All Students are responsible for reading the Nassau Community College catalog and for knowing the rules and regulations of the College. Failure to read the catalog does not excuse the student from the academic and financial responsibilities and liabilities described herein.

Nassau Community College is a member of the State University of New York and is accredited by the Middle States Association of Colleges and Schools. Nassau Community is a comprehensive full opportunity College, open to all qualified applicants. Nassau Community College does not discriminate on the basis of race, religion, sex, sexual orientation, color, national origin, age, disability, marital status, physically challenged status or status as a disabled or Vietnam-era veteran in admissions, employment and treatment of students and employees.

Email: Students' Official College Notification
Nassau Community College uses email as an official means of communication with students. The College can convey relevant application, testing, advisement, registration, academic and administrative information to targeted student populations using their NCC Student email account. Students are responsible for checking their email account regularly so as not to miss important, time-sensitive, College communications.

All applicants receive an NCC Student Email account when they apply, and it is retained for one year after their last active registration.

Any questions concerning this policy or allegations regarding compliance should be directed to:

About NCC

One of every five college-bound high school graduates in Nassau County makes Nassau Community College his/her college of first choice. For most, NCC is the start of an experience that will lead to four or more years of advanced learning. For others, earning the two-year Associate Degree will lead to employment in the regional job market.

Sharing the classrooms are a growing number of more mature students. Some are attending college for the first time, others returning for specialized training that often leads to career change or advancement. More than a quarter of today's student population is over the age of 27. The College serves these “non-traditional” students with special adult orientation and advice from enrolled adult students.

NCC: PAST, PRESENT AND FUTURE

Nassau Community College was created as part of the State University of New York by the Nassau County Board of Supervisors on February 9, 1959. When the College opened in a wing of the County Court House in Mineola on February 1, 1960, it had only 632 students.

Enrollment increased dramatically after 1962, when classes were moved to spacious facilities at the former U.S. Air Force base at Mitchel Field. It reached over 23,000 students in 1982, following the completion in 1978 of two new academic wings, a modern library, physical education complex, and administrative tower. Despite fewer high school graduates today, 23,404 students were enrolled in the Fall of 2014.

In January 1997, a new Social Sciences and Visual Arts Building opened, and in September of the same year the new 85,000-square-foot College Center became operational.

Having opened for classes in fall 2012, the 72,000 square foot Life Sciences Building, which houses the Chemistry and Nursing programs as well as common use classrooms, is the recipient of the LEED Gold certification by the US Green Building Council. The Life Sciences Building includes state-of-the-art organic and inorganic chemistry laboratories as well as advanced simulation laboratories modeled after modern hospital rooms for our nursing students. Every classroom is equipped with the latest digital audio visual resources to facilitate active learning.

In the fall of 2016, the new Student Service Center opened. It is a 30,000 square foot facility which houses all major student enrollment services – Admissions, Advisement, Placement Testing, Registrar, Bursar, Financial Aid, Student Financial Affairs, ID Card issuing, Information Services and the Educational Opportunity Program (EOP) for NCC. The facility features a fully automated queuing system speeding up student registration and drastically reduce wait time. The Center includes information kiosks, self-service stations, and television monitors to keep student up to date on important college news.

As the needs of a maturing Nassau County change, the College, too, is evolving and developing. Among recent initiatives is a college-wide retention committee that is committed to finding ways of increasing the College's retention rate. The committee is represented and administration.

To help students expand their opportunities for easy transfer, the College engages in a cooperative effort with its SUNY/Long Island neighbors and the private colleges and universities that comprise the Long Island Regional Advisory Council on Higher Education. In addition, NCC recently updated its degree audit program to the very popular DegreeWorks program as part of a SUNY wide initiative which enables students to stay aware of degree requirements, perform what-if scenarios, and eventually be to see how credits will transfer for students staying in the SUNY system.

ACADEMICS

Nassau Community College, the largest single campus community college of SUNY's 30 community colleges, enjoys a nationwide reputation for academic excellence and ease of transferability to four-year schools. Nassau's faculty is one of the best in New York State, having a higher than average number of Ph.D.'s and Ed.Ds and one of the lowest teacher/student ratios. The modern campus includes a library with sophisticated audio-visual facilities, as well as classroom/laboratory wings equipped with personal computers and state-of-the-art apparatus for instruction in over 70 different fields of study in business, fine and performing arts, health-related sciences, liberal arts and sciences, mathematics/computer processing, natural sciences, engineering technologies and social sciences. Weekend, evening and Distance Education courses are available as well.

CAMPUS LIFE

At Nassau, the hours spent outside the classroom are as important as those spent in study. Students may join a club or create one, run a newspaper or run for office, book a band or play in it, deejay or dance, act or interact, work or play. The extensive campus life at Nassau Community College offers students the opportunity to sample their career choices or explore recreational areas of interest. Nassau campus life offers over 100 clubs to join and numerous recreational and social events to attend. Spring, summer, winter or fall, Nassau Community College offers students an outstanding array of activities for relaxation and personal growth.

ATHLETICS

Expert coaching in the finest indoor and outdoor athletic facilities has made the men's and women's varsity teams at Nassau a dominant force in the National Junior College Athletic Association. Individual athletes have gone on to prominence at senior colleges and universities, as well as in professional sports and as coaches and physical education teachers.

STUDENT LIFE

EXPECT A GREAT COMMUNITY: After all, community is our middle name. The NCC campus practically spills over with activities and events. And we understand that you're busy. It's why we work hard to bring fascinating people to the campus, free or low-cost events, and programs that you'll find worthwhile. Because although we can't add extra hours to your daily life, we can add life to your hours.

CONTINUING EDUCATION

Ever notice how the most energetic and happy people tend to be the ones who also love to keep learning new things? We have. In fact, we see at least 15,000 of them every year in Nassau Community College's Continuing Education classes. They take advantage of our more than 300 Lifelong Learning courses to sharpen their skills, gain professional competencies or just indulge in a hobby they've always wanted to try.

PROGRAMS TO ADVANCE YOU

So, here's a question: Where do you want to go? Whether your ultimate goal is a new career, a promotion, transfer to a four-year college, or getting more enjoyment out of life, the way to get there is Nassau Community College. NCC offers three different degrees, plus special certificate programs. Course schedules are flexible enough to work around your busy life.

Begin with excellent programs in more than 70 fields of study. You'll learn from faculty who are all about making connections in their fields and in their classrooms. You'll gain experience in first-class facilities using the cutting-edge equipment and technology that you can expect to find in your career. And you’ll have opportunities for internships, practica, and study abroad, all at a remarkable value. Talk about advanced!

AFTER NASSAU

Nassau Community College students exceed the national average of transfer to four-year colleges and universities. Our students arrive at their four-year institutions as juniors, fully prepared for the next leg of their educational journey. Plus, they've saved a bundle on tuition while at NCC. Get the straight story on how easy NCC can make your transferability.

AWARD-WINNING SCHOLARS, DEDICATED MENTORS.

Our full-time faculty rank at the top. They're first among the community colleges in New York State for the number of faculty members who receive the SUNY Chancellor's Award for Excellence in Teaching. They hold doctorates at twice the national average for community colleges. And they're in your classrooms every day, every night and every weekend. Talk about dedication!

Mission

Nassau Community College, a constituent member of the State University of New York system, is a comprehensive, full-opportunity institution of higher education. All who can benefit from its resources have the opportunity to expand their knowledge and skills and to pursue the goal of lifelong learning. The College is dedicated to high quality, low-cost education and career preparation to meet the needs and interests of the community it serves. It is committed to academic excellence and the dignity and worth of the individual. To this end, Nassau Community College offers Associate in Arts, Associate in Science, and Associate in Applied Science degrees, as well as Certificate and continuing education programs. Its curricula span the liberal arts and sciences, as well as pre-professional and professional areas, for the benefit of a diverse population.

The College places a high priority on small classes, taught by qualified, experienced faculty, to provide an optimal educational environment.

In fulfillment of this Mission, Nassau Community College affirms these goals:

- To maintain an open admissions policy that ensures the availability of educational programs for traditional and non-traditional students;
- To create educational programs that respond to and satisfy diverse community needs;
- To provide general education that teaches students to think critically and analytically about a body of knowledge conducive to lifelong learning;
- To maintain developmental programs which upgrade student skills for success in college level courses, and to provide special courses of study which enhance general education;
- To provide the support services necessary for students to realize their maximum potential;
- To create a wide variety of activities and cultural programs to enrich student and community life;
- To create a multicultural environment which fosters the synthesis of knowledge, aesthetic appreciation, and commitment to ethical and social values;
• To encourage faculty development with programs that promote scholarship and creativity, and to encourage the adoption of innovative teaching methods and technology to enhance student learning;
• To support and strengthen academic programs which best prepare students for transfer to senior institutions, and to provide career programs to prepare students for regional and global employment opportunities;
• To provide administrative leadership which assures educational quality, furnishes adequate student support services, maintains effective budgeting and facilities management, and stimulates thoughtful planning for the future of the College;
• To enhance the economic and cultural vitality of the County by promoting an educational environment which responds to the changing needs of the community.

GOVERNANCE AND AUTHORITY

It is the Academic Senate of Nassau Community College that shall provide the College community with a voice in general educational goals and policies as well as other matters of concern to the College community. The Academic Senate shall have responsibilities and powers in the following areas unless otherwise restricted by law and the provisions of the Collective Bargaining Agreement:

a. To examine, approve and recommend curriculum for examination by the President and the Board of Trustees;
b. To recommend requirements for admissions, degrees and graduation;
c. To formulate and propose academic College policies including policies on class size, academic advisement, educational TV and academic calendar for the consideration of the President and the Board of Trustees;
d. To provide a forum for the consideration of academic matters of interest to the College community;
e. To formulate and propose policies in those aspects of student life which relate to the educational process.

The ultimate authority for College operation is vested in the Board of Trustees, five of whom are appointed by the Nassau County Executive and four by the governor of New York. A tenth member is elected annually by the student body.

President's Message

Message from Dr. Williams, President

Nassau Community College is proud to be your educational home and offer the array of academic opportunities that you will find in this catalog. As a student attending a comprehensive community college, you have wide and varied opportunities to pursue academic programs and career development. We want you to be able to identify your career and educational goals as soon as possible so you can chart the most efficient and appropriate path towards success. I join with the dedicated faculty, staff, administrators, and Board of Trustees in encouraging you to review the academic and other campus-based programs described in this resource. NCC's College Catalog represents the College’s commitment to fulfilling its mission and assisting every student in reaching their full potential. We all stand by our commitment to offering an affordable and accessible, high quality education that will serve our students and the communities in which they live.

THE NCC CAMPUS

Location and Resources

The 225-acre campus is located in central Nassau County and is easily reached from the Meadowbrook Parkway (Exits M3 and M4) or from entrances on Stewart Avenue and Hempstead Turnpike.

Students attend classes in modern classroom wings and in picturesque older buildings once used by the U.S. Army and Air Force. Students have access to the latest available equipment for teaching health sciences, engineering technologies, marketing and business, computer technology, liberal and fine arts, mathematics and sciences, and the performing arts.

Central to the campus is a plaza which connects a 12-story Administrative Tower containing many campus offices, including Admissions, Registrar, Bursar, Financial Aid and others; an extensive Library (described under “Learning Resources”); and a 192,000 square-foot Physical Education Complex, which is one of the finest in the Northeast, and includes swimming and diving pools, a gymnasium, a fieldhouse, saunas, and specialized rooms for wrestling, dance, gymnastics and indoor ball games.

The Social Sciences and Visual Arts Building (Building G), which opened in January 1997, is where 9,000-10,000 students attend class. The Social Sciences and Visual Arts Building has 37 classrooms and two state-of-the-art lecture halls.

In September 1997, the new 85,000 square-foot College Center (CCB) opened. The Center accommodates student activities, student government, the Faculty-Student Association, various student clubs, and conference facilities. The central meeting area is a multi-purpose room designed to accommodate banquets, theatrical productions, film and video, dances, and large meetings. Several study lounges and two conference rooms are located on the second and third floor, along with a dark- room and computer area for the student newspaper. Still planned for future construction are a Theatre and Performing Arts complex, and improved public spaces and walkways.

Information Services Center

The Information Services Center, located on the plaza level of the Administrative Tower, is open five days a week to answer questions about the College and to direct visitors and students. The Information Center can be reached by phone at 516.572.7501, TTY: 516.572.9882, or fax: 516.572.3557.
Smoking Prohibited
Nassau Community College has been designated a smoke-free facility the Nassau County Commissioner of Health. The College asks that no one smoke in any campus building, a request made to protect the health of smokers and nonsmokers alike.

Bus Service
Public transportation to the College is available. Route and schedule information may be obtained seven days a week by calling the Bus Information Center at 516.228.4000.

Public Safety Department
The Public Safety Department is located at the East end of the parking lot West 4B and is staffed 24-hours a day, 7 days a week. Public Safety provides foot and motor patrols of the campus around the clock and responds to emergency situations such as accidents, fires and medical emergencies, as well as reports of criminal activity.

Information regarding campus crime statistics as reported to the United States Department of Education will be provided upon request by contacting Public Safety at 516.572.7100, the Office of the Vice President for Academic/Student Services at 516.572.7600, or accessing this information directly at https://ope.ed.gov/campussafety.

We are committed to the safety and security of all members of the campus community. In an effort to make ourselves more available to the needs of the campus, bicycle patrols have been added.

Other services offered by Public Safety are:
• Issuance of College identification cards
• Issuance of faculty/staff parking permits
• Lost and Found Service
• Investigation of complaints, criminal activity and safety issues

You can contact Public Safety at:
• Emergency: 516.572.7111
• General Calls: 516.572.7100
• Or pick up any of the emergency telephones located throughout campus for assistance.

A. Holly Patterson Library
The A. Holly Patterson Library supports students in an active learning environment, providing research assistance and access to information in multiple formats produced worldwide. Group and individual study spaces, anatomy and physiology models, reserve copies of current textbooks, over 200 computers for student use, and information literacy instruction conducted in electronic classrooms round out the Library’s offerings.

When classes are in session, the Library is open over 70 hours per week with night and Saturday coverage. Over 483,000 persons visited the library last year. They borrowed books and non-print items; used periodicals and reference works in print and online formats, as well as reserve copies of textbooks and other required materials; accessed the Internet; and used the library’s facilities for group and individual study. Over 4 million database searches were conducted, resulting in almost 388,000 document downloads. In addition, our participation in the interlibrary loan network allowed us to acquire needed items from other libraries while we supplied their patrons with requested items.

The physical collection now numbers over 210,000 books and non-print items and over 100 print periodical titles. Electronic database subscriptions, accessible from any computer through the Library’s webpage, allow for ready access to information published in thousands of newspapers, journals and reference works in full-text, audio and video online formats.

By taking advantage of several resource sharing projects, Nassau offers access to a wide array of electronic information sources. The New York State Library’s Novel project provides library users with a wealth of full-text journal and newspaper articles. Nassau Community College belongs to the State University of New York’s SUNYConnect program that provides seamless access to a worldwide virtual library of information to any SUNY student, at any computer, anywhere. Additional resources are also made available through Nassau’s membership in the local library consortium, the Long Island Library Resources Council.

The Library’s Reference Unit is pleased to offer several online services through the Library’s website. By clicking on our “Ask a Librarian” link, members of the College community may chat with a librarian whenever the Library is open or post an e-mail reference question and receive a response within 24 hours. Our “Interlibrary Loan” link allows faculty, staff and students to submit Interlibrary Loan requests for books or periodical articles. Furthermore, our “Book a Class” link allows faculty to make online requests for Information Literacy instruction sessions.

A principal part of the Library’s mission is instruction. Library faculty provide individual information service in all public service areas throughout the year. Our Information Commons currently houses over 200 public access computers used by students for research. In addition, students may use the wireless internet network with their own laptops, tablets, and other electronic devices. The Library also offers individually designed lectures on library research to college classes, typically serving students by teaching 400-500 scheduled sessions per year. Classes are typically taught in a lab-style lecture room featuring 30 student computers for hands-on instruction. In addition, librarians teach several sections of the three-credit course, “Introduction to Library Research” and the one-credit course, “Essential Research for College Success,” each semester.

The Library is housed in a four-story building located between Clusters A-D and E-F.

Organizations & Affiliations

Alumni Association of Nassau Community College, LTD
The Alumni Association of Nassau Community College, Ltd., a not-for-profit corporation, was founded in 1985 to create and maintain, among the College's graduates, an abiding sense of personal commitment to the life and growth of Nassau Community College.

The Alumni Association is a self-sustaining organization whose officers, directors, and membership is composed of dues-paying graduates of Nassau Community College.

Membership is open to all degree and certificate recipients of Nassau Community College. Lifetime membership dues are $50.00. Membership dues are primarily used to fund the Association's scholarship program.

The scholarship program provides funds for students attending the College. The Association strives to increase the number of scholarships each year. The present goal is to award a scholarship to a student from every high school in the County who plans to enroll at Nassau Community College.

Nassau Community College Foundation, Inc.

The Nassau Community College Foundation is an eleemosynary corporation formed to promote the interests of the College. The Foundation is structured to meet the ever-increasing demands of the future by providing an independent avenue to receive philanthropic aid, which assists in the continuing development of the College and its varied programs. The Foundation may accept, hold, invest, reinvest and administer any gifts, bequests, or trusts which benefit the College.

The Foundation disburses funds for the purposes of scholarship awards to students, faculty development programs and various activities which enrich the educational programs of the College. In some instances, the Nassau Community College Foundation functions as the fiduciary agent for the receipt of grants written by faculty and professional employees.

The primary focus of the Foundation's activities is the scholarship program. Direct support to students assists in the fulfillment of their educational goals. Through the auspices of the Foundation, scholarships are awarded to outstanding students in academic departments. Additionally, programs in faculty development, leadership and cultural activities are undertaken through the efforts of the Foundation Board.

The Foundation is governed by a Board of Directors composed of prominent members of the business and professional community, each of whom is dedicated to the goals of higher education and the success of Nassau's students.

The State University

The State University of New York (SUNY) encompasses 64 geographically dispersed campuses (both two and four-year) that bring educational opportunities to virtually all New York citizens. It comprises the nation's largest centrally managed system of higher education. Nassau Community College is the largest single campus of 30 two-year colleges operating under the system. When founded in 1948, the State University of New York system consolidated 29 Stat-operated, but unaffiliated, institutions whose varied histories of service dated as far back as 1816. SUNY has grown to a point where its impact is felt educationally, culturally, and economically the length and breadth of the state. As a comprehensive public university, SUNY provides a meaningful educational experience to the broadest spectrum of individuals. Just under 428,000 students (full and part-time) are pursuing traditional study in classrooms or are working at home, at their own pace, through such innovative institutions as Empire State College - for over two decades, a leader in non-traditional education, distance learning and assessment of prior learning.

SUNY's students are predominantly New York State residents, who represent more than 95 percent of the University's under-graduate enrollment. Approximately one-third of all New York State high school graduates continue on to a SUNY institution. Nassau Community College has the highest number of minority students among SUNY's community colleges. Approximately one-third of the total enrollment is 25 years of age or older, reflecting SUNY's services to specific constituencies, such as training for business and industry, continuing education, and a wide array of community services to promote both personal enrichment and professional growth.

The State University is governed by a Board of Trustees, appointed by the Governor, which directly determines the policies to be followed by the 34 state-supported campuses. Community colleges have their own local boards of trustees whose relationship to the SUNY board is defined by law.

The University motto is:
"TO LEARN...TO SEARCH...TO SERVE"

Student Services
The Dean of Students is located in the College Center Building Room 312 and is responsible for most student support services. Students requiring assistance with general student advocacy or special problems, should contact this office.
In addition, services are provided to students by the Office of Health Services, the Department of Student Personnel Services and the Academic Advisement Center.

Academic Advisement
The mission of the Academic Advising Program at Nassau Community College is to assist students in the development of meaningful educational plans that are compatible with their goals. Further, it is to fully inform students regarding requirements in their areas of concentration and expose students to the variety of course and degree options offered by the College. This should take the form of an ongoing discussion between advisor and student, beyond merely a consideration of selecting courses for registration.

The Office of Academic Advisement, located in the Student Services Center, is the primary academic advisement provider for liberal arts and undecided students. The Center is staffed by a core of trained professional advisors and teaching faculty. Students in programs other than Liberal Arts should contact their academic department to inquire about advisement opportunities, although general advisement information is always available during business hours.

The Center notifies new students of advisement information via their NCC email. Current and returning students are seen on a walk-in basis.

- NCC photo ID card or Government-issued photo ID is required for sign-in. Students will be advised in the order they have arrived.

Although the Office of Academic Advisement is available as a resource to all students, there are some exceptions with regard to advising procedures and locations.

Exception by Number of Developmental Courses to be completed:
- Currently attending or returning Liberal Arts students with two or three developmental courses to be completed should contact the Department of Student Personnel Services for advisement information. Call 516.572.7506 for hours, or visit Building M (Nassau Hall), Room 11.

Exception by Academic Standing:
- All Liberal Arts Students on "Academic Warning" should contact the Department of Student Personnel Services for advisement information. Call 516.572.7506 for hours, or visit Building M (Nassau Hall), Room 11.
- All students on "Academic Probation", regardless of major must see a counselor from the Center for Educational and Retention Counseling Center (CERC) for advisement, located in Building M, Room 19. Please call for hours at 516.572.7141.

Adult Resource Center
An Adult Resource Center meets the special needs of adult students (defined as those 25 years of age or older). The objective of these services is to assist adult students to evaluate their own potential and special needs through counseling, testing and advisement. Students will also be assisted in scheduling their courses to meet their individual needs. Courses are available, day, evening, weekends, online, on the air, and through independent study.

Support services are also available for financial aid, career and transfer counseling, job placement and child care. For further information call the Adult Resource Center Coordinator, Professor Robert Rubin, at 516.572.7103 or visit our center at Nassau Hall, room 19.

Career Counseling Center
The Career Counseling Center, located in Building M, Room 14, is staffed by professional career counselors who provide counseling and vocational testing for students seeking to make career decisions. The center houses a career information center which contains resource materials including videos books, magazines and an extensive pamphlet file on a variety of career fields. The center sponsors career planning workshops and special career programs throughout the year. For a detailed description of services special events and office hours, individuals are encouraged to visit the Center's website or to call us at 516.572.7696.

Center for Applied Learning
The Center for Applied Learning seeks to reinvigorate the civic mission of higher education and instill in students a sense of social responsibility and civic awareness. Students learn by engaging in direct application of skills, theories and models. Students apply knowledge and skills gained from traditional classroom learning to hands-on and/or real-world settings, creative projects or independent or directed research, and in turn apply what is gained from the applied experience to academic learning. The applied learning activity can occur outside of the traditional classroom experience and/or be embedded as part of a course.

The Center is located on the Student Services Center, 111. Call 516.572.9775 for information and office hours.
Center for Educational & Retention Counseling

Earning a college degree requires the student to make a commitment to academic achievement and to make the necessary educational decisions. Educational counselors assist all students with wide range of concerns from educational decision-making to personal, social or family problem solving.

CERC counselors offer help in the following areas:

- counsel students with low grade point averages
- educational planning
- study skills enhancement
- changing area of concentration (major)
- review of academic standing
- test anxiety and relaxation techniques
- life skills - balancing life, work and home
- clarifying goals and decision-making

The center is located in Building M, Room 19, 516.572.7141. Visit the CERC website for more information.

Center for Applied Learning (CAL)

The Center for Applied Learning seeks to reinvigorate the civic mission of higher education and instill in students a sense of social responsibility and civic awareness. It is a pedagogical tool which encourages students to learn and explore issues vital to society, inside and outside the classroom. Students learn from engaging with communities by active participation. Faculty and staff guide students through this process through structured reflection and the integration of theory and practice.

Applied Learning can take place through partnership with charities, non-governmental organizations, statutory bodies, community agencies or organizations with a focus on social responsibility.

The Center is in the Student Services Center, Suite 111, Tower Building. Call 516.572.9775 for information and office hours.

Center for Students With Disabilities

The College provides the following support services for students with documented physical, hearing, visual, psychiatric, and learning disabilities:

- academic, career and personal counseling removal of architectural and attitudinal barriers
- priority registration
- group tutoring in math, organizational and study skills
- appropriate classroom and testing accommodations
- sign language interpreters
- adapted computer access
- cultural program
- referrals to other campus services
- clarifying goals and decision-making

The Center is located in Building U, 516.572.7241. Call for office hours or visit the Center for Disabilities Website.

It is the responsibility of the student to identify himself or herself as disabled upon entrance to the College, by notifying the Center for Students with Disabilities. Since each type of disability varies, the documentation needed by the CSD office will also vary. Individuals needing accommodations are strongly encouraged to contact the Center for Students with Disabilities, which is located in Building U. The Center can be reached by voice telephone at 516.572.7241 or TTY at 516.572.7617.

Center for Veterans/Military Affairs

The Center for Veterans/Military Affairs assists students in obtaining the education benefits to which they are entitled to from the Department of Veterans Affairs. In addition, the Center provides information and referrals to various services designed to help veterans make a smooth and productive transition from military to college life. Services include: how to apply to the College, utilizing financial resources including Post 9/11 GI Bill, counseling referral, and assistance with scheduling.

The Center is in the Student Services Center, Suite 111, Tower Building. Call 516.572.9775 for information and office hours.

Child Care Services

The Children's Greenhouse is a not-for-profit child care center providing quality child care to NCC students and other members of the College community since 1979. The Center enrolls children between the ages of 8 weeks and 5 years of age in six age-related groups.
The Children's Greenhouse is licensed by New York State Office of Children and Family Services and is staffed by professionals who provide a safe, nurturing and educational experience for the children who attend.

Fees are charged on a sliding scale based on family income and subsidies are available for eligible student parents. Families are accepted from the waiting list based on date of application, scheduling needs and the age of the child. Call 7614 for information and an application packet.

**Phone Number:** 516.572.7614

**Hours of Operation**

**Fall and Spring Semesters:**
Monday and Wednesday – 7:15 am to 8 pm
Tuesdays and Thursdays – 7:15 am to 8:30 pm

**Summer Sessions:**
Monday to Thursday – 7:15 am to 5:30 pm

**Financial Aid Office**

The College offers federal, state and college financial aid in the form of scholarships, grants, loans, and work to eligible students. A description of these programs and how to apply may be found in the Finances and Financial Aid section under Policies and Procedures of this catalog. Information regarding financial aid is available at the Financial Aid Office, which is located on the 3rd floor of the Administrative Tower, or by telephone at 516.572.7396 or email at financialaid@ncc.edu.

**Health Services**

The Student Health Office is located next to the “U” building and the NCC Theatre. The Health Records Office is located in the Student Service Center in the lower level of the tower and is open during peak registration times. Students can submit their immunization records at the Health Records Office and the Student Health Office. The Student Health Office is staffed by registered nurses. Hours are Monday through Friday from 8:00 am to 3:45 pm. Please arrive 15 minutes prior to closing.

New York State Public Health Law requires that students born on or after January 1, 1957 and enrolled in six or more credits must file proof of immunizations against measles, mumps and rubella and complete a meningitis survey. Failure to comply with this law will result in a student’s disenrollment from classes without a refund of tuition and fees.

The Student Health Office provides emergency, urgent care to students. Consultations and referrals to appropriate health facilities are made for students. Over the counter medications (OTC) are available to students 18 years and older. Consent forms for students under 18 years of age are available to be notarized by a parent/guardian to receive care and OTC medications.

Health related literature and pamphlets are available. Immunizations forms, physical education waivers (gym waivers), allied health, nursing, mortuary science and all sports physical exam forms are screened by the staff nurses. Health insurance information is available at the Student Health Office. Accident claim forms are available to student athletes who have been injured while participating in an NCC sponsored activity. For additional information, please visit the Health Services website or call us at 516.572.7123.

**International Student Services**

The Office of International Student Services, provides services to F1 non-immigrant students attending Nassau Community College, including those enrolled in the LINCC (Language Immersion at NCC) program.

Services include F1 visa/status advisement for students in their home countries, advisement of international transfer students, change of status and reinstatement applications, and on travel/consular issues. Advisement on work authorization and Social Security issues is also provided. In addition, the ISS Office administers the College international health insurance program.

Applicants who will require a student (F-1) visa or status in order to attend Nassau Community College or our LINCC program should contact the ISS office at 516.572.7053 or email us at isaoff@ncc.edu in order to obtain an Admissions Guide & Application, and the application forms necessary to secure an I-20 (the document that is required before an F-1 visa can be issued). An I-20 will not be issued until a student has been accepted into a program of study at the College.

Information can be found at our website.

**Student Professional Development and Employer Services**

The Student Professional Development and Employer Services, located in Nassau Hall, Room 39, is available to assist students seeking employment and internship opportunities. The staff of trained professionals provides a comprehensive service designed to ensure placement in an employment environment consistent with individual academic interest. Workshops are scheduled each semester to assist students in developing appropriate pre-job training skills. Call 516.572.7132 or visit our website.
Media, Arts & Cultural Organizations

Theatre
The Department of Theatre and Dance presents an extensive, open-to-the-public production program which includes a children’s musical, a dance concert, a joint production with the Africana Studies Department, and numerous other plays and musicals. Auditions for these productions are open to students enrolled for a minimum of credits at the College, and all interested students are encouraged to audition. Audition notices are posted on the Call Board in the Theatre (Building W).

Music
The Music Department invites students to participate in various performance groups. The following are open to all students without audition: Orchestra, Concert Band, Chorus, and Jazz Ensemble. Other music ensembles are open to students by audition: Vocal Ensemble (Chamber Choir), and Chamber Ensemble. Two additional groups are limited to students in the music degree program: Percussion Ensemble and Classical Guitar Ensemble. Community members and interested high school students may join some of our performing groups. For more information, call the Department at 516.572.7446.

English
The Creative Writing Project of the English Department sponsors a wide range of activities for student writers. These include the projects of the Creative Writing Club, which produces the annual student literary magazine and holds regular meetings, public readings by students and distinguished visiting writers, group or individual use of a student publication center and resource room housing computer facilities and materials, such as recordings and magazines, and publication of an annual newsletter high-lighting campus literary events and creative work by students. In addition, the Writing Workshop of the English Department hosts ESL group meetings in which topics of current interest are informally discussed by native and non-native speakers of English. These groups are sponsored jointly by the Reading, Communications, and English Departments.

College Radio Station, WHPC 90.3 FM

WHPC, “The Voice of Nassau Community College,” is on the air 24-hours-a-day, seven days a week, 365 days a year. WHPC was named “Best Community College Radio Station” at the 2019 Intercollegiate Broadcasting System awards, and was a finalist for the 2019 “Best College Station” Marconi Award from the National Association of Broadcasters. WHPC maintains two recording studios and two editing studios in Building H on campus. Staffed by over 75 students and 60 community volunteers, listen for over 60 different types of programming, from rock-and-roll, to country, to today’s top-40 and even polka! Plus, listen for local news, public-interest interviews with authors and experts, NCC live sports and more. The studios use the latest digital state-of-the-art equipment, which can be found in many commercial radio stations.

WHPC is a 500-watt non-commercial, non-profit radio station, serving Nassau County, Eastern Queens, and Western Suffolk County communities, licensed to Garden City, NY. WHPC can also be heard world-wide online at www.NCCradio.org, and on the Amazon Echo and Google Home smart speakers (just say “Play WHPC!”), as well as the iHeartRadio and Tune-In apps. The station provides professional broadcast training to qualified Nassau Community College students, as well as members of the community. Students in good academic standing can apply by email at whpc@ncc.edu or by stopping by the station during normal business hours (M-F 9am–4pm). Students do NOT need to be majoring in Communications to apply—all majors are encouraged and welcome. Thanks for listening!

Art
The Art Department provides a number of cultural activities to students, the College community and the public. The Art, Photography and Computer Graphics Clubs invite guest artists to speak on campus and take field trips to galleries and museums. Other Department activities include Firehouse Gallery exhibitions by nationally and internationally known artists and craftsmen all of which are open to the public. The Firehouse Gallery also sponsors annual faculty and student shows as well as open competitions. The work of both students and gallery artists is regularly featured in the display cases in Building G as well as the College Center Building. In addition, the Art Forum lecture series sponsors demonstrations, lectures, films and visiting artists throughout the academic year.

Psychological Counseling Center

The Psychological Counseling Center offers students psychological assessment, counseling, crisis intervention and referrals to off-campus resources. To make an appointment, students can call 516.572.7698 or stop by the office in Nassau Hall, Room 9. Please visit the Psychological Counseling webpage.

Student Activities

The student activity program has grown from a conviction that education is not restricted to scheduled classes, that the hours outside the classroom are of major importance and that the student activities program can give a new dimension to education. These activities expand the means through which the College educates.

The activities program is planned and implemented, in large part, by students involved in clubs and organizations. These social, cultural, and recreational activities enrich the lives of those participating and give student leaders the opportunity to plan and implement programs. This responsibility helps students build character, develop greater understanding of others, learn leadership skills, and have a greater sense of their own abilities.

To be eligible to serve as a campus-wide student leader, students must comply with the College policy on “Eligibility for Student Leadership Positions.”

Call the Student Activities Office at 516.572.7148 or visit their website.
Faculty-Student Association
The Faculty-Student Association, through its board of directors, sets and administers policies for the purpose of creating and implementing programs of cultural, social, educational, and recreational value to the College community. It also allocates and disburses the student fees collected by the College in support of these programs.

The Association was organized under New York State laws in accordance with State University policy. It is a non-profit, educational membership corporation. Its board of directors is comprised of five students, five faculty members and three administrative officers. The student and faculty directors are elected, while the three administrative directors serve by virtue of their positions at the College.

College Center
The College Center Building is the hub of student activities. Social and cultural programs and a variety of recreational activities take place here. Activities include lectures, concerts and social programs. Meeting rooms, student organization offices, information areas, and counselor's offices are also located in the CCB. Call 516.572.7148 for program information.

Social Programming
The Programming Board and Nassau Concerts are responsible for the major social programs on campus. The Programming Board offers a variety of social activities including dances, film festivals, comedy programs, and holiday parties. Nassau Concerts provides a concert series with both day and evening performances.

Student Government Association
Each entering student automatically becomes a member of the Nassau Community College Student Government Association (SGA). This Association, through the Student Senate, provides for student participation in the College governance process. SGA apportions the income from student activity fees among the other student organizations, makes recommendations concerning the conduct of the student body, recommends policies affecting student life, and, in all ways, represents student interests.

Student Publications
There are two campus publications: Vignette, the weekly newspaper and the annual literary magazine produced by the Creative Writing Club.

Student Athletic Programs
The Faculty-Student Association sponsors programs in women's and men's intercollegiate athletics. The College is a member of the National Junior College Athletic Association and participates in Region XV competition. The women's intercollegiate program has gained national prominence, fielding regional championship teams in bowling, volleyball, basketball, soccer, cross country, lacrosse, softball, tennis, and track. The women's program has won two national championships, one in soccer and one in tennis.

The men's intercollegiate program takes pride in its dominance over other junior colleges in Region XV. The men's teams have captured national titles in bowling, baseball, soccer, golf, wrestling and lacrosse, along with numerous regional titles in cross country, football, basketball, tennis, and track.

In addition, the intercollegiate Athletic Department sponsors teams in women's dance, cheerleading, and coed equestrian teams.

Eligibility
All student athletes must be registered as full-time students (12 credits or more) to maintain athletic eligibility.; Student-athletes should visit the Athletic Department office for further clarification on transfer status, Grade Point Average, and other matters.

