) and backgrounds and lighting techniques for portraiture and still life photography. Students have the opportunity to work with professional equipment including electronic flash, quartz and tungsten light sources. All camera formats may be used, from 35 mm to 4x5, as well as black-and-white, color and digital materials. Average cost of supplies: $225. Laboratory fee applies.
SUNY GEN ED-GART; NCC GEN ED-FAPA, HUM
Credit Hours: 3
Department: Art

ART 228 - Photojournalism
Prerequisites: ART 159.
Corequisites: ART 131 and ART 160 Pre or co-requisites.
Description: This course emphasizes actual experience with photojournalistic methods, both film and digital, color and black and white. Assignments include the production of photojournalistic images and documentary photography projects. Included is an overview of the techniques and styles, history, law and ethics of the practice and application of photojournalism. Average cost of supplies: $225. Laboratory fee applies.
SUNY GEN ED-GART; NCC GEN ED-FAPA; HUM
Credit Hours: 3
Department: Art

ART 229 - View Camera
Prerequisites: ART 131 and ART 159 and ART 160.
Description: A course in large-format photography; 4x5 view camera work includes the study of basic camera movements, exposure, sheet film processing, and printing. Study of the Zone System for total image control. View cameras will be provided for student use. Average cost: $225. Laboratory fee applies.
SUNY GEN ED-GART; NCC GEN ED-FAPA, HUM
Credit Hours: 3
Department: Art

ART 230 - Color Photography
Prerequisites: ART 159.
Corequisites: ART 131 and ART 160 Pre and co-requisites.
Description: This course includes an introduction to film and digital based photographic imagery that utilizes applications of color as an aesthetic and thematic consideration. A variety of materials, applications, and current trends is explored. Average cost of supplies: $225. Laboratory fee applies.
SUNY GEN ED-GART; NCC GEN ED-FAPA, HUM
Credit Hours: 3
Department: Art

ART 231 - Digital Printing for Photographers
Prerequisites: ART 131 and ART 159.
Corequisites: ART 160 Pre or co-requisite.
Description: This intermediate level course will provide students with the necessary foundation in digital output technologies.
Emphasis will be placed on critical thinking skills and project development as they are informed by advancements and techniques in photographic imaging. Topics center on image editing software, color management, profile creation and workflow techniques as they relate to specific output processes. Average cost of materials: $300. Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-FAPA, HUM

**Credit Hours:** 3  
**Department:** Art

**ART 235 - Fashion Art Techniques II**  
**Prerequisites:** ART 135 and ART 136.  
**Description:** Students design collections by exploring the roles of research, design development, and editing in the fashion design process. Emphasis is placed on the knowledge of key fashion categories, markets and price points. This course also introduces the basics of computer-aided design specifically used in the fashion industry. Using vector based software, students learn techniques to conceptualize fashion designs and create industry-standard presentations. Average cost of supplies: $75. Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-HUM

**Credit Hours:** 3  
**Department:** Art

**ART 236 - Fashion Art Techniques III**  
**Prerequisites:** ART 135, ART 136 and ART 235.  
**Description:** To develop an awareness of broad-based market demands. To develop an awareness of market timing (seasonal and campaigns). To develop an awareness of marketable presentations. To appreciate the relationship of theme, fabrics, price range, and colors in the preparation of a portfolio. Average cost of supplies: $75. Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-HUM

**Credit Hours:** 3  
**Department:** Art

**ART 237 - Digital Video and Special Effects**  
**Prerequisites:** ART 130 and ART 131.  
**Description:** Hands on course in digital video and special effects using live video footage and computer-generated imagery (CGI). Topics include: digitizing video, editing, creating titles, compositing and visual effects. Traditional concepts such as storyboarding, lighting and camera work will also be covered. Students will create finished commercial or creative video shorts and learn how to present these on the World Wide Web or DVD.

Average cost of supplies: $100. Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-HUM

**Credit Hours:** 3  
**Department:** Art

**ART 238 - 3D Animation**  
**Prerequisites:** Minimum grade of "C" in ART 138.  
**Description:** Hands-on course in 3D computer Animation. Topics include: animated logos, motion paths, camera movement, particle systems, simulated physics and character rigging. Students will learn about scripting, storyboarding, recording animations and integrating computer-generated imagery (CGI) with other aplications. Average cost of supplies: $200. Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-HUM

**Credit Hours:** 3  
**Department:** Art

**ART 239 - Web Design I**  
**Prerequisites:** ART 130, ART 131, ART 137 and ART 140 or Permission of Chairperson.  
**Description:** This course will investigate the application of interactive design, composition and narrative for the purpose of creating websites. Students will conceptualize and produce web pages using popular web authoring software. Emphasis will be on the integration of various visual and narrative elements into a rich user experience. Average cost of supplies: $20. Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-HUM

**Credit Hours:** 3  
**Department:** Art

**ART 240 - Portfolio Workshop**  
**Prerequisites:** ART 133 and ART 239 or Permission of the Instructor, for Art Majors Only. Must be taken in the last semester.  
**Description:** Research, creation and completion of a professionally relevant major project in a chosen medium (print portfolio, computer animation or an interactive multimedia program). Average cost of supplies: $200. Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-HUM

**Credit Hours:** 3  
**Department:** Art

**ART 249 - Web Design II**  
**Prerequisites:** ART 239.  
**Description:** This course will focus on creativity in digital and multimedia art using advanced techniques and authoring tools to create professional animations, websites, and games. There will be a strong emphasis on typography, graphics, animation, special effects, sound and video to create dynamic and user-friendly interface design for a large target audience. Average cost of supplies: $200. Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-n/a

**Credit Hours:** 3  
**Department:** Art

**American Sign Language**

**ASL**

**ART 152 - American Sign Language I**  
**Prerequisites:** Students must have satisfied all ENG and RDG remediation requirements prior to starting the course.  
**Description:** An introduction to American Sign Language, the natural language of the deaf community in the United States and Canada. Focuses on conversation in signs, basic rules of grammar, and aspects of the deaf community. (Not open to students who have completed COM 152)  

SUNY GEN ED-n/a; NCC GEN ED-n/a

**Credit Hours:** 3  
**Department:** Communications

**ART 153 - American Sign Language II**  
**Prerequisites:** Students must have satisfied all ENG and RDG remediation requirements prior to starting the course.  
**Description:** Continuation of basic American Sign Language and Deaf culture study, with opportunities to build receptive and expressive sign vocabulary and phrases; use of signing space; social expressions and body language; introduction to finger spelling. (Not open to students who have completed COM 153)  

SUNY GEN ED-n/a; NCC GEN ED-n/a

**Credit Hours:** 3  
**Department:** Communications

**ART 226 - Communication and Culture in the Deaf Community**  
**Prerequisites:** Students must have satisfied all ENG and RDG remediation requirements prior to starting the course.  
**Description:** This course explores the communication and culture of Deaf people. It focuses on a unique human communication phenomenon: namely a community with a communication and cultural system that is not based on a spoken language. The relationship between communication and culture is examined through analysis of the different aspects of the Deaf culture and community, including language, the arts, norms, values, traditions and patterns of everyday life of the
Deaf community and its interaction with a hearing-dominant society. This course will be conducted in English; knowledge of American Sign Language is not required. (Not open to students who have completed COM 226)
SUNY GEN ED-n/a; NC GEN ED-n/a
Credit Hours: 3
Department: Communications

ASL 252 - American Sign Language III
Prerequisites: ASL 153 or permission of instructor. Students must have satisfied all ENG and RDG remediation requirements prior to starting the course.
Description: A continuation of American Sign Language II, expanding the emphasis on ASL grammar and vocabulary development and Deaf culture. Dialogues, short stories, narratives and short conversations, both receptive and expressive, will be featured throughout the course. (Not open to students who have completed COM 252)
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Communications

ASL 253 - American Sign Language IV
Prerequisites: ASL 252 or permission of the instructor. Students must have satisfied all ENG and RDG remediation requirements prior to starting the course.
Description: An advanced course in American Sign Language (ASL) designed to provide additional interactive opportunities for students to continue development of their knowledge of vocabulary and grammatical features, and of Deaf culture. (Not open to students who have completed COM 253)
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Communications

Basic Education Program

BEP

BEP 090 - Basic Education Reading
Description: This course, a requirement of the Basic Education Program, is designed to improve the skills of reluctant readers. Students select fiction and nonfiction books and read intensively throughout the semester to experience the work of a variety of authors in several genres. Through classroom reading, conversation and correspondence, as well as through rigorous weekly homework assignments, students learn to read actively and respond thoughtfully to text. They become familiar with literary terms and reading/writing strategies they will need to succeed in subsequent coursework. This class meets three times a week and provides an intensive, active educational experience within a framework of classroom and learning center support. Freshman assigned to this course must pass it before proceeding to RDG 001 or RDG 002. (4 class hours).
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 0
Department: Reading/BEP

BEP 091 - Basic Education English
Description: This course, a requirement of the Basic Education Program, is designed to help students strengthen their basic writing skills in preparation for the demands of college-level writing. Students create essays through the process of prewriting, drafting, revising and editing their work with the help of peer and instructor feedback to develop a sense of purpose and audience. They learn to incorporate ideas gleaned through reading expository text into their essays to strengthen their arguments and develop appropriate techniques for writing in timed and untimed settings. The class meets three times a week and provides intensive, active educational experience within the framework of classroom and learning center support. Students assigned to this course must pass it before proceeding to ENG 001 or ENG 101. (4 class hours)
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 0
Department: Reading/BEP

BEP 092 - Basic Education Mathematics
Description: This course, a requirement of the Basic Education Program, is designed to strengthen understanding of the fundamental concepts of mathematics. Emphasis is placed on helping students identify and develop problem-solving strategies and study techniques relative to mathematics literacy. Students improve their mathematical skills through a program of content-integrated class instruction, skill tutorials and computer-assisted instruction within a framework of classroom and math lab support. Students assigned to this course must pass it before proceeding to ENG 001 or ENG 101. (4 class hours)
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 0
Department: Reading/BEP

BEP 093 - SPS Seminar
Description: SPS Seminar is a required course of the Basic Education Program. The seminar focuses on values clarification, identification and applications of individual learning styles, critical thinking, problem solving, career exploration and understanding College policies. Students will be expected to demonstrate the understanding of these concepts and skills in the other courses of the college preparatory program and in making plans for the next semester of their education. (1.5 lecture hours)
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 0
Department: Reading/BEP

Biology

BIO

BIO 101 - General Biology I
Description: Life processes are studied to develop an understanding of structures and functions of organisms. Major topics include the scientific method, cell structure and function, and a survey of human anatomy and physiology. Laboratory includes the dissection of a typical vertebrate. (3 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Credit Hours: 4
Department: Biology

BIO 102 - General Biology II
Description: A survey course which explores the basic biological principles of reproduction and development, classical and molecular genetics, evolution, behavior and ecology. The diversity of life is examined in the laboratory as well as through field trip experiences. (3 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Credit Hours: 4
Department: Biology

BIO 103 - Ecology
Description: A study of the relationships between the living and non-living components of the biosphere. The student examines dynamics and complexities of ecosystems, communities and populations of organisms. An examination of human impact and value systems upon ecosystems is considered throughout the course. Field work is undertaken when applicable. (3 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Credit Hours: 4
Department: Biology

BIO 104 - Zoology
Description: A survey of the structure, physiology, adaptations, and life cycles of animals. (3 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Credit Hours: 4
Department: Biology

Nassau Community College: http://collegecatalog.ncc.edu/current
of animals. Laboratory includes a study of microscopic forms, dissection of more advanced invertebrates, and selected vertebrates including frog, fetal pig, and perch. Field trip identification of local fauna is included as one of the course objectives. Course fulfills one semester of a laboratory science for students who have interest in or desire to pursue studies in zoology, wildlife, marine biology, and ecology. (3 lecture, 3 laboratory hours) Laboratory fee applies.

SUNY GEN ED-GLAB; NCC GEN ED-LSCI

Credit Hours: 4
Department: Biology

BIO 109 - Principles of Biology I

Prerequisites: High school biology, high school chemistry (or equivalent, such as CHE 107), successful completion of all remedial English and remedial reading requirements.

Description: This is the first course in the of BIO 109-110 sequence. This sequence is intended for students majoring in the sciences, including the health sciences, and secondary science education. These courses cover the basic concepts of biology that are derived from the study of living things. In the first semester, emphasis is placed upon the molecular and cellular levels of life. Topics such as cell structure, metabolism, molecular genetics, cell division and control mechanisms are discussed. The second semester deals with life on organism through the ecosystem levels. Plant and animal systems are examined in the context of their role in evolution and the environment. The diversity of life is examined in the laboratory as well as through field trip experiences. The laboratory includes a dissection of more advanced invertebrates and selected vertebrates. (3 lecture, 3 laboratory hours) Laboratory fee applies to each course.

SUNY GEN ED-GLAB; NCC GEN ED-LSCI

Credit Hours: 4
Department: Biology

BIO 115 - Human BioNutrition

Description: (Formerly BIO 111/112) Nutrition is explored as an emerging science which combines biology and chemistry into an exciting field of specialization. The characteristics and functions of nutrient groups are studied in their relation to their biological requirements and proper balance. Special attention is given to the relationship between an unbalanced diet, an altered metabolism and the disease process. Also considered are the unique biological features of each of the stages of life and their effect on nutrient requirements. (3 lecture, 3 laboratory hours) Laboratory fee applies.

SUNY GEN ED-GLAB; NCC GEN ED-LSCI

Credit Hours: 4
Department: Biology

BIO 116 - Human Genetics

Description: (Formerly BIO 105/106) Human Genetics examines the basic concepts of DNA and normal and abnormal gene function in human development and life. A point of emphasis is the relationship between genetic material and environmental impacts, including radiation, chemicals and viral infection. Genetic engineering, birth defects, DNA fingerprinting, gene therapy, cancer and the human problems associated with these subjects are discussed. Laboratory exercises involve work with living organisms. (3 lecture, 3 laboratory hours) Laboratory fee applies.

SUNY GEN ED-GLAB; NCC GEN ED-LSCI

Credit Hours: 4
Department: Biology

BIO 119 - Oceanology

Description: (Dual listed with SCI 119) The course is designed as an overview of the structure, origin, and evolution of the world's oceans. Investigations will include analysis of abiotic factors such as sediments, coastlines, water properties, and movement. Students will take a close look at general water circulation, tides, currents, waves, and the effects of weather and climate. Further investigations will focus on biotic factors such as marine organisms, food chains, resources, and man's relationship to the sea. Note: This is a three-credit course and does not fulfill the laboratory science requirement needed for graduation. There will be no waivers issued under any circumstances. (3 lecture hours)

SUNY GEN ED-GLAB; NCC GEN ED-NSCI

Credit Hours: 3
Department: Biology

BIO 120 - Birds and the Environment

Prerequisites: One semester of college biology or permission of the Department.

Description: The anatomy, physiology, and behavior of birds will be studied in context of their environments. Classification and evolution of birds are also discussed. Laboratory exercises involve dissection, field trips, and individual investigative projects involving data collection and analysis. Field trips include representative Long Island habitats: marine, fresh water, woods, and fields. (3 lecture, 3 laboratory hours) Laboratory fee applies.

SUNY GEN ED-GLAB; NCC GEN ED-LSCI

Credit Hours: 4
Department: Biology

BIO 121 - A survey of Mammals

Description: The course introduces students to the biology of mammals. The characteristics of mammals, how they evolved and their phyogenic relationships are examined. A survey of the living mammalian orders, their features, life history characteristics, physiological and behavioral specializations, and habit and ecological significance is discussed. Field trips are a required portion of the course.

SUNY GEN ED-n/a; NCC GEN ED-NSCI

Credit Hours: 3
Department: Biology

BIO 124 - Plants and Society

Description: This course surveys the various groups of plants, their structures and functions, their ecology and economic importance. Students will apply botanical concepts to understand the greenhouse effect, organic gardening, transgenic plants, medicinal uses of

SUNY GEN ED-GLAB; NCC GEN ED-LSCI

Credit Hours: 4
Department: Biology

BIO 125 - Plants and Society

Description: This course surveys the various groups of plants, their structures and functions, their ecology and economic importance. Students will apply botanical concepts to understand the greenhouse effect, organic gardening, transgenic plants, medicinal uses of

SUNY GEN ED-GLAB; NCC GEN ED-LSCI

Credit Hours: 4
Department: Biology
plants, and conservation of natural resources. The Laboratory component requires students to perform research and participate in ongoing investigative projects by using the scientific processes to construct hypotheses, design experiments, evaluate data, and draw conclusions. (3 lecture, 3 laboratory hours - including field trips) Laboratory fee applies.

SUNY GEN ED-GLAB; NCC GEN ED-LSCI

Credit Hours: 4

Department: Biology

BIO 125 - Introduction to Marine Science

Description: An introductory level course dealing with Marine Science. It provides a framework for illustrating biological principles and processes. Aspects taught include ecology, diversity of plants and animals, marine communities and habits, and current issues and topics related to human intervention. Laboratory emphasis is on observation, sampling, and studies of marine animals and plant communities. Field trips are a required portion of the course. (3 lecture, 3 laboratory hours) Laboratory fee applies.

SUNY GEN ED-GLAB; NCC GEN ED-LSCI

Credit Hours: 4

Department: Biology

BIO 130 - Molecules & Medicines

Description: The course includes basic chemistry, history of healing plants, medicinally active ingredients of plants, and modes of action of traditional and modern medicines on the human physiology. The laboratory component requires students to perform research, test common myths using the scientific processes, analyze data, and participate in other investigative exercises. (3 lecture, 3 laboratory hours) Laboratory fee applies.

SUNY GEN ED-GLAB; NCC GEN ED-LSCI

Credit Hours: 4

Department: Biology

BIO 131 - Pathophysiology

Prerequisites: BIO 101 or AHS 131 and AHS132

Description: The course is designed to familiarize students with a host of clinical diseases and their signs, symptoms, risk factors, and treatments. Case studies will be used throughout the course; including use of Internet information from national disease websites. Students will also be required to demonstrate their knowledge of human anatomy.

SUNY GEN ED-n/a; NCC GEN ED-NSCI

Credit Hours: 3

Department: Biology

BIO 162 - Animal Ecology

Prerequisites: High School biology or similar course experience.

Description: The fundamental principles of ecology are presented through habitat explorations. Patterns of animal behavior (ethology) along with the physical specializations adapting wildlife to their habitats are emphasized. Working with locally found living vertebrate and invertebrate species students will produce photo-essay investigations of assigned wildlife topics. Students must have a camera and are responsible for their own transportation to, from and around field sites. (3 lecture, 3 laboratory hours for 7 1/2 weeks. This is a half semester course that may be taken in sequence with BIO 165 for 4 credits.) Laboratory fee applies.

SUNY GEN ED-GLAB; NCC GEN ED-LSCI

Credit Hours: 2

Department: Biology

BIO 165 - Natural History of Long Island

Prerequisites: High School biology or similar course experience.

Description: The course aims at expanding the student's knowledge about Long Island's ecological diversity. During field trips students will investigate the factors affecting the preservation of several natural ecosystems in proximity to the College. Critical thinking skills, class discussions and natural science methodology will be combined for the production of photo-essays exploring Long Island's plant and animal communities. The impact of commercial development on ecological balance, and items in local news, provide the themes for class projects. Students must have a camera and are responsible for their own transportation to, from and around field sites. (3 lecture, 3 laboratory hours for 7 1/2 weeks. This is a half semester course that may be taken in sequence with BIO 162 for 4 credits.) High school biology or similar experience recommended. Laboratory fee applies.

SUNY GEN ED-GLAB; NCC GEN ED-LSCI

Credit Hours: 4

Department: Biology

BIO 201 - Anatomy

Prerequisites: BIO 101 and BIO 102 or BIO 109 and BIO 110 with a grade of C or better in each course, or permission of the Department.

Description: This course is an exploration of the intricate structure of the human body. The student studies the various tissues, organs, and systems which function together to maintain life. The laboratory includes dissection of a representative mammal - the cat. (3 lecture, 3 laboratory hours) Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-LSCI

Credit Hours: 4

Department: Biology

BIO 202 - Physiology

Prerequisites: BIO 201 with a grade of C or better, or permission of the Department.

Description: A study of the normal functions of the human organism. The student surveys the various systems of the body, their activities and interrelationships. Much of the laboratory work involves measurement of human body functions. Combined with BIO 201, this course is an excellent introduction to anatomy and physiology. (3 lecture, 3 laboratory hours) Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-LSCI

Credit Hours: 4

Department: Biology

BIO 203 - Oceanography

Prerequisites: A one year college level science course or permission of the Department.

Description: An introduction to the interactions of the chemical, geological, physical, and biological processes of the marine environment. Laboratory emphasis on observation, sampling techniques and analytical procedures. Field trips are a required portion of course. (3 lecture, 3 laboratory hours, including field trips) Laboratory fee applies.

SUNY GEN ED-GLAB; NCC GEN ED-LSCI

Credit Hours: 4

Department: Biology

BIO 204 - Marine Biology

Description: This course provides an introduction to the plant and animal communities inhabiting shallow and deep North Atlantic marine waters. Emphasis is placed on diversity of adaptations for interaction with the varied salt water environments. Field trips are a required portion of course. (3 lecture, 3 laboratory hours, including field trips) Laboratory fee applies.

SUNY GEN ED-GLAB; NCC GEN ED-LSCI

Credit Hours: 4

Department: Biology

BIO 209 - Nutritional Science I

Prerequisites: BIO 109 and BIO 110
Description: Recommended for science majors, the course includes such topics as the digestion, absorption, and function of nutrients. Regulatory mechanisms that influence the requirements and metabolism of nutrients are considered.

SUNY GEN ED-n/a; NCC GEN ED-LSCI

Credit Hours: 4

Department: Biology

BIO 210 - Nutritional Science II

Prerequisites: BIO 209

Description: The second half of the Nutritional Science sequence, the course covers nutritional physiology with such topics as: the effects of nutrients on metabolism at the molecular, cellular, and systemic levels, including special metabolic growth, reproduction, stress, and senescence.

SUNY GEN ED-n/a; NCC GEN ED-NSCI

Credit Hours: 4

Department: Biology

BIO 219 - Field Biology

Prerequisites: BIO 101-102 or BIO 109-110 or permission of the Department.

Description: A habitat approach involving field trips is used for the investigation of the interactions of living organisms with their physical and biological environments. Emphasis is given to population dynamics and the interactions among organisms that determine the structure, function, and evolutionary development of biological communities. Studies are carried out in specific habitats such as bog, marsh, forest, field, and estuary. Specially marked sections of this course may be run at offsite locations or abroad. Students are responsible for their own transportation to, from, and around field sites.

SUNY GEN ED-n/a; NCC GEN ED-LSCI

Credit Hours: 3

Department: Biology

BIO 216 - Parasitology

Prerequisites: BIO 101-102 or BIO 109-110 or permission of the Department.

Description: This course investigates the lives of animal parasites of medical, veterinary and economic importance. The habitats, life cycles, geographic distribution and underlying principles of transmission, diagnosis, treatment and prevention are considered. Through the use of prepared microscope slides and living materials, the student is given the opportunity to view and study a wide variety of parasitic organisms. (3 lecture, 3 laboratory hours) Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-NSCI

Credit Hours: 4

Department: Biology

BIO 217 - Histology

Prerequisites: BIO 101 and BIO 102 or BIO 109 and 110 or permission of the Department.

Description: This intensive course deals with the anatomy of various vertebrates. Through a study of the present anatomical structures, the evolutionary development of these animals is outlined. Differences and similarities of organ systems from various species are discussed. (3 lecture, 3 laboratory hours) Laboratory fee applies. Generally offered spring.

SUNY GEN ED-GLAB; NCC GEN ED-LSCI

Credit Hours: 4

Department: Biology

BIO 218 - Comparative Anatomy

Prerequisites: BIO 101 and 102 or BIO 109 and 110 or permission of the Department.

Description: An intensive course dealing with the anatomy of various vertebrates. Through a study of the present anatomical structures, the evolutionary development of these animals is outlined. Differences and similarities of organ systems from various species are discussed. (3 lecture, 3 laboratory hours) Laboratory fee applies. Generally offered spring.

SUNY GEN ED-GLAB; NCC GEN ED-LSCI

Credit Hours: 4

Department: Biology

BIO 219 - Field Biology

Prerequisites: BIO 101-102 or BIO 109-110 or permission of the Department.

Description: A habitat approach involving field trips is used for the investigation of the interactions of living organisms with their physical and biological environments. Emphasis is given to population dynamics and the interactions among organisms that determine the structure, function, and evolutionary development of biological communities. Studies are carried out in specific habitats such as bog, marsh, forest, field, and estuary. Specially marked sections of this course may be run at offsite locations or abroad. Students are responsible for their own transportation to, from, and around field sites.

SUNY GEN ED-n/a; NCC GEN ED-LSCI

Credit Hours: 3

Department: Biology

BIO 220 - Scanning Electron Microscopy

Prerequisites: BIO 211-212 or equivalent, or permission of the Department.

Description: An introduction to the basic principles of transmission electron microscopy including tissue preparation, microscope (TEM) operation, black and white photography, and micrograph interpretation. The entire laboratory is devoted to the development of skills and preparative techniques involved with the operation of an actual transmission electron microscope. (3 lecture, 3 laboratory hours) Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-LSCI

Credit Hours: 4

Department: Biology

BIO 221 - Transmission Electron Microscopy

Prerequisites: BIO 109-110, CHE 151-152 or equivalent, or permission of the Department.

Description: An introduction to the basic principles of transmission electron microscopy including tissue preparation, microscope (TEM) operation, black and white photography, and micrograph interpretation. The entire laboratory is devoted to the development of skills and preparative techniques involved with the operation of an actual transmission electron microscope. (3 lecture, 3 laboratory hours) Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-LSCI

Credit Hours: 4

Department: Biology

BIO 225 - Histology

Prerequisites: BIO 101 and 102 or BIO 109 and 110 or permission of the Department.

Description: Exploration of the microscopic structure of the human body. An appreciation is developed of the interactions of cells and tissues which result in a harmonious, complex body. Laboratory examination of the structure of cells, tissues, and organs of the body. (3 lecture, 3 laboratory hours) Laboratory fee applies.

SUNY GEN ED-GLAB; NCC GEN ED-LSCI

Credit Hours: 4

Department: Biology

BIO 226 - Investigations in Human BioNutrition

Prerequisites: BIO 115

Description: This course explores current theories and controversies in the field of nutritional science. Students will evaluate research trends and critically analyze the influence of nutrition on health promotion and disease prevention.

SUNY GEN ED-n/a; NCC GEN ED-NSCI

Credit Hours: 3

Department: Biology

BIO 231 - Biotechnology: Recombinant DNA Science
Prerequisites: BIO 109, BIO 110, MAT 109 or higher, CHE 151 or higher or permission of the Department.

Description: An investigation of DNA, the molecule of the gene, and recombinant DNA technology (genetic engineering). The student will explore the Central Dogma of gene structure and function; gene regulation in embryology and in cancer development. Applications of biotechnology to human genetics, forensics, gene cloning, agriculture, medicine and industry are included. Through hands-on biotechnology laboratories, students will perform fundamental modern recombinant DNA techniques, including bacterial transformation, restriction enzyme analysis and polymerase chain reaction. (3 lecture, 3 laboratory hours) Laboratory fee applies.

SUNY GEN ED-GLAB; NCC GEN ED-LSCI

Credit Hours: 4

Department: Biology

Business

BUS

BUS 100 - Creative Problem Solving in Business

Description: This course will assist students in developing the skills required for success in business and in upper-level coursework. Various forms of active learning techniques will be employed to develop and improve those skills viewed by the business community as essential for success in the workplace. These skills include the ability to communicate effectively, work in teams/groups to solve business problems, research information, and think creatively and critically in solving business problems.

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Accounting and Business Admin

BUS 109 - Introduction to Corporate Business

Description: The course is an introduction to the role of corporate business as a primary source of goods, services, employment, and income. It provides beginning business students and non-business majors with an understanding of the basic scope of corporate business and its relationship to government and society. Students will have a “hands-on” corporate experience to learn the operations and activities of a major corporation as an additional component to the course.

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Accounting and Business Admin

BUS 110 - Introduction to Business

Description: An introduction to the role of business in American life as a primary source of goods, services, employment and income. The course provides the beginning business student and the non-business student with an understanding of the basic nature and scope of business and its relation to government and all members of society. Students examine the operation and activities of large and small enterprises and the interrelationship of the various specialized fields of business.

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Accounting and Business Admin

BUS 111 - Entrepreneurship

Description: An introduction to the management of small business. The course covers the role of small business in the economy, and is designed both for those interested in establishing businesses as well as those who have already established them. Emphasis is placed on development of a managerial philosophy for entrepreneurs, managers, and potential managers. Course work includes operational techniques, legal and environmental relationships, and analysis of the risks and rewards of managing or owning small enterprises.

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Accounting and Business Admin

BUS 112 - Principles of Management

Description: An examination of the character and structure of modern business organizations; how individuals and groups within these organizations conduct themselves as they strive for personal and enterprise goals. Topics covered include planning, organizing, directing and controlling functions of managers; human relations and motivation; financial and non-economic considerations which provide the basis of decision making. Students are involved in experiencing a combination of textbook theory and current business practices through problem solving techniques.

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Accounting and Business Admin

BUS 114 - Introduction to International Business

Description: An introduction to the challenges and problems faced by American firms in conducting business in world markets. The course will expose students to the concepts and principles dealing with world trade, foreign environments, global operations and the necessary global managerial skills required for success in such activities.

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Accounting and Business Admin

BUS 116 - Business Internship

Prerequisites: Permission of Department Chairperson.

Description: Students work for appropriate business firms, institutions and/or agencies to enrich the theoretical concepts previously developed in the classroom.

SUNY GEN ED-n/a; NC GEN ED-n/a

Credit Hours: 3

Department: Accounting and Business Admin

BUS 118 - Franchising Management

Description: This course is designed for students who are interested in starting and managing a franchise business, either as a franchisee or as a franchisor. Attention is placed on the characteristics of the franchisor and franchisee; evaluation of franchising opportunities; raising of resources; legal concerns of franchising; and the development of appropriate strategies and the successful planning, implementation and launching of a new business.

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Accounting and Business Admin

BUS 140 - Human Resource Management

Description: Principles of effective human resource administration are discussed in this course. Topics include the human resources department and its objectives, management-labor relations with special references to elements affecting recruitment, selection, training, evaluation and compensation.

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Accounting and Business Admin

BUS 150 - Organizational Behavior

Description: An introductory course that will provide future managers with basic information about employees and their behavior within the context of a business environment. Topics include motivation, communication, decision making, group behavior, team development, conflict, change, empowerment, leadership styles, power, authority, work design, performance appraisal and reward systems.

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Accounting and Business Admin
BUS 280 - Introduction to Sports Management

Description: An overview of the structure of the sports industry, as well as issues facing sports organizations. Emphasis on how management techniques can be applied to solve sports business problems. Discussion of sports management career opportunities will be included.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Accounting and Business Admin

BUS 600 - Co-op Partnership with Industry

Prerequisites: Completion of remedial and/or ESL courses are required. In addition, students must have completed a minimum of 12 credits and be in good academic standing prior to the commencement of the course or obtain permission of the chairperson. Students who are not department majors must be recommended by an instructor and obtain the permission of the department chairperson.

Description: The course provides supervised, practical, paid, full-time experience at institutions that offer students opportunities to which they apply concepts learned in the classroom. Written reports demonstrating the understanding of theories and their applications are an integral part of the curriculum. Travel and living expenses may be incurred contingent upon placement.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 6
Department: Accounting and Business Admin

Civil Engineering Technology

CET

CET 101 - Residential Construction Methods

Description: Students learn the types and organization of construction projects. Content includes the materials used in construction: concrete, steel, masonry, and wood; interior finishes, plumbing and electrical systems related to construction; methods of testing, excavation, foundation construction and superstructure erection. State and local codes, code administration and construction safety are also discussed. Films and individual projects are required. (1 lecture, 3 laboratory hours) Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 2
Department: Engineering/Physics/Tech

CET 103 - Introductory Civil Engineering Technology

Description: An introductory course in the art of engineering designed to acclimate the students to the engineering profession and to acquaint them with the techniques and methodologies of engineering design. The "design" aspect of the course consists of an introduction to computer integration (as it applies to the engineering profession), graphical techniques, and design oriented problems using analysis software. The objectives of the design section entail the generation of engineering related problems. (1 lecture, 3 laboratory hours) Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Engineering/Physics/Tech

CET 107 - Codes and Construction

Prerequisites: Enrollment in the Interior Design or Construction Management program, or permission of Department.

Description: Overview of practice and materials of construction, building types and structural framing. Instruction on the development and use of the current New York State Uniform Fire Prevention and Building Code, the 1992 Americans with Disabilities Act and their relation to residential and commercial uses of space. Instruction on fire codes related to materials used in interior design. (2 lecture, 3 laboratory hours) Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 2
Department: Engineering/Physics/Tech

CET 109 - Materials and the American Concrete Institute

Description: Determination of physical properties of construction materials. Standard tests used on the American Society of Testing Materials and the American Concrete Institute

CET 201 - Construction Estimating

Prerequisites: CET 101, CET 103 and CET 150.

Description: Estimating costs of building construction. Practice in finding required material quantities from drawings. Procedures for estimating labor, material, and equipment costs. Scheduling of construction by CPM (Critical Path Method) including the use of estimating software. (1 lecture, 3 laboratory hours) Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 2
Department: Engineering/Physics/Tech

CET 211 - Structural Drawing II

Prerequisites: CET 111.

Description: Development of data and preparation of drawings used in building construction and civil engineering, using Auto CAD computer drafting software. (1 lecture, 3 laboratory hours) Laboratory fee applies.

SUNY GEN ED-n/a; NC GEN ED-n/a
Credit Hours: 2
Department: Engineering/Physics/Tech

CET 215 - Construction Estimating

Prerequisites: CET 101, CET 103 and CET 150.

Description: Estimating costs of building construction. Practice in finding required material quantities from drawings. Procedures for estimating labor, material, and equipment costs. Scheduling of construction by CPM (Critical Path Method) including the use of estimating software. (1 lecture, 3 laboratory hours) Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 2
Department: Engineering/Physics/Tech

CET 216 - Statics of Structure

Description: Stress and strain in elastic bodies when subject to external tensile, compressive, shear and torsion forces. Beam reactions, shears, bending moment diagrams and deflections, by the moment-area method are determined. Column analysis; introduction to indeterminate structure.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Engineering/Physics/Tech

CET 217 - Materials Testing Laboratory

Corequisites: CET 219.

Description: Determination of physical properties of construction materials. Standard tests used on the American Society of Testing Materials and the American Concrete Institute

CET 222 - Materials Testing Laboratory

Corequisites: CET 219.

Description: Determination of physical properties of construction materials. Standard tests used on the American Society of Testing Materials and the American Concrete Institute

Nassau Community College: http://collegecatalog.ncc.edu/current
COURSE DESCRIPTIONS

Fall 2012

standards including report writing software. (3 laboratory hours) Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Engineering/Physics/Tech

CET 223 - Structural Steel Design

Prerequisites: CET 219.

Description: Analysis of statically determined structures. Design and investigation of structural steel members; columns, beams, trusses, and girders. Bolted, riveted, and welded connections reactions, shear, bending moment and deflection by analytic and graphical methods, including the use of design software, (2 lecture, 3 laboratory hours) Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Engineering/Physics/Tech

CET 225 - Soils and Foundations

Prerequisites: CET 219.

Description: The course is an introduction to soil mechanics with application to problems encountered in construction and design. Topics include soil origin and nature, soil properties, field sampling, gradation, compaction, classification, permeability, soil strength. Laboratory experiments include the classification and evaluation of engineering properties of soil for predicting its behavior in accordance with ASTM and AASHTO specifications. The course also covers the structural design of foundations such as retaining walls, grade beams and footings. (3 lecture, 2 laboratory hours) Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Engineering/Physics/Tech

CET 231 - Elementary Surveying

Prerequisites: MAT 109.

Corequisites: ENS 105

Description: Basic principles of plane surveying. Field practice and office procedures. Use of level, transit, stadia, electronic theodolite and total station. Use of survey computation software for determination of horizontal and vertical controls and areas. Mapping of selected areas. (2 lecture, 3 laboratory hours) Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Engineering/Physics/Tech

CET 232 - Route Surveying

Prerequisites: CET 231.

Description: Field and office procedures in layout of highways, railroads, and pipelines. Profile leveling, horizontal and vertical curves and alignment. Mapping, plotting profiles and cross sections. Cut and fill computations. Principles of field astronomy. Computations using defined software. (2 lecture, 3 laboratory hours) Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Engineering/Physics/Tech

CET 240 - Hydraulics

Prerequisites: CET 219 or PHY 101.

Description: The course studies fundamental properties and behavior of fluids under static and flow conditions. Topics covered include hydrostatic force, buoyancy, pressure, manometry, continuity and energy equations, laminar and turbulent flow, losses, flow through pipes and open channels, and flow measurements, as well as an introduction to surface water hydrology. The rational method is used to determine peak flows. Laboratory experiments study the principal physical properties of liquids and major laws of fluid mechanics. (3 lecture, 2 laboratory hours) Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Engineering/Physics/Tech

CET 250 - Construction Planning and Scheduling

Prerequisites: CET 101, CET 103 or permission of the Department Chairperson.

Corequisites: CET 101, CET 103 or permission of the Department Chairperson.

Description: Concepts and methods for planning and scheduling of operations and resources on construction projects. Topics include Gantt charts, progress curves, critical path methods and project networking techniques. Extensive use of computer software to aid the student in planning and analysis of scheduling, resource management and updating construction operations. (2 lecture, 2 laboratory hours) Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Engineering/Physics/Tech

CET 252 - Construction Safety

Prerequisites: CET 101 or permission of the Department Chairperson.

Description: Introduction to occupational safety and health practices in the construction industry. This course provides an overview of U.S. Department of Labor, Occupational Safety and Health 1926 Standards for the construction industry. Course work includes a detailed study of construction safety management. Topics include personal protective equipment, hazardous communications, site safety management, inspection and supervision for erection and demolition of structures. SUNY GEN ED-n/a; NC GEN ED-n/a

Credit Hours: 3

Department: Engineering/Physics/Tech

CET 254 - Mechanical and Electrical Equipment for Buildings

Prerequisites: CET 101 or permission of the Department Chairperson.

Description: Introduction to the basic concepts of mechanical systems design and construction for residential and commercial buildings. Systems design and equipment selection is performed for heating, cooling, plumbing, sanitation, electrical lighting and acoustics. Emphasis is placed on the use of the International Building code and A.S.H.R.A.E Standards. SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Engineering/Physics/Tech

CET 256 - Construction Contracts and Specifications

Prerequisites: CET 101 or permission of the Department Chairperson.

Description: Introduction to building construction contract documents. Student is exposed to contract law, general conditions of the contract and construction specifications using the Construction Specifications Institute Standards. Analysis of owner, designer, and contractor responsibilities under contract. SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 2

Department: Engineering/Physics/Tech

CET 260 - Construction Project Management

Prerequisites: CET 101 or permission of the Department Chairperson.

Description: Introduction to methods and techniques of managing construction projects. Construction business organization, contracts, bonding, insurance, construction site supervision, labor law and labor relations. Introduction to computer applications in project administration. (2 lecture, 2 laboratory hours) Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Engineering/Physics/Tech

Nassau Community College: http://collegecatalog.ncc.edu/current
CHE 107 - General Chemistry
Description: General Chemistry, CHE 107, is a one-semester laboratory course in basic chemistry. Students are introduced to the fundamental concepts of physics and mathematics that are required to understand chemistry. The course then follows a semi-traditional introduction to chemistry: relative atomic/molecular weights, the mole concept, solution chemistry, stoichiometry, gas laws, and atomic structure. This course satisfies the prerequisite requirements for CHE 151. (3 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Credit Hours: 4
Department: Chemistry

CHE 108 - Consumer Chemistry
Description: A non-mathematical course in chemistry for non-science students. The course explores the science of chemistry as it relates to modern society. Chemical principles are taught on a “need to know basis” as they are required to explore scientific issues that impact modern society. It satisfies the laboratory requirement for liberal arts. (3 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Credit Hours: 4
Department: Chemistry

CHE 109 - Contemporary Topics in Chemistry
Description: This is a three-credit non-laboratory course in chemistry. Topics covered include forensic science, development of pharmaceuticals, actions of drugs in the body, toxicity of chemicals, and green chemistry. This course satisfies the liberal arts requirements for a non-laboratory science course in chemistry. (3 lecture hours) SUNY GEN ED-n/a; NCC GEN ED-NSCI
Credit Hours: 3
Department: Chemistry

CHE 135 - Chemistry for Applied Sciences
Description: A one semester laboratory course encompassing basic principles of inorganic, organic and biochemistry with emphasis on their application. Topics include metric/SI systems, energy, basic atomic theory, stoichiometry, gas laws, solutions, pH, buffers, nomenclature and structure of organic compounds, amino acids, proteins, carbohydrates, lipids and metabolism. (3 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Credit Hours: 4
Department: Chemistry

CHE 131 - General Chemistry I
Description: This is the first course of the CHE 131-132 sequence. The course covers fundamental principles of modern chemistry including problem-solving techniques. Topics include atomic and molecular structure, chemical nomenclature, stoichiometry, chemical bonding, properties of gases, liquids and solids, and solutions. One year of high school chemistry and a working knowledge of elementary mathematics including algebra is strongly suggested. (3 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Credit Hours: 4
Department: Chemistry

CHE 132 - General Chemistry II
Description: This is the second course of the CHE 131-132 sequence. This course covers fundamental principles of modern chemistry including problem-solving techniques. Topics include thermochemistry, thermodynamics, kinetics, equilibrium, acid-base theory, solubility products, oxidation-reduction, nuclear chemistry, and organic chemistry. (3 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Credit Hours: 4
Department: Chemistry

CHE 151 - Inorganic Chemistry I
Prerequisites: CHE 107 and MAT 111 or equivalent.
Description: Recommended for students concentrating in science or mathematics. A definitive study of chemistry encompassing modern atomic and molecular theory and periodicity. An in-depth study of physical and chemical behavior of matter, including stoichiometry, gas laws, and solutions. The laboratory work reinforces concepts presented in lecture through the application of the scientific method. Emphasis in the laboratory is placed upon accuracy and precision in the development of qualitative and quantitative techniques. (3 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Credit Hours: 5
Department: Chemistry

CHE 152 - Inorganic Chemistry II
Prerequisites: CHE 151.
Description: A continuing course in modern chemistry, including work in oxidation-reduction reactions, chemical equilibrium, electrochemical cells, thermodynamics, and classical methods of gravimetric, volumetric, and basic instrumental analysis. (3 lecture, 5 laboratory hours) Laboratory fee applies.
SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Credit Hours: 4
Department: Chemistry

CHE 200 - Introductory Organic Chemistry
Description: CHE 200 offers a basic introduction to the world of organic chemistry. A functional group approach, emphasizing structure, nomenclature, preparation and reactivity is used. While the approach parallels CHE 201 to an extent, it is significantly less demanding and thus cannot be substituted for the higher level course. Nevertheless, many science and pre-professional students with weak backgrounds in chemistry have found CHE 200 helpful as a refresher course before taking CHE 201-202. (3 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-LSCI
Credit Hours: 4
Department: Chemistry

CHE 201 - Organic Chemistry I
Prerequisites: Minimum of “C” in CHE 152.
Description: This is the first course of the CHE 201-202 sequence. This 1st semester course in organic chemistry covers the nomenclature, physical properties, stereochemistry, structure-reactivity relationships, and reaction mechanisms of alkanes, alkenes and alkynes. Laboratory activities include organic synthesis, qualitative analysis and instrumental techniques. (3 lecture, 6 laboratory hours) Laboratory fee applies. Molecular model set required.
SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Credit Hours: 5
Department: Chemistry

CHE 202 - Organic Chemistry II
Prerequisites: Minimum of “C” in CHE 201.
Description: This is the second course of the CHE 201-202 sequence. This 2nd course in organic chemistry covers modern spectroscopic techniques and the characteristic
CHE 221 - Clinical Chemistry
Prerequisites: CHE 200.
Description: A one-semester course designed to train medical technologists in the principles and practices of the science of clinical chemistry, specimen collection and processing, quality control, modern instrumentation in clinical chemistry, basic physiology, analytical procedures, and correlations of abnormal values with the disease states. Laboratory utilizes modern instrumentation in the determination of biochemical profiles such as liver, kidney, heart, electrolytes, lipids, thyroid function, pancreatic function and the monitoring of therapeutic drugs. (2 lecture, 6 laboratory hours). Laboratory fee applies. SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Credit Hours: 4
Department: Chemistry

CHE 260 - Biochemistry
Prerequisites: CHE 200 or CHE 201 or permission of Chairperson.
Description: For paramedic science students. This course presents classes of biologically interesting compounds and covers their structure, biosynthesis, and metabolism. Physiological buffers are also presented. The laboratory stresses analysis of such classes of compounds. (3 lecture, 3 laboratory hours) Laboratory fee applies. SUNY GEB ED-n/a; NCC GEN ED-LSCI
Credit Hours: 4
Department: Chemistry

Chinese

CHI 101 - Beginning Chinese I
Prerequisites: Satisfactory completion of ENG 001 and RDG 002.
Description: Fundamentals of grammar, pronunciation, culture and conversation. Reading, writing, listening comprehension and simple conversational patterns. This course is not intended for students of Chinese speaking background. Laboratory fee applies. Laboratory component required.