Transfer Counseling
The Transfer Counseling Office is located on the first floor of Building M, Nassau Hall and Room 4A. Students can obtain information regarding transfer opportunities to four-year colleges and universities. Information regarding scholarships can also be obtained at the Transfer Counseling Office.

The Transfer Counseling Office schedules group meetings as well as individual appointments to discuss any transfer concerns students may have.

An annual Transfer Day program (College Fair) and annual Evening Transfer Program are coordinated by the Transfer Counseling Office. Representatives from four-year colleges and universities schedule visits to our campus through the Transfer Counseling Office. Transfer information is published weekly in the student newspaper, the Vignette.

The library in the Transfer Counseling Office has a large collection of catalogs from four-year colleges and universities. Reference materials, financial aid forms for transfer students, State University (SUNY) applications, City University (CUNY) applications and applications for most local colleges and universities are also available. Call the Transfer Counseling Office at 516.572.7127/8 or visit our website.

Volunteer Service Center
The Volunteer Service Center places interested students in volunteer positions with community agencies and organizations. It helps provide our students with pre-professional experience, as well as providing agencies and organizations with qualified, motivated students eager to learn and apply their skills. Interested students may contact the Center in the Student Professional Development and Employer Services office, located in Building M. Call 516.572.7132 for office hours.
Women's Resource Center

The Women's Resource Center was founded by the Department of Student Personnel Services in the early 1970 to provide a forum for discussion of concerns to women and to bring educational programs to the campus and community.

The Women’s Center faculty coordinators can be contacted at 516.572.7698 in Building M, Room 14 or visit the Women’s Resource Center webpage.
Academic Information
The Office of the Vice President for Academic Affairs is responsible for the implementation, interpretation of, and compliance with all academic regulations.

The Office of the Registrar is responsible for the registration of students, evaluation of transfer credits once a student is in attendance, and maintenance of all academic records. Official certifications regarding student records are provided as required. Students should contact the Office of the Registrar for information, rather than rely on unofficial sources. The Office of the Registrar is located on the lower level of the Administrative Tower.

Academic Dishonesty & Plagiarism
Academic dishonesty, which includes plagiarism and cheating, will result in some form of disciplinary action that may lead to suspension or expulsion under the rules of the Student Code of Conduct. Cheating can take many forms including but not limited to copying from another student on an examination, using improper forms of assistance, or receiving unauthorized aid when preparing an independent item of work to be submitted for a grade, be it in written, verbal or electronic form. Anyone who assists or conspires to assist another in an act of plagiarism or any other form of academic dishonesty may also be subject to disciplinary action.

Plagiarism is a particular type of academic dishonesty that involves taking the words, phrases or ideas of another person and presenting them as one's own. This can include using whole papers and paragraphs or even sentences or phrases. Plagiarized work may also involve statistics, lab assignments, art work, graphics, photographs, computer programs and other materials. The sources of plagiarized materials include but are not limited to books, magazines, encyclopedias or journals; electronic retrieval sources such as materials on the Internet; other individuals; or paper-writing services.

A student may be judged guilty of plagiarism if the student:

(a) Submits as one's own an assignment produced by another, in whole or in part.
(b) Submits the exact words of another, paraphrases the words of another or presents statistics, lab assignments, art work, graphics, photographs, computer programs and other materials without attributing the work to the source, suggesting that this work is the student's own.

Allegations of student plagiarism and academic dishonesty will be dealt with by the appropriate academic department personnel. It is the policy of Nassau Community College that, at the discretion of the faculty member, serious acts will be reported in writing to the Office of the Dean of Students, where such records will be kept for a period of five years beyond the student's last semester of attendance at the College. These records will remain internal to the College and will not be used in any evaluation made for an outside individual or agency unless there is a disciplinary action determined by a formal ruling under the Student Code of Conduct, in which case only those records pertaining to the disciplinary action may apply. A student whose alleged action is reported to the Office of the Dean of Students will be notified by that office and will have the right to submit a letter of denial or explanation.

The Dean will use his/her discretion in determining whether the alleged violation(s) could warrant disciplinary action under the Student Code of Conduct. In that case the procedures governing the Code of Conduct will be initiated.

Academic Programs
The New York State Education Department has authorized Nassau Community College to award degrees and certificates in the following programs listed with HEGIS (Higher Education General Information Survey) code. Students are advised that enrollment in other than registered or otherwise approved programs may jeopardize eligibility for certain State and Federal aid awards.

Academic Standings

Academic standing is determined according to the regulations of the Academic Standing Committee and are made at the conclusion of each semester. Academic standing will only be printed at the top of each semester on your online unofficial transcript.

Decisions made at the conclusion of the spring semester will remain in effect for a minimum of one full semester during the regular school year; that is, until the conclusion of the following fall semester. Grades attained during the intervening summer sessions will be considered only in conjunction with the following fall semester grades for purposes of releasing students from academic standing decisions or limitations.

Minimum Grade Point Average Required To Maintain Good Academic Standing

The following cumulative grade point averages (GPA) are the minimums which must be attained for a student to be considered in good academic standing:

• 1.7 with 1-14 credits attempted (usually one semester)
• 1.8 with 15-29 credits attempted (usually two semesters)
• 1.9 with 30-47 credits attempted A - 2.0 with 48 or more credits attempted

A student whose cumulative average falls below these minima for the first time will remain in good academic standing but shall be limited to 14 credits (or equivalent where preparatory courses are concerned) for the next semester. If, at the end of the next semester, the student’s cumulative average still falls below these minima, then the student concerned shall be placed on academic probation and shall be restricted to part-time (fewer than 12 credits) attendance.

Academic Dismissal Policy

The cumulative Grade Point Average (GPA) of students on probation will be reviewed at the end of the spring semester. Students whose cumulative average remains below the required minimum will be academically dismissed. The Office of the Dean of Students implements, interprets, and ensures compliance with this policy.

A previously dismissed student who is readmitted will not be dismissed under this policy if a GPA of 2.00 or higher is maintained in courses taken since readmission, and if satisfactory progress is demonstrated in remedial courses taken since readmission.

Students have the right to appeal their dismissal. Appeals must be submitted in writing to the Academic Standing Committee through the office of the Dean of Students no later than six weeks prior to the beginning of the semester for which they wish to be readmitted. Students who fail to appeal their dismissal within the required time limit may submit an appeal in a timely fashion for readmission to a future semester. All appeal decisions rendered by the Academic Standing Committee shall be final.

Academic Progress Requirements for Students Placed in Remedial/ESL Courses

The following conditions apply to students who require a remedial/ESL course, i.e., COM 030, ENG 001, ENG 030, MAT 001, MAT 002, MAT 003, RDG 001, RDG 002, RDG 030, WRT 001:

1. Students must enroll in required remedial/ESL courses during their first semester of attendance.
2. The only possible grades for these courses are “S” (Satisfactory), “U” (Unsatisfactory) and "UU" (Unofficial Withdrawal). For extreme situations, see number 8 below.

Nassau Community College: https://collegecatalog.ncc.edu/current
3. Any student who does not successfully complete a required remedial/ESL course must register again for the course the following semester.
4. Any student who earns a grade of “U” in a required remedial/ESL course will be limited to the equivalent of 14 credits in subsequent semesters until all remedial/ESL requirements are satisfactorily completed.
5. A student may repeat a single, failed remedial/ESL course only twice, and will be academically dismissed after the third failure, upon review by the Office of Placement Testing in consultation with the chair or the chair’s designated coordinator of the department that offers the remedial or ESL course.
6. MAT 003 may be taken only once. In the event of failure the student will be appropriately placed into MAT 001 or MAT 002 for what will count as a second attempt at that course.
7. A dismissed student will be considered for readmission only after being separated from the College for at least one year (fall/spring), and only if future placement tests results reveal no need for remediation in the course(s) for which the student was dismissed.
8. Students can only withdraw from the required remedial/ESL courses if they are officially withdrawing from all courses for the semester in response to extenuating circumstances, such as a medical or personal emergency. In such cases, the student must present to the office of the Dean of Students cause for withdrawal from all courses and request a W grade that would not affect academic standing.
9. Some academic departments have designated courses which students cannot take until remedial/ESL requirements have been satisfied. Students with remedial/ESL requirements cannot register for those restricted courses and may not add them through the Change of Program or Drop/Add process.

Academic Program Requirements for Students Placed into Two or Three Remedial Courses
The following additional conditions apply to students who require two or three remedial courses from among ENG 001, MAT 001, MAT 002, MAT 003, RDG 001, RDG 002, WRT 001.
In addition to fulfilling their remediation requirements specified in the previous section, these students must enroll in NCC 101 – The College Experience, during the summer or winterim session prior to their first semester of attendance, or during their first semester of attendance.

Impact of Withdrawal Grades on Academic Standing

- A student who withdraws from more than one course per semester (i.e., two or more “W” grades in one semester) shall thereafter be placed on academic limitation — no more than 14 credits permitted.
- A student who withdraws from more than one course during a semester of academic limitation, or who has not earned the required Grade Point Average, shall be placed in the next more restrictive probation category.
- A student who earns a total of six or more “W” grades will automatically be placed in the most restrictive probation category (i.e. PART-TIME). “W” grades earned prior to September 1976 shall not apply.
- A student will be removed from academic limitation upon completion of the probationary semester’s program, provided he or she has achieved the required grade point average and has not received more than one “W” grade.
- Students who feel that extenuating circumstances warrant an exception from this policy may appeal through the Office of the Dean of Students.
- Grades attained during the summer sessions will be considered in conjunction with the following fall semester grades for the purpose of this policy.
- A student who has been placed on academic limitation is required to see a Student Personnel Services counselor.

Academic Progress for Students on Academic Probation
A student currently on academic probation is required to obtain academic counseling at the Center for Educational and Retention Counseling (CERC). A registration hold due to the student’s low cumulative grade point average (GPA) will be placed. The hold will remain on a student’s record until it is released by CERC. To have the hold removed a student must complete one of the following: 1) Attend a Retention Strategy Session or, 2) Complete the online Retention Strategy Session. The CERC is located in Nassau Hall (M Building) Room 19.

Classroom Disruption Policy
(Formerly the Classroom Management Policy)
Faculty has a right and responsibility to maintain a proper learning environment in the classroom. As integral members of this partnership, students are expected to participate actively in the learning experience and must do so in an appropriate manner.

Disruptive conduct in the classroom that interferes with the instructor’s performance of his/her professional functions or that undermines the integrity of student learning will not be tolerated. Disruptive conduct includes, but is not limited to:

- Students who routinely enter class late or depart early,
- Students who repeatedly talk in class without being called upon;
- Students who continually interrupt lectures;
- Students whose cell phones repeatedly ring and/or emit an audible sound during class or students who repeatedly text during class;
- Students who intimidate or harass a professor/classmate;
- Students who threaten a professor/classmate, participate in a physical display of anger, or verbally abuse a faculty member/classmate;
Students whose classroom behavior otherwise violates the College's Student Code of Conduct and (or) Sexual Harassment and Sexual Violence Policy. This negative behavior will incur faculty intervention and may result in disciplinary action.

The procedures designed to ensure the right of due process for both instructor and student, as well as the College's right to impose penalties for infractions, are as follows:

1. The instructor will apprise the student of the inappropriateness of the behavior and ask that the negative behavior cease.
2. If negative behavior persists, the instructor may:
   a. Refer the student to campus support services, and /or
   b. Remove the student from class for one class meeting and inform the student to contact the instructor prior to the next scheduled class meeting.
   c. In case of severe negative behavior, Public Safety will be called and the student will be immediately removed from class.
3. If the behavior persists and the faculty member wants to remove the student from class, the instructor will inform the chair immediately and submit a signed and dated written statement of the incident to the Department Chair within two (2) academic calendar days. Within two (2) academic calendar days, the Department Chair will call a meeting(s) with the faculty member and the student to review the matter. If a unanimous resolution is not reached, the Student will have the opportunity to appeal his removal from the classroom to the Dean of Students, by Chair using the Classroom Disruption Student Appeal Form.

**Campus Crisis Intervention**

**Procedures for Campus Crisis Intervention**

**Dealing with an aggressive student or violent situation:**

In a situation in which a faculty member is concerned about who he/she feels is an aggressive student, the faculty member should contact Public Safety 516.572.7111.

**For other psychological concerns:**

1. Members of the Campus Community should contact Psychological Counseling (516) 572-7698 to request services for a student who seems to be experiencing a psychological crisis situation.
2. Psychological Counseling will respond to these calls and assess the need for
   a. If deemed an emergency, a psychological counselor will meet with the student in the office (Room 9, Nassau Hall), respond to the scene if needed or make other suitable arrangements based on the circumstances.
   b. If a non-emergency, an appointment will be made for counseling at the earliest available opportunity.
3. In the event that none of the Psychological Counselors are immediately available, the secretary will call NCC Public Safety to request assistance.
4. If the responding professional determines that a student requires immediate psychiatric care, he/she will arrange for the student to be seen at an appropriate facility in the community.
5. If a possible crisis occurs at a time when the Psychological Counseling Office is closed, please call Public Safety 516.572.7111 for assistance.

**Computer Resources & Electronic Communication Policy, Acceptable Use**

**I. Introduction**

In keeping with the tradition of fostering academic freedom, Nassau Community College (hereinafter "the College" or "NCC") respects, encourages, and supports the right of any member of the college community to participate in dialogue and discourse to promote its educational mission. In support of this process, the College provides campus computing technologies, resources, and data networks.

The purpose of this policy is to outline the acceptable use of computer and information technology resources provided by NCC to students, faculty, staff, and other authorized individuals. Inappropriate use exposes the College to risks, including breach of computer security, exposure of restricted data, compromise of network systems/services, detriments to technology performance, institutional/brand damage and legal liability. NCC is committed to protecting students, faculty, staff, and the College from illegal or damaging actions by individuals, either knowingly or unknowingly.

**II. Rights and Responsibilities**

A. **The College's Rights and Responsibilities**

NCC provides computer facilities and related resources to support its educational mission. It is the responsibility of the user to abide by College guidelines as outlined below. Central to appropriate and responsible use is the stipulation that NCC data networks and computer resources shall be used in a manner consistent with the College policies; federal, state, and local laws; ADA guidelines; and contractual obligations. Computer facilities and related resources are intended for the sole use of College faculty, staff, students, and other authorized individuals. Such resources include but are not limited to host computer systems, personal/laptop computers and workstations, personal digital assistants (PDAs), data networks, software, databases, and files.
Use of NCC computing resources by unauthorized individuals is strictly prohibited. Users of Nassau Community College's institutional data networks and computer resources shall have no expectation of privacy in any data or communication transmitted, received, or stored while using these systems. In order to carry out its institutional mission and comply with its responsibilities under all applicable laws, the College reserves the right to monitor all employee usage of these systems.

The College requires compliance with applicable federal, state and local laws, including copyright, export and re-export laws, as a condition to system use. Except as expressly permitted, users shall not alter, delete or modify any attributions included within any hosted services. Users further shall not engage in any activity that interferes with or disrupts the services, servers or networks provided. Student email account users shall comply with the terms and conditions set forth by the current email service provided in connection with those email services. For more information on the civil and criminal penalties for violations of Federal copyright laws, see Section G of this Policy, as well as the relevant provisions of the United States Copyright Law, which are available at the following website: http://www.copyright.gov/title17/92chap5.html.

The use of the College's data networks, computer resource facilities, and services is subject to and conditioned upon compliance with: College policies Federal, state and local laws, ADA guidelines Contractual obligations

B. Faculty, Student, and Staff Rights and Responsibilities

All members of the College community have the responsibility to use data networks and computer resources in an effective, efficient, ethical, and lawful manner. The following activities are examples of unethical, unacceptable behavior, and are in violation of College policy. These may include, but are not limited to, any attempt to:

- alter system software or hardware configurations; using personal wireless routers, switches, or hubs, or unplugging cables and hardware;
- access another person's account, private files, or email without that person's permission;
- violate rules or codes set by services subscribed to by the College;
- use data networks or computer resources to threaten or harass others;
- use the College systems for commercial or personal profit-making purposes;
- not comply with computer facilities and system policies, procedures, and protocol;
- use the College facilities or resources to violate the policies of other computer systems or organizations;
- download video or music applications for non-College business.

The use of a computer or other electronic equipment that is not the property of NCC (e.g., a personally-owned computer) in conjunction with NCC resources (e.g. the College data network) shall constitute the use of NCC computer resources, shall be governed by the Acceptable Use Policy for Data Networks and Computer Resources, and shall be the legal responsibility of the individual user.

C. Web Content Creators’ Rights and Responsibilities

The Official College Website

The official website of the College contains public, employee and student information about NCC's mission, programs and services. All content under the College's website www.ncc.edu is deemed official and authorized. As such, the College administration has the sole right, responsibility, and obligation to provide oversight and final editorial control of content. The official website must follow the College's branding policies and guidelines which are available through the Office of Marketing and Communications.

Due to the dynamic nature of electronic publication via the web, the following guidelines must be adhered to when creating content for websites other than the College's official website:

Department-Created Content

It is the responsibility of the supervising administrator or chairperson (or his/her designee) for all oversight of the content in Administration, Alumni, Department, Staff and Student Activities websites. This must be done a minimum of twice a year by the appropriate oversight committee or individual assigned the responsibility for such oversight. They must insure that such websites do not contain official information. This includes but is not limited to course descriptions, programs of studies, college directories, etc. All references to official information must be made through referral links to the official College website.

Faculty-Created Content

Faculty of the College community have the right and are encouraged to establish an Internet presence, provided that the purpose of the Internet presence is consistent with the College mission and adheres to the provisions defined in this policy. Faculty web pages must adhere to the Acceptable Use Policy for Data Networks and Computer Resources.

Student-Created Content

NCC does not provide access to web publishing for students, except in an instructional setting.

D. Intellectual Rights and Responsibilities

The College respects the intellectual and creative contributions made by the faculty, staff and students, and recognizes that they are vital to the academic enterprise. Furthermore, the College adheres to the principle of respect for the right of acknowledgment, and the right to determine the form, manner, and terms of publication and distribution of intellectual property.

Since electronic information is transient and may easily be reproduced, respect for the work and personal expression of others is critical. Violations of authorial integrity, including plagiarism, invasion of privacy, unauthorized access, and copyright violations, may be grounds for sanctions against members of the College community.
Images of people, places, graphics and logos on the ncc.edu web site are either the property of the College or used with permission. Unless authorized by the Office of Marketing and Communications, the use of these images by web developers or the downloading and use of these images by web users who browse the web is prohibited, except in the course of normal business operations. Unauthorized use of the images may violate copyright and privacy laws and statutes.

E. Electronic Mail Usage Policy
THE COLLEGE WILL NEVER (UNDER ANY CIRCUMSTANCES) ASK VIA AN EMAIL FOR YOUR USER NAME, PASSWORD, OR PERSONAL/FINANCIAL INFORMATION.

Faculty, staff, and other authorized users of NCC email who respond to phishing emails shall be subject to temporary or permanent loss of email privileges.

All accounts issued to individuals are intended for the sole use of those individuals and are non-transferable. Individual account holders are responsible for all usage on their assigned accounts, hold a position of trust, and must preserve the security and confidentiality of the information they use.

Based on the reliance and acceptance of electronic communications, email messages and portal announcements are considered an official means of communication with students, faculty, and staff of Nassau Community College. Employees and students are expected to comply with this policy when using NCC email and portal systems. All users are assigned an official college username and password combination for accessing email and portal systems and an official College email address for receiving and sending email messages. The college expects that students, faculty, and staff will use their official College email accounts to receive and read email messages and portal announcements on a frequent and timely basis. Students, faculty, and staff are not absolved from the responsibilities associated with the contents of electronic communications if electronic communications are not received and read on a frequent and timely basis. Students, faculty, and staff are expected to maintain their own email inboxes and manage their email disk storage usage.

Prohibited Activities

Prohibited email activities include but are not limited to the following:
- Unauthorized use of another individual’s account
- Performing an act that will interfere with the normal operations of computers or networks on campus
- Creating and/or distributing chain letters
- Impersonation (misrepresenting yourself as another individual)
- Violations of official College policies and applicable laws
- Distributing classified, commercial, or political advertisements
- Distributing unsolicited and/or unauthorized mass mails (spamming) unrelated to College business, events, or announcements

F. College Intranets
The College Intranet is intended to provide the faculty and staff access to services that support the operational needs of the College community and information disseminated by means of a role-specific criteria. Access to the content is role-based and is determined by one's logon profile (e.g., as Faculty or Administrator).

G. Compliance With The Higher Education Opportunity Act
The Higher Education Opportunity Act of 2008 (HEOA) requires the College to address unauthorized distribution of copyrighted materials, including unauthorized peer-to-peer file sharing. In order to meet the College's obligations under this Act, the College shall disseminate the following statement to students, faculty and staff on a regular basis:

The College strictly prohibits the users of its networks from engaging in unauthorized distribution of copyrighted materials, including unauthorized peer-to-peer file sharing. Anyone who engages in such illegal file sharing is violating the United States Copyright law, and may be subject to criminal and civil penalties. Under federal law, a person found to have infringed upon a copyrighted work may be liable for actual damages and lost profits attributable to the infringement, and statutory damages of up to $150,000. The copyright owner also has the right to permanently enjoin an infringer from further infringing activities, and the infringing copies and equipment used in the infringement can be impounded and destroyed. If a copyright owner elected to bring a civil lawsuit against the copyright infringer and ultimately prevailed in the claim, the infringer may also become liable to the copyright owner for their attorney's fees and court costs. Finally, criminal penalties may be assessed against the infringer and could include jail time, depending upon the severity of the violation.

Students should be aware that unauthorized or illegal use of College computers (such as engaging in illegal file sharing and distribution of copyrighted materials), is an infraction of the Student Code of Conduct and may subject them to disciplinary measures.

To explore legal alternatives to unauthorized downloading, please consult the following website: http://www.educause.edu/legalcontent
III. Reporting, Investigations, and Sanctions
Students, faculty, staff or other authorized individuals who use computer resources for improper purposes shall be subject to disciplinary action, up to and including discharge and/or expulsion. Any person who receives material on his/her computer which he/she believes violates a College policy should contact the Office of Marketing & Communications. Any other concerns or inquiries regarding perceived violation of the Acceptable Use Policy for Data Networks and Computer Resources should likewise be reported to the Office of Marketing & Communications (telephone: 516-572-9634; email: Marketing-Communications@ncc.edu) for appropriate action. Personnel designated by the Administration and in consultation, when necessary, with the Office of Public Safety will investigate alleged violations of the policies articulated herein. While an alleged violation is under investigation, computing privileges may be suspended. Where a confirmed violation is serious or persists, a restriction of computing privileges may be imposed, temporarily or permanently, by the College. Cases involving violations of statutory law will be turned over to the Office of Public Safety or to the appropriate authorities and may be subject to civil and/or criminal penalties.

Dean's Honor List
After the completion of each fall and spring semester, outstanding scholastic achievement is recognized through the compilation of the Dean's Honor List. This Honor is noted on the student's permanent transcript of record.

To qualify, full-time students must have completed a minimum of 12 credits per semester in residence and have attained a 3.5 semester average or higher, with no grades of Withdrawal ("W"), Unofficial Withdrawal ("UW"), Failure ("F"), Unsatisfactory ("U"), Unofficial Withdrawal for Non-Credit Remedial Courses ("UU"), Never Attended ("NA") or Incomplete ("INC"). Further, it is important to note that students must be in good academic standing and that repeated courses will not be counted as credits attempted for the purpose of compiling the Dean's Honor List.

Part-time students are also eligible for the Dean's Honor List provided they attain a Grade Point Average (GPA) of 3.5 or greater, and are otherwise in good academic standing. The GPA for part-time students is calculated upon the completion of each 12 semester credits, without respect to the number of semesters the student has been in attendance. Eligibility for the Dean's Honor List is recalculated after each 12 additional credits attempted (12 credits, 24 credits, 36 credits, 48 credits, 60 credits). It is important to note that each 12 semester hour block of credits attempted may not include grades of withdrawal ("W"), Unofficial Withdrawal ("UW"), Failure ("F"), Unsatisfactory ("U"), Unofficial Withdrawal for Non-Credit Remedial Courses ("UU"), Never Attended ("NA") or Incomplete ("INC"). Further, it is important to note that students must be in good academic standing and that repeated courses will not be counted as credits attempted for the purpose of compiling the Dean's Honor List.

Degrees and Certificates Defined
The following descriptions of the three degree and certificate programs offered by the College are for comparative purposes only. In planning a program of study, students are to be guided by the academic programs presented in the Programs of Study section and select their courses in consultation with an advisor. View a list of Academic Programs by degree type.

Associate In Arts (AA)
This degree is primarily for transfer programs which lead to the Bachelor of Arts degree. The curriculum is composed largely of courses in the liberal arts and sciences.

Associate In Science (AS)
This degree may be used for certain occupationally-oriented curricula, but is primarily for transfer programs which lead to the Bachelor of Science degree. The curricula are composed largely of courses in their respective disciplines.

Associate In Applied Science (AAS)
This degree is primarily for occupationally oriented curricula, but may at times be appropriate as a transfer degree to certain types of specialized Baccalaureate programs.

Associate in Occupational Studies (AOS)
This degree is exclusively for occupationally oriented curricula.

Certificates
A Certificate is a credential registered by the State Education Department and issued by the College in recognition of the completion of a curriculum other than one leading to a degree. A Certificate program can be completed in a shorter time than the Associate degree program — sometimes in less than a year. Designed for those eager to enter the work force, Certificate programs at the College offer career preparation in several different areas. Another advantage of the Certificate program is that most of the credits earned may be applied to a related Associate degree program. Students attend the same classes as degree candidates and are graded on the same basis.

General Education at Nassau Community College
General Education at NCC is a set of specified categories of courses that contribute to the development of an educated person: one who thinks clearly, communicates effectively, makes informed and thoughtful judgments, distinguishes among sets of values, displays an appreciation for learning, and applies knowledge to the understanding of the human experience.

At NCC, General Education is achieved by the completion of a distribution of courses designed to enable students to:

1. Read and listen effectively;
2. Speak and write clearly and persuasively;
3. Think critically and creatively;
4. Understand scientific methodology; reason quantitatively, and function in a technological environment;
5. Develop personal, social, and aesthetic values through an understanding of culture, nature, self and society;
6. Develop an understanding of and appreciation for behaviors that promote the good health of body and mind;
7. Develop literacy and appreciation in the visual and performing arts.

The selection of General Education courses depends on the curriculum requirements for a degree. These courses are grouped within the following categories and are designated in the Course Descriptions section of this catalog with the corresponding codes. The complete list of courses is available on campus at the Academic Advisement Center and on the Advisement Center website. Each course viewed on Banner Self-Serve is also individually coded. Only those courses on the approved lists will satisfy the Nassau Community College general education requirements.

**Global Awareness and Non-Western Cultures** [GLNW],
and **Pluralism and Diversity** [PLDI]

Interdisciplinary Courses: In recognition of the commonalities and interrelatedness among academic disciplines, general education categories contain several interdisciplinary course offerings that satisfy the requirements.

**Communication Arts:**
Communication Arts courses teach oral communication skills necessary to participate effectively in public and academic debates and discussions, prepare and present researched material, and formulate valid arguments, and prepare students for successful interpersonal interaction in the academic, social, and professional realms. These courses are designated with the code COM and may be selected from the courses of the Communications Department [COM 102, COM 103, COM 123, COM 202 only].

**English Composition:**
English Composition courses are designed to give students a critical awareness of written language. They enable students to produce clear, well-developed, well-organized grammatical writing and to interpret and analyze texts of various genres. These courses are designated with the code COMP and must be selected from the courses of the English Department [ENG 101, ENG 102, ENG 108, ENG 109 only].

**Fine and Performing Arts:**
Courses in Fine and Performing Arts develop aesthetic awareness by introducing students to the processes by which artists create, perform and/or evaluate works of art. They foster self-expression, understanding, and an appreciation of the arts within an historical, cultural, theoretical and critical context. These courses are designated with the code FAPA and may be selected from the courses in several departments as denoted in the Course Descriptions section of the catalog.

**Humanities:**
Humanities courses teach students to analyze and interpret texts, ideas, discourse systems, and the human values, traditions, and beliefs they reflect. These courses are designated with the code HUM and must be selected from the courses of the following departments: African American Studies [AFR 130, AFR 131, AFR 152, AFR 155, AFR 170, AFR 190, AFR 197 only], Art, Communications, English, Foreign Languages, Interdisciplinary Studies [MDC 102, MDC 130 only], Library, Music, Philosophy, Reading, Theatre/Dance.

**Literature:**
Literature courses focus on the study of written works produced or translated into English that embody the creative use of language for artistic or stylistic purposes. They express ideas of permanent or universal significance. These courses are designated with the code LIT and may be selected from the courses in several departments as denoted in the Course Descriptions section of the catalog.

**Mathematics:**
Courses that satisfy this requirement use mathematical or computer science models that employ numerical, verbal, graphical and analytical tools to strengthen quantitative skills and logical reasoning and enable students to address other disciplines. These courses are designated with the code MATH and must be selected from the courses of the Mathematics/Computer Science/Information Technology Department. One computer science course with the code CSC [CSC 104, CSC 120 or CSC 130 only] may be used to satisfy the second mathematics course requirement in specified degrees.
Natural and Physical Sciences:
Natural and Physical Science courses explore how phenomena are observed, understood and theoretically synthesized through study and the application of the scientific method. They provide students with an understanding of scientific terms, concepts, and theories as well as the ability to test hypotheses in the laboratory. Study in the sciences helps students develop scientific literacy necessary to understand an increasingly complex world. One non-laboratory science course may be used to satisfy the second science course requirement in specified degrees. These courses are designated with the code LSCI (laboratory science) or NSCI (non-laboratory science) and must be selected from the courses of the following departments: Biology, Chemistry, Engineering/Physics/Technology, Physical Sciences, General Science Studies, Multidisciplinary Science, Allied Health Sciences [AHS 131, AHS 132 only].

Physical Education:
Physical Education courses develop cardiovascular and neuro-muscular skill, strength, endurance, flexibility and fitness. They emphasize improved overall conditioning as well as skills in team, individual, and leisure activities. These courses are designated with the code PED and must be selected from the courses of the following departments: Health/Physical Education/Recreation, Theatre/Dance [DAN 126 only].

In all degree programs requiring physical education activities courses, full-time day students (12 credits or more in the day session) must take 1/2 credit of physical education activities for each full-time semester of attendance, to a maximum of 2 credits. The following are exempt from this requirement:

1. Veterans
2. Students over 25 at first date of attendance
3. Students over 30 at date of graduation.

Social Science:
Social Science courses investigate behavior in social contexts through analysis of the characteristics and structure of individuals, families, groups and institutions. They provide an understanding of the concepts, methods and models that social scientists use to explore social phenomena. History courses explore institutions and developments that have shaped human experience while providing a familiarity with the historical narrative. These courses are designated with the code SBS and must be selected from the courses of the following departments: African American Studies [AFR history classes and AFR 185 only], Economics/Finance, History/Political Science/Geography, Interdisciplinary Global Studies, Psychology, Sociology/Anthropology/Social Work.

Culture and Diversity:
This includes the three subcategories of Western Heritage, Global Awareness and Non-Western Cultures, and Pluralism and Diversity. Appropriate courses in other categories may be used to satisfy requirements in any of these three subcategories.

Western Heritage:
Western Heritage courses reflect the distinctive characteristics of western heritage presented in a broad context. They acquaint students with the evolution of western culture and values and relate them to other regions and cultures. These courses are designated with the code WESH and may be selected from the courses in several departments as denoted in the Course Descriptions section of the catalog.

Global Awareness and Non-Western Cultures:
Courses in Global Awareness and Non-Western Cultures examine and foster an appreciation of cultural traditions other than European and North American. They enhance recognition of the diversity and similarities of the ways in which people in different cultural traditions perceive and experience their lives. These courses are designated with the code GLNW and may be selected from the courses in several departments as denoted in the Course Descriptions section of the catalog.

Pluralism and Diversity:
Courses in Pluralism and Diversity expand understanding of the various influences that shape perspectives, values, and identities. They explore social divisions such as gender, ethnicity and racial formations in a pluralistic nation and world. These courses are designated with the code PLDI and may be selected from the courses in several departments as denoted in the Course Descriptions section of the catalog.

General Education for Bachelor's Degree at State University of New York (SUNY)
Students considering or planning to transfer to a SUNY four year college or university to complete the bachelor's degree must select their general education courses to fulfill the Nassau Community College requirements for such courses as listed above, as well as the SUNY General Education Requirements (SUNY GER) listed below. In some cases a course satisfying the NCC requirement will also satisfy a similar SUNY requirement. These courses are grouped within the SUNY categories listed below and are designated in the Course Descriptions section of this catalog with the corresponding codes.

The fulfillment of at least seven of these categories is required to transfer to a SUNY four year college or university. The Helpful Tools section of the Academic Advisement Center webpage provides instructions on how to search in the MyNCC Portal for courses within the SUNY GER categories.

- Mathematics [GMAT]
- Natural Sciences [GLAB]
- Social Sciences [GSBS]
- Humanities [GHUM]
- Basic Communication [GBCM]
- Western Civilization [GWEH]
- Other World Civilizations [GOWC]
Grade Grievance Policy

Students who believe that there has been a violation of a specific policy or procedure as stated in either the NCC Catalog or the grieved instructor's course syllabus that adversely affected their grade in a particular course may appeal their grade, if they do so before the appropriate deadline (see the section on deadlines below).

At each step of the process described below, a student must submit a detailed written argument explaining why his/her grade grievance should be upheld.

Grievances must be pursued in the following manner until satisfaction is obtained, a grievance is dismissed, or a decision is reached. The grieved instructor may initiate a grade change at any point in the procedure.

- **Step 1**: With the grieved instructor who issued the grade.
- **Step 2**: With the grieved instructor’s department chairperson (and with any members of Department Personnel and Budget [P&B] Committee that the chair wishes to include).
- **Step 3**: With the grieved instructor’s department chairperson and Academic Standing Committee Chair.

If the grieved instructor's department chair (or his/her designee in the case of recusal) and the Academic Standing Committee Chair (or the next ranking member of the Committee in the case of recusal), unanimously conclude that there is no evidence of a possible violation of a specific policy or procedure as stated in either the NCC Catalog or in the grieved instructor's course syllabus that adversely affected the student's grade in a particular course, then the grievance will be dismissed without a further hearing. The student will be informed of the final decision to dismiss the grade grievance. In all other cases, the department chair and the Academic Standing Committee Chair will form an Ad Hoc Committee to hear the student's grievance.

The Ad Hoc Committee will be a joint committee consisting of three (3) members from the concerned department's P&B Committee, three (3) faculty members from the Academic Standing Committee, and one (1) student representative from the Student Government Association. There will be co-chairs of the Ad Hoc Committee, one (1) member of the P&B Committee and one (1) member of the Academic Standing Committee. After a hearing, the Ad Hoc Committee will deliberate and vote on the student's grade grievance. A student's grade grievance will be upheld if two-thirds (2/3) of the P&B Committee members and two-thirds (2/3) faculty members from the Academic Standing Committee find in favor of the student. The Ad Hoc Committee will not re-evaluate a student's work in deciding a grade grievance. The student's grade can be adjusted only if there has been a violation of a specific policy or procedure as stated in either the NCC Catalog or the grieved instructor's own course syllabus that adversely affected a student's grade. In cases where the student's grade grievance has been upheld, then the P&B members of the Ad Hoc Committee (in consultation with the other members of the Ad Hoc Committee) will decide what grade to award the student, using the grieved faculty member's grading policy for that specific class, if at all possible.

The Ad Hoc Committee's decision will be binding.

Civil Rights Violations

It is not the function of the Ad Hoc Committee to evaluate claims of civil rights violations. If the basis of a student's grade grievance is that their civil rights have been violated, the Ad Hoc Committee will not hear the grade grievance until the appropriate officials at NCC have investigated the student's allegation(s) and a finding has been offered through the College's official civil rights policy.

**Deadlines**

For a grade received during the Fall semester or Winter Intersession, the student must file the grievance (Step 1) before the end of the fifth week of the following Spring semester. For a grade received during the Spring semester or Summer sessions, the student must file the grievance before the end of the fifth week of the following Fall semester. Grade grievance forms may be obtained in the Office of Academic Affairs, 361 Rice Circle, or at the various academic department main offices and by downloading the form at the link below. The grieved instructor and/or chair must hold the appropriate discussion or hearing within two (2) weeks after his/her receipt of such a grievance or the grievant is permitted to proceed to the next step in the policy. Failure by students to appeal a decision to the next step of the process within one (1) week of their receipt of the grade grievance shall terminate the grievance.

Download the Grade Grievance Form

**Instructor Absence**

The Academic Standing Committee has established procedures for the conduct of a grade grievance in situations where the grieved instructor of record is unavailable or unreachable. Students are advised to consult the department chairperson for appropriate procedures in the event of such a circumstance.

**Grade Point Average**

In compiling a student’s grade point average, the following factors must also be taken into consideration:

1. When transfer credit is awarded, the transfer grade is not computed in the grade point average.
2. If a student officially changes his/her program of study, an evaluation will be made by the new department chairperson to determine whether grades and credits in courses formerly required, but not required in the new curriculum, will be computed in the grade point average. If a student has attempted fewer than 40 credits at Nassau Community College, certain courses required in the former area and not required in the new area will not be calculated in the student’s average or included as credit toward the student’s degree.
3. When a student repeats a course, both the initial grade and the repeat grade appear on the transcript. However, only the last completion mark (A-F and UW but not including “W”, “INC”, “S”, “U”, “UU” or “NA”) will be included in the grade point average.

**Incomplete Grades**

Grades of Incomplete (“INC”) may be assigned to those students who, for some valid reason, have not satisfied all academic requirements for the course but have a reasonable expectation of completing the required work. While a request for an incomplete grade should be initiated by the student, it is assigned at the discretion of the instructor. It is the student’s responsibility to contact the instructor of the course to determine the nature of the work required to complete the course and thus remove the grade of Incomplete. A grade of Incomplete shall carry no immediate penalty, but grades of Incomplete not removed by the end of the following 15-week semester will automatically be changed to an “F.” In extenuating circumstances, the instructor may petition the Vice President for Academic Affairs to extend the time for making up the Incomplete “INC” grade.

**Withdrawal Grades**

Withdrawing from a course requires faculty approval. The policy is enforced as follows:

- During fall and spring terms, beginning the fourth week and up to the end of the ninth week of classes, the instructor’s approval is required. The approval indicates that the student has met with the instructor and discussed the withdrawal. The instructor may not refuse approval. If the instructor is unavailable, the department chairperson may approve the withdrawal. After the ninth week of classes, the approval is at the discretion of the instructor.
- During the Summer and Mini-Sessions, time allowed for withdrawal varies as per refund rules for the sessions. Faculty approval is still required. See the Student Tuition Liability/Refund Policy.
- Approved requests will be awarded a grade of W (withdrawal) on the transcript. Students can request Class Withdrawals in their MyNCC portal account. W grades are not calculated in the grade point average, but can impact academic standing as described in the Academic Standing section of the catalog. Students who wish to withdraw from nine or more credits will require approval by the Student Personnel Services Office.
In case of extenuating circumstance, such as a medical or personal emergency, a student should apply to the Office of the Dean of Students to request that the W grade not affect academic standing. That application should be made at the time of the withdrawal from the course(s). See the Dean of Students medical/personal withdrawal page for more details.

Prior to withdrawing from a course(s), students should consult with an advisor or a Student Personnel Services counselor and consider the impact of the W grades on their financial aid and health insurance eligibility.

**Change of Grade**

Ordinarily, all letter grades are considered permanent ("INC" is not considered a letter grade). Changes of these grades will be made only upon the instructor’s submission of clearly defined reason(s) or documentation which supports the justification for such an extraordinary change. "W" grades earned via the official withdrawal procedure will not be changed under any circumstances.

Changes of Incomplete ("INC") grades must be processed by the end of the next regular semester. All changes of grades (other than INC) must be processed within one year of the end of the semester involved unless demonstrated to be a result of clerical or computational error.

Changes of grade are initiated by the instructor issuing the appropriate Change of Grade form under the following conditions:

1. Documented computational or clerical error in recording the grade.
2. Removal of an Incomplete ("INC") upon satisfactory completion of course requirement(s), (an Incomplete must be completed by the end of the next regular semester or it will change to an “F”).
3. Reassessment of student performance (subjective evaluation) subsequent to grade issuance.
4. Grade changes must be approved by the department chairperson before any official record adjustments can be made by the Office of the Registrar.

**Graduation Procedures**

**Graduation With Honors**

Honors graduates will be awarded degrees:

- Summa cum Laude (with the greatest praise) if the cumulative average is 3.9 or higher;
- Magna cum Laude (with great praise) if the cumulative average is 3.7 to 3.89; or
- Cum Laude (with praise) if the cumulative average is 3.5 to 3.69.

These honors will be inscribed on the diploma and noted on the official transcript of record.

**Two-year Programs Often Take More Than Two Years**

The sample four-semester program sequences which are described in the "Programs of Study" section are designed for students who intend to devote their full time and energy to their studies. Many students, however, must work at full or part-time jobs while in attendance and others are in need of remedial course work not shown in the sequences. Therefore, many students spend more than two years at Nassau.

In fact, approximately half the students graduating from community colleges nationwide do not follow the traditional four-semester pattern. Many students elect to attend additional semesters in order to enhance those skills necessary for a successful college career. Students expecting to spend only two years at NCC should be aware of this trend. Often, students use the Summer Sessions to accelerate studies.

**Certificate of Eligibility**

No student may graduate without eligibility duly certified by the Office of the Registrar. Prospective graduates must complete "Request for Graduation" forms available from the Registrar during their final semester. Deadlines must be strictly observed to provide the College with adequate lead time necessary to certify graduates, determine awards, and print degrees and certificates.

**Second Degree or Certificate**

A second degree (or certificate) may be undertaken either concurrently or consecutively at Nassau Community College only when a significant amount of additional course work in a very different field is completed.

Further, each second degree candidate must complete at least 24 additional credits in the "different field" (of the 24, 15 must be taken at Nassau Community College). Additionally, each second degree must also contain the minimum of 33 credits "in residence."

Finally, each candidate seeking a second degree must obtain the prior written recommendation of the second degree chairperson (or program director) and prior approval of the Office of Academic Affairs on the appropriate form provided.

Ordinarily, students who pursue a degree shall not subsequently be granted a certificate in the same field. However, nothing shall prevent a student from subsequently pursuing a degree in the same field as the one in which he has undertaken studies for a certificate.

In cases where students have already completed a degree or certificate program and wish to pursue a new certificate, 12 credits must be taken in the new program (9 of the 12 must be taken at Nassau Community College). All candidates must comply with the College’s “in residence” graduation requirement. (See section on Graduation.)
Student Code of Conduct

Preamble
The College is committed to providing an atmosphere in which students have freedom to learn and engage in the search for truth, knowledge, and reason in accordance with the standards set forth by the academic community. Conduct that adversely affects a student’s responsible membership in the academic community shall result in appropriate disciplinary action.

Statement of Policy
As an educational institution of higher education, Nassau Community College seeks to provide the best educational environment for its students, faculty, and staff. It is mindful that academic freedom is an essential element of college life. To carry out its goal the College requires each student to obey the rules and regulations established by the College set forth herein, as well as the rules and guidelines set out in the “Nassau Community College Return to Campus Guide for Students” relating to the COVID-19 pandemic, and all local, state, and federal laws. The College will not tolerate deliberate disruptive words, actions, violence or physical interference with the rights of any member of our College community or with any of the facilities of the College, or with any authorized functions being carried out on the College campus or at any college sponsored event. The College will also not tolerate any violations of established health-related rules and regulations which are put in place in order to safeguard the health of the College community and prevent the spread of infectious diseases including, but not limited to COVID-19. Therefore, in furthering the educational aims of the College and in compliance with the provisions of Article 129-A and 129-B of the Education Law of the State of New York, the following rules and regulations concerning conduct on the College campus or at any college sponsored event, the use of College property, the means of enforcement, and penalties for any violations thereof are hereby established.

Nothing contained herein shall be construed to limit or restrict freedom of speech or of peaceful assembly.

Student Rights and Responsibilities
Students at Nassau Community College assume an obligation to conduct themselves in a manner compatible with the function of the College as an educational institution. Each student should be familiar with the College Catalog, which contains all rules and regulations of the College and is a binding contract with the student, as well as with the Return to Campus Guide for Students (the “Guide”). By enrolling at the College, students agree to abide by the Rules and Regulations of the Student Code of Conduct developed in part by the students of the institution and endorsed by the Academic Senate, the College administration, and the Board of Trustees.

Fundamental Fairness Rights of Students Accused of Violating the Code of Conduct

1. To be afforded a fair and timely hearing, including the opportunity to challenge the impartiality of the hearing officer or committee members prior to the beginning of the hearing.
2. To have notice of the accusations.
3. To have the opportunity to present evidence, introduce witnesses, and to question witnesses and evidence presented.
4. To have adequate time to prepare and present a defense.
5. To receive in writing the disposition of the case and sanctions.
6. To appeal the findings and sanctions based upon procedures in this Code.
7. To be afforded confidentiality to the extent permitted by law.
8. To remain silent with no inference of guilt.
9. To submit a written impact statement to the Dean of Students or designee and/or Hearing Committee at the point when sanctions are being deliberated.
10. To waive any of these rights.

Fundamental Fairness Rights of Alleged Victims

1. To be afforded the opportunity to challenge the impartiality of the hearing officer or committee members prior to the beginning of the hearing.
2. To have adequate time to prepare for hearings and interviews.
3. To have the opportunity present evidence, introduce witnesses, and to question witnesses and evidence presented.
4. To receive in writing specific information on the disposition of the case and sanctions.
5. To appeal the findings based upon procedures in this Code.
6. To be afforded confidentiality to the extent permitted by law.
7. To submit a written impact statement to the Dean of Students or designee, and/or Hearing Committee at the point when sanctions are being deliberated.
8. To waive any of these rights.

Section I: The Student Code of Conduct
The Student Code of Conduct as set forth below applies specifically to student behavior. Student rights are basic to the freedom to learn and must be based on mutual respect and responsibility. In addition, when a student enrolls at Nassau Community College, he/she agrees to abide by all College regulations. Therefore, violations of any section of the Code of Conduct shall result in appropriate disciplinary action.

A. Physical Violence. Acts of physical violence will not be tolerated. A student who initiates physical violence against any member of the College community will face the harshest of penalties, including the likelihood of expulsion from the College and the possibility of a permanent notation of the violation on the student’s College transcript.
B. **Criminal Violations.** A student who is convicted of violating a criminal law may be subject to summary suspension or expulsion from the College. Sexual violence, domestic violence and stalking with intent to sexually harass will be adjudicated under the College’s Sexual Harassment and Sexual Violence Policy, which is enforced by the Office of Equity, Inclusion and Affirmative Action.

C. **Maintenance of Public Order.** The President of the College or his/her representative shall have the authority and responsibility to take whatever steps are necessary to carry out the mandate of the following rules and regulations in the interest and for the welfare of the College community and of the citizens of the County of Nassau. Violations of the following regulations, whether such violations are carried out individually or in concert, are extremely serious in nature. Such violations will constitute cause for immediate suspension and/or ejection from the campus and may also subject the violator to whatever penalties may be imposed by appropriate college and/or civil authorities. These violations may include:

1. Unauthorized occupation of College facilities or interference with their lawful use;
2. Any act or threat that endangers any individual or that results in terrorizing or committing bodily harm or injury to anyone on campus or at any college function;
3. Any act resulting in damage to College property or facilities or to the property of students or staff;
4. Any act which results in disruption of College activities. This could include inciting others to riot, interfering with the right of any member of the College community to perform his or her duties, and preventing a student from attending any class in which he/she is enrolled;
5. The possession or use of firearms of any nature, dangerous weapons, fireworks, or explosives on the campus;
6. The illegal possession, use, or exchange of any illicit drug;
7. The refusal to obey directives or orders of College personnel to cease and desist from any of the above acts.

D. **Infractions of the Code of Conduct.** Infractions of the Code of Conduct shall include, but are not limited to the following:

1. Stalking;
   - “Stalking” is a pattern of repeated and unwanted attention, harassment, contact, or any other actions directed at a specific person that would cause a reasonable person to (1) fear for his or her safety or the safety of others, or (2) suffer substantial emotional distress. (All allegations of Stalking, which cannot be resolved informally will be resolved at the Dean of Students Hearing, as described in section B(2)(b), below.)
2. Physical assault or abuse;
3. Verbal assault or abuse;
4. Written assault or abuse, including cyber-bullying via use of social media and/or other technologies;
5. The possession or use of weapons of any nature, including instruments intended to be used to inflict harm, such as fireworks or explosives, on the campus, in class, or at any College function;
6. Unauthorized or illegal use of College computers;
7. Disruptive conduct in the classroom that interferes with instruction;
8. Disorderly, lewd, indecent, or obscene conduct or expression;
9. Any act of whatsoever nature that interferes with normal operation of the College or which adversely affects the student’s suitability as a member of the College community, including acts which violate the rules and regulations laid out in the COVID-19-related Guide;
10. Failure to comply with directions of College personnel acting in the performance of their duties, for example, refusal to show proper I.D. to College personnel when so requested;
11. Theft of, or damage to College property or personal property belonging to any member of the College community;
12. Unauthorized possession, use, and/or sale, or intent to possess, use, or sell of alcoholic beverages, narcotics, drugs, or drug paraphernalia, while on campus, or at any College function; or being present on campus or at a College function while under the influence of alcoholic beverages, narcotics or drugs;
13. Gambling in any form;
14. Plagiarism, cheating, or any form of academic dishonesty;
15. Submitting a false application or other information to the College, and the forgery, alteration, or intentional misuse of College documents, records or identification;
16. Violation of College policies concerning regulation of student clubs or organizations;
17. Unauthorized use of a vehicle on the College campus;
18. Failure to adhere to campus traffic regulations;
19. Violation of County Ordinance 238-1984 Section 4, Subsection e, as amended by Ordinance 152-1993. (Advertising and Handbills;
   - No person will distribute, display or post or cause to be distributed, displayed or posted, any sign, banner, poster or advertisement of commercial nature except as authorized by the appropriate designated County official or unless distributed, displayed or posted at such locations designated by the facility for such purpose.)

E. **Policy for Alcohol and/or Drug Use Amnesty in Sexual and Interpersonal Violence Cases.**

The health and safety of every student at Nassau Community College is of utmost importance. The College recognizes that students who have been drinking and/or using drugs (whether such use is voluntary or involuntary) at the time that violence, including but not limited to domestic violence, dating violence, stalking, or sexual assault occurs may be hesitant to report such incidents due to fear of potential consequences for their own conduct. The College strongly encourages students to report incidents of domestic violence, dating violence, stalking, or sexual assault to institution officials. A bystander acting in good faith or a reporting individual acting in good faith that discloses any incident of domestic violence, dating violence, stalking, or sexual assault to College officials or law enforcement will not be subject to the College’s Code of Conduct action for violations of alcohol and/or drug use policies occurring at or near the time of the commission of the domestic violence, dating violence, stalking, or sexual assault.

F. **False & Frivolous Complaints**
1. The College recognizes that the question of whether a particular conduct constitutes a violation of the Student Code of Conduct requires factual determination. The College also recognizes that false accusations have serious effects on innocent persons. If it is determined that a person who has accused another of a violation has maliciously or recklessly made a false accusation, the accuser will be considered in violation of the Student Code of Conduct. It is important to note, however, that the fact that a complaint is not substantiated or is determined not to constitute a violation does not mean that the complaint was maliciously or recklessly made.

2. Student complaints are taken seriously; therefore, the complaint must be of a compelling, substantive, and verifiable nature. Repeated filings of the same complaint, filings of a frivolous nature, or capricious complaints will be considered abuse of the complaint process and the Student Code of Conduct and may be subject to disciplinary action. Complaints may be dismissed without further action if the Dean of Students office, in their discretion, determine the complaint is frivolous.

**Section II: Procedures for Dealing with Infractions of the Student Code of Conduct**

The College will respond to violators of its Code of Conduct using the procedures listed below. At all stages of these proceedings, the College will proceed expeditiously. However, the time limits specified in the following sections may be extended due to extraordinary extenuating circumstances. For procedural issues not specified in this document, refer to Roberts Rules of Order. All records pertaining to charges and hearings are confidential to the extent allowed by law and shall be maintained as such. Throughout the proceedings the students’ right to privacy shall be maintained to the extent allowed by law. Unless otherwise required by law, all information obtained during the course of the college judicial process will be protected from public release until the individual or group hearing the Appeal (as described in Section E of this Code) makes a final determination.

**A. Filing of Charges**

1. Charges may be brought against a student by another student or by any college employee. Any charge, accusation or infraction of the Code, which may subject a student to disciplinary action, must ordinarily be submitted to the Assistant or Associate Dean of Students in writing within five (5) days of the alleged violation. However, prior to filing charges formally, any student, staff or faculty may informally consult with the Dean of Students regarding an alleged infraction of the Code of Conduct and procedures to be followed.

2. When informal (unwritten) charges are brought to the attention of the Dean of Students, the Dean will determine if formal charges are warranted. If formal (written) charges are not warranted, the Dean will attempt to negotiate a solution between the involved individuals without the imposition of sanctions.

3. When formal (written) charges are filed with or by the Dean of Students or designee, the Dean will notify the accused student(s), in writing, of the date and time of an initial interview with the Dean of Students or designee. This interview will take place no more than ten (10) business days (Mondays through Fridays when the College is open) following the filing of charges. The written notification will be mailed to the student’s address of record by first class mail and/or by overnight, certified, return receipt requested mail. This written notification to the accused student(s) will include a copy of the Student Code of Conduct.

4. In cases of serious violations of the Code of Conduct, in which the Dean of Students determines that continued enrollment at the College is inconsistent with the safety of the College community, the Dean or his/her designee may impose immediate suspension pending final adjudication of the charges.

5. Prior to the interview date, the Dean of Students will gather relevant information concerning the charges from all appropriate sources.

**B. Presentation of Charges**

1. At the initial interview the Assistant or Associate Dean of Students will inform the charged student of his/her rights and possible consequences of the alleged infractions against them, as authorized under the Student Code of Conduct. There shall be a thorough review of the charges with the charged student, including a review of statements from witnesses.

2. Based on the interview and all other information gathered, the Assistant or Associate Dean of Students will make one of the following determinations:

   a. A resolution can be reached without the imposition of sanctions. In this case, the Assistant or Associate Dean of Students will attempt to reach a resolution satisfactory to all parties. If a resolution is not reached, the matter will be forwarded to the Dean of Students for adjudication as outlined in section (b), below.

   b. Due to the nature of the alleged violation(s), the student charged could receive a sanction other than suspension or expulsion. In this case, the Assistant or Associate Dean of Students will inform the charged student, in writing, of the date and time of a hearing before the Dean of Students. This hearing will take place no more than fifteen (15) business days following the interview with the Assistant or Associate Dean of Students. The written notification will be mailed to the student’s address of record by first class mail and/or by overnight, certified, return receipt requested mail, as specified in more detail in Section D (1), below.

   c. Due to the nature of the alleged violation(s), the student charged could receive a sanction of suspension or expulsion and possibly a permanent notation of the violation on the student or students’ College transcript. In this case, the Dean of Students will inform the charged student, in writing, of the date and time of a hearing before the Code of Conduct Hearing Committee. This hearing will take place no more than fifteen (15) business days following the interview with the Dean of Students.

   d. Due to the nature of the alleged violation(s), the student charged could receive a sanction of suspension or expulsion and the Dean of Students determines that the student(s) should be suspended pending final adjudication of the charges. Such a decision would be based on the Dean’s determination that the accused student’s continued attendance at the College is inconsistent with the safety of the College Community. In this case, the Dean of Students will suspend the student and will inform the charged student, in
writing, of the date and time of a hearing before the Code of Conduct Hearing Committee. This hearing will take place no more than five (5) days following the interview with the Assistant or Associate Dean of Students.

*All allegations of Stalking, as defined in this Code of Conduct, regardless of the severity of the offense, in which a resolution without imposition of sanctions cannot be reached, will be resolved at the Dean of Students Hearing, as described in section II(d) (1), below.

C. Code of Conduct Hearing Committee

1. Jurisdiction and Procedures of the Committee
   a. The committee will consider those cases that could result in suspension or expulsion and possibly a permanent notation of the violation on the student’s College transcript.
   b. The Committee shall not be bound by the strict rules of evidence and shall hear evidence that it deems appropriate and relevant.
   c. Decisions will be made based on the preponderance of the evidence presented.

2. Membership of the Committee
   a. The Committee will consist of nine (9) members.
      i. Three (3) students, drawn from the six (6) student members of the Academic Senate’s Student Code of Conduct Committee. These student members are appointed by the President of the Student Government Association prior to the end of May of each academic year. Their term shall be one year, ending May 31st.
      ii. Three (3) administrators, drawn from the six (6) administrative members of the Academic Senate’s Student Code of Conduct Committee. These administrative members are appointed by the College President or her designee prior to the end of September of each academic year. Their term shall be one year. Administrators can be reappointed.
      iii. Three (3) faculty members, drawn from the six (6) faculty members of the Academic Senate’s Student Code of Conduct Committee. These faculty members are appointed by the Chair of the Academic Senate prior to the end of September of each academic year. Their term shall be two years.
   b. The Chair of the Code of Conduct Hearing Committee shall be the Chair of the Academic Senate’s Student Code of Conduct Committee. In his/her absence, an Acting Chair will be elected by a simple majority of voting members present at the hearing. The Chair or Acting Chair will conduct the hearing and rule on questions of procedure.
   c. The Dean of Students, or his or her designee, will present the case.

3. Procedural Requirements
   a. A quorum is required in order for the Code of Conduct Committee Hearing to be conducted. A quorum is achieved when five (5) members of the committee are present, with at least one member from each of the three constituent groups: students, administrators, and faculty members.
   b. Decisions will be made by a simple majority of voting members present at the hearing. If a simple majority vote cannot be secured, the case shall be forwarded to the Dean of Students for adjudication.

4. Conflicts of Interest and Neutrality
   a. Any member who feels unable to approach a case in a spirit of neutrality may ask to be excused from hearing the case. The Chair or Acting Chair of the Committee will appoint alternates as required to meet a quorum.
   b. Any member whom the Committee feels cannot approach a case in a spirit of neutrality will be questioned on the matter by the Committee, and if neutrality is not established, that member will be asked by the Committee, on the basis of a simple majority of voting members present at the hearing, not to hear the case. The Chair or Acting Chair of the Committee will appoint alternates as required to meet a quorum.

D. Adjudication of Charges

1. Dean of Students Hearing: Charges that could result in sanctions OTHER than suspension or expulsion, as well as charges of Stalking, as defined under this Code of Conduct:
   a. As indicated above, the Dean of Students will hear cases that could result in sanctions other than suspension or expulsion. At the hearing, the Dean of Students will consider evidence presented by the accused student(s), the victim(s)/accuser(s), the Assistant or Associate Dean of Students, and any other witnesses whose testimony the Dean of Students determines to be relevant. The accused student will have the right, with prior notification to the Dean of Students, to bring his/her own witnesses to the hearing.
   b. Students have the option to appear via an approved video conferencing tool (i.e., Zoom) if unable to appear in person. Further, the College may hold the entire Dean of Students proceeding via an approved video conferencing tool, if required by circumstances.
   c. The following due process procedures will govern the Dean of Students’ Hearing. Students shall receive:
      i. a letter, mailed to the student’s address of record by first class mail and/or overnight, certified, return receipt-requested mail, which shall include a written statement of the charges against them, as well as the date and time of the hearing. This letter will be mailed to the student within five (5) business days after the Dean receives the charges from the Assistant or Associate
Charges that could result in suspension or expulsion and possibly a permanent notation of the victim(s)/accuser(s) has the right, at his/her discretion, to remain in the hearing room during the proceedings, or attend the hearing via an approved video conferencing tool, if desired; the opportunity to make an impact statement during the point of the proceedings where the Dean of Students is deliberating on appropriate sanctions.

Following the Code of Conduct Committee Hearing, the Committee may:

a. determine that no sanction should be imposed. The victim(s)/accuser(s) has the right, at his/her discretion, to remain in the hearing room during the proceedings, or attend the hearing via an approved video conferencing tool, if desired; the opportunity to make an impact statement during the point of the proceedings where the Dean of Students is deliberating on appropriate sanctions.

b. Students have the option to appear via an approved video conferencing tool (i.e. Zoom) if unable to appear in person. Further, the College may hold the entire Code of Conduct Committee Hearing via an approved video conferencing tool, if required by circumstances.

c. The following due process procedures will govern the Code of Conduct Committee’s hearing. Students shall receive:

1. a letter, mailed to the student’s address of record by first class mail and/or overnight, certified, return receipt-requested mail, which shall include a written statement of the charges against them, as well as the date and time of the hearing. This letter will be mailed to the student within five (5) business days after the Code of Conduct Hearing Committee receives the charges from the Dean of Students or designee. The hearing will be scheduled within fifteen (15) business days following the interview with the Dean of Students office, as stated in Section B(2)(c), above;

2. opportunity to review the records maintained by the Office of the Dean of Students which are relevant to the charges adjudicated at the Hearing;

3. the opportunity to have an advisor present at the hearing in person or via an approved video conferencing tool, who may advise but not speak for the students, or otherwise participate in the proceedings;

4. the opportunity to present his/her version of the facts, including documents and/or witnesses that may support his/her position;

5. the opportunity to respond to allegations, including by introducing documents and/or witnesses;

6. the victim(s)/accuser(s) has the right, at his/her discretion, to remain in the hearing room during the proceedings, or attend the hearing via an approved video conferencing tool, if desired;

7. the opportunity to make an impact statement during the point of the proceedings where the Dean of Students is deliberating on appropriate sanctions.

8. a determination based on evidence presented at the hearing;

9. all parties shall receive simultaneous written or electronic notification of the outcome of the college judicial process, including the sanctions. This notification will be sent within five (5) business days of the conclusion of the hearing.

x. students may choose whether to disclose or discuss the outcome of the College’s judicial process.

d. Following the Code of Conduct Committee Hearing, the Committee may:

1. negotiate a solution between the accused and the victim(s)/accuser(s);

2. determine that no sanction should be imposed. The victim(s)/accuser(s) will have the right to appeal the Dean of Students’ decision to the President of the College based on specific justifications for appeal listed in Section II(E) of this Code, (“Appeal of Disciplinary Decisions”). A request for an appeal must be presented to the President of the College within five (5) business days of receipt of the Dean of Students’ decision;

3. determine that some sanction(s) should be imposed. The victim(s)/accuser(s) has the right, at his/her discretion, to remain in the hearing room during the proceedings, or attend the hearing via an approved video conferencing tool, if desired; the opportunity to make an impact statement during the point of the proceedings where the Dean of Students is deliberating on appropriate sanctions.

vi. a determination based on evidence presented at the hearing;

vii. all parties shall receive from the Dean of Students Office simultaneous written or electronic notification of the outcome of the college judicial process, including the sanctions. This notification will be sent within five (5) business days of the conclusion of the hearing.

d. Following the Code of Conduct Committee Hearing, the Committee may:

1. negotiate a solution between the accused and the victim(s)/accuser(s);

2. determine that no sanction should be imposed. The victim(s)/accuser(s) has the right, at his/her discretion, to remain in the hearing room during the proceedings, or attend the hearing via an approved video conferencing tool, if desired; the opportunity to make an impact statement during the point of the proceedings where the Dean of Students is deliberating on appropriate sanctions.

vi. a determination based on evidence presented at the hearing;

vii. all parties shall receive from the Dean of Students Office simultaneous written or electronic notification of the outcome of the college judicial process, including the sanctions. This notification will be sent within five (5) business days of the conclusion of the hearing.

x. students may choose whether to disclose or discuss the outcome of the College’s judicial process.

d. Following the Code of Conduct Committee Hearing, the Committee may:

1. determine that no sanction should be imposed. In this case, the Committee will notify the Dean of Students Office of its decision within 24 hours. The victim(s)/accuser(s) will have the right to appeal the Committee’s decision to the Dean of Students Office, as stated in Section B(2)(b), above;
Students based on specific justifications for appeal listed in Section II(E), (“Appeal of Disciplinary Decisions”). A request for an appeal must be presented to the Dean of Students within five (5) business days of receipt of the Committee’s decision.

ii. determine that a sanction should be imposed. In this case, the Committee will notify the Dean of Students Office of its decision within 24 hours. If the Committee believes that a permanent notation of the violation should appear on the student’s (or students’) transcript, the Committee will discuss this with the Dean before making a final determination. The student(s) receiving the sanction(s) will have the right to appeal the Committee’s decision to the Dean of Students based on specific justifications for appeal listed in Section II(E), (“Appeal of Disciplinary Decisions”). A request for an appeal must be presented to the Dean of Students Office within five (5) business days of receipt of the Code of Conduct Committee’s decision.

3. Failure to Appear for the Hearing. If a student fails to appear as scheduled at the Dean of Students Hearing or the Code of Conduct Committee Hearing, the student’s right to be heard is waived unless, within 48 hours, the student presents in writing an acceptable reason for failure to appear. In the case of an excused absence, the case will be adjudicated at the earliest possible date. If the absence is not excused, the Dean of Students or the Code of Conduct Hearing Committee, whichever is scheduled to hear the case, will decide the case on the basis of evidence presented.

4. Record of Hearings.
   a. The Dean of Students Office will maintain a record of all the Hearings held before the Dean of Students or the Code of Conduct Hearing Committee. Such records can be reviewed by the individual charged and by the victim(s)/accuser(s) in the Dean of Students’ office.
   b. Records of hearings shall be preserved and maintained for at least six (6) years from the end of the academic year during which such a hearing was held, and may include a transcript, recording or other appropriate record.

E. Appeal of Disciplinary Decisions
1. An appeal of a disciplinary action must be based on one or more of the following factors:
   a. Inappropriate sanction, for example, extremely punitive, or not consistent with precedent;
   b. Presence of new evidence that was not available during the initial hearing;
   c. Failure by College officials to follow due process or failure to abide by the College’s judicial procedures.

2. The student must request the appeal in writing within five (5) business days of receipt of the decision. The request must include a justification for the appeal. The President of the College, the Dean of Students, or the Code of Conduct Committee, (depending on the type/severity of offense that is being appealed as described below), will decide if an appeal will be granted.

3. Appeal of the Dean of Students Decision to the President:
   a. The accused or the accuser(s) may appeal a decision of the Dean of Students, with the exception of decisions concerning Stalking offenses, to the President of the College within five (5) business days after receiving written notification of the decision. Should the President determine that an appeal will not be heard, that decision will be final. The student(s), accused and victim(s)/accuser(s), will be notified in writing of such a decision within five (5) days of receipt of the appeal.
   b. The Dean of Students will present to the President of the College a written record of the charges, pertinent correspondences, a summary transcript of the proceedings, and the Dean’s decision, and the respective justification(s) for the appeal.
   c. The President shall have the authority to sustain, modify, or reverse the disciplinary action imposed by the Dean. The President shall convey his/her decision in writing to the student, and to the Dean of Students, within fifteen (15) days after receipt of the appeal. The decision of the President of the College shall be final.

4. Appeal of the Code of Conduct Hearing Committee’s Decision: The accused or the accuser(s) may appeal a decision of the Code of Conduct Committee’s Hearing to the Dean of Students within five (5) business days of receiving written notice of the decision. If an appeal is granted, it will be scheduled within five (5) business days of receipt of the appeal request. The Dean shall have the authority to sustain, modify, or reverse the disciplinary action imposed by the Committee. The Dean will notify the student(s) and the Committee of his/her decision, in writing, within five (5) business days of hearing the appeal. The Dean of Students’ decision in Appeals following Code of Conduct Committee’s Hearings shall be final.

5. Appeal of the Dean of Students Decision in Stalking Offenses:
   a. The accused or the accuser(s) may appeal a decision following a Dean of Students Hearing, to the Code of Conduct Hearing Committee within five (5) business days after having received written notice of the decision. Request for an appeal must be made in writing to the Dean of Students Office. The Code of Conduct Hearing Committee will have ten (10) business days to grant or
reduce the severity of the sanction

Temporary Suspension: Expulsion: Specific period of time in which a student is prohibited from enrolling at the institution. Ordinarily a student who
Both the Complainant and the accused student may request that the College modify the terms of the Temporary Suspension or
Inappropriate sanction, for example, extremely punitive, or not consistent with precedent;

Uphold the Dean of Students decision

Written Reprimand: A permanent record of the student's violation will appear on the student's College transcript. This measure will normally be
Failure by College officials to follow due process or failure to abide by the College's judicial procedures.

Suspension: The immediate removal of a student from the College, prohibiting future enrollment at the institution. Ordinarily a student
The Committee's decision concerning the Appeal shall be final and shall not be subject to any further applications for appeal.

The Committee shall:
i. Interview the Dean of Students, review the petition, review the Dean of Students' investigation reports, and may interview
witnesses. Both parties have the right to submit a written statement to the Committee. All actions undertaken by the Committee shall be fair and impartial.

The Committee may overturn the Dean of Students decision or do one of the following:
1. Reduce the severity of the sanction
2. Increase the severity of the sanction
3. Uphold the Dean of Students decision

The Committee has fifteen (15) business days after receipt of appeal to review the case and to render a written decision. If the deadline is not met, the Dean of Students' decision shall be final.

The Committee’s decision concerning the Appeal shall be final and shall not be subject to any further applications for appeal.

F. Possible Disciplinary Sanctions. The Dean of Students is responsible for implementing disciplinary action toward students judged by the Code of Conduct Hearing Committee or the Dean of Students to have violated the Code of Conduct. The extent of the disciplinary sanction will depend on the seriousness of the violation, the past record of the student, circumstances surrounding the violation, and past practices in similar situations. The Dean of Students' office will maintain records of all imposed sanctions. Disciplinary actions imposed shall be one or more of the following:

1. Written Reprimand: A written reprimand is a letter from the Dean of Students or his/her designee to a student found guilty of violating the Code of Conduct. The specific violation is to be defined in the letter with a stated rationale for its unacceptability. A copy will be maintained by the Dean of Students' Office.

2. Social Probation: Non-academic probation may be imposed on a student who has been found guilty of violating the Code of Conduct. If a student becomes involved in any other problems of conduct while on social probation, he/she is eligible for suspension or expulsion from the College, based on a hearing before the Dean of Students or the Code of Conduct Hearing Committee. Notice of Social Probation notice is to be given to the student in writing by the Dean of Students with the terms of the probation and the rationale carefully detailed.