CHI 102 - Beginning Chinese II
Prerequisites: CHI 101 or equivalent. Satisfactory completion of ENG 001 and RDG 002.
Description: Fundamentals of grammar, pronunciation, culture and conversation. Reading, writing, listening comprehension and simple conversational patterns. Laboratory fee applies. Laboratory component required. SUNY GEN ED-n/a; NCC GEN ED-GLNW, HUM
Credit Hours: 3
Department: Foreign Languages

CMP 100 - Computer Literacy
Description: This course provides the general liberal arts student with a non-technical approach to computers. The lecture component discusses the role of computers in various disciplines and its impact on individuals, institutions and society. The hands-on approach allows the student to become familiar and comfortable with current technology, popular software and the Internet. Computer Information Systems and Computer Science majors will not receive credit for this course. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 2
Department: Math/Computer Science/Info Tec

CMP 101 - Introduction to Computers
Prerequisites: Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course.
Description: An introduction to computers applying critical thinking and problem solving strategies in science, mathematics and information/data management. The course will address issues of information validity and value judgments. Students will develop both qualitative and quantitative solutions to college-level applications. Topics include computer hardware and software, security, ethics, connectivity, basic networking (Internet), electronic spreadsheets, report and graph generation, and an introduction to programming concepts. Computer Information Systems and Computer Science majors will not receive elective credit for this course. Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 4
Department: Math/Computer Science/Info Tec

CMP 103 - Microcomputer Hardware and Software
Prerequisites: Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course.
Description: This course is designed to provide the student with a comprehensive introduction to microcomputers. Topics include fundamental concepts, hardware components, software products, and trends in computing. Issues related to the impact computers have on society and current changes in technology are also discussed. Students will receive hands-on instruction in popular software applications. (4.5 lecture hours) Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 4
Department: Math/Computer Science/Info Tec

CMP 105 - Electronic Spreadsheets
Prerequisites: Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course.
Description: This course introduces electronic spreadsheet application software. Topics include spreadsheet operations, creation of charts and graphs, data query, multiple spreadsheets, links and macro programming. It is designed for computer processing, business and general liberal arts students interested in obtaining comprehensive hands-on training in the use of electronic spreadsheets (4.5 lecture hours) Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 4
Department: Math/Computer Science/Info Tec

CMP 106 - Database Processing
Prerequisites: Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course.
Description: This course is an introduction to database processing for business and information systems. Emphasis is placed on the planning, administration, control, and design of database management systems. A database programming language (command files, report generator, and screen files) is also presented. It is suggested that students have previous microcomputing experience and/or programming experience (or CMP 101 and CMP 103) before enrolling in this course (4.5 lecture hours) Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a
CMP 115 - Computers in Business
Prerequisites: Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course.
Description: This course introduces the role of computers and data processing in the business environment. Topics include: essential business computer concepts, computer hardware/software, modern business computer systems, the Internet, data communications, networking, and systems analysis and design. An introduction to DOS and Windows is covered. Electronic spreadsheets are used to emphasize business analysis and decision-making using computers. This course is primarily for business majors. Computer Information Systems or Computer Science majors will not receive credit for this course. Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 4

Department: Math/Computer Science/Info Tec

CMP 117 - Business Computing: Concepts and Applications
Prerequisites: Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course.
Description: This course is designed to provide the business student with a broad-based background in the use of computer systems in business and industry. An overview of computer hardware and software concepts with their impact on business systems is an integral part of the course. Students are introduced to a variety of information systems and the development life cycle utilized in the private sector. The importance of networking structures and the analysis of data flow within business and management information systems (MIS) are covered. Use of the Internet for global electronic commerce is discussed. The hands-on component of the course provides students with substantial use of spreadsheet, database and presentation software to analyze data and solve real-life business problems. Students will be introduced to databases that exhibit the hierarchy of data and the relational database model. (Students will not receive credit for both CMP 115 and CMP 117; Computer Science or Information Technology majors will not receive credit for this course.) Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3

Department: Math/Computer Science/Info Tec

CMP 219 - Object Oriented Programming in C++
Prerequisites: At least a C in CMP 211 or CMP 218 (or equivalent). Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course.
Description: This is a course in object-oriented design and programming using C++. It is intended for students who already have a firm understanding of the object-oriented paradigm including objects, classes, and inheritance. The topics presented prepare the student for advanced study in Computer Science and Information Systems. Topics include C++ basics, I/O streams, class definition, friend functions and operator overloading, dynamic memory allocation/deallocation, dynamic binding, and virtual functions. Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3

Department: Math/Computer Science/Info Tec

CMP 490 - Cooperative Education Internship
Prerequisites: Permission of Department, approval by the Agency offering the internship, a minimum of 9 CMP credits, and a minimum GPA of 2.75. Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course.
Description: This is a course integrating classroom study with career related professional training in the area of Information Technology. The student will be placed in a corporation, small business or other setting related to the field of Information Technology and will gain work experience that enriches the theoretical concepts developed in the classroom.
SUNY GEN ED-n/a; NCC GEN ED-n/a

Department: Math/Computer Science/Info Tec

COM

COM 030 - Public Speaking for Non-Native Speakers (ESL III)
Prerequisites: Placement test.
Description: COM ESL III is a preparatory public speaking course for advanced ESL students. It teaches organizational, research, and delivery skills. Students will learn how to carry out research, create a bibliography, write an outline, and deliver an informative speech. Improved fluency and clear articulation in English are also goals of this course. This course is offered only in conjunction with the credit bearing (3 credits) course COM 103. The courses will be given in an intensive (four days a week) format, and both can be completed in one semester.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 0

Department: Communications

COM 101 - Interpersonal Communications
Prerequisites: Students must have satisfied all ENG and RDG remediation requirements prior to starting the course.
Description: This course is a study of the historical and contemporary principles and concepts of human communication. An examination of the interpersonal communication process will help the student gain an awareness of the elements which both aid and hinder communication. Skills which will increase communication effectiveness will be studied, including verbal and nonverbal behavior, listening, assertiveness, and conflict resolution. Course will incorporate an analysis of theoretical applications.
SUNY GEN ED-GBCM; NCC GEN ED-COM, HUM
Credit Hours: 3

Department: Communications

COM 103 - Public Speaking
Prerequisites: Students must have satisfied all ENG and RDG remediation requirements prior to starting the course.
Description: Principles and practices of public speaking. Emphasis in public speaking on preparation and presentation of speeches, selection of materials, organization and
development, delivery, audience analysis, critical listening, and constructive evaluation.
Three researched, informative speeches are required.
SUNY GEN ED-GBCM, NCC GEN ED-HUM
Credit Hours: 3
Department: Communications

COM 104 - Film Appreciation
Prerequisites: Students must have satisfied all ENG and RDG remediation requirements prior to starting the course.
Description: A study of the creative & artistic concerns & fundamental processes involved in filmmaking. Emphasis on the preproduction planning, shooting, editing & screening of films. Material fee applies.
SUNY GEN ED-GART; NCC GEN ED-FAPA, HUM
Credit Hours: 3
Department: Communications

COM 107 - Film Production I
Prerequisites: Students must have satisfied all ENG and RDG remediation requirements prior to starting the course.
Description: A comprehensive study of electronic journalism as prepared and presented through the medium of television. Students engage in the creation of television news production. Students develop a critical awareness of television news.
SUNY GEN ED-GBCM; NCC GEN ED-HUM
Credit Hours: 3
Department: Communications

COM 109 - Television Journalism
Prerequisites: Students must have satisfied all ENG and RDG remediation requirements prior to starting the course.
Description: A study of the theories of electronic journalism as prepared and presented through the medium of television. Students engage in the creation of television news production. Students develop a critical awareness of television news.
SUNY GEN ED-GBCM; NCC GEN ED-HUM
Credit Hours: 3
Department: Communications

COM 110 - Understanding Mass Media
Prerequisites: Students must have satisfied all ENG and RDG remediation requirements prior to starting the course.
Description: The study of mass media, radio, television, film, print, advertising of our time. How do the media reshape and restructure us as individuals, in the social group and as a "global village"? How do mass media work on the inside? How do mass media work outside on the lives of the consumers?
SUNY GEN ED-n/a; NCC GEN ED-HUM
Credit Hours: 3
Department: Communications

COM 111 - Documentary Media
Prerequisites: Students must have satisfied all ENG and RDG remediation requirements prior to starting the course.
Description: A history of the motion picture from the beginning to the present day. as it emerged as a form of entertainment, art & education. The course examines those influences, forms & techniques which have altered & affected the growth & development of the medium.
SUNY GEN ED-GHUM; NCC GEN ED-HUM
Credit Hours: 3
Department: Communications

COM 112 - History of Film
Prerequisites: Permission of Department Chairperson. Students must have satisfied all ENG and RDG remediation requirements prior to starting the course.
Description: A history of the motion picture from the beginning to the present day. as it emerged as a form of entertainment, art & education. The course examines those influences, forms & techniques which have altered & affected the growth & development of the medium.
SUNY GEN ED-GHUM; NCC GEN ED-HUM
Credit Hours: 3
Department: Communications

COM 113 - Documentary Media
Prerequisites: Students must have satisfied all ENG and RDG remediation requirements prior to starting the course.
Description: An introduction to the principles of production, shooting, editing, and screening of documentary films. Emphasis on the preproduction planning, shooting, editing & screening of films. Material fee applies.
SUNY GEN ED-GART; NCC GEN ED-FAPA, HUM
Credit Hours: 3
Department: Communications

COM 114 - Film Production II
Prerequisites: COM 107. Students must have satisfied all ENG and RDG remediation requirements prior to starting the course.
Description: A study of the creative & artistic concerns & fundamental processes involved in filmmaking. Emphasis on the preproduction planning, shooting, editing & screening of films. Material fee applies.
SUNY GEN ED-GART; NCC GEN ED-FAPA, HUM
Credit Hours: 3
Department: Communications

COM 115 - Television Production
Prerequisites: COM 109. Students must have satisfied all ENG and RDG remediation requirements prior to starting the course.
Description: A comprehensive study of electronic journalism as prepared and presented through the medium of television. Students engage in the creation of television news production. Students develop a critical awareness of television news.
SUNY GEN ED-GBCM; NCC GEN ED-HUM
Credit Hours: 3
Department: Communications

COM 116 - Mass Communication Research
Prerequisites: COM 104. Students must have satisfied all ENG and RDG remediation requirements prior to starting the course.
Description: A comprehensive study of the research processes involved in the study of mass communication. Emphasis is placed on the development of research design, data collection, and analysis.
SUNY GEN ED-GHUM; NCC GEN ED-HUM
Credit Hours: 3
Department: Communications

COM 117 - Media Law
Prerequisites: COM 104. Students must have satisfied all ENG and RDG remediation requirements prior to starting the course.
Description: An examination of the legal principles and issues that affect the mass media. Emphasis on the role of the courts in resolving media disputes and the impact of the law on the media.
SUNY GEN ED-GHUM; NCC GEN ED-HUM
Credit Hours: 3
Department: Communications

COM 118 - Mass Media Ethics
Prerequisites: COM 104. Students must have satisfied all ENG and RDG remediation requirements prior to starting the course.
Description: An examination of the ethical principles and issues that affect the mass media. Emphasis on the role of the media in society and the responsibility of the media to society.
SUNY GEN ED-GHUM; NCC GEN ED-HUM
Credit Hours: 3
Department: Communications

COM 119 - Interaction in Oral Interpretation
Prerequisites: COM 101. Students must have satisfied all ENG and RDG remediation requirements prior to starting the course.
Description: Experiences in interacting with an audience, using prose and poetry as vehicles for oral interpretation. Different types of literature are used to develop skills in analysis and performance based on understanding principles of interaction in oral interpretation. Final goal consists of original programs, created and performed by students in class.
SUNY GEN ED-GART; NCC GEN ED-HUM
Credit Hours: 3
Department: Communications

COM 120 - Argumentation and Debate
Prerequisites: COM 101. Students must have satisfied all ENG and RDG remediation requirements prior to starting the course.
Description: A course designed to acquaint students with the fundamental principles and concepts of communication within the organizational environment. It assists in developing interpersonal skills needed for effective performance in business and the professions. The course examines the communication implications of organizational structure on the processing, networking, and transaction of messages. The communication climates of organizations are analyzed.
SUNY GEN ED-n/a; NCC GEN ED-HUM
Credit Hours: 3
Department: Communications

COM 121 - Small Group Communication
Prerequisites: COM 101. Students must have satisfied all ENG and RDG remediation requirements prior to starting the course.
Description: Theory and practice in assuming membership and leadership roles in decision-making groups, with emphasis upon the individual's ability to communicate and thus interact more effectively. Group process is investigated as it relates to each individual's ability to communicate.
SUNY GEN ED-n/a; NCC GEN ED-HUM
Credit Hours: 3
Department: Communications

COM 122 - Communication for Business and the Professions
Prerequisites: COM 101. Students must have satisfied all ENG and RDG remediation requirements prior to starting the course.
Description: A course designed to acquaint students with the fundamental principles and concepts of communication within the organizational environment. It assists in developing interpersonal skills needed for effective performance in business and the professions. The course examines the communication implications of organizational structure on the processing, networking, and transaction of messages. The communication climates of organizations are analyzed.
SUNY GEN ED-n/a; NCC GEN ED-HUM
Credit Hours: 3
Department: Communications

COM 123 - Effective Listening
Prerequisites: COM 101. Students must have satisfied all ENG and RDG remediation requirements prior to starting the course.
Description: The study of the theories of listening and the application of principles of effective listening in academic, professional, and personal situations. Students will analyze
and test their own listening patterns and engage in exercises to improve listening skills. SUNY GEN ED-GBCM; NCC GEN ED-HUM

Credit Hours: 3

Department: Communications

COM 130 - Communication in Black America

Prerequisites: Students must have satisfied all ENG and RDG remediation requirements prior to starting the course.

Description: (Dual listed with AFR 197) A study of how oral communication functions in various relationships. Emphasis on discussion, group exercises, role playing. The role of oral communication in the Black experience.

SUNY GEN ED-n/a; NCC GEN ED-HUM

Credit Hours: 3

Department: Communications

COM 170 - Radio Production

Prerequisites: Students must have satisfied all ENG and RDG remediation requirements prior to starting the course.

Description: An introduction to the medium of radio with an emphasis on basic radio production. Students gain competence in using radio equipment and producing programs in various formats. The course will examine the role of program elements to support business and public interest aspects of the medium. Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-HUM

Credit Hours: 3

Department: Communications

COM 171 - Television Studio Production

Prerequisites: Students must have satisfied all ENG and RDG remediation requirements prior to starting the course.

Description: Designed to give the student a creative grasp of the art and craft of television production in a studio setting. Students develop skills in the aesthetic as well as technical aspects of television using single camera shooting and editing techniques. Emphasis is on the production process by developing group and individual projects. Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-HUM, FAPA

Credit Hours: 3

Department: Communications

COM 172 - Video Field Production

Prerequisites: Students must have satisfied all remediation requirements prior to starting the course.

Description: Designed to give the student a creative grasp of the art and craft of television production in a field setting. Students develop skills in the aesthetic as well as technical aspects of television using single camera shooting and editing techniques. Emphasis is on the production process by developing group and individual projects. Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-HUM, FAPA

Credit Hours: 3

Department: Communications

COM 201 - Voice and Diction

Prerequisites: Students must have satisfied all ENG and RDG remediation requirements prior to starting the course.

Description: Designed to give the student a creative grasp of the art and craft of television production in a field setting. Students develop skills in the aesthetic as well as technical aspects of television using single camera shooting and editing techniques. Emphasis is on the production process by developing group and individual projects. Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-HUM

Credit Hours: 3

Department: Communications

COM 202 - Persuasive Speaking

Prerequisites: Students must have satisfied all ENG and RDG remediation requirements prior to starting the course.

Description: Students who have taken COM 102 will not receive credit for COM 202. Examines the role of persuasion in contemporary society. Focus on both the technical and ethical aspects of persuading. Study of attention, various appeals, and structure in adapting to audiences. Assigned speeches.

SUNY GEN ED-n/a; NCC GEN ED-HUM, COM

Credit Hours: 3

Department: Communications

COM 203 - Phonetics

Prerequisites: Students must have satisfied all ENG and RDG remediation requirements prior to starting the course.

Description: This course will provide students with a strong foundation in the study of human speech by focusing on the physiological aspects as well as the physical components of speech sounds. Students will study the anatomy of the vocal tract, articulation processes, dialects and accents, the articulatory and acoustic properties of speech sounds, the International Phonetic Alphabet, and the direct application of phonetic principles. This course is intended to fit within the recommended sequence of course work to be completed by undergraduates who wish to enter the fields of Speech Pathology/Audiology, Linguistics, and TESL/TEFL.

SUNY GEN ED-n/a; NCC GEN ED-HUM

Credit Hours: 3

Department: Communications

COM 209 - Introduction to Speech and Hearing Therapy

Prerequisites: Students must have satisfied all ENG and RDG remediation requirements prior to starting the course.

Description: A study of speech & hearing disorders, their diagnosis & treatment. Review of the physical, emotional & intellectual interrelationships of language & speech development. Provide a comprehensive overview of the field of speech & hearing therapy.

SUNY GEN ED-n/a; NCC GEN ED-HUM

Credit Hours: 3

Department: Communications

COM 210 - Global Media

Prerequisites: Students must have satisfied all ENG and RDG remediation requirements prior to starting the course.

Description: The study of international, national, transnational, and global media. The course will deal with the media systems in other countries, the exportation of American media products, and how other cultures use the media to tell stories.

SUNY GEN ED-n/a; NCC GEN ED-GLNW, HUM

Credit Hours: 3

Department: Communications

COM 220 - Communication and Language

Prerequisites: COM 101 or COM 102 or COM 103. Students must have satisfied all ENG and RDG remediation requirements prior to starting the course.

Description: Communication and Language is an advanced course which teaches the meaning of oral language codes and explains how and why language takes the form we observe. Issues that underlie varieties of speech such as sexism, racism, and social status are examined, and the specific mechanisms of these codes are revealed. Special emphasis is given to the oral patterns used by men and women, to the pragmatic aspects critical to communicative function, and to the study of dialectical variety and bilingualism.
COURSE DESCRIPTIONS

SUNY GEN ED-GBCM: NCC GEN ED-PLDI, HUM
Credit Hours: 3
Department: Communications

COM 222 - Nonverbal Communication
Prerequisites: COM 101. Students must have satisfied all ENG and RDG remediation requirements prior to starting the course.
Description: Theories and methods of nonverbal communication. Emphasis on the analysis and significance of nonverbal cues and their effects on behavior in daily living. Participation in exercises demonstrating various aspects of nonverbal communication including body language, eye movement, smell and space and time relationships. Exploration of nonverbal behavior of other cultures and subcultures. Mini-projects in observing and recording nonverbal behavior in many kinds of situations including those in which nonverbal norms are violated.
SUNY GEN ED-n/a; NCC GEN ED-HUM
Credit Hours: 3
Department: Communications

COMM 224 - Intercultural Communications
Prerequisites: COM 101. Students must have satisfied all ENG and RDG remediation requirements prior to starting the course.
Description: This course will examine the factors that help people understand, adjust to, and interact with others of diverse cultures. The focus will be on the strategic role of communication within the context of sociocultural factors that affect communication style and effectiveness. Students will become familiar with major theory and research in intercultural communication and have an opportunity to develop and practice those competencies that will increase their effectiveness in intercultural interactions.
SUNY GEN ED-n/a; NCC GEN ED-PLDI, HUM
Credit Hours: 3
Department: Communications

COM 290 - Media Practicum
Prerequisites: Departmental permission. Students must have satisfied all ENG and RDG remediation requirements prior to starting the course.
Description: Supervised practical experience at media facilities providing the students with situations in which they can apply concepts learned in previous media courses. Field experience and future career opportunities will be discussed in a collateral on-campus class. The focus of this course is on media technology. (Prior coursework in media or permission of the Departmental Chair required.) Three credits (1 1/2 hours classroom lecture, discussion; 12 hours field experience)
SUNY GEN ED-n/a; NCC GEN ED-HUM
Credit Hours: 3
Department: Communications

Criminal Justice

CRJ 101 - Police Organization and Administration
Prerequisites: Completion of RDG 001 and ENG 001.
Description: Administrative principles and practices which apply to law enforcement and public safety agencies, including the formulation of policy and procedures, rules and regulations, deployment, coordination of activity, and the enactment of procedural and tactical planning.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Criminal Justice

CRJ 105 - Foundations of the Justice System
Prerequisites: Completion of RDG 001 and ENG 001.
Description: Students will be provided with basic knowledge of the philosophy, structure and processes utilized in the delivery of justice. This survey of justice will provide students with the necessary knowledge so they can understand and impact the system to enable it to serve individual and/or societal needs.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Criminal Justice

CRJ 106 - Understanding Criminal Behavior
Prerequisites: Completion of RDG 001 and ENG 001.
Description: Focuses on a branch of criminal justice dealing with criminal behavior in relation to legal principles and court cases. Practical aspects of assessment, management and treatment functions of the practitioner will be examined from both a clinical and a behavioral perspective. Students will explore theories, techniques and research methods associated with judicial settings and correctional institutions.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Criminal Justice

CRJ 110 - Introduction to Correction
Prerequisites: Completion of RDG 001 and ENG 001.
Description: A survey of the correctional field: origins, development, current status, and future prospects. The course is intended for students who would like to explore the field of corrections. The focus is on the current state of corrections, with enough background material to illuminate relevant contemporary events.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Criminal Justice

CRJ 111 - Probation and Parole I
Prerequisites: Completion of RDG 001 and ENG 001.
Description: This course focuses on two important components of the correctional system which are frequently used as alternatives to incarceration of offenders. Students are introduced to the historical development of these systems, as well as to their legal aspects and the theories governing probation and parole. This course gives particular emphasis to the impact of these systems in the Criminal Justice System.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Criminal Justice

CRJ 112 - Probation and Parole II
Prerequisites: Completion of RDG 001 and ENG 001. CRJ 110, CRJ 111, or CRJ 215 or permission of instructor or chairperson.
Description: This course reviews relevant issues in probation and parole systems which require in-depth analysis. Major problems are thoroughly examined and possible solutions are suggested. These areas cover a wide range of problems which have been in existence for long periods of time, and those which have developed as a result of the emergence of new technology or change in philosophy in the correctional discipline.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Criminal Justice

CRJ 113 - Community Based Corrections
Prerequisites: Completion of RDG 001 and ENG 001.
Description: This course assists students in understanding the principles and philosophy of alternatives to incarceration. The course focuses on the various correctional programs available to offenders which are designed to assist the individual to make a more realistic adjustment to normal community living.
following the commission of a criminal
offense or delinquent act.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Criminal Justice

CRJ 201 - Criminal Investigation
Prerequisites: Completion of RDG 001 and ENG 001.
Description: This course examines the
theories and practices of criminal investigation
through each of the germane aspects,
commencing with the discovery of a potential
crime, through crime scene and evidence
methodology, through the secondary
investigative steps of examination, interview,
interrogation and case preparation. Emphasis
is placed on the utilization of evidence and
testimony to prove both the elements of
specific crimes and the identity of the specific
criminal(s).
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Criminal Justice

CRJ 203 - Police and the Community
Prerequisites: Completion of RDG 001 and ENG 001.
Description: The importance of good police
community relations is stressed, as well as
the factors that go into the effort to achieve
them. The course gives the student an
in-depth review of the past and the present state
of police community relations, as well as
an assessment of what will be required in
the future. The impact of politics, unionism,
minorities and media relations on the police
and the public they serve is analyzed.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Criminal Justice

CRJ 206 - Dispute Resolution
(Mediation)
Prerequisites: Completion of RDG 001 and
ENG 001.
Description: This course focuses on the
differences between mediation, arbitration and
fact finding, and how each of these processes
is used on the Federal, state, and local level.
A comparative study of dispute resolution
centers throughout the United States, and
how these centers are used as an alternative
to the Criminal Justice System. The course
will provide outlines for student participation
in role playing dispute situations, and how
the disputes are resolved, including the final
agreement between the parties.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3

Department: Criminal Justice

CRJ 207 - Criminal Justice Internship
Prerequisites: Completion of RDG 001 and
ENG 001. Permission of Department required.
Description: This course offers a classroom
seminar and assignment in various agencies
within the Criminal Justice System, providing
students with the opportunity to include an
internship in their studies and to integrate
classroom learning with practice before
considering entering the criminal justice
professions. Field experience will occur in
Police, Sheriff, Probation, Correction, Parole,
County Attorney, District Attorney, and
related agencies at the local level. Students
will become acquainted with the function,
structure, staff and clientele of these Criminal
Justice agencies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Criminal Justice

CRJ 212 - Research in Crime and
Security
Prerequisites: Completion of RDG 001 and
ENG 001. At least nine credits of Criminal
Justice and/or Private Security Administration.
Description: (Dual listed with PSA 241)
This seminar type course offers the student
an opportunity to examine specific issues,
conflicts or controversies in one or more of
the following discipline areas: law enforcement,
loss prevention, the courts, and corrections.
An interdisciplinary approach is stressed
for a broader understanding. Each student is
required to complete a research project under
the direction of the instructor in the student's
chosen area of examination.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Criminal Justice

CRJ 215 - Introduction to Juvenile
Delinquency and Justice
Prerequisites: Completion of RDG 001 and
ENG 001.
Description: The organization, functions,
and jurisdiction of juvenile agencies; the
processing and detention of juveniles. A
comprehensive study of the state law relating
to youthful offenders.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Criminal Justice

CRJ 216 - Investigation Interviewing
and Counseling
Prerequisites: Completion of RDG 001 and
ENG 001.
Description: This course examines the various
functions of investigations conducted on
offenders, preparation of reports for various
agencies, interviewing techniques most
applicable to the correctional client, and the
various issues involved in the counseling of
these specific types of clients.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Criminal Justice

CRJ 217 - Contemporary Issues in
Corrections
Prerequisites: Completion of RDG 001 and
ENG 001. CRJ 105 or CRJ 110 or permission
of instructor or Department chairperson.
Description: An examination of the most
relevant issues in corrections at this time.
Correctional treatment, sentencing practices
and impact on correctional policy, violence
in prison, community based treatment of the
offender, minority offenders and other issues
are analyzed in depth.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Criminal Justice

CRJ 218 - International Criminal Justice
Systems
Prerequisites: Completion of RDG 001 and
ENG 001. Permission of instructor.
Description: This study tour will examine the
criminal justice systems of foreign nations.
Students will visit courts, penal institutions,
assessment and treatment centers for both
youthful and adult offenders. In addition,
discussions with government officials and
criminal justice practitioners are planned.
Participants will have an opportunity to
contrast and compare the criminal justice
systems of these countries with that of the
United States. Travel costs are extra.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Criminal Justice

CRJ 219 - Sentencing Alternatives and
the Juvenile Delinquent
Prerequisites: Completion of RDG 001 and
ENG 001. CRJ 215.
Description: A seminar course that will
focus on presenting functional sentencing
alternatives for juvenile delinquents and
persons in need of supervision (PINS). The
course objectives will involve instruction
supported by an active learning environment,
including campus-based fieldwork. Students
will participate in conflict resolution and
mediation, teen court scenarios, diversion
programs and a wide variety of other
community based sentencing alternatives.
Students, under faculty supervision, will have an opportunity to interface with agencies that provide alternative sentencing programs in Nassau County.

**COURSE DESCRIPTIONS**

**CRJ 220 - Women in the Criminal Justice System**

**Prerequisites:** Completion of RDG 001 and ENG 001.

**Description:** This seminar will explore the various theoretical explanations underlying contemporary female criminality. The issues of female victimology, women as offenders & female practitioners in the criminal justice system will be examined. Problems within the various rehabilitative and punitive sentencing alternatives will be identified and analyzed.

**Credit Hours:** 3

**Department:** Criminal Justice

**CRJ 221 - Police Supervision and Public Relations**

**Prerequisites:** Completion of RDG 001 and ENG 001.

**Description:** A seminar course on the administration of justice & community relationships. It utilizes the interdisciplinary activities & emphasizes the evaluation of police facilities at the community level.

**Credit Hours:** 3

**Department:** Criminal Justice

**CRJ 225 - Criminal Law**

**Prerequisites:** Completion of RDG 001 and ENG 001.

**Description:** Introduction to the origin and function of the substantive criminal law of New York State; review and analysis of the elements of major offenses at common law and under modern penal codes, and the available defenses; review and discussion of leading judicial interpretations of penal codes.

**Credit Hours:** 3

**Department:** Criminal Justice

**CRJ 226 - Criminal Procedure**

**Prerequisites:** Completion of RDG 001 and ENG 001.

**Description:** Devoted to the study of the criminal law administration as mandated by the Supreme Court of the United States through legal controls over police investigative procedures. Specifically, the 4th, 5th, 6th, and 14th Amendments of the U.S. Constitution and the New York criminal procedure law are discussed and analyzed through the case law. Special emphasis is placed on procedures involving arrests, searches and seizures, warrants and interrogation.

**Credit Hours:** 3

**Department:** Criminal Justice

**CRJ 227 - Constitutional Law**

**Prerequisites:** Completion of RDG 001 and ENG 001.

**Description:** Introduces the student to the institutional aspects of the U.S. Constitutional system. Historically, the relationship between the Federal Constitution (the Bill of Rights and 14th Amendment) and the states is traced through a study of the decisions of the United States Supreme Court.

**Credit Hours:** 3

**Department:** Criminal Justice

**CRJ 228 - Law of Evidence**

**Prerequisites:** Completion of RDG 001 and ENG 001.

**Description:** A brief analysis of the law of evidence for undergraduates which will be beneficial to police officers and students intending to enter the field of criminal justice and law.

**Credit Hours:** 3

**Department:** Criminal Justice

**CRJ 230 - Introduction to White Collar Crime**

**Prerequisites:** Satisfactory completion of ENG 001 and RDG 001/002 if required.

**Description:** This class focuses on the different types of white collar crime such as identity theft, antitrust violations, bank fraud, computer/Internet fraud, economic espionage, counterfeiting, embezzlement, money laundering, bribery, securities fraud among others. Secondary aspects include theories/explanations of white collar crime, enforcement, adjudication and criminal statutes.

**Credit Hours:** 3

**Department:** Criminal Justice

**CRJ 231 - Women in the Criminal System**

**Prerequisites:** Completion of RDG 001 and ENG 001.

**Description:** This seminar will explore the various theoretical explanations underlying contemporary female criminality. The issues of female victimology, women as offenders & female practitioners in the criminal justice system will be examined. Problems within the various rehabilitative and punitive sentencing alternatives will be identified and analyzed.

**Credit Hours:** 3

**Department:** Criminal Justice

**CRJ 232 - Public Relations**

**Prerequisites:** CRJ 225 - Criminal Law

**Description:** Introduces the student to the institutional aspects of the U.S. Constitutional system. Historically, the relationship between the Federal Constitution (the Bill of Rights and 14th Amendment) and the states is traced through a study of the decisions of the United States Supreme Court.

**Credit Hours:** 3

**Department:** Criminal Justice

**CRJ 233 - Legal Writing**

**Prerequisites:** CRJ 220 - Women in the Criminal Justice System

**Description:** Focuses on the development of legal research and writing skills. This class introduces legal analysis of case law and statutes.

**Credit Hours:** 3

**Department:** Criminal Justice

**CRJ 234 - Legal Process**

**Prerequisites:** CRJ 220 - Women in the Criminal Justice System

**Description:** Focuses on the development of legal research and writing skills. This class introduces legal analysis of case law and statutes.

**Credit Hours:** 3

**Department:** Criminal Justice

**CRJ 235 - Legal Research and Writing**

**Prerequisites:** CRJ 220 - Women in the Criminal Justice System

**Description:** Focuses on the development of legal research and writing skills. This class introduces legal analysis of case law and statutes.

**Credit Hours:** 3

**Department:** Criminal Justice

**CRJ 236 - Legal Advocacy**

**Prerequisites:** CRJ 220 - Women in the Criminal Justice System

**Description:** Focuses on the development of legal research and writing skills. This class introduces legal analysis of case law and statutes.

**Credit Hours:** 3

**Department:** Criminal Justice

**CRJ 237 - Legal Ethics**

**Prerequisites:** CRJ 220 - Women in the Criminal Justice System

**Description:** Focuses on the development of legal research and writing skills. This class introduces legal analysis of case law and statutes.

**Credit Hours:** 3

**Department:** Criminal Justice

**CRJ 238 - Legal Theory**

**Prerequisites:** CRJ 220 - Women in the Criminal Justice System

**Description:** Focuses on the development of legal research and writing skills. This class introduces legal analysis of case law and statutes.

**Credit Hours:** 3

**Department:** Criminal Justice

**CRT 201 - Personal Computer Equipment Servicing I**

**Description:** This course is the first of a two-course sequence designed to provide the skills required to install, service and maintain personal computers and their peripheral devices. Topics include microcomputer fundamentals; PC hardware; the addition or replacement of field replaceable modules; installation and configuration procedure for various devices; common problems associated with each module and troubleshooting techniques. Microprocessor support systems, memory systems, on-board I/O, expansion slots, system board upgrading and troubleshooting conclude the course.

**Department:** Engineering/Physics/Tech

**CRT 202 - Personal Computer Equipment Servicing II**

**Prerequisites:** CRT 201

**Description:** This course is the second of a two-course sequence designed to provide the skills required to install, service, and maintain personal computers and their peripheral devices. The course begins with coverage of input/output devices, including coverage of serial and parallel ports, troubleshooting port problems. The construction, installation and troubleshooting of input devices such as keyboards, mice, trackballs, joysticks, light pens, touch-screens and scanners are discussed. Magnetic storage is then covered including disk drive operation, floppy disk drives, hard disk drives, RAID systems and tape drives. Video displays, including CRT basics, color monitor video standards, video controllers, liquid crystal displays and gas plasma displays are covered. The characteristics, mechanics, installation and troubleshooting of dot-matrix, ink-jet and laser printers are studied. Data communications is covered, including modems, local area networks and wide area networks. Department computer facility will be used for all laboratory work. Laboratory fee applies.

**Department:** Engineering/Physics/Tech
Prerequisites: Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course.

Description: The course is an introduction to programming logic and problem solving including programming concepts and terminology. The focus of the course is on critical thinking skills necessary to write computer programs and provides students with an introduction to programming without focusing on the details of programming syntax. This course is intended for students with little or no object-oriented programming experience. Students who have completed CMP 104 will not get credit for CSC 104. (3 lecture hours)

Credit Hours: 3

Department: Math/Computer Science/Info Tec

CSC 120 - Computer Science I

Prerequisites: At least a C in CSC 104 or at least a C in MAT 111 or permission of Department. Student must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course.

Description: This course is an introduction to computer programming and algorithmic problem solving using an object-oriented, high level programming language. Emphasis is placed on problem solving strategies that utilize multiple classes and methods. This course will focus on the following concepts: algorithm implementation, modular development, documentation, abstraction and coding along with problem solving strategies. Includes supervised hands-on component. Students who have completed CMP 210 will not get credit for CSC 120. (4 lecture, 2 laboratory hours) Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 4

Department: Math/Computer Science/Info Tec

CSC 130 - Computer Science II

Prerequisites: At least a C in CSC 120. Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course.

Description: This course expands on the design of object-oriented programs introduced in Computer Science I. Students will be introduced to abstract data types including stacks, queues, and lists. Emphasis is placed on the design and implementation of these abstract data types as well as applications that utilize them. Object-oriented programming concepts such as composition, inheritance, polymorphism, and exception handling are utilized throughout this course. An introduction to binary-trees and recursion is provided. Includes supervised hands-on laboratory component. Students who have taken CMP 211 will not get credit for CSC 130. (4 lecture, 2 laboratory hours) Laboratory fee applies.

Credit Hours: 4

Department: Math/Computer Science/Info Tec

CSC 217 - C Programming Language

Prerequisites: At least a C in CSC 130 or CMP 219 or ITE 204, or permission of the Department. Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course.

Description: The C programming language is widely used in both the computer industry and as a tool for studying advanced topics in the area of Computer Science. Topics include language syntax, scalar and compound data types, pointers, functions, operators, modular coding practices and files. Both the ANSI version and the traditional C are discussed with emphasis on the former. Typically fall day and spring evening. Students who have completed CMP 217 will not get credit for CSC 217. Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Math/Computer Science/Info Tec

CSC 230 - Data Structures

Prerequisites: At least a C in CSC 130. Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course.

Description: This course introduces the programming literate student to the advanced data types and structures of priority queues, hash tables, and search trees. The concepts covered in this course include recursion, algorithm efficiency, best and worst time analysis, and advanced tree structures and graphs. Typically fall day and spring evening. Students who have completed CMP 251 will not get credit for CSC 230. Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Math/Computer Science/Info Tec

CSC 240 - Mobile Application Development

Prerequisites: At least a C in CSC 130 or permission of the Department

Description: This course introduces students to the emerging field of mobile device software development. Capitalizing upon their prior experience in general-purpose object-oriented program development, students will learn how to write and test programs for handheld devices. Students will learn about the hardware limitations of handheld devices and how to optimize performance for them. Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Math/Computer Science/Info Tec

CSC 250 - Computer Organization and Assembly Language Programming

Prerequisites: At least a C in CSC 130. Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course.

Description: Implementation and discussion of registers, addressing modes, relocatability, base arithmetic, data representation, assembly and linkage using a particular instruction set and architecture. Topics include arithmetic calculation, memory organization, flow of control, address modification and access method, bit and byte manipulations, I/O, user and system interrupts, routines and macros. Typically fall evening and spring day. Students who have completed CMP 207 will not get credit for CSC 250. (4.5 lecture hours) Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 4

Department: Math/Computer Science/Info Tec

CSC 260 - Analysis of Computer Architecture and Software

Prerequisites: CSC 250 (with concurrency). Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course.

Description: The fundamentals of computer systems are examined. Computer architecture and the many levels of software systems are studied. Topics include microarchitecture, microprogramming, conventional machine language, operating system software, assemblers, linkers and loaders, compilers and interpreters, codes and networks. A term project is directed in one of these areas. Typically fall evening and spring day. Students who have taken CMP 220 will not get credit for CSC 260.

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 4

Department: Math/Computer Science/Info Tec

CSW

Dance

DAN

DAN 101 - Dance in the 20th Century

Prerequisites: Satisfactory completion of Remedial Reading.
**COURSE DESCRIPTIONS**

Fall 2012

**Description:** A study of the development of dance as an art form from the Romantic Era at the end of the 19th century to the contemporary scene. Representative choreographers, dance theories, trends and personalities are discussed. The course includes film shows and subsequent seminar discussion related to the films, as well as practical workshops for exploring movement concepts and styles. Attendance at dance performances is required.

**Department:** Theatre & Dance

**DAN 105 - Dance Concepts I**

**Prerequisites:** for Dance A.A majors only or permission of the department

**Description:** This is the first course in the DAN 105-106 sequence. The use of improvisation to introduce and develop elements of dance composition through exploration of the factors of space, rhythm and dynamics; solo and group studies. Additional independent studio hours are required (3 hours).

**Department:** Theatre & Dance

**DAN 106 - Dance Concepts II**

**Prerequisites:** DAN 105.

**Description:** The use of improvisation to introduce and develop elements of dance composition through exploration of the factors of space, rhythm and dynamics; solo and group studies. Additional independent studio hours are required (3 hours).

**Department:** Theatre & Dance

**DAN 109 - Movement for Musical Theatre**

**Prerequisites:** for Acting A.A degree majors only or permission of the Department.

**Description:** Training for movement for musical theatre with emphasis in modern jazz and tap (3 hours).

**Department:** Theatre & Dance

**DAN 117 - African American Dance Ensemble, Rehearsal and Performance**

**Description:** (Dual listed with AFR 110-111) This is the first course in the DAN 117-118 sequence. Participation in the production, rehearsal and performance of the African American Dance Ensemble Productions. SUNY GEN ED-n/a; NCC GEN ED-HUM

**Credit Hours:** 1

**Department:** Theatre & Dance

**DAN 118 - African American Dance Ensemble, Rehearsal and Performance**

**Description:** (Dual listed with AFR 110-111) This is the second course in the DAN 117-118 sequence. Participation in the production, rehearsal and performance of the African American Dance Ensemble Productions. SUNY EN ED-n/a; NCC GEN ED-HUM

**Credit Hours:** 1

**Department:** Theatre & Dance

**DAN 125 - A Survey of the Art of African American - Dancers and Choreographers**

**Description:** (Dual listed with AFR 112) An introduction to the contributions of African American creative and performing artists to the development of social and theatrical dance in America. Classroom demonstrations by representative artists and field trips to dance concerts are part of the curriculum.

**Department:** Theatre & Dance

**DAN 126 - Introduction to Modern Dance**

**Description:** Studio work in basic dance techniques; movement and combinations explored and analyzed with emphasis on elements of space, energy and time. The aim: to develop (1) body awareness; (2) the ability to control and direct one's own body in organized rhythmic movement; (3) organic dance movement and an individually expressive body. No previous experience necessary. The course substitutes for one credit of physical education activity. Attendance at off-campus dance productions required (3 hours).

**Department:** Theatre & Dance

**DAN 127 - Modern Dance I**

**Prerequisites:** DAN 126 or permission of the instructor.

**Description:** This is the first course in the DAN 127-128 sequence. Training in modern dance techniques to develop (a) the body as a performing instrument, and (b) an awareness of the movement principles and aesthetic elements of specific dance studies (3 hours).

**Department:** Theatre & Dance

**DAN 128 - Modern Dance II**

**Prerequisites:** DAN 127.

**Description:** This is the second course in the DAN 127-128 sequence. Training in modern dance techniques to develop (a) the body as a performing instrument, and (b) an awareness of the movement principles and aesthetic elements of specific dance studies (3 hours).

**Department:** Theatre & Dance

**DAN 129 - Rehearsal and Performance**

**Prerequisites:** for Dance A.A degree majors only or permission of the department.

**Description:** This is the first course in the DAN 129-132 sequence. Study and performance of selected choreographed works and new works which may be traditional, contemporary or experimental in concept and structure. (Available for one credit each semester to be taken in a four-semester sequence.)

**Department:** Theatre & Dance

**DAN 130 - Rehearsal and Performance**

**Prerequisites:** for Dance A.A degree majors only or permission of the department.

**Description:** This is the second course in the DAN 129-132 sequence. Study and performance of selected choreographed works and new works which may be traditional, contemporary or experimental in concept and structure. (Available for one credit each semester to be taken in a four-semester sequence.)