3. Restitution: Any student found guilty of violating the Code of Conduct that has damaged College property or the property of his/her fellow student(s) may be required to rectify this action by making financial restitution to the parties involved or through appropriate service or material replacement. Failure to do so within a specified time period may result in further disciplinary action as determined by the Dean of Students.

4. Suspension: Specific period of time in which a student is prohibited from enrolling at the institution. Ordinarily a student who is suspended will receive a "W" for all his/her courses. In compelling circumstances, the Committee reserves the right to allow a student's instructor to grant a grade. Suspension can be accompanied by additional requirements which the student must fulfill prior to re-enrollment.

5. Temporary Suspension: A narrowly defined period of time, i.e., three days, two weeks, etc., in which the student will be prohibited from attending classes, including in-person, online, remote or hybrid classes, while further investigation of the alleged violation occurs.

i. Both the Complainant and the accused student may request that the College modify the terms of the Temporary Suspension or discontinue the Suspension. The Parties must submit the request in writing, to the Dean of Students, and must include evidence to support their request. The Dean of Students office will respond to such requests for modification within five (5) business days of receipt.

6. Expulsion: The immediate removal of a student from the College, prohibiting future enrollment at the institution. Ordinarily a student who is expelled will receive a "W" for all his/her courses. In compelling circumstances, the Committee reserves the right to allow a student's instructor to grant a grade.

7. Permanent Transcript Notation:

a. A permanent record of the student’s violation will appear on the student’s College transcript. This measure will normally be applied for students who have been found to have violated the Code of Conduct by intentional behavior that could lead to death or serious injury of another person. The College retains the right to determine additional serious violations that will result in permanent transcript notation.

b. For crimes of violence, including, but not limited to sexual violence, as defined under the Clery Act, the College shall make a notation on the transcript of students found responsible after a conduct process that they were “suspended after a finding of responsibility for a code of conduct violation” or “expelled after a finding of responsibility for a code of conduct violation.” For the Respondent/accused student who withdraws from the institution while such conduct charges are pending, and declines to
complete the disciplinary process, the College shall make a notation on the transcript of such students that they “withdrew with conduct charges pending.”

c. Policy for Requesting Removal of a Transcript Notation

Students/former students who receive a transcript notation indicating a suspension, as described above, may file an Appeal and request that such a notation be removed from their transcript. Such Appeals may only be filed after one (1) year has passed after the notation initially appeared on the Transcript. The Appeal must be filed in writing, and directed either to the Dean of Students, or to the Title IX Coordinator’s Office, depending on which office adjudicated the initial conduct process. Requestor must list factors why they feel that the transcript notation should be removed, including any rehabilitative actions taken since the crime/incident was committed, and provide letters of character to support their Appeal. Dean of Students or Title IX Coordinator may choose to schedule a meeting with the requestor or may make a determination based on written submissions.

Transcript notations concerning expulsions shall not be removed.

8. Persona Non-Grata: This designation prohibits a student’s presence on campus without prior approval from Public Safety and the Office of the Dean of Students. Failure to adhere to the Persona Non-Grata will subject the student to Nassau County Police arrest. The “Persona Non-Grata” designation would apply to all students, including in-person, remote, hybrid or online-only students.

9. Record Hold: All academic, financial, and social transactions will be prohibited without the prior consent of the Office of the Dean of Students.

10. Confiscation of Student Identification: Students may be required to surrender their College identification.

11. Other: community service, counseling, mentoring, enrolling in a course focused on drug and alcohol consumption, and any other sanction deemed appropriate under the circumstances by the Dean of Students and/or the Student Code of Conduct Committee.

1. In the event students are charged with Stalking, as defined in Section I(D)(1) of this Code of Conduct, determinations shall be made by the preponderance of the evidence standard (“more likely than not”).

2. All allegations of Stalking, regardless of the severity of the offense, in which a resolution without imposition of sanctions cannot be reached, will be resolved before the Dean of Students Hearing, as specified in Section II(B)(2)(b) of this Code.

3. Interim Measures may be put in place for alleged Stalking offenses during the pending disciplinary process:
   • No Contact Order: In allegations of Stalking, as defined in this Code of Conduct, the student filing Charges may request that a “No Contact Order” be issued to the accused student. While the No Contact Order is in effect, the accused student is prohibited from any intentional contact with the Complainant. And such contact will be a violation of the Code of Conduct and may subject the accused student to additional disciplinary measures.
     • Both the Complainant and the accused student may request that the College modify the terms of the No Contact Order or discontinue the Order. The Parties must submit the request in writing, to the Dean of Students, and must include evidence to support their request. The Dean of Students office will respond to such requests for modification within five (5) business days of receipt.
   • Other Appropriate Interim Measures; the student filing Charges may request and will be entitled to reasonable measures or accommodations in order to limit his/her contact with the accused student during the pending disciplinary process. Interim measures may include a change in academic, extracurricular, College employment or other arrangements to help ensure the safety of the Complainant.
     • Both the Complainant and the accused student may request that the College modify the terms of the Interim Measures or discontinue the measures. The Parties must submit the request in writing, to the Dean of Students, and must include evidence to support their request. The Dean of Students office will respond to such requests for modification within five (5) business days of receipt.

4. Appeals of the determination made at the Dean of Students Hearing shall be made to the Code of Conduct Hearing Committee, as specified in Section II(E)(5) of this Code, entitled “Appeal of Dean of Students Decision in Stalking Offenses.”

Section IV: Rules and Regulations Regarding Initiation or Affiliation with Student Organizations

1. Nassau Community College recognizes that membership in a fraternity/sorority or other campus organization (hereinafter collectively referred to as an “Organization”) can be a meaningful experience in conjunction with other aspects of the educational process. Unfortunately, however, membership or prospective membership in an organization is sometimes accompanied by an activity commonly known as “hazing.” Hazing has been deemed as generally including, among other things:
   • Any action or situation which recklessly or intentionally endangers mental or physical health or involves the consumption of liquor, drugs, or other substances for the purpose of initiation into or affiliation with any organization;
   • Any other act or series of acts which cause bodily or physical harm or danger;
   • Mistreatment by playing stunts or practicing abusive or humiliating tricks that subject an individual to personal indignity, humiliation or ridicule;
   • Harassment by exacting unnecessary, disagreeable, difficult, or degrading work or harassment by ridicule, criticism, or public embarrassment.

2. Hazing is a violation of the Penal Law and other laws of the State of New York. Accordingly, the College affirms its policy that it will not condone hazing of any kind. To this end, any student or organization that engages in hazing may be ejected from the campus and, where appropriate, shall be subject to suspension, expulsion, or other disciplinary action.
   • In the case of an organization: the College may take any or all of the following actions against any organization which authorizes hazing or whose members (whether individual or in concert) engage in hazing: rescind permission for the organization to operate on
Policies & Procedures

College Catalog 2020 - 2021

Campus property; rescind recognition of the organization; freeze and/or rescind its budget; and prohibit the organization from using the College’s name.

• In the case of a student: the student shall be requested to cease and desist from such prohibited conduct, and if he/she fails to do so, necessary and appropriate action will be taken to eject such student from College property, consistent with Section I of the Student Code of Conduct. In addition, disciplinary proceedings shall be commenced, pursuant to the Student Code of Conduct, against any student who engages in hazing. In accordance with those procedures, the penalties of suspension, expulsion, or other disciplinary action may be imposed.

• Wherever, in the opinion of the President or his designee, the conduct of any individual or organization poses an imminent threat to the physical or emotional safety of himself/herself, to others or to the property, the President or his designee may immediately suspend such individual or organization from the campus pending an appropriate hearing and the final determination therein, consistent with Section II of the Student Code of Conduct.

• In addition to the foregoing, the College reaffirms its right to utilize and seek the aid of public authorities and such judicial, civil, and criminal processes and proceedings as may, in the discretion of the College, be necessary and appropriate. Any penalty imposed by the College may be in addition to any penalty pursuant to the Penal Law or any other law to which a violator or organization may be subject.

3. The foregoing Rules and Regulations shall be deemed to be part of the bylaws of all College organizations.

Rev. September 2020

Student Rights & Responsibilities

The following policy, to which the College subscribes, is based on "Joint Statement of Rights and Freedoms of Students" sponsored by the American Association of University Professors:

1. A student has the right to receive a written copy or to access an electronic copy of the course syllabus by the second class meeting. The syllabus shall include information about the course policies, the content of the course, and the criteria with the weighting to be used in the academic evaluation of his/her performance. The grading system described in the College catalog will be followed. Students not present at the first or second class meeting are responsible for requesting the syllabus.

2. Students should be free to take reasoned exception to the data or views offered in any course of study and to reserve judgment about matters of opinion, but they are responsible for learning the content of any course of study for which they are enrolled.

3. A student has the right to receive a grade based upon a fair and just academic evaluation of his/her performance in a course, as measured by the standards set by his/her instructor in the course syllabus. Such criteria as race, religion color, national origin, sex, appearance, political affiliation or activities are irrelevant to grading. At the same time, the student responsible for maintaining standards of academic performance established for each course in which he/she is enrolled, and for following the student Code of Conduct as outlined in the College catalog.

4. Information about a student's views, beliefs and political associations which professors acquire in the course of their work as instructors, advisors, and counselors should be considered confidential. Judgments of ability and character may be provided under appropriate circumstances, normally with the knowledge or consent of the student.

Alert for Student Success

Success in college means balancing work and study time effectively. College study does not end with class time. For each 1 hour of class, you will need to plan at least 2 hours for study/learning. Research shows that working 15 or more hours per week makes it difficult to successfully complete courses.

When planning your schedule, carefully consider how you will balance course load and work schedule. To obtain help with budgeting time effectively, visit or call the Educational Counseling Office in Room 19, Nassau Hall. Call 516.572.7141 for an appointment.

Classroom Expectations

You and your instructor both have responsibilities relative to the course. Your instructor's responsibility is to give you a syllabus and to organize assignments and classroom activities to assist you in learning the material and achieving the course objectives. As the course unfolds, you have responsibilities to fulfill in order to complete the course successfully.

You are expected to:

Attend all class sessions and be punctual. (You are responsible for all work covered whenever you are absent.); Read, understand and follow instructions given in the course syllabus; Complete reading and writing assignments; take notes during class; when asked to do so, work collaboratively with other students; submit assignments on time; complete your work without cheating or committing plagiarism. Participate actively in class; evaluate your own progress continuously; meet with your instructor during assigned office hours; exhibit proper behavior in the classroom (see policy statement on classroom management).

Discrimination and Harassment is Unlawful
Nassau Community College is a broadly diversified institution, committed to recognizing diversity and pluralism of values and beliefs on campus. The College is committed toward ensuring that all students are given equal opportunity to participate in its educational programs, and all qualified employees are appointed and promoted without regard to their race, national origin, ethnic background, gender, sexual orientation, religion, disability, age, veteran status, or marital status. The College is also dedicated toward maintaining an environment where dignity and worth of all members of the institutional community are respected. To that end, the College considers sexual harassment of students or employees to be unacceptable conduct which will not be tolerated. The College also condemns bias and all other acts of bigotry, discrimination, harassment and violence.

The College's Office of Affirmative Action and Diversity is dedicated toward ensuring that the College is in compliance with all federal and state laws and regulations that prohibit discrimination and encourage equal opportunity and treatment, including, but not limited to: Title VII of the Civil Rights Act of 1964; Title IX of Educational Amendments of 1972; Age Discrimination Act in Employment of 1967; Americans with Disabilities Act; Americans with Disabilities Act Amendments of 2008; Section 504 of the Rehabilitation Act of 1973, and the New York State Human Rights Law. The Affirmative Action Office also ensures that the College community is in compliance with its internal policies on Sexual Harassment, Bias and Discrimination, as well as the Complaint Procedures for Review of Allegations of Discrimination/Harassment (all of which are available on the College website, as well as at the Affirmative Action Office), and conducts investigations into allegations of sexual harassment, bias and discrimination brought by members of the College community.

Any questions concerning the College's policies on sexual harassment, bias and discrimination, as well as any allegations of noncompliance should be directed to:

FERPA (The Family Educational Rights and Privacy Act)
Nassau Community College

CONFIDENTIALITY OF STUDENT RECORDS

Notification of Rights under FERPA

The Family Educational Rights and Privacy Act (FERPA) affords students attending post-secondary institutions certain rights with respect to their education records. An "Education Record" is defined as a record that is directly related to a student and is maintained by Nassau Community College. FERPA rights include:

1. The right to inspect and review the student's education records within 45 days of the day the College receives a request for access.
   • A student should submit a written request to the Office of the Registrar that identifies the record(s) the student wishes to inspect. A College official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the particular records are not maintained by the Office of the Registrar, the College official responding to the request shall advise the student of the correct Department and individual within the College to whom the request should be addressed.

2. The right to request the amendment of the student's education records that the student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.
   • A student who wishes to ask the College to amend a record should write to the College official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed.
   • If the College decides not to amend the record as requested, the College will notify the student in writing of the decision and of the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when the student is notified of the right to a hearing.

3. The right to provide written consent before the College discloses personally identifiable information from the student's education records, except to the extent that FERPA authorizes disclosure without consent, as described below. Nassau Community College will not disclose information from a student's education record without the student's written consent, except in the following situations:
   • The College discloses education records without a student's prior written consent to school officials with legitimate educational interests.
     • A "school official" is a person employed by the College in an administrative, supervisory, academic, or support staff position (including Public Safety personnel and health staff); a person or company with whom the College has contracted as its agent to provide a service instead of using College employees or officials (such as an attorney, auditor, or collection agent); a person...
serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

- A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the College.
- Upon request, the College also discloses education records without the student's consent to officials of another school in which a student seeks or intends to enroll, as long as the disclosure is for the purposes related to the student's transfer or enrollment in such institution.
- Disclosure to authorized representatives of the Comptroller General of the United States, the Attorney General of the United States, the U.S. Department of Education, state/local educational authorities, organizations conducting studies for or on behalf of the College, and accrediting organizations. Disclosures under this provision may be made in connection with an audit or evaluation of Federal or State-supported education programs, or for the enforcement of or compliance with Federal legal requirements related to those programs. These entities may make further disclosures of Personally Identifiable Information to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf.
- Disclosure is in connection with a student's application for, and receipt of, financial aid, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of such aid.
- Disclosure is to comply with a judicial order or lawfully issued subpoena.
- Disclosure is to parents of dependent students, as defined by the Internal Revenue Code of 1986, Section 152. (While FERPA permits disclosure of records to parents of dependent students without student consent, it does not require such disclosure. The parent must provide a copy of their most recent federal income tax return establishing the student's dependency. Full rights under the Act shall be given to either parent, unless the College has been provided with evidence that there is a court order, or other legally binding document relating to such matters as divorce, separation or custody that specifically revokes those rights.)
- Disclosure is to appropriate parties in the event of a health or safety emergency.
- Disclosure of information the College has designated as "Directory information", as more particularly described below.
- Disclosure is to a victim of a crime of violence or non-forcible sex offense, when such disclosure is of the final results of any disciplinary proceedings conducted by the College against the alleged perpetrator of such crime or offense.
- Disclosure to the general public of the final results of a disciplinary proceeding, if the College determines that the student is an alleged perpetrator of a crime of violence or non-forcible sex offense and the student has committed a violation of the College's Code of Conduct with respect to the allegation made against him or her.
- Disclosure to the student's parent about the student's violation of any Federal, State or local law, or any policy of the College which governs the use and possession of drugs or alcohol, but only if the student is under 21 years of age.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the College to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

DIRECTORY INFORMATION

FERPA requires that the College, with the exceptions outlined above, obtain a student's written consent prior to disclosing to a third party any personally identifiable information about that student. However, the College may disclose information designated as "directory information" without prior written consent of the student. Directory information is generally considered information that is not harmful or an invasion of privacy if released.

Nassau Community College has designated the following items as directory information:

- a student's name,
- student's ID number ("N Number")
- mailing address,
- major field of study,
- enrollment status (full-time/part-time),
- dates of attendance,
- degrees being pursued, participation in College sports and/or activities,
- photographs,
- weight and height of members of athletic teams, and
- degrees, honors and awards received.

The main purpose of designating the above information as "directory" is to permit the College to include this information in certain publications, such as: listing your name on the graduation program, submitting your awards and accomplishments for publication in a local newspaper, or printing your name in a playbill should you participate in a theater production on campus. The College does not release any directory information to commercial entities seeking to conduct solicitations or fund-raising activities.
Nassau Community College honors its duty to protect the confidentiality of student records. However, the College may disclose a student’s "directory information" without obtaining student’s written consent, unless the student has submitted a written "opt out" request, to the Office of the Registrar not to release any directory information pertaining to them. The opt-out form will be available in the Office of the Registrar and may be filled out any time. Please note that submitting an "opt-out" request will not prevent the College from requiring students to display or disclose their ID card with their N number printed on it when engaging in College-related activities and transactions.

NEGATIVE CONSEQUENCES OF OPTING OUT: Students who choose to restrict access to their Directory Information should be aware that doing so may result in unintended negative consequences. For example, organizations such as potential employers, scholarship agencies, members of the press, loan agencies, educational organizations and others will not be given access to the student’s directory information, and will not be able to contact the student. Opting out of directory information classification may mean that you will miss out on valuable employment, educational, cultural and other opportunities.

Student Policy for a Drug-Free Campus

Nassau Community College is committed to a proactive preventative approach in assuring the campus is free of alcohol and substance abuse. The College operates in compliance with the Drug-Free Workplace Act of 1988 (P.L. 100-690) and the Drug-Free Schools and Communities Act Amendments (P.L. 101-226). To maintain an atmosphere conducive to fulfilling this mission, the policy for a drug-free campus states:

"The College expressly prohibits the unlawful use, possession, manufacture, distribution, or dispensation of controlled substances, which includes alcohol, in all Nassau Community College facilities or while attending or conducting college business off campus.

No alcohol is permitted on campus without express permission of the President or his designee. Consumption of alcohol is not permitted on campus by anyone under the age of 21. Compliance with the provisions of the College's drug and alcohol policies is a condition of attendance at the College. Violations of any rule of the Student Code of Conduct, Section I, shall result in appropriate disciplinary action. Infractions of the Code include the following:

Attendance in class or at any College function under the influence of alcoholic beverages, of narcotics and drugs or unauthorized possession, and/or sales of alcoholic beverages, narcotics or drugs on the College campus.

SUNY Admission Policy

Nassau Community College Policy for the Admission of Persons with Disciplinary Dismissals

Nassau Community College is committed to providing an opportunity for all qualified applicants to receive a quality education. Applicants who have been dismissed from another academic institution for disciplinary reasons may be accepted to study at Nassau Community College, providing the applicant is able to successfully satisfy the evaluation process. Applications will be reviewed by the College Admissions Review Committee. The Committee will request that the applicant provide the specifics of the disciplinary dismissal, such as background, charges filed, and date(s) of occurrence. Appropriate releases may have to be executed by the applicant for receipt of educational disciplinary records. The Committee may also require a personal interview to clarify or verify the information received.

Upon reviewing the information, the Committee will determine whether the student may be admitted to the College, whether certain conditions of admissibility will be imposed (i.e., major selection, course scheduling, involvement in activities), or whether admission will be denied. NCC reserves the right to deny an applicant’s request for admission to the College or to a selected program at the College if the applicant’s disciplinary record would prevent the applicant from successfully completing or obtaining a required license and/or certification associated with the program, or would involve an unreasonable risk to persons or property, or to the welfare of the campus community.

Failure to disclose any disciplinary dismissals, falsification of data, or intentional misrepresentation within any area of the application process, may result in denial of admission, disciplinary action, or the immediate dismissal of any student found to be culpable.

Procedures for the Admission of Persons with any Disciplinary Dismissals

1. Complete the appropriate admissions application. Include copies of all required academic information needed for the type of admission being sought.
2. Complete a Request for the Admissions Review Committee form (available in the Office of Admissions) and submit completed form to the Office of Admission at least 30 days prior to the start of the semester. All areas of the form must be completed. These include:
   a. Date(s) and location(s) of offense(s)
   b. Summary of disciplinary actions, including any special provisions
3. The Admissions Review Committee will convene to review all materials pertaining to the applicant’s admission. The Committee will have access to and will consider all available information specified above, including the applicant’s past academic record(s). All pertinent information will be reviewed.
   a. The Admissions Review Committee will consist of the following individuals:
      i. The Dean of Admissions or his/her designee, who will chair and convene the committee,
      ii. The Director of Public Safety or his/her designee, and
      iii. The Dean of Students or his/her designee
4. The Admissions Review Committee submits its recommendation for review to the Vice President of Academic Student Services, or his/her designee. If the VP or designee concurs with recommendation, the student is notified of the decision. If the VP or designee requires additional documentation or review, he/she may return the application to the Admissions Review Committee for follow up.
5. Applicants who have been dismissed due to a disciplinary action, who meet the NCC admission qualifications, may be accepted with certain conditions that will be determined on a case-by-case basis.
6. If the review process finds that applicant’s admission to NCC would involve unreasonable risk to property, or the safety or welfare of the campus community, the applicant will be informed that admission has been denied.

Administration of Naloxone (Narcan)

1. Rates of death from drug intoxication or a drug overdose have risen dramatically in the United States. Opioid overdose kills thousands of Americans every year. College students are a high-risk population for drug misuse and combination drug use. Opioids are present in the majority of drug overdoses. Opioids cause death by inducing fatal respiratory depression which can easily be reversed by administering an opioid such as naloxone. Naloxone is an opioid antagonist (blocker) which rapidly counteracts the effects of opioids and has saved countless lives. Naloxone is not a controlled substance.

2. The utilization and administration of naloxone by trained College employees has a goal of reducing campus fatalities from opioid-related overdoses and exposures.

3. Overdose response training is required for College employees who may be called upon to serve as overdose responders in order to ensure that they can identify common symptoms of an opioid overdose and administer Narcan nasal spray. Narcan will be administered by a trained NCC Public Safety Officer or by NCC Nursing staff when there is reasonable belief that a person is suffering from an opioid overdose.

4. The College shall develop procedures for administration of Narcan, which will be updated as needed in order to ensure that all current guidelines and health and safety practices are adhered to.

Admissions Information

Students interested in attending Nassau Community College should consult the College website for up-to-date information and program requirements.

DEGREE-SEEKING STUDENTS

New Students

Students who wish to earn a degree or certificate at NCC should apply for matriculated status by completing the College’s application for admission and providing all required documentation by the admissions completion deadline. An application fee will be charged. Acceptance as a matriculated student in a particular program indicates that the student has met all admissions requirements to be a degree or certificate candidate in that program. Normally, matriculated students attend on a full-time basis (12-17 credits per semester) although students should decide the academic load they are able to carry. It is important to note that matriculated status is required in order to receive federal and state financial assistance.

All degree or certificate candidates must possess a state-endorsed high school diploma or a high school equivalency certificate. There are limited options for non-high school graduates; refer to the section entitled Enrollment Options for Non-High School Graduates. Local school diplomas, such CDOS, as I.E.P. and annotated diplomas, school leaving certificates, and certificates of attendance are not valid for admission unless the school certifies that the applicant has met all diploma requirements (including successful completion of Regents Competency Testing or any other requirements) mandated by the State Education Department of New York.

All students who have graduated from an approved high school or received a high school equivalency (HSE) will be offered acceptance to an appropriate program of study. However, some programs have specific requirements. The applicant’s high school record and, in the case of a transfer student, college record(s) are the most important factors for admission to selective programs such as Nursing and the Allied Health Sciences. The results of the Scholastic Aptitude (SAT) and American College Test (ACT) are not required but can be helpful in making a positive admission decision when the student does not meet specific program criteria. SAT, ACT or New York State Regents English and Algebra 1 math Regents scores may also be used to waive one or more parts of the College’s placement test. Students are encouraged to submit test scores as part of the application process.

The Office of Admissions, in conjunction with several academic departments, holds informational workshops and/or individual sessions with prospective students to ensure that students are aware of prerequisites for admission to selective programs.

Information on criteria for admission to specific areas of study is found in the “Programs & Admissions Requirements” chart that is included with the paper application for admission and which can be viewed on the same college web page as the application for admission.

Because of the limited number of seats available in classrooms and laboratories, the College reserves the right to limit matriculation into specific departments.

Applicants with international credentials and international applicants who require a Student (F-1) Visa must submit additional application materials and must review our latest requirements online.

Students are encouraged to complete an application found online. For questions regarding the application process contact the Office of Admissions, Nassau Community College, One Education Drive, Garden City, NY 11530-6793, or by calling 516.572.7345, or via email at admissions@ncc.edu.

JOINT ADMISSIONS WITH FOUR-YEAR COLLEGES
Applicants who plan to continue their education at a four-year college after graduation may be better prepared for acceptance by taking advantage of Nassau’s joint admissions options. Joint admissions agreements currently exist with SUNY-Stony Brook, SUNY-Old Westbury, SUNY-Albany, SUNY Farmingdale, Hofstra, Adelphi University, NYIT, L.I.U. Post, and St. John’s University.

Students can apply for joint admissions at the time that they apply for admission. Joint admission applicants are usually contacted by the senior institution. Acceptance to the senior institution is conditional upon receipt of the Nassau Community College transcript and may require a particular grade point average and/or additional course work to satisfy the senior college’s entrance and/or graduation requirements. Students are strongly encouraged to contact the senior college of their choice for further information on the joint admissions opportunities.

Transfer Students:
For admission with advanced standing from a regionally accredited college(s), students must submit an official copy of their high school credentials and official college records to the Office of Admissions. All academic records should be mailed to: Office of Admissions, Nassau Community College, One Education Drive, Garden City, NY 11530-6793. It is the student's responsibility to make sure the College receives all official transcripts by appropriate admission completion deadline dates.

Transfer Policy and Procedure:
The Office of Admissions will provide an evaluation of transfer credit for degree-seeking students when an official college transcript(s) is submitted as part of the required admissions process once your application is complete.

Note, transcripts from all colleges/universities attended, as well as college level courses taken during high school, Advanced Placement (AP), International Baccalaureate (IB) and CLEP official scores and any other college level examination for which transfer credit is expected, must be submitted individually.

Late submission of transcripts can affect your transfer credit evaluation and your schedule for the term, as well as financial aid eligibility. Transcripts from colleges/universities not disclosed during the admissions application process can jeopardize your admissions decision as well as your degree program acceptance. Once a student is in attendance, the Office of the Registrar oversees the maintenance of all academic records and will assist in the evaluation of transfer credits or re-evaluation.

Transferring Credits
Only equivalent courses with a grade of “C” or higher will be accepted from other regionally accredited postsecondary institutions. Credits from institutions other than regionally accredited schools will be reviewed and may be evaluated for transfer credit on a case-by-case basis. Official, sealed transcript(s) are required for evaluation. Students must complete a minimum of 33 residential credits at NCC within a degree program or 15 credits within a certificate program (certain academic departments at NCC may limit the number of credits transferred into their academic program). Transfer courses above the 31 credits will be initially excluded. Courses completed on a trimester or quarterly basis will be converted to semester hour credits. It is recommended that a student requests a re-evaluation of their transfer credits if they change their program of study while in attendance. Students must submit a Change of Program request in order to update their major.

Opportunities are available to students through a policy of credit allowance for "life experience" and "credit by examination." Placement into courses or credit may be granted as is approved by the College based on one or more of the following methods:

1. Departmental criteria (including written examinations, interviews, evaluation of past work or study, auditions, etc.);
2. College Level Examination Program (CLEP);
3. College Proficiency Examination (CPE);
4. Advanced Placement tests (AP);
5. International Baccalaureate (IB) exams;
6. United States Armed Forces Institute Examinations (USAFT/DANTES). The departments awarding credit for advanced standing and/or "life experience" are Accounting/Business Administration, Administrative Business Technology, Allied Health, Art, Biology, Criminal Justice, Engineering/Physics/Technology, Health/Physical Education/Recreation, Hospitality Business, Marketing/Retailing, Mathematics/Computer Science, Music, Nursing, Physical Science, Psychology, Sociology, and Theatre/Dance. Students interested in advanced standing and/or "life experience" credit should contact the appropriate department;
7. Non-traditional training or online programs based on the American Council on Education’s recommendations.

If you do not agree with your transfer credit evaluation, please contact the Office of Admissions before the start of classes or if classes have started contact the Office of the Registrar. All requests must be made prior to the conclusion of the NCC Add/Drop period of the semester for which you were admitted.

Note: Transfer credit from previous institutions will not compute in the grade point average at Nassau Community College. Students must submit official high school and college records to the Office of Admissions (One Education Drive, Garden City, N.Y. 11530-6793). It is the student’s responsibility to make sure the college receives all official transcripts by appropriate admission deadline dates.

Service Members Opportunity College (SOC)
NCC offers active-duty military personnel evaluation of transfer credit. Students must submit military based training transcripts prior to enrollment for review of transfer credit. For further information, contact the Office of the Registrar.

Returning Students
Returning degree-seeking students who have attended another college after leaving NCC must reapply online at www.ncc.edu/apply. After acceptance the Office of Admissions will conduct a transfer credit evaluation. Students who were academically dismissed and want to return should review the Academic Standing section of this catalog for information on how to be re-admitted or visit the Dean of Students website.
RE-ADMISSION

Returning Students:

1. Students in good academic standing who have previously attended Nassau Community College, and have not enrolled at the College in four (4) consecutive semesters (including fall, winterim, spring, or summer semesters) are considered to be returning students for the purposes of registration. Such students must be readmitted. Returning students who have not attended another college may go directly to the Office of the Registrar for re-admission. Returning students who have attended another college after leaving NCC must reapply through the Office of Admissions, in order for their transfer courses to be evaluated. Students who were dismissed and want to return should review the Academic Standing section of this catalog for information on how to be re-admitted.

2. Returning students requesting a new area of study must request their new program on their admissions application and be reviewed by the Admissions/Registrar Office. Students who were once enrolled in high-demand programs, such as Nursing or one of the Allied Health Science programs, may not be permitted to re-enroll in these departments if seats are not available.

3. Returning students interested in re-entering any of these high-demand programs should contact the appropriate academic department. If readmission to the program is not possible, students will have to select another program of study, if they wish to enroll as degree-seeking students with matriculated status.

4. Returning students who have been out of attendance for more than seven (7) years will be required to re-submit all necessary documentation to be considered for readmission. Documentation shall include, any high schools and college transcripts, recommendations, test scores and any other documents required for consideration of matriculation.

COURSE CATALOG FOR ADMISSION

Students may graduate under the official catalog in effect at the time they first started at the College, provided the program of study has not been revised or discontinued and five (5) years have not elapsed since it was revised or discontinued. If five (5) years have elapsed, students must meet the current requirements of the program to graduate.

NON-DEGREE SEEKING STUDENTS

Students who do not intend to pursue a degree or certificate at Nassau, but plan to take courses for personal enrichment or professional growth, should apply as non-degree students. Non-degree students are not required to take the College's skills placement test unless the course(s) they wish to take require minimum scores on these tests. In particular, they will be prohibited from enrolling in any credit-bearing English, reading or mathematics courses until placement test results are available. Certain exemptions are granted, as noted in the following section on Placement Tests.

Non-degree students are not eligible for state and federal financial aid programs. Additionally, non-degree students may be restricted from taking certain courses due to pre-requisites. Students in attendance who wish to change from non-degree to degree-seeking (i.e. matriculated status) must contact the Office of the Registrar. Additional requirements may have to be completed before matriculation can occur. Students should review the Degree-Seeking Student section of this catalog for matriculation requirements.

Visiting Students:

Students who are matriculated at another institution may, with the permission of their home institution, study at Nassau Community College for up to two consecutive semesters, while still maintaining matriculated status at their home college. For information and a Visiting Student application, visit us online or contact the Office of the Registrar.

ENROLLMENT OPTIONS FOR NON-HIGH SCHOOL GRADUATES

Early Admission

The College enables some high school students who have completed their junior year to enroll as full-time freshmen. Arrangements can be made with the high school so that successful completion of the freshman year of college entitles these students to a high school diploma. Students applying for early admission normally must meet the following minimum requirements:

1. completion of the junior year (11th grade) of high school;
2. completion of at least 16 academic units of college-prep courses in high school;
3. standardized test scores which give strong evidence of intellectual ability to do college work;
4. sufficient emotional maturity to cope with and benefit from an early college experience, as evidenced in an interview with an admissions counselor;
5. permission of the high school counselor or principal.

Applicants for the Early Admission option must complete the College's admission application. Students are also required to arrange an appointment with an admissions counselor. The following items are needed at the time of the interview:

1. a brief statement of the intended purpose of early study;
2. recommendation of a counselor or principal, including a list of specific courses that the student must complete at the College to qualify for a high school diploma (if applicable);
3. a transcript of high school courses completed and in progress;
4. all available standardized test results;
5. additional items may be requested.
High School Enrichment
The College allows some high school juniors and seniors to enroll in College courses (maximum of three courses per semester) during the regular academic year, while continuing to attend high school. Students applying for this enrichment option are expected to meet the following minimum requirements:

1. completion of the sophomore year (10th grade) of high school;
2. evidence of sufficient emotional maturity to cope with and benefit from an early college experience as evidenced in an interview with an admissions counselor;
3. acceptable general academic achievement in high school;
4. permission of high school counselor, assistant principal or principal. This approval serves as endorsement that the student meets course(s) pre-requisite(s) and hence he/she will be waived from taking the NCC placement exam(s).

Honors Connection
High school juniors and seniors who elect the High School Enrichment Option and who have consistently excelled in high school can take a class in the Honors sequence at the College. To qualify, students must have a 90 percent average in academic subjects and a minimum score of 1500 on the PSAT or SAT exam (500 minimum on each of the critical reading, writing and math sections). Interested students should contact the Honors Program coordinator for additional information regarding application at 516.572.7194.

The High School Equivalency (HSE)
Nassau Community College's Office of Admissions will consider applications from students who do not have high school diplomas and who want to earn high school equivalency diploma (HSE) through the completion of college credits. These applicants normally should meet the following minimum criteria:

- Be at least 17 years of age and your high school class must have already graduated
- Currently be a resident of New York State for at least one month

Students applying in this status must meet with a counselor from the Office of Admissions, complete the regular admissions application, supply official high school credentials, and take the basic skills placement test. Applicants who do not meet all of these criteria may present unique circumstances to request special consideration for admission.

The State University of New York, State Education Department, High School Equivalency Diploma Program provides that persons who have not earned a high school diploma may be issued a New York State High School Equivalency Diploma (HSE) if they "provide satisfactory evidence that they have successfully completed twenty-four [24] credits (semester hours) or the equivalent as a recognized candidate for a college-level degree or certificate at an approved institution." The twenty-four credits must be distributed as follows: six [6] credits in English language arts, including writing, speaking and reading (literature); three [3] credits in mathematics; three [3] credits in social science; three [3] credits in humanities; and six [6] credits that fulfill college degree requirements. Students are strongly encouraged to consult with academic advisors so that, as much as possible, the courses they take will fulfill the requirements specified above for the equivalency diploma, as well as for the Nassau college degree the student wishes to obtain. Non-credit lifelong learning (continuing education) courses taken solely for personal or cultural enrichment, and not part of a specific degree or certificate program, may not be used to obtain an equivalency diploma. Students who have completed or who are nearing the completion of these requirements should go to the Office of the Registrar to obtain an application for the equivalency diploma, which they must file with the New York State Education Department. Students admitted under this program cannot be granted a degree or certificate without the equivalency diploma granted by the state.