**Department:** Theatre & Dance

**DAN 131 - Rehearsal and Performance**

**Prerequisites:** for Dance A.A degree majors only or permission of the department.

**Description:** This is the third course in the DAN 129-132 sequence. Study and performance of selected choreographed works and new works which may be traditional, contemporary or experimental in concept and structure. (Available for one credit each semester to be taken in a four-semester sequence.)

**Department:** Theatre & Dance
DAN 132 - Rehearsal and Performance
Prerequisites: for Dance A.A. degree majors only or permission of the department.
Description: This is the fourth course in the DAN 129-132 sequence. Study and performance of selected choreographed works and new works which may be traditional, contemporary or experimental in concept and structure. (Available for one credit each semester to be taken in a four-semester sequence.)
SUNY GEN ED-n/a; NCC GEN ED-HUM
Credit Hours: 1
Department: Theatre & Dance

DAN 140 - Elementary Modern Dance Technique and Ballet
Description: This is the first course in the DAN 140-141 sequence. The elementary dancer learns the basic disciplines in dance as a performing art and acquires the knowledge and understanding of the movement principles underlying these skills.
SUNY GEN ED-GART; NCC GEN ED-FAPA, HUM
Credit Hours: 3
Department: Theatre & Dance

DAN 141 - Elementary Modern Dance Technique and Ballet
Prerequisites: DAN 140.
Description: This is the second course in the DAN 140-141 sequence. The elementary dancer learns the basic disciplines in dance as a performing art and acquires the knowledge and understanding of the movement principles underlying these skills.
SUNY GEN ED-GART; NCC GEN ED-FAPA, HUM
Credit Hours: 3
Department: Theatre & Dance

DAN 217 - African American Dance Ensemble, Rehearsal and Performance
Description: (Dual listed with AFR 113) This is the first course in the DAN 217-218 sequence. Participation in the production, rehearsal and performance of the African-American dance ensemble productions.
SUNY GEN ED-n/a; NCC GEN ED-HUM
Credit Hours: 1
Department: Theatre & Dance

DAN 218 - African American Dance Ensemble, Rehearsal and Performance
Description: (Dual listed with AFR 114) This is the second course in the DAN 217-218 sequence. Participation in the production, rehearsal and performance of the African American Dance Ensemble Productions.
SUNY GEN ED-n/a; NCC GEN ED-HUM
Credit Hours: 3
Department: Theatre & Dance

DAN 240 - Intermediate Modern Dance Technique and Ballet
Prerequisites: DAN 140 and DAN 141.
Description: This is the first course in the DAN 240-241 sequence. The intermediate dancer works to develop the technical skills and understanding essential to performance of modern dance and ballet works.
SUNY GEN ED-GART; NCC GEN ED-HUM
Credit Hours: 3
Department: Theatre & Dance

DAN 241 - Intermediate Modern Dance Technique and Ballet
Prerequisites: DAN 240.
Description: This is the second course in the DAN 240-241 sequence. The intermediate dancer works to develop the technical skills and understanding essential to performance of modern dance and ballet works.
SUNY GEN ED-GART; NCC GEN ED-HUM
Credit Hours: 3
Department: Theatre & Dance

Economics

ECO

ECO 100 - Survey of Economics
Description: A survey of the basic principles of economics, with application to contemporary issues. Operation of markets, determination of national income and its measurements, the role of financial markets, monetary and fiscal policies, and international trade are to be considered, as well as their impact upon the economy, individuals, and businesses. Business majors should take ECO 207-208.
SUNY GEN ED-GSBS; NCC GEN ED-SBS
Credit Hours: 3
Department: Economics and Finance

ECO 110 - Personal Finance
Description: (Dual listed with FIN 110) Personal Finance prepares students to manage their current and future financial affairs. Topics to be covered include: financial planning, saving and credit, insurance, government transfers, home buying, stocks, bonds, mutual funds, and estate planning. This is a practical and sophisticated course intended to aid students with their personal finances.
SUNY GEN ED-n/a; NCC GEN ED-SBS
Credit Hours: 3
Department: Economics and Finance

ECO 111 - Introduction to Investments
Description: This course offers an introduction to financial decision making and the basic structure of institutions in contemporary financial markets. Topics include time value of money, risk and return, investment types, the role of government regulation, the influence of globalization in contemporary financial markets and evaluation of financial performance and return. The role of ethics in financial decision making and institutional policy will be discussed. Internet and data base research will be used to support the course curriculum and help the student develop the necessary skills to analyze realistic scenarios used in financial markets.
SUNY GEN ED-n/a; NCC GEN ED-SBS
Credit Hours: 3
Department: Economics and Finance

ECO 112 - Introduction to Investments
Description: (Dual listed with FIN 112) An introduction to financial investments and portfolio management. Course topics include: financial markets and instruments, reading financial listings, stock trading and indexes, risk analysis, present and future value, stock valuation and investment decisions, portfolio management, individual and portfolio yields, types and uses of derivatives, sources of investment information, mutual funds, international diversification, the macroeconomy and the impact of economic variables on investments.
SUNY GEN ED-n/a; NCC GEN ED-SBS
Credit Hours: 3
Department: Economics and Finance

ECO 207 - Principles of Macroeconomics
Prerequisites: Students must have satisfied all remediation in MAT.
Description: An introductory course which views the behavior of the economy as a whole and the problems of economic organization. Students will explore the fluctuations of output and prices. Problems and measurement of economic growth, inflation, unemployment and income will be discussed. Money, credit and financial institutions will be analyzed, as well as their impact on fiscal policies and international trade.
SUNY GEN ED-GSBS; NCC GEN ED-SBS
Credit Hours: 3
Department: Economics and Finance

ECO 208 - Principles of Microeconomics
Prerequisites: Students must have satisfied all remediation in MAT.
Description: Overview of the economic problem, the traditional value theory, division of labor and its application to international trade. Analysis dealing with the behavior of individual elements in the economy. Organization of business, the various market structures, the theory of consumer behavior, price determination in the product and factor markets. Historic perspective of unions and their impact on the economy will be considered. SUNY GEN ED-GSBS; NCC GEN ED-SBS

Credit Hours: 3

Department: Economics and Finance

ECO 212 - Economic Statistics

Prerequisites: MAT 102 or permission of instructor.

Description: An introduction to economic statistics. Topics covered include review of statistical inference, time series analysis, index numbers and introduction to econometrics. This course will help students understand the construction and uses of business, government and other social statistics. Topics will include the CPI, GNP, and risk analysis. SUNY GEN ED-GSBS; NCC GEN ED-SBS

Credit Hours: 3

Department: Economics and Finance

ECO 213 - Money and Banking

Prerequisites: ECO 207 or permission of instructor.

Description: (Dual listed with FIN 213) Basic concepts of money and financial intermediaries. Development of commercial banks and the creation of demand deposits. Yield, risk, and interest rates will be analyzed from a monetary and fiscal perspective. Functions and policies of the Federal Reserve in credit regulation and economic stabilization will be analyzed. Monetary Theory, Keynesian vs. Monetarists, international finance, exchange rates and the balance of payments will be examined. SUNY GEN ED-n/a; NCC GEN ED-SBS

Credit Hours: 3

Department: Economics and Finance

ECO 214 - Corporation Finance

Prerequisites: ECO 207 or permission of instructor.

Description: (Dual listed with FIN 214) An introductory course describing the role and functioning of business firms in the economy, and the application of economic theory in the solution of managerial decisions. Topics investigated include the management of cash, inventories and receivables; selection of alternative investments; short, intermediate, and long-term sources of financing; the cost of capital, optimum capital structure; corporate dividend policies. Case problems are assigned to develop applications of general principles. SUNY GEN ED-n/a; NCC GEN ED-SBS

Credit Hours: 3

Department: Economics and Finance

ECO 215 - Economic Development of the U.S. (Economic History)

Description: The economic forces which brought the United States from an undeveloped wilderness to its present position of world leadership will be examined. The role of economic institutions will be considered in the transformation of our nation into a highly centralized, interdependent society. The economic, social, and political problems concomitant with this development will also be studied. SUNY GEN ED-GSBS; NCC GEN ED-SBS; WESH

Credit Hours: 3

Department: Economics and Finance

ECO 216 - Economics to the Developing World

Prerequisites: ECO 207 or permission of the Department Chair.

Description: This course is an introductory study of the economic development of Third World countries. It focuses on the role of education, health, human resources, planning, income distribution, food supplies, natural resources and international trade in nations' development. Students will work with data, graphs and maps. Students will learn to identify and understand the differences between developed and developing nations, their respective development patterns, as well as the impact of increasing global interdependence. SUNY GEN ED-GSBS; GOWC; NCC GEN ED-SBS; GLNW, PLDI

Credit Hours: 3

Department: Economics and Finance

ECO 217 - International Economic Systems: A Study Abroad

Prerequisites: ECO 207 or ECO 208 and permission of instructor.

Description: An in-depth and comparative study of the structure, conduct and performance of alternate economic systems. Students will study the economic and financial institutions and public policies of selected economic systems. The course is offered abroad for six weeks in the summer only. For additional information, contact the Department of Economics/Finance.

SUNY GEN ED-GSBS; NCC GEN ED-SBS; GLNW, WESH

Credit Hours: 6

Department: Economics and Finance

ECO 220 - American Banking Practice

Prerequisites: ECO 213 or permission of instructor.

Description: (Dual listed with FIN 220) The purpose is to provide the student with an insight into the organization and internal operation of various departments of a bank. Concentration on what a bank does, rather than the exact procedure of how it works, is the core of this course. SUNY GEN ED-n/a; NCC GEN ED-SBS

Credit Hours: 3

Department: Economics and Finance

ECO 222 - Economic Geography of the World

Description: Discussion of basic world economic activities, including supply and distribution of natural resources, technology of production, and productivity of labor. SUNY GEN-n/a; NCC GEN ED-SBS

Credit Hours: 3

Department: Economics and Finance

ECO 230 - Introduction to International Economics and Finance

Prerequisites: ECO 207 or permission of instructor.

Description: (Dual listed with FIN 230) A study of the United States as an open economy which trades in goods, services and financial assets with other nations. Topics include the reasons nations trade; the costs and benefits of free trade; tariff and non-tariff barriers; regional trade pacts; economic and monetary integration; foreign exchange rate determination; balance of payment problems and international capital mobility; and international monetary institutions. SUNY GEN ED-GSBS; NCC GEN ED-WESH, SBS

Credit Hours: 3

Department: Economics and Finance

ECO 280 - History of Economic Thought

Description: General examination of ancient and medieval economic institutions with special emphasis on its modern relevance. Specific study of economic thought and practice of mercantilism, physiocrats, classical economics, 19th century socialist dissent, neoclassical and modern schools of economics and its contemporary significance. This study directs students' attention, whatever their field of interest, to man's economic world and the forces that are shaping it.
**EDU 101 - Applied Behavior Analysis: Field Experience I**

**Prerequisites:** Permission of Chairperson.

**Description:** A systematic examination of facilities for the education of special education children. Emphasis is placed upon developing the student's understanding of applied behavior analysis, atypical vs. typical development, the analysis of human behavior and techniques for behavioral change, and developmentally appropriate curriculum. Field experience is designed to provide the student with opportunities for observation and participation in public and private schools for a minimum of three hours a week. (3 lecture, 3 laboratory hours). Students who have taken SEV 101 will not receive credit for EDU 101.

**Credit Hours:** 3  
**Department:** Multidisciplinary Studies

**EDU 104 - Infants and Toddlers**

**Description:** This course will provide an overview of developmental disabilities and the nature and needs of disabled people throughout the life cycle. Issues to be explored include definition of developmental disability, etiology, normalization, mainstreaming, and the role of the interdisciplinary team. Legal, ethical and cultural considerations will be emphasized as well as the impact of disabilities on the person affected, the family and the community. Students who have taken SEV 105 will not receive credit for EDU 104.

**Credit Hours:** 3  
**Department:** Multidisciplinary Studies

**EDU 105 - Introduction to Developmental Disabilities**

**Prerequisites:** PSY 203 and PSY 213.

**Description:** This course will provide an overview of developmental disabilities and the nature and needs of disabled people throughout the life cycle. Issues to be explored include definition of developmental disability, etiology, normalization, mainstreaming, and the role of the interdisciplinary team. Legal, ethical and cultural considerations will be emphasized as well as the impact of disabilities on the person affected, the family and the community. Students who have taken SEV 105 will not receive credit for EDU 105.

**Credit Hours:** 3  
**Department:** Multidisciplinary Studies

**EDU 206 - Educational Psychology**

**Prerequisites:** PSY 203.

**Description:** This course is intended to provide knowledge and understanding of the major theories and findings of the research in the field of educational psychology. The course includes a consideration of such topics as: motivation, social factors, learning, classroom management, techniques of teaching, and methods of assessing student learning. Students who have taken PSY 206 will not receive credit for EDU 206.

**Credit Hours:** 3  
**Department:** Multidisciplinary Studies

**ELT 103 - Elementary Engineering I**

**Description:** An introductory course in the field of engineering design intended to acclimate the students to the engineering profession and to acquaint them with the techniques and methodology of engineering design. The "design" aspect of the course is an introduction to computer integration.
ELT 110 - Technical Practices
Description: An introductory study of the technical practices employed in the electronics industry, with particular emphasis on the design and construction of metal chassis, printed circuit boards, proto boards, component identification and hand tool usage to be developed by the construction of technical projects. (Every student must complete the electronic projects for completion of the course. The proto board and projects will be used in other ELT courses when completed.) Approximate cost: $80.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 2
Department: Engineering/Physics/Tech

ELT 112 - Resistive Circuits
Description: Pre or Co-requisite: MAT 109. An introductory resistive circuits course employing applied mathematics for circuit analysis. The fundamental concepts of current, voltage and resistance are the major components of the course. Ohm's law, Kirchhoff's laws, voltage division, current division, Thévenin's theorem, superposition, and mesh/node analysis are included as methods of analyzing resistive circuit parameters. The laboratory segment of the course provides instruction on electronic measuring equipment and practical circuit investigations. Analog and digital multimeters, power supplies, function generators, and the oscilloscope are included. Laboratory fee applies.
SUNY GEN ED-n/a; NCC gen ED-n/a
Credit Hours: 4
Department: Engineering/Physics/Tech

ELT 113 - Electronics I
Prerequisites: ELT 112.
Description: This course begins a sequence of two courses in electronics. Semiconductor physics is introduced with applications of the semiconductor diode to rectification, clipping and clamping. The junction transistor is studied with special regard given to biasing techniques, small and large signal amplification. Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 4
Department: Engineering/Physics/Tech

ELT 115 - Reactive Circuits
Prerequisites: ELT 112.
Description: Steady state response of circuits containing resistive, capacitive, and inductive elements subject to sinusoidal excitation. Transient responses of these circuits subject to step or pulse excitation. Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 4
Department: Engineering/Physics/Tech

ELT 203 - Automatic Control Theory II
Description: This course introduces the concepts of applied electronic instrumentation and automatic control. Computer analog and digital instrument circuits, and computer interface concepts are introduced during the course of study. The laboratory reinforces industrial instrumentation applications for DC control circuits using selected input/output devices. The introduction of open and closed loop position control systems (servo system, stepper motors, and robotic systems) is also included. (Each student is responsible for the implementation of an electronic control circuit project.) Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Engineering/Physics/Tech

ELT 213 - Electronics II
Prerequisites: ELT 113.
Description: A continuation of ELT 113 beginning with a study of multi-stage amplifiers, Bode diagrams and the frequency response of amplifiers. The Operational Amplifier and its more common applications are considered in detail. Filters, electronic communication concepts and some special topics conclude the sequence. Students work in teams to implement and present an electronics project as part of their laboratory experience. (3 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 4
Department: Engineering/Physics/Tech

ELT 214 - Digital I
Prerequisites: ELT 112.
Description: An introduction to Boolean algebra, Karnaugh minimization and the analysis/design of digital networks including arithmetic circuits, counters, registers and memories. In addition, basic hardware items such as multitimers, Schmitt triggers, and integrated circuits are analyzed.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 4
Department: Engineering/Physics/Tech

ELT 215 - Digital II
Prerequisites: ELT 214.
Corequisites: ELT 217.
Description: Introduction to pulse analysis (integrators and differentiators) as well as transistor switch, bistable, monostable, integrated circuits (DTL, TTL, ECL, MOS, CMOS, HMOS, VMOS, CCD) LSI (dynamic shift register, memory-ROM, RAM) CP AMF and Moderns.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Engineering/Physics/Tech

ELT 217 - Lab in Digital Electronics
Prerequisites: ELT 214.
Corequisites: ELT 215
Description: Examination of basic logic components such as gates, counters, clocks, registers, and computing elements by constructing and monitoring complex digital systems. (3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 1
Department: Engineering/Physics/Tech

ELT 330 - Electronic Communication
Prerequisites: ELT 215 or permission of Department Chairperson.
Description: Theory and operation of microprocessors and peripherals, industrial and control systems applications of digital technology, machine and assembly language programming. (3 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 4
Department: Engineering/Physics/Tech

ELT 330 - Electronic Communication
Prerequisites: ELT 213.
Description: This course deals with the methods and signals used to electronically transmit and receive information. Topics include a study of continuous modulation techniques such as AM, FM, PM, as well as a variety of Pulse Modulations methods. Included are selected topics in electronic communication systems and their controls. Students receive hands-on experience in the laboratory and a working knowledge of the basic bench instrumentation commonly used within the communications industry, including signal generators, modulators,
oscilloscopes and spectrum analyzers. (3 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 4
Department: Engineering/Physics/Tech

English

ENG 001 - College Preparatory English

Description: This course provides intense instruction in small classes to enable underprepared students to meet the demands of college-level writing. Specifically, students practice basic writing skills in preparation for the requirements of English 101 (See catalog description of English 101.) English 001 curriculum is designed to teach writing as a process encompassing pre-writing exercises, drafting, revising, and editing, but it is also provides review and instruction in basic grammar, punctuation, sentence boundaries and structural and developmental issues related to basic composition. Freshmen assigned to English 001 must pass it before enrolling in ENG 101. English 001 is a pass/fail course with no withdrawals allowed. (Students with a foreign language background are referred to the descriptions below of ENG 030. Additionally, ESL sections of English 001 are offered to students in need of focused language acquisition work in writing.) (3 lecture hours) SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 0
Department: English

ENG 030 - English as a Second Language (ESL Writing III)

Prerequisites: Placement by Department.

Description: This course prepares students for English 101. Advanced language skills and flexibility with advanced sentence structures, vocabulary, and idiomatic expressions are stressed so that students develop correct, clear, and coherent self expression. Students practice a variety of essay structures with a focus on presenting a point of view and supporting it with evidence. By the end of the semester, students are expected to write developed, coherent essays and to substantively revise, proofread, and edit their work. The course is also designed to develop in students the skills that enable them to interpret and analyze texts. SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3
Department: English

ENG 101 - Composition I

Prerequisites: ENG 001, ENG 030 or placement by Department, RDG 001, concurrent enrollment in RDG 030 or placement by Department.

Description: This course prepares students to produce clear, well-developed, well-organized, grammatically correct writing. The curriculum is designed to give students guided practice in drafting, revising, and editing essays. The course is also designed to develop the skills that enable students to interpret and analyze published texts. In addition to readings assigned in class, students respond to texts they locate themselves through research and write at least one documented or research essay.
SUNY GEN ED-GBCM; NCC GEN ED-n/a

Credit Hours: 3
Department: English

ENG 102 - Composition II

Prerequisites: ENG 101.

Description: This course is an introduction to writing about literature. The course is designed for students to practice close reading and organizing evidence to support their written interpretation and analysis of literary texts. The course offers students continued practice in drafting, revising, and editing essays. A primary goal for students is to produce clear, well-developed, well-organized, grammatical writing. For at least one essay, students use research materials.
SUNY GEN ED-GBCM; NCC GEN ED-n/a

Credit Hours: 3
Department: English

ENG 105 - Grammar: Structure and Strategy

Prerequisites: ENG 101 or ENG 108.

Description: This advanced course is for students who are interested in a close study of the grammatical structures of the English language. Fundamental patterns underlying sentence building, word usage, punctuation, and spelling are addressed through intensive practice and exercises.
SUNY GEN ED-GBCM; NCC GEN ED-HUM

Credit Hours: 3
Department: English

ENG 108 - The Craft of Composition (Honors)

Prerequisites: By invitation only.

Description: This course centers on the study of rhetorical form-narration, description, classification, process analysis, definition, comparison/contrast, cause/effect and problem/solution-and uses the essay form as its method of investigation. The course is designed to give students a critical awareness of language and to teach language techniques through extensive readings. This course fulfills the college requirement for the first semester of English composition.
SUNY GEN ED-GBCM; NCC GEN ED-n/a

Credit Hours: 3
Department: English

ENG 109 - The Art of Analysis (Honors)

Prerequisites: ENG 108 and/or by invitation.

Description: The second half of Honors English integrates literature-the introduction of poetry, fiction and drama- with further instruction in expository writing. The emphasis is on analyzing literature as a way of developing personal style. The course includes extensive readings of major literary figures whose works are the heritage of educated people. The course fulfills the College requirement for the second semester of English composition.
SUNY GEN ED-GBCM; NCC GEN ED-n/a

Credit Hours: 3
Department: English

ENG 111 - Technical Writing

Prerequisites: Completion of the composition requirement in the student's major.

Description: This course examines the principles of technical writing and enables students to learn writing skills required in the technical job market. Style, strategy, and format in published samples of technical and scientific writing are analyzed. Student writings include reports, proposals, memos, outlines, and abstracts. Regular attention is paid to grammar and techniques of revision.
SUNY GEN ED-GBCM; NCC GEN ED-HUM

Credit Hours: 3
Department: English

ENG 203 - Early American Literature to 1865

Prerequisites: ENG 102 or ENG 109.

Description: This course is a study of American literature from earliest times through the 1860s. It provides an understanding of the heritage of American culture as reflected in Native American folklore, the works of the American Puritans and in writers such as Irving, Poe, Douglass, Emerson, Thoreau, Hawthorne, Melville, and Whitman. Writing is an integral component of the course.
SUNY GEN ED-GHUM; NCC GEN ED-WESH, HUM, LIT

Credit Hours: 3
Department: English
ENG 204 - Modern American Literature from 1865 to Present
Prerequisites: ENG 102 or ENG 109, ENG 203 is not a prerequisite for this course.
Description: This course is a study of the changing visions of the American dream as depicted by major writers since the Civil War such as Twain, Dickinson, Crane, Hemingway, Fitzgerald, Walker, Updike, Baldwin, Morrison and Kingston. Writing is an integral component of the course.
SUNY GEN ED-GHUM; NCC GEN ED-WESH, HUM, LIT
Credit Hours: 3
Department: English

ENG 207 - African American Literature I
Prerequisites: AFR 130 or AFR 131
Description: (Dual listed with AFR 130) his course covers development of African American literature from early slave narratives and folklore following the advent of the trans-Atlantic slave trade through the Revolutionary, pre- and post-Civil War periods, to the major literary flowering of the 1920s Harlem Renaissance. Writing is an integral component of the course.
SUNY GEN ED-GHUM; NCC GEN ED-WESH, LIT, PLDI

ENG 208 - African American Literature II
Prerequisites: AFR 130 or ENG 207 or permission of the African Studies Department.
Description: (Dual listed with AFR 130) This course examines intellectual currents in African American literature. The course explores themes and representative authors from the 1930s to the contemporary scene. Writing is an integral component of the course.
SUNY GEN ED-GHUM; NCC GEN ED-HUM, LIT, PLDI
Credit Hours: 3
Department: English

ENG 209 - Modern Irish Literature
Prerequisites: ENG 102 or ENG 109.
Description: This course examines outstanding works by major writers such as Yeats, Joyce, Shaw, O'Casey, O'Connor, Behan, and Beckett and their cultural background in relation to the Irish literary tradition. Writing is an integral component of the course.
SUNY GEN ED-GHUM; NCC GEN ED-HUM, LIT, WESH
Credit Hours: 3
Department: English

ENG 210 - Early English Literature to 1800
Prerequisites: ENG 102 or ENG 109.
Description: Students are introduced to major English writers from the Anglo-Saxon period to the 18th century. Particular themes and ideas are seen in the context of the times of such writers as Chaucer, Shakespeare, Milton, Defoe, Swift, and Pope. Writing is an integral component of the course.
SUNY GEN ED-GHUM; NCC GEN ED-HUM, LIT, WESH
Credit Hours: 3
Department: English

ENG 211 - Journalism
Prerequisites: ENG 215 - Journalism
Description: This course examines the principles and practices of journalism with emphasis on reporting and writing news, features, interviews, and editing; today's press is also examined. Because of the many writing assignments of this course, only students seriously interested in journalism should enroll.
SUNY GEN ED-GBCM; NCC GEN ED-HUM
Credit Hours: 3
Department: English

ENG 212 - Introduction to Linguistics and Semantics I
Prerequisites: ENG 101 or ENG 109.
Description: This course is a study of basic aspects of language-phonology, morphology, semantics and other topics such as regional, social, and gender differences.
SUNY GEN ED-GBCM; NCC GEN ED-HUM
Credit Hours: 3
Department: English

ENG 214 - Autobiographical Writing
Prerequisites: ENG 207 or ENG 208
Description: Students read representative examples of autobiography which serve as models and inspiration for their own writing. Writing assignments include frequent journal writing and formal essays in which students use skills such as narration, description, and analysis to explore their worlds and examine their own ideas.
SUNY GEN ED-GBCM; NCC GEN ED-HUM

ENG 215 - Journalism
Prerequisites: ENG 215 - Journalism
Description: This course introduces students to the range of traditions that comprise the literatures of Latin America. It will examine literary productions in specific cultural and historical contexts. Spanish, Portuguese, and Francophone literature, as well as indigenous works from such countries as Brazil, El Salvador, Argentina, Cuba, Puerto Rico, and Mexico will be studied in translation. Writing is an integral component of this course. This course may not be used for foreign language credit.
SUNY GEN ED-GHUM; NCC GEN ED-HUM, LIT, PLDI
Credit Hours: 3
Department: English

ENG 217 - Mythology and Folklore
Prerequisites: ENG 102 or ENG 109.
Description: This course is a study of the mythological roots of literatures such as Greek, Roman, Indian and African mythology, tales from the Bible, and folk material such as ballads, fables, and proverbs. Myths and symbols are traced from their early sources through the 21st century. Writing is an integral component of the course.
SUNY GEN ED-GHUM; NCC GEN ED-HUM, LIT
Credit Hours: 3
Department: English

ENG 217 - Modern Irish Literature
Prerequisites: ENG 102 or ENG 109.
Description: This course examines outstanding works by major writers such as Yeats, Joyce, Shaw, O'Casey, O'Connor, Behan, and Beckett and their cultural background in relation to the Irish literary tradition. Writing is an integral component of the course.
SUNY GEN ED-GHUM; NCC GEN ED-HUM, LIT
Credit Hours: 3
Department: English

ENG 218 - Modern American Literature II
Prerequisites: AFR 130 or ENG 207 or permission of the African Studies Department.
Description: (Dual listed with AFR 130) This course examines intellectual currents in African American literature. The course explores themes and representative authors from the 1930s to the contemporary scene. Writing is an integral component of the course.
SUNY GEN ED-GHUM; NCC GEN ED-HUM, LIT, PLDI
Credit Hours: 3
Department: English

ENG 220 - Mythology and Folklore
Prerequisites: ENG 102 or ENG 109.
Description: This course is a study of the mythological roots of literatures such as Greek, Roman, Indian and African mythology, tales from the Bible, and folk material such as ballads, fables, and proverbs. Myths and symbols are traced from their early sources through the 21st century. Writing is an integral component of the course.
SUNY GEN ED-GHUM; NCC GEN ED-HUM, LIT
Credit Hours: 3
Department: English

ENG 220 - Mythology and Folklore
Prerequisites: ENG 102 or ENG 109.
Description: This course is a study of the mythological roots of literatures such as Greek, Roman, Indian and African mythology, tales from the Bible, and folk material such as ballads, fables, and proverbs. Myths and symbols are traced from their early sources through the 21st century. Writing is an integral component of the course.
SUNY GEN ED-GHUM; NCC GEN ED-HUM, LIT
Credit Hours: 3
Department: English

ENG 221 - Introduction to Linguistics and Semantics I
Prerequisites: ENG 101 or ENG 109.
Description: This course is a study of basic aspects of language-phonology, morphology, semantics and other topics such as regional, social, and gender differences.
SUNY GEN ED-GBCM; NCC GEN ED-HUM
Credit Hours: 3
Department: English

ENG 222 - Latin American Literature
Prerequisites: ENG 102 or ENG 109.
Description: This course introduces students to the range of traditions that comprise the literatures of Latin America. It will examine literary productions in specific cultural and historical contexts. Spanish, Portuguese, and Francophone literature, as well as indigenous works from such countries as Brazil, El Salvador, Argentina, Cuba, Puerto Rico, and Mexico will be studied in translation. Writing is an integral component of this course. This course may not be used for foreign language credit.
SUNY GEN ED-GHUM; NCC GEN ED-HUM, LIT, PLDI
Credit Hours: 3
Department: English

ENG 225 - Introduction to Linguistics and Semantics I
Prerequisites: ENG 101 or ENG 109.
Description: This course is a study of basic aspects of language-phonology, morphology, semantics and other topics such as regional, social, and gender differences.
SUNY GEN ED-GBCM; NCC GEN ED-HUM
Credit Hours: 3
Department: English

ENG 226 - Introduction to Linguistics and Semantics II
Prerequisites: ENG 101 or ENG 109.
Description: This course examines grammatical systems and linguistic theory with primary emphasis upon first and second language acquisition.
SUNY GEN ED-GBCM; NCC GEN ED-HUM
COURSE DESCRIPTIONS

Credit Hours: 3
Department: English
ENG 227 - South Asian Literature
Prerequisites: ENG 102 or ENG 109.
Description: This course will introduce students to the diverse literatures of South Asia. It will provide an understanding of the literary and cultural traditions of the subcontinent: classical, Islamic, European, and postcolonial. This course will include texts in English and in translation from such countries as India, Pakistan, Bangladesh, Nepal, Sri Lanka, and Tibet. Writing is an integral component of this course.
SUNY GEN ED-GHUM; NCC GEN ED-GLNW, HUM, LIT
Credit Hours: 3

Department: English
ENG 228 - Asian American Literature
Prerequisites: ENG 102 or ENG 109.
Description: This course surveys the development of the literature by writers of Asian ancestry living in the United States, from the early 1900s to the present. It examines the historical, social and cultural contexts that produced these writings, and the backgrounds for the varied ethnic groups, including Chinese American, Japanese American, Filipino American, Korean American, Vietnamese American, Indian and Pakistani American. Authors include Carlos Bulosan, John Okada, Maxine Hong Kingston, Bharati Mukherjee, Amy Tan. Writing is an integral component of the course.
SUNY GEN ED-GHUM; NCC GEN ED-PLDI, HUM, LIT
Credit Hours: 3

Department: English
ENG 229 - Native American Literature
Prerequisites: ENG 102 or ENG 109.
Description: This course examines narrative styles and themes in Native American literature, and focuses on its embodiment of traditional American Indian concepts of time, space, history, spirit, body, and community. How Native American literature adapts oral literature and its traditions to the requirements of written literature is central to the course. It also studies myth, pastiche, and humor as literary modes employed to challenge stereotypical depictions of “the Indian” in dominant Western culture. Authors include: N. Scott Momaday, Leslie Marmon Silko, Louise Erdrich, Greg Sarris, Sherman Alexie, James Welch and Paula Gunn Allen. Writing is an integral component of the course.
SUNY GEN ED-GHUM; NCC GEN ED-HUM, LIT, PLDI

Credit Hours: 3
Department: English
ENG 231 - Mystery and Detective Fiction
Prerequisites: ENG 102 or ENG 109.
Description: Several types of popular fiction, for example, the gothic mystery, the classic puzzle, hard boiled and pulp fiction are examined with regard to their origin and development. Writers such as Poe, Doyle, Sayers, Christie, Hammett, Chandler, and Stout are among the writers considered.
Writing is an integral component of the course.
SUNY GEN ED-GHUM; NCC GEN ED-HUM, LIT
Credit Hours: 3

Department: English
ENG 236 - The Literature of the Bible
Prerequisites: ENG 102 or ENG 109.
Description: This course is a study of the Bible in English translation: its forms, themes, art, and unity; its literary and historical meaning; and its influence on English and American literature. Examined as a literary text, the Bible is read in light of its contribution to our culture.
Writing is an integral component of the course.
SUNY GEN ED-GHUM; NCC GEN ED-HUM, LIT, WESH
Credit Hours: 3

Department: English
ENG 237 - Science Fiction
Prerequisites: ENG 102 or ENG 109.
Description: This course examines the genre from its beginnings to the present. Fantasy and futuristic representations of social, political, technological, and environmental issues are considered. Authors such as Wells, Verne, Orwell, Huxley, Vonnegut, Bradbury, Clarke, Heinlein, Asimov, and LeGuin are studied.
Writing is an integral component of the course.
SUNY GEN ED-GHUM; NCC GEN ED-HUM, LIT
Credit Hours: 3

Department: English
ENG 243 - Gay and Lesbian Literature
Prerequisites: ENG 102 or ENG 109.
Description: This course introduces students to the response of creative writers to the Nazi plan to destroy European Jewry between 1933 and 1945. Students read an international plan to destroy European Jewry between 1933 and 1945. Students read an international
SUNY GEN ED-GHUM; NCC GEN ED-HUM, LIT, PLDI
Credit Hours: 3

Department: English
ENG 247 - Women in Literature
Prerequisites: ENG 102 or ENG 109.
Description: This course examines the image of women in literature across centuries and cultures. Different literary genres and critical approaches address stereotypical and mythical portrayals. Writing is an integral component of the course.
SUNY GEN ED-GHUM; NCC GEN ED-HUM, LIT, PLDI
Credit Hours: 3

Department: English
ENG 261 - Literature of the Holocaust
Prerequisites: ENG 102 or ENG 109.
Description: This course examines the genre from its beginnings to the present. Fantasy and futuristic representations of social, political, technological, and environmental issues are considered. Authors such as Wells, Verne, Orwell, Huxley, Vonnegut, Bradbury, Clarke, Heinlein, Asimov, and LeGuin are studied.
Writing is an integral component of the course.
SUNY GEN ED-GHUM; NCC GEN ED-HUM, LIT, WESH
Credit Hours: 3

Department: English
ENG 265 - Film and Literature
Prerequisites: ENG 102 or ENG 109.
Description: This course compares different techniques and effects of literature and film. Students explore genre, form, structure, symbolism, myth, and convention in both media. Writing is an integral component of the course.
SUNY GEN ED-GHUM; NCC GEN ED-HUM, LIT, PLDI
Credit Hours: 3

Department: English
ENG 266 - Native American Literature
Prerequisites: ENG 102 or ENG 109.
Description: This course examines narrative styles and themes in Native American literature, and focuses on its embodiment of traditional American Indian concepts of time, space, history, spirit, body, and community. How Native American literature adapts oral literature and its traditions to the requirements of written literature is central to the course. It also studies myth, pastiche, and humor as literary modes employed to challenge stereotypical depictions of “the Indian” in dominant Western culture. Authors include: N. Scott Momaday, Leslie Marmon Silko, Louise Erdrich, Greg Sarris, Sherman Alexie, James Welch and Paula Gunn Allen. Writing is an integral component of the course.
SUNY GEN ED-GHUM; NCC GEN ED-HUM, LIT, PLDI
Eng 263 - The Modern American Short Story
Prerequisites: ENG 102 or ENG 109.
Description: This course is a study of the American short story as it developed in the 19th century through the present. Stories reflect a wide variety of issues from those following the Civil War to those of contemporary life. Writing is an integral component of the course.
SUNY GEN ED-GHUM; NCC GEN ED-HUM, LIT
Credit Hours: 3
Department: English

Eng 265 - Modern American Poetry
Prerequisites: ENG 102 or ENG 109.
Description: This course studies the diversity of American poetry from the 19th century to contemporary times. Analysis of the texts, with reference to contemporary trends and ideas, is emphasized. Writing is an integral component of the course.
SUNY GEN ED-GHUM; NCC GEN ED-HUM, LIT
Credit Hours: 3
Department: English

Eng 267 - Satire
Prerequisites: ENG 102 or ENG 109.
Description: This course examines how satire is used to comment on human behavior and critique society. Selections from Aesop, Juvenal, Horace, Swift, and Twain, as well as from contemporary media are studied. Writing is an integral component of the course.
SUNY GEN ED-GHUM; NCC GEN ED-HUM, LIT
Credit Hours: 3
Department: English

Eng 271 - Psychoanalytic Approaches to Literature
Prerequisites: ENG 102 or ENG 109.
Description: Students read and analyze the impact of psychoanalytical theory on works of literature, focusing on issues such as human consciousness and behavior. Writing is an integral component of the course.
SUNY GEN ED-GHUM; NCC GEN ED-HUM, LIT
Credit Hours: 3
Department: English

Eng 281 - Nature in Literature
Prerequisites: ENG 102 or ENG 109.
Description: This course examines literature that considers the relationship between human beings and the natural world. It includes works that focus on conservation and ecology. It also explores how science relates to literary art. Representative selections include the Bible, medieval poetry and plays, pastoral poetry, plays by Shakespeare, and such writers as Gilbert White, Mary Shelley, Ralph Waldo Emerson, Charles Darwin, Henry David Thoreau, Thomas Hardy, Isak Dinesen, Farley Mowat, Edward Abbey, Annie Dillard, Barry Lopez, Leslie Mamon Silko, and Linda Hogan. Writing is an integral component of the course.
SUNY GEN ED-GHUM; NCC GEN ED-HUM, LIT
Credit Hours: 3
Department: English

Eng 298 - Comedy: Theory and Development
Prerequisites: ENG 102 or ENG 109.
Description: This course examines comedic genres such as farce and parody and emphasizes their historical development in works from various cultures. Writing is an integral component of the course.
SUNY GEN ED-GHUM; NCC GEN ED-HUM, LIT
Credit Hours: 3
Department: English

Eng 300 - Shakespeare on Stage and Page
Prerequisites: ENG 102 or ENG 109.
Description: (Dual listed with THR 300) This interdisciplinary course, team-taught by members of the English and Theatre Departments, offers a performance-oriented view of Shakespeare's plays. Students see films and videotapes as well as perform segments of the plays in class. Writing is an integral component of the course.
SUNY GEN ED-GHUM; NCC GEN ED-HUM, LIT, WESH
Credit Hours: 3
Department: English

Eng 301 - Shakespeare's Comedies and Histories
Prerequisites: ENG 102 or ENG 109.
Description: This survey course teaches how to read Shakespeare's comedy and history plays by exploring character, theme, imagery, and poetic technique in plays such as A Midsummer Night's Dream, Twelfth Night, The Tempest, Richard II, Henry IV, and Richard III. Writing is an integral component of the course.
SUNY GEN ED-GHUM; NCC GEN ED-HUM, LIT, WESH
Credit Hours: 3
Department: English

Eng 302 - Shakespeare's Tragedies
Prerequisites: ENG 102 or ENG 109.
Description: This survey course teaches how to read Shakespeare's tragedies by exploring the concept of the tragic hero, imagery, theme, and poetic technique in plays such as Macbeth, King Lear, Romeo and Juliet, Julius Caesar, Othello, and Hamlet. Writing is an integral component of the course.
SUNY GEN ED-GHUM; NCC GEN ED-HUM, LIT, WESH
Credit Hours: 3
Department: English

Eng 305 - Modern American Novel
Prerequisites: ENG 102 or ENG 109.
Description: Selected modern and contemporary authors such as Gilman, Dreiser, Fitzgerald, Hemingway, Wright, Ellison, Morrison, Bellow, Malamud, Mailer, Angelou, and Desai are studied in relation to the historical and intellectual background of their times. Writing is an integral component of the course.
SUNY GEN ED-GHUM; NCC GEN ED-PLDI, HUM, LIT
Credit Hours: 3
Department: English

Eng 309 - Modern British and American Drama
Prerequisites: ENG 102 or ENG 109.
Description: This survey of British and American drama from the 20th century to the present encompasses a variety of aesthetic, political, and philosophical interests: social Darwinism, Freudian psychology, existentialism, the theatre of the absurd, minimalism, feminism, and the perspectives of Civil Rights' Movements. Representative playwrights might include Eugene O'Neill, Langston Hughes, Samuel Beckett, Harol Pinter, Tom Stoppard, Luis Valdez, Adrianne Kennedy, and August Wilson.
SUNY GEN ED-GHUM; NCC GEN ED-HUM, LIT
Credit Hours: 3
Department: English

Eng 311 - Masterworks of Literature I
Prerequisites: ENG 102 or ENG 109, and by invitation only.
Description: Students read selected masterpieces of world literature, such as the Iliad and Odyssey, the Bible, the Ramayana, Divine Comedy, the Canterbury Tales, the Tale of Genji and Shakespeare's plays. Writing is an integral component of the course.
ENG 312 - Masterworks of Literature II
Prerequisites: ENG 102 or ENG 109, and by invitation only.
Description: Students read selected masterpieces of world literature from the Renaissance through modern times, such as Paradise Lost, The Dream of the Red Chamber, Madame Bovary, Crime and Punishment, A Hundred Years of Solitude, The Stranger, and Things Fall Apart. Writing is an integral component of the course.
SUNY GEN ED-GHUM; NCC GEN ED-HUM, LIT
Credit Hours: 3
Department: English

ENG 313 - Creative Writing
Prerequisites: ENG 102 or ENG 109
Description: This course, conducted as a workshop, is for students interested in exploring their writing style through practice in writing within the three basic imaginative genres: fiction, poetry, and drama. Classes will focus on critiques of student work and on assigned readings in these genres and their conventions as models.
SUNY GEN ED-GHUM; NCC GEN ED-FAPA, HUM
Credit Hours: 3
Department: English

ENG 314 - Studies in Children's Literature
Prerequisites: ENG 102 or ENG 109
Description: This course is a study of children's literature as it responds to children's aesthetic as well as developmental needs. A variety of prose and poetic genres are examined, including fables, fairy tales, fantasy, and others. Writing is an integral component of the course.
SUNY GEN ED-GHUM; NCC GEN ED-FAPA, HUM
Credit Hours: 3
Department: English

ENG 315 - Play and Screen Writing
Prerequisites: ENG 102 or ENG 109 and permission of instructor or Department Chair.
Description: This course, conducted as a workshop, teaches students to write character-driven scripts for the stage and more visual texts for the screen. In addition to students' works in progress, dramatic texts from classic and contemporary playwrights and screen writers are analyzed and discussed, and films are viewed in class. Students are expected to participate in a project, such as a literary magazine, dramatic reading, newsletter, radio show, or filmmaking. Alternates with ENG 317 and ENG 318.
SUNY GEN ED-GART; NCC GEN ED-FAPA, HUM
Credit Hours: 3
Department: English

ENG 316 - Fiction Writing
Prerequisites: ENG 102 or ENG 109 and permission of instructor or Department Chair.
Description: This course, conducted as a workshop, enables developing fiction writers to discover their unique voices as storytellers and to use them to full effect. Written exercises and analyses of published fiction are used to explore narrative techniques such as characterization, scene construction, and point of view. Students are expected to participate in a project, such as a literary magazine, dramatic reading, newsletter, or radio show. Alternates with ENG 316 and ENG 318.
SUNY GEN ED-GART; NCC GEN ED-FAPA, HUM
Credit Hours: 3
Department: English

ENG 317 - Poetry Writing
Prerequisites: ENG 102 or ENG 109 and permission of instructor or Department Chair.
Description: This course, conducted as a workshop, teaches students to give poetic shape to their writing through discussions of imagery, open and closed forms, tone, meter, rhyme, and voice. The students' works in progress and examples of published poems are analyzed to illustrate the facets of the craft. Students are expected to participate in a project, such as a literary magazine, poetry reading/performance, or radio show. Alternates with ENG 316 and ENG 317.
SUNY GEN ED-GART; NCC GEN ED-FAPA, HUM
Credit Hours: 3
Department: English

ENG 318 - Creative Writing
Prerequisites: ENG 102 or ENG 109
Description: This course, conducted as a workshop, is for students interested in exploring their writing style through practice in writing within the three basic imaginative genres: fiction, poetry, and drama. Classes will focus on critiques of student work and on assigned readings in these genres and their conventions as models.
SUNY GEN ED-GHUM; NCC GEN ED-FAPA, HUM
Credit Hours: 3
Department: English

ENG 490 - Cooperative Education Internship
Prerequisites: One of the following: ENG 111, ENG 200, ENG 215, ENG 216, or ENG 313 and permission of the Department Chair.
Description: By matching internships with pertinent class work in English, students will study the connection between the practical experience in the workplace with the theoretical concepts explored in the appropriate classroom setting. Occupational titles for which internships are appropriate may include Fact Finder, Copy Editor, Reporter, Photo Caption Editor, Columnist, Production Manager, and Report Writer.
SUNY GEN ED-n/a; NCC GEN ED-HUM
Credit Hours: 1
Department: Engineering/Physics/Tech

ENG 101 - Graphics
Description: Graphical techniques of design utilizing instrument drawing and free hand sketching are introduced. Principles of projection, isometrics, sections, auxiliary views, as well as floor plans and elevations are used as examples.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 1
Department: Engineering/Physics/Tech

ENG 102 - Masterworks of Literature I
Prerequisites: MAT 122, PHY 122 or ENG 102 or ENG 109 and by invitation only.
Description: Students read selected masterpieces of world literature from the Renaissance through modern times, such as Paradise Lost, The Dream of the Red Chamber, Madame Bovary, Crime and Punishment, A Hundred Years of Solitude, The Stranger, and Things Fall Apart. Writing is an integral component of the course.
SUNY GEN ED-GHUM; NCC GEN ED-HUM
Credit Hours: 3
Department: English

ENG 109 - Co-operative Education Internship
Prerequisites: One of the following: ENG 111, ENG 200, ENG 215, ENG 216, or ENG 313 and permission of the Department Chair.
Description: By matching internships with pertinent class work in English, students will study the connection between the practical experience in the workplace with the theoretical concepts explored in the appropriate classroom setting. Occupational titles for which internships are appropriate may include Fact Finder, Copy Editor, Reporter, Photo Caption Editor, Columnist, Production Manager, and Report Writer.
SUNY GEN ED-n/a; NCC GEN ED-HUM
Credit Hours: 1
Department: Engineering/Physics/Tech
ENS 225 - Engineering Circuit Analysis I
Prerequisites: MAT 123.
Description: Introduction to circuit analysis consisting of free and forced response of simple networks and various methods of analysis, frequency variation and resonance, complex frequency variable, two-part networks, transformers, computer solutions (analog and digital), Fourier series, Laplace transform and transform networks. (3 lecture, 3 laboratory hours) Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 4
Department: Engineering/Physics/Tech

ENS 205 - Statics
Prerequisites: MAT 122.
Corequisites: PHY 122.
Description: Introduction to applied vector algebra, force systems, equilibrium. Analysis of structures and machines. Friction, centroids, and moment of inertia. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Engineering/Physics/Tech

ENS 206 - Dynamics
Prerequisites: PHY 122.
Description: Kinematics of a particle, relative velocities and acceleration, moving coordinate systems, dynamics of a particle, dynamics for systems of particles, kinematics and kinetics of rigid bodies. Euler's Equations, work-energy and impulse-momentum techniques, and introduction to vibrations. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Engineering/Physics/Tech

ENS 207 - Mechanics of Materials
Prerequisites: ENS 205.
Description: Introduction to mechanics of materials stress and strain, stress-strain-temperature relations, torsion, bending, deflection, stability, buckling. Computer methods in structural analysis. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Engineering/Physics/Tech

ENS 226 - Engineering Circuit Analysis II
Prerequisites: ENS 225.
Description: A continuation of ENS 225. Topics include complex frequency response; parallel, series, and other resonance forms; magnetically coupled circuits; one and two-part networks; and Fourier analysis. The transient response of the RLC circuit to the step input will be covered by classical means. Laplace transforms will be introduced and applied toward the transfer functions H(s) and the complete response. The laboratory will include AC models of active circuit elements. (3 lecture, 3 laboratory hours) Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 4
Department: Engineering/Physics/Tech

ENS 205 - Engineering Thermodynamics
Prerequisites: PHY 123 and MAT 123.
Description: A first course in engineering thermodynamics, introducing fundamental thermodynamic variables, properties of pure substances and energy relationships. Analysis of open and closed systems based on the classical laws of thermodynamics; concepts of reversibility and entropy; power cycles and engines. A term project requiring the detailed analysis of power cycles will be assigned to each student. Knowledge of at least one high level programming language or simulation software is highly desirable. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Engineering/Physics/Tech

ENS 301 - Computer Aided Drafting
Description: The student will develop mastery of producing general engineering-related drawings using AutoCAD drafting package and solid modeling using Autoshade color rendering package on a personal computer. The student will learn to apply AutoCAD commands to produce two dimensional drawings. Advanced AutoCAD techniques will be explored and used to produce three dimensional drawings. Students will learn to apply shading and coloring techniques using Autoshade in their drawings. (3 laboratory hours) SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 1
Department: Engineering/Physics/Tech

Fashion Buying and Merchandising

FBM 110 - Fashion Advertising and Promotion
Description: This course introduces the various principles and methods of advertising and promotion used by producers, manufacturers, designers, and retailers in the fashion industry. Students will analyze how marketing objectives and strategies influence advertising and other forms of promotion. Students will prepare an advertising campaign while utilizing their acquired skills.