Applicants to the College without a high school diploma begin in non-degree status based on their lack of a high school credential. Students who do not qualify for degree-seeking status may, nonetheless, follow a degree or certificate program as non-degree students in anticipation of their subsequently completing the HSE. Once students have received the HSE, they may apply for degree-seeking status. While in non-degree status, students are not eligible for financial aid.

Students Schooled at Home
Students schooled at home are encouraged to work with their school district office to obtain a letter signed by the school superintendent which verifies that they have completed the “substantial equivalent of a four-year high school program.”

While Nassau Community College recognizes home schooling as a legitimate educational option, students schooled at home who are unable to present a superintendent’s letter are considered to be without a high school diploma. As such, they are expected to meet the same admission requirements listed for the high school equivalency.

Home schooled applicants may be eligible for the Early Admissions option described above. It is recommended that students keep a detailed "unofficial transcript" of courses completed with specific information such as reading lists and/or syllabi for each course. In addition, writing samples and lab reports, formal documents from correspondence schools or organizations through which courses were taken, and evaluations and/or grades received for each subject may be helpful in evaluation students’ readiness for particular programs of study. Submission of SAT and/or ACT scores, and scores for other standardized tests, is highly recommended.

Students with special circumstances may speak to a representative in the Office of Admissions

GUARANTEED TRANSFER AGREEMENTS
Because Nassau Community College is a member of the State University of New York, its students are guaranteed a full four-year degree at a SUNY institution if they meet academic qualifications at the local campus and at the transfer school.
This guarantee may or may not be met at the SUNY senior institution of the student's choice. The College has developed many articulation agreements with 4-year institutions, both public and private, to guarantee acceptance for Nassau Community College graduates who successfully complete certain criteria while in attendance here. Students are urged to take advantage of these guaranteed programs.

Contact the NCC academic department involved or the Transfer Office in Nassau Hall during the first semester of attendance to follow the correct course of study. Many of these offerings are described in the Programs of Study section of this catalog.

**MMR & Meningitis Immunizations**

**MMR Immunizations Requirement**

New York State law requires that students born on or after January 1, 1957, who are enrolled for six or more chargeable credits, be immunized against measles, mumps and rubella. The law further mandates that students who fail to submit proof of immunization prior to the 30th day of the semester will be disenrolled from all classes.

**It Is Necessary For Students To Submit Proof Of Immunizations During The Registration Period In Order To Comply With The New York State Public Health Law (2165).**

Disenrolled students are not permitted to be physically present in class and will receive "W" grades for all enrolled classes. Disenrolled students will not be permitted to register for the next semester until all immunization requirements have been completed. Students are not entitled to any refund of tuition and fees for the semester from which they have been disenrolled.

In the event of an outbreak of measles, mumps, or rubella, the New York State Department of Health will exercise emergency procedures that require the College to ban the attendance of any student regardless of credit load who has not submitted proof of immunization to the College's Student Health Services office. For this reason, the College encourages all students in attendance born on or after January 1, 1957, to submit proof of immunization. In the event of an outbreak, students will not be permitted to use attendance restrictions imposed by the New York State Department of Health as a reason for a refund in excess of normal refund entitlements as outlined in the College's refund policy elsewhere in this publication. Submitting documentation of immunization is the responsibility of the student and will ensure uninterrupted attendance.

**Meningitis Requirement**

New York State law requires colleges to distribute information about meningococcal disease and vaccination to all students enrolled for at least six (6) semester hours or the equivalent per semester.

**Colleges in New York State are required to maintain a record of the following for each student:**

A response to receipt of meningococcal disease and vaccine information signed by the student or student's parent or guardian. This must include information on the availability and cost of meningococcal meningitis vaccine;

**AND EITHER**

Record of meningococcal meningitis immunization within the past 5 years;

**OR**

An acknowledgment of meningococcal disease risks and refusal of meningococcal meningitis immunization signed by the student or student's parent or guardian.

New York State law states that no institution shall permit any student to attend the institution in excess of 30 days from the start of the semester without complying with this law. The 30-day period may be extended to 60 days if a student can show good faith effort to comply.

For more information please visit our Health Services webpage.

**Additional waivers of the Placement Tests**

College credit from a regionally accredited college or university with a grade of a C or higher in math (course equivalent to MAT 109) or English (ENG 101) will also allow a student to be exempt.

Students who have successfully completed credit-bearing classes at regionally accredited colleges will not have to take the placement test in the areas in which they have already been successful. Students who present an English grade of D+/+/- must register for ENG 100 or a co-requisite ALP course, after consultation with an advisor. Students who present a mathematics grade of D+/+/- or C- will be placed into the appropriate mathematics course, after consultation with the Mathematics department. STEM identified students transferring in a liberal arts math course with a grade of C or higher will be required to take the algebra portion of the placement exam.

Students applying to certificate programs that do not require coursework in English, Mathematics, or Reading will not be required to take the placement tests, provided the courses do not have a remedial prerequisite.
Post-graduate and Transfer Students

Exemptions from the placement test will be given to those students who provide documentation that they possess a college degree from an accredited institution. Students who have graduated from colleges outside the United States may be required to take one or more sections of the placement test. In addition, transfer students who submit documentation that they have successfully completed a college level mathematics course equivalent to Nassau’s MAT 109 (Algebra and Trigonometry) or higher shall be exempt from the mathematics portion of the placement test. Those who submit documentation that they have successfully completed (C or above) a college level course equivalent to Nassau's ENG 101 (Composition I) shall be exempt from the reading and writing portions of the placement test.

Transferring Credits

Only equivalent courses with a grade of “C” or higher relevant to a student's degree requirements at Nassau will be accepted from other regionally accredited postsecondary institutions to apply toward a degree. Although a minimum of 31 residential credits must be completed at NCC within the degree (15 credits within a certificate), the College may transfer additional courses in case students change their program of study while in attendance. Courses above the 31 credits will be initially excluded. Students must submit a Change of Program request to change their major—at which time all transferred in courses will be reviewed once again. Courses completed on a trimester or quarterly basis will be converted to semester hour credits. Questions regarding evaluation of transfer credits should be referred to the Office of Admissions.

Special Programs

We have many outstanding special programs to meet the needs of our students.

- The Fresh Start Program
- Carol Farber Honors Program
- English as a Second Language
- Distance Education
- Weekend College
- Summer Sessions
- The College Experience
- Learning Communities, NSINCC
- International Study Programs
- Programs for Military Personnel

FRESH START

The Fresh Start Program allows a student who has not been in attendance at Nassau Community College for three years (six fall-spring semesters) to remove from the grade point average grades lower than “C” earned during his/her previous attendance.

1. In all credit bearing courses taken after re-entry and before acceptance into the program, the Fresh Start candidate must receive a grade of “C” or higher. Therefore, a candidate is urged to carefully review his/her schedule and not to overextend his/her commitments. For non-credit courses, a grade of “S” must be achieved.
2. The Fresh Start candidate may apply for Fresh Start during the semester in which he/she expects to complete twelve (12) credits after re-entry.
3. The Fresh Start candidate must successfully complete twelve (12) credits of study within two academic years after re-entry in order for his/her application to be approved.
4. Acceptance into Fresh Start will be granted only once.
5. The Fresh Start candidate will be permitted withdrawal (“W”) grades only if he/she has an extenuating circumstance such as a medical or personal emergency authorized and accepted by the Dean of Students.
6. The Fresh Start Policy does not supersede existing ESL policies and programs. A student placed in an ESL courses as a result of the College’s placement test must satisfactorily complete the program’s requirements before Fresh Start status can be considered.
7. The Fresh Start Policy does not supersede departmental admission policies.
8. The Fresh Start Policy does not supersede College dismissal policies. (See College catalog section on dismissal policy and dismissal appeal procedures.)
9. The Fresh Start policy does not prevent a student from repeating courses in order to secure a higher grade in those courses.
10. The guidelines set forth in the Fresh Start Policy cannot be waived.

Application Procedure for Fresh Start:

1. A student may apply for Fresh Start status during the semester in which he/she expects to complete the twelve credits described in parts two and three of the policy guidelines noted above. Provided that all criteria for the policy have been met, Fresh Start status will be officially granted by the Vice President for Academic Affairs or designee. The Registrar’s Office will notify the student of approval via the student’s College e mail account.
2. Where to pick up Application: The Academic Advisement Center 516.572.7118, or Center for Educational Counseling and Retention, Room M19 Nassau Hall (Building M), and in the Adult Resource Center, plaza level of the Tower.
3. Where to submit Application: The Academic Advisement Center 516.572.7118, Mon-Wed: 9:00 a.m.-4:00 p.m., Thurs: 9:00 a.m.-6:30 p.m., Fri: 9:00 a.m-4:00 p.m.
Completed applications may also be mailed to: Fresh Start Program, Academic Advisement Center, Nassau Community College, Garden City, NY 11530-6793.

Carol Farber HONORS Program
Honors classes are offered for academically advanced students who are invited to participate based on their high school grades. Those completing Honors courses will have an “Honors” designation entered on their transcripts. Honors students are enrolled in a special core curriculum which features an enriched background in English, the humanities, math, sciences, social sciences and electives. Students may also elect Honors courses in certain subjects only. All Honors courses fulfill the requirements for any Associate Degree. Students in all majors will have the opportunity to meet with a special advisor to develop a plan of study which includes Honors courses and maximizes their ability to develop their full potential. To be considered for Honors at Nassau, applicants must rank in the top 20 percent of their high school graduating class and must have completed three years of Regents English, Regents mathematics, and Regents science, demonstrating consistently high grades in each. Students may also be required to meet additional criteria determined by the Coordinator of the Honors Program. To apply for Honors, check the designated box on the College’s application for admission. For further information, contact the Honors office at 516.572.7194, or the Office of Admissions.

ENGLISH AS A SECOND LANGUAGE
The College offers a number of special courses and programs in English as a Second Language (ESL) for students interested in academic, personal, or professional growth.

For new matriculated ESL students, the College ESL Program provides separate course work in the areas of writing, reading, and speaking/listening at the advanced (030) level of instruction. Courses are given at convenient times during the daytime, in the evenings, and on weekends. For descriptions of ESL courses, consult the listings in this catalog under English (ENG), Reading (RDG) and Communications (COM). The Language Immersion at NCC (LINCC) Program is a non-credit intensive English as a Second Language Program. It is designed for students who want to attend college, but who place below the College ESL030 level. For further information about the LINCC program, call at 516.573.0165 or send an e-mail to lincc@ncc.edu.

Placement into both of these programs is determined by the ESL Placement Test. The test has three components: an essay exam, a reading test, and a listening exam. Students will be given an appointment to take the test.

In order to fulfill the College’s ESL requirements, ESL students must pass or be placed out of English ENG 030, Reading RDG 030, and Communications COM 030. Successful completion of this course work will demonstrate that students have the skills necessary to continue with academic course work in a wide range of disciplines, and work toward a degree or certificate in a selected major, career or vocation.

DISTANCE EDUCATION
NCC offers a variety of distance education courses to meet the needs of students. These courses offer students flexible and convenient learning opportunities. There are two types of online courses:

- A fully online course is a class in which the course content and instruction are delivered entirely through the web using the learning management system, Blackboard.  
  Note: Students may be required to take proctored midterm and final examinations.
- A hybrid course combines face-to-face classroom instruction with online learning. The coursework is evenly divided between on-campus meetings and web-based activities.

The successful completion of distance education courses requires a strong commitment and the discipline to stay on-task. Interaction is an important aspect of the online classroom, and the instructor may have students participate in activities such as discussion forums, chat rooms, and group projects. Distance education is not an easier way to attend classes but it can provide students with a very rewarding and worthwhile learning experience.

For more information regarding Distance Education courses, please call the Office of Distance Education at 516.572.7883.
Weekend College enables students to advance their studies and reach their educational and career goals in an efficient and convenient fashion. Weekend College students can enjoy the opportunities Nassau provides to all students to earn credits by taking online courses. Weekend College is a key component of NCC’s educational outreach and service to the community. Students interested in Weekend College follow the same admission processes and academic policies as all students at Nassau.

SUMMER SESSIONS
Students currently enrolled do not have to submit an application for summer attendance. A student is considered continuing if they have enrolled anytime during the past 4 semesters. Others must complete an application with the application fee for new or visiting students or the re-admit fee for returning students.

Summer course offerings are available online. The vast range of general courses available during the fall and spring semesters is usually available in the summer. Since Nassau’s continuing students can register for summer sessions during the spring, some courses will be filled before returning, new or visiting students have the opportunity to register. For this reason, visiting summer students should prepare several course alternatives.

Visiting students attending Nassau Community College for the summer session only, and who are matriculated at other colleges, may register with the written permission of their home institution.

FRESHMAN SEMINAR (NCC 101, The College Experience)
NCC 101, a one credit course, serves as an introduction to college life. It is designed to give students the skills and information necessary to be successful in college.

NCC 101 helps freshmen improve their study skills, become familiar with campus resources, develop positive relationships with faculty, make informed choices about classes and careers, understand the goals and expectations of higher education, and in general, make the most of their college experience. The course also introduces freshmen to a faculty member who, if students wish, will serve as their mentor in subsequent semesters.

Most sections meet once a week for 75 minutes. However, the course is offered in other formats, including hybrid online, summer, departmental, and learning communities sections.

For more information about NCC 101: The College Experience, please call 516.572.8030.

LEARNING COMMUNITIES, NSINCC
NSINCC, the New Student Initiative at NCC, is part of the Learning Communities offerings. It provides students opportunities to take paired courses that fulfill degree requirements and explore new interests. These courses, linked by a common theme or content, present a coherent and enriched curriculum. The instructors in the linked courses coordinate their assignments and discussions. Students work together and are encouraged to form study groups, creating a friendly and supportive environment.

For more information, contact Joyce Stern, Coordinator of the Learning Communities Program at 516.572.9885.

INTERNATIONAL PROGRAMS AND SERVICES
International Student Affairs: Admissions and Services Applicants who will require a student (F-1) visa in order to attend Nassau Community College (including our Language Immersion program, LINCC) should contact the Office of International Student Affairs for information on applying. F-1 applicants must complete the International Admissions Application, and the forms necessary to obtain a Form I-20, which is required to maintain F-1 status. The Form I-20 will not be issued until a student has completed the application process and has been accepted for full-time study.

The Office of International Student Affairs provides services to F-1 and temporary (non-immigrant) visa holders who attend or plan to attend NCC. Services include visa/status advisement, applications related to visa status, and advisement related to travel and/or consular issues. Advisement on work authorization for non-immigrant students is also provided.

For more information, contact the Office of International Student Affairs at 516.572.7053, or via e-mail at isaoff@ncc.edu. Information and application materials can be found on the Office of International Student Affairs website.

Study Abroad Programs for NCC Students
Our students have access to a variety of study abroad programs and courses offered through NCC, the State University of New York (SUNY), and the College Consortium for International Studies (CCIS). The College offers short-term study abroad courses during the winter and summer sessions. Departments offering study abroad courses include Biology, Criminal Justice, Hospitality Business, Legal Studies and Marketing/Retailing/Fashion. Locations of these courses include Africa, Europe, Central America, and the Pacific Rim. Semester or year-long programs can be taken while in attendance at NCC via SUNY schools or CCIS.
To be eligible to participate in short-term study abroad programs, students must have completed 15 credits, 24 credits for semester and year-long programs. All students must have a GPA of 2.5 or higher. Most study abroad courses and programs are eligible for financial aid funding if a student qualifies for State and/or Federal financial assistance. For more information on any of these programs, contact the Office of International Education at 516.572.7213.

PROGRAMS FOR MILITARY PERSONNEL

Reserve Officer Training
Qualified full-time Nassau Community College students may participate in the Army or Air Force Reserve Officers Training Corps program at a nearby university on a cross-enrolled basis. Students may enter the ROTC program at any time prior to completing their sophomore year. There is no obligation to complete the ROTC program until the start of the junior year.

Undergraduate participants may compete for full scholarships, which include tuition, books, fees, and a monthly stipend of $250 (up to ten months of each school year). The basic course takes only one hour a week. For further information, contact the Professor of Military Science 516.463.5648 at Hofstra University for the Army ROTC, and Department of the Air Force 718. 862.7201 at Manhattan College for the Air Force ROTC.

Service Members Opportunity College (SOC)
Sponsored by the American Association of State Colleges and Universities and the American Association of Community and Junior Colleges, Service Members Opportunity College institutions offer active-duty military personnel evaluation of transfer credit and flexible degree program requirements. The College uses the American Council on Education (ACE) guidelines to award credit for military courses, training, and experience, and awards credits for nationally recognized testing programs. For more information, contact the Office of Registrar.

Concurrent Admissions Program (CONAP)
The CONAP program was created to increase the College enrollment of Army veterans with GI Bill education benefits after their separation from the service. Under this program, eligible Army enlistees will be admitted to the College concurrently with their enlistment. This deferred admissions agreement is good for up to two years after completion of two or three years active duty. For further information, contact the Office of Admissions or a local military recruitment office.

FINANCES

This section covers everything you need to know about tuition, fees, expenses and financial aid at Nassau Community College.

Items in the Finances section include:

- Residency Requirements
- Tuition, Fees and Expenses
- Student Tuition Liability and Refund Policy
- Third Party Sponsored Payments
- Scholarships

Residency Requirements
Residency Requirements for Tuition Purposes
To be eligible for the resident tuition rate, a student must have one year's legal residency in New York State and six months in the County of Nassau immediately preceding the time of registration for any period of attendance. The legal residency of unmarried students under 21 is deemed to be that of their parents.

New York State students from counties other than Nassau may have the nonresident tuition rate waived by submitting a Certificate of Residence from their home county fiscal office prior to payment of tuition and fees. The submission of a valid Certificate of Residence qualifies students who reside in counties other than Nassau for the Nassau County resident tuition rate.

Applications for a Certificate of Residence are available in the Bursar's Office, temporarily relocated to C-Cluster, 1st floor and Student Financial Affairs, Tower, 5th floor. For students commencing study in the fall semester, the certificate will cover a full year, including fall and spring semesters and summer sessions. Certificates of Residence must be renewed each year. Individuals on student visas cannot qualify for a Certificate of Residence. Questions about residency status should be directed to the Office of Student Financial Affairs, Tower 5th floor or by telephone at 516.572.7326.

Tuition, Fees and Expenses
Tuition, Fees and Expenses
Students who register for 12 or more credits or their equivalent during the fall and spring semesters are considered full-time students and pay full-time tuition and fees. During the summer semester the full-time rate does not apply; charges are based on credits or their equivalent. The tuition and fee schedule, effective with the fall 2020 semester, is subject to change at the discretion of the College. Registration is complete only upon full payment of tuition and fees.

**TUITION/FEES ARE SUBJECT TO CHANGE AT THE DISCRETION OF THE COLLEGE.**

1. Education Law, Section 6305, provides, "The chief fiscal officer of each county, as defined in Section 2.00 of the local finance law, shall, upon application and submission to him of satisfactory evidence, issue to any person desiring to enroll in a community college as a non-resident student a certificate of residence showing that said person is a resident of said county...Such person shall upon registration for each college year, file with the college such a certificate of residence issued not earlier than two months prior thereto, and such certificate of residence shall be valid for a period of one year from the date of issuance." Education law, section 6301, paragraph 4, defines: "Resident" A person who has resided in the state for a period of at least one year and in the county, city, town, intermediate school district, school district or community college region, as the case may be, for a period of at least six months, both immediately preceding the date of such person's registration in a community college or, for the purpose of section sixty-three hundred five of this article, his/her application for a certificate of residence. In the event that a person qualifies as above for the state residence but has been a resident of two or more counties in the state during the six months immediately preceding his/her application for a certificate of residence pursuant to section sixty-three hundred five of this chapter, the charges to the counties of residence shall be allocated among the several counties proportional to the number of months, or major fraction thereof, of residence in each county.

2. Subject to New York State residency requirements; high school students not meeting residency requirements will be charged $160 per credit.
3. The Late Period is designated to be within ten (10) College Business Days before the start of each session.
4. The Late Period Tuition Payment Fee will be charged for any form of payment which is made on or after the first day of classes.
5. Academic Year charge of $55. If purchased separately: $30 per fall or spring semester; $10 per winter semester; $20 per summer semester.

* The full-time rate does not apply during the summer semester; charges are based on credits or their equivalent.

Student Tuition Liability and Refund Policy

Schedule Of Student Tuition Liability

A. In order to receive a refund of paid tuition and fees, all students who wish to withdraw from a course must either drop the course through your MyNCC student portal account, or submit a Drop/Add form to the Registrar’s Office. Once processed, Nassau Community College is authorized to calculate the student’s tuition liability and applicable refund per the appropriate academic study schedule shown below:

*The first week of the semester shall be deemed to start with the first calendar day of the College semester, and shall end on the 7th calendar day of the semester.

B. The College shall grant a full refund of tuition and fees to any student:
   1. Whose course has been canceled by the College or
   2. Who is unable to complete any course because during the semester the student:
      a. Returns to Federal military service, or
      b. Enlists and is accepted into Federal military service, or
      c. Receives a change of student status through action of the Academic Standing Committee.

C. A student who is dismissed for academic or disciplinary reasons prior to the end of an academic term shall be liable for all tuition and fees due for that term.

D. To consider a refund appeal procedure: After the above official withdrawal procedure has been completed, the student who believes an exception is justified, may submit a written appeal with supporting documentation to the President's Refund Committee, Student Financial Affairs, Nassau Community College. All refund requests must be submitted within ONE YEAR after the end of the term in question. Non-attendance in a class, informing the instructor of withdrawal, or stopping payment on a check, do not constitute official withdrawal notification. Students are liable for payment of tuition and fees due up to the date on which the application for withdrawal is officially approved within the refund period. Refunds will be calculated based upon the date of withdrawal as approved by the Registrar and verified by Student Financial Affairs.

Students with overdue tuition and fees may be referred to a collection agency and will incur additional liabilities of up to 33% to cover all associated collections costs processes.

Students should allow at least six (6) weeks beyond the Liability/Refund Period for refunds to be processed.

# This policy corresponds to the Code of Rules and Regulations for Community Colleges operating under the program of the State University of New York (8, NYCRR 602.11).

Tuition and Fee Schedule 2020-2021 SFA 05/12/2020

Third Party Sponsored Payments

Third Party Sponsored Payments
Students whose bill will be covered in whole or part by a third party sponsor (Union, Access, Veteran's Benefits, employer, etc.) must contact Student Financial Affairs to advise of such and submit appropriate voucher or other needed documents. Failure to do so prior to your scheduled payment due date may result in the cancellation of your classes. If a sponsorship remains unpaid for any reason, the student is responsible for the outstanding balance.

**Scholarships**

Scholarships are awards that are given based on merit, need or talent and do not have to be paid back. However, certain criteria may apply in order to receive or maintain a scholarship award.

**Nassau Community College Scholarships**

Scholarship awards are presented to incoming, returning, or graduating students from funding by members of the College's faculty and staff, by campus groups, and from local donor organizations and individuals.

Nassau Community College makes scholarship monies available each year for a variety of programs through the College Foundation Office and administered by the Scholarship and Student Aid Committee of the Academic Senate. Students are urged to apply for these scholarships. For more information visit the [NCC Scholarship web page](https://collegecatalog.ncc.edu/current).

**Other Scholarship Sources**

It is never too late to begin your search for scholarships.

- Check your High School &/or local Library for scholarship handbooks, and for a listing of local organizations that award scholarships.
- Check national organizations such as Coca-Cola Foundation, National Merit Scholarship Program, American Legion, etc.
- Local businesses, such as the employer you currently work for.

There are many free scholarship search sites available. Listed here are a few scholarship search sites that may provide useful information:

- [www.collegeboard.com](https://www.collegeboard.com)
- [www.fastweb.com](https://www.fastweb.com)
- [www.finaid.org/scholarships](https://www.finaid.org/scholarships)
- [www.internationalscholarships.com](https://www.internationalscholarships.com)

**Disclaimer regarding scholarship search websites**

The Office of Financial Aid at Nassau Community College does not endorse or recommend any scholarship service or private scholarship websites. We encourage you to be cautious about scholarship search organizations which charge a fee.

Questions about tuition and fees should be directed to the Office of Student Financial Affairs, Tower 5th floor, at 516.572.7326. Inquiries concerning financial assistance should be directed to the Financial Aid Office, Tower 3rd floor, at 516.572.7396.

**Financial Aid**

Financial Aid is money that is supplied by monetary source outside the family to help pay for the cost of the student's education. It encompasses a variety of programs funded by colleges, private organizations and state and federal government. Financial aid is any grant, scholarship, loan or work-study program offered to help a student meet his or her educational expenses.

The Financial Aid Office at Nassau Community College is dedicated to assisting students and their families with options on how to finance their education.

**Federal Student Aid**

The first step to financing your education is to complete the Free Application for Federal Student Aid at studentaid.gov. The information is confidential and only sent to the colleges you list on the FAFSA. **Nassau's school code is 002873.** Filing the FAFSA electronically is faster and less error-prone.

A student and a parent must create a FSA ID to serve as an electronic signature and to log into certain U.S. Department of Education websites. The FSA ID will be comprised of a user-selected username and password. Visit studentaid.gov to create your user name and password.

When filling out the FAFSA, NCC strongly recommends all students and parents (if applicable) to upload the income tax information to their FAFSA using the IRS Data Retrieval tool.

Students who are selected for verification and did not use the IRS Data Retrieval tool will be required to:

1. Complete and submit the Verification Worksheet.
2. Submit an official Tax Return Transcript (which can only be obtained from the IRS)
After you complete the FAFSA you will be emailed a student aid report (SAR) from the Department of Education notifying you of your EFC (expected family contribution) and that your application was processed or if corrections are necessary.

The college receives the results of your FAFSA and provides a financial aid award package for you. All students will be sent an email notification to view their award package by logging into the MyNCC Portal.

A FAFSA must be filed in order to be considered for any type of federal aid, including loans. The information collected on the FAFSA is used to determine financial need. Financial need is defined as the cost of attendance minus the expected family contribution (EFC).

**Cost of Attendance**

Cost of Attendance (COA) is the estimated and reasonable cost of completing a full year (9 months) of higher education. COA is not your actual charges, but rather an estimate of all possible expenses you may incur.

Estimated full-time educational costs for the 2020-2021 academic year at Nassau Community College:

**Dependent Student - Resident**
- Tuition: $5,800
- Fees: $530
- Books and Supplies: $1,950
- Transportation: $1,500
- Personal/Miscellaneous: $1,720
- Room and Board: $5,400
- Total: $16,900

**Independent Student - Resident**
- Tuition: $5,800
- Fees: $530
- Books and Supplies: $1,950
- Transportation: $1,500
- Personal/Miscellaneous: $1,720
- Room and Board: $14,570
- Total: $26,070

**General Eligibility Requirements**

The FAFSA needs to be completed annually to determine your eligibility for the upcoming academic year. At NCC the fall semester (September - December) begins a new academic year and includes the spring semester (January – May) and summer session (June – August).

In general, to be eligible for Federal Student Aid a student must:
- be a U.S. citizen or eligible non-citizen
- be matriculated in an eligible program of study
- be making satisfactory academic progress in his or her program of study
- not be in default of any Federal loan or have received an overpayment on a Federal grant
- not have borrowed in excess of the annual or aggregate loan limit
- have a valid Social Security number
- not have been convicted of certain drug-related offenses under Federal or State law
- submit official High School transcript or prior college transcript and proof of high school graduation

Students cannot be funded with financial aid for courses that do not count toward their degree requirements. The only exception is for remedial courses that are part of the student's regular program. It is important for students to log in to MyNCC and view their degree evaluation regularly.

Certain awards are based on the availability of funding. By filing a FAFSA early you may be considered for campus based aid which includes Federal SEOG, Work-study, and Nursing Loan. All students who wish to be considered for financial aid should file their FAFSA by May 30th. The College cannot process a student's FAFSA until all requested documentation has been submitted. FAFSAs received after the student ceases to attend cannot be processed for that academic year.

Federal funds are sent directly to the College and applied to the student account. Any excess funding is then reimbursed to the student for education-related expenses after attendance has been confirmed.

**Refund Policy for Federal Financial Aid Recipients**

If a student totally withdraws from the College for a particular semester, the student may be entitled to receive funding based on the percentage of the payment period (semester) that the student completed.

If a student completes more than 60.01% of the period, he or she earned 100% of the aid for that period of enrollment.
If the student completes 60% or less of the period of enrollment the percentage of the period completed is the percentage of aid earned and eligible to receive. Any aid that is unearned as a result of totally withdrawing from the College at the 60% or less point of the semester must be returned to the Department of Education.

**Federal Grant Programs**

**Pell Grant**
A Federal Pell Grant is an undergraduate student award which does not have to be paid back. Students that demonstrate high financial need according to the federal formula and enroll in at least one degree-bearing course are eligible to receive funds from this federal program. The maximum annual Pell Grant award is established by Congress each year.

**Supplemental Educational Opportunity Grant (SEOG)**
These grants are for students that demonstrate exceptional financial need. Priority is given to Federal Pell Grant recipients. Funds provided by the government for this program are limited. Individual SEOG awards may vary.

**Iraq and Afghanistan Service Grant**
If you are not eligible for a Pell Grant but your parent or legal guardian was a member of the U.S. Armed Forces and died as a result of service performed in Iraq or Afghanistan after September, 2001, you may be eligible for this grant. To receive this grant you must be under the age of 24 and enrolled in college at least part time at the time of your parent's or guardian's death. The amount of the grant will be equal to the maximum Pell Grant for the award year, although the amount will not exceed the cost of attendance for that award year.

**Federal Loan Programs**

**Federal Loan Programs**
Students enrolled in a minimum of six degree-bearing credits are eligible to apply for federal loans. These funds are borrowed directly from the Federal government, not through private lenders. Borrowers are charged an origination fee which is paid to the Federal government. Loans may be disbursed in multiple installments, but at least one per semester.

**Stafford Direct Loan Program**
Applicants with financial need are eligible for a subsidized student loan, while those without financial need are eligible for an unsubsidized loan. The Federal government pays the interest on subsidized loans as long as the student is enrolled at least half-time (6 degree-bearing credits). The borrower (the student) is responsible for interest payments under the unsubsidized loan program while in attendance and thereafter.

All first-time NCC loan borrowers must complete a master promissory note (MPN) and entrance counseling session at studentaid.gov.

Starting in the 2020-2021 school year, borrowers of Federal Subsidized, Unsubsidized and PLUS loans will be required to complete the Annual Student Loan Acknowledgement once each award year before receiving disbursement of their loan. The Annual Student Loan Acknowledgement is an online session that allows students and parents to see how much they have borrowed, preview what their monthly payments might be, and explain concepts such as capitalization and the difference between federal and private loans. The goal is to help you understand how your loans affect your financial future. Borrowers can complete this required online session at studentaid.gov.

Repayment of the Federal subsidized and unsubsidized loans begin six months after the borrower graduates, leaves school, or drops to below a half-time status. The student/borrower is then required to complete an Exit Counseling session at studentaid.gov.

**Nursing Student Loans**
This aid program is limited to students enrolled in the Nursing Program only. The student must demonstrate financial need to be considered for this 5% low-interest loan. The maximum annual award offered is $4816 with a minimum of 6 degree-bearing credits. A separate promissory note is required for this loan.

**Parent PLUS Loans**
PLUS loans are unsubsidized loans for the parents of dependent students enrolled at least half-time at a school that participates in the Direct Loan Program.

Applicants for this loan must be student's biological or adoptive parent. If the biological or adoptive parent has remarried at the time of completing the FAFSA, the stepparent may apply for this loan on behalf of the student.

Parent PLUS Loan borrowers cannot have an adverse credit history (a credit check will be done). In addition, parents and their dependent child must be U.S. citizens or eligible noncitizens, must not be in default on any federal education loans or owe an overpayment on a federal education grant, and must meet other general eligibility requirements for the Federal Student Aid programs.

Applications for this loan are available in the Financial Aid office. Once approved, the borrower (parent) must complete a PLUS loan promissory note at www.studentloans.gov.

**Federal Student Aid Loan Servicers**
When a student receives a Federal Student Loan, they are assigned a loan servicer. The loan servicer is the organization that handles billing for the loan(s) and can provide borrowers with information about repayment. If you, the borrower, are not sure who your loan servicer is, you can look up this information on studentaid.gov.

You will need your FSA ID. This is the same username and password you used to sign your FAFSA.
Federal Work-Study Program

The Federal Work-Study program is a federally funded financial aid employment program. To be eligible a student must be matriculated and enrolled in a minimum of 6 credits. Eligibility is based on need as determined by the FAFSA and the availability of funds. Recipients of this program must be making satisfactory academic progress.

Satisfactory Academic Progress

Students receiving federal Title IV aid for their educational costs are required to maintain an acceptable cumulative GPA, while at the same time completing a specified percentage of the credits for which they register within a certain time frame. The maximum time frame may not exceed 150% of the published length of the educational program measured in credit hours attempted.

Excessive withdrawals, incompletes or F grades can be the cause of not meeting the pursuit of progress requirement. It is important that you successfully complete all the classes you register for. Note: Remedial coursework is not considered in the calculation that determines eligibility for federal student aid.

Satisfactory Academic Progress standards for New York State TAP recipients follows a different structure than that of the federal requirements.

A review of federal aid eligibility will be completed at the end of the spring semester to determine eligibility for the new aid year. Students will be notified via their NCC email if they did not meet the federal requirements for academic progress. A student may appeal this decision if they can document the extenuating circumstances that caused the poor academic performance. Appeals are for unforeseen, extenuating circumstances and are not for ongoing medical issues. Students with approved appeals will be given a probationary semester in which they will be granted federal aid for one semester. At the end of the probationary semester their progress will be reviewed to determine if they are eligible for federal aid in the next semester. If it is determined that the student is still not making academic progress, no aid will be issued for the following semester and no additional appeal will be accepted.

Steps to appeal:

- Download and Complete an Appeal for Federal SAP form
- Submit the appeal form and any supporting documentation which can justify why your academic progress suffered and how you plan to remedy it for future semesters by August 1
- Approximately two weeks from when documents are submitted a decision will be sent to your NCC email
- Students must also complete the online, SUNY Smart Track Financial Literacy course: College & Money

To continue to receive federal financial aid, students must maintain the standards of satisfactory progress.

Qualitative Component: Cumulative Grade Point Average (GPA)

<table>
<thead>
<tr>
<th>Degree Credit Hours Attempted</th>
<th>1-14</th>
<th>15-29</th>
<th>30-47</th>
<th>48+</th>
</tr>
</thead>
<tbody>
<tr>
<td>Minimum Cumulative GPA required</td>
<td>1.7</td>
<td>1.8</td>
<td>1.9</td>
<td>2.0</td>
</tr>
</tbody>
</table>

Quantitative component: Pace (attempted credits vs. earned credits)

Students must earn with a passing grade, at least 67% of all cumulative attempted credit hours. For example, if a student attempted a cumulative total of 30 degree credits, the student must have earned at least 20 of those credits toward their degree or certificate program of study.

Time Frame

Students may attempt a maximum of 150% of the published required credit hours for the Associate's Degree or Certificate program the student is pursuing. For example, if the program of study requires 64 credits to complete, the student may attempt a maximum of 96 credits.