Credit Hours: 3
Department: Marketing & Retailing

FBM 120 - Introduction to the Fashion Industry
Description: This course provides an introduction to all aspects of the fashion industry: its history and current designer trends; textile and apparel production-how products are created, priced and promoted to the trade and the consumer; retail concepts; and the impact of globalization on the industry.

Credit Hours: 3
Department: Marketing & Retailing

FBM 121 - Introduction to Menswear
Description: A course introducing students to the specialized marketing practices used by domestic and foreign menswear manufacturers and distributors. Students analyze the development of lines of menswear merchandise, from design to consumer purchase. Included is an in-depth study of design, production, sales, merchandising, and promotion techniques.

Credit Hours: 3
Department: Marketing & Retailing

FBM 125 - Introduction to Import Buying
Description: Introduction to Import Buying provides students with an opportunity to...
learn about the rationale, problems, and opportunities of importing merchandise from various markets throughout the world. Included in the course of study will be the necessary preparatory practices, relevant import/export terminology, and governmental legislation and regulations.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3

**Department:** Marketing & Retailing

**FBM 160 - Seminar in Contemporary Fashion Buying and Merchandising**

**Description:** Merchandise students visit the market and attend seminars with representatives from the Fashion and Merchandising field. Students apply basic principles to the solutions of typical problems in Fashion and Retailing. Additionally, the dynamic skills of human resource management are developed.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3

**Department:** Marketing & Retailing

---

**Finance**

**FIN**

**FIN 110 - Personal Finance**

**Description:** (Dual listed with ECO 110)

Personal Finance prepares students to manage their current and future financial affairs. Topics to be covered include: financial planning, saving and credit, insurance, government transfers, home buying, stocks, bonds, mutual funds, and estate planning. This is a practical and sophisticated course intended to help students with their personal finances.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3

**Department:** Economics and Finance

**FIN 111 - Introduction to Finance**

**Description:** This course offers an introduction to financial decision making and the basic structure of institutions in contemporary financial markets. Topics include time value of money, risk and return, investment types, the role of government regulation, the influence of globalization in contemporary financial markets and evaluation of financial performance and return. The role of ethics in financial decision making and institutional policy will be discussed. Internet and data base research will be used to support the course curriculum and help the student develop the necessary skills to analyze realistic scenarios used in financial markets.

SUNY GEN ED-n/a; NCC GEN ED-SBS
Credit Hours: 3

**Department:** Economics and Finance

---

**FIN 112 - Introduction to Investments**

**Description:** (Dual listed with ECO 112)

An introduction to financial investments and portfolio management. Course topics include: financial markets and instruments, reading financial listings, stock trading and indexes, risk analysis, present and future value, stock valuation and investment decisions, portfolio management, individual and portfolio yields, types and uses of derivatives, sources of investment information, mutual funds, international diversification, the macroeconomy and the impact of economic variables on investments.

SUNY GEN ED-n/a; NCC GEN ED-SBS
Credit Hours: 3

**Department:** Economics and Finance

---

**FIN 213 - Money and Banking**

**Prerequisites:** ECO 207 or permission of instructor.

**Description:** (Dual listed with ECO 213)

Basic concepts of money and financial intermediaries. Development of commercial banks and the creation of demand deposits. Yield, risk, and interest rates will be analyzed from a monetary and fiscal perspective. Functions and policies of the Federal Reserve in credit regulation and economic stabilization will be analyzed. Monetary Theory, Keynesian vs. Monetarists, international finance, exchange rates and the balance of payments will be examined.

SUNY GEN ED-n/a; NCC GEN ED-SBS
Credit Hours: 3

**Department:** Economics and Finance

---

**FIN 214 - Corporation Finance**

**Prerequisites:** ECO 207 or permission of instructor.

**Description:** (Dual listed with ECO 214)

An introductory course describing the role and functioning of business firms in the economy, and the application of economic theory in the solution of managerial decisions. Topics investigated include the management of cash, inventories and receivables; selection of alternative investments; short, intermediate, and long-term sources of financing; the cost of capital, optimum capital structure; corporate dividend policies. Case problems are assigned to develop applications of general principles.

SUNY GEN ED-n/a; NCC GEN ED-SBS
Credit Hours: 3

**Department:** Economics and Finance

---

**FIN 220 - American Banking Practice**

**Prerequisites:** ECO 213 or permission of instructor.

**Description:** (Dual listed with ECO 220)

The purpose is to provide the student with an insight into the organization and internal operation of various departments of a bank. Concentration on what a bank does, rather than the exact procedure of how it works, is the core of this course.

SUNY GEN ED-n/a; NCC GEN ED-SBS
Credit Hours: 3
**Department:** Economics and Finance  
**FIN 230 - Introduction to International Economics and Finance**  
**Prerequisites:** ECO 207 or permission of instructor.  
**Description:** (Dual listed with ECO 230) A study of the United States as an open economy which trades in goods, services and financial assets with other nations. Topics include the reasons nations trade, the costs and benefits of free trade, tariff and non-tariff barriers, regional trade pacts, economic and monetary integration, foreign exchange rate determination, balance of payments problems and international capital mobility, and international monetary institutions. SUNY GEN ED-n/a; NCC GEN ED-SBS  
**Credit Hours:** 3  
**Department:** Economics and Finance  
**FIN 490 - Cooperative Education Internship**  
**Prerequisites:** ECO 207 and one other ECO or FIN course and permission of the instructor.  
**Description:** Supervised, practical experience at institutions such as commercial banks, thrift institutions, stock and bond brokerage houses, government agencies and firms employing economic practitioners that will provide students with situations in which they can apply concepts learned in previous Economics and Finance courses. Written reports demonstrating understanding of theory and its application will be an integral aspect of this course. Field experience and future career opportunities will be discussed in co-lateral, on-campus class. Prerequisite for this course is the completion of Economics 207 plus one other economics or finance course and permission of instructor. Students must have, as a minimum, a 2.50 GPA to be enrolled in this internship course. SUNY GEN ED-n/a; NCC GEN ED-SBS  
**Credit Hours:** 4  
**Department:** Economics and Finance  
**FIN 498 - Special Topics in Accounting**  
**Prerequisites:** completion of ENG 207 and RDG 002.  
**Description:** This course focuses on the history and philosophy of the fire service. It reviews the career options that are available and examines the tactical and fire suppression responsibilities of the fire service. SUNY GEN ED-n/a; NCC GEN ED-n/a  
**Credit Hours:** 3  
**Department:** Criminal Justice  
**FRS 101 - Introductory Criminal Justice**  
**Prerequisites:** Completion of RDG 001 and ENG 001.  
**Description:** This course is an introduction to the history and philosophy of the fire service. It reviews the career options that are available and examines the tactical and fire suppression responsibilities of the fire service. SUNY GEN ED-n/a; NCC GEN ED-n/a  
**Credit Hours:** 3  
**Department:** Criminal Justice  
**FRS 102 - Fire Safety and Tactics**  
**Prerequisites:** Completion of RDG 001 and ENG 001.  
**Description:** This course focuses on the safety measures that need to be incorporated.
FSD 101 - Draping and Design I
Prerequisites: FSD 120 and permission of instructor through portfolio review acceptance.
Corequisites: FSD 120 and permission of instructor through portfolio review acceptance.
Description: Students learn fundamentals of draping in muslim on a dress form. Basic silhouettes as well as original designs are executed. Original sample garment is constructed. Material cost and laboratory fees apply. 
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 4
Department: Marketing & Retailing

FSD 102 - Draping and Design II
Prerequisites: FSD 101; 120.
Description: Students learn to drape intricate garments. Projects include draping the cowl, bifurcated garments, notch and shawl collar jackets and skirt variations. An original design is executed from a sketch and a sample garment is constructed. Material cost and laboratory fees apply. 
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 4
Department: Marketing & Retailing

FSD 103 - Draping and Design III
Prerequisites: FSD 101, FSD 102 and FSD 120.
Description: Continuation of more advanced draping projects includes draping in a variety of fabrics. Original designs for knitwear, tailored jacket, boutique and term garment are draped and constructed in fabric. Material cost and laboratory fees apply. 
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 4
Department: Marketing & Retailing

FSD 104 - Design Studio
Prerequisites: FSD 101, FSD 102, FSD 103, FSD 120
Description: An original collection of garments, in an area of specialization, is designed, draped and/or drafted and constructed in fabric. Material cost and laboratory fees apply. 
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 4
Department: Marketing & Retailing

FSD 110 - Flat Pattern Design I
Prerequisites: FSD 120
Description: Students develop the fundamentals of pattern-making using basic slopers. The bodice, skirt, sleeve and collar variations are executed to learn the variety of design options possible through flat pattern technique. Material cost and laboratory fees apply. 
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Marketing & Retailing

FSD 111 - Flat Pattern Design II
Prerequisites: FSD 110, FSD 120.
Description: Further studies in advanced patternmaking projects include tailored jackets, raglan and kimono sleeves, stylized armholes, bifurcated garments and torso development. Design variations on these projects are stressed. Material cost and laboratory fees apply. 
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 2
Department: Marketing & Retailing

FSD 120 - Garment Construction
Description: Students learn the fundamentals of design room sewing techniques utilizing step samples to execute seam and hem finishes, bias and zipper applications, and construction details used in industry. Sample garments are developed through the use of a basic pattern. Material cost and laboratory fees apply. 
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Marketing & Retailing

FSD 121 - Fashion History
Description: Students explore fashion history, from ancient Egypt to the present. An analysis of past trends and their influence on today's fashions is developed through class discussion, combined with multi-media presentations. 
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Marketing & Retailing

FSD 122 - Fashion Design Business Practices
Prerequisites: Permission of the instructor.
Description: Technical knowledge of the design process is explored through visits to design studios where students meet with industry professionals. Students learn how to design for a target market, how to research fashion trends and source fabric and trims and learn garment production. Students learn how to prepare for an entry level position in the fashion industry. 
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Marketing & Retailing

FSD 142 - Field Training

Fashion Design
Prerequisites: FSD, 101, FSD 102, FSD 103, FSD 104, FSD 110, FSD 111, ART 135, ART 136, and ART 235 or permission of instructor.

Description: Students work for appropriate fashion design firms, in a design room to enrich the theoretical concepts previously developed in the classroom.

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Marketing & Retailing

Geography

GEO

GEO 101 - Introduction to Geography

Prerequisites: Completion of RDG 001 and/or RDG 002.

Description: This course is an introduction to the basic concepts and techniques of geography. Global patterns of and interactions among climate, landforms, environmental alteration, economic, demographic and cultural phenomena are stressed.

SUNY GEN ED-GSBS; NCC GEN ED-SBS, GLNW

Credit Hours: 3

Department: History/Pol Sci/Geography

GEO 103 - Human Geography

Prerequisites: Completion of RDG 001 and/or RDG 002.

Description: A survey of the global patterns and significance of human distributions. Demography and foodways, language and religion are the bases for identifying distinct regional cultures. Stress is placed on problems related to crowding, ethnicity, and alteration of the environment.

SUNY GEN ED-GSBS; NCC GEN ED-SBS, GLNW

Credit Hours: 3

Department: History/Pol Sci/Geography

GEO 201 - Geography of Europe

Prerequisites: Completion of RDG 001 and/or RDG 002.

Description: An examination of the physical and cultural landscapes of Europe, their causes and consequences. Attention is focused on the political, social, and economic developments over time that have created regional divisions from Iceland to the Russian border. The meaning of Europe's ethnicity and boundaries is stressed.

SUNY GEN ED-GSBS; NCC GEN ED-SBS

Credit Hours: 3

Department: History/Pol Sci/Geography

GEO 202 - Geography of Long Island

Description: Geography of Long Island explores the land and people from Brooklyn to Montauk. It examines the physical, economic, and human geography of the area with a focus on the environmental and cultural influences that have shaped the Island's landscapes, spatial interactions, and prospects.

SUNY GEN ED-n/a; NCC GEN ED-SBS

Credit Hours: 3

Department: History/Pol Sci/Geography

German

GER

GER 101 - Beginning German I

Prerequisites: Satisfactory completion of ENG 001 and RDG 002.

Description: Fundamentals of grammar, pronunciation, culture and conversation. Reading, writing, listening comprehension, and simple conversational patterns. This course is not intended for students of German speaking background. Laboratory fee applies. Laboratory component required.

SUNY GEN ED-GFOL; NCC GEN ED-HUM, WESH

Credit Hours: 3

Department: Foreign Languages

GER 102 - Beginning German II

Prerequisites: Satisfactory completion of ENG 001 and RDG 002. GER 101 or equivalent.

Description: Fundamentals of grammar, pronunciation, culture and conversation. Reading, writing, listening, comprehension, and simple conversational patterns. Laboratory fee applies. Laboratory component required.

SUNY GEN ED-GFOL; NCC GEN ED-HUM, WESH

Credit Hours: 3

Department: Foreign Languages

GER 201 - Intermediate German I

Prerequisites: Satisfactory completion of ENG 001 and RDG 002. GER 102 or equivalent.

Description: This is the first course in the GER 201-202 sequence. Development of listening, speaking, reading and writing skills. Conversation and writing practice stimulated through a wide variety of cultural materials. Laboratory fee applies. Laboratory component required.

SUNY GEN ED-GFOL; NCC GEN ED-HUM, WESH

Credit Hours: 3

Department: Foreign Languages

GER 202 - Intermediate German II

Prerequisites: Satisfactory completion of ENG 001 and RDG 002. GER 201 or equivalent.

Description: This is the second course in the GER 201-202 sequence. Development of listening, speaking, reading and writing skills. Conversation and writing practice stimulated through a wide variety of cultural materials. Laboratory fee applies. Laboratory component required.

SUNY GEN ED-GFOL; NCC GEN ED-HUM, WESH

Credit Hours: 3

Department: Foreign Languages

General Science Studies

GSS

GSS 103 - Science of Physics I
Prerequisites: A high school course in elementary Algebra.

Description: An introductory course designed for students with a primary interest in the humanities or physical education. The course goal is to achieve a conceptual understanding of the ideas of physics. The historical and philosophical background as well as the content of physics is studied. Laboratory exercises are designed to illustrate principles of scientific experimentation while deepening the understanding of physical areas. Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-LSCI
Credit Hours: 4
Department: Engineering/Physics/Tech

GSS 104 - Science of Physics II
Prerequisites: A high school course in elementary Algebra. Note: GSS 103 is recommended, but not required for GSS 104.

Description: A conceptual course in physics dealing with waves, electricity and magnetism. 20th-century physics, the historical and philosophical background as well as the content of physics, will be discussed. Laboratory exercises are designed to illustrate principles of scientific experimentation while deepening the understanding of physical ideas. Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-LSCI
Credit Hours: 4
Department: Engineering/Physics/Tech

GSS 106 - Science of Sound and Music
Description: Fundamentals of mechanics, sound and acoustics, energy, electricity and magnetism with applications to music, musical instruments, sound systems and electronic music. The course material is developed descriptively and demonstrated experimentally. Laboratory fee applies.

SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Credit Hours: 4
Department: Engineering/Physics/Tech

GSS 108 - The Science of Light and Color
Description: This introductory course will focus on the nature of light and color. It will include not only the principles of geometric and physical optics but also general properties of waves and particles; the relation between light and matter; quantum theory and photons; light, heat, temperature and energy; and the conservation of energy. These physical principles will be applied to understanding color in art, vision, photography, holography, fiber optics, and atmospheric effects. The course will include many student investigations, in recitation as well as in lab in order to emphasize the experimental nature of science. (3 lecture, 3 laboratory hours) Laboratory fee applies.

SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Credit Hours: 4
Department: Engineering/Physics/Tech

GSS 111 - Science of Our World I
Prerequisites: A continuation of GSS 111 which includes additional topics such as electrical energy, noise pollution, light and laser applications, nuclear power generation, heat and thermal pollution. Laboratory modeling and simulation are utilized to aid in the understanding of the technology and the underlying science principles. Laboratory fee applies.

SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Credit Hours: 4
Department: Engineering/Physics/Tech

GSS 112 - Science of Our World II
Prerequisites: GSS 111 is recommended but not required.

Description: A continuation of GSS 111 which includes additional topics such as electrical energy, noise pollution, light and laser applications, nuclear power generation, heat and thermal pollution. Laboratory modeling and simulation are utilized to aid in the understanding of the technology and the underlying science principles. Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-NSCI
Credit Hours: 3
Department: Engineering/Physics/Tech

GSS 120 - Science of Modern Electronics
Description: The course is designed for non-technical students and will provide a conceptual understanding of science related to electronic devices. The course details science fundamentals using a non-mathematical approach, then focuses the presentation to include applications in the area of electronics (entertainment, business, communication, home electronics). Aspects of sound, light, heat, and mechanics are included with applications in today's electronic world. Laboratory work will consist of hands-on experience with actual measuring devices. (3 lecture, 3 laboratory hours) Laboratory fee applies.

SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Credit Hours: 4
Department: Engineering/Physics/Tech

GSS 122 - Science of Energy
Description: This introductory course covers the scientific principles and technological innovations related to Energy resources. The study of mechanics, electricity, magnetism and thermodynamics pertinent to energy are explained. Students develop an appreciation of energy use in the contemporary world by examining alternate energy systems such as solar, wind, photovoltaic, hydro, biomass, the ocean, renewable alternative energy sources and environmental sustainability processes.

SUNY GEN ED-n/a; NCC GEN ED-NSCI
Credit Hours: 3
Department: Engineering/Physics/Tech

GSS 126 - Forensic Technology
Description: The course introduces the various types of physical evidence commonly encountered at crime scenes (e.g., fingerprints, hairs, fibers, drugs, glass, etc.), and discusses comparison and identification techniques (i.e., optical examination/comparison, instrumental analysis, and various chemical processes) used for the analysis of such physical evidence. It examines the various methods used for analysis of scientific evidence in the field of forensic technology. Students learn the technology used to interpret the science and its applications.

SUNY GEN ED-n/a; NCC GEN ED-NSCI
Credit Hours: 3
Department: Engineering/Physics/Tech

GSS 128 - Green Building Practices
Description: This course introduces students to the science governing fundamental sustainable design and green building practices and their implementation. Topics include building site selection, building orientation, water and energy efficiency, renewable energy and storage, on-site power generation, improvement of indoor air quality including air quality and efficient use of building materials.

SUNY GEN ED-n/a; NCC GEN ED-NSCI
Credit Hours: 3
Department: Engineering/Physics/Tech

Hebrew

HEB

HEB 101 - Beginning Hebrew I
Prerequisites: Satisfactory completion of ENG 001 and RDG 002.

Description: Fundamentals of grammar, pronunciation, culture and conversation. Reading, writing, listening comprehension, and simple conversational patterns. This course is not intended for students of Hebrew
Health, Physical Education and Recreation

HED 200 - Concepts of Healthful Living and Stress Management
Description: Students receiving credit for PED 200 will not receive credit for HED 200. This comprehensive survey course explores healthy behaviors, emphasizing wellness and stress management. Taking into consideration one's entire lifestyle through the "whole person approach," connections among the mind, body and spirit are examined using information culled from advanced research in the interdisciplinary sciences. Topics include: psychosocial stressors and their relationship to acute/chronic diseases, stress management, coping strategies, death and dying, violence and victimization, and mental health; nutrition, fitness and weight management, sexual relationships, sexually transmitted infections, contraception, pregnancy and childbirth; use/misuse of alcohol, drugs and tobacco and other compulsivities.
Credit Hours: 3
Department: Health/Physical Ed/Recreation

HED 201 - Personal and Family Health
Description: Students receiving credit for PED 201 will not receive credit for HED 201. The focus of this course is on the essential behavior necessary for a healthy lifestyle. Included is the opportunity to evaluate and improve physical as well as emotional well being in light of the most current information available in each topic. The student is presented with strategies that have proven successful in moderating individual behavior. Topics that deal with improving the physical health level include physical fitness, weight control and nutrition, while topics that explore the development of positive mental and emotional health and stress management, intimate personal relationships and human sexuality.
Credit Hours: 2
Department: Health/Physical Ed/Recreation

HED 205 - Consumer Health Care and Protection
Description: Students receiving credit for PED 205 will not receive credit for HED 205. A course intended to keep pace with today's unprecedented consumer interests, particularly in matters of health services and products. The availability and quality of such care are explored in the following areas: the health consumer, protecting one's rights in the marketplace, the unique role of the college student as a health consumer, the patient and doctor, the national medical care crisis, kinds of health insurance, getting more for one's health dollars, the role of health agencies, health spas and clubs, diet clubs and fads, popular remedies for common ailments, and health career opportunities.
Credit Hours: 3
Department: Health/Physical Ed/Recreation

HED 231 - Death Education: A Health Perspective
Description: Students receiving credit for PED 231 will not receive credit for HED 231. The course enables students to understand and cope with death as part of the life cycle. From an interdisciplinary and historical perspective, the course explores how many different cultures treat death and dying as well as examines biomedical ethics (euthanasia, organ donation, wills and trusts). Emphasizing the psychological adjustments to loss, topics include the meaning of death, stages of dying, bereavement and grief processes and a variety of religious attitudes toward suicide, funeral rituals and death in general.
Credit Hours: 3
Department: Health/Physical Ed/Recreation

HED 251 - Human Sexuality
Description: Students receiving credit for PED 251 will not receive credit for HED 251. Taught in cross-cultural context, this interdisciplinary course examines the diversity of family life and human sexuality. Drawing from the social and biological sciences, students explore a variety of attitudes and personal beliefs. Topics include the history of human sexuality, sexual reproduction, gender related sexual health issues, gender roles/identity and sexual orientation. Sexual communication, intimacy, behaviors, coupling, victimization, dysfunctions and therapy are also addressed. Audiovisual material of a sensitive nature may be used.
Credit Hours: 3
Department: Health/Physical Ed/Recreation
that reflect issues of race, ethnicity, gender and sexual orientation.
SUNY GEN ED-n/a; NCC GEN ED-PLDI
Credit Hours: 3
Department: Health/Physical Ed/Recreation

HED 272 - Alcoholism and Addictions: Modalities, Prevention and Treatment
Prerequisites: PED 271.
Description: Students receiving credit for PED 272 will not receive credit for HED 272. This course focuses on assessment, diagnosis, and treatment of addictive behaviors. Emphasis on special populations such as college students, adolescents, disabled and incarcerated individuals and ethnic minorities are examined. Treatment techniques and prevention strategies are explored.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Health/Physical Ed/Recreation

HED 293 - Community Health
Description: Students receiving credit for PED 293 will not receive credit for HED 293. A course designed to acquaint the major student in Health Education with the multiple definitions of health, principles of health maintenance, structure of the health care delivery system, basic epidemiological tools, elementary health counseling techniques, as well as a broad overview of major health problems that face the community. The course is also designed to familiarize the student with the agencies and facilities that are currently operating to solve health problems.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Health/Physical Ed/Recreation

History

HIS

HIS 101 - History of Western Civilization
Prerequisites: Completion of RDG 001 and/or RDG 002.
Description: The course begins with a brief survey of the foundations of modern Western Civilization in the ancient and medieval world. The rise of individualism, humanism and science, the growth of the state, the emergence of the middle class and the beginnings of the age of liberal revolutions are discussed as ingredients in the birth of the modern world.
SUNY GEN ED-GWEH, GSBS; NCC GEN ED-SBS, WESH
Credit Hours: 3
Department: History/Pol Sci/ Geography
Credit Hours: 3  
Department: History/Pol Sci/Geography  
HIS 109 - Honors History: Western Roots II  
Prerequisites: Completion of RDG 001 and/or RDG 002 and by invitation.  
Description: This second half of Honors Western Civilization studies the development of the Western world from 1789 to the present. The course considers that great events and forces that have shaped our Atlantic world: revolutions, nationalism, industrialization, imperialism, war, and conflict between fascism, communism, and democracy to the present day. This course is designed for honors students only and includes extensive reading in primary and secondary source materials.  
SUNY GEN ED-GWEH, GSBS; NCC GEN ED-SBS, WESH  
Credit Hours: 3  
Department: History/Pol Sci/Geography  
HIS 110 - History of Contemporary Africa  
Prerequisites: Completion of RDG 001 and/or RDG 002.  
Description: (Dual listed with AFR 143) The study of African independence movements; discussion of the problems of post-independent Africa, such as nation building, strategies of development, education, pan-Africanism; and problems of democracy in southern Africa.  
SUNY GEN ED-GWEH, GSBS; NCC GEN ED-SBS, GLNW  
Credit Hours: 3  
Department: History/Pol Sci/Geography  
HIS 124 - Women in the Western World  
Prerequisites: Completion of RDG 001 and/or RDG 002.  
Description: A focus on the role of women as a significant force in the development of the Western world. The course examines, in historical context, the factors which have determined women's place over the centuries, compares the situation of women in capitalist, socialist, and fascist societies, and surveys contemporary European feminist movements.  
SUNY GEN ED-GSBS, GWEH; NCC GEN ED-SBS, WESH, PLDI  
Credit Hours: 3  
Department: History/Pol Sci/Geography  
HIS 125 - The Role of Women in American History  
Prerequisites: Completion of RDG 001 and/or RDG 002.  
Description: Women's history offers an important new dimension to the study of American society. This course examines the vital role ordinary women have played in American life for 350 years, the experiences and achievements of women, and the successes and failures of the feminist movements.  
SUNY GEN ED-GSBS, GAMH; NCC GEN ED-SBS, WESH, PLDI  
Credit Hours: 3  
Department: History/Pol Sci/Geography  
HIS 130 - Ethnic Groups in American History  
Prerequisites: Completion of RDG 001 and/or RDG 002.  
Description: An exploration of American history through the eyes, ears and emotions of its immigrants - the experiences of Italians and Jews, Irish and Germans, Chinese and Mexicans, and others. Common problems of adjustment, acceptance and assimilation faced by these groups teach us about America. Guest speakers, films and tapes are utilized throughout the course to probe the meaning and bring to life the history of ethnic groups in America.  
SUNY GEN ED-GSBS, GAMH; NCC GEN ED-SBS, PLDI  
Credit Hours: 3  
Department: History/Pol Sci/Geography  
HIS 136 - History of Latinos in the U.S.  
Prerequisites: Completion of RDG 001  
Description: This course explores major social, economic and political developments in the history of the various Latino communities of the United States from the mid-19th century to the present. Attention is given to such long-term processes as community formation, Latino immigration to the U.S., religion, and group identity.  
SUNY GEN ED-n/a; NCC GEN ED-SBS, PLDI  
Credit Hours: 3  
Department: History/Pol Sci/Geography  
HIS 137 - Native Americans  
Prerequisites: Completion of RDG 001 and/or RDG 002.  
Description: A survey of Native peoples in United States history and popular culture, from contact to the present. Emphasis centers on comparing and contrasting the different Native American groups in the United States; their respective responses over time to the influx of peoples from outside the western hemisphere, and the developing relationship between these groups and what became the dominant political and social U.S. institutions and people. There will be a special emphasis on indigenous peoples of Long Island particularly and New York generally. In addition, this course will look at the ever-changing images and/or stereotypes of Native Americans in U.S. culture.  
SUNY GEN ED-GSBS, GAMH; NCC GEN ED-SBS, PLDI  
Credit Hours: 3  
Department: History/Pol Sci/Geography  
HIS 140 - Nassau County: History and Government  
Prerequisites: Completion of RDG 001  
Description: (Dual listed with POL 111) A review of the development of what is now Nassau County from pre-Colonial times to the present day. Emphasis is placed upon the governmental-administrative structure of the county and the major problems facing urban-suburban communities. Field trips and guest speakers are utilized to complement class work.  
SUNY GEN ED-GSBS; NCC GEN ED-SBS  
Credit Hours: 3  
Department: History/Pol Sci/Geography  
HIS 150 - History of the American Labor Movement  
Prerequisites: Completion of RDG 001 and/or RDG 002.  
Description: This course explores the dramatic and inspiring history of working men and women as they struggle to improve life for themselves and their children. Students trace the history of the American labor movement from Colonial times to the present. Emphasis is placed on the theory, strategy, and goals of the organized labor movement. Students are also introduced to the concept and techniques of collective bargaining. Films, speakers, and resources on Long Island are utilized to complement class discussion.  
SUNY GEN ED-GAMH, GSBS; NCC GEN ED-SBS  
Credit Hours: 3  
Department: History/Pol Sci/Geography  
HIS 161 - World History: Antiquity to 1500  
Prerequisites: Completion of RDG 001 and/or RDG 002.  
Description: This course examines major developments in world history, from the emergence of the earliest civilizations to about 1500 C.E. How various civilizations conceptualized and responded to issues such as the nature of god(s), human nature, gender roles and relationships, and the environment are explored. Technological developments and economic, political, and social structures are also studied.
SUNY GEN ED-GSBS, GOWC; NCC GEN ED-GLNW, SBS, PLDI
Credit Hours: 3
Department: History/Pol Sci/Geography

HIS 162 - World History: 1500 to the Present
Prerequisites: Completion of RDG 001 and/or RDG 002.
Description: This course examines important developments and interactions in world history from the age of exploration and European expansion to the present. Major formative elements of the modern world such as industrialization, democracy, imperialism, nationalism, secularism, feminism, socialism, fascism, human rights, and technological developments are explored.
SUNY GEN ED-GSBS; NCC GEN ED-GLNW, SBS, PLDI
Credit Hours: 3
Department: History/Pol Sci/Geography

HIS 176 - African-American History I
Prerequisites: Completion of RDG 001
Description: (Dual Listed with AFR 140) A survey of the African-American experience in the New World, from the advent of the African slave trade to the Civil War and the Reconstruction Era. Emphasis centers on the African background, the cultural heritage of the African-Americans, slavery and a legacy of racial discrimination.
SUNY GEN ED-GSBS; GAMH; NCC GEN ED-SBS, WESH, PLDI
Credit Hours: 3
Department: History/Pol Sci/Geography

HIS 177 - African American History II
Prerequisites: HIS 176 or permission of Chairperson, completion of RDG 001
Description: (Dual listed with AFR 141) A survey of the African-American experience since the Reconstruction Era to the post World War II period and the current scene. Emphasis centers on the Civil Rights Movement, the Harlem Renaissance, the Black Revolution and the philosophies of Dr. Martin Luther King, Jr., Malcolm X, Jesse Jackson, Angela Davis, Cynthia Boston, Willie McGee and the "exiled" leaders of the contemporary scene.
SUNY GEN ED-GSBS, GAMH; NCC GEN ED-SBS, WESH, PLDI
Credit Hours: 3
Department: History/Pol Sci/Geography

HIS 180 - Health, Disease and Western History
Prerequisites: Completion of RDG 001 and/or RDG 002.
Description: In all eras disease has been a shaper of human affairs. It has affected the life of empires and the outcome of wars, helped alter the economy and the structure of society, and evoked outbursts of mass unrest. It continues to challenge the development of civilization. The course examines the impact of disease on Western history; the efforts of Western society to deal with disease through magic, religion, and science; and the role of disease as the theme of art, literature and popular culture.
SUNY GEN ED-GSBS, GAMH; NCC GEN ED-SBS, WESH
Credit Hours: 3
Department: History/Pol Sci/Geography

HIS 190 - The History of Sports in America
Prerequisites: Completion of RDG 001
Description: This course examines the evolution of sports in the context of American history. From the colonial era to the present, sports have been a mirror of the larger history of the nation. The course traces the growth of sports, both amateur & professional with an emphasis on the refining rules & organization, the role of the media & the changes that have taken place within the sporting world.
SUNY GEN ED-n/a; NCC GEN ED-SBS
Credit Hours: 3
Department: History/Pol Sci/Geography

HIS 198 - Health, Disease and Western History
An historical examination of the image, role and treatment of the Black Woman in America from the Age of Slavery to the advent of the feminist movement and the contemporary scene. Emphasis centers on the burdens of racism, sexism, single-parent motherhood, welfare, Black female and male relationships, sterilization, the Black family and the issues of Black Women's liberation, women's lib and the ERA amendment.
SUNY GEN ED-GSBS, GAMH; NCC GEN ED-SBS, WESH, PLDI
Credit Hours: 3
Department: History/Pol Sci/Geography

HIS 205 - The Ancient World
Prerequisites: Completion of RDG 001 and/or RDG 002.
Description: The peoples of ancient Mediterranean, African, Near Eastern, Asian and Celtic worlds and pre-contact America are the subjects of this course. Each civilization, with an emphasis on their art and literature, manners and morals, scientific and technological inventions, political, military, and economic institutions, triumphs and failures, is considered first in its own context, and then with reference to how, when, and with what consequences ancient civilizations affected one another.
SUNY GEN ED-GSBS, GOWC; NCC GEN ED-SBS, GLNW
Credit Hours: 3
Department: History/Pol Sci/Geography

HIS 207 - Early Modern Europe
Prerequisites: Completion of RDG 001 and/or RDG 002.
Description: This course covers the period in European history from 1500 to 1763, one in which the values, life-styles and power structure of the Middle Ages were consistently challenged by new forces which were ultimately victorious and laid the groundwork for the modern era. More than just a period of transition, the epoch includes some of the more creative and turbulent chapters in the history of European civilization.
SUNY GEN ED-n/a; NCC GEN ED-SBS, WESH
Credit Hours: 3
Department: History/Pol Sci/Geography

HIS 209 - Twentieth-Century Europe
Prerequisites: Completion of RDG 001 and/or RDG 002.
Description: A study of Europe in the 20th century, beginning with the foundations in 1870 and continuing to the present. The course examines the former world dominance of Europe and traces developments leading to its present status in the world community. Topics studied intensively include the origins of World War I, the impact of the Russian Revolution, the rise of fascism, and World War II, as well as the significant cultural, social and intellectual trends that shaped this epoch in European history.
SUNY GEN ED-GSBS, GOWC; NCC GEN ED-SBS, PLDI
Credit Hours: 3
Department: History/Pol Sci/Geography
COURSE DESCRIPTIONS

Fall 2012

SUNY GEN ED-GSBS, GWEH; NCC GEN ED-SBS, WESH
Credit Hours: 3
Department: History/Pol Sci/Geography
HIS 210 - The Modern Middle East
Prerequisites: A prior history course or permission of instructor, completion of RDG 001 and/or RDG 002.
Description: This course examines the multifaceted history of the Middle East, broadly construed as a geographic and cultural region, since the 18th century. Topics include religious and cultural traditions and varieties, gender issues, and the challenges and choices facing Middle Eastern states and societies in recent years. Regional conflicts, religious radicalism, and terrorism will be addressed. SUNY GEN ED-GSBS, GOWC; NCC GEN ED-SBS, GLNW, WESH, PLDI
Credit Hours: 3
Department: History/Pol Sci/Geography
HIS 211 - The History of the Islamic World
Prerequisites: English 101 or one history course or permission of the instructor. Completion of RDG 001 and/or RDG 002. Description: This course examines the early and modern history of Islamic societies and of Muslims in local and global contexts, including Africa, Central and South Asia, the Pacific, and the West. The course addresses topics such as politics and statecraft; religious and cultural traditions and varieties; gender roles; and the challenges and choices that Muslim societies and individuals have faced in medieval, early modern, and modern times. SUNY GEN ED-GSBS, GOWC; NCC GEN ED-SBS, GLNW, PLDI
Credit Hours: 3
Department: History/Pol Sci/Geography
HIS 212 - History of the Islamic World
Prerequisites: English 101 or one history course or permission of the instructor. Completion of RDG 001 and/or RDG 002. Description: This course examines the early and modern history of Islamic societies and of Muslims in local and global contexts, including Africa, Central and South Asia, the Pacific, and the West. The course addresses topics such as politics and statecraft; religious and cultural traditions and varieties; gender roles; and the challenges and choices that Muslim societies and individuals have faced in medieval, early modern, and modern times. SUNY GEN ED-GSBS, GOWC; NCC GEN ED-SBS, GLNW, PLDI
Credit Hours: 3
Department: History/Pol Sci/Geography
HIS 219 - Colonial Latin America
Prerequisites: Completion of RDG 001
Description: A survey history of Colonial Latin America, from the Age of Discovery and Conquest to the Independence Movement. Emphasis centers on the development and formation of Colonial Latin America, its political institutions and social problems. SUNY GEN ED- GSBS, GOWC; NCC GEN ED-SBS, GLNW, WESH, PLDI
Credit Hours: 3
Department: History/Pol Sci/Geography
HIS 220 - Modern Latin America
Prerequisites: Completion of RDG 001
Description: A history of Latin America in the 19th and 20th centuries dealing with the broad comparative features of the region. political, economic and social development. More specific analyses of national case studies are included together with a consideration of the frequent revolutions which have swept the nations of Latin America in the modern era. SUNY GEN ED-GSBS, GOWC; NCC GEN ED-SBS, GLNW, WESH, PLDI
Credit Hours: 3
Department: History/Pol Sci/Geography
HIS 221 - The Afro-Caribbean World
Prerequisites: AFR 140/HIS 176, HIS 220 or permission of instructor, completion of RDG 001
Description: (Dual Listed with AFR 203) An historical presentation of the African experience in the Caribbean nations of Cuba, Bahamas, Haiti, Dominican Republic, Jamaica, Puerto Rico, and the nations of the Lesser Antilles, Trinidad and Tobago. Emphasis centers on the impact and effects of African slavery in the Caribbean, African contributions to the region, its cultural roots in Caribbean society, and the contemporary problems in the Caribbean today. SUNY GEN ED-GSBS, GOWC; NCC GEN ED-SBS, GLNW, WESH, PLDI
Credit Hours: 3
Department: History/Pol Sci/Geography
HIS 222 - Modern Mexico and Central America
Prerequisites: Completion of RDG 001. Description: This course examines the history of Mexico and Central America from independence in the 1820s to the present. Attention will be paid to political events, such as the Wars of Independence, the Mexican Revolution and the Sandinista and FMLN movements, and to such long-term processes as the relationships among agrarian development, social movements and state-building. SUNY GEN ED-GSBS, GOWC; NCC GEN ED-SBS, GLNW, WESH, PLDI
Credit Hours: 3
Department: History/Pol Sci/Geography
HIS 225 - Modern China
Prerequisites: Completion of RDG 001 and/or RDG 002. Description: A survey of Chinese history & culture in the 20th Century. The course reviews the impact of the West on China in the modern era. Emphasis is placed on the Revolution of 1911, which ushered in the Republican era, the rise of Chinese Communism, & the present two-China situation. SUNY GEN ED- GSBS, GOWC; NCC GEN ED-SBS, GLNW, PLDI
Credit Hours: 3
Department: History/Pol Sci/Geography
HIS 230 - Modern Imperialism
Prerequisites: Completion of RDG 001 and/or RDG 002.
Description: This course examines Western Empire building and the struggle of colonized societies to gain independence. It begins by exploring the roots of imperialism in the 16th through the 18th centuries and continues with analysis of European imperialism in Africa and Asia in the 19th century. Motivations for imperial conquest, methods of rule, effects on the colonized societies and the United States expansionism in the 19th and 20th centuries are considered. This course also analyzes gender, race and the anti-colonial movements of the 20th century. It concludes with analysis of neocolonialism in the aftermath of the Cold War. SUNY GEN ED-GSBS, GWEH; NCC GEN ED-SBS, PLDI, WESH, GLNW
Credit Hours: 3
Department: History/Pol Sci/Geography
HIS 231 - The History of the Cold War
Prerequisites: Completion of RDG 001 and/or RDG 002.
Description: The course deals with one of the most significant areas of contemporary international conflict and tension: the mutual relationships among the United States, Russia, and China. Students probe the origins and development of the Cold War and peace in the 20th century. SUNY GEN ED-GSBS; NCC GEN ED-SBS, WESH
Credit Hours: 3
Department: History/Pol Sci/Geography
HIS 232 - The History of Ireland
Prerequisites: Completion of RDG 001.
Description: (Formerly HIS 170) This course focuses on Celtic history, foreign invasions, early modern Ireland before emancipation, the great famine, land reform, home rule, the Easter uprising, the Irish Free State, the independent republic, Northern Ireland, the present discord and the Dublin-London-Belfast-American connection. SUNY GEN ED-GSBS; NCC GEN ED-SBS, WESH
Credit Hours: 3
Department: History/Pol Sci/Geography
HIS 235 - Russia Since Peter The Great
Prerequisites: HIS 102 and completion of RDG 001 and/or RDG 002.
Description: This course tries to make Russia less puzzling by examining the cultural, social and political elements which have gone into the making of modern Russia. In the process

Nassau Community College: http://collegecatalog.ncc.edu/current
certain broad themes are considered, including Russia's place in Western tradition and the relationship between contemporary society and Russia's pre-revolutionary past.

SUNY GEN ED-GSBS; NCC GEN ED- n/a

Credit Hours: 3

Department: History/Pol Sci/Geography

HIS 236 - History of Israel

Prerequisites: Completion of RDG 001 and/or RDG 002.

Description: (Formerly HIS 135)
An interdisciplinary approach to the history of the modern state of Israel and the Jewish historical experience. Firsthand experiences and films are used in examination of the life and culture of modern Israeli, including an in-depth study of the Arab-Jewish conflict.

SUNY GEN ED-GSBS, GOWC; NCC GEN ED-SBS, PLDI

Credit Hours: 3

Department: History/Pol Sci/Geography

HIS 240 - Revolutions in the Modern World

Prerequisites: Completion of RDG 001 and/or RDG 002.

Description: A comparative study of revolutionary movements and ideologies from the time of Cromwell to the present, with an emphasis on the modern era. It deals with the causes and consequences of revolutions in their historical contexts, and discusses alternatives to violent overthrows of government as well as counter-revolutionary movements, past and present. The English, American, French, Russian, Chinese and Cuban revolutions are among those examined.

SUNY GEN ED-GSBS, GOWC; NCC GEN ED-SBS, WESH

Credit Hours: 3

Department: History/Pol Sci/Geography

HIS 245 - The Civil War and Reconstruction

Prerequisites: Completion of RDG 001 and/or RDG 002/

Description: The era of the Civil War and Reconstruction was the most traumatic in American history. The nation underwent an orgy of bloodshed and hatred, the aftereffects of which can still be seen to this day. This course examines the events and personalities of that turbulent era during which the nation was forged.

SUNY GEN ED-GSBS, GAMH; NCC GEN ED-SBS

Credit Hours: 3

Department: History/Pol Sci/Geography

HIS 250 - Era of the American Revolution

Prerequisites: ENG 101 or permission of instructor, completion of RDG 001 and/or RDG 002.

Description: An in-depth view of the American struggle for independence, removing much of the mythology that surrounds this classic confrontation between colonies and mother country. Beginning with the French and Indian War, the course examines the crises leading to revolution, the military aspects of the war itself, and ends with a look at the new nation in its infancy. Particular attention is focused on both British and Colonial views toward independence, the conspiratorial activities of the radical revolutionary minority, and the roles played by various individuals on all sides of the struggle in the War for Independence.

SUNY GEN ED-GSBS, GAMH; NCC GEN ED-SBS

Department: History/Pol Sci/Geography

HIS 270 - Racism in the Modern World

Prerequisites: One prior history course, either HIS 101, HIS 102, HIS 103, HIS 104, HIS 105 or HIS 106, completion of RDG 001 and/or RDG 002.

Description: (Students who require ENG 001 or RDG 001 cannot take this course until these requirements are met.) This course examines the origins and development of the national forces and institutions that have shaped racial ideas and practices over the last 500 years. Through a variety of historical materials, students will explore the comparative aspects and dimensions of racism, from early European overseas conquests to contemporary struggles for national political power.

SUNY GEN ED-GSBS, GWEH; NCC GEN ED-SBS, PLDI

Credit Hours: 3

Department: History/Pol Sci/Geography

HIS 280 - The Atlantic World 1450-1820

Prerequisites: Completion of RDG 001 and/or RDG 002

Description: The European navigations of the fifteenth century permanently connected four major continents and their distinct peoples many of whom before this time had no or only sporadic contact with one another. From 1450 onwards the Atlantic Oceans served as a "corridor" through which peoples, ideas, and things were exchanged and transformed. This course explores the Atlantic world created by this corridor by examining several themes: maritime exploration, European-Indian-African interactions, the rise of European imperialism in the Americas, the creation of Atlantic American communities in the Americas, the growth of an Atlantic economy, and rebellion and revolution in the Atlantic world.

SUNY GEN ED-n/a; NCC GEN ED-SBS, PLDI

Credit Hours: 3

Department: History/Pol Sci/Geography

HIS 290 - Religion in American History

Prerequisites: ENG 101.

Description: Religion has played an important role in the political, social, cultural, and intellectual history of America from the colonial era to the present. This course examines the diverse religions that have influenced and that have been influenced by the American past. Some of the belief systems considered are Protestant denominations, Roman Catholicism, Judaism, Islam, Buddhism, Hinduism, Mormonism, and African-American and Native-American religions.

SUNY GEN ED-n/a; NCC GEN ED-PLDI, SBS, WESH

Credit Hours: 3

Department: History/Pol Sci/Geography

Health Information Technology

HIT

HIT 151 - Medical Terminology

Description: This course will prepare students for careers in medical administration
by reviewing the terminology associated with many areas of medicine such as cardiovascular, digestive, central nervous, genitourinary, respiratory systems, etc. Emphasis is placed on etymology of words. (Students receiving credit for OFT 151 will not receive credit for HIT 151.) SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Administrative Business Tech

HIT 154 - Computer Software Applications in Health Care

Description: This course covers an overview of commonly available software tools used in health care, including introduction to encoding tools and computer assisted coding software used in health data processing. It includes an introduction to the electronic health record (EHR) process and the various health information systems currently used in health care delivery in the US. Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Administrative Business Tech

HIT 156 - Medical Coding CPT

Prerequisites: HIT 151 or permission of the Chairperson.

Corequisites: HIT 151 or permission of the Chairperson.

Description: This course provides instruction in the classification and coding of all ambulatory care and outpatient care encounters. The students will become familiarized with all aspects of CPT Coding and HCPCS Level II Coding. The course covers interpreting medical chart documentation and operative reports to accurately assign CPT codes for maximum physician reimbursement. Students will use popular coding software. The course covers information necessary for the completion of the CCA or CCS-P examination. Laboratory fee applies. (Students receiving credit for OFT 156 will not receive credit for HIT 156.) SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Administrative Business Tech

HIT 157 - Medical Coding ICD

Prerequisites: HIT 151 or permission of the Chair.

Description: This course will familiarize students with all practices and conventions of ICD Coding. Students will learn to assign numeric codes for medical diagnoses and procedures carried out in medical offices, hospitals, ambulatory surgery centers and other types of health care facilities. Emphasis will be placed on accurate code selection following approved guidelines and coding conventions. Students will use popular coding software. The course covers information necessary for the completion of the CCA or CCS-P examination. Laboratory fee applies. (Students receiving credit for OFT 157 will not receive credit for HIT 157.) SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Administrative Business Tech

HIT 158 - Reimbursement Methodologies

Prerequisites: HIT 157 with concurrence

Description: This course is designed to familiarize students with the basics of medical billing insurance reimbursement, and medical record documentation. The various types of prospective payment systems (PPS) used in health care reimbursement are discussed. Students complete billing, insurance and medical documentation forms, both manually and electronically. The course includes the study of the impact of federal legislation on health care reimbursement and an overview of the Federal Register. Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Administrative Business Tech

HIT 250 - Health Care Data Structure and Delivery Systems

Description: This course examines the concept of using health data and presenting it as usable information. Verification of data, data timeliness, data accuracy and data appropriateness, various data sets and data sources are discussed. Governmental requirements for data reporting are reviewed. The basics of medical record management, including format and documentation compliance are also discussed. Students review and analyze actual medical records. Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Administrative Business Tech

HIT 256 - Advanced CPT Coding

Prerequisites: HIT 151, HIT 156, HIT 158 or permission of the Chairperson.

Description: This course focuses on the advanced practice of the application of CPT coding. Students review and code advanced clinical and medical scenarios related to various body systems. Software coding packages and the use of CPT and HCPCS manuals to code for physician procedures and services are reviewed. Emphasis is placed on surgical coding. The students are introduced to procedure based payment systems including RBRVS, E&M codes and APC assignments. Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Administrative Business Tech

HIT 257 - Advanced ICD Coding

Prerequisites: HIT 156, HIT 157 or permission of the Chairperson.

Description: This course focuses on the advanced practice of the application of ICD-9 coding. Students review and code advanced clinical and medical scenarios related to various body systems. Coding standards guidelines and regulatory requirements for each system are discussed. The students are introduced to diagnostic based prospective payment groupers including DRG, APR-DRG and RUGS, as well as diagnostic coding systems including ICD-10 and the DSM-IV. Course includes an introduction to Systemized Nomenclature of Medicine (SNOMED) and its role as a basis for the electronic health record (EHR). Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Administrative Business Tech

HIT 258 - Medical Coding Work Study

Prerequisites: HIT 158, HIT 256, HIT 257.

Description: This course is a supervised work experience that provides students with exposure to coding practices in a hospital, physician's office, clinic or other health care setting with directed projects common to the typical coding tasks of a clinical coding specialist. Students are introduced to health information technology and coding procedures through observation, study and work. Weekly seminars reinforce work experience. SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Administrative Business Tech

HIT 260 - Quality Management and Organizational Resources in HIM

Prerequisites: HIT 154, HIT 158, HIT 250.

Description: This course covers quality assessment and improvement tools related to health information management. Regulations surrounding utilization management and risk management are discussed. Organizational functions of health information management systems are also discussed. (2 lecture, 2 laboratory hours) Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Administrative Business Tech

HIT 265 - Health Data Statistics

Description: This course is a supervised work experience that provides students with exposure to coding practices in a hospital, physician's office, clinic or other health care setting with directed projects common to the typical coding tasks of a clinical coding specialist. Students are introduced to health information technology and coding procedures through observation, study and work. Weekly seminars reinforce work experience. SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Administrative Business Tech
**Human Rights Studies**

**HRS**

**HRS 101 - Introduction to Human Rights Studies**
Prerequisites: Completion of remedial courses in MAT, ENG and RDG.

Description: Introduction to Human Rights Studies uses an interdisciplinary approach incorporating sources from United Nations reports, human rights documents, legal documents, literature, film, art and media to encourage critical thinking in the study of international human rights. This course investigates what human rights are, how they are monitored and defended by governments, international agencies and NGOs and what happens when human rights are violated. (Important case studies will be examined).

SUNY GEN ED-n/a; NCC GEN ED-GLNW, PLDI

Credit Hours: 3

**Department: Multidisciplinary Studies**

**Hospitality**

**HTL**

**HTL 150 - Introduction to Tourism**
Description: This course is designed to introduce students to basic concepts and the language and scope of the tourism industry. It includes the evolution, economic function and analysis of modes, organization, and arrangement of travel.

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

**Department: Hotel & Restaurant Tech**
HTL 155 - International Hospitality Industry
Description: A course providing students with techniques and international methods of tourism, culinary arts, hotel/restaurant management. It includes independent research, visits to hotels, restaurants, culinary arts schools and hotel universities. Special expenses for students: air fare to and from foreign countries, food, lodging, taxes, transfers, etc., for approximately two to three weeks.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Hotel & Restaurant Tech

HTL 161 - Hospitality Management
Description: Traces the growth and development of the lodging industry from early times to modern hotel and motel operations. Covers the application of marketing research to site location, customer demand and determination of operational needs. Includes design and layout, front office requirements, maintenance, equipment and housekeeping activities.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Hotel & Restaurant Tech

HTL 162 - Hospitality Human Resources
Description: Advanced management techniques and problems confronting the hotel-motel industry. Emphasis on personnel and labor relations. Dimensions of personnel management and responsibilities, operational problems of seasonal arrangements and various aspects of employee development and career potential are covered. Current and future industry-wide trends and problems are also investigated.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Hotel & Restaurant Tech

HTL 165 - Facilities Planning and Design
Description: The course of study concentrates on the hotel/restaurant complex, taking into consideration all phases of the enterprise, including coverage of topics in equipment selection, mechanical operations, traffic flow, hotel operations, and other ancillary functions to prepare the innkeeper and his/her staff for effective decision making.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Hotel & Restaurant Tech

HTL 171 - Food and Beverage Operations
Description: An introduction to food and beverage management, including the elements of stewarding, staffing, budgeting, purchasing, ordering, receiving, storage and control. Topics include equipment layout and design, sanitation and analysis of the food and beverage operation in relation to the lodging facility.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Hotel & Restaurant Tech

HTL 172 - Food Services Cost Analysis
Description: An intensive study of the 'control' aspects of the food and beverage industry that dictate profit or loss. Emphasis is placed on sales analysis, pricing, portion control, cost analysis, menu scoring and guideline percentage tests for all major expense components integral to food and beverage operations. Computer lab will be utilized.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Hotel & Restaurant Tech

HTL 174 - Fundamentals of Food Preparation
Description: An introduction to food and beverage management emphasizing basic culinary skills, practices, and the complete sanitation program in food establishments. Chef Instructor demonstrates proper culinary methods and preparations. Students then perform learned skills. Students are required to produce foods and clean and sanitize the kitchen laboratory. Lifting required. Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Hotel & Restaurant Tech

HTL 175 - Food and Beverage Merchandising
Description: Emphasis is placed on the presentation function including menu design & layout, wine & beverage selection, promotion, theme development, creating an atmosphere for dining & marketing the "total product." Students will learn how to cost-out menu items & how to develop a menu. Computer lab will be utilized.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Hotel & Restaurant Tech

HTL 176 - Advanced Food Production Techniques
Description: Commercial food preparation emphasizing quantity food production, the elements of baking, and the institutional approach to volume feeding. Chef Instructor also demonstrates more advanced techniques of food preparation. Students are required to produce foods and clean and sanitize the kitchen laboratory. Lifting required. Uniform required. Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Hotel & Restaurant Tech

HTL 177 - Servsafe Sanitation
Description: Students learn the basic concepts of food safety that is needed to help protect consumers and businesses against foodborne illness outbreaks. The course demonstrates industry safety methods utilized in food handling, storage, and preparation. It prepares students for an exam sponsored by the National Restaurant Association and administered at the college. Servsafe is a nationally recognized certification.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 1
Department: Hotel & Restaurant Tech

HTL 178 - Event Planning
Description: An opportunity for hands-on experience in the catering, banquet, convention and function business. Topics include banquet service, convention sales and packaging, catering menus, recipes, and food preparation. The student meets one class lecture per week and actually produces two catered special functions (approximately 17 hours per function) per semester. The student plans, costs-out, prepares and serves the special function for the advancement of the College community on dates established by the instructor.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Hotel & Restaurant Tech

HTL 180 - Front Office Management
Description: The analysis of the coordination of all departments emphasizing the control function. Topics include front office procedure, cash control, credit and collections, record keeping, equipment management and the integration of business machines in posting and auditing procedures. Computer lab will be utilized.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Hotel & Restaurant Tech

HTL 190 - International Wines and Beverages
Description: An introduction to the major wine-growing regions of the world and the factors necessary to create an acceptable final product. Topics will include growing and
vinification techniques, law and labeling, geography. The course will include discussion on distilled spirits and an introduction to bartending. Students may receive AHMA “Serving Alcohol with Care” Certification. Fee required. SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Hotel & Restaurant Tech

HTL 200 - Hotel Operations Research Seminar

Description: A comprehensive analysis of developments and problems in the hotel/motel industry utilizing contemporary developments. Emphasis is placed on the integration of the hotel/motel business with the hospitality industry and its present and future role. Students are involved in extensive case analysis. Some field trips required. Minimum 21 hotel/restaurant credits completed. SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Hotel & Restaurant Tech

HTL 205 - Food and Beverage Operations Research Seminar

Description: An analysis of contemporary developments and problems in the food service industry. All facets are explored including institutional feeding, fast foods, and specialty restaurants from gourmet to catering. Some field trips required. Minimum 15 hotel/restaurant credits completed. SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Hotel & Restaurant Tech

HTL 242 - Hospitality Internship

Description: Students work for appropriate business firms, institutions and/or agencies to enrich the theoretical concepts previously developed in the classroom. Students must complete 350 hours on-the-job training as assigned by the professor in conjunction with assigned papers and coursework. Some office visits are required by the assigned professor. SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Hotel & Restaurant Tech

HTL 600 - Cooperative Partnership with Industry

Prerequisites: Students are required to take ENG 001, RDG 001, RDG 002, MAT 001, MAT 002 or MAT 003 must successfully satisfy all remedial requirements prior to taking this course. In addition, students must have completed a minimum of 12 credits and be in good academic standing.

Description: The course provides supervised, practical, paid, full time experience at institutions that offer students opportunities to which they apply concepts learned in the classroom. Written reports demonstrating the understanding of theories and their applications are an integral part of the curriculum. Travel and living expenses may be incurred contingent upon placement. SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 6

Department: Hotel & Restaurant Tech

Inter Global Studies

IGS

IGS 101 - Modern World Societies I

Description: This interdisciplinary social science course will chronologically explore the development of the modern world from 1500 to 1877. Course content will focus on such topics as scarcity, population dynamics, disease, industrialization, poverty, conflict, and international trade. Pertinent skills will be developed. This course will give students an awareness of the interdependence among past and present nations. Students will work with maps to gain an understanding of geography and the changing world order. SUNY GEN ED-GOWC, GSBS; NCC GEN ED-WESH, PLDI, SBS GLNW

Credit Hours: 3

Department: Economics and Finance

IGS 102 - Modern World Societies II

Description: This interdisciplinary social science course will chronologically explore the development of the modern world from 1878 to the present. Course content will focus on such topics as scarcity, population dynamics, disease, industrialization, poverty, conflict, and international trade. Pertinent skills will be developed. This course will give students an awareness of the interdependence among past and present nations. Students will work with maps to gain an understanding of geography and the changing world order. SUNY GEN ED-GOWC, GSBS; NCC GEN ED-WESH, PLDI, SBS GLNW

Credit Hours: 3

Department: Economics and Finance

Interior Design

INT

INT 101 - Interior Design Studio I

Description: This course presents an overview of methods for designing residential, business and institutional interiors. Topics taught include the functions and responsibilities of the interior designer as distinguished from other practitioners in the field, space selection, analysis and planning, scale drawing, projections, furniture layouts. Average Materials Cost: $225. SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Marketing & Retailing

INT 102 - History of Furnishings and Design

Description: The course is a comprehensive survey of the development of furnishings and interior design from ancient times through the 20th century. Principal movements and periods include: Classic, Renaissance, Baroque, Neo-Classical, Arts and Crafts, Art Nouveau, Art Deco, Modern and Post-Modern design. The development of styles is chronologically traced within the context of the prevailing social and historical forces that affect design. For special (as indicated on Banner) sections only: Field trips are required as part of the course. Additional transportation fee and entrance fees to museums and historical sites are required. SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Marketing & Retailing

INT 103 - Trends in Furniture and Lighting Design

Prerequisites: ENS 101.

Description: This course covers trends and influences on 20th-century furniture and lighting for the home, office and public interior spaces. The latest trends and technologies are examined through a study of the furniture design process. Crafts and art furniture, antiques and collectibles, are studied for their influences on trends. The wide range of available lighting materials is explored. Creation of dramatic and functional lighting effects and spatial interpretations are studied. Average Materials Cost: $50. SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Marketing & Retailing

INT 104 - Color for Home Furnishings and Design

Description: This course familiarizes students with color language and technology as it applies to interior design. It focuses on the following areas: light and color, color systems, color schemes, special color effects, practical approaches to and the psychological impact.
of colors. In addition, students are taught to design a color schematic which is applied to a variety of room plans, and to solve common color problems. Average Materials Cost: $150. SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Marketing & Retailing

INT 105 - Resources and Materials

Prerequisites: INT 101, 103, 201, 203 with a minimum grade of C and ENS 101 or permission of Department

Description: Emphasis is on the analysis, identification and application of materials for interiors. Wall and floor coverings, cabinetry, windows and upholstery are examined. Students learn to estimate cost and quantities of materials needed for design projects. Resources (vendors of furniture, fabrics, accessories, etc.) are explored. Field trips to suppliers, workrooms and “trade only” showrooms will be scheduled. There will be classroom lectures by manufacturers' representatives and other industry spokespeople. Average materials cost: $50. SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Marketing & Retailing

INT 107 - Professional Practices and Business Techniques

Prerequisites: INT 101, INT 106, ART 111 and ENS 101 with a minimum grade of C in all prerequisites or permission of Department.

Description: This course is designed to prepare students to understand and execute business aspects of Interior Design. It teaches the concepts and skills necessary to start and to develop an Interior Design business. Sample topics covered include types of business formations, formulating contracts, project management, methods of determining and applying fees, securing financial and legal council, professional ethics, etc. Students are required to develop a prototype client job book - developing a full battery of working forms which are standard in the industry. Average Materials Cost: $75. SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Marketing & Retailing

INT 108 - Final Thesis and Portfolio Development

Prerequisites: INT 101, INT 105, INT 106, ART 111 and ENS 101 with a minimum grade of C in all prerequisites or permission of Department.

Description: This course develops and refines skills necessary to execute effective design presentations for submission to clients. It teaches concepts and techniques for compiling portfolios suitable to obtaining work in the profession. The student will submit an Exit Portfolio and present a final thesis with emphasis on universal design. Student must have a minimum of ten completed Interior Design Projects for Portfolio Development. Average Materials Cost: $150. SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Marketing & Retailing

INT 115 - Kitchen and Bath Design I

Prerequisites: INT 101, ENS 101

Description: This course is intended to educate the professional residential interior kitchen and bath designer with the appropriate applications for kitchen and bath design in compliance with industry and manufacturers' standards. The student will learn local and state building codes, licensing, and legislative requirements that are necessary to perform all tasks associated with kitchen and bath design and installation standards. Student must be enrolled in Kitchen and Bath Design Certificate Program. SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Marketing & Retailing

INT 118 - Presentation Standards for Kitchen and Bath Design

Prerequisites: INT 101, INT 103, INT 105, ENS 101, CET 101, CET 107.

Description: Student must be enrolled in the Kitchen and Bath Certificate Program. This course teaches students to read architectural drawings used in the design process of a kitchen or bathroom. Students learn to produce working documents according to NKBA (National Kitchen and Bath Association) Graphics and Presentation Standard Manual. Students will become competent in the following: proper use of equipment, architectural lettering, drawing of floor plans, elevations, mechanical, section and detail drawing. NKBA Standards are used in all drawings including perspective and isometrics. SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Marketing & Retailing

INT 201 - Interior Design Studio II

Prerequisites: INT 101, INT 102, ART 111 and ENS 101.

Description: Students who have taken INT 106 will not get credit for INT 201. (Formerly INT 106). Presents a lesson in mechanical, studio drafting for interior design majors. Students will be required to draw layouts, elevations, reflective ceiling plans, matrix assessments, and perspective thumb-nail drawings. This will prepare each student for the full gamut of drawings that professional interior designers must necessitate. The presentations of these projects meet a criteria for portfolio development. Average Materials Cost: $75. SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Marketing & Retailing

INT 203 - Presentation Techniques for Interior Designers

Prerequisites: INT 101, INT 102, INT 104, INT 201, ENS 101, ENS 105, ART 111.

Corequisites: INT 103, INT 105, INT 107, CET 107.

Description: This course develops and perfects the rendering skills necessary to allow learners graphic expression of interior space. Client presentation technique, visual skills and scale modeling are emphasized as well as materials and coordination. SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Marketing & Retailing

INT 206 - Interior Design Working Drawings

Prerequisites: INT 101, INT 102, INT 104, INT 201, ENS 101, ENS 105, ART 111, CET 101.

Corequisites: INT 103, INT 105, INT 107, CET 107.

Description: Must be an Interior Design Major. This course teaches the student to prepare a set of working drawings for use by a contractor and / or architect. Architectural drafting techniques, schedules, specifications of materials and finishes, principles of door window and cabinet detailing are included. The learner will survey architectural drawings and identify with the conventions employed by architects, engineers and building trades.
Materials Fee. Enrollment limited to Interior Design students.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Marketing & Retailing

INT 215 - Kitchen and Bath Design II
Prerequisites: INT 101, ENS 101, CET 101, INT 115, MKT 170.
Description: This course offers the Kitchen and Bath design professional a guide to be used in the planning of Kitchen and Bath at an advanced level. The focus of this course is to enforce the design elements of kitchen and bathroom design and learn the parameters for both universal and sustainable design as applies to kitchen and bath installations. This course enables the kitchen and bath professional to make the proper choices in planning and installing kitchens and baths. The learner will understand the value and techniques of designing universal and sustainable areas suitable to the needs of a client. Each student will learn to create and maintain a design portfolio of projects showing skill and ability to successfully prepare a design presentation. Student must be enrolled in the Kitchen and Bath Design Certificate Program.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Marketing & Retailing

INT 301 - Interior Design Studio III
Prerequisites: INT 101, INT 102, INT 104, INT 201, ENS 101, ENS 105, ART 111.
Corequisites: INT 103, INT 105, INT 107, CET 107.
Description: This studio course requires the student to focus on specific building types and user groups such as corporate, retail and institutional. Research methods and client requirements are introduced along with techniques in the diagramming and programming of interior space to provide client needs. Design concept, image, color and finishes, graphics, building codes and universal as well as sustainable design are emphasized. Student presentations will be evaluated by professional interior designers. Material fee. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Marketing & Retailing

INT 401 - Interior Design Studio IV
Prerequisites: INT 101, INT 102, INT 103, INT 104, INT 106, INT 201, INT 301, ENS 101, ENS 105, ART 111.
Corequisites: INT 105, INT 107, CET 107.
Description: Through research, design analysis, and problem solving students explore the wide variety of user groups and discover the challenges associated with the use of multi functional hospitality design. Emphasis on GREEN DESIGN lighting, materials, details color, finishes, barrier free design and building codes. Industry professionals will be available for critique of student projects. Materials Fee.

INU

Italian

ITA

ITA 101 - Beginning Italian I
Prerequisites: Satisfactory completion of ENG 001 and RDG 002.
Description: This is the first course in the ITA 101-102 sequence. Fundamentals of grammar, pronunciation, culture and conversation. Reading, writing, listening comprehension, and simple conversational patterns. This course is not intended for students of Italian speaking background. Laboratory fee applies. Laboratory component required.
SUNY GEN ED-GFOL; NCC GEN ED-HUM, WESH
Credit Hours: 3
Department: Foreign Languages

ITA 102 - Beginning Italian II
Prerequisites: Satisfactory completion of ENG 001 and RDG 002. ITA 101 or equivalent.
Description: This is the second course in the ITA 101-102 sequence. More complex grammar, forms, etc. Students will also learn how to deal with cultural aspects of the international business environment. Laboratory fee applies. Laboratory component required.
SUNY GEN ED-GFOL; NCC GEN ED-HUM
Credit Hours: 3
Department: Foreign Languages

ITA 201 - Intermediate Italian I
Prerequisites: Satisfactory completion of ENG 001 and RDG 002. ITA 102 or equivalent.
Description: This is the first course in the ITA 201-202 sequence. Development of listening, speaking, reading and writing skills. Conversation and writing practice stimulated through a wide variety of cultural materials.
SUNY GEN ED-GFOL; NCC GEN ED-HUM, WESH
Credit Hours: 3
Department: Foreign Languages

ITA 202 - Intermediate Italian II
Prerequisites: Satisfactory completion of ENG 001 and RDG 002. ITA 201 or equivalent.
Description: This is the second course in the ITA 201-202 sequence. Development of listening, speaking, reading and writing skills. Conversation and writing practice stimulated through a wide variety of cultural materials.
SUNY GEN ED-GFOL; NCC GEN ED-HUM, WESH
Credit Hours: 3
Department: Foreign Languages

ITA 301 - Advanced Italian I
Prerequisites: Satisfactory completion of ENG 001 and RDG 002. ITA 202 or equivalent.
Description: This is the first course in the ITA 301-302 sequence. More complex grammar, enrichment of vocabulary, and improvement of proficiency in speaking, reading, writing and translation, combining traditional methodology with a multimedia approach to literature and/or civilization. Class conducted in Italian.
SUNY GEN ED-GFOL; NCC GEN ED-HUM, WESH
Credit Hours: 3

Information Technology

ITE

ITE 101 - Introduction to Information Technology

Prerequisites: Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting this course.

Description: Students will not receive credit for both ITE 101 and CMP 103. This course offers a broad-based introduction to the field of Information Technology (IT) including its evolution, current trends and future directions. Students will be introduced to the various aspects of IT along with an understanding of the technical support that is provided to employees and organizations. IT fundamentals, operating systems and hardware, web development, networking, and information and database systems will be covered.

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Math/Computer Science/Info Tec

ITE 154 - Web Programming I

Prerequisites: At least a C or better in both CSC 104 and ITE 101. Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting this course.

Description: This course is an introduction to the fundamentals of programming using a modern object-oriented scripting language such as JavaScript. Object-oriented and fundamental programming concepts are covered along with events, event handlers, both built in functions and user-defined functions, predefined and user-defined objects, web form validation and browser considerations. Projects and assignments will mirror real-world applications and usage. Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 4

Department: Math/Computer Science/Info Tec

ITE 204 - Java Programming

Prerequisites: A grade of C or better in ITE 154. Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course.

Description: This course is an introduction to object-oriented programming using the Java programming language. Students will become familiar with the concepts of objects and classes, inheritance, polymorphism, and encapsulation. Topics include creating graphical user interfaces, servlets, networking, and exception handling. Optional topics include applets and multi-threading. Students who have completed CMP 218 will not get credit for ITE 204. (4.5 lecture hours) Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Math/Computer Science/Info Tec

ITE 223 - Network Management I

Prerequisites: A grade of C or better in ITE 153; concurrency with ITE 213 permitted. Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course.

Description: This course is designed to cover fundamental and advanced concepts in network theory and system administration. Use of the network operating system in planning and management of directory services and network file systems are stressed. Additional topics include: setting up and maintaining user accounts, protecting network data, network printing, management of devices, application software, workstation management, data communications and network security. This course contains knowledge units typically needed for professional certification. The lab portion of the course incorporates a widely used network operating system by Novell and/or Microsoft. Students who have completed CMP 110 will not get credit for ITE 223. (4.5 lecture hours). Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Math/Computer Science/Info Tec

ITE 252 - Database Management

Prerequisites: A grade of C or better in both CSC 104 and ITE 101. Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course.

Description: This course is an introduction to database processing for business applications. Emphasis is placed on the design, implementation and administration of a database as well as the use of Structured Query Language (SQL). Students will develop...
ITE 253 - Network Management II

Prerequisites: A grade of C or better in ITE 223. Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting this course.

Description: This course is designed to cover advanced concepts in network configuration and implementation. Topics include methods of installation, and upgrading of server operating system software along with implementation, merging and integration techniques. Configuration and applications of multiple protocols including, Web server and File Transfer Protocol (FTP) services, will also be discussed. This course contains knowledge units typically needed for professional certification. This course will incorporate a widely used network operating system by Novell and/or Microsoft. Students who have taken CMP 209 will not get credit for ITE 253.

Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 4

Department: Math/Computer Science/Info Tec

ITE 254 - Web Programming II

Prerequisites: A grade of C or better in ITE 204. Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting this course.

Description: This course offers students advanced instruction in web programming via server-side and client-side programming languages and database integration. Students develop interactive web pages to understand how web professionals build e-commerce and search sites in the job marketplace. Languages PHP, JSP, and CSS are used and integrated with MySQL. Various development tools are explored.

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Math/Computer Science/Info Tec

ITE 264 - Applications Development

Prerequisites: A grade of C or better in ITE 204 or CMP 219 or permission of the Department; concurrency with ITE 252 permitted. Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course.

Description: This course introduces the student computer programming using a GUI (Graphical User Interface) programming language. Business and information system applications are developed using Visual Basic .NET. The course provides the concepts of event-driven programming, terms, rules, and programming components for database application development. Students who have completed CMP 214 will not get credit for ITE 264.

Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Math/Computer Science/Info Tec

International Field Training

IWS

IWS 142 - International Field Training

Prerequisites: Permission of Department Chairperson.

Description: During summer intersession. Students work for appropriate international business firms, institutions and/or agencies to enrich the theoretical concepts previously developed in the classroom. Students work outside of the U.S.

Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Math/Computer Science/Info Tec

Japanese

JPN

JPN 101 - Beginning Japanese I

Prerequisites: Satisfactory completion of ENG 001 and RDG 002.

Description: Fundamentals of grammar, pronunciation, culture and conversation. Reading, writing, listening, comprehension, and simple conversational patterns. Laboratory fee applies. Laboratory component required.

SUNY GEN ED-GFOL; NCC GEN ED-HUM

Credit Hours: 3

Department: Foreign Languages

JPN 102 - Beginning Japanese II

Prerequisites: Satisfactory completion of ENG 001 and RDG 002. JPN 101 or equivalent.

Description: Fundamentals of grammar, pronunciation, culture and conversation. Reading, writing, listening comprehension and simple conversational patterns. Laboratory fee applies. Laboratory component required.

SUNY GEN ED-GFOL; NCC GEN ED-HUM

Credit Hours: 3

Department: Foreign Languages

Jewish Studies

JWS

JWS 101 - Introduction to World Jewish Studies

Description: This course introduces students to the multicultural diversity of the Jewish community. By reading, viewing, and discussing historical and contemporary material, students learn about Jewish traditions and cultures, including Mizrahi (Eastern, African), Sephardi (Iberian), Ashkenazi (non-Iberian European). Students explore the global spectrum of Jewish experience and identity.

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Multidisciplinary Studies

Latin American Studies

LAS

LAS 101 - Introduction to Latin American Studies

Description: This course introduces students to the interdisciplinary study of the diverse nations, traditions, experiences, and concerns of the peoples in Latin America. Class, race, and ethnicity issues, gender, language, and identity will be explored through a variety of media. Sociological, political, literary, historical, and theoretical contexts will frame the examination of subjects such as family, religion, ideological perspectives, (neo) colonialism, labor, the state, the economy, the environment, and the arts.

SUNY GEN ED-n/a; NCC GEN ED-GLNW, PLDI, WESH

Credit Hours: 3

Department: Multidisciplinary Studies

LAS 105 - Introduction to Latino/a American Studies in the U.S.

Description: This course is an introduction to the interdisciplinary study of Latinas and Latinos in the U.S. Students will examine the integration of various groups such as Puerto Rican, Mexican-American, Cuban, and Central American into a large society; the diverse contributions made by and issues facing the communities: immigration, assimilation,

racism, identity, bilingualism, generational differences, political representation, social and economic status, education, and forms of art; music and entertainment.

SUNY GEN ED-n/a; NCC GEN ED-PLDI
Credit Hours: 3
Department: Multidisciplinary Studies

LAS 222 - Latin American Literature
Prerequisites: ENG 102 or ENG 109.
Description: (Dual Listed with ENG 222) This course introduces students to the range of traditions that comprise the literatures of Latin America. It will examine literary productions in specific cultural and historical contexts. Spanish, Portuguese, and Francophone literature, as well as indigenous works from such countries as Brazil, El Salvador, Argentina, Cuba, Puerto Rico, and Mexico will be studied in translation. Writing is an integral component of this course. This course may not be used for foreign language credit.

SUNY GEN ED-GHUM; NCC GEN ED-HUM, LIT, PLDI
Credit Hours: 3
Department: Multidisciplinary Studies

Latin

LAT

LAT 101 - Beginning Latin I
Prerequisites: Satisfactory completion of ENG 001 and RDG 002.
Description: The essentials of Latin grammar and vocabulary. Selected readings from prose authors. Laboratory fee applies. Laboratory component required.

SUNY GEN ED-GFOL; NCC GEN ED-HUM, WESH
Credit Hours: 3
Department: Foreign Languages

LAT 102 - Beginning Latin II
Prerequisites: Satisfactory completion of ENG 001 and RDG 002, LAT 101 or equivalent.
Description: The essentials of Latin grammar and vocabulary. Selected readings from prose authors. Laboratory fee applies. Laboratory component required.

SUNY GEN ED-GFOL; NCC GEN ED-HUM, WESH
Credit Hours: 3
Department: Foreign Languages

Legal Studies

LAW

LAW 103 - Business Law I
Description: An overview of the Law and the American legal system and court structure; an extensive study of the basic principles of the law of contracts, sales, and security devices.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Legal Studies

LAW 104 - Business Law II
Prerequisites: LAW 103.
Description: The legal aspects of business including basic principles of real and personal property, bailments, wills and intestate succession. It will also cover business arrangements including partnerships, corporations, limited liability companies as well as commercial paper.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Legal Studies

LAW 105 - Introduction to Current Law
Description: Understanding the law in connection with the world of sports is important because the business of sports is a multibillion dollar industry that provides a variety of employment opportunities. Through the subject of sports, the course will cover topics in the law such agency, contracts, torts, crimes, discrimination, international law, antitrust and labor law, intellectual property and alternative dispute resolution.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Legal Studies

LAW 106 - Sports and the Law
Description: Understanding the law in connection with the world of sports is important because the business of sports is a multibillion dollar industry that provides a variety of employment opportunities. Through the subject of sports, the course will cover topics in the law such agency, contracts, torts, crimes, discrimination towards women and persons with disabilities, international law, antitrust and labor law, intellectual property and alternative dispute resolution.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Legal Studies

LAW 107 - Hotel Management Law
Description: A study of the origins and evolution of law in America. Our legal institutions and judicial systems will be examined. Contemporary legal issues will be explored. The student will learn to appreciate how law helps us to resolve our conflicts and address our problems through various legal techniques. This course will not focus on specific laws and rules, but rather on understanding the nature of law, how it affects us and what its limitations are.

SUNY GEN ED-n/a; NCC GEN ED-PLDI
Credit Hours: 3
Department: Legal Studies

LAW 200 - The Nature and Functions of Law

Description: (Honors and non-Honors section) A study of the origins and evolution of law in America. Our legal institutions and judicial systems will be examined. Contemporary legal issues will be explored. The student will learn to appreciate how law helps us to resolve our conflicts and address our problems through various legal techniques. This course will not focus on specific laws and rules, but rather on understanding the nature of law, how it affects us and what its limitations are.

SUNY GEN ED-n/a; NCC GEN ED-PLDI
Credit Hours: 3
Department: Legal Studies

LAW 201 - The Nature and Functions of Law

Description: (Honors and non-Honors section) A study of the origins and evolution of law in America. Our legal institutions and judicial systems will be examined. Contemporary legal issues will be explored. The student will learn to appreciate how law helps us to resolve our conflicts and address our problems through various legal techniques. This course will not focus on specific laws and rules, but rather on understanding the nature of law, how it affects us and what its limitations are.

SUNY GEN ED-n/a; NCC GEN ED-PLDI
Credit Hours: 3
Department: Legal Studies

LAW 203 - Environmental Law, Policy & Sustainability
Description: This course will explore the evolution of environmental law and policy focusing on the creation, implementation and interpretation of legislative enactments and administrative regulations. The impact of governmental policies on human needs and our natural resources will be examined. Students will gain familiarity with current issues and case law dealing with environmental disruption, sustainabilibity and corporate social responsibility.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Legal Studies

LAW 300 - Introduction to Law and the Legal System
Description: A study of the American legal system, including its historical development and judicial structure. The course will emphasize legal process, reasoning, and analysis. The student will also learn about the paralegal profession, including its ethical responsibilities.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Legal Studies

LAW 301 - Litigation
Prerequisites: LAW 305.
Description: A study of the lawsuit with an emphasis on pleadings. The student will study and will be required to prepare such documents as the summons, complaint, answer, interrogatories, motions, orders to show cause, and orders. Some of the other topics to be covered are pretrial settlements, releases, and enforcement of judgments.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Legal Studies

LAW 302 - Partnerships and Corporations

Legal Studies

Nassau Community College: http://collegecatalog.ncc.edu/current
Prerequisites: LAW 305.

Description: An in-depth study of the law of partnerships, corporations, and limited liability entities. An analysis will be made of the creation of the partnership as well as its termination. New York State corporate requirements will be analyzed with a view of the creation and termination of the corporation. The student will be required to prepare the various partnership and corporation agreements and documents.

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Legal Studies

LAW 303 - Estates and Administration

Prerequisites: LAW 305.

Description: The study of wills, intestacy, and administrative proceedings. The student will study basic aspects of estate planning, will preparation, probate, and administration.

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Legal Studies

LAW 304 - Real Property

Prerequisites: LAW 305.

Description: A study of the various types of real property relationships and transactions. Such areas as contracts, deeds, mortgages, leases, and title searches will be reviewed. The student will be required to prepare the various real property documents, compute closing adjustments, and prepare closing statements.

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Legal Studies

LAW 305 - Legal Research and Writing

Prerequisites: LAW 300

Corequisites: LAW 300.

Description: The course will serve two functions: first, to teach the paralegal to use a library effectively in conducting legal research; and second, to prepare a written memorandum dealing with the results of this research.

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Legal Studies

LAW 306 - Practicum

Prerequisites: All LAW courses in Paralegal Program. Permission of instructor required.

Description: Supervised practical experience in a law firm or law-related institution.

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Legal Studies

LAW 307 - Torts and Personal Injury

Prerequisites: LAW 301 and LAW 305.

Description: An in-depth study of the Law of torts with emphasis on negligence. This course will familiarize students with the negligence litigation process and the practical aspects of assisting attorneys in the personal injury field.

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Legal Studies

LAW 308 - Family Law

Prerequisites: LAW 305.

Description: A study of the marriage relationship, legal problems with children, dissolution of marriage, custody, legitimacy, adoption, change of name, guardianship, support, court procedures and separation agreements.

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Legal Studies

LAW 309 - Law Office Management

Prerequisites: LAW 300

Corequisites: LAW 300.

Description: Introduction to basic concepts of Law office management for the Paralegal, including an examination of Law office structure, management principles, and legal ethics. In addition, the course will include an introduction to computer utilization in litigation support, legal research and case management. Students must be familiar with word processing or enroll in OFT 109 prior to taking this course.