Grades

- Calculated in Attempted: 'A','B','B+','C','C+','D','D+','F','UW', 'W', 'GNS', 'INC' & Transfer Credits (TR)
- Calculated in Earned credits: 'A','B','B+','C','C+','D','D+ & Transfer Credits (TR)
- Calculated in GPA: 'A','B','B+','C','C+','D','D+','F','UW'

Remedial Courses

A maximum of 30 credits of remedial coursework will be used to determine eligibility for financial aid. After a student has attempted 30 credit hours of remedial coursework, the student cannot receive federal financial aid for any additional remedial coursework.

Remedial coursework is not counted in Pace or GPA. However, a student with only remedial coursework will be evaluated under the qualitative measure. If at least one remedial course is successfully completed within the academic year, the student will be determined eligible for federal aid.
Appeals Process for Mitigating Circumstances
A student may appeal the loss of federal aid eligibility if they can document that extenuating circumstances caused the poor academic performance. Appeals are for unforeseen, extenuating circumstances and are not for ongoing medical issues or patterns of poor performance. Student may only submit one appeal in an academic year.

Students with approved appeals will be given a probationary semester in which they will be granted federal aid for one semester. At the end of the probationary period, their progress is reviewed to determine if they are eligible for federal aid in the next semester.

If the student does not meet SAP or fails to meet the Academic Plan* requirements after the probationary period, the student will be ineligible for federal financial aid until student meets SAP.

Reestablishing aid eligibility
A student regains eligibility for federal financial aid by taking action that brings the student into compliance with SAP criteria.

*Academic Plan Requirements
Students in a probationary semester may be considered for an Academic Plan if the following requirements are met:

1. Student successfully completes all courses in the probationary semester.
2. Probationary semester GPA is at least a 2.0.

Students placed on an Academic Plan must meet these requirements each semester until they are back in compliance with SAP standards. Failure to do so will result in the loss of Federal Title IV aid at NCC.

How does a student obtain an Academic Plan?
The Financial Aid Office will refer the student to the Center for Educational & Retention Counseling (CERC) via email notification to the student’s NCC email. The student should make an appointment to meet with a CERC counselor at 516.572.7141 or CERC@ncc.edu. The CERC counselor will develop an academic plan with the student and submit a copy to the Financial Aid Office on the student’s behalf.

State Aid
State Aid
Many states provide generous merit and need-based grants. Students applying for funding from New York State must be a legal resident of New York State. Residency during college attendance is not sufficient to meet New York State residency regulations. A student must be enrolled and making academic progress in an eligible program of study to receive state aid. New York residents may apply at www.hesc.ny.gov or www.tapweb.org. Students will receive an award notification directly from NYS Higher Education Service Corp. (HESC).

Tuition Assistance Program (TAP)
New York State Grant Programs – Tuition Assistance Program (TAP)
The New York State Tuition Assistance Program (TAP) helps eligible New York residents attending in-state post-secondary institutions pay for tuition. TAP grants are based on the applicant's and his or her family's New York State taxable income.

The TAP Grant is administered by the Higher Education Services Corporation (H.E.S.C.)
The applicant can apply by using the Express TAP application link on the FAFSA, or directly at www.hesc.ny.gov or www.tapweb.org.

To be eligible for TAP, you must:

- Be a United States citizen or eligible noncitizen
- Be a legal resident of New York State
- Study at an approved post-secondary institution in New York State (NYS)
- Have graduated from high school in the United States, earned a GED, or passed a federally approved "Ability to Benefit" test as defined by the Commissioner of the State Education Department
- Be enrolled as a full-time student taking 12 or more credits (applicable toward your degree program) per semester
- Be matriculated in an approved program
- Meet good academic standing requirements
- Be charged at least $200 tuition per year
- Not be in default on any state or federal student loan or on any repayment of state awards
- Meet income eligibility limitations
- File a FAFSA for the same academic year as the TAP application

Satisfactory Academic Progress for New York State TAP Recipients
Students must also meet standards of satisfactory academic progress and pursuit for state aid programs. There are three elements of satisfactory academic progress that all financial aid recipients must achieve in order to receive financial aid from the New York State sponsored Tuition Assistance Program (TAP):

Based on the number of TAP payments the student received;
1. must complete a designated number of credits in the prior semester they received TAP,
2. must earn a specific number of overall credits
3. must achieve a minimum grade point average

**TAP Satisfactory Academic Standing Waiver**

After the end of each semester, TAP recipients who fall below the satisfactory academic progress standards can apply for a waiver. Such a waiver can only be granted once during the student's undergraduate career. Appeals are a one-time option for unforeseen, extenuating circumstances beyond the student's control and not chronic circumstances that cannot be remedied such as, but not limited to, ongoing medical issues.

- Complete and submit an NCC New York State TAP Waiver Form.
- Forms must be received by the Financial Aid Office prior to the end of the current semester the student is enrolled in.
- Supporting documentation must be submitted with the waiver form and the student's NCC ID must be on all pages.
- Since the waiver is neither automatic nor an entitlement, the decision will be final.
- Students will receive the decision via their NCC email.

**Part-Time TAP**

Part-time TAP helps a first-time New York resident freshman in the 2006-07 academic year or thereafter that has earned 12 credits or more in each of the two consecutive semesters, for a minimum total of 24 credits earned and maintained a minimum of a "C" average. Part-time TAP is not the same as the Aid for Part-time Study Program.

To be eligible for Part-Time TAP, you must:

- Be a United States citizen or eligible non-citizen
- Be a legal resident of New York State
- Have graduated from high school in the United States, or earned a GED, or passed a federally approved "Ability to Benefit" test as defined by the Commissioner of the State Education Department
- Be matriculated in an approved program of study and be in good academic standing

Nassau Community College: [https://collegecatalog.ncc.edu/current](https://collegecatalog.ncc.edu/current)
• Be charged at least $200 tuition per year
• Be taking at least 6 but fewer than 12 credits per semester
• Not be in default on a State or federal student loan or on any repayment of state awards. Meet income eligibility limitations
• File a FAFSA for the same academic year as the TAP application

Aid for Part Time Study (APTS)
Part-time students enrolled in 3 to 11.5 credits are eligible to apply for this award. APTS is subject to allocations from New York State. To receive APTS, you must complete both the Free Application for Student Aid (FAFSA) and the Aid for Part-Time Study applications. The APTS application is available on the Financial Aid forms page; or in the Financial Aid Office. To remain eligible for APTS, students must maintain academic progress as defined by New York State. Check the Financial Aid Office for filing deadlines and additional eligibility criteria.

Graduates of High Schools Outside the United States
Graduates of High Schools Outside of the United States and Home Schooled Graduates
Students receiving state aid who were home schooled or do not have a certificate of graduation from a recognized school within the United States providing secondary education (a high school diploma or recognized equivalent), must obtain a “passing score on a federally approved ability-to-benefit (ATB) test that has been independently administered and evaluated as defined by the Commissioner of the State Education Department” in order to receive New York State funded grants or scholarships. The ATB test must be taken prior to the end of the College's add/drop period to be considered for NY State aid for that semester. To schedule the Ability to Benefit test contact the Placement Testing Office at 516.572.9604 or placementtesting@ncc.edu.

New York State Scholarship Programs
New York State Scholarship Programs
New York State students may be eligible for a variety of State scholarship and award programs to help pay for college. Listed below are just a few scholarships available. To learn more about each one, including eligibility requirements and application information, visit www.hesc.ny.gov.

The NYS Memorial Scholarship provides financial aid for student in New York State to children, spouses and financial dependents of deceased firefighters, volunteer firefighters, police officers, peace officers, and emergency medical service workers who have died as the result of injuries sustained in the line of duty in service to the State of New York.

The NYS World Trade Center Memorial Scholarship program guarantees access to a college education to the families and financial dependents of the victims who died or were severely and permanently disabled in the Sept. 11, 2001 terrorist attacks and the resulting rescue and recovery efforts.

Flight 3407 Memorial Scholarships provide financial aid to children, spouses and financial dependents of individuals killed as a direct result of the crash of Continental Airlines Flight 3407 on February 12, 2009.

The Military Service Recognition Scholarship provides financial aid for study in New York State to children, spouses and financial dependents of members of the armed forces of the United States or of a state organized militia who, at any time on or after Aug. 2, 1990, while a New York State resident, died or became severely and permanently disabled while engaged in hostilities or training for hostilities.

Scholarships for Academic Excellence are awarded to outstanding graduates from registered New York State high schools. Awards are based on student grades in certain Regents exams. For up to five years of undergraduate study in New York State.

Veterans Benefits
Veterans Benefits
Once a student has completed the admissions process and is a registered student, he/she should meet with a VA Certifying Official in the Office of the Registrar. The enrollment certification process must be repeated every term after you have completed your registration. All Veteran/Service members and dependent students receive priority registration prior to the start of credit based priority registration.

Post 9/11 GI Bill (Chapter 33)
Once you receive the Certificate of Eligibility in the mail, bring it to a VA Certifying Official in the Office of the Registrar for certification. The tuition and fees are mailed directly to the school; the Basic Allowance for Housing (BAH) and book stipend are sent directly to the student from the Department of Veterans Affairs. Apply at www.vets.gov.

Veteran's Montgomery GI Bill (Chapter 30)
Print a copy of the completed application and bring it with a copy of your DD214 to a VA Certifying Official in the Office of the Registrar for certification. Apply at www.vets.gov.
Survivors & Dependents Educational Assistance (Chapter 35)
Eligible spouses and children of Veterans who have died or are partially or totally disabled through the service may complete a VA Form #5490 and bring it to a VA Certifying Official in the Office of the Registrar for certification. Apply at www.vets.gov

Vocational Rehabilitation (Chapter 31)
You would need to contact a Vocational Rehabilitation Counselor and bring their form #1905 to a VA Certifying Official in the Office of the Registrar for certification. For more information visit: www.vets.gov

Reservists/National Guard (Chapter 1606)
Obtain from your Unit a Notice of Basic Eligibility (NOBE) and bring it to a VA Certifying Official in the Office of the Registrar for certification.

For active military personnel, or their spouse, using tuition assistance, please contact studentfinancialaffairs@ncc.edu.

Study Abroad
NCC students that participate in an approved study abroad program may be eligible for federal financial aid. The criteria for a student to be considered for federal aid include, but not limited to:

- The student must be enrolled as a matriculated student in a degree-granting program at NCC
- The student must be taking courses at the Host school which are transferable to the student’s degree at NCC
- The student must have a fully processed FAFSA on file with the Financial Aid Office
- The student must submit a completed and signed Financial Aid Consortium Agreement

Note: Only under certain circumstances may a student be eligible for a New York State award when studying in another country.

Rights and Responsibilities

Rights and Responsibilities

1. Complete the Free Application for Federal Student Aid (FAFSA) every academic year: FAFSA.gov. A student aid report (SAR) will be emailed to you from the Department of Education notifying you of your EFC (Expected Family Contribution). This information will also be sent to Nassau Community College if you enter our school code, 002873, on the FAFSA. The College will then determine and notify you of your financial aid award.

2. You must be a matriculated student in an approved degree or certificate program at Nassau Community College to be eligible for financial aid. Classes taken for audit are not eligible for financial assistance. It is the student's responsibility to inform the Office of Financial Aid if he/she enrolls in a class for an audit grade.

3. Your financial assistance is awarded based on calculated need as determined from the information you provided on your FAFSA. Financial aid awards are subject to adjustments or cancellations due to changes in laws, regulations, appropriations, changes in your financial situation, verification, discovery of data errors, changes in your enrollment status, or changes in your residency status amongst other reasons.

4. You must maintain satisfactory academic progress. Students receiving federal aid for their educational costs are required to maintain an acceptable cumulative GPA, while at the same time completing a specified percentage of the credits for which they registered within a certain time frame.

5. Student must file a FAFSA to be considered for Federal student loans.
   - Perkins Loan—a low interest loan (5% fixed) is awarded based on financial need. Interest begins nine months after the student is no longer enrolled for at least 6 credits.
   - Federal Direct Stafford loans – A subsidized loan is a need-based loan. An unsubsidized loan is NOT based on financial need. You are responsible for the interest that begins to accrue on this loan once it is disbursed. You must be enrolled at least half-time (six degree-bearing credits minimum) to be eligible for the Federal Direct Loan(s) in a given semester. Repayment of these loans begins after you stop pursuing your degree or you are registered for less than 6 credits. You will then be required to complete an online, Exit Counseling session at studentloans.gov.

6. Students who have been previously incarcerated or are currently incarcerated or who might be incarcerated during their current term of attendance must identify themselves to the financial aid office to determine their financial aid eligibility.

7. If you receive any financial assistance from an outside source (e.g., a private scholarship or grant) you must inform the Financial Aid office.

8. You will be responsible for repaying any funds you receive that exceed your financial need, or if for any reason, you become ineligible for the financial aid. Changes in your actual enrollment status, such as non-attendance, course withdrawals or if you stop attending classes without officially withdrawing (unofficial withdrawal), could reduce or cancel your award and repayment may be required. Please contact
the Office of Financial Aid prior to dropping or withdrawing from the College. It may impact your current or future aid eligibility and you will be responsible for any balance on your student account.

9. Students should be aware that withdrawal from one or more courses may affect some, or possibly all, financial aid awards. Therefore, it is prudent to understand the consequences of the withdrawal before formally submitting the paperwork. Financial aid awards will be revoked upon withdrawal should the withdrawal affect the eligible enrollment status.

10. If requested, you must provide documents to verify the accuracy of information reported on the FAFSA before financial aid can be awarded or disbursed to your student account. The requested documentation must be submitted prior to your last date of enrollment. If not, you may lose aid eligibility and be responsible for your tuition and fee semester bill.

11. Federal Work-Study (FWS) is determined by the results of your FAFSA. Although the FWS amount is shown on your Award Letter, FWS funds are not applied to your NCC student account. You receive a pay check every two weeks. Job placement is based on availability.

12. Students who have completed their degree or certificate program will not be eligible for financial aid in subsequent semesters unless they are enrolled in another degree program. Bachelor's degree: if you already have this degree, you are ineligible for Federal Pell and Federal SEOG.

13. If you are having problems with your Direct Loan that your school cannot resolve, contact the U.S. Dept. of Education's Office of Loan Ombudsman at 1.877.557.2575 or visit their web site at ombudsman.ed.gov.

14. If it is determined that you have provided or purposely given false or misleading information, you may be fined up to $20,000, sent to prison, or both.

15. Repeat courses: NY State Aid–Courses in which the student has already received a passing grade cannot be included in meeting full-time study requirements for State sponsored financial aid. Repeat courses may be counted toward full-time study if a failed course is repeated or when a student has received a passing grade at the college but is unacceptable in a particular curriculum or area of concentration. Federal Aid–A student may receive federal aid to retake a previously passed course once.

16. For students in remediation classes: First time TAP (Tuition Assistance Program) recipients must be registered for non-remedial courses equal to at least 6 credits to be considered for the 2006/2007 state academic progress chart. The remaining classes must be degree-bearing so the total enrollment equals full-time status which is 12 or more credits.

17. Ability to Benefit: Students that have received their high school diploma from a foreign school must take an approved "Ability to Benefit" test and attain a passing score prior to the end of the college's add/drop period to be considered for state aid. Contact the Placement Testing Center at placementtesting@ncc.edu or call 516.572.9604.

18. Aid for part-time study (APTS) grant recipients must be enrolled for 3 to 11.5 credits. Students carrying a part-time course load that includes non-credit remedial courses must be registered for at least 3 degree-bearing credits.

19. Winter Session is considered as part of the spring semester for federal financial aid purposes. This means that if a student is registered for three credits during winterim, and nine credits during spring, they would be considered a full-time student and their Federal financial aid would be packaged as such. All students are responsible to pay their winterim tuition bill by the assigned due date. All winterim and spring financial aid will be disbursed together as spring aid and will be disbursed in the spring semester only. Courses not completed in the winterim term will not be eligible or included in the spring disbursement. Please note: New York State aid such as TAP and Aid for Part Time Study, is not available for winterim. Please be aware that all awards are contingent upon funding and your remaining aid eligibility.

20. To be eligible for the Bookstore Voucher, a Financial Aid application must be accurate and in our database. In addition, any missing documents needed to fully process your application must be error free and submitted to our office. Check the Financial Aid Office for book voucher cut off dates and deadlines. Book voucher amounts are determined based on the fact that your Pell Grant and Supplemental Education Opportunity Grant (S.E.O.G) exceed your semester's bill by at least $100.00.

21. Read your NCC emails, letters, postcards, announcements and other notifications that you receive from the College. Check the NCC website for deadlines.

22. You can view your financial aid awards, read messages, and determine what documents are required by logging in to MyNCC Portal.

You may contact the appropriate office with any questions:

Records & Registration

Registration is conducted in a credit priority system for currently enrolled students. A student is considered continuing if they have enrolled anytime during the past 4 semesters. Currently enrolled students with the highest number of credits completed will be given the opportunity to register first. Students are strongly urged to comply with their credit priority to ensure optimum advisement and choice of courses. Normally, students who take advantage of their first opportunity to register are able to secure the courses and schedule they desire.

MyNCC Online System

MyNCC is the online Nassau Community College information and registration system. All students can view available information and perform some functions. Self-service registration is available to many students but may be limited for new students attending NCC or students in certain remediation.

For additional information about MyNCC, see the College’s website at www.ncc.edu/myncc.
Attendance Regulation

No student shall be awarded academic credit for any course unless properly enrolled (appropriate forms and payment of tuition and fees) on or before the last date for the filing of drop/add forms for the semester in question (first week of fall or spring classes or second day of summer semester).

Entering freshman students will be enrolled for a maximum of 16 semester hours of credits. Academic advisors may, however, recommend a 17 or 18-credit load if the student's high school record indicates an overall average of 85% or higher or for other extenuating circumstances. Written approval of the area department chairperson is required. Continuing and returning students may enroll in no more than 17 credits per semester. In special circumstances, written approval to enroll for 18 credits may be granted by either the department chairperson of the student's area of study or the Director of Academic Advisement or designee. Certain degree programs call for a student to enroll in 18 or more credits as part of his/her recommended progress toward a degree. In these instances a student must obtain the written approval of the department chairperson of the student's area of study. All other students requesting more than 18 credits for a semester must obtain the written approval of the Director of Academic Advisement or the appropriate Academic Affairs Area Dean.

Admission to Class

Once a semester has begun, and within the drop/add period, students will be admitted to a course only upon the presentation of either a paid, validated receipt from the Bursar's office, or a valid Senior Citizen permit.

Class Attendance

Students are expected to attend all classes. Absences due to illness or for other serious reasons may be excused at the discretion of the instructor. Students are advised that excessive absences may have a negative impact on their academic performance and/or outcome. Some departments may have additional attendance guidelines and related grading policies. The instructor shall detail the specific attendance policy for his/her class. Students are responsible for all course work missed. Students receiving Veterans Administration educational benefits are reminded of their legal obligation to withdraw officially and to notify the VA Certifying Officials in the Office of the Registrar if there are any changes in enrollment.

Online and Hybrid Class Attendance

To demonstrate attendance in a distance education class, students must meet one more of the following criteria including but not limited to: physically attending a class where there is an opportunity for direct interaction between the instructor and students; submitting an academic assignment; taking an exam, an interactive tutorial or computer-assisted instruction; attending a study group that is assigned by the institution; participating in an online discussion about academic matters; and initiating contact with a faculty member to ask a question about the academic subject studied in the course.

Auditing of Classes

Auditors may be permitted in classes under the following conditions:

1. Regular course fees are paid;
2. Section enrollment limits are not exceeded;
3. Auditors are clearly identified to the instructor;
4. Auditors do not preempt seats desired by credit students (i.e. auditors are not admitted until after the drop/add period is completed);
5. No more than five auditors may be permitted in any one section;
6. A grade cannot be subsequently or retroactively awarded. Nassau County residents aged 60 years or older, please see catalog section on "Senior Observers."

Religious Absences

The laws of the State of New York, Section 224 A of the Education Law, provide that:

1. No person shall be expelled from or be refused admission as a student to an institution of higher education for the reason that he/she is unable, because of his/her religious beliefs, to register or attend classes or to participate in any examination, study or work requirements on a particular day or days.
2. Any student in an institution of higher education who is unable, because of his/her religious beliefs, to attend classes on a particular day or days, shall, because of such absence on the particular day or days, be excused from any examination or any study or work requirements.
3. It shall be the responsibility of the faculty and of the administrative officials of each institution of higher education to make available to each student who is absent from school, because of his/her religious beliefs, an equivalent opportunity to register for classes or make up any examination, study or work requirements which he/she may have missed because of such absence on any particular day or days. No fees of any kind shall be charged by the institution for making available to the said student such equivalent opportunity.
4. If registration, classes, examinations, study or work requirements are held on Friday after four o'clock post meridian or on Saturday, similar or makeup classes, examinations, study or work requirements or opportunity to register shall be made available on other days, where it is possible and practical to do so. No special fees shall be charged to the student for these classes, examinations, study or work requirements or registration held on other days.
5. In effectuating the provisions of this section, it shall be the duty of the faculty and of the administrative officials of each institution of higher education to exercise the fullest measure of good faith. No adverse or prejudicial effects shall result to any student because of his/her availing himself or herself of the provisions of this section.
6. Any student, who is aggrieved by the alleged failure of any faculty or administrative officials to comply in good faith with the provisions of this section, shall be entitled to maintain an action or proceeding in the Supreme Court of the county in which such institution of higher education is located for the enforcement of his/her rights under this section.

- 6a. It shall be the responsibility of the administrative officials of each institution of higher education to give written notice to students of their rights under this section, informing them that each student who is absent from school, because of his/her religious beliefs, must be given an equivalent opportunity to register for classes or make up any examination, study or work requirements which he/she may have missed because of such absence on any particular day or days. No fees of any kind shall be charged by the institution for making available to such student such equivalent opportunity.

7. As used in this section, the term “institution of higher education” shall mean any institution of higher education, recognized and approved by the Regents of the University of the State of New York, which provides a course of study leading to the granting of a post-secondary degree or diploma. Such term shall not include any institution which is operated, supervised or controlled by a church or by a religious or denominational organization whose educational programs are principally designed for the purpose of training ministers or other religious functionaries or for the purpose of propagating religious doctrines. As used in this section, the term “religious belief” shall mean beliefs associated with any corporation organized and operated exclusively for religious purposes, which is not disqualified for tax exemption under section 501 of the United States Code.

Graduation

A minimum cumulative grade point average of 2.0 is required for graduation from both degree and certificate programs. Students are required to complete at least 33 credit hours in residence (i.e. completed at NCC) within the degree programs and 15 credit hours in residence within the certificate programs. If a student believes that all requirements for a degree or certificate will be completed by the end of the fall, spring, or summer semester, he or she must apply for graduation via their MyNCC portal. Students who were admitted under the GED program must apply for the equivalency diploma through the New York State Education Department in order to be subsequently awarded a degree or certificate. The Office of the Registrar can provide the application to apply for the equivalency diploma. The Application for Graduation will be available online until the following deadline dates:

- Fall Semester Graduates – Last Monday in October
- Spring Semester Graduates – Last Monday in February
- Summer Semester Graduates – Last Monday in June

A student who is no longer attending Nassau who has transferred to another higher education institution and who now desires to complete a Nassau Community College degree or certificate program may transfer back no more than 9 credits to complete the degree or 6 credits to complete the certificate. An official transcript from the transferring institution must be submitted to the Registrar before applying for graduation. Only equivalent courses with a grade of "C" or higher relevant to a student's degree or certificate requirements at Nassau Community College will be accepted from other colleges. Under extenuating circumstances, the Office of Academic Affairs may grant permission, in writing, for a student to transfer back more than 9 credits required to complete a Nassau Community College degree or more than 6 credits to complete a certificate program. Transferring back credits does not alter the minimum credits required in residence for degree and certificate programs.

Graduation & Retention

Under the Student-Right-to-Know Act, the College is required to report data on the cohort (or group) of first-time, full-time degree/certificate-seeking undergraduates and report their status at 150% of the normal time for completion of their program. For associate degree, normal completion time is 2 years.

The most recent cohort for whom data are reported entered in Fall 2012 and their status for Fall 2015 is shown as of August 31, 2015.

**SOURCE**: IPEDS Graduation Rates 2015-16. The Integrated Postsecondary Education Data System (IPEDS). This is a system of interrelated surveys conducted annually by the U.S. Department of Education's National Center for Education Statistics (NCES). More information may be found at the IPEDS web site: [http://nces.ed.gov/ipeds](http://nces.ed.gov/ipeds)

**Residency Requirements, NY State**

**Residency Requirements for Tuition Purposes**

To be eligible for the resident tuition rate, a student must have one year's legal residency in New York State and six months in the County of Nassau immediately preceding the time of registration for any period of attendance. The legal residency of unmarried students under 21 is deemed to be that of their parents.

New York State students from counties other than Nassau may have the nonresident tuition rate waived by submitting a Certificate of Residency from their home county fiscal office prior to payment of tuition and fees. The submission of a valid Certificate of Residency qualifies students who reside in counties other than Nassau for the Nassau County resident tuition rate.

Applications for a Certificate of Residency are available in the Bursar's Office, Tower, Lower Level and Student Financial Affairs, Tower, 5th floor. For students commencing study in the fall semester, the certificate will cover a full year, including fall and spring semesters and summer sessions. Certificates of Residency must be renewed each year. Individuals on student visas cannot qualify for a Certificate of Residency. Questions about residency status should be directed to the Office of Student Financial Affairs, Tower 5th floor or by telephone at 516.572.7563 or 7326.

**Schedule Changes**

**Drop/Add Course Changes**

Students are expected to exercise discretion and forethought in the selection of courses and in scheduling their class hours each semester. Changes of schedule will not be permitted after the first week of classes in a regular semester or the second day of classes in a summer semester.

Straight withdrawals, however, may be made at any time in accordance with "Withdrawal Grades" described in a later section of the catalog.

A fee will be charged for all Drop/Adds during "Late Period" except "necessary" changes and straight withdrawals (see "Fee Schedule"). Drop/Add may be performed online or, if in person, the form must be submitted to the Office of the Registrar.

**Change of Approved Program**

A student wishing to change his/her program should first obtain a Change of Program form at the Registrar's Office or the office of the academic department the student wishes to enter. The form lists the procedures to be followed. See "Grade Point Average" section in this catalog for possible effect on grades.

Students not meeting the initial admission requirement to the new area of study will not be given approval for such a change until they have satisfactorily completed at least 15 credits at the College. The College, reserves the right to refuse matriculation or change of program into specific departments because the number of qualified students often exceeds the number of spaces available.

**Transcripts**

An unofficial or end of semester grade report is available through MYNCC in using [www.ncc.edu/MyNCC](http://www.ncc.edu/MyNCC). Go to Student Records and click on the desired link. Official transcript requests are available using MyNCC.

Nassau Community College reserves the right to deny copies of official and unofficial transcripts if the student has unpaid financial obligations to the College.

**Veteran Certification**

Veterans who have registered for classes should meet with one of the VA Certifying Officials in the Office of the Registrar for VA enrollment certification. Veteran students must bring a copy of their schedule and a print-out of their bill. The NCC VA Certifying Officials are available Monday-Thursday, 8:00 a.m.–4:30 p.m. and Friday 10:00 a.m.–4:30 p.m. These hours are subject to change during the Registration periods. For evening hours, please refer to the Service Hours webpage. The enrollment certification process must be repeated every term.
The College offers numerous curricula leading to the Associate in Arts (A.A.), Associate in Science (A.S.), and Associate in Applied Science (A.A.S.) degrees, as well as special Certificate programs, the requirements for which are listed in this section.

Programmatic requirements vary according to specific curricula. In planning a course of study, students should be guided by specific program requirements listed in this section.

LIBERAL ARTS AND SCIENCES

The College offers two degrees in Liberal Arts and Sciences which provide flexibility in planning a two-year academic program. The degrees are differentiated by the proportion of Liberal Arts and Sciences as mandated by law.

The Associate in Arts degree in Liberal Arts and Sciences Humanities and Social Science devotes three-quarters of the coursework to the liberal arts and sciences.

Students pursuing an Associate in Arts degree may prepare for transfer to upper-division study in subject areas such as:

- Anthropology
- Economics
- English
- Finance
- Foreign Languages
- Geography
- History
- Philosophy
- Physical/Health Education
- Political Science
- Psychology
- Sociology

The Associate in Science degree in Liberal Arts and Science Mathematics and Science devotes one-half of the coursework to the Liberal Arts and Sciences.

Students pursuing this degree may prepare for transfer to upper-division study in subject areas such as:

- Biology
- Chemistry
- Engineering
- Mathematics
- Pharmacy
- Physical Sciences
- Physical Therapy
- Physics
- Toxicology

CHAIRPERSON: John DeSpagna, John.DeSpagna@ncc.edu

TECHNICAL ASSISTANT: R. D’Anna

COURSES OFFERED: Accounting (ACC), Business (BUS)

The following curricula are offered by this Department:

Accounting (A.S.) - This curriculum prepares students for transfer to four-year institutions where they may complete the requirements for a Bachelor's degree with a major in accounting. The program enables the student to partially fulfill the educational requirements for the New York State Certified Public Accounting examination.

Business Administration (A.S.) - This program prepares students for transfer to four-year institutions to continue their education in general business areas. Such a program would be suitable for those with career objectives in business management, administration, investments, finance, marketing, or any other position in the business world.

Business Administration (Cert.) - This program provides students with the necessary skills for immediate entry into today's business world. Most courses in the program can be applied toward the A.S. degree in Business Administration or the A.A.S. degree in Marketing.
**Business-Accounting (A.S.)** – This curriculum prepares students for transfer to four-year institutions where they may complete the requirements for a Bachelor's degree with a major in accounting. The program enables the student to partially fulfill the educational requirements for the New York Certified Accounting examination.

Gainful Employment Disclosure Information
Department offers the following courses to the general public:

**Administrative Business Technology/Health Information Technology**

The Administrative Business Technology/Health Information Technology Department provides students with the opportunity to acquire the skills and competencies necessary to use computers for professional and personal use; and to obtain employment in an administrative support technology, legal, or medical office environment.

Using state-of-the-art computers and various software applications, students develop expertise in word processing, desktop publishing, web page formatting, and business presentations. Emphasis is placed on administrative support technology, legal, and medical office procedures. In addition, students who wish to continue their education are able to transfer some or all of their credits to four-year institutions.

Courses in Health Information Technology (HIT) train workers to become qualified medical coders and health information management professionals. Medical coding (or clinical coding) specialists review and analyze health records to identify relevant diagnoses and procedures.

Each semester students meet on an individual basis with a faculty advisor. This advisement process allows students to become familiar with the specific requirements of their chosen program of study and provides them with an opportunity to review their academic progress and career options.

Along with the career-specific programs listed below, the Administrative Business Technology/Health Information Technology Department offers the following courses to the general public:

- ABT 100 Fundamentals of Keyboarding
- ABT 102 College Keyboarding
- ABT 109 Word Processing Applications
- ABT 110 Integrated Software I
- ABT 113 Word Processing Basics
- ABT 114 Presentation Software Basics
- ABT 115 Spreadsheet Basics
- ABT 116 Database Basics
- ABT 119 Integrated Software II
- ABT 120 Desktop Publishing
- ABT 127 Legal Office Procedures I
- ABT 128 Legal Office Procedures II
- ABT 129 Medical Malpractice Office Procedures
- ABT 230 Web Page Formatting
- ABT 244 Business Writing
- ABT 245 Administrative Management
- ABT 254 Medical Workshop
- CMA 130 CMA Administrative Medical Office Procedures
- HCA 180 Introduction to Healthcare Administration
- HCA 182 Healthcare Resource Management and Strategic Planning
- HCA 184 Healthcare Revenue Cycle
- HCA 187 Topics in Public Health
- HCA 280 Medicolegal Aspects of Healthcare Administration
- HIT 101 Introduction to Health Information Technology
- HIT 151 Medical Terminology
- HIT 154 Computer Software Applications in Healthcare
- HIT 160 Introduction to Healthcare Data Analytics
- HIT 161 Excel and Data Management for Healthcare Data Analytics
- HIT 175 Study of Disease for HIM Professionals

The following curricula are offered by this Department:

**Administrative Business Technology - Admin Support (A.A.S.)**

The legal option offers students the opportunity to learn skills in keyboarding, word processing, and legal office procedures. The legal curriculum concentrates on the areas of civil litigation, wills and probates, and real estate. In addition, students will learn about the Federal and New York Court Systems. Graduates are qualified to work in law firms, which are engaged in general or specialized practice or in legal departments of large corporations, civil service, insurance companies, law publishers, or the courts. During the final semester, all students participate in a legal internship program. Students intern in law firms, the Nassau County District Attorney’s office, or in the Courts.

**Administrative Business Technology - Medical (A.A.S.)**

The medical curriculum offers students the opportunity to acquire the skills necessary to seek employment in doctors’ offices, hospitals, research institutions, insurance and pharmaceutical companies, and other healthcare facilities. Students take courses in medical terminology, medical transcription, medical coding, medical billing, and medical office procedures. During the final semester, all students participate in a medical internship program. They intern in doctors’ offices, hospitals, research institutions, insurance and pharmaceutical companies, and other healthcare facilities.

Health Information Technology (A.A.S.) The HIM AAS degree is accredited by The Commission on Accreditation of Health Informatics and Information Management Education (CAHIIM).

The AAS Degree in HIT is designed to prepare students, through coursework and internships, for employment as health information technicians. Health information technicians organize and manage health information data. They ensure the quality of medical records by verifying their completeness, accuracy, and proper entry into computer systems. They use various computer applications to assemble, analyze, and categorize patient information for insurance reimbursement purposes, for databases and registries, and to maintain patients’ medical and treatment records.
Program Mission
The mission of the Health Information Technology program is to provide students with foundational knowledge to develop skills required for entry-level positions in the field of health information management. The students are provided a comprehensive learning experience through structured classroom lecture as well as hands-on internship experience. The curriculum focuses on skills required for employment including health record administration, coding, revenue cycle management, quality assurance, electronic records management and patient information privacy and security. Coursework provides knowledge and the skill-based competencies necessary for successful completion of the national health information technician and coding credentialing exams. The HIT program curriculum prepares students for employment directly upon completion of their education, as well as provides transfer paths for those who wish to continue their education at a four-year institution.

Health Information Technology (Cert.)
The HIT Certificate is an AHIMA-approved coding program. The Health Information Technology (HIT) Medical Coding certificate is designed for individuals who are interested in working in the field of medical coding. Instruction includes courses in medical terminology, introduction to health information technology, CPT coding, ICD coding, computer software applications in healthcare, reimbursement methodologies, anatomy and physiology, pathophysiology, and pharmacology. During the final semester, students participate in a medical coding internship program. They intern in hospitals, physicians' offices, ambulatory care centers, and other healthcare facilities. Successful completion of the certificate prepares students to sit for the entry-level national coding certification exam CCA (Certified Coding Associate) and provides the educational coursework required for the mastery coding certification exams CCS (Certified Coding Specialist) and CCS-P (Certified Coding Specialist-Physician based). The Comprehensive Coding Program is approved by the AHIMA Professional Certificate Approval Program (PCAP). This designation acknowledges the coding program as having been evaluated by a peer review process using a national minimum set of standards for entry-level coding professionals. This process allows academic institutions to be acknowledged as offering an AHIMA Approved Coding Certificate Program.

Most of these credits may be applied toward a degree in Health Information Technology; students are also eligible to go directly into the workforce.