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Legal Studies

LAW 310 - Bankruptcy/Debtor and Creditor Law

Prerequisites: LAW 305.

Description: Introduction to the basic concepts of bankruptcy Law, including the Paralegal's role in the preparation and filing of necessary documents for Chapters 7, 11, and 13 bankruptcy cases. In addition, the student will be instructed in the use of current computer software in bankruptcy practice.

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Legal Studies

LAW 311 - Legal Writing and Analysis

Prerequisites: LAW 300 and LAW 305.

Description: This course will emphasize the development of legal writing skills for the paralegal. The student will draft letters, briefs, memoranda, and other documents used in legal practice. The students will learn the mechanics of legal writing, stressing clear and concise expression, citation, and terminology.

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Legal Studies

LAW 312 - Elder Law

Prerequisites: LAW 300 and LAW 305.

Description: LAW 312, Elder Law, will provide the student with knowledge of the basic concepts of elder law including the paralegal's role in the preparation and filing of necessary legal documents such as power of attorney forms, health care proxies, living wills, advance directives and last wills and testaments. It will also focus on such topics as guardianships, health care decision making, Medicaid, long-term care housing options, various tax issues, social security and elder abuse.

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Legal Studies

LAW 315 - The United States Judicial System

Prerequisites: Students must have completed all remedial courses, have a minimum GPA of 2.5 and completion of 15 college credits. Prospective students must be interviewed and recommended by the instructor. Special expenses for students may include airfare or other forms of transportation to and from select destinations, lodging, transfers and special meals for approximately two weeks.

Description: This domestic study course will examine the role, challenges and inner workings of the United States Court System. Students will have an opportunity to view trials and oral arguments in state and federal courts throughout the country and will visit legislative bodies and offices of court administration. Students will develop an understanding of court procedures, protocols and various aspects of civil and criminal law and will be able to compare, contrast and differentiate trial and appellate courts on the state and federal level. Discussions with court personnel, judges and government officials are planned. This course may be offered during the winter and summer sessions only.

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Legal Studies

LAW 316 - The U.S. and International Legal Systems

Department: Legal Studies
Logistics and Transportation Management

LOG

LOG 101 - Principles of Logistics Management I
Prerequisites: Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course.

Description: Development of the modes of transportation; economic, social and political systems within which the various modes of transportation operate and the effect of these modes on the transportation of goods and passengers; analysis of present challenges and opportunities facing the railroads, airlines, motor carriers, water carriers, pipelines and third parties (forwarders, brokers, etc.); emerging concepts and technologies. The student is introduced to the concept of the systems approach to distribution and logistics management, including existing and emerging communications systems. Also reviewed is regulation and deregulation affecting national and international transportation.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Math/Computer Science/Info Tec

LOG 102 - Principles of Logistics Management II
Prerequisites: LOG 101 or permission of the Department. Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course.

Description: Further analysis of the issues related to the shipper, carrier and consignee of goods; documentation: responsibility and liabilities of shippers, carriers and third parties; handling of claims; routing; types of regulation and deregulation and the regulatory agencies; procedures used in determining freight rates and services. The student is made aware of some of the more complicated issues associated with distribution and logistics management, including the planning and evaluation of its effectiveness. Simulations of these concepts are discussed at length.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Math/Computer Science/Info Tec

LOG 103 - Systems of Intermodal Transportation
Prerequisites: LOG 101 and LOG 102 and MAT 102. Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course.

Description: Overall description of various modes of transportation and logistics systems as they relate to statistical and mathematical models and computer simulations to determine optimum operating conditions and opportunities under which modal and intermodal transportation systems exhibit economically efficient performances. Includes game theory analysis of alternative situations.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Math/Computer Science/Info Tec

LOG 104 - Railroad and Motor Carrier Transportation and Logistics
Prerequisites: LOG 101 or LOG 102 and MAT 102. Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course.

Description: Development of railroad and motor carrier transportation; importance of intermodalism and communications; types of services rendered; equipment utilized; rates; rules, regulations, and insurance; routing techniques and optimization; analysis of operations and current problems utilizing stochastic models, queuing theory and computer simulations; emerging concepts and technologies.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Math/Computer Science/Info Tec

LOG 105 - Water and Airline Transportation and Logistics
Prerequisites: LOG 103. Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course.

Description: Development of water and air transportation; importance of intermodalism and communications; port and airport operations; services provided; equipment used; rate and service structures and formulation, rules, regulations, insurance, routing techniques and optimization; analysis of operations and competitive alternatives utilizing stochastic models, modal split models, queuing theory and computer simulations.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Math/Computer Science/Info Tec

LOG 106 - Intermodal Transportation and Logistics in International Trade
Prerequisites: LOG 101 or LOG 102. Students must have satisfied all MAT, ENG
001 and RDG 001 remediation requirements prior to starting the course.

Description: Growing interdependence between domestic and international trade and business relationships; terminology of international trade, role of international corporations; documentation; financial procedures; communications; regulations; political issues.

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3
Department: Math/Computer Science/Info Tec

LOG 107 - Intermodalism and Transportation Regulations

Prerequisites: LOG 102. Students must have satisfied MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course.

Description: International, Federal and state regulations; response to deregulation; regulatory agencies and penalties for violations; economic and constitutional background of transportation regulations; emerging policies and their impact on present and near term transportation and logistics operations.

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3
Department: Math/Computer Science/Info Tec

Mathematics

MAT

MAT 001 - College Preparatory Mathematics

Description: A non-credit course required of students not meeting the entrance requirements in Mathematics. Topics include: Integers and rational numbers, fundamental operations with integers, fractions and decimals, ratio and proportion, percent, consumer and job related problems. Hand-held calculators will be used (3 lecture hours).

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 0
Department: Math/Computer Science/Info Tec

MAT 002 - Introductory Algebra

Prerequisites: Satisfactory completion of MAT 001 or by college placement test.

Description: A non-credit course required of students having deficiencies in Mathematics. Topics include: fundamental processes of arithmetic and algebra, factoring, linear and fractional equations, exponents, radicals, quadratic equations and right triangle trigonometry. Hand-held calculators will be used (4.5 lecture hours).

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 0
Department: Math/Computer Science/Info Tec

MAT 003 - Integrated Arithmetic and Introductory Algebra

Prerequisites: Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course.

Description: A non-credit course that is a one-semester option to replace the two-semester sequence of MAT 001 and MAT 002. All students with a MAT 001 placement who have not previously taken this course are eligible. This course cannot be repeated. Arithmetic and algebra will be integrated throughout the semester. Emphasis will be placed on fundamental operations of integers and rational numbers, ratio and proportion, percents, factoring, linear and fractional equations, exponents, radicals, quadratic equations, and right triangles. Various relationships will be explored both graphically and analytically. Hand-held calculators will be used (6 lecture hours).

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 0
Department: Math/Computer Science/Info Tec

MAT 100 - A Topical Approach to Mathematics

Prerequisites: Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course.

Description: Fundamental Mathematics topics and their applications. Topics include: problem solving, number systems, geometry, consumer mathematics, mathematical modeling, probability, management science, and social choice and decision making. A scientific calculator is required. (4.5 lecture hours) (Students will not receive credit for both MAT 100 and MAT 114).

SUNY GEN ED-GMAT; NCC GEN ED-MATH

Credit Hours: 4
Department: Math/Computer Science/Info Tec

MAT 101 - Concepts of Mathematics

Prerequisites: Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course.

Description: Topics include: formal symbolic logic, arguments, methods of proof; basic concepts of sets, set operations and probability. Consideration of number systems and computers.

SUNY GEN ED-GMAT; NCC GEN ED-MATH

Credit Hours: 3
Department: Math/Computer Science/Info Tec

MAT 102 - Introduction to Statistics

Prerequisites: Students must have satisfied all MAT, ENG 001and RDG 001 remediation requirements prior to starting the course.

Description: *See calculator note in catalog. Appropriate and inappropriate uses of statistics, measures of central tendency and variability, basic concepts of probability, the binomial, normal and Y distributions, testing hypotheses, estimation, chi-square, linear regression, and correlation.

SUNY GEN ED-GMAT; NCC GEN ED-MATH

Credit Hours: 3
Department: Math/Computer Science/Info Tec

MAT 103 - Applied Statistics

Prerequisites: Students are to be placed into MAT 103 by the following:

Description: At least a C in MAT 102. Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course. A course for students concentrating in liberal arts, social science, humanities, and statistics. Through the use of computer software packages such as Excel, Lotus 1-2-3, Statistical Package for the Social Sciences (SPSS), and Minitab, the basic and more advanced ideas of descriptive and inferential statistics are studied.

SUNY GEN ED-GMAT; NCC GEN ED-MATH

Credit Hours: 3
Department: Math/Computer Science/Info Tec

MAT 109 - Algebra and Trigonometry

Prerequisites: Students are to be placed into MAT 109 by the following:

Description: College Placement Test (For students whose College Placement Test scores for MAT 109, students might be recommended prior to taking MAT 109)

Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course. *See calculator note in catalog. This course considers fundamental ideas from algebra, trigonometry, and geometry. A problem solving approach is used. (4.5 lecture hours)

SUNY GEN ED-GMAT; NCC GEN ED-MATH

Credit Hours: 4
Department: Math/Computer Science/Info Tec

MAT 111 - Pre-Calculus

Prerequisites: Students are to be placed into MAT 111 by the following:

Description: College Placement Test or at least a ‘C’ in MAT 109 or MAT 116.
Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course.

*See calculator note in catalog. A primer course for the study of Calculus. The function concept plays the unifying role in the study of polynomial, rational, exponential, logarithmic, and trigonometric functions. The modeling of elementary functions is stressed and topics are presented graphically, numerically, analytically, and verbally (following the Rule of Four). Technological support using a graphing calculator is integrated throughout the semester. In addition, appropriate computer software may also be available. (4.5 lecture hours)

SUNY GEN ED-GMAT; NCC GEN ED-MATH

Credit Hours: 4

Department: Math/Computer Science/Info Tec

MAT 112 - Calculus with Applications in Business and Social Sciences

Prerequisites: Students are to be placed into MAT 112 by the following:

Description: College Placement Test or at least a C in MAT 111 or MAT 117

Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course.

*See calculator note in catalog. This course is not recommended for Math, Engineering, Science or Computer Science students and it does not satisfy the prerequisite for MAT 123. This course is intended to introduce the fundamental concepts and techniques of calculus to the non-science student. Special emphasis is given to applications in Business and Social Sciences. Topics include functions and graphs; the derivative and differentiation techniques of algebraic, exponential and logarithmic functions of a single variable; the concept of margin in economics; elasticity of demand; differentials; related rates and optimization problems; growth and decay applications; integrals and integration techniques; application of integrals, including producer's and consumer's surplus; income streams, probability. (4.5 lecture hours) Students will not receive credit for both MAT 112 and MAT 122.

SUNY GEN ED-MAT; NCC GEN ED-MATH

Credit Hours: 4

Department: Math/Computer Science/Info Tec

MAT 114 - Foundations of Mathematics for Educators

Prerequisites: Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course.

Description: This course is intended for students who are interested in teaching at the elementary school level. Topics will include a development of binary algorithms, the real numbers, field properties of the real number system as applied to abstract mathematical systems, numerations systems, functions and equivalence relations, solving systems of algebraic equations and number theory including some algebraic proof. Applications, historical perspectives, problem solving, and use of the technology will be emphasized in all topics. Students will not receive credit for both MAT 100 and MAT 114. (3.0 lecture hours)

SUNY GEN ED-n/a; NCC GEN ED-MATH

Credit Hours: 3

Department: Math/Computer Science/Info Tec

MAT 116 - Engineering Technical Math I

Prerequisites: Two years of Regents H.S. mathematics, with at least a 78% on Math A Regents; or at least a 75% average in two years of Regents H.S. mathematics, or satisfactory completion of MAT 002. Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course.

Description: *See calculator note in catalog. Designed for students in Engineering Technology Programs. Operations with real numbers; exponents and scientific notation; equations and inequalities; functions and graphs; system of equations and determinants; triangle trigonometry and introduction to general trig definitions; algebraic products and factoring; solving equations by factoring and quadratic formula; fractional equations and operations with algebraic fractions. Applications are considered from various scientific, technical, and practical areas. (4.5 lecture hours) Students will not receive credit for both MAT 109 and MAT 116.

SUNY GEN ED-GMAT; NCC GEN ED-MATH

Credit Hours: 3

Department: Math/Computer Science/Info Tec

MAT 118 - Finite Mathematics: Quantitative Analysis

Prerequisites: Students are to be placed into MAT 118 by the following:

Description: College Placement Test (for some students whose College Placement Test scores allow for MAT 118, MAT 002 might be recommended prior to taking MAT 118)

Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course. This course covers applications of finite mathematical models, primarily to problems in business and management. Matrix operations, Markov analysis, Gaussian-Jordan elimination, input-output analysis, linear programming and the simplex method, game and decision theory will be addressed.

SUNY GEN ED-GMAT; NCC GEN ED-MATH

Credit Hours: 3

Department: Math/Computer Science/Info Tec

MAT 122 - Calculus I

Prerequisites: Students are to be placed into MAT 122 by the following:

Description: College Placement Test or at least a C in MAT 111 or MAT 117.

Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course.

*See calculator note in catalog. Definitions of limit, continuity and derivative; rates of change, tangent to a curve, chain rule; derivatives of elementary functions, products, quotients; higher order, implicit and inverse differentiation; mean value theorem; maxima and minima; differentials; definition of the definite integral, Fundamental Theorem of Integral Calculus; applications; integration of elementary functions. (4.5 lecture hours) Students will not receive credit for both MAT 112 and MAT 122.

SUNY GEN ED-GMAT; NCC GEN ED-MATH

Credit Hours: 4

Department: Math/Computer Science/Info Tec

MAT 117 - Engineering Technical Math II

Prerequisites: Three years of Regents H.S. mathematics, with at least a 78% on Math B Regents; or at least a 75% average in three years of Regents H.S. mathematics (including trigonometry - i.e. Sequential 3); or at least a C in MAT 109 or MAT 116. Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course.

Description: *See calculator note in catalog. Designed for students in Engineering Technology. Rational exponents and radicals; functions and their graphs; polynomial, exponential, logarithmic and trigonometric functions; conic sections; introduction to derivatives and integrals. Applications are considered from various scientific, technical and practical areas. (4.5 lecture hours) Students will not receive credit for both MAT 111 and MAT 117.

SUNY GEN ED-GMAT; NCC GEN ED-MATH

Credit Hours: 4

Department: Math/Computer Science/Info Tec
MAT 123 - Calculus II
Prerequisites: At least a C in MAT 122. Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course.
Description: *See calculator note in catalog. Methods of integration; improper integrals, applications of the definite integral including volume and surface area of solids of revolution; introduction to mathematical modeling using differential equations; Euler's method; separation of variables; slope fields; introduction to infinite series. (4.5 lecture hours)
SUNY GEN ED-GMAT; NCC GEN ED-MATH
Credit Hours: 4
Department: Math/Computer Science/Info Tec

MAT 131 - Probability with Statistical Inference
Prerequisites: At least a C in MAT 123 (Calculus II). Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course.
SUNY GEN ED-n/a; SUNY GEN ED-MATH
Credit Hours: 3
Department: Math/Computer Science/Info Tec

MAT 200 - Foundations of Advanced Mathematics
Prerequisites: At least a C in MAT 123. Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course.
Description: This course introduces students to concepts requisite for advanced mathematical study. The main emphasis is on the development of sound mathematical reasoning and construction of solid mathematical proofs. Mathematical ideas and concepts from the foundations of the number system, set theory, logic, algebra, calculus, number theory and other advanced fields are selected as illustrations. Students are challenged to develop their own conceptual understanding of mathematical proofs, and to defend their mathematical proofs, and to defend their mathematical reasoning.
SUNY GEN ED-n/a; NCC GEN ED-MATH
Credit Hours: 3

MAT 225 - Multivariable Calculus
Prerequisites: At least a C in MAT 123. Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course.
Description: *See calculator note in catalog. Curves and surfaces in three dimensional space, partial derivatives, gradient, constrained and unconstrained optimization, vector fields, parametric curves and surfaces. Integration topics include multiple integrals, volume, area, mass, line and surface integrals, flux, divergence. (4.5 lecture hours)
SUNY GEN ED-n/a; NCC GEN ED-MATH
Credit Hours: 3
Department: Math/Computer Science/Info Tec

MAT 226 - Linear Algebra and Differential Equations
Prerequisites: At least a C in MAT 225. Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course.
Description: *See calculator note in catalog. Vectors and vector spaces, linear dependence, orthogonality and bases. Matrices and their ranks; transposes and inverses; symmetric and echelon matrices. Characteristic vectors and equations. Solving linear differential equations using the principles of linear algebra (e.g. undetermined coefficients, variation of parameters, etc.). (6 lecture hours)
SUNY GEN ED-n/a; NCC GEN ED-MATH
Credit Hours: 3
Department: Math/Computer Science/Info Tec

MAT 234 - Elementary Differential Equations
Prerequisites: At least a C in MAT 225. Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course.
Description: *See calculator note in catalog. Analysis and methods of solving first-order equations, including numerical methods; higher order equations including the Laplace transform method, the Taylor series solution, and boundary value problems; linear systems of equations; applications to physical, engineering and life sciences.
SUNY GEN ED-n/a; NCC GEN ED-MATH
Credit Hours: 3
Department: Math/Computer Science/Info Tec

MAT 235 - Algebraic Structures
Prerequisites: MAT 225. Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course.
Description: Groups, rings, integral domains, and fields with applications to the integers, rationals, and the real and complex number systems.
SUNY GEN ED-n/a; NCC GEN ED-MATH
Credit Hours: 3
Department: Math/Computer Science/Info Tec

MAT 241 - Discrete Mathematical Structures
Prerequisites: MAT 122. Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course.
Description: Basic concepts of discrete mathematics: logic and set theory, proof techniques, relations, functions, combinations, recurrence relations, introduction to analysis of algorithms, and graph theory. Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-MATH
Credit Hours: 3
Department: Math/Computer Science/Info Tec

Multi-Disciplinary Courses

MDC

MDC 101 - The Making of the Modern Mind I
Prerequisites: Completion of ENG 001 and RDG 001
Description: This course explores the foundations of 20th-century Western Modernism, powerful ideas that transformed human attitudes and brought revolutionary changes that still shape contemporary thought today. Topics include views of evolution, human nature, social conflict, and laws of the universe. The ideas of Darwin, Marx, Freud, Einstein and others are studied. (General Elective credit.)
SUNY GEN ED-GHUM, GWEH; NCC GEN ED-WESH
Credit Hours: 3
Department: Multidisciplinary Studies

MDC 102 - The Making of the Modern Mind II
Prerequisites: Completion of ENG 001 and RDG 001
Description: This course examines how modern ideas contributed to global awareness and provided insight into psychology and human nature. Study the works of modern artists, writers, musicians and filmmakers; understand the roots of feminism, existentialism, science fiction, and the power
of mass media. (MDC 101 useful but not a prerequisite. Earns Humanities credit.)
SUNY GEN ED-GHUM; NCC GEN ED-HUM, WESH
Credit Hours: 3
Department: Multidisciplinary Studies

MDC 110 - Studies in World Culture
Description: This course explores the diversity of human experience through case studies of Asian, Latin American, and Islamic cultures. A close look at the heritage of art, literature and religion in Egypt, Mexico and Japan illuminates issues that shape national identity and the position of these cultures in the world today. (General Elective credit.)
SUNY GEN ED-GOWC; NCC GEN ED-GLNW
Credit Hours: 3
Department: Multidisciplinary Studies

MDC 120 - Issues in Science Technology and Society
Description: This course introduces the student to the interrelationship of science, technology, and society through the study of selected issues, such as biodiversity, genetic engineering, and communications. The course examines how modern technology affects society and the environment, and also how social institutions shape the development and use of new science and technology. (General Elective credit.)
SUNY GEN ED-GHUM; NCC GEN ED-n/a
Credit Hours: 3
Department: Multidisciplinary Studies

MDC 130 - Major Ideas in the Post-Modern World
Prerequisites: Completion of ENG 001 and RDG 001
Description: This course follows the making of the modern mind into the 21st century, exploring post-modern thought in Western and non-Western societies. It examines the effects of diversity in the post-colonial and post-Cold War world, the effects on language and personal communication, the media, the arts, science and disease, medical ethics, and implications for future life on the planet. (MDC 101 and MDC 102 are helpful but not prerequisites. Earns Humanities credit.)
SUNY GEN ED-GHUM; NCC GEN ED-GLNW, HUM, PLDI
Credit Hours: 3
Department: Multidisciplinary Studies

Multi-Disciplinary Science Courses

MDS

MDS 101 - Connecting the Sciences - A Macroscopic Approach
Description: This course introduces basic concepts of biology, chemistry, physics, and geology in order to examine the evolution of life in the context of the evolution of the earth and the evolution of the universe. It develops an understanding of fundamental forces, conservation of energy, heat and temperature, light, stellar evolution, solar energy and photosynthesis, evolution of the earth and its atmosphere, and evolution of life. The many topics investigated include the existence of black holes, current theories of plate tectonics, and extinction of the dinosaurs. The course emphasizes hands-on laboratory investigations. (3 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Credit Hours: 4
Department: Engineering/Physics/Tech

MDS 102 - Connecting the Sciences - A Microscopic Approach
Description: Note that MDS 101 is not a prerequisite for this course. This course integrates the study of the physical and life sciences in order to understand the organization of atoms into living and non-living structures-to explore the threshold between the animate and inanimate. The goal is to examine the physics chemistry and biology of a living cell and contrast these cells with inanimate crystals. Students will gain an understanding of atomic and molecular interactions, organic and inorganic molecules, crystals and crystal growth, cellular structure, nucleic acids, and genetic engineering. The course emphasizes hands-on laboratory investigations. (3 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Credit Hours: 4
Department: Engineering/Physics/Tech

Marketing

MKT

MKT 100 - Introduction to Marketing
Description: Principles and methods employed in all phases of the distribution of goods and services from the producer to consumer. Emphasis on marketing activities includes product planning, consumer behavior, advertising, and marketing research. An overview of the dynamics of marketing which acquaints the student with the general philosophies of the business world.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Marketing & Retailing

MKT 101 - Business Mathematics
Description: May not be used for Mathematics requirement. The course encompasses the application of basic, standard and fundamental principles of mathematics to practical business situations. Typical problems and applications are drawn from business situations and practices.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Marketing & Retailing

MKT 103 - Principles of Sales
Description: Techniques involved in retail, wholesale, and industrial level sales situations; personal requirements needed for success in the sales field; discussion of resume writing and job interview techniques; customer prospecting, product knowledge, handling objections, and closing strategies. Instructor and students evaluate actual sales presentations.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Marketing & Retailing

MKT 105 - Sports Marketing
Description: An introductory course covering history, functions, principles, and applications of advertising. Topics include copywriting, selection of media, budgeting, print and broadcast production, and the role of the advertising agency and research. Students will develop an advertising campaign.
MKT 105 - Introduction to International Marketing  
**Prerequisites:** MKT 100.  
**Description:** This course will introduce the student to the fundamentals of International/ Multinational Marketing. The course of study includes: The International Environment, International Marketing Activities, Global Marketing Management. It covers the channels of international distribution and the financial and logistical aspects of International Marketing.

MKT 136 - Marketing Management  
**Prerequisites:** MKT 100.  
**Description:** Management and coordination of marketing functions, with special attention to product planning and development, pricing, communications, physical distribution, and channels of distribution. Students participate in a computerized competitive marketing strategy simulation.  
**Credit Hours:** 3  
**Department:** Marketing & Retailing

MKT 138 - Public Relations  
**Description:** Essentials of public relations practice as related to business problems. Organization of public relations work, analysis of major sectors of the public and application of latest public relations techniques.  
**Credit Hours:** 3  
**Department:** Marketing & Retailing

MKT 139 - Customer Service  
**Prerequisites:** MKT 160.  
**Description:** Students required to take ENG 001, RDG 001, RDG 002, MAT 001, MAT 002 or MAT 003 must successfully satisfy all remedial requirements prior to taking this course. In addition, students must have completed a minimum of 12 credits and be in good academic standing. Permission of the instructor.  
**Credit Hours:** 3  
**Department:** Marketing & Retailing

MKT 140 - Field Training  
**Prerequisites:** Permission of Department Course Coordinator.  
**Description:** Students work for appropriate business firms, institutions and/or agencies to enrich the theoretical concepts previously developed in the classroom.  
**Credit Hours:** 3  
**Department:** Marketing & Retailing

MKT 145 - Consumer Motivation and Buyer Behavior  
**Description:** This course is an overview of the processes and procedures of consumer research, segmentation of the American market according to demographic and psychological data. A description of the consumer movement and its impact on the marketing of goods and services to the American consumer will be covered.  
**Credit Hours:** 3  
**Department:** Marketing & Retailing

MKT 170 - Procedures and Salesmanship for Kitchen and Bath Designers  
**Prerequisites:** INT 101, INT 104, INT 105, INT 115, ENS 101.  
**Description:** Must be enrolled in the Kitchen and Bath Certificate Program. Completion of this course allows Kitchen and Bath Design students to demonstrate ethical knowledge of business practices including the NKBA Standards of Conduct in conjunction with common business contracts to be inclusive of NKBA business tools and forms. Students will develop an understanding of management policies including profit margin, business plans, human resource practices, marketing and advertising. Students will also learn the key presenting and selling techniques required of successful designers and business professionals.  
**Credit Hours:** 3  
**Department:** Marketing & Retailing

MKT 600 - Cooperative Partnership with Industry  
**Prerequisites:** Students required to take ENG 001, RDG 001, RDG 002, MAT 001, MAT 002 or MAT 003 must successfully satisfy all remedial requirements prior to taking this course. In addition, students must have completed a minimum of 12 credits and be in good academic standing. Permission of the instructor.  
**Description:** The course provides supervised, practical, paid, full-time experience at institutions that offer students opportunities to which they apply concepts learned in the classroom. Written reports demonstrating understanding of theories and their applications are an integral part of the curriculum. Travel and living expenses may be incurred contingent upon placement.  
**Credit Hours:** 6
Credit Hours: 3
Department: Mortuary Science
MSC 235 - Anatomy for Embalmers II
Prerequisites: MSC 124.
Description: Detailed continuation of angiology, splanchnology-digestive, excretory and respiratory systems, including selected regions of the muscular system. The nervous, endocrine and reproductive systems are discussed. (2 lecture hours, 2 laboratory hours) Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Mortuary Science
MSC 241 - Restorative Art
Prerequisites: MSC 124.
Description: The practical application of modeling technique and cosmetology to restore facial features damaged by trauma and disease. (2 lecture hours, 2 laboratory hours) Approximate cost of supplies: $25. Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Mortuary Science
MSC 245 - Funeral Directing with Practicum
Prerequisites: MSC 237.
Description: A detailed study of management techniques and procedures used in the operation of a funeral home. A supervised practicum assignment at cooperating funeral homes is included. (3 lecture hours, 6 laboratory hours) Lab fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 5
Department: Mortuary Science
MSC 247 - Embalming Theory II
Prerequisites: MSC 236.
Corequisites: MSC 237.
Description: A detailed study of management techniques and procedures used in the operation of a funeral home. A supervised practicum assignment at cooperating funeral homes is included. (3 lecture hours, 6 laboratory hours) Lab fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 5
Department: Mortuary Science
MSC 248 - Embalming Laboratory II
Prerequisites: MSC 236.
Corequisites: MSC 247.
Description: Clinical experience continues in practical embalming processes taught at Bellevue Hospital in New York City. (4 laboratory hours) Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 1.5
Department: Mortuary Science
MSC 249 - Funeral Counseling and Psychology
Prerequisites: PSY 203.
Description: An introductory study of behavioral emotions and needs of an individual that has recently experienced a death in the family or of a close friend. Counseling techniques and recommendations are introduced and discussed through the use of study groups and role playing. Practical situations are portrayed and analyzed. Selected current readings are discussed. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Mortuary Science
MSC 250 - Current, Suny Gen Ed-b/a; Ncc Gen Ed-b/a

Description:

A weekly performance class. Specifics of solo and ensemble performance

Music

MUS

MUS 000 - Applied Music Master Class
Description: A weekly performance class. Specifics of solo and ensemble performance
### MUS 037 - Preparatory Sight-Singing
**Description:** Required course for students who wish to major in music but do not meet the Department's requirements. Pitch matching, sight-singing of simple diatonic melodies, concentrated work on rhythm, beginning melodic and rhythmic dictation.
**Credit Hours:** 3
**Department:** Music

### MUS 041 - Preparatory Voice I
**Description:**
**Credit Hours:** 2
**Department:** Music

### MUS 042 - Preparatory Voice II
**Description:**
**Credit Hours:** 2
**Department:** Music

### MUS 043 - Preparatory Piano I
**Description:**
**Credit Hours:** 2
**Department:** Music

### MUS 044 - Preparatory Piano II
**Description:**
**Credit Hours:** 2
**Department:** Music

### MUS 045 - Preparatory Flute I
**Description:**
**Credit Hours:** 2

COURSE DESCRIPTIONS

MUS 068 - Preparatory Violin II
Description: SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 2
Department: Music

MUS 069 - Preparatory Viola I
Description: SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 2
Department: Music

MUS 070 - Preparatory Viola II
Description: SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 2
Department: Music

MUS 071 - Preparatory Violoncello I
Description: SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 2
Department: Music

MUS 072 - Preparatory Violoncello II
Description: SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 2
Department: Music

MUS 073 - Preparatory String Bass I
Description: SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 2
Department: Music

MUS 074 - Preparatory String Bass II
Description: SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 2
Department: Music

MUS 075 - Preparatory Classical Guitar I
Description: SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 2
Department: Music

MUS 076 - Preparatory Classical Guitar II
Description: SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 2
Department: Music

MUS 077 - Preparatory Organ I
Description: SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 2
Department: Music

MUS 078 - Preparatory Organ II
Description: SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 2
Department: Music

MUS 079 - Preparatory Harp I
Description: SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 2
Department: Music

MUS 080 - Preparatory Harp II
Description: SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 2
Department: Music

MUS 081 - Preparatory Electric Bass I
Description: SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 2
Department: Music

MUS 082 - Preparatory Electric Bass II
Description: SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 2
Department: Music

MUS 100 - Listening to Music
Description: Basic concepts and development of listening perception. Compositions to be discussed include vocal and instrumental works of the 18th, 19th and 20th centuries selected to show the development of Western musical art. A requirement for the course is that students must attend concerts, one of which must be at a major concert hall in the metropolitan area, during the semester. This course cannot be applied to a degree in music. SUNY GEN ED-GHUM; NCC GEN ED-HUM, WESH
Credit Hours: 3
Department: Music

MUS 101 - Rudiments of Music
Description: Notation, clefs, key signatures, major and minor scales, meter signatures, intervals. The course cannot be applied to a music degree. Required course for students who wish to major in music but do not meet the Department's entrance requirements. A grade of B or higher is required of prospective music majors.
SUNY GEN ED-GHUM; NCC GEN ED-HUM
Credit Hours: 3
Department: Music

MUS 102 - Beginning Piano
Description: A course designed for beginners only. Classes have a maximum of 12 students using electronic pianos. Areas covered include piano technique, music reading, playing by ear, improvisation and harmonization. Owning a piano is desirable but not essential, since the Music Department offers practice facilities. (Students may be required to trim fingernails.) Students are required to provide headphones.
SUNY GEN ED-GART; NCC GEN ED-HUM, FAPA
Credit Hours: 3
Department: Music

MUS 103 - Beginning Guitar
Description: A course designed for beginners only. Classes have a maximum of 15 students. Obtaining an acoustic instrument is the student's responsibility, since the College does not provide guitars for student use. Areas covered include guitar technique, developing concepts of melody, harmony and rhythm particularly in providing accompaniments for folk singing. (Students may be required to trim fingernails.)
SUNY GEN ED-GART; NCC GEN ED-FAPA, HUM
Credit Hours: 3
Department: Music

MUS 104 - Introduction to Music Literature
Prerequisites: Successful completion of music placement examination.
Description: An exploration into the expressive, formal and aesthetic qualities of music. A survey of the development of musical style through the study of representative works from each historical period.
SUNY GEN ED-GART, GHUM; NCC GEN ED-HUM, WESH
Credit Hours: 3
Department: Music

MUS 105 - Opera Appreciation
Description: Introduction to opera as an art form through the study of its musical, dramatic and stylistic development from 1600 to the present. Attendance at an opera performance required. Open to all students.
SUNY EN ED-GHUM; NCC GEN ED-HUM, WESH
Credit Hours: 3
MUS 106 - The Symphony
Description: Introduction to the symphony as an art form through the study of its musical and stylistic development from the 18th century to the present. Attendance at a symphony orchestra concert is required. Open to all students.
Credit Hours: 3

MUS 107 - Contemporary Music
Description: Introduction to 20th-century concert music. Important works will be studied and emphasis placed on the relationship between contemporary music and other aspects of the contemporary world. Concert attendance may be required. Open to all students.
Credit Hours: 3

MUS 108 - Folk Music
Description: Folk music in Western culture. Consideration will be given to the function of folk music as illustrated through specific examples, with attention to research methodology used in the field of folk music. Open to all students.
Credit Hours: 3

MUS 109 - Orchestra I
Description: This is the first course in the MUS 109-110 sequence. Open to all students.
Credit Hours: 3

MUS 110 - Orchestra II
Description: This is the second course in the MUS 109-110 sequence. Open to all students.
Credit Hours: 3

MUS 111 - Freshman Chorus I
Description: This is the first course in the MUS 111-112 sequence. Open to all students.
Credit Hours: 3

MUS 112 - Freshman Chorus II
Description: This is the second course in the MUS 111-112 sequence. Open to all students.
Credit Hours: 3

MUS 113 - Band I
Description: This is the first course in the MUS 113-114 sequence. Open to all students.
Credit Hours: 3

MUS 114 - Band II
Description: This is the second course in the MUS 113-114 sequence. Open to all students.
Credit Hours: 3

MUS 115 - Jazz Ensemble I
Description: This is the first course in the MUS 115-116 sequence. Open to all students.
Credit Hours: 3

MUS 116 - Jazz Ensemble II
Description: This is the second course in the MUS 115-116 sequence. Open to all students.
Credit Hours: 3

MUS 117 - Elements of Music I
Prerequisites: MUS 101 - B or successful completion of Music Department placement.
Credit Hours: 3

MUS 118 - Elements of Music II
Prerequisites: MUS 117 - Minimum grade of C or successful completion of advanced theory placement examination.
Credit Hours: 3
Course cannot be applied to a degree in music. (3 hours)
SUNY GEN ED-GART; NCC GEN ED-HUM

Prerequisites: ENG 101, MUS 104 (C) or permission of Chairperson.
Description: An in-depth history of Western art music from the Romantic period through the contemporary era. Study of important musical genres and changes in musical style. Analysis of representative works by major 19th-through 21st-century composers.
SUNY GEN ED-GHUM, GART; NCC GEN ED-HUM, WESH

Credit Hours: 3
Department: Music

MUS 209 - Orchestra III
Prerequisites: MUS 110 (3 hours).
Description: This is the first course in the MUS 209-210 sequence.
SUNY GEN ED-n/a; NCC GEN ED-FAPA, HUM

Credit Hours: 1
Department: Music

MUS 210 - Orchestra IV
Prerequisites: MUS 110. (3 hours)
Description: This is the second course in the MUS 209-210 sequence.
SUNY GEN ED-n/a; NCC GEN ED-FAPA, HUM

Credit Hours: 1
Department: Music

MUS 211 - Chorus III
Prerequisites: MUS 112.
Description: This is the first course in the MUS 211-212 sequence.
SUNY GEN ED-n/a; NCC GEN ED-FAPA, HUM

Credit Hours: 1
Department: Music

MUS 212 - Chorus IV
Prerequisites: MUS 112.
Description: This is the second course in the MUS 211-212 sequence.
SUNY GEN ED-n/a; NCC GEN ED-FAPA, HUM

Credit Hours: 1
Department: Music

MUS 213 - Band III
Prerequisites: MUS 114. (3 hours)
Description: This is the first course in the MUS 213-214 sequence.
SUNY GEN ED-n/a; NCC GEN ED-FAPA, HUM

Credit Hours: 1
Department: Music

MUS 214 - Band IV
Prerequisites: MUS 114. (3 hours)
Description: This is the second course in the MUS 213-214 sequence.
SUNY GEN ED-n/a; NCC GEN ED-FAPA, HUM

Credit Hours: 1
Department: Music

MUS 215 - Jazz Ensemble III
Prerequisites: MUS 116.
Description: This is the first course in the MUS 215-216 sequence.
SUNY GEN ED-n/a; NCC GEN ED-FAPA, HUM

Credit Hours: 1
Department: Music

MUS 216 - Jazz Ensemble IV
Prerequisites: MUS 218.
Corequisites: MUS 217.
Description: This is the second course in the MUS 215-216 sequence.
SUNY GEN ED-n/a; NCC GEN ED-FAPA, HUM

Credit Hours: 1
Department: Music

MUS 217 - Elements of Music III
Prerequisites: MUS 118. Minimum grade of C required.
Corequisites: MUS 227.
Description: Analysis of Bach 371 Chorale harmonizations with writing and musical dictation; voice leading, secondary seventh chords, secondary dominant modulations to closely related keys. (3 hours)
SUNY GEN ED-n/a; NCC GEN ED-HUM

Credit Hours: 2
Department: Music

MUS 218 - Elements of Music IV
Prerequisites: MUS 217. Minimum grade of C required.
Corequisites: MUS 228.
Description: Chromatic harmony: analysis of 19th-century harmonic style correlated with writing and musical dictation. Voice-leading, expanded tonality, and chromatic and enharmonic modulation. (3 hours)
SUNY GEN ED-n/a; NCC GEN ED-HUM

Credit Hours: 2
Department: Music

MUS 223 - Chamber Music III
Prerequisites: MUS 124.
Description: This is the first course in the MUS 223-224 sequence. Rehearsal and performance of music for small instrumental ensembles (duos, trios, quartets, etc.). (3 hours)
SUNY GEN ED-n/a; NCC GEN ED-FAPA, HUM

Credit Hours: 1
Department: Music

MUS 224 - Chamber of Music IV
Prerequisites: MUS 124.
Description: This is the second course in the MUS 223-224 sequence. Rehearsal and performance of music for small instrumental ensembles (duos, trios, quartets, etc.). (3 hours)
SUNY GEN ED-n/a; NCC GEN ED-FAPA, HUM

Credit Hours: 1
Department: Music

MUS 225 - Vocal Ensemble III
Prerequisites: MUS 126.
Description: This is the first course in the MUS 225-226 sequence. Rehearsal and performance of music for small instrumental ensembles (duos, trios, quartets, etc.). (3 hours)
SUNY GEN ED-n/a; NCC GEN ED-FAPA, HUM

Credit Hours: 1
Department: Music

Nassau Community College: http://collegecatalog.ncc.edu/current
MUS 226 - Vocal Ensemble IV  
Prerequisites: MUS 126.  
Description: This is the second course in the MUS 225-226 sequence.  
SUNY GEN ED-n/a; NCC GEN ED-FAPA, HUM  
Credit Hours: 1  
Department: Music  

MUS 227 - Keyboard Harmony III  
Prerequisites: MUS 217.  
Corequisites: MUS 217.  
Description: Parallels MUS 217 with emphasis on keyboard skills.  
SUNY GEN ED-n/a; NCC GEN ED-HUM  
Credit Hours: 1  
Department: Music  

MUS 228 - Keyboard Harmony IV  
Prerequisites: MUS 227.  
Corequisites: MUS 218.  
Description: Parallels MUS 217 with emphasis on keyboard skills.  
SUNY GEN ED-n/a; NCC GEN ED-HUM  
Credit Hours: 1  
Department: Music  

MUS 229 - African American Choral Ensemble III  
Description: (Dual listed with AFR 153) This is the first course in the MUS 229-230 sequence. Participation in the production, rehearsal and performance of the African American Choral Ensemble productions. (3 hours)  
SUNY GEN ED-n/a; NCC GEN ED-FAPA, HUM  
Credit Hours: 1  
Department: Music  

MUS 230 - African American Choral Ensemble IV  
Description: (Dual listed with AFR 154) This is the second course in the MUS 229-230 sequence. Participation in the production, rehearsal and performance of the African American choral ensemble performances. (3 hours)  
SUNY GEN ED-n/a; NCC GEN ED-FAPA, HUM  
Credit Hours: 1  
Department: Music  

MUS 237 - Sight-Singing III  
Prerequisites: MUS 138. Minimum grade of C required.  
Description: Sight-singing and dictation III. Continuation of MUS 138. More difficult sight-singing, including melodies which modulate to closely related keys. More difficult dictation, including secondary sevenths, secondary dominants and modulations to closely related keys.  
SUNY GEN ED-n/a; NCC GEN ED-HUM  
Credit Hours: 2  
Department: Music  

MUS 238 - Sight-Singing IV  
Prerequisites: MUS 237. Minimum grade of C required.  
Description: Sight-singing and dictation IV. Continuation of MUS 237. More difficult sight-singing and dictation including 20th-century idioms; music from a variety of mediums including vocal, instrumental, chamber and orchestral works.

NCC 101

NCC 101 - Freshman Seminar: The College Experience
Description: An introduction to the world of higher education. The goal of the course is to give students the skills, insights, and knowledge to make the most of their college experience.
Among the topics covered:

* The philosophy, mission, and goals of higher education;
* The role of campus resources (labs, library, counseling services, extracurricular activities, etc.) in the educational process;
* Listening, note-taking, time management and study skills;
* Faculty and student expectations and responsibilities;
* Academic disciplines and their relationship to careers; and
* The college community as a mirror of cultural diversity.
The course will also help students develop sufficient motivation to pursue their studies as active, responsible learners.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 1
Department: The College Experience

Nutrition

NTR 158 - Social and Cultural Aspects of Food
Description: An exploration of the social, cultural and religious aspects of food of different countries and nationalities with emphasis on ethnic groups in the United States. The food habits of various groups, identification of ethnic foods and terminology, international food guide plans and dietary rationales, and the economics of dietary intake will be investigated. Food preparation, taste testing, computer research and a field trip to a multi-ethnic market are included.
SYNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: The College Experience

NTR 183 - Dietary Management
Description: This course fulfills the requirements for diet therapy and nutritional planning as designed by the Dietary Managers Association for certification as a Dietary Manager. It includes one hundred and fifty hours of field experience in a clinical/institutional setting. Topics include: concepts of diet therapy, medical terminology, institutional protocol, nutritional planning in a health care setting and the Dietary Manager's role in nutritional assessment and management.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: The College Experience

NTR 184 - Dietary Management Field Experience
Description: Students work in selected healthcare facilities (hospitals / nursing homes) to gain experience and expertise in the field of dietary management by implementing concepts and practices acquired in the classroom. Students must complete a one hundred and fifty hour internship to be eligible to sit for the Dietary Managers Certification Exam. Coursework includes written and oral assignments and exams.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: The College Experience

NTR 192 - Principles of Food Science
Description: This course is designed to give students a fundamental understanding of the composition of foods, their nutritional impact and the chemical, physical and biological interactions that occur during production and processing of food products. The impact of ingredient interactions, substitutions, formulation and storage will be evaluated using sensory, physical and scientific methodology to determine quantitative and qualitative attributes.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: The College Experience

NTR 195 - Nutrition through the Life Cycle
Description: This course stresses the practical application of nutritional concepts from pregnancy and birth through old age. Strategies for handling nutrition related problems, including infant feeding, introduction of solid foods, picky eaters, obesity issues, eating disorders, the use of nutritional supplements, sports nutrition, food guides and standards and label reading are among the subjects investigated.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: The College Experience

NTR 198 - Nutrition for the Healthcare Professional
Description: This course emphasizes general issues in the nutritional care and assessment of patients utilized by healthcare professionals in healthcare facilities. Topics include: Introduction to Nutrients, Digestion, Absorption and Metabolism of Nutrients, Life Cycles, Nutritional Assessment of Patients, Introduction to Diet Therapy and Nutrition Support Practices.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: The College Experience
Nursing

NUR 100 - Introduction to Associate Degree Nursing
Description: This course is designed to acquaint the student who enters the nursing program at an advanced level with the philosophy and conceptual framework of Associate degree nursing. It will also introduce the role of the professional nurse and the problem-solving process as it relates to formulating a nursing diagnosis. Open to advanced standing and articulation students or by permission of the Chairperson. This course is part of the required Nursing curriculum for students receiving advanced standing in the required nursing courses.

Prerequisites: NUR 101 or equivalent, and its co-requisites for NUR 101 and NUR 105.

Credit Hours: 8.5

Department: Nursing

NUR 101 - Fundamental of Nursing
Corequisites: AHS 131 and ENG 101 or PSY 203 or MAT 102.

Description: This introductory course is planned to provide students with content fundamental to nursing practice and to nursing as a profession. It is designed to lay the foundation for all subsequent courses. The commonalities of nursing care are emphasized. The nursing process and the core competencies, as critical thinking tools, are utilized to provide direct patient care. The student is introduced to the concept of Evidence -based practice and educational and practical technologies used in health care settings. Experiences are provided in both on-campus laboratory, clinical settings and Service Learning Activities. This course will consist of 4 hours of Lecture, 13.5 Clinical hours/week - 8.5 hours hospital based, 4.5 hours laboratory based, .5 hours Clinical Service Learning. Credit Hours: 8.5 -4 credits lecture; 4.5 credits clinical. Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 8.5

Department: Nursing

NUR 203 - Comprehensive Nursing Care I
Prerequisites: NUR 105 or the equivalent; co-requisites for NUR 101 and NUR 105.
Corequisites: AHS 202, PSY 216 or SOC 201 and a Humanities elective.

Description: This course is concerned with the student's continued growth of knowledge in identifying health problems across the life span. Use of the nursing process and core competencies as critical thinking tools is applied to more complex patient situations. The student will integrate theory and skills learned in previous semesters to provide nursing care to pediatric an psychiatric populations. Psycho-sociocultural theory related to the family and community as well as group processes are explored. Evidence -based practice is emphasized in planning nursing care for individuals and groups of patients. Educational and practical technological skills are enhanced in the on-campus laboratory and in the clinical agencies. Experiences are provided in the on-campus laboratory and a variety of pediatric, psychiatric, and medical and surgical care, community settings and Service Learning Activities. This course will consist of 4 hours of Lecture, 13.5 Clinical hours/week - 8.5 hours hospital based, 4.5 hours laboratory based, .5 hours Clinical Service Learning. Credit Hours: 8.5 - 4 credits lecture; 4.5 credits clinical. Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 8.5

Department: Nursing

NUR 204 - Comprehensive Nursing Care II
Prerequisites: NUR 203 and the co-requisites for NUR 101, NUR 105 and NUR 203.

Corequisites: ENG 102 and a Humanities Elective.

Description: This course provides the student with theory related to patient responses to complex health problems throughout the life span. Opportunity is provided for increasing skill in establishing nursing priorities and in utilizing the nursing process and the core competencies as critical thinking tools to provide nursing care for groups of patients. There are increased opportunities for patient teaching, discharge planning, and working collaboratively as a member of the interdisciplinary health care team. Current trends and issues in nursing practice and education are examined and the need for academic progression is emphasized. Experiences are provided in medicine, surgery, obstetrics in a variety of clinical settings and Service Learning Activities. This course will consist of 4 hours of Lecture, 13.5 Clinical hours/week - 8.5 hours hospital based, 4.5 hours laboratory based, .5 hours Clinical Service Learning. Credit Hours: 8.5 - 4 credits lecture; 4.5 credits clinical. Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 8.5

Department: Nursing

Office Technology

OFT 142 - Medical Transcription I
Prerequisites: HIT 151 and OFT 100 or permission of the Chairperson.

Description: This course is designed to develop competency in transcribing medical letters. Emphasis is on comprehension of medical terminology, language arts, correct formatting, and proofreading. Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Administrative Business Tech

OFT 207 - Machine Transcription II
Prerequisites: OFT 107 or permission of the Chairperson.

Description: This course develops competency in transcribing recorded dictation in print form. This course includes technical skills of transcribing documents while strengthening language, punctuation, spelling, grammar, vocabulary, editing, & proofreading skills. This course also teaches listening & decision-making skills needed to produce a perfect final copy.

Description: Lab fee applies. SUNY GEN ED-n/a; NCC GEN ED-PED
Credit Hours: 1
Department: Health/Physical Ed/Recreation

PED 636 - Adventure Activities
PED 665 - Basic Swimming and Rescue Technique I

**Description:** Swimming and water safety instruction for the beginner and non-swimmer. This course open only to students who cannot swim 20 yards (one pool length). Basic locomotion in water and survival. (4 hours) Lab fee applies.  
SUNY GEN ED-n/a; NCC GEN ED-PED  
**Credit Hours:** 1  
**Department:** Health/Physical Ed/Recreation

PED 667 - Lifeguard Training and Pool Management

**Description:** The objective of this course will be to focus attention on the basic skills and knowledge required by good swimmers to properly assume the responsibilities of lifeguards and managers at swimming pools or at protected (non-surf) open water beaches. All people interested in becoming a lifeguard must possess a lifeguard training Certificate. Upon successful completion of this course, the student will receive the teaching Certification in water safety instruction. Lab fee applies.  
SUNY GEN ED-n/a; NCC GEN ED-PED  
**Credit Hours:** 4  
**Department:** Health/Physical Ed/Recreation

PED 664 - CPR and Basic Cardiac Life Support

**Description:** (Dual listed with AHS 100) This course is designed to teach Cardiopulmonary Resuscitation (CPR) and Basic Life Support to individuals entering the various service professions (Police, Fire), health professions and professions who are activity-oriented (recreation, lifeguards), etc. Basic procedures are covered in full, including techniques of advanced life support. Successful completion of this course meets all requirements for the American Red Cross and Heart Association Certification. It cannot be used to fulfill Physical Education course requirement for graduation.  
SUNY GEN ED-n/a; NCC GEN ED-n/a  
**Credit Hours:** 1  
**Department:** Health/Physical Ed/Recreation

PED 666 - Water Safety Instructor

**Description:** The purpose of this course is to train instructor candidates to successfully complete and teach American Red Cross Swimming classes - Levels 1 through 8. There will be a pretest for all prospective students, which will enable them to demonstrate their proficiency in water safety and aquatic skills. Upon successful completion of this course, all students will receive teaching Certification in water safety instruction. Lab fee applies.  
SUNY GEN ED-n/a; NCC GEN ED-PED  
**Credit Hours:** 1  
**Department:** Health/Physical Ed/Recreation

PED 658 - Karate I

**Description:** The purpose of this course is to provide a basic understanding of Aiki-Jujutsu, a classical Japanese martial art. Our main focus of training will be the physical application of this art. Aspects of Aiki-Jujutsu including history, philosophies, and principles will be covered throughout the semester. No prior martial arts experience is necessary as this class is tailored for the beginner student. Lab fee applies.  
SUNY GEN ED-n/a; NCC GEN ED-PED  
**Credit Hours:** 1  
**Department:** Health/Physical Ed/Recreation

PED 660 - Lifeguard Training and Pool Management

**Description:** The objective of this course will be to focus attention on the basic skills and knowledge required by good swimmers to properly assume the responsibilities of lifeguards and managers at swimming pools or at protected (non-surf) open water beaches. All people interested in becoming a lifeguard must possess a lifeguard training Certificate. Upon successful completion of this course, the student will receive all necessary certifications for employment as a lifeguard. These Certificates include Lifeguard Training, BLS for the professional rescuer and standard first aid. (Satisfactory completion of this course will provide the student with 1 credit toward the 2 credit Physical Education requirement.) Lab fee applies.  
SUNY GEN EDn/a; NCC GEN ED-PED  
**Credit Hours:** 4  
**Department:** Health/Physical Ed/Recreation

PED 657 - Karate I

**Description:** This course is designed for students who want to continue their Aikijujutsu training. It focuses on the physical application of techniques, applicable for an intermediate level: the sequential teaching of strikes, blocks, controls and body grabs. This class provides the opportunity to gain a more in-depth view of philosophies, techniques and principles of this martial art. Lab fee applies  
SUNY GEN ED-n/a; NCC GEN ED-PED  
**Credit Hours:** 1  
**Department:** Health/Physical Ed/Recreation

PED 656 - Karate II

**Prerequisites:** PED 657.  
**Description:** This course is designed for students who want to continue their Aikijujutsu training. It focuses on the physical application of techniques, applicable for an intermediate level: the sequential teaching of strikes, blocks, controls and body grabs. This class provides the opportunity to gain a more in-depth view of philosophies, techniques and principles of this martial art. Lab fee applies  
SUNY GEN ED-n/a; NCC GEN ED-PED  
**Credit Hours:** 1  
**Department:** Health/Physical Ed/Recreation

PED 660 - CPR and Basic Cardiac Life Support

This course is designed to teach Cardiopulmonary Resuscitation (CPR) and Basic Life Support to individuals entering the various service professions (Police, Fire), health professions and professions who are activity-oriented (recreation, lifeguards), etc. Basic procedures are covered in full, including techniques of advanced life support. Successful completion of this course meets all requirements for the American Red Cross and Heart Association Certification. It cannot be used to fulfill Physical Education course requirement for graduation.  
SUNY GEN ED-n/a; NCC GEN ED-n/a  
**Credit Hours:** 1  
**Department:** Health/Physical Ed/Recreation

POST 100 - Introduction to Philosophy

**Description:** Recommended as a fundamental humanities course for all students, a traditional introduction to philosophy with emphasis on analyzing and contrasting the viewpoints of certain major philosophers on the nature of man and ultimate reality; the problem of knowledge; the criteria of moral judgment; and the basic goals of human life. The relevance of the great philosophers to present-day issues is stressed.  
SUNY GEN ED-GHUM; NCC GEN ED-HUM. WESH  
**Credit Hours:** 3  
**Department:** Philosophy

PHI 103 - Critical Thinking

**Description:** This course stresses sensitivity to form as it teaches the student to identify and evaluate different types of arguments found in ordinary language. Basic concepts include deduction, induction, soundness, validity, invalidity, formal and informal fallacies, clarifying meaning, assumption identification, and causal inferences.  
SUNY GEN ED-GHUM; NCC GEN ED-HUM  
**Credit Hours:** 3  
**Department:** Philosophy

PHI 104 - Ancient and Medieval Philosophy

**Description:** An introduction to philosophy from an historical perspective; a systematic survey of the major philosophers from the ancient and medieval world; how they analyzed the great problems of nature, man, and society; how they were influenced by their culture and what significance they have for us today.  
SUNY GEN ED-GHUM; NCC GEN ED-HUM. WESH  
**Credit Hours:** 3
COURSE DESCRIPTIONS

PHI 105 - Renaissance and Modern Philosophy
Description: A systematic survey of the major philosophers from the Renaissance to the beginning of the 20th century; how they analyzed the great problems of nature, man, and society; how they were influenced by their culture; and what significance they have for us today.
SUNY GEN ED-GHUM; NCC GEN ED-HUM, WESH
Credit Hours: 3
Department: Philosophy

PHI 106 - Introduction to Ethics
Description: This course introduces students to problems in moral philosophy. The class focuses on the theoretical foundations for judgments about right and wrong, good and evil, and justice and injustice. Special attention will be paid to how these theories can help us to address issues such as death penalty, euthanasia, and terrorism.
SUNY GEN ED-n/a; NCC GEN ED-HUM, WESH
Credit Hours: 3
Department: Philosophy

PHI 108 - Black Social Philosophy
Description: (Dual listed with AFR 170). An examination of the social philosophy of thinkers such as Du Bois, Garvey, King and Fanon. Particular attention is paid to oppression and the struggle for self-identity. The ideals of freedom, equality, justice and community are carefully considered.
SUNY GEN ED-GHUM; NCC GEN ED-HUM, WESH
Credit Hours: 3
Department: Philosophy

PHI 110 - Biomedical Ethics
Description: An inquiry into the ethical problems raised by recent biomedical advances, research and clinical practice in our 20th century culture. Genetic research, stem cell research, abortion, human experimentation, cloning, delivery of health care services, transplantation and allocation of scarce medical services, suicide and euthanasia are the main topics to be treated.
SUNY GEN ED-GHUM; NCC GEN ED-HUM
Credit Hours: 3
Department: Philosophy

PHI 111 - Business Ethics
Description: This course explores the ethical dimensions of the conduct of business and shows how philosophical reflection can aid in the discovery of rational solutions to critical problems in the world of business and economics. By focusing on selected issues, such as individual and corporate morality, profit making and social conscience, advertising and consumerism, environmental ethics and resource development, the course highlights the conflicting interests that must be weighed in arriving at decisions of major importance to business and society. Contemporary materials and studies are utilized as well as readings from traditional philosophers.
SUNY GEN ED-GHUM; NCC GEN ED-HUM
Credit Hours: 3
Department: Philosophy

PHI 201 - Ethics and Law
Description: Recommended for all students and especially pertinent for pre-Law, Criminal Justice and Public Administration students, the course examines the ethical foundations and moral implications of our legal tradition. Emphasis is placed upon the analysis of key concepts of legal and philosophical importance such as justice, freedom, equality, rights, duties and property. The course utilizes readings of contemporary relevance such as recent Supreme Court decisions as well as historical influence. Topics discussed include human rights, natural law, social justice, environmental ethics and property rights, and capital punishment among others.
SUNY GEN ED-GHUM; NCC GEN ED-HUM, WESH
Credit Hours: 3
Department: Philosophy

PHI 203 - Philosophy of Art
Description: A philosophic examination of the nature and value of art. Readings from major philosophers on art and its relation to religion, morals and culture in general. Specific works of art are used as illustrations.
SUNY GEN ED-GHUM; NCC GEN ED-HUM, WESH
Credit Hours: 3
Department: Philosophy

PHI 204 - Philosophy of Religion
Description: A critical examination of the nature of religion and varieties of religious experience. Topics considered include the nature and existence of God, miracles, reason and revelation, morality and religious experience. Readings are drawn from major philosophers and theologians.
SUNY GEN ED-GHUM; NCC GEN ED-HUM
Credit Hours: 3
Department: Philosophy

PHI 208 - Asian Philosophy and Religion
Description: An examination of the major living Asian philosophies and religions: Hinduism, Buddhism, Zen Buddhism, Confucianism, and Taoism. The ethical, mystical and metaphysical dimensions of each are considered. Major texts from each tradition are placed in their historical contexts, read and discussed. The significance for us today is stressed.
SUNY GEN ED-GHUM; NCC GEN ED-GLNW, HUM, PLDI
Credit Hours: 3
Department: Philosophy

Physics

PHY

PHY 101 - General Physics I
Prerequisites: High School or college algebra and trigonometry or permission of the Department. Successful completion of all remedial English and remedial Reading requirements.
Description: An introductory study of Physics designed to acquaint the student with the fundamentals of kinematics, Newton's Laws of motion, circular motion and gravitation, work and energy, impulse and momentum, simple harmonic motion, temperature, heat, and thermodynamics. The topics will be developed analytically and experimentally. (3 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-GLAB; NCC GEN ED-LSCI.
Credit Hours: 4
Department: Engineering/Physics/Tech

PHY 102 - General Physics II
Prerequisites: High School or college algebra and trigonometry, PHY 101 or equivalent, or the permission of the Department. Successful completion of all remedial English and remedial Reading requirements.
Description: A continuation of the introductory study of Physics designed to acquaint the student with the fundamentals of wave motion and sound, electricity and magnetism, geometrical and physical (wave) optics, and selected topics in modern physics. The topics will be developed analytically and experimentally. (3 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-GLAB; NCC GEN ED-LSCI.
Credit Hours: 4
Department: Engineering/Physics/Tech
PHY 110 - Physics for Electronic Technology
Description: Pre-requisites: MAT 117
The course emphasizes an overview of the physical laws underlying selected topics in mechanics, thermodynamics, electromagnetism and optics, and modern physics. The laboratory component involves exercises that are illustrative of physical principles in these areas as well as methods of observation, measurement and data analysis. Laptop computer required. Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-LSCI
Credit Hours: 4
Department: Engineering/Physics/Tech

PHY 120 - Physics for Educators
Prerequisites: Students must have a working knowledge of Algebra and Trigonometry or equivalent.
Description: This course studies natural phenomena and everyday life. Covering the fundamental laws and principles of mechanics, electricity, magnetism, sound and light, it provides a basic knowledge of the evolution of physical laws and the underlying concepts that are rapidly changing the way we live. The course material is developed descriptively and demonstrated experimentally. It includes student investigations in recitation and in lab to emphasize the experimental nature of science. Investigations will also be performed using computer software and the internet. The course will also include preparation of lesson plans, grading practices and hands-on experience in the presentation of materials.
SUNY GEN ED-n/a; NCC GEN ED-LSCI.
Credit Hours: 4
Department: Engineering/Physics/Tech

PHY 122 - Mechanics and Hydraulics
Prerequisites: Designed for students in Engineering, Physics, Mathematics, and the Sciences.
Description: An introduction to mechanics: fundamental laws of statics, dynamics, kinematics, work, energy, power and momentum. Applied problems are an integral part of the course. (5 lecture, 3 laboratory hours) Lab fee applies.
SUNY GEN ED-GLAB; NCC GEN ED-LSCI.
Credit Hours: 4
Department: Engineering/Physics/Tech

PHY 123 - Heat and Sound
Prerequisites: PHY 122.
Corequisites: MAT 123.
Description: An introduction to the topics of rotational kinematics and dynamics, elasticity, hydrostatics, hydrodynamics, harmonic motion, waves, sound, and thermodynamics. Applied problems are an integral part of this course. (5 lecture, 3 laboratory hours) Laboratory fees apply.
SUNY GEN ED-GLAB; NCC GEN ED-LSCI, ASC
Credit Hours: 4
Department: Engineering/Physics/Tech

PHY 151 - Physics Science and Math I
Description: Concurrent Prereq: MAT 122.
The first semester of a two-term survey course for students who intend to study Science, Mathematics or Computer Science at four-year institutions that require a calculus-based approach to physics. The topics covered during the first term are mechanics and thermodynamics. (3 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-GLAB; NCC GEN ED-LSCI.
Credit Hours: 4
Department: Engineering/Physics/Tech

PHY 152 - Physics Science and Math II
Prerequisites: MAT 122 and PHY 151 or permission of Department.
Description: The second half of a calculus-based physics survey course. The topics covered are wave phenomena, electricity, magnetism, light and modern physics. (3 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-GLAB; NCC GEN ED-LSCI.
Credit Hours: 4
Department: Engineering/Physics/Tech

PHY 222 - Electricity and Magnetism
Prerequisites: PHY 123.
Description: An introduction to the basic theory of electric and magnetic forces and energy associated with electric charge: electric and magnetic properties of matter, electromagnetic waves, geometric and wave properties of light. Emphasis is given to a rigorous mathematical formulation of physical principles, solution of problems, and practical applications of electric circuits in the laboratory. (5 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-GLAB; NCC GEN ED-LSCI.
Credit Hours: 4
Department: Engineering/Physics/Tech

PHY 223 - Introduction to Modern Physics
Prerequisites: MAT 225.
Description: A survey of 20th-century theories of the atom, the nucleus, relativity, quantum properties of waves and particles, wave mechanics, spectra of hydrogen and other atoms, x-rays, the uncertainty principle, radioactive decay, conservation laws in radioactivity, transmutations. Stress is placed on basic principles rather than on applications. (5 lecture hours)
SUNY GEN ED-GLAB; NCC GEN ED-LSCI.
Credit Hours: 3
Department: Engineering/Physics/Tech

Political Science

POL

POL 101 - Government and Politics in the Modern World
Prerequisites: Completion of RDG 001 and/or RDG 002.
Description: This course compares and contrasts the major forms of government found in the contemporary world: democratic, authoritarian, and totalitarian. Illustrations and examples will be drawn from both Western and non-Western countries. A basic theme of the course will be the comparative advantages of democratic forms of government over the various alternatives found around the globe today.
SUNY GEN ED-GSBS; NCC GEN ED-SBS, GLNW
Credit Hours: 3
Department: History/Pol Sci/Geography

POL 111 - Nassau County: History and Government
Prerequisites: Completion of RDG 001
Description: (Dual listed with HIS 140).
A review of the development of what is now Nassau County from pre-Colonial times to the present day. Emphasis is placed upon the governmental-administrative structure of the county and the major problems facing urban-suburban communities. Field trips and guest speakers are utilized to complement class work.
SUNY GEN ED-GSBS; NCC GEN ED-SBS
Credit Hours: 3
Department: History/Pol Sci/Geography

POL 205 - American National Government
Prerequisites: Completion of RDG 001 and/or RDG 002.
Description: An exploration of some of the significant areas and issues of contemporary American government and politics. Among the topics included are the scope of government activity in the United States today, the Constitution of the United States, and the evolution and operation of such political
institutions as the Presidency, Congress, the Supreme Court and the political parties.
SUNY GEN ED-GSBS; NCC GEN ED-SBS
Credit Hours: 3
Department: History/Poli Sci/Geography

POL 206 - The U.S. Congress
Prerequisites: Completion of RDG 001 and/or RDG 002.
Description: The course will describe the legal structure, Constitutional powers, internal work rules and procedures, and the political dynamics of the Congress within the context of the American Federal political scheme. Special emphasis will be placed upon Congressional interactions with the coordinate branches of government as well as with external factors, such as interest groups and public opinion.
SUNY GEN ED-GSBS; NCC GEN ED-SBS
Credit Hours: 3
Department: History/Poli Sci/Geography

POL 261 - Modern Political Ideologies
Description: A survey of the major political ideologies of the world today-fascism, communism, socialism and democracy. Selected readings from the works of Marx, Lenin, Stalin, Mao, Hitler, Mussolini, Jefferson and Locke are used to supplement class lectures. The course offers students an understanding of the political ideas that have shaped the 20th century.
SUNY GEN ED-GSBS; NCC GEN ED-SBS
Credit Hours: 3
Department: History/Poli Sci/Geography

Portuguese

POR

POR 101 - Beginning Portuguese I
Prerequisites: Satisfactory completion of ENG 001 and RDG 002.
Description: Fundamentals of grammar, pronunciation, culture and conversation. Reading, writing, listening comprehension and simple conversational patterns. This course is not intended for students of Portuguese speaking background. Laboratory fee applies. Laboratory component required.
SUNY GEN ED-GFOL; NCC GEN ED-HUM, WESH
Credit Hours: 3
Department: Foreign Languages

PSA

PSA 111 - Introduction to Security
Prerequisites: Completion of RDG 001 and ENG 001.
Description: The historic, philosophical, practical and legal bases of Security. The role of Security and the security individual in modern society, the concept of professionalism, and the relationship to public law enforcement are reviewed. A survey is made of the personnel, physical and administrative aspects of the Security field.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Criminal Justice

PSA 121 - Internal Security
Prerequisites: Completion of RDG 001 and ENG 001.
Description: Internal theft control, investigation methods including undercover, interrogation, polygraph uses, and internal developments-their causes and consequences—are explored along with major tactics, strategies and techniques used to deter and control internal theft.
SUNY GHEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Criminal Justice

PSA 211 - Administration and Control of Private Security Force
Prerequisites: Completion of RDG 001 and ENG 001.

Description: The course explores the difference between public and private policing to identify what constitutes Private Security, including the role and functions, the selection of personnel, training of personnel, ethics and conduct of security personnel. The possible relationships with law enforcement agencies and the prospects for forging a partnership to combat crime are reviewed. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Criminal Justice

PSA 224 - Security and the Law
Prerequisites: Completion of RDG 001 and ENG 001.

Description: Course focuses on the various legal components applicable to Security personnel. Available sources of authority, powers, and legal restrictions are analyzed in-depth. Probable cause, the single biggest issue affecting false arrest, is thoroughly reviewed. Arrest, search and seizure, detention, interrogation and the use of force are thoroughly discussed. Special emphasis is placed on criminal and civil sanctions that can be invoked against Security personnel who abuse their authority. Ramifications of tort liability will be examined. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Criminal Justice

PSA 225 - Introduction to Emergency Management
Prerequisites: Completion of RDG 001 and ENG 001.

Description: A study of emergency management, this course provides an overview of the Department of Homeland Security's National Incident Management System (NIMS). This course examines the United States Government Interagency Domestic Terrorism Concept of Operations (CONPLAN). It emphasizes the roles of Federal, State, and Local Agencies working effectively and efficiently together to prepare for, prevent, respond to, and recover from domestic incidents, regardless of cause, size, or complexity. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Criminal Justice

PSA 231 - Arson Investigation Safety Management OSHA (Federal and State)
Prerequisites: Completion of RDG 001 and ENG 001.

Description: A study of arson, its prevention, detection, investigation and control. The course examines occupational and environmental hazards, injuries and diseases, including toxic materials, radiation exposure, pollution and occupational diseases. OSHA, the safety enforcement agency, is reviewed, both at the Federal and state level. Its purpose and effectiveness is thoroughly analyzed. The course emphasizes the need for safety management in both the public sector and the workplace. The genesis of workers' compensation law, its effectiveness, and present day status is assessed. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Criminal Justice

PSA 241 - Research Problems in Security
Prerequisites: Completion of RDG 001 and ENG 001. At least nine credits of Criminal Justice and/or Private Security Administration.

Description: (Dual listed with CRJ 212). This seminar type course offers the student an opportunity to examine specific issues, conflicts or controversies in one or more of the following discipline areas: law enforcement, loss prevention, courts, and corrections. An interdisciplinary approach is stressed for a broader understanding. Each student is required to complete a research project under the direction of the instructor in the student's chosen area of examination. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Criminal Justice

Psychology

PSY

PSY 203 - General Psychology I
Description: Designed to familiarize the student with the science of human behavior and mental states; the methods employed by psychologists; the experimental findings and applications of research, and the important contributions from the behaviorist, psychoanalytic, neuroscientific, and cognitive schools of thought. This course includes the study of learning, perception, cognition, intelligence, social influences, psychological disorders, physiological changes and developmental stages. SUNY GEN ED-GSBS; NCC GEN ED-SBS
Credit Hours: 3
Department: Psychology

PSY 204 - General Psychology II: Research and Methods
Prerequisites: PSY 203.

Description: A more comprehensive study of areas covered in PSY 203, especially perception, learning, intelligence and personality. There are demonstrations and participation in experiments in these areas. SUNY GEN ED-GSBS; NCC GEN ED-SBS
Credit Hours: 3
Department: Psychology

PSY 206 - Educational Psychology
Prerequisites: PSY 203.

Description: (Dual listed with EDU 206). Students who have taken PSY 206 will not receive credit for EDU 206. This course is intended to provide knowledge and understanding of the major theories and findings of the science of Educational Psychology. The course includes a consideration of such topics as: research methods in educational psychology; the cognitive, personal, social and moral development of students; the impact of student diversity on teaching and learning; the principles and processes of learning; motivational concerns in education; classroom management; techniques of teaching; and methods of assessing student learning. SUNY GEN ED-GSBS; NCC GEN ED-SBS
Credit Hours: 3
Department: Psychology

PSY 207 - Industrial Psychology
Prerequisites: PSY 203.

Description: An examination of aspects of behavior that relate to work organizations. Areas covered include pertinent general psychological processes such as learning and motivation; individual difference dimensions such as personality, aptitudes, and attitudes; and characteristics of group and organizational environments. SUNY GEN ED-GSBS; NCC GEN ED-SBS
Credit Hours: 3
Department: Psychology

PSY 212 - Adolescent Psychology
Prerequisites: PSY 203.

Description: Problems of adolescence as related to childhood and maturity. Physical, emotional, social, intellectual, moral, and religious development; theories of adolescent personality development, the importance of home and community relationships. Observations required.
SUNY GEN ED-GSBS; NCC GEN ED-SBS  
**Credit Hours:** 3  
**Department:** Psychology  
**PSY 213 - Child Development**  
**Prerequisites:** PSY 203.  
**Description:** Development and analysis of infant and child behavior, motor development, emotional development, motivation, language, thinking, work and play. Problems and methods of child study; application of research; effects of heredity and environment on the individual; individual differences and theories of personality development. Observations required.  
SUNY GEN ED-GSBS; NCC GEN ED-SBS  
**Credit Hours:** 3  
**Department:** Psychology  
**PSY 214 - Adult Development**  
**Prerequisites:** PSY 203.  
**Description:** This course examines theories and research concerning psychological development in adulthood and old age. Among the topics studied are: theories of adult development, motivation, language, thinking, work and play. Problems and methods of child study; application of research; effects of heredity and environment on the individual; individual differences and theories of personality development. Observations required.  
SUNY GEN ED-GSBS; NCC GEN ED-SBS  
**Credit Hours:** 3  
**Department:** Psychology  
**PSY 215 - Abnormal Psychology**  
**Prerequisites:** PSY 203.  
**Description:** An introduction to behavior pathology. Emphasis is on the evaluation, diagnosis and treatment of disordered and maladaptive behavior. Presentation of different theories and models of normal and abnormal personality.  
SUNY GEN ED-GSBS; NCC GEN ED-SBS  
**Credit Hours:** 3  
**Department:** Psychology  
**PSY 216 - Lifespan Human Development**  
**Prerequisites:** PSY 203.  
**Description:** This course will examine major theories and findings on human development. Development is viewed across the life span from prenatal development through advanced old age. The course integrates theoretical perspectives and serves as a foundation for careers in the behavioral sciences, health, and human services.  
SUNY GEN ED-n/a; NCC GEN ED-SBS  
**Credit Hours:** 3  
**Department:** Psychology  
**PSY 219 - Psychology of Art**  
**Prerequisites:** PSY 203.  
**Description:** Issues, theories, and methodology in the psychology of visual art. Theories of creativity and profile of the creative individual and thought process. Motivation to view art, pictorial perception, visual preference, sensitivity to style, and aesthetic judgment. Developmental trends in normal, autistic, gifted children's drawings, chimp art and pathological art.  
SUNY GEN ED-GSBS; NCC GEN ED-SBS  
**Credit Hours:** 3  
**Department:** Psychology  
**PSY 220 - Brain and Behavior**  
**Prerequisites:** PSY 203.  
**Description:** A course examining the structure and functioning of the nervous system on all levels, from the microanatomy and physiology of the neuron to a general description of the cerebral processes which underlie all behavior. Emphasis is placed on a general understanding of the organization of the brain and how this organization relates to both simple and complex behaviors.  
SUNY GEN ED-GSBS; NCC GEN ED-SBS  
**Credit Hours:** 3  
**Department:** Psychology  
**PSY 235 - Psychology of the Exceptional Child**  
**Prerequisites:** PSY 203 and PSY 212 or PSY 213.  
**Description:** Students who have taken EDU 235 will not receive credit for PSY 235. This course examines the psychological, learning and behavioral characteristics of each category of exceptionality. Students will be introduced to special education laws and their implications for identification, delivery systems, transition plans, and placement procedures. Field experience in a special education setting is required.  
SUNY GEN ED-GSBS; NCC GEN ED-SBS  
**Credit Hours:** 3  
**Department:** Psychology  
**PSY 240 - Psychology of Human Adjustment**  
**Prerequisites:** PSY 203.  
**Description:** The personality development of the individual, personal awareness and personal growth, adaptive and maladaptive modes of adjustment to social and psychological stresses, including a survey of major issues of current concern and a discussion of the community resources available to the individual with emotional difficulties.  
SUNY GEN ED-GSBS; NCC GEN ED-SBS  
**Credit Hours:** 3  
**Department:** Psychology  
**PSY 241 - Social Psychology**  
**Prerequisites:** PSY 203.  
**Description:** The behavioral characteristics of individuals, of small and of large groups: their interrelationships, methods of measuring and assessing interactions between the individual and his environment. Motives, attitudes and opinion, social norms and roles, individual personality, group structures and processes, leadership and communication.  
SUNY GEN ED-GSBS; NCC GEN ED-SBS  
**Credit Hours:** 3  
**Department:** Psychology  
**PSY 203.**  
**RDG 001 - Individualized Reading and Study Improvement**  
**Prerequisites:** Satisfactory completion of BEP 090, if required.  
**Description:** A required course for students who demonstrate reading deficiencies on the College Placement Test. Instruction will include recognition of main ideas and details, critical reading skills, and vocabulary improvement. Reading comprehension and study skills are enhanced through the practice of outlining, mapping, underlining, and summary writing. Students' strengths and weaknesses are diagnosed through standardized testing and ongoing evaluation. Students are required to attend a supervised Reading laboratory weekly for individualized.
practice work. (3 lecture hours, 1 laboratory hour) Students assigned to this course must pass it before proceeding to ENG 101. SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 0

Department: Reading/BEP

RDG 002 - Reading and Studying College Texts

Prerequisites: Satisfactory completion of BEP 090 or RDG 001, if required.

Description: This course is designed to help deficient readers meet the demands of college reading and studying. An in-depth study and application of more advanced reading strategies will be provided using content readings from college texts. All strategies taught will foster the reading/writing/thinking connection. The strategies and knowledge students gain from this course will be applied directly to academic courses. Supplemental practice in reading and studying strategies will be available in a Reading Center.

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 0

Department: Reading/BEP

RDG 030 - Rdg ESL 3 - Reading and Study for the Foreign Student

Prerequisites: Completion of ELI (English Language Institute) or placement by department.

Description: This is a required course for students who speak English as a second language and who demonstrate a need to develop mastery of college-level reading and study skills. Emphasis will be in the areas of inferential and critical reading, textbook study strategies, library research, vocabulary enrichment and the development of reading fluency. Students are required to attend a supervised learning laboratory session weekly for individualized supplemental instruction. Completion of RDG 030 will enable students to take a credited reading class. (3 lecture hours, 1 laboratory hour).

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 0

Department: Reading/BEP

RDG 101 - Effective College Reading

Prerequisites: Completion of Remedial Reading Courses or RDG 101 Placement.

Description: This is an advanced reading course focusing on the critical reading of mature, college-level material as well as reading for pleasure. Students will review a variety of strategies needed for effective academic reading and develop a repertoire of critical reading strategies to be used in the context of important issues facing today's student, society, and the diverse career fields in which they are likely to become employed. There will be an emphasis on information literacy and writing, including the use of library materials and the Internet. In addition, students will have the opportunity to improve their individual reading capabilities to facilitate greater comprehension and to develop a broader vocabulary through challenging reading materials rather than through isolated exercise.

SUNY GEN ED-n/a; NCC GEN ED-HUM

Credit Hours: 3

Department: Reading/BEP

RDG 102 - Speed Reading

Prerequisites: RDG 101 placement.

Description: A concentrated course designed to present the theories of speed reading and to provide the student with extensive practice in developing a greater range in his/her efficient reading rate. Ability to adjust one's reading skills, especially rate and comprehension, to the type and level of the material are the main concern. This course is not designed for a student with a comprehension or vocabulary deficiency.

SUNY GEN ED-n/a; NCC GEN ED-HUM

Credit Hours: 3

Department: Reading/BEP

RDG 103 - Reading the New Media

Prerequisites: Satisfactory completion of all non-credit Reading requirements.

Description: This course invites students to apply the tools of critical reading to the new media. Using advanced literacy and comprehension skills, students will analyze, interpret, assess and synthesize information pertaining to news, contemporary issues, the arts and entertainment coming to them from a variety of on-line and textual sources, including, but not limited to, blogs, on-line newspapers and magazines, wikis, social networking and video sharing sites.

SUNY GEN ED-n/a; NCC GEN ED-HUM

Credit Hours: 3

Department: Reading/BEP

RDG 104 - News on the Net

Prerequisites: Satisfactory completion of all non-credit Reading requirements

Description: This course is designed to teach students to become more discriminating news consumers as we are flooded by information and disinformation through the digital technology. The course helps students apply critical reading skills in the indentification of propaganda, bias, fairness, assertion, verification, evidence and implication in the presentation of news. The ramifications of culture, business and government on news delivery and reception by the public will be studied.

SUNY GEN ED-n/a; NCC GEN ED-HUM

Credit Hours: 3

Department: Reading/BEP

REA

Retail Business Management

RET

RET 107 - Principles of Retailing

Description: A survey of the retail industry. The economic importance and structure of retail organizations are studied for their function and interrelationships, operations and human resources.

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Marketing & Retailing

RET 109 - Visual Merchandising

Description: Visual merchandising of retailing goods; effective window and interior display; appropriate equipment and materials; color, lighting, and general arrangements. A hands-on approach is utilized whereby students design and construct exterior and interior displays. Lab fee applies.

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Marketing & Retailing

RET 111 - Retail Merchandising

Description: This course covers the fundamentals of merchandising, markup and markdown, stock turnover, stock-sales ratio, retail method of inventory, open-to-buy, unit stock control, the merchandise plan, merchandising and the computer.

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Marketing & Retailing

RET 115 - Textiles

Description: Identification of fibers and fabrics, and analysis of construction of cloth to determine strength, durability and usefulness are included in this course. Methods and effects of finishing cloth. In addition, laws relating to the labeling and advertising of textiles and textile products are discussed. Geared to the needs of students who plan...
careers in apparel design, interior design, retailing, fashion marketing, and consumerism. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Marketing & Retailing
RET 119 - Retail Buying
Description: The buying function in department stores, specialty stores, discount chain stores, independent stores and non-store retail formats will be studied. The buying activity and how it is affected by store organization, merchandise offered and store's dollar volume are examined in order to forecast and satisfy consumer needs. The buyer's role in merchandise planning and control, sourcing domestic and foreign supply chains are also explored in order to understand channels of distribution in relationship to retail image. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Marketing & Retailing
RET 127 - Foreign Buying
Prerequisites: Completion of all remedial courses needed prior to application, a minimum of 2.5 grade point average and completion of 15 or more credits. Permission of instructor required.
Description: This course provides qualified students an opportunity to learn selected methods and techniques involved in foreign buying. Independent research, a buying plan, and visits to major international cities are included. Special expenses for students' airfare, food, lodging, taxes, transfers, etc. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Marketing & Retailing
RET 142 - Field Training
Prerequisites: Permission of Department Chairperson and/or Course Instructor.
Description: Students work for appropriate retail business firms to enrich the theoretical concepts previously developed in the classroom. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Marketing & Retailing
Russian
RUS
RUS 101 - Beginning Russian I
Prerequisites: Satisfactory completion of ENG 001 and RDG 002.
Description: Fundamentals of grammar, pronunciation, culture and conversation. Reading, writing, listening comprehension and simple conversational patterns. This course is not intended for students of Russian speaking background. Laboratory fee applies. Laboratory component required. SUNY GEN ED-GFOL; NCC GEN ED-HUM, GLNW
Credit Hours: 3
Department: Foreign Languages
RUS 102 - Beginning Russian II
Prerequisites: Satisfactory completion of ENG 001 and RDG 002. RUS 101 or equivalent.
Description: Fundamentals of grammar, pronunciation, culture and conversation. Reading, writing, listening comprehension, and simple conversational patterns. Laboratory fee applies. Laboratory component required. SUNY GEN ED-GFOL; NCC GEN ED-HUM, GLNW
Credit Hours: 3
Department: Foreign Languages
RUS 201 - Intermediate Russian I
Prerequisites: Satisfactory completion of ENG 001 and RDG 002. RUS 102 or equivalent.
Description: Development of listening, speaking, reading and writing skills. Conversation and writing practice stimulated through a wide variety of cultural materials. Laboratory fee applies. Laboratory component required. SUNY GEN ED-GFOL; NCC GEN ED-HUM, GLNW
Credit Hours: 3
Department: Foreign Languages
RUS 202 - Intermediate Russian II
Prerequisites: Satisfactory completion of ENG 001 and RDG 002. RUS 201 or equivalent.
Description: Development of listening, speaking, reading and writing skills. Conversation and writing practice stimulated through a wide variety of cultural materials. Laboratory fee applies. Laboratory component required. SUNY GEN ED-GFOL; NCC GEN ED-HUM, GLNW
Credit Hours: 3
Department: Foreign Languages
Physical Sciences
SCI
SCI 101 - Principles of Physical Science
Description: This is an introductory course designed to involve the non-science oriented student in an investigation of some of the basic concepts and processes of science. There will be an introduction to measurement and information gathering techniques used by scientists, along with an examination of basic principles of phenomena such as motion, gravity, energy, and heat. Laboratory experiments will enable the students to investigate scientific principles as they apply to the world. (3 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-GLAB; NCC GEN ED-LSCI.
Credit Hours: 4
Department: Physical Sciences
SCI 102 - Material Science
Description: The course is designed to continue the investigation of physical science principles with a focus on chemical aspects. Such topics as electricity, atomic structure, chemical nature and behavior, ionization, reactions, and compound formation will highlight the study. Laboratory experiments will enable the students to investigate scientific principles as they apply to the world. (3 lecture, 3 laboratory hours) Lab fee applies.
SUNY GEN ED-GLAB; NCC GEN ED-LSCI.
Credit Hours: 4
Department: Physical Sciences
SCI 103 - Physical Geology
Description: This course presents principles of the study of the earth outlining how the science began in the late 1700s from natural curiosity progressing to our present knowledge of the earth as a dynamic entity. Students will study its surface features and processes and then can appreciate how patterns observed have allowed for interpretations of what is going on within the interior. Such aspects include but are not limited to earthquakes, volcanism, origin and deformation of mountain belts and ocean basins, the work of running water, glaciers and wind. In lab, students are provided a hands-on approach to the study of minerals, igneous, sedimentary and metamorphic rocks and will learn how to use a topographic map. A one-day field trip may be offered to illustrate and reinforce the concepts introduced. (3 lecture, 3 laboratory hours) Lab fee applies. A special section of Physical Geology may be offered each semester through the College of the Air program. This distance-learning course uses DVDs, the internet, computers and other electronic media to complete the course assignments. Therefore, students must have access to a computer and a DVD player. Students will occasionally meet with the instructor on campus to perform
laboratory experiments and to take exams. Special sections of Physical Geology may be offered which cover most of the topics above but which present the popular field of gemology, allowing the students to work with professional instruments to identify a large suite of gems, both natural and synthetic. Lab fee applies.

SUNY GEN ED-GLAB; NCC GEN ED-LSCI.

Credit Hours: 4

Department: Physical Sciences

SCI 104 - Historical Geology

Description: This is a problem-oriented approach to the study of the geologic history of the planet earth. Laboratory methods are emphasized in conjunction with the fundamental tools of geology. The origins and evolution of the continents and ocean basins are examined both from a classical perspective, and through the utilization of the theories of continental drift and plate tectonics. The histories of select areas will be examined with an emphasis placed on the techniques used in the interpretation of the ancient environments in which the rock record was formed. A one-day field trip may be offered to illustrate and reinforce the concepts introduced. (3 lecture, 3 laboratory hours) Laboratory fee applies.

SUNY GEN ED-GLAB; NCC GEN ED-LSCI.

Credit Hours: 4

Department: Physical Sciences

SCI 105 - Solar System Astronomy

Description: The historical development of the physical laws and theories basic to the study of the solar system is studied. Physical characteristics of the earth, moon, planets and sun are discussed including findings of unmanned planetary exploration. Students are required to attend at least two evening observation sessions during the semester. Students gain a working knowledge of the operation of a telescope. (3 lecture, 3 laboratory hours) Lab fee applies. Note: A special section of Solar System Astronomy may be offered each semester through the College of the Air program. This distance-learning course uses DVDs, the internet, computers and other electronic media to complete the course assignments. Therefore, students must have access to a computer and a DVD player. Students will occasionally meet with the instructor on campus to perform laboratory experiments and take exams. Lab fee applies.

SUNY GEN ED-GLAB; NCC GEN ED-LSCI.