Reinforcement Learning Center
The Reinforcement Learning Center (Cluster A, Room 115) facility is open Monday through Saturday and is staffed by technical assistants who offer reinforcement for all subjects taught in the Administrative Business Technology/Health Information Technology Department. Students in need of assistance in various software programs or who wish to reinforce skills are encouraged to use the Reinforcement Learning Center.

For advisement, email the Administrative Business Technology/Health Information Technology (ABT/HIT) Department at Admin.Bus.Tech@ncc.edu.
Administrative Business Technology–Admin Support (A.A.S.)
This curriculum provides students with a broad conceptual framework in office automation and information systems combined with a strong learning experience in communication skills, management, keyboarding, and computer applications. This program includes an up-to-date curriculum that incorporates word processing, spreadsheets, database applications, desktop publishing, and web page formatting. During the final semester, all students participate in an internship program. Depending on their major, administrative business technology students intern at local hospitals, medical offices, urgent care centers, law firms, the Nassau County District Attorney’s office, and in general offices.

Health Information Technology (A.A.S.)
The AAS Degree in HIT is designed to prepare students, through coursework and internships, for employment as health information technicians. Health information technicians organize and manage health information data. They ensure the quality of medical records by verifying their completeness, accuracy, and proper entry into computer systems. They use various computer applications to assemble, analyze, and categorize patient information for insurance reimbursement purposes, for databases and registries, and to maintain patients’ medical and treatment records.

The Associate Degree Health Information Management Program is in Candidacy Status, pending accreditation review by the Commission on Accreditation for Health Informatics and Information Management Education (CAHIIM).

Program Mission
The mission of the Health Information Technology program is to provide students with foundational knowledge to develop skills required for entry-level positions in the field of health information management. The students are provided a comprehensive learning experience through structured classroom lecture as well as hands-on internship experience. The curriculum focuses on skills required for employment including health record administration, coding, revenue cycle management, quality assurance, electronic records management and patient information privacy and security. Coursework provides knowledge and the skill-based competencies necessary for successful completion of the national health information technician and coding credentialing exams. The HIT program curriculum prepares students for employment directly upon completion of their education, as well as provides transfer paths for those who wish to continue their education at a four-year institution. During the final semester, students participate in a medical coding internship program. They intern in hospitals, physicians' offices, ambulatory care centers, and other healthcare facilities.

Health Information Technology (Cert.)
The HIT Certificate is an AHIMA-approved coding program. The Health Information Technology (HIT) Medical Coding certificate is designed for individuals who are interested in working in the field of medical coding. Instruction includes courses in medical terminology, introduction to health information technology, CPT coding, ICD coding, computer software applications in healthcare, reimbursement methodologies, anatomy and physiology, pathophysiology, and pharmacology. During the final semester, students participate in a medical coding internship program. They intern in hospitals, physicians' offices, ambulatory care centers, and other healthcare facilities. Successful completion of the certificate prepares students to sit for the entry-level national coding certification exam CCA (Certified Coding Associate) and provides the educational coursework required for the mastery coding certification exams CCS (Certified Coding Specialist) and CCS-P (Certified Coding Specialist-Physician based).

The Comprehensive Coding Program is approved by the AHIMA Professional Certificate Approval Program (PCAP). This designation acknowledges the coding program as having been evaluated by a peer review process using a national minimum set of standards for entry-level coding professionals. This process allows academic institutions to be acknowledged as offering an AHIMA Approved Coding Certificate Program.

The following curriculum is offered by this Department:

Liberal Arts & Sciences: Afro-American Studies (A.A.)

The Department offers three basic options to students:

1. Courses that transfer to a Baccalaureate program in Africana Studies, Elementary or Secondary Education, the Social Sciences or Humanities.
2. Courses relevant to career-oriented training for human service fields such as health, community planning and development, education and social services.
3. Courses to serve as electives in English, Social Science, and Humanities. Africana Studies courses are open to all students.

CHAIRPERSON: Gary Klinger, Gary.Klinger@ncc.edu

COURSES OFFERED: Allied Health Sciences (AHS)

The Department of Allied Health Sciences (AHS) offers six specialized allied health science career programs as well as core courses in anatomy and physiology, medical microbiology and introduction to allied health sciences. AHS career programs are independently accredited by nationally recognized and specialized accrediting bodies and are subject to their respective accreditation requirements and ongoing oversight. Required clinical experience in affiliating institutions is correlated with classroom and laboratory work, and is closely supervised by professional personnel.

Departmental Requirements and Guidelines:

1. Applicants to AHS career programs are subject to the admission and re-admission requirements, deadlines, policies and procedures established by their respective academic departments.
2. If the NCC placement examination indicates a need for remediation in English, mathematics, or reading, remediation must be completed before entering AHS career programs.
3. AHS career program students must meet the technical standards of their respective programs, be of good moral character, and may be subject to criminal background checks and random drug screening.
4. AHS career program students must comply with all health requirements of the NCC Department of Student Health Services, the respective AHS career program, and the program’s clinical affiliates including those related to training in, and adherence to, Bloodborne Universal Precautions, The Health Insurance Portability and Accountability Act of 1996 (HIPAA) and New York State vaccination requirements.
5. AHS career program students are subject to all administrative, academic, cognitive, technical, behavioral, and professional appearance and dress code standards and requirements published by their respective programs. These include adherence to professional standards of appearance, conduct and behavior in all classroom, laboratory and clinical settings. In accord with the established procedures of their respective program, AHS career program students are subject to disciplinary action or program dismissal for violations of these requirements.
6. Unless a higher minimum grade is established by an individual AHS career program, a minimum grade of “C” is required in all AHS courses to qualify for programmatic advancement.
7. AHS career program students are required to supply their own transportation to clinical settings.
8. AHS career program students may be subject to additional fees associated with required: background and/or drug testing; access to clinical record documentation systems; access to credential and/or licensure examination review and self-assessment programs; site-imposed fees associated with attendance at clinical affiliates and/or additional medical exams/clearances needed to satisfy clinical site requirements.
9. AHS career program students must supply their own required uniforms and any required accessories and equipment.
10. No courses in the Department of Allied Health Sciences may be audited with the exception of AHS 131- AHS 132 if approved by the Chairperson.

The following curricula are offered by this Department:

Medical Laboratory Technician (A.A.S.) – The Medical Laboratory Technician program is a two-year (plus two summer sessions) course of study leading to an Associate in Applied Science degree. The program provides educational course requirements and clinical training for a career as a medical laboratory technician. Students learn the theory and principles of routine laboratory procedures and their role in detection, diagnosis and treatment of disease. They perform tests using contemporary, automated and computerized instrumentation in all sections of the laboratory. The curriculum includes courses in liberal arts and the basics sciences as well as specialized course offerings in the major areas of clinical laboratory science. Students complete a clinical internship in the fourth semester and final summer session at one of several affiliated hospital laboratories. Students who wish to pursue Bachelor Degree programs may do so but should seek advisement. To be eligible for admission to the Medical Laboratory Technician Program, candidates must meet academic requirements, be legally eligible for employment and licensure in the United States at the time of application, and be of "good moral character" as defined by the New York State Department of Health applicable to the profession of Medical Laboratory Technology. Students are admitted in the fall only and must be available for full-time study in the last spring and summer semesters.

The program is accredited by the National Accrediting Agency for Clinical Laboratory Science (NAACLS), 5600 N. River Road, Suite 720, Rosemont IL, 60018, 773.714.8880. Graduating students are eligible to take all examinations offered for certification and licensure.

Physical Therapist Assistant (A.A.S.) - The Physical Therapist Assistant (PTA) is a member of the health care team who provides Physical Therapy under the direction and supervision of a Physical Therapist. The PTA uses a variety of physical therapy interventions to provide treatments to improve the human experience across the lifespan. Interventions may include therapeutic exercises, functional training, manual therapy, and pain relieving modalities. PTA’s can work in a variety of settings including sports medicine facilities, outpatient clinics, schools, rehabilitation centers, nursing homes, hospitals, home care, athletic teams and health service agencies.

Upon successful completion, the student will receive the Associate in Applied Science (A.A.S) degree, and will be eligible to take the national licensing exam which will lead to certification by the State of New York as a Physical Therapist Assistant. When applying for certification as a PTA, the graduate will be required to show evidence of his or her current name and any previous names used, any criminal records and citizenship or legal status in the United States.

The program is affiliated with more than eighty clinical education sites in Nassau and Suffolk, the five boroughs, and upstate New York. The campus has two laboratories fully equipped with machinery and accessories found in a variety of physical therapy settings.

90
The P.T.A. courses are offered during the day only. Students are admitted in the fall only and must be available for full-time study in the last semester. The P.T.A. Program has been designed as a career program leading to employment at the end of two years of study. However, after completing additional credits and a bachelor’s degree, students will be eligible to apply for competitive transfer into a doctoral level physical therapy program.

The program is accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE) of the American Physical Therapy Association (APTA), 1111 North Fairfax Street, Alexandria, Virginia 22314; telephone: 703.706.3245; email: accreditation@apta.org; website: www.capteonline.org.

Radiation Therapy Technology (A.A.S.) - Radiologic Tech: Radiation Therapy Technology (A.A.S.) - The Radiation Therapy program is a two-year (four semesters and three summer sessions) program leading to the Associate in Applied Science degree. Radiation Therapy courses are only offered during the day and students are admitted to the program during the Fall semester only. Graduates are eligible to take the American Registry of Radiologic Technologists examination to become Registered Radiation Therapists and obtain New York State Licensure. Radiation Therapists primarily treat cancer patients by applying ionizing radiation according to a radiation oncologist's prescription, using a variety of complex treatment techniques and equipment. The Radiation Therapy program combines technical and liberal arts courses given at Nassau Community College with off campus clinical education at various affiliated hospitals and free-standing cancer centers. Students will rotate to different clinical settings ranging throughout Manhattan, Queens, Nassau and Suffolk Counties. The program maintains a fully functional VERT lab (virtual simulation), a state-of-the-art reality training system in radiation therapy, and a physics lab for treatment planning.

An additional $50 per student OSHA training fee for each clinical rotation may apply. The Test for Essential Academic Skills (TEAS) is required for all applicants.

To be eligible for admission to the Radiation Therapy Program, candidates must meet academic requirements and be 18 years of age by the start of the first day of the first semester. Students must be legally eligible for employment and licensure in the United States at the time of application and be of “good moral character” as defined by the New York State Department of Health, applicable to the profession of Radiation Therapy. An interview is required. Background checks and physicals, including drug testing, are required upon acceptance and is at the cost of the student. Acceptance into the Radiation Therapy program is conditional, based upon the outcome of your background check and drug testing.

This program is accredited by the New York Department of Health and the Joint Committee on Education in Radiologic Technology, www.jrcert.org, 20 N. Wacker Drive, Suite 2850, Chicago, Illinois 60606. All students are expected to follow the policies as set forth in the college catalog and in the Radiation Therapy Student handbook.

Radiologic Technology (A.A.S.) - The Radiologic Technology program is a two-year (i.e., four semesters and three summer sessions) program leading to the Associate in Applied Science degree. This is a day only program starting each Fall semester. The curriculum combines liberal arts studies and technical courses with clinical education at affiliated hospitals in Nassau and Suffolk counties. The Radiologic Technology student is trained to work under the supervision of a physician in the diagnostic applications of x-rays. Responsibilities of the Radiologic Technologist include: positioning of patients, handling of complex equipment, and utilizing radiation protection devices. In addition to these technical skills, the technologist's duties require him/her to attend to the physical and emotional needs of patients who are often acutely ill or seriously injured. The program is accredited under the Nassau Community College accreditation granted by The Middle States Association of Colleges and Schools, and by the New York State Department of Health. Graduates are eligible to take the American Registry of Radiologic Technologists examination to become a Registered Radiologic Technologist and to obtain New York State Licensure. Opportunities for professional advancement and continuing education at the B.S. degree level are available.

The program maintains two fully functional radiologic suites. These radiology rooms are designs to give the radiology student a comprehensive training in all aspects of radiology imaging. Both radiology suites are equipped with the latest imaging modalities; DR imaging, CR imaging, and film imaging.

To be eligible for admission to the Radiologic Technology Program, candidates must meet academic requirements, must be legally eligible for employment and licensure in the United States at the time of application, and must be of "good moral character” as defined by the New York State Department of Health applicable to the profession of Radiologic Technology.

Respiratory Care (A.A.S.) - Respiratory Care is an allied health specialty concerned with the performance of diagnostic cardiopulmonary evaluation and respiratory therapy treatment applied to patients with deficiency and abnormalities of the cardiopulmonary system. It includes related education of the patient, family, and public. Cardiopulmonary evaluation includes the acquisition, analysis and interpretation of data obtained from physiologic specimens, performance of diagnostic tests, studies and research of the cardiopulmonary system, as well as neurophysiologic studies related to respiratory care. Specific testing techniques are employed in respiratory care to assist in diagnosis, monitoring treatment and research. This is understood to include measurement of ventilatory volumes, pressures, flows, blood gas analysis and other related physiologic monitoring. Respiratory therapy techniques include the application and monitoring of medical gases and related administration apparatus, environmental control systems, humidification systems, aerosols, inhaled medications, ventilatory support, bronchopulmonary drainage, pulmonary rehabilitation, cardiopulmonary resuscitation and airway management.

The Respiratory Care program is designed to train the student for a career as a respiratory therapist. It is a two-year course of study leading to the Associate in Applied Science (A.A.S.) degree. In addition, graduates are eligible for nationally recognize certification and registration through the National Board for Respiratory Care, and for licensure by the New York State Education Department. To be eligible for admission to the Respiratory Care Program candidates must meet academic requirements, must be legally eligible for employment and licensure in the United States at the time of application, and must be of "good moral character” as defined in the New York State Education Law as applicable to the profession of the Respiratory Care, and must pass a criminal background check.

Nassau Community College: https://collegecatalog.ncc.edu/current
The Respiratory Care curriculum is a balance of courses in the liberal arts and basic sciences as well as more specialized technical and clinical courses. Clinical, laboratory, and classroom training is structured to provide a comprehensive understanding of modern respiratory care techniques. Graduates are trained in diagnostic and therapeutic techniques for adult, pediatric and neonatal patients, and upon graduation are prepared to work in all areas of the field including intensive-critical-emergency care, general respiratory care, and rehabilitation and home care for cardiopulmonary patients. This program is nationally accredited by the Commission on Accreditation for Respiratory Care.

Surgical Technology (A.A.S.) - The Surgical Technology student is prepared to assume the role of surgical technologist in any surgical setting. In this program, the student is prepared to function in the areas of scrub, circulating assistant, and second assistant during surgical and obstetrical procedures. The graduate surgical technologist may elect to specialize in a particular area of surgery such as open heart, neuro, eye, orthopedics, and many others. Graduates are also employed in interventional suites, delivery rooms, ambulatory surgery centers, central supply units, organ retrieval/transplant teams, and surgical equipment sales. This two-year program leads to an Associate in Applied Science Degree and is accredited by the Committee on Accreditation of Allied Health Education Programs (CAAHEP) upon recommendation from the Accreditation Review Council on Education in Surgical Technology and Surgical Assisting (ARC/STSA).

- The Surgical Technology courses are offered during the day only and students are admitted only in the Fall semester.
- A minimum grade of "C" is required in all AHS courses to qualify for programmatic advancement.
- Graduates are required to take the National Board of Surgical Technology and Surgical Assisting (NBSTSA) National Certifying Examination for Certified Surgical Technologists (CST).
- All candidates must be legally eligible for employment and certification in the United States at the time of application.
- You must be of good moral character as defined in the New York State Education Law as applicable to the profession of Surgical Technology.
- Background checks and random drug testing are required upon acceptance.
- Acceptance into the Surgical Technology program is conditional, based upon the outcome of your background check and random drug testing.
- Meeting all these requirements does not guarantee an interview or acceptance.
- Accepted students are expected to follow the policies as set forth in the college catalog and in the Surgical Technology Student Handbook.

The Surgical Technology Program Student Handbook is available for review for current and potential students. Call 516.572.9640 ext. 26568 for details. The CST is widely recognized in the health care community as the foremost credential for surgical technologists in the nation and required for employment in NYS. Beginning in 2013, the program has annually received the National Merit Award from the National Board of Surgical Technology and Surgical Assisting (NBSTSA) for achieving a 90% or higher graduate pass rate on the Certified Surgical Technologist (CST) examination.

Surgical Technology Program Learning Outcomes:

1. Program will prepare competent entry-level professionals in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains.
2. Students will perform at an acceptable level meeting stated academic, clinical and professional criteria.
3. Students will have the ability to provide a safe patient environment by being proficient in:
   - OR Environment
   - Aseptic Technique
   - Chemical Agents
   - Sterilization
   - Operation of Equipment
   - Instrumentation
   - Transport of Patient
   - Positioning
   - Skin Preparation
   - Drainage Tubes and Devices
   - Surgical Procedures
   - Drugs and Calculations
4. All students will register for, take and pass the NBSTSA National Certification Exam.
5. Graduates will be qualified competent entry level CST personnel.

Program Effectiveness Trends Data:

1. Five-Year Average Program Completion Rate: **85%**
2. Five-Year Average Job Placement rate: **97%**
3. Five-Year Average Employer Satisfaction Rate: **100%**
4. Five-Year Average Credentialing Examination pass rate, CST (1st attempt): **98%**
   - 2019 CST Exam Pass Rate (1st attempt): **100%**
5. Five-Year Average Graduate Satisfaction Rate: **99%**

**Physical Therapist Assistant (A.A.S.)**

- **Physical Therapist Assistant (PTA)** is a member of the health care team who provides Physical Therapy under the direction and supervision of a Physical Therapist. The PTA uses a variety of physical therapy interventions to provide treatments to improve the human experience across the lifespan. Interventions may include therapeutic exercises, functional training, manual therapy, and pain relieving modalities. PTA’s can work in a variety of settings including sports medicine facilities, outpatient clinics, schools, rehabilitation centers, nursing homes, hospitals, home care, athletic teams and health service agencies.

Upon successful completion, the student will receive the Associate in Applied Science (A.A.S) degree, and will be eligible to take the national licensing exam which will lead to certification by the State of New York as a Physical Therapist Assistant. When applying for certification as a PTA, the graduate will be required to show evidence of his or her current name and any previous names used, any criminal records and citizenship or legal status in the United States.

The program is affiliated with more than eighty clinical education sites in Nassau and Suffolk, the five boroughs, and upstate New York. The campus has two laboratories fully equipped with machinery and accessories found in a variety of physical therapy settings.

The PTA courses are offered during the day only. Students are admitted in the fall only and must be available for full-time study in the last semester. The P.T.A. Program has been designed as a career program leading to employment at the end of two years of study. However, after completing additional credits and a bachelor’s degree, students will be eligible to apply for competitive transfer into a doctoral level physical therapy program.

The program is accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE) of the American Physical Therapy Association (APTA), 1111 North Fairfax Street, Alexandria, Virginia 22314; telephone: 703.706.3245; email: accreditation@apta.org; website: www.capteonline.org.

Radiologic Technology (A.A.S.) - The Radiologic Technology program is a two-year (i.e., four semesters and three summer sessions) program leading to the Associate in Applied Science degree. This is a day only program starting each Fall semester. The curriculum combines liberal arts studies and technical courses with clinical education at affiliated hospitals in Nassau and Suffolk counties. The Radiologic Technology student is trained to work under the supervision of a physician in the diagnostic applications of x-rays. Responsibilities of the Radiologic Technologist include; positioning of patients, handling of complex equipment, and utilizing radiation protection devices. In addition to these technical skills, the technologist's duties require him/her to attend to the physical and emotional needs of patients who are often acutely ill or seriously injured. The program is accredited under the Nassau Community College accreditation granted by The Middle States Association of Colleges and Schools, and by the New York State Department of Health. Graduates are eligible to take the American Registry of Radiologic Technologists examination to become a Registered Radiologic Technologist and to obtain New York State Licensure. Opportunities for professional advancement and continuing education at the B.S. degree level are available.

The program maintains two fully functional radiologic suites. These radiology rooms are designed to give the radiology student a comprehensive training in all aspects of radiology imaging. Both radiology suites are equipped with the latest imaging modalities; DR imaging, CR imaging, and film imaging. To be eligible for admission to the Radiologic Technology Program, candidates must meet academic requirements, must be legally eligible for employment and licensure in the United States at the time of application, and must be of “good moral character” as defined by the New York State Department of Health applicable to the profession of Radiologic Technology.

Nassau Community College: https://collegecatalog.ncc.edu/current
Radiologic Tech: Radiation Therapy Technology (A.A.S.) - The Radiation Therapy program is a two-year (four semesters and three summer sessions) program leading to the Associate in Applied Science degree. Radiation Therapy courses are only offered during the day and students are admitted to the program during the Fall semester only. Graduates are eligible to take the American Registry of Radiologic Technologists examination to become Registered Radiation Therapists and obtain New York State Licensure. Radiation Therapists primarily treat cancer patients by applying ionizing radiation according to a radiation oncologist's prescription, using a variety of complex treatment techniques and equipment. The Radiation Therapy program combines technical and liberal arts courses given at Nassau Community College with off campus clinical education at various affiliated hospitals and free-standing cancer centers. Students will rotate to different clinical settings ranging throughout Manhattan, Queens, Nassau and Suffolk Counties. The program maintains a fully functional VERT lab (virtual simulation), a state-of-the-art reality training system in radiation therapy, and a physics lab for treatment planning.

An additional $50 per student OSHA training fee for each clinical rotation may apply. The Test for Essential Academic Skills (TEAS) is required for all applicants.

To be eligible for admission to the Radiation Therapy Program, candidates must meet academic requirements and be 18 years of age by the start of the first day of the first semester. Students must be legally eligible for employment and licensure in the United States at the time of application and be of “good moral character” as defined by the New York State Department of Health, applicable to the profession of Radiation Therapy. An interview is required. Background checks and physicals, including drug testing, are required upon acceptance and is at the cost of the student. Acceptance into the Radiation Therapy program is conditional, based upon the outcome of your background check and drug testing.

This program is accredited by the New York Department of Health and the Joint Committee on Education in Radiologic Technology, www.jrcert.org, 20 N. Wacker Drive, Suite 2850, Chicago, Illinois 60606. All students are expected to follow the policies as set forth in the College Catalog and in the Radiation Therapy Student handbook.

Respiratory Care (A.A.S.) - Respiratory Care is an allied health specialty concerned with the performance of diagnostic cardiopulmonary evaluation and respiratory therapy treatment applied to patients with deficiency and abnormalities of the cardiopulmonary system. It includes related education of the patient, family, and public. Cardiopulmonary evaluation includes the acquisition, analysis and interpretation of data obtained from physiologic specimens, performance of diagnostic tests, studies and research of the cardiopulmonary system, as well as neurophysiologic studies related to respiratory care. Specific testing techniques are employed in respiratory care to assist in diagnosis, monitoring treatment and research. This is understood to include measurement of ventilatory volumes, pressures, flows, blood gas analysis and other related physiologic monitoring. Respiratory therapy techniques include the application and monitoring of medical gases and related administration apparatus, environmental control systems, humidification systems, aerosols, inhaled medications, ventilatory support, bronchopulmonary drainage, pulmonary rehabilitation, cardiopulmonary resuscitation and airway management.

The Respiratory Care program is designed to train the student for a career as a respiratory therapist. It is a two-year course of study leading to the Associate in Applied Science (A.A.S.) degree. In addition, graduates are eligible for nationally recognize certification and registration through the National Board for Respiratory Care, and for licensure by the New York State Education Department. To be eligible for admission to the Respiratory Care Program candidates must meet academic requirements, must be legally eligible for employment and licensure in the United States at the time of application, and must be of "good moral character" as defined in the New York State Education Law as applicable to the profession of the Respiratory Care, and must pass a criminal background check. The Respiratory Care curriculum is a balance of courses in the liberal arts and basic sciences as well as more specialized technical and clinical courses. Clinical, laboratory, and classroom training is structured to provide a comprehensive understanding of modern respiratory care techniques.

Graduates are trained in diagnostic and therapeutic techniques for adult, pediatric and neonatal patients, and upon graduation are prepared to work in all areas of the field including intensive-critical-emergency care, general respiratory care, and rehabilitation and home care for cardiopulmonary patients. This program is nationally accredited by the Commission on Accreditation for Respiratory Care.

Surgical Technology (A.A.S.) - The Surgical Technology student is prepared to assume the role of surgical technologist in any surgical setting. In this program, the student is prepared to function in the areas of scrub, circulating assistant, and second assistant during surgical and obstetrical procedures. The graduate surgical technologist may elect to specialize in a particular area of surgery such as open heart, neuro, eye, orthopedics, and many others. Graduates are also employed in interventional suites, delivery rooms, ambulatory surgery centers, central supply units, organ retrieval/transplant teams, and surgical equipment sales. This two-year program leads to an Associate in Applied Science Degree and is accredited by the Committee on Accreditation of Allied Health Education Programs (CAAHEP) upon recommendation from the Accreditation Review Council on Education in Surgical Technology and Surgical Assisting (ARC/STSA).

- The Surgical Technology courses are offered during the day only and students are admitted only in the Fall semester.
- A minimum grade of "C" is required in all AHS courses to qualify for programmatic advancement.
- Graduates are required to take the National Board of Surgical Technology and Surgical Assisting (NBSTSA) National Certifying Examination for Certified Surgical Technologists (CST).
- All candidates must be legally eligible for employment and certification in the United States at the time of application.
- You must be of good moral character as defined in the New York State Education Law as applicable to the profession of Surgical Technology.
- Background checks and random drug testing are required upon acceptance.
- Acceptance into the Surgical Technology program is conditional, based upon the outcome of your background check and random drug testing.
- Meeting all these requirements does not guarantee an interview or acceptance.
- Accepted students must be able to complete the minimum 120 clinical case requirement in the “first scrub” and “second scrub” roles.
- Accepted students are expected to follow the policies as set forth in the college catalog and in the Surgical Technology Student Handbook.

The Surgical Technology Program Student Handbook is available for review for current and potential students. Call 516.572.9640 ext. 26568 for details. The CST is widely recognized in the health care community as the foremost credential for surgical technologists in the nation and required for employment in NYS. Beginning in 2013, the program has annually received the National Merit Award from the National Board of Surgical Technology and Surgical Assisting (NBSTSA) for achieving a 90% or higher graduate pass rate on the Certified Surgical Technologist (CST) examination.

Surgical Technology Program Learning Outcomes:

1. Program will prepare competent entry-level professionals in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains.
2. Students will perform at an acceptable level meeting stated academic, clinical and professional criteria.
3. Students will have the ability to provide a safe patient environment by being proficient in:
   - OR Environment
   - Aseptic Technique
   - Chemical Agents
   - Sterilization
   - Operation of Equipment
   - Instrumentation
   - Transport of Patient
   - Positioning
   - Skin Preparation
   - Drainage Tubes and Devices
   - Surgical Procedures
   - Drugs and Calculations
4. All students will register for, take and pass the NBSTSA National Certification Exam.
5. Graduates will be qualified competent entry level CST personnel.

Program Effectiveness Trends Data:

1. Five-Year Average Program Completion Rate: 85%
2. Five-Year Average Job Placement rate: 97%
3. Five-Year Average Employer Satisfaction Rate: 100%
4. Five-Year Average Credentialing Examination pass rate, CST (1st attempt): 98%
   - 2019 CST Exam Pass Rate (1st attempt): 100%
5. Five-Year Average Graduate Satisfaction Rate: 99%

COURSES OFFERED: Biology (BIO)

The Department of Biology provides a strong program designed to enable students to transfer to an upper division college of their choice. Offering a wide variety of courses, the Biology Department seeks to serve those students wishing to pursue a career in the biological sciences as well as those students who simply wish to explore the field of biology. Whether designed for the science student or the non-science student, all of our laboratory courses will satisfy the science requirement for an associate degree and all Biology courses can be used for elective credit. As a service for students pursuing a career in the biological sciences, the Biology Department has developed articulation agreements with various branches of SUNY, Albany and Stony Brook for example, and many of the local private institutions.

In addition to providing students with the course work necessary for career preparation, the Biology Department offers extensive career advisement for all areas of the biological sciences. Students preparing for careers in areas such as medicine, dentistry, chiropractic, podiatry, veterinary medicine, pharmacy, forestry, environmental science, biological research, etc., are encouraged to see departmental advisors. The Department also houses a modern and fully functional transmission and scanning electron microscope facility and a 3-D visualization theater.

The following curriculum is offered by this Department: Biology (A.S.)

CHAIRPERSON: Dr. Alfredo Mellace, Alfredo.Mellace@ncc.edu

FACULTY: T. Black, D. Eilerman, V. Giannasio, C. Hicks, A. Mellace, D. Resch, E. Shenal

TECHNICAL ASSISTANTS: M. Beck, V. Sanchioli, R. Tavitian

COURSES OFFERED: Chemistry (CHE)

Students studying chemistry may elect to pursue the A.A. or A.S. degree. Graduates pursue careers in education, industry, government, environmental science, health sciences, medicine, dentistry, pharmacy, and veterinary medicine. The Department operates an experimental complex consisting of six teaching laboratories and support facilities, including equipment required for instrumental analysis and medical laboratory analysis. Chemistry students who enter the College with less than three years of high school mathematics should select mathematics by advisement. Students may not enroll in any chemistry courses while taking any remedial courses. Curriculum and program selections should be made in consultation with a departmental advisor. Consumer Chemistry, CHE 108, and Contemporary Topics in Chemistry, CHE 109, fulfill the science requirements. All chemistry courses may be applied toward the College's laboratory science degree requirements. Facilities on campus include the Chemistry Department Learning Center with tutorial support located in C-115.
OFFICE: Building II, Room 203, 516.572.7170

CHAIRPERSON: Jill Burgreen, Jill.Burgreen@ncc.edu

TECHNICAL ASSISTANTS: K. Beckman, P. D'Angelo

COURSES OFFERED: Communications (COM), American Sign Language (ASL)

Through the study and application of communications processes, content, and media, communications courses guide the student toward a better understanding of self and society and help develop more effective communications skills.

The department offers Associate of Arts Degrees in three areas: Communication Arts, American Sign Language and Media Studies. Moreover, courses are offered in areas such as: speech pathology, linguistics, business communications, culture and TV/film production.

The Communication Lab is a state-of-the-art computer lab which is available to, and supports, all students enrolled in communication courses. The lab has audio and video supplementary materials and software programs where students complete required course work and may also receive one-to-one assistant with course related assignments. The Communications Lab is located in Building F, Room 117. To verify hours, call 516.572.5422. Lab attendance is required for all ASL classes.

Field trips required for:

- ASL 152 American Sign Language I,
- ASL 153 American Sign Language II,
- ASL 252 American Sign Language III, and
- ASL 253 American Sign Language IV.

The following curricula are offered by this Department:

COURSES OFFERED: Criminal Justice (CRJ), Fire Science (FRS), Private Security Administration (PSA)

The Criminal Justice Department provides students with instruction in all areas of the criminal justice profession. We offer a broad liberal arts education, together with training and internships in the criminal justice system. The Department thoroughly familiarizes students with the functions of police, courts, correctional programs, law, protection management, crime prevention and their application to the community.

Criminal Justice (A.S.) - Students choosing this program will be prepared for further study in the areas of criminal justice, law, public administration, sociology, or government. The program is best suited for those students planning to transfer to a four-year school, but is often used for entry-level positions in the criminal justice system. All criminal justice majors are required to take at least one class in each of the following areas: Policing, Probation/Parole, Security Administration, in addition to CRJ 105 Foundations of the Justice System, CRJ 212 Research in Crime and Security and CRJ 225 Criminal Law.

Fire Science (A.S.) - The Fire Science Degree (A.S) is designed to help students understand the importance of the fire service in our society. This program prepares students for an opportunity for employment in the Fire service field. The student will receive a strong foundation in liberal arts while gaining specific knowledge in fire science.

The Emergency Management (A.S) - The Emergency Management program (A.S) is designed to help students understand the importance of emergency management in our society. Furthermore, this program prepares students for transfer to a four year degree program or an opportunity for employment in the Emergency Management field. The student will receive a strong foundation in liberal arts while gaining training and specific knowledge in emergency management.

CHAIRPERSON: Dr. Cheryl Novins, Cheryl.Novins@ncc.edu

COURSES OFFERED: Freshman Seminar (NCC), Reading (RDG), and Writing (WRT)

All matriculated students placing into WRT 001 (Foundation of Writing), RDG 001 (Individualized Reading and Study Improvement) and/or RDG 002 (Reading and Studying College Texts) are required to enroll in these courses in their first semester of attendance. These students will be advised by the Department of Critical Reading and Academic Advancement. Students are required to complete their non-credit classes successfully before being permitted to register for the next level of courses in Reading and English. Successful completion of each course is required. If RDG 001 (Individualized Reading and Study Improvement) is the original placement, RDG 002 (Reading and Studying College Texts) is required unless the student is exempted by meeting Department standards. For students for whom English is not their first language, the Department of Reading and Basic Education offers a Reading course, RDG 030 (Rdg ESL 3 - Reading and Study for the Foreign Student), at the college preparatory level of instruction.

The Department of Critical Reading and Academic Advancement also offers several credit-bearing courses:

- RDG 101 Effective College Reading
- RDG 102 Speed Reading
- RDG 103 Reading the New Media
- RDG 104 News on the Net
- NCC 101 Freshman Seminar: The College Experience

The DCRAA Help Center
The DCRAA Help Center is open to all students who are currently enrolled in a class offered by the department. This lab offers open lab time, one-on-one and group tutoring, and workshops throughout the semester.

The DCRAA Help Center for Students with Disabilities
The DCRAA Help Center for Students with Disabilities is open to those students in DCRAA courses who self-identify and have documented accommodations for learning disabilities. This lab offers one-on-one tutoring as well as testing accommodations.

For more information, contact the Department of Critical Reading and Academic Advancement at 516.572.7464.
ECONOMICS AND FINANCE
College Catalog 2020 - 2021

OFFICE: Building G, Room 155, 516.572.7181

CHAIRPERSON: Darleen Braunshweiger, Darleen.Monaco@ncc.edu

FACULTY: T. Ayala, R. Deriso, G. Frost, K. King, E. Weeks, D. Wolman

COURSES OFFERED: Economics (ECO), Finance (FIN),
Interdisciplinary Global Studies (IGS)

Economics and Finance provide a bridge between the liberal arts and business programs by offering fundamental survey courses to satisfy the degree requirements of both social science and business students. The Department's courses provide an understanding of the origins, characteristics, and functions of economic and financial systems. The courses will enable students to develop critical thinking skills while studying the structure and dynamics of the U.S. and global economies. Economic and financial analyses are used to examine individual, business, and public sector decision-making to ascertain how these decisions impact society.

Liberal arts and non-business students who wish to gain an overview of the economic and financial system in one semester should take Survey of Economics (ECO 100) or any other general theory courses such as: Personal Finance (ECO 110/FIN 110), Introduction to Finance (ECO 111/FIN 111), Economic Development of the United States (ECO 215), Economics of the Developing World (ECO 216), Economic Geography of the World (ECO 222), and History of Economic Thought (ECO 280).