Credit Hours: 4

Department: Physical Sciences

SCI 106 - Stellar and Galactic Astronomy

Description: The student is introduced to the historical development of theories basic to understanding the concepts of the universe beyond the solar system and studies the evolution of stars and galaxies in terms of observations. Included are discussions of quasars, pulsars, black holes and the Big Bang Theory. Students are required to attend at least two evening observation sessions during the semester. (3 lecture, 3 laboratory hours) Lab fee applies.

SUNY GEN ED-GLAB; NCC GEN ED-LSCI.

Credit Hours: 4

Department: Physical Sciences

SCI 107 - Meteorology

Description: To understand the daily and seasonal weather, students will be introduced to basic weather elements such as temperature, pressure, and humidity. Real-time weather maps from the Internet are often used in class to enhance the study of particular topics. After a good foundation in the basic principles of meteorology, various atmospheric phenomena will be discussed, including the formation of rainbows, thunderstorms, lightnings, tornadoes and hurricanes. Many of these phenomena are illustrated on videotape. Laboratory exercises include the study of weather instruments, analysis of surface and upper air maps, analysis of soundings on Skew-T diagrams, and weather forecasting. A special section of meteorology may be offered each semester as a hybrid online course. This distance-learning course uses real-time weather data to study the principles of meteorology. Students must have access to a computer and the internet in order to download or print the weekly lessons. Communication between the instructor and student is through the course website. Students will occasionally meet with the instructor on campus to conduct laboratory experiments that require equipment and to take exams. (3 lecture, 3 laboratory hours) Lab fee applies.

SUNY GEN ED-GLAB; NCC GEN ED-LSCI.

Credit Hours: 4

Department: Physical Sciences

SCI 108 - Climatology

Description: Meteorological elements such as temperature, precipitation, pressure, and wind will be studied to provide an understanding of the different climates around the world. Students will learn how climate can influence agriculture, clothing, housing, and transportation in different parts of the world. The interdisciplinary nature of this course is evident in the study of how scientists have used biology, meteorology, geology, astronomy, physics, chemistry, oceanography and computer modeling to determine the climates of the past and predict the climates of the future. The study of climate change will include astronomical theories, the ocean conveyor belt, ozone depletion, global warming and El Nino and La Nina. (3 lecture, 3 laboratory hours) Lab fee applies.

SUNY GEN ED-GLAB; NCC GEN ED-LSCI.

Credit Hours: 4

Department: Physical Sciences

SCI 109 - Environmental Science

Description: Some Saturday field trips may be required of evening students. This course offers an introduction to the basic principles of ecology, population and food production problems. The course also examines the basic principles concerning air and water pollution. Laboratory exercises are designed to measure the local air and water quality. The modes of detection and prevention of environmental pollution will be investigated and discussed. Field trips and laboratory exercises are a required part of the course. Students must provide their own transportation to and from the field trip sites. (3 lecture, 3 laboratory hours) Lab fee applies.

SUNY GEN ED-GLAB; NCC GEN ED-LSCI.

Credit Hours: 4

Department: Physical Sciences

SCI 110 - Environmental Resources

Prerequisites: SCI 109 is recommended but not required.

Description: The course involves the investigation of current problems in our environment. The areas which will be discussed will be the problems of solid waste and various methods of its disposal; the effects of pollutants from present and future energy sources; noise pollution and the effects of radiation on people and the environment. Field trips and laboratory exercises are a required part of the course. Students must provide their own transportation to and from the field trip sites. (3 lecture, 3 laboratory hours) Lab fee applies.

SUNY GEN ED-GLAB; NCC GEN ED-LSCI.

Credit Hours: 4

Department: Physical Sciences

SCI 115 - Beaches and Coasts

Description: This course introduces the study of beach and coastal processes and environments. It examines coastal morphology such as barrier islands, spits, dunes and marshes and introduces the effects of plate tectonics, glaciers, and rivers on beaches and coasts. It also examines tidal currents, wave action, longshore currents and transport, and estuarine circulation. Human activities and the effects of man-made (anthropogenic) structures will also be emphasized. Students will also...
study the various methods used for study of coastal environments. Field trip(s) required.

**Credit Hours:** 3  
**Department:** Physical Sciences

**SCI 116 - The Universe**

**Description:** This course introduces the study of the Universe through cosmology. It examines theories of the history of the universe, the nature of dark matter and dark energy, and the origin of elementary particles and ordinary matter on the large-scale structure. Emphasis will be placed on space and time as basic concepts in physical science and how modern measurements and discoveries allow us to determine the size, age, and future fate of the universe. Other topics include theories of parallel universes and time travel.

**Credit Hours:** 3  
**Department:** Physical Sciences

**SCI 119 - Oceanology**

**Description:** (Dual listed with BIO 119). This is a three-credit course and does not fulfill the laboratory science requirement needed for graduation. There will be no waivers issued under any circumstances. One field laboratory during the term. The course is designed as an overview of the structure, origin, and evolution of the world's oceans. Investigations will include analysis of abiotic factors such as sediments, coastlines, water properties, and movement. Students will take a close look at general water circulation, tides, currents, waves, and the effects of weather and climate. Further investigations will focus on biotic factors such as marine organisms, food chains, resources, and man's relationship to the sea. (3 lecture hours)  
SUNY GEN ED-GLAB; NCC GEN ED-NSCI.

**Credit Hours:** 3  
**Department:** Physical Sciences

**SCI 120 - Environmental Issues of Metropolitan New York**

**Prerequisites:** Permission of Instructor.

**Description:** This is a limited enrollment course that runs during select intersemesters for a period of 10 days. Special fees for transportation are required. This course is an intensive investigation of the current environmental problems facing society using the greater metropolitan area of New York as the focal point. Students will receive firsthand experience with current environmental problems through field trip observations and surveys. Problems dealing with the physical treatment of oil spills, the scientific formulation of environmental impact statements, and the effects of heavy industry on air quality will be some of the issues under consideration. The field trips and laboratory activities will be designed to reinforce the topics discussed during lecture.

SUNY GEN ED-GLAB; NCC GEN ED-NSCI.

**Credit Hours:** 4  
**Department:** Physical Sciences

**SCI 141 - Metascience**

**Prerequisites:** Student must be either currently enrolled in and/or have taken and passed ENG 101.

**Description:** This course presents a study of enigmatic phenomena, both historic and contemporary, which have aroused popular interest and which present a paradox to modern science. Topics covered in the course are extraterrestrial intelligence, ancient "super cultures" (including Atlantis), the Bermuda Triangle phenomenon, the U.F.O. phenomenon, psychic phenomena (including "spirits" vs. "ghosts") and cryptozoological phenomena (from Loch Ness to Bigfoot). Emphasis is placed upon the critical evaluation of available data (written articles and videotapes) using the scientific method.

SUNY GEN ED-n/a; NCC GEN ED-n/a

**Credit Hours:** 3  
**Department:** Physical Sciences

**SCI 150 - Environmental Mapping**

**Description:** This beginning level course is designed to introduce non-science as well as science oriented students, to the latest concepts and technologies in mapping science. The course covers the theories and concepts of Global Positioning Systems (GPS) and Geographic Information Systems (GIS). Students acquire a fundamental hands-on understanding of the technologies and systems used in the GIS field. The course will include problem solving activities through laboratory and field work. Off-campus field trips are required. Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-LSCI

**Credit Hours:** 4  
**Department:** Physical Sciences

**Sociology**

**SOC**

**SOC 201 - Introduction to Sociology**

**Description:** Major theories, methodology and research findings of Sociology. The nature, organization and development of modern society. Sociological examination of varied forms of group life, including small groups, families, bureaucracies, formal organizations, social classes and ethnic groups. Analysis of social process and social change.

SUNY GEN ED-GBS; NCC GEN ED-SBS

**Credit Hours:** 3  
**Department:** Sociology
SOC 202 - American Society
Prerequisites: SOC 201 or ANT 203.
Description: American society and its peoples: their class, ethnic and racial characteristics, their attitudes and behavior patterns. Exploration of family, educational, industrial, political and recreational institutions in American communities. Analysis of the effects of urbanization, industrialization and bureaucratization of American life.
SUNY GEN ED-GSBS; NCC GEN ED-SBS, PLDI
Credit Hours: 3
Department: Sociology

SOC 207 - Sociology of Religion
Prerequisites: SOC 201 or ANT 203.
SUNY GEN ED-GSBS; NCC GEN ED-SBS, PLDI
Credit Hours: 3
Department: Sociology

SOC 209 - Race, Class, Ethnicity
Description: This course explores racial, ethnic, and class diversity, identity, and inequality. It examines social relations between and among racial and ethnic groups in the United States, and relevant comparisons to other western and non-western societies. It examines the role of discrimination, prejudice, and stereotyping in intergroup relations. Also, it investigates how class privileges and disadvantages shape patterns of social mobility. The course pays particular attention to immigration to the United States and its effects on American society, in light of current research and theory.
SUNY GEN ED-GSBS; NCC GEN ED-PLDI, SBS
Credit Hours: 3
Department: Sociology

SOC 210 - Criminology
Prerequisites: SOC 201 or ANT 203.
Description: The nature, significance and causes of crime: statistics of crime and delinquency; historical development of criminological theory; modern explanations of crime, criminal laws and courts; police and prisons.
SUNY GEN ED-GSBS; NCC GEN ED-SBS
Credit Hours: 3
Department: Sociology

SOC 212 - Social Problems
Description: Application of sociological principles to problems of social disorganization and deviant behavior in industrial societies. Analysis of such problems as family disorganization, race conflict, poverty, mental illness, suicide, aging, crime and delinquency, drug and alcohol addiction, overpopulation and the ecological crisis.
SUNY GEN ED-GSBS; NCC GEN ED-SBS
Credit Hours: 3
Department: Sociology

SOC 214 - African American Culture
Description: (Dual listed with AFR 185). A comprehensive survey of the various aspects of the lives, life-styles, values, art forms and social impact of the African American. The course includes varying lifestyles at different socioeconomic levels; speech patterns; the role of the church as a religious, historical, political and recreational institution; African American cultural patterns; and the influence of Africa.
SUNY GEN ED-GSBS; NCC GEN ED-PLDI, SBS
Credit Hours: 3
Department: Sociology

SOC 215 - Social Change
Prerequisites: SOC 201 or ANT 203 or permission of Instructor.
Description: This course analyzes social change and its impact in western and non-western societies. Focusing on classical and contemporary sociological theories, topics addressed include: the effects of changes in technology, population, the environment and economy; organized movements for social change and social justice.
SUNY GEN ED-GSBS; NCC GEN ED-SBS
Credit Hours: 3
Department: Sociology

SOC 216 - Aging, Society and Culture
Prerequisites: SOC 201 or ANT 203.
Description: This course introduces students to sociological perspectives on gender and sexuality. It focuses on the social construction of gender and sexuality in the American and European contexts, from interaction and socialization to inequality and social movements. Topics include power and inequality, gender diversity (including transgenderism), sexuality and heterosexism, representations of women and men in the mass media, and gender and social change.
SUNY GEN ED-GSBS; NCC GEN ED-SBS, PLDI
Credit Hours: 3
Department: Sociology

SOC 219 - The African American Family
Prerequisites: SOC 201 or ANT 203 or permission of Instructor.
Description: (Dual listed with AFR 186). Sociological approaches to the African American family. Topics include interactions with public and social institutions, male/female relationships, state of the extended family, identity as a socialization agent, courtship, sex patterns and roles, health and economic issues, alternative life styles, the Black male as an "endangered species", and the effects of public policy on the Black family.
SUNY GEN ED-GSBS; NCC GEN ED-PLDI, SBS
Credit Hours: 3
Department: Sociology

SOC 222 - Sociology of Gender
Prerequisites: SOC 201 or ANT 203.
Description: This course introduces students to sociological perspectives on gender and sexuality. It focuses on the social construction of gender and sexuality in the American and European contexts, from interaction and socialization to inequality and social movements. Topics include power and inequality, gender diversity (including transgenderism), sexuality and heterosexism, representations of women and men in the mass media, and gender and social change.
SUNY GEN ED-GSBS; NCC GEN ED-SBS, PLDI
Credit Hours: 3
Department: Sociology

SOC 225 - Sociology of Health Care
Prerequisites: SOC 201 or ANT 203 or permission of Instructor.
Description: Health and illness in American society and in cross-cultural perspective. Hospitals as organizations with complex staffs, needs and goals. Community and hospital in interaction. Health care delivery in a changing society.
SUNY GEN ED-GSBS; NCC GEN ED-SBS
Spanish

SPA 101 - Beginning Spanish I
Prerequisites: Satisfactory completion of ENG 001 and RDG 002. SPA 101 or equivalent.
Description: Fundamentals of grammar, pronunciation, culture and conversation. Reading, writing, listening comprehension and simple conversational patterns. This course is not intended for students of Spanish background. Laboratory fee applies. Laboratory component required.
SUNY GEN ED-GFOL; NCC GEN ED-HUM, WESH
Credit Hours: 3
Department: Foreign Languages

SPA 102 - Beginning Spanish II
Prerequisites: Satisfactory completion of ENG 001 and RDG 002. SPA 101 or equivalent.
Description: Fundamentals of grammar, pronunciation, culture and conversation. Reading, writing, listening comprehension, and simple conversational patterns. Laboratory fee applies. Laboratory component required.
SUNY GEN ED-GFOL; NCC GEN ED-HUM, WESH
Credit Hours: 3
Department: Foreign Languages

SPA 110 - Spanish for Hotel Restaurant Technology
Prerequisites: Satisfactory completion of ENG 001 and RDG 002.
Description: Fundamentals of specifically focused grammar geared for the acquisition of a limited but working knowledge of Spanish as needed and found in the hotel restaurant environment. Emphasis on aural comprehension and oral proficiency determined by various task-oriented exercises involving pair and group work. Laboratory fee applies. Laboratory component required.
SUNY GEN ED-n/a; NCC GEN ED-HUM
Credit Hours: 3
Department: Foreign Languages

SPA 121 - Spanish for Law Enforcement
Prerequisites: Satisfactory completion of ENG 001 and RDG 002.
Description: A conversational course for students in law enforcement areas who wish to communicate effectively with Spanish-speaking people. Presentation and practice of basic vocabulary appropriate for use in typical law enforcement situations. Emphasis on oral proficiency and listening comprehension. Laboratory fee applies. Laboratory component required.
SUNY GEN ED-n/a; NCC GEN ED-HUM
Credit Hours: 3
Department: Sociology

SPA 201 - Intermediate Spanish I
Prerequisites: Satisfactory completion of ENG 001 and RDG 002. SPA 102 or equivalent.
Description: This is the first course in the SPA 201-202 sequence. Development of listening, speaking, reading and writing skills. Conversation and writing practice stimulated through a wide variety of cultural materials. Laboratory fee applies. Laboratory component required.
SUNY GEN ED-GFOL; NCC GEN ED-HUM, WESH
Credit Hours: 3
Department: Foreign Languages

SPA 202 - Intermediate Spanish II
Prerequisites: Satisfactory completion of ENG 001 and RDG 002. SPA 201 or equivalent.
Description: This is the second course in the SPA 201-202 sequence. Development of listening, speaking, reading and writing skills. Conversation and writing practice stimulated through a wide variety of cultural materials. Laboratory fee applies. Laboratory component required.
SUNY GEN ED-GFOL; NCC GEN ED-HUM, WESH
Credit Hours: 3
Department: Foreign Languages

SPA 205 - Intermediate Spanish for Bilingual Speakers I
Prerequisites: Satisfactory completion of ENG 001 and RDG 002. For native/bilingual speakers only.
Description: This is the first course in the SPA 205-206 sequence. These courses offer students who are “native” or bilingual speakers, (who have some knowledge of the spoken language, but who have had little or no formal training) an opportunity to correct and improve effective expression in written and spoken Spanish as well as exposure to the cultural production (literature, film, art) of the Spanish-speaking world.
SUNY GEN ED-n/a; NCC GEN ED-HUM
Credit Hours: 3
Department: Foreign Languages

SPA 206 - Intermediate Spanish for Bilingual Speakers II
Prerequisites: Satisfactory completion of ENG 001 and RDG 002. For native/bilingual speakers only.
Description: This is the second course in the SPA 205-206 sequence. These courses offer students who are “native” or bilingual speakers, (who have some knowledge of the spoken language, but who have had little or no formal training) an opportunity to correct and improve effective expression in written and spoken Spanish as well as exposure to the cultural production (literature, film, art) of the Spanish-speaking world.
SUNY GEN ED-n/a; NCC GEN ED-HUM, WESH
Credit Hours: 3
Department: Foreign Languages

SPA 225 - Spanish for Business
Prerequisites: Satisfactory completion of ENG 001 and RDG 002. SPA 102 or permission of the instructor.
Description: Using print, video, and electronic media this course offers students a practical knowledge of Spanish business terminology and procedures. It will introduce students to such topics (in Spanish) as commercial letter writing, telephone etiquette, filling out business forms, etc. Students will also learn how to deal with cultural aspects of the international business environment. Laboratory fee applies. Laboratory component required.
SUNY GEN ED-GFOL; NCC GEN ED-HUM
Credit Hours: 3
Department: Foreign Languages

SPA 251 - Practical Spanish for Medical Personnel I
Prerequisites: Satisfactory completion of ENG 001 and RDG 002. SPA 101 or equivalent.
Description: This is the first course in the SPA 251-252 sequence. A course for students in medical areas who wish to communicate effectively with Spanish-speaking people. It includes a systematic presentation of health-related terminology, and practice in using culturally appropriate Spanish in typical medical and hospital situations. Laboratory fee applies. Laboratory component required.
SUNY GEN ED-GFOL; NCC GEN ED-HUM
Credit Hours: 3
Department: Foreign Languages

SPA 252 - Practical Spanish for Medical Personnel II
Prerequisites: Satisfactory completion of ENG 001 and RDG 002. SPA 251 or SPA 101 or equivalent.

Description: This is the second course in the SPA 251-252 sequence. A course for students in medical areas who wish to communicate effectively with Spanish-speaking people. It includes a systematic presentation of health-related terminology, and practice in using Spanish in typical medical and hospital situations. Laboratory fee applies. Laboratory component required.

SUNY GEN ED-GFOL; NCC GEN ED-HUM
Credit Hours: 3
Department: Foreign Languages

 SPA 402 - Introduction to Spanish Literature II
Prerequisites: Satisfactory completion of ENG 001 and RDG 002. SPA 202 or equivalent; SPA 301 or SPA 302 recommended.

Description: Readings in representative works from the 17th century to the contemporary period, supplemented by class discussions and student reports. Class conducted in Spanish.

SUNY GEN ED-GFOL; NCC GEN ED-HUM, WESH, LIT
Credit Hours: 3
Department: Foreign Languages

 SPA 404 - Introduction to Spanish-American Literature I
Prerequisites: Satisfactory completion of ENG 001 and RDG 002. SPA 202 or equivalent; SPA 301 or SPA 302 recommended.

Description: Readings in representative works from the period of Modernism through the contemporary period, supplemented by class discussion and student reports. Class conducted in Spanish.

SUNY GEN ED-GFOL; NCC GEN ED-HUM, WESH, LIT
Credit Hours: 3
Department: Foreign Languages

 SPA 404 - Introduction to Spanish-American Literature II
Prerequisites: Satisfactory completion of ENG 001 and RDG 002. SPA 202 or equivalent; SPA 301 or SPA 302 recommended.

Description: Readings in representative works from the period of Modernism through the contemporary period, supplemented by class discussion and student reports. Class conducted in Spanish.

SUNY GEN ED-GFOL; NCC GEN ED-HUM, WESH, LIT
Credit Hours: 3
Department: Foreign Languages

 SPA 201 - Advanced Spanish I
Prerequisites: Satisfactory completion of ENG 001 and RDG 002. SPA 202 or equivalent.

Description: This is the first course in the SPA 301-302 sequence. More complex grammar, enrichment of vocabulary, and improvement of proficiency in speaking, reading, writing, and translation, combining traditional methodology with a multimedia approach to literature and/or civilization. Class conducted in Spanish.

SUNY GEN ED-GFOL; NCC GEN ED-HUM, WESH
Credit Hours: 3
Department: Foreign Languages

 SPA 301 - Advanced Spanish I
Prerequisites: Satisfactory completion of ENG 001 and RDG 002. SPA 202 or equivalent.

Description: This is the first course in the SPA 301-302 sequence. More complex grammar, enrichment of vocabulary, and improvement of proficiency in speaking, reading, writing, and translation, combining traditional methodology with a multimedia approach to literature and/or civilization. Class conducted in Spanish.

SUNY GEN ED-GFOL; NCC GEN ED-HUM, WESH
Credit Hours: 3
Department: Foreign Languages

 SPA 302 - Advanced Spanish II
Prerequisites: Satisfactory completion of ENG 001 and RDG 002.

Description: This is the second course in the SPA 301-302 sequence. More complex grammar, enrichment of vocabulary, and improvement of proficiency in speaking, reading, writing, and translation, combining traditional methodology with a multimedia approach to literature and/or civilization. Class conducted in Spanish.

SUNY GEN ED-GFOL; NCC GEN ED-HUM, WESH
Credit Hours: 3
Department: Foreign Languages

 SPA 401 - Introduction to Spanish Literature I
Prerequisites: Satisfactory completion of ENG 001 and RDG 002. SPA 202 or equivalent; SPA 301 or SPA 302 recommended.

Description: Readings in representative works from the Middle Ages to the 17th century, supplemented by class discussion and student reports. Class conducted in Spanish.

SUNY GEN ED-GFOL; NCC GEN ED-HUM, WESH, LIT
Credit Hours: 3
Department: Foreign Languages

 Student Personnel Services

 SPS

 SPS 093 - BEP Seminar
Description: (Dual listed with BEP 093). SPS Seminar is a required course of the Basic Education Program. The seminar focuses on values clarification, identification and applications of individual learning styles, critical thinking, problem solving, career exploration and understanding College policies. Students will be expected to demonstrate the understanding of these concepts and skills in the other courses of the college preparatory program and in making plans for the next semester of their education.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 0
Department: Student Personnel Services

 SPS 111 - Understanding Substance Use, Abuse and Addiction
Description: The course will address the nature of chemical dependency, recovery and treatment. Students will have an opportunity to analyze their own assumptions and attitudes toward chemicals and chemically dependent persons and develop an understanding of the biopsychosocial disease model of addiction. The course will also provide students with an understanding of drugs and drug abuse in American culture. The history of various drugs, their effects on society and human behavior will be examined.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Student Personnel Services

 SPS 201 - Perspectives on People with Disabilities
Description: The course enables the understanding of the social and personal experiences of people with disabilities. Emphasis is placed on how different cultures view and interact with this population.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Student Personnel Services

 SPS 202 - Career Management
COURSE DESCRIPTIONS

Prerequisites: SPS 102 or permission of Department

Description: This course is intended for students who have already engaged in the career exploration process. Topics to be covered include: self-awareness, world of work and survey of career fields, employer research, employment organizational structures, effective networking, targeted resume and cover letter development, interviewing skills, professional etiquette, experiential learning, motivational theory and development, and self marketing strategies. This is a hands-on learning experience emphasizing the development of lifelong career management skills and tools.

Credit Hours: 3
Department: Student Personnel Services

Studio Recording Technology

SRT

SRT 101 - Music Business I
Corequisites: SRT 103 and SRT 105.
Description: Survey of music business practices and music industry markets. Topics include publishing, copyright, sample clearance, performance licensing and management. Limited to Studio Recording Technology Certificate students.
SUNY GEN ED-n/a; NCC GEN ED-HUM
Credit Hours: 3
Department: Music

SRT 102 - Music Business II
Prerequisites: Minimum grade of C in SRT 101.
Corequisites: SRT 104 and SRT 106.
Description: Survey of music business practices focusing on recording contracts and career planning. Limited to Studio Recording Technology Certificate students.
SUNY GEN ED-n/a; NCC GEN ED-HUM
Credit Hours: 3
Department: Music

SRT 103 - Music Theory I
Corequisites: SRT 101 and SRT 105.
Description: Survey of music theory practices and applications. Rudiments of music, including notation, rhythm, scales, intervals and triads. Limited to Studio Recording Technology Certificate students.
SUNY GEN ED-n/a; NCC GEN ED-FAPA
Credit Hours: 3
Department: Music

SRT 104 - Music Theory II
Prerequisites: Minimum grade of C in SRT 103.
Corequisites: SRT 102 and SRT 106.
Description: Survey of music theory practices and commercial music applications. Specific study of commercial music formats and language. Limited to Studio Recording Technology Certificate students.
SUNY GEN ED-n/a; NCC GEN ED-FAPA
Credit Hours: 3
Department: Music

SRT 105 - Basic Studio Techniques
Corequisites: SRT 101 and SRT 103.
Description: Survey of equipment and procedures in sound recording. Basic electronic and acoustical principles, system signal flow, mixing consoles, equalizers, compressors/limiters and microphone design and application. Limited to Studio Recording Technology students. Classes meet both on campus and at an off campus professional studio. Students must provide their own transportation.
SUNY GEN ED-n/a; NCC GEN ED-FAPA
Credit Hours: 6
Department: Music

SRT 106 - Advanced Studio Techniques
Prerequisites: Minimum grade of C in SRT 105.
Corequisites: SRT 102 and SRT 104.
Description: Continuation of the study of studio procedures, with emphasis on digital audio workstations (ProTools), virtual instruments, analog/digital signal processors, automated mixing techniques for stereo and surround formats. Limited to Studio Recording Technology students. Classes meet both on campus and at an off campus professional studio. Students must provide their own transportation.
SUNY GEN ED-n/a; NCC GEN ED-FAPA
Credit Hours: 6
Department: Music

SRT 107 - Studio Internship
Prerequisites: Minimum grade of C in SRT 106.
Description: Field experience internship program where students are placed as apprentice technicians in professional recording studios. Faculty field supervision at off-campus location. Students must provide their own transportation.
SUNY GEN ED-n/a; NCC GEN ED-FAPA
Credit Hours: 6
Department: Music

Statistics

STA

STA 110 - Introduction to Statistical Research Design
Prerequisites: MAT 102.
Description: General elective course for Liberal Arts, Business, Social Sciences, Humanities, and Statistics students. Introduces the components of research design and research report writing. Different school research designs are included.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Math/Computer Science/Info Tec

Telecommunications Technology

TCT

TCT 141 - Telecommunications Circuits
Description: This course will train students in the application of Ohm's law, Kirchhoff's laws, analysis of DC and AC passive circuits (including RLC circuits), impedances, power supplies, semiconductors, resonance, and transformers. Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 4
Department: Engineering/Physics/Tech

TCT 144 - Digital Electronics for Telecommunications I
Prerequisites: MAT by advisement, CMP 103, TCT 141 and ENG 101.
Description: This course will prepare students in digital electronics with topics related to number systems and codes, logic functions, and Boolean algebra. IC building blocks are used in applications ranging from logic gates to flip-flops, counters, registers, and arithmetic circuits. Algebraic reduction and mapping are used to minimize Boolean expressions and combinational logic circuits. Computer stimulation of digital circuits will be used to verify actual hardware setups. Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 4
Department: Engineering/Physics/Tech

TCT 151 - Telecommunications I Voice
Description: An introduction to the techniques, principles, and terminology of voice telecommunications will be presented. Public and private
telecommunication networks will be examined. Telecommunication equipment, switching and transmission technology will be demonstrated. The frequency spectrum, modulation schemes and multiplexing techniques will be explored. Lectures, interactive learning, demonstrations will be employed. Laboratory exercises will be required. Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 4
Department: Engineering/Physics/Tech

TCT 252 - Telecommunications II - Data
Prerequisites: TCT 144.
Description: An introduction to the techniques, principles, and terminology of Data Communications will be presented. Public and private networks will be examined. Data communication equipment, multiplexing, and interactive learning demonstrations will be employed. Laboratory exercises will be required. Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 4
Department: Engineering/Physics/Tech

TCT 253 - Telecommunications III - LAS
Prerequisites: TCT 144.
Description: An introduction to the technology and terminology of Local Area Networks (LANs) will be presented. The topologies, transmission media, network interfaces, and the access methods will be examined. Shared resources and interconnecting of LANs will be explored. Lectures, interactive learning and demonstrations will be employed. Laboratory exercises will be required. Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 4
Department: Engineering/Physics/Tech

TCT 254 - Telecommunications IV
Prerequisites: TCT 144.
Description: A survey of current and emerging technologies in telecommunications will be presented. Lectures, interactive learning, demonstrations, and site visits will be employed. Laboratory exercises will be required. Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 4
Department: Engineering/Physics/Tech

Theatre

THR 100 - Theatre Appreciation
Prerequisites: Satisfactory completion of remedial reading.
Description: A survey of the aesthetic and technical factors involved in the emergence of written drama as a produced work of theatre art. For students whose curricular emphasis is not theatre. Attendance at theatrical productions required.
SUNY GEN ED-GART; NCC GEN ED-WESH, FAPA, HUM
Credit Hours: 3
Department: Theatre & Dance

THR 101 - Introduction to Theatre History I
Prerequisites: Satisfactory completion of remedial reading.
Description: An introduction to the arts of the theatre with special emphasis on (1) the evolution and historical development of the play and the physical theatre and (2) the function and interdependence of the various artists and craftsmen in the theatre from primitive times through the Renaissance. Attendance at theatrical productions required. (See THR 201)
SUNY GEN ED-GHUM GART; NCC GEN ED-WESH, FAPA, HUM
Credit Hours: 3
Department: Theatre & Dance

THR 102 - Introduction to Black Theatre in America
Description: (Dual listed with AFR 190) An introduction to the literature and artists of the contemporary African American theatre. The course includes representative playwrights, actors and technicians as speakers in the class and field trips to theatre productions. Students have the opportunity to work in at least one production per semester, selected from contemporary African American drama which may, whenever possible, be performed in the community.
SUNY GEN ED-n/a; NCC GEN ED-HUM
Credit Hours: 3
Department: Theatre & Dance

THR 103 - Acting I
Prerequisites: Satisfactory completion of remedial reading.
Description: Fundamental training of the actor as a theatrical instrument. Physicalization, characterization and interpretation are applied to improvisations, monologues and scenes. Actor's script analysis, psychological and emotional preparation are emphasized in scene and monologue study.
SUNY GEN ED-GART; NCC GEN ED-FAPA, HUM
Credit Hours: 3
Department: Theatre & Dance

THR 104 - Acting II
Prerequisites: Minimum Grade of C in THR 103.
Description: Fundamental training of the actor as a theatrical instrument. Physicalization, characterization and interpretation are applied to improvisations, monologues and scenes. Actor's script analysis, psychological and emotional preparation are emphasized in scene and monologue study.
SUNY GEN ED-GART; NCC GEN ED-FAPA, HUM
Credit Hours: 3
Department: Theatre & Dance

THR 107 - Stagecraft
Prerequisites: Satisfactory completion of remedial reading.
Description: Introduction to the principles and techniques of technical theatre production, including scene design, construction, stage lighting, and costuming. Practical emphasis will be placed on scenery construction and the use of hand and power tools. Course requirements include an assignment to a theatre production.
SUNY GEN ED-n/a; NCC GEN ED-FAPA, HUM
Credit Hours: 3
Department: Theatre & Dance

THR 108 - Technical Production
Prerequisites: Minimum grade of C in THR 107.
Description: Intermediate study of the techniques and principles of stage construction and technical production.
SUNY GEN ED-n/a; NCC GEN ED-HUM
Credit Hours: 3
Department: Theatre & Dance

THR 110 - Movement for Theatre I
Prerequisites: for Acting A.A. degree majors only or permission of Chairperson.
Description: Training in movement to prepare the body as a dramatic instrument. Emphasis on flexibility so the actor may express physically a wide range of attitudes, traits and emotions. (3 hours)
SUNY GEN ED-n/a; NCC GEN ED-HUM
Credit Hours: 1
Department: Theatre & Dance

THR 113 - Summer Theatre Workshop I
Prerequisites: Permission of the Chairperson required.
COURSE DESCRIPTIONS

THR 115 - Production and Performance
Description: This is the first course in the THR 115-116 sequence. Participation in the production, rehearsal and performance of major College theatre productions. Assignments include constructing and painting scenery, hanging lighting instruments, stage management, running crew, etc. Students who are cast in productions (by audition only) are also required to participate in technical production tasks. Open to Theatre and Acting degree students; others by Department permission only.
SUNY GEN ED-n/a; NCC GEN ED-HUM
Credit Hours: 1
Department: Theatre & Dance

THR 116 - Production and Performance
Description: This is the second course in the THR 115-116 sequence. Participation in the production, rehearsal and performance of major College theatre productions. Assignments include constructing and painting scenery, hanging lighting instruments, stage management, running crew, etc. Students who are cast in productions (by audition only) are also required to participate in technical production tasks. Open to Theatre and Acting degree students; others by Department permission only.
SUNY GEN ED-n/a; NCC GEN ED-HUM
Credit Hours: 1
Department: Theatre & Dance

THR 117 - African American Theatre Ensemble, Rehearsal and Performance
Description: (Dual listed with AFR 191). This is the first course in the THR 117-118 sequence. Participation in the production, rehearsal and performance of the African American Theatre Ensemble productions.
SUNY GEN ED-n/a; NCC GEN ED-HUM
Credit Hours: 1
Department: Theatre & Dance

THR 118 - African American Theatre Ensemble, Rehearsal and Performance
Prerequisites: THR 117.
Description: (Dual listed with AFR 192) This course is the second half of the THR 117-118 sequence. Participation in the production, rehearsal and performance of the African-American Theatre Ensemble productions.
SUNY GEN ED-n/a; NCC GEN ED-HUM
Credit Hours: 1
Department: Theatre & Dance

THR 119 - Movement for Stage II
Description: Prerequisite: for Acting A.A. degree majors only or permission of the Department. There is no further description of this course.
SUNY GEN ED-n/a; NCC GEN ED-HUM
Credit Hours: 1
Department: Theatre & Dance

THR 120 - Voice for Stage
Prerequisites: for Acting A.A. degree majors only or permission of Chairperson.
Description: Practice in the development of voice for the stage; concentrated practice in developing more effective voice and diction habits for the individual actor. (3 hours)
SUNY GEN ED-n/a; NCC GEN ED-HUM
Credit Hours: 1
Department: Theatre & Dance

THR 201 - Introduction to Theatre History II
Prerequisites: Satisfactory completion of remedial reading.
Description: A continuation of THR 101 surveying the developments of theatre from the Renaissance through the present. Emphasis on major movements in theatre and drama through representative dramatists, and an outline of contemporary and European theatre practice. Attendance at theatrical productions required. (See THR 101)
SUNY GEN ED-GHUM, GART; NCC GEN ED-FAPA, HUM, WESH
Credit Hours: 3
Department: Theatre & Dance

THR 202 - Lighting Design
Prerequisites: Minimum Grade of C in THR 108.
Description: A program of instruction in the principles of theatrical lighting design, consisting of lab sessions, and lectures on equipment, color, optics, and lighting techniques. Students are to make light plots for analysis in class and advanced design problems are discussed.
SUNY GEN ED-n/a; NCC GEN ED-HUM
Credit Hours: 3
Department: Theatre & Dance

THR 203 - Scene Design
Prerequisites: Minimum Grade of C in THR 202.
Description: A program of instruction in the theory and practice of scene design, consisting of demonstrations, lectures, and critiques of student work. Students are to make scene sketches, models, and working drawings for assigned projects, and move on to more advanced design problems.
SUNY GEN ED-n/a; NCC GEN ED-HUM
Credit Hours: 3
Department: Theatre & Dance

THR 207 - Acting III
Prerequisites: Minimum Grade of C in THR 104.
Description: This is the first course in the THR 207-208 sequence. Designed especially for the third semester student in acting. Classroom study and coaching with emphasis on advanced monologues and scene study.
SUNY GEN ED-GART; NCC GEN ED-HUM
Credit Hours: 3
Department: Theatre & Dance

THR 208 - Acting IV
Prerequisites: Minimum Grade of C in THR 207.
Description: This is the second course in the THR 207-208 sequence. Designed especially for the fourth semester student in acting. Classroom study and coaching with emphasis on advanced monologues and scene study.
SUNY GEN ED-GART; NCC GEN ED-HUM
Credit Hours: 3
Department: Theatre & Dance

THR 215 - Production and Performance
Prerequisites: for Acting A.A. and Technical Theatre A.A. degree students or permission of the Department.
Description: This is the first course in the THR 215-216 sequence. Participation in the production, rehearsal and performance of major college theatre productions. Assignments include construction and painting scenery, hanging lighting instruments, stage management, running crew, etc. Students who are cast in productions (by audition only) are also required to participate in technical production tasks.
SUNY GEN ED-n/a; NCC GEN ED-HUM
Credit Hours: 3
Department: Theatre & Dance

THR 216 - Production and Performance
Prerequisites: for Acting A.A. and Technical Theatre A.A. degree students or permission of the Department.
Description: This is the second course in the THR 215-216 sequence. Participation in the production, rehearsal and performance of major college theatre productions. Assignments include construction and painting

Nassau Community College: http://collegecatalog.ncc.edu/current
Telecommunications Technology, Verizon Option

TNY 171 - Telecommunications Circuits
Prerequisites: CMP 101, MAT 117.
Description: This course will train students in the application of Ohm's Law, Kirchhoff's laws, Thevenin's and Norton's theorem, and superposition to the analysis of DC and AC passive circuits, including R-L-C circuits, impedances, phase angles, resonance, and transformers. This course makes extensive use of computer simulations and communications both in and out of the classroom; use of a laptop computer is required. Laboratory fee applies.

Suny Gen Ed-n/a; Ncc Gen Ed-hum
Credit Hours: 4
Department: Engineering/Physics/tech

TNY 173 - Telecommunications Electronics I
Prerequisites: PHY 110, TNY 171.
Corequisites: TNY 181.
Description: This course will train students in the physical principles underlying the analysis and application of electronic circuits as applied to the telecommunications industry. Topics include concepts of amplification; frequency response of one and two stage amplifiers; op-amps; filters; troubleshooting; and analysis by computer simulation. This course makes extensive use of computer simulations and communications both in and out of the classroom; use of a laptop computer is required. Lab fee applies.

Suny Gen Ed-n/a; Ncc Gen Ed-hum
Credit Hours: 4
Department: Theatre & Dance

TNY 181 - Telecommunications I - Voice
Prerequisites: PHY 110, TNY 171.
Corequisites: TNY 172.
Description: An introduction to the techniques, principles, and terminology of Voice telecommunications will be presented. Public and private telecommunication networks will be examined. Telecommunication equipment, switching and transmission technology will be demonstrated. The frequency spectrum, modulation schemes and multiplexing techniques will be explored. Lectures, interactive learning and demonstrations will be employed. Laboratory exercises will be required. This course makes extensive use of computer simulations and communications both in and out of the classroom; use of a laptop computer is required. Laboratory fee applies.

Suny Gen Ed-n/a; Ncc Gen Ed-n/a
Credit Hours: 4
Department: Engineering/Physics/tech

TNY 273 - Telecommunications Electronics II
Prerequisites: TNY 173.
Corequisites: TNY 282.
Description: This course is designed to train students in the analysis and application of advanced electronic circuits as applied to the Telecommunications industry. Topics include gain in decibels, Bode plots, filters, frequency modulation, transmission lines, fiber optics and analysis by computer simulation. This course makes extensive use of computer simulations and communications both in and out of the classroom; use of a laptop computer is required. Laboratory fee applies.

Suny Gen Ed-n/a; Ncc Gen Ed-n/a
Credit Hours: 4
Department: Engineering/Physics/tech

TNY 275 - Telecommunications Digital Electronics II
Description: This course is designed to train students in the organization, architecture, and hardware aspects of digital microcomputer systems. Topics include an introduction to microprocessors, types and characteristics of different chips, motherboard, bus structures, memory, I/O interface devices, disk drives, video displays, and printers. Serial and parallel buses are discussed. Applications include the interfacing of peripherals, data communications between computers, and team project. Laboratory fee applies.

Suny Gen Ed-n/a; Ncc Gen Ed-n/a
Credit Hours: 4
Department: Engineering/Physics/tech

TNY 282 - Telecommunications II
Prerequisites: TNY 181 and CRT 202.
Corequisites: TNY 273.
Description: An introduction to the techniques, principles, and terminology of Data Communications will be presented, stressing the basics of Voice over Internet Protocol (VoIP) systems, interactive learning, and demonstrations will be employed. Laboratory exercises will be required. This course makes extensive use of computer simulations and communications both in and out of the classroom; use of a laptop computer is required. Laboratory fee applies.

Suny Gen Ed-n/a; Ncc Gen Ed-n/a
Credit Hours: 4
Department: Engineering/Physics/tech
COURSE DESCRIPTIONS

simulations and communications both in and out of the classroom; use of a laptop computer is required. Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a

**Credit Hours:** 4  
**Department:** Engineering/Physics/Tech

**TNY 283 - Telecommunications III**  
**Prerequisites:** TNY 282  
**Description:** An introduction to the technology and terminology of Networks will be presented, including the organization, architecture, setup, hardware and software aspects of networked video delivery systems. Lectures, interactive learning, and demonstrations will be employed. This course makes extensive use of computer simulations and communications both in and out of the classroom; use of a laptop computer is required. Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a

**Credit Hours:** 4  
**Department:** Engineering/Physics/Tech

**TNY 284 - Telecommunications IV**  
**Prerequisites:** TNY 283  
**Description:** A survey of current and emerging technologies in telecommunications will be presented. Lectures, interactive learning, demonstrations, and site visits will be employed. Laboratory exercises will be required. This course makes extensive use of computer simulations and communications both in and out of the classroom; use of a laptop computer is required. Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a

**Credit Hours:** 4  
**Department:** Engineering/Physics/Tech

**Women's Studies**

**WST 101 - Introduction to Women's Studies**  
**Description:** Focusing on the roles of women in a cross-cultural context, this course introduces the student to the discipline of Women's Studies and serves as a basis for more specialized courses. It treats such issues as women in the family, workplace, and community; images of women in the arts, professions and popular culture; and women's contributions in a variety of fields.
SUNY GEN ED-n/a; NCC GEN ED-PLDI, WESH

**Credit Hours:** 3  
**Department:** Multidisciplinary Studies

**WST 105 - Gender in Popular Culture**  
**Description:** Popular culture portrays a range of femininities and masculinities which influence our sense of who we are as men and women. In this course we will look at material from a wide range of gender constructions—in texts; in Hollywood, independent, and foreign films; in television shows and commercials; in cartoons, graphic art and video games; in music videos; and/or on the Internet in social networking sites like Facebook and Twitter. Using a variety of critical and theoretical approaches, we will examine how pop culture representations of gender reflect social conditions, how they construct social possibilities, and how they change over time.
SUNY GEN ED-n/a; NCC GEN ED-PLDI

**Credit Hours:** 3  
**Department:** Multidisciplinary Studies

**WST 110 - The Goddess in World Religions**  
**Description:** This course will explore the images of the Goddess in world religions such as Judaism, Christianity, Islam, Hinduism, Buddhism, Taoism, traditional African religions, and Native American traditions. It will look at both iconography and literary texts to examine how the Goddess as a representation of the Divine affects women's spirituality and the larger culture.
SUNY GEN ED-n/a; NCC GEN ED-GLNW, PLDI

**Credit Hours:** 3  
**Department:** Multidisciplinary Studies

**WST 201 - Women's Issues in Global Context**  
**Prerequisites:** WST 101.

**Description:** This course explores some of the major issues that affect women around the world. It focuses on the global labor force, reproductive rights, gay and lesbian politics, sexual identity, and education in Asia, Africa, Latin America, Europe, and the United States. Students will learn how women's experiences affect law and politics and how local conditions (here and elsewhere) intersect with global concerns and movements. Particular emphasis will be placed on goals and accomplishments of women's grassroots activism in many cultures.
SUNY GEN ED-GOWC; NCC GEN ED-GLNW, PLDI

**Credit Hours:** 3  
**Department:** Multidisciplinary Studies