Students who plan to pursue a Baccalaureate degree in Economics, Finance, or Business should begin their studies by taking Principles of Macroeconomics (ECO 207) and Principles of Microeconomics (ECO 208), both of which provide a foundation for more advanced study in economics and finance. Then, after faculty advisement, students may choose from the following: Introduction to Investments (ECO 112 / FIN 112), Economic Statistics (ECO 212), Money and Banking (ECO 213/FIN 213), Corporate Finance (ECO 214/FIN 214), Economics Development of the United States (ECO 215), Economics of the Developing World (ECO 216), Economic Geography of the World (ECO 222), Introduction to International Economics and Finance (ECO 230/FIN 230), History of Economic Thought (ECO 280), and Cooperative Education Internship (ECO 294/FIN 294). Students wishing to pursue study at the Baccalaureate level in economics or finance should consult an advisor in the Department of Economics and Finance.
The Physics courses available at NCC are designed to satisfy the requirements for instruction in Physics for students in many disciplines and meet the standards for transfer as "general education" courses within the various SUNY institutions. The sequences available include calculus and non-calculus based courses suitable to majors in Engineering, the Physical Sciences, Biological Sciences, Allied Health Sciences, Mathematics, and Education (High School Teachers of Physics). These courses may also be suitable for those students who have an interest in Physics and would like to satisfy their laboratory science requirement with courses in the discipline.

Telecommunications courses: The telecommunication courses at NCC are designed to satisfy the requirements and electives for the Computer Repair Technology program. The courses include basic electronic theory leading up to current and emerging technologies in telecommunications.
Computer Repair Technology (A.A.S.): The Computer Repair Technology curriculum is designed to provide the knowledge and skills necessary to install, maintain, and repair microcomputer hardware and systems, as well as furnish support services to system users. The program will develop the necessary foundation in electronics and computer programming related to computer systems and networking. It will also focus on computer systems and networking. Principles and skills necessary to operate, troubleshoot, install and repair various types of computer systems and networks will be stressed. Graduates will be able to diagnose system hardware or software failures and perform the remedial actions necessary to correct these problems based on a knowledge of the system's operation. At the completion of the degree, the student will be prepared for the A+ certification exams. The student will also be prepared for various network certification exams (MCSE).

Electrical Engineering Technology (A.A.S.): The Electrical Engineering Technology program is accredited by the Technology Accreditation Commission of the Accreditation Board for Engineering and Technology (TAC of ABET). The ELT program is also accredited by the Federal Aviation Association (FAA) and part of the Collegiate Training Initiative (FAA-CTI). [Accreditation Director for Engineering Technology, Accreditation Board for Engineering and Technology, 111 Market Place, Suite 1050, Baltimore, MD 21202] This curriculum prepares students as electronic technicians to enter such fields as aerospace, communications, digital computer controls, and energy conversion. Within these and related fields they may perform duties as part of a research and development team or a manufacturing, test, or service group. Graduates may continue their education by pursuing studies towards a Bachelor’s degree in engineering technology.

Engineering Science (A.S.): Curriculum content and the overall program have been reviewed and endorsed by the New York State Association of Engineering Colleges. As such, qualified graduates transfer as juniors to numerous outstanding accredited engineering colleges in New York State. This list includes transfer to such institutions as Polytechnic Institute, Manhattan College, Rochester Institute of Technology, Cornell University, Columbia University, Clarkson University, Hofstra University, Syracuse University, Union College, New York Institute of Technology, SUNY at Stony Brook, SUNY Maritime, SUNY at Buffalo and SUNY at Binghamton. The program is also accepted with liberal arts transfer credit at out-of-state accredited schools of engineering such as Penn State and the Stevens Institute of Technology.

Certificate in Construction Management is a one-year career oriented program which prepares the student for opportunities in construction contracting and management. The coursework prepares students to enter the field as assistant to the project superintendent or manager, estimator, scheduler, or inspector. Those individuals already in the field will gain skills and knowledge to further their careers at the safety management, site superintendent, and project management levels. The Certificate in Construction Management will also provide graduates of associate degree programs in Architectural or Civil Engineering Technology an opportunity to enhance their education or to focus on management career goals rather than those associated with design. Other professionals in architecture, management, and interior design may enroll in the program to understand the building design and construction process, construction budgets, estimates, and schedules; enhance computer skills in estimating, scheduling, and management software; acquire knowledge of contract documents, building codes, and zoning regulations; understand safety issues; and develop skills in management and dispute resolution.

Certificate in Sustainable Design and Renewable Energy is geared to all students of Nassau Community College interested in gaining a broad understanding of different topics in sustainable design and renewable energy. The certificate program will be taught by professionals in the field, including professional engineers and registered architects. The knowledge gained by the students in this program will aid them in procuring jobs in the green industry, in such fields as engineering, construction, financial, marketing, sales, maintenance, and many more. The sustainable design principles that students will learn in this program will allow them to better understand methods used worldwide by diverse populations.

Students graduating with this certificate could also continue on and seek certification by the USGBC (U.S. Green Building Council) and become a Green Associate.
CIVIL ENGINEERING TECHNOLOGY (A.A.S.)

Civil Engineering Technology (A.A.S.)–The Civil Engineering Technology program is accredited by the Technology Accreditation Commission of the Accreditation Board for Engineering and Technology (TAC of ABET). [Accreditation Director for Engineering Technology, Accreditation Board for Engineering and Technology, 111 Market Place, Suite 1050, Baltimore, MD 21202] The curriculum is balanced between liberal arts, mathematics, and civil engineering technology courses. Although many enter industry after graduation, others elect to transfer to Baccalaureate programs in engineering technology. Civil Engineering Technology graduates are guaranteed acceptance as juniors at Fairleigh Dickinson and Rochester Institute of Technology. Others have transferred to Pennsylvania State University, New Jersey Institute of Technology, University of North Carolina at Charlotte, and many other colleges. Civil engineering technicians are employed in all phases of the construction industry: small houses, building construction, highways, industrial plants, water supply, and sewage treatment plants. They work as concrete and steel designers, detailers, AutoCAD draftpersons, surveyors, estimators, construction superintendents, inspectors, and sales engineers. Their employers include architects; contractors; consulting engineers; land surveyors; equipment manufacturers; material suppliers; and federal, state, county, and town departments.

Course Substitutions - Course substitutions in the AAS Civil Engineering Technology degree program will be made only for courses with substantial equivalent content (over 80% equivalence to that of the NCC approved course outline) from transfer institutions. Course substitutions will only be granted upon written recommendation and after review of the content by a member of the full-time program faculty. The faculty findings will then be submitted to the Department Chairperson and the Dean of Math and Science for approval. Credit hour equivalence alone will not be an acceptable means to approve a substitution.

Life Experience Credit - Life Experience credit will be made for those students with ten or more years of experience of appropriate breadth and depth of exposure to topics and content in a given course. Life Experience credit is not readily given. Life Experience credit will be granted only upon written recommendation by a member of the full-time program faculty, after review of supporting material supplied by the student. The faculty findings will then be submitted to the Department Chairperson and the Dean of Math and Science for approval. Under no circumstance, will a student receive life experience for a 200-level course with the exception of CET 201 (Construction Estimating), CET 222 (Materials Testing Laboratory) and CET 231 (Elementary Surveying).

Prerequisite Waivers - Course prerequisite waivers will be granted only upon written recommendation by a member of the full-time program faculty, after review of supporting material supplied by the student. The faculty findings will then be submitted to the Department Chairperson and the Dean of Math and Science for approval.

2. Students are required to take two courses of college level math. These courses shall be MAT 109 College Algebra and Trigonometry or above. So they are required to take two of the following depending on their ability:
   • MAT 109 College Algebra and Trigonometry
   • MAT 111 Pre-Calculus
   • MAT 122 Calculus I
   • MAT 123 Calculus II
3. Choose from:
   • COM 101 Interpersonal Communications
   • ENG 111 Technical Writing
4. A student may take CET 201 Construction Estimating (2cr.) upon successful completion of:
   • CET 101 Residential Construction Methods
   • CET 103 Introductory Civil Engineering Technology
   • CET 150 Blueprint Reading
5. Students are required to take a two course sequence of Physics. Students shall have Math pre-requisites for each course. These courses shall be:
   • PHY 101 General Physics I
   • PHY 102 General Physics II
   or
   • PHY 151 Physics Science and Math I
   • PHY 152 Physics Science and Math II

Gainful Employment Disclosure Information
OFFICE: Bradley Hall, Room 13, 516.572.7185
CHAIRPERSON: Cathy E. Fagan, PhD., Cathy.Fagan@ncc.edu

COURSES OFFERED: English (ENG): The English Department aims to improve students’ abilities in critical thinking, information literacy, writing in the disciplines, creative writing, and the reading, discussing, analyzing and aesthetic appreciation of the varied genres of the literary arts. English is a desirable major concentration of undergraduate study for education, law, publishing, advertising and public relations, government service, journalism, creative writing, and other language-related fields. English is usefully combined as a minor concentration with premedical and other science-related fields.

The following curricula are offered by this Department:

The Creative Writing (A.A.) - The A.A. in Creative Writing provides students with knowledge and skills that will prepare them for a career in writing. The curriculum is also appropriate for students continuing onto a four-year institution where they may complete a Bachelor’s degree with a major in Creative Writing. After successfully completing ENG 102 Composition II or its honors counterpart ENG 109 The Art of Analysis/Honors English II requirement, students may pursue their creative writing interest in the following courses:

- ENG 115 Creative Writing
- ENG 116 Play and Screen Writing
- ENG 117 Fiction Writing
- ENG 118 Poetry Writing
- ENG 120 Creative Non-Fiction

Composition and Writing as a Craft
Composition I focuses on essay writing, research, citation, and the critical analysis of texts. Four courses meet this requirement:

- ENG 100 Enhanced Composition I
- ENG 100 ESL - Enhanced Composition I for English Language Learners
- ENG 101 Composition I
- ENG 108 The Craft of Composition / Honors English I

Composition II further develops the study and practice in composition and citation by analyzing literary works. Three courses meet this requirement:

- ENG 102 Composition II
- ENG 103 Writing in the Sciences
- ENG 109 The Art of Analysis/Honors English II

Additionally, students who seek to strengthen their grasp of language and writing in other ways can enroll in the following composition or creative writing electives:

Writing as a Craft

- ENG 105 Grammar: Structure and Strategy
- ENG 111 Technical Writing

- ENG 115 Creative Writing
- ENG 116 Play and Screen Writing
- ENG 117 Fiction Writing
- ENG 120 Creative Nonfiction Writing
- ENG 215 Journalism

Developmental and ESL Support
For students whose writing placement indicates a need for a developmental course, the English Department offers ENG 001 College Preparatory English as a co-requisite to ENG 101. Together, the courses form an Accelerated Learning Program (ALP) through which students meet with the same instructor for ENG 001 and ENG 101, for five hours weekly. ENG 001 supports the work of ENG 101 through small classes and lab work. By passing both courses, students fulfill their developmental writing requirement and earn 3 credits in Basic Communication toward their General Education requirements. Students with placement into RDG 001 may NOT take an ALP course and should contact the Department of Critical Reading and Academic Advancement (formerly the Department of Reading and Basic Education) for alternate courses.

ENG 030 English as a Second Language (ESL Writing III): This 6-hour weekly, non-credit course prepares non-native speakers of English to advance in the college-level writing required for work in all disciplines toward the earning of degree and certificate credentials.

ENG 001 ESL - College Preparatory English for English Language Learners: For students whose language needs and placement indicate intensive work in English language acquisition (particularly in writing), this specialized form of ENG 001 works with small class groups to prepare students to develop skills for college level essays.

Literature
Students concentrating in literary study with the intent of transferring to a four-year college are advised to take up to four courses in literature from at least three of the following categories before graduating from NCC. Students may also choose a composition or creative writing course from the “Writing as a Craft” category. Students are encouraged to work with faculty mentors in the department to explore colleges and programs that are the best fit for their interests and needs, and to consider specific transfer requirements for both SUNY institutions and private colleges.

Writing Center
The English Department's Writing Center is open to NCC students of all levels interested in improving their writing in any discipline. Faculty members offer individualized and group instruction in expository and creative writing, research and documentation, and basic grammar and usage. ESL students receive assistance in language development and learning. Tutoring can also take place at a networked computer or online by e-mail. In addition, students are welcome to use the Department's computer lab for word processing and internet research.

Scholarships in the English Department
Seven scholarships specific to the English Department are available to students transferring to a four-year college.
Creative Writing (A.A.)—The A. A. in Creative Writing provides students with knowledge and skills that will prepare them for a career in writing. The curriculum is also appropriate for students continuing onto a four-year institution where they may complete a Bachelor’s degree with a major in Creative Writing.

PROGRAMS OFFERED:
- Health Studies (A.S.)
- Physical Education Studies (A.S.)

COURSES OFFERED: Health and Physical Education (HED, PED)

The Department offers courses for students who wish to pursue a career in physical education. They are required to complete a minimum of eight activity courses PED 140 - PED 187, as well as PED 190 (Introduction to Physical Education), and HED 292 (Safety and First Aid). These courses are designed to develop attitudes, appreciation, personal skills, and applied techniques in all types of activities included in the broad physical education program. The Department offers an A.S. Degree in Health Studies. Students who wish to pursue careers in school or community health are required to take PED 291 (Personal Health for Physical Education and Health Majors), HED 293 (Community Health), and other courses by advisement. It is strongly recommended that interested students make an appointment with the health education advisor to ensure proper course selection.

Special Note to All Students:
Satisfactory completion of one of the following six courses may be required for some programs:
- HED 200 (Concepts of Healthful Living and Stress Management)
- HED 201 (Personal and Family Health)
- HED 231 (Death: Education: A Healthy Perspective)
- HED 251 (Human Sexuality)
- HED 271 (Alcoholism, Addictions, and Abusive Behaviors)
- HED 293 (Community Health)
The Associate in Science degree in Health Studies is designed to prepare students for transfer to a four-year Bachelor's Degree program in Health Studies or a health-related field of study. The program also prepares students to obtain entry-level positions in the field as it is designed to begin the professional preparation of health professionals working in communities, schools and work sites. Students receive a strong foundation in liberal arts as they complete general education requirements, while at the same time gaining specific knowledge of the importance of Health Studies as a profession. Graduates of the program will demonstrate effective research skills, an understanding of various influences that shape health values and perspectives as well as gain the ability to communicate and articulate appropriate language in the field of health studies.

The Physical Education Studies (A.S.) program is a two-year program that offers courses for students who wish to pursue a career in physical education. Students in the program can transfer to a four-year institution where they can complete a Bachelor’s degree and become certified to be a physical education teacher. Students are required to complete a number of specific physical education courses. These courses are designed to develop attitudes, appreciation, personal skills and applied techniques in all types of activities included in the broad physical education program. The department recommends that if a student wishes to certify for both Physical Education & Health Education, they should enroll in HED courses as general electives. It is strongly recommended that interested students make an appointment with the physical education or health education advisor to ensure proper course selection.

In the area of history, the Department offers basic courses in Western civilization and non-Western civilizations; in the field of political science, the Department offers courses in national, international, state, and local governments. A selective program of electives is also provided in history, geography, and political science designed to meet the varied needs of both the general student and the student who wishes to pursue those studies.

- Computer-assisted instruction is available in selected history courses.
- Students who wish to pursue history are advised to incorporate into their program a maximum of 18 history credits, including HIS 101 (History of Western Civilization through the 18th Century) - HIS 102 (History of Western Civilization since the 18th Century) and HIS 103 (History of the United States through the Civil War) - HIS 104 (History of the United States since the Civil War).
- It is also recommended they take at least 3 credits in political science. Students who wish to pursue political science must take a minimum of 12 credits in political science in addition to HIS 101 - HIS 102 or HIS 103 - HIS 104.
- Students wishing to study geography should take GEO 101 (People and Environment) plus available electives (GEO 103 - Human Geography, GEO 201 - Geography of Europe).
- History, economics, anthropology, geology, and environmental science courses are recommended as supplements.
- Students wishing to pursue study at the baccalaureate level in these subjects should see departmental advisors.

COURSES OFFERED: Culinary (CUL), Hospitality Business (HTL), Nutrition (NTR)

These professionally oriented programs offer students the opportunity to specialize in coursework related to the hospitality industry, and culminate in the A.A.S., A.S., and A.O.S. degrees and certificates. Students are prepared for professional and middle management positions in various areas of the industries. Hotel students may anticipate employment positions in various operations such as: guest service representation, hotel front desk, housekeeping, and auditing. Restaurant/Food Services Management students find employment as food and beverage managers, food service directors, and banquet and catering managers.

An A.S. degree in Food and Nutrition prepares students for careers in Nutrition Education and Dietetics. Specialized courses provide students with a wide range of knowledge in the industry. Students are exposed to current culinary laboratory and food production methods. In addition, on-the-job training is provided through a cooperative work experience program conducted with local industry professionals. A fully equipped laboratory features all the facilities necessary for students to prepare and serve meals. Computer Labs are used to assist the students in teaching the Hotel Front Office course, the Food and Beverage Operations course and the Food and Beverage Merchandising course. A state of the art dietary analysis program prepares students for healthcare facilities.

A course of study is available for certification in Dietary Management and Food Service Technology. Students are required to work at special food and beverage functions offered to the college community as part of their coursework.

The A.S. degree in Food and Nutrition is designed for students wishing to transfer to a four-year program in Nutrition with the goal of becoming a Registered Dietitian. The program provides the foundation courses, science courses and Food Service Management courses required by the Academic of Nutrition and Dietetics (AND) (formerly American Dietetic Association) for four-year programs in Dietetics, enabling students to transfer to those institutions with ease.

The Dietary Management one-year certificate program is for those students desiring certification as a Dietary Manager. The program is fully accredited by the Association of Nutrition and Food service Professionals (formerly Dietary Managers Association) and will combine our current course offerings with a Registered Dietitian supervised field experience. Graduates are eligible for membership in the Dietary Managers Association (DMA) and will be qualified to sit for the national credentialing exam to become a Certified Dietary Manager (CDM). The coursework will also allow the students to earn 30 college credits towards an A.A.S. degree in Food Service Management.

The following curricula are offered by this Department:

Culinary Arts (A.O.S.)

- Dietary Management Certificate
- Food and Nutrition (A.S.)
- Food Service Administration, Restaurant Management (A.A.S.)
- Food Service Technology Certificate
- Hotel Technology Administration (A.A.S.)

Multidisciplinary Science Courses (MDS) are 4-credit Laboratory Science classes and have been approved as SUNY GenEd requirements. There are currently two courses in this area. Connecting the Sciences - A Macroscopic Approach (MDS 101) examines scientific ideas, methodology, and principles by studying the evolution of the universe, solar system, and Earth. Connecting the Sciences - A Microscopic Approach (MDS 102) examines scientific ideas, methodology, and principles by studying the evolution of life through the organization of atoms into living and nonliving structures. Both of these courses emphasize “hands-on” laboratory investigations. A more detailed description of these courses can be found under course descriptions. For further information, contact MDS Coordinator, Professor Frank Frisenda, Cluster D, Room 2086, 516.572.3556, Frank.Frisenda@ncc.edu.

Women and Gender Studies (WGS) a multidisciplinary project emphasizing diversity, serves hundreds of students each academic year. Sponsoring departments include Art, Communications, Economics, English, History, Health/PED, Library, and Sociology. Every term we offer several sections of Introduction to Women's Studies (WST 101) both online and face-to-face, a course that examines women's roles cross-culturally in the family, workplace, community, professions, and popular culture. We also offer Gender in Popular Culture (WST 105), which examines representations of masculinity and femininity in media including television and film; The Goddess in World Religions (WST 110), which investigates images of the Goddess in world religions such as Judaism, Christianity, Islam, Hinduism, Buddhism, Taoism, traditional African religions, and Native American traditions; Women’s Issues in Global Context (WST 201), which looks at labor, reproductive rights, education, sexual identity, and grassroots activism in targeted areas around the world; and Philosophy of Sex and Gender (WST 107), a course dual-listed with the Philosophy, which investigates the nature and development of the sex-gender distinction and its application to issues surrounding sexual equality. For further information, contact WGS Program Coordinator, Professor Sara Hosey, 351 Harmon Avenue, second floor, 516.572.7082, sara.hosey@ncc.edu.

The Legal Studies Department is strongly committed to the concept of legal education within the framework of practical paralegal skills. The following guidelines have been established:

1. A minimum grade of "C" is required in each law class in the Paralegal curriculum.
2. Professional attitude, regular class attendance, punctuality and appropriate professional demeanor are required of Paralegal students.

These criteria have been established in order to uphold the standards of the paralegal profession and legal community, as a whole. Interested students wishing to obtain further information, and a copy of the Departmental Requirements and Guidelines, may contact the Paralegal Program at 516.572.7774.

The following curricula are offered by this Department:

Paralegal (A.A.S.) - The paralegal program, approved by the American Bar Association, is designed to give the graduate a broad understanding of the law, practical skills, and experience in a legal setting. Employment opportunities for paralegals exist in law offices, banks, insurance companies, private industry, title companies, and government. The paralegal works under the supervision of an attorney and can assist in all phases of practice except giving legal advice, appearing in court, and setting fees. The program will accept a maximum of 9 credits of paralegal specialty transfer credits. Paralegals are required to complete a minimum of 9 credits in the traditional format at NCC.

Paralegal Studies (Cert.) - The American Bar Association approved Certificate program in Paralegal Studies is designed to meet the needs of the college graduate seeking a career as a paralegal. In order to be eligible for admission, a student must have either an Associate or Baccalaureate degree. Students with an Associate degree must meet the minimum general education requirements set by the American Bar Association. The program will accept a maximum of 9 credits of paralegal specialty transfer credits. Paralegals are required to complete a minimum of 9 credits in the traditional format at NCC.

CHAIRPERSON: Christine Faraday, Christine.Faraday@ncc.edu

TECHNOLOGISTS: R. Delbango, S. Emin, R. Erben

COURSES OFFERED:

- LIB 100 Essential Research for College Success
- LIB 101 Introduction to Research
**Business - Fashion Buying and Merchandising (A.A.S.)** – Students have the opportunity to specialize in a concentration of applied fashion merchandising courses. Specialized courses include: Fashion Advertising and Promotion, Introduction to Menswear, Introduction to Fashion Industry, Introduction to Import Buying, Fashion and Home Accessories, Fashion Coordination and Publicity, and Interior Design. As part of the program, students will study textiles, visual merchandising, retailing, and retail buying. Students will also have the opportunity to participate in an internship program, gaining valuable on-the-job experience. The degree prepares students for positions in resident buying offices, fashion manufacturers, designers’ showrooms, retail stores, fashion publications, and other firms associated with the fashion industry.

**Fashion Design (A.A.S.)** – Students have the opportunity to complete the A.A.S. degree in the field of fashion design. Draping, art, patternmaking and garment construction will be taught using techniques and equipment employed in industry. Students will develop the skills necessary to translate their original sketches into finished garments using computer aided design as part of the overall program. In addition to their coursework, students are encouraged to participate in industry-sponsored and community events. During the Spring semester, a fashion show is produced showcasing the fourth semester students’ projects. Students will participate in an internship program in a design firm studio. The academic and practical experiences attained in this program provide a basis for employment as a designer, assistant designer, patternmaker, production or product development assistant or manager. Graduates may transfer to a four-year college to pursue a Bachelor of Fine Arts or Bachelor of Science degree. The College maintains a transfer agreement with F.I.T. for students wishing to pursue a 4-year technical design degree upon graduation.

**Interior Design (A.A.S.)** – The Interior Design AAS degree program provides students with a broad-based, hands-on education geared towards obtaining employment in the field of Interior Design. Emphasis is placed on developing conceptual, technical, and communication skills and building industry relationships. The AAS degree program includes a core of liberal arts courses which will aid in the pursuit of a four year degree.

**Interior Design (Certificate)** – The Interior Design Certificate program provides students with a broad-based, hands-on education geared towards obtaining employment in the field of interior design. Emphasis is placed on developing conceptual, technical, and communication skills and building industry relationships.

**Marketing (A.S.)** - The Marketing AS degree program is designed for students who wish to transfer to four year institutions as well as students who wish to begin careers in the field of marketing. The program provides students with an understanding of contemporary concepts and practices in the field of marketing, as well as an overview of global business practices. The program has an emphasis on the application of marketing principles and concepts through experiential learning.

The purpose of the mathematics curriculum is essentially twofold: to provide a necessary aspect of a liberal arts education and to supply the necessary mathematics requirements for continued study in a Baccalaureate program and/or a career in such fields as mathematics, science, engineering, economics, accounting, the behavioral sciences, and such professions. Facilities on campus include Computer Learning Center (B 225), Math Center (B 130), the Math Success Center (B 116), and Anxiety Center (B 126).

The following curricula are offered by this Department:

**Cisco Certified Entry Networking Technician (Cert.)**—This Certificate program will prepare students to take the Cisco CCENT certification exam. The Cisco CCENT certification is one of the industry's leading certifications in Information and Communications Technology (ICT). Courses in the program will allow students to troubleshoot and configure Cisco routers and switches. Students will have the opportunity to work with enterprise grade Cisco equipment under the supervision of Cisco certified instructors.

**Computer Science (A.S.)**—This program leads to the Associate in Science (A.S.) degree and is designed for those who intend to transfer to a baccalaureate program oriented in the design of hardware and software of computer systems. The program stresses computer, mathematics, and science courses which are appropriate for transfer to a baccalaureate program.

**Cybersecurity (Cert.)**—The Cybersecurity Certificate will introduce students to the world of information security. Confidentiality, integrity and availability will be a key focus as those three topics are a benchmark for evaluation of an information systems security. Students will be introduced to a wide variety of security related topics including physical security, encryption, security planning, disaster response, and will gain hands-on experience through Virtual Labs.

**Information Technology (A.A.S.)**—This program leads to the Associate in Applied Science (A.A.S.) degree and is designed primarily for those who intend to seek immediate employment in Information Technology. It is also beneficial for students planning to transfer to baccalaureate degree programs in I.T. or related areas. The program includes a general education foundation plus the business and mathematics courses necessary to augment the extensive computer courses. By judicious use of electives along with active advisement from departmental faculty, students can tailor the degree program to meet their individual needs. Topics included for study are object-oriented programming, web programming, 3-tier application development, relational database management and development, and Windows Server and Linux Administration.

**Information Technology (Cert.)**—The Information Technology Certificate Program has been designed to provide training in computer skills to meet the needs of students to adapt and succeed in the rapid growth and application of new and emerging computer technologies. The program includes a wide range of courses in computer areas such as networking, programming, and applications in order to provide training to develop marketable skills or an opportunity for college graduates to upgrade their computer skills or prepare for a career change. Students without any computer experience should complete CMP 100 (Computing Technology in Today's Society) before entering the certificate program.

**Liberal Arts & Science - Mathematics (A.S.)**—This program is designed for students who intend to transfer to a baccalaureate program in mathematics, mathematics education (secondary), or a related applied field. Graduates of the program should be able to complete the baccalaureate degree in two years of additional full-time study. The program includes liberal arts courses to provide a broadbased general education, plus computer science and science courses to augment the extensive mathematics component. The mathematics core develops knowledge in three basic areas of mathematics learning: proof and theory, algorithms, and applications. The computer component develops important ancillary skills.
Cisco Certified Entry Networking Technician (Cert.) - This
Certificate program will prepare students to take the Cisco CCENT
certification exam. The Cisco CCENT certification is one of the
industry's leading certifications in Information and Communications
Technology (ICT). Courses in the program will allow students to
troubleshoot and configure Cisco routers and switches. Students will
have the opportunity to work with enterprise grade Cisco equipment
under the supervision of Cisco certified instructors.

Cybersecurity (Cert.) - The Cybersecurity Certificate will introduce students to the world of information security. Confidentiality, integrity and availability will be a key focus as those three topics are a benchmark for evaluation of an information systems security. Students will be introduced to a wide variety of security related topics including physical security, encryption, security planning, disaster response, and will gain hands-on experience through Virtual Labs.

Information Technology (A.A.S.)—This program leads to the Associate in Applied Science (A.A.S.) degree and is designed primarily for those who intend to seek immediate employment in Information Technology. It is also beneficial for students planning to transfer to baccalaureate degree programs in I.T. or related areas. The program includes a general education foundation plus the business and mathematics courses necessary to augment the extensive computer courses. By judicious use of electives along with active advisement from departmental faculty, students can tailor the degree program to meet their individual needs. Topics included for study are object-oriented programming, web programming, 3-tier application development, relational database management and development, and Windows Server and Linux Administration.

Liberal Arts & Sciences: Mathematics (A.S.)—This program is designed for students who intend to transfer to a baccalaureate program in mathematics, mathematics education (secondary), or a related applied field. Graduates of the program should be able to complete the baccalaureate degree in two years of additional full-time study. The program includes liberal arts courses to provide a broad-based general education, plus computer science and science courses to augment the extensive mathematics component. The mathematics core develops knowledge in three basic areas of mathematics learning: proof and theory, algorithms, and applications. The computer component develops important ancillary skills.

The following curriculum is offered by this Department:
Mortuary Science (A.A.S.) - This program includes extensive work in the areas of biological science, business, and social science, as well as instruction within the major area of funeral service. Candidates for licensure must take the National Board Examination sponsored by the International Conference of Funeral Service Examining Board. After successfully passing the national test, graduates must intern for a period of one year as a Registered Resident prior to receiving the Funeral Director License. The Mortuary Science degree program at Nassau Community College is accredited by the American Board of Funeral Service Education (ABFSE), 992 Mantua Pike, Suite 108 Woodbury Heights, NJ 08097; Phone: 816.233-3747; Web: exdir@abfe.org

National Board Examination pass rates, graduation rates, and employment rates for this and other ABFSE-accredited programs are available at www.abfse.org. To request a printed copy of this program’s rates, visit the NCC Mortuary Science Department webpage, email MortuaryScience@ncc.edu, or call 516.572.7277.

Registration with the N.Y.S. Bureau of Funeral Directing is required before matriculation status is granted. Students must supply their own transportation to off-campus assignments.

- all Mortuary Science (MSC) courses
- ACC 101 Accounting I
- CHE 135 Chemistry for Applied Science
- MAT 102 Introduction to Statistics
The mission of the Music Department is threefold: first, to provide quality instruction in performance, music theory and musicianship, and music history to prepare students pursuing careers in music; second, to provide survey courses in various aspects of music as humanities and general electives for students in other degree programs; third, to serve as a cultural resource center in music for the students and the larger community of Nassau County by sponsoring performing ensembles and presenting concerts.

The following curricula are offered by this Department:

Performing Arts Music (A.A.S.) - A two-year music concentration program that leads to the Associate in Applied Science (A.A.S.) degree is offered in Performing Arts. The curriculum also is transferable to four-year institutions and closely parallels the first two years of the Bachelor of Music degree. The degree may also lead directly to performance and other careers in the music industry. For acceptance, incoming students are required to audition on their major instrument (or voice) and take a test in written music theory, aural musicianship, and keyboard skills.

A minimum grade of “C” is required in Music Major Classes.

**Departmental Requirements for A.A.S. Degree in Performing Arts - Music:**

1. Four semesters of college-level theory
2. Four semesters of college-level sight-singing
3. Four semesters of keyboard harmony
4. Four semesters of college-level applied music
5. Four semesters of ensemble (chorus, orchestra, band, or percussion ensemble)
6. One semester of music literature and one semester of music history
7. Additional requirements as described under Programs of Study
8. A minimum grade of “C” is required in Music Major Classes.

**Applied Music Courses** (a special fee will be charged for all courses.)

**Requirements for Applied Music:**

1. Students must be matriculated in a music degree program.
2. Students are required to perform on at least one recital each semester after reaching the second semester of college level study and also to attend a specified number of recitals and concerts each semester.
3. Woodwind and brass instrument students must also be enrolled in Band.
4. String instrument students must also be enrolled in Orchestra.
5. Voice, keyboard and guitar students must also be enrolled in Chorus.
6. Percussion students must also be enrolled in Percussion Ensemble.
7. Students are required to perform a jury exam at the end of each semester of applied music study.
8. MUS 000 (Applied Music Master Class) is a co-prerequisite for all applied music courses.

Studio Recording Technology (Cert.) - This three-semester program is designed to introduce students to music and recording technology and to provide a broad-based perspective of the music industry. The SRT certificate is designed for those seeking entry-level employment in the recording industry, as well as those wishing to establish independent music recording/production businesses. Classes meet on campus. Internship training will take place at a professional recording, production or equivalent music industry work environment.

A minimum grade of “C” is required in Studio Recording Classes.

The Studio Recording Technology Program has the latest up-to-date technology labs and classrooms.

Nassau Community College: [https://collegecatalog.ncc.edu/current](https://collegecatalog.ncc.edu/current)
The required Nursing A.S. courses are offered during the Fall and Spring Semesters:

- NUR 101 Fundamental of Nursing
- NUR 105 Comprehensive Nursing Care I
- NUR 203 Comprehensive Nursing Care II
- NUR 204 Comprehensive Nursing Care III

All Nursing (NUR/NURS) courses must be taken in sequence and as advised by a Nursing advisor. Seats in evening nursing courses are limited. Please be aware that obtaining a seat in Nursing is highly competitive. It is dependent upon the number of applications, the number of available seats, and the applicant's ranking according to quality point average for the courses applicable to Nursing as well as the TEAS Test scores for the Math, English, Reading and Science sections of the exam. Ten (10) additional points will be given to Nassau County residents, and five (5) points are removed if the applicant was in another nursing program. Meeting the stipulated criteria does not guarantee a seat.

Departmental Requirements and Guidelines:

1. If the placement examination indicates a need for remediation in English, mathematics, or reading, the remediation must be completed before entering the Nursing Program.
2. Students with a F1Visa/Status, contact International Education at ISAOFF@ncc.edu
3. In order to be considered for the nursing program, all applicants are required to take the TEAS Examination. A minimum score of 58.7% must be achieved in each of the following sections: Math, English, Reading, and Science.
4. Students must be of good moral character with acceptance to the Multi-Award Nursing program conditional pending a background check.
5. Nursing students are required to submit evidence of a physical examination, antibody titers, and inoculations prior to their first day of classes in NUR 101 (Fundamental of Nursing) and annually thereafter.
6. Nursing students must be able to independently complete a patient assessment through visualization, direct and indirect auscultation, detection of odors, palpation, and percussion.
7. Nursing students must be able to perform gross and fine motor movements and must possess the physical strength and stamina to provide safe nursing care.
8. Nursing students must be alert, able to think critically and problem solve, possess emotional stability and flexibility, and be able to communicate effectively in English.
9. Students are required to adhere to all college and departmental policies.
10. A minimum grade of 75 (C+) is required in each of the Nursing courses.
11. Nursing students must obtain the required uniform and equipment.
12. Nursing students are required to have their own transportation to clinical settings.
13. Nursing students must submit a copy of current certification of competency in cardiopulmonary resuscitation for the Health Care Provider (After February 16, 2016 the BLS Provider card from the American Heart Association is acceptable), prior to admission to NUR 101 (Fundamental of Nursing) and must be kept current throughout the program.
14. College courses applicable to the Nursing Program completed at other colleges must be transferred in prior to admission to the Nursing Program. Science courses completed more than ten years prior to admission will not be accepted.
15. BIO 131 (Pathophysiology), AHS 131 (Anatomy and Physiology I), AHS 132 (Anatomy and Physiology II), and AHS 202 (Medical Microbiology), must be completed with a grade of C or better in order to remain in the nursing program. AHS 131 (Anatomy and Physiology I) may have only been attempted twice within the past ten (10) years.
Advanced Standing in Nursing Courses:
The opportunity for advanced standing is available to LPNs by challenging NUR 101 (Fundamental of Nursing). Seven credits are granted to the student for successfully completing the challenge of NUR 101 (Fundamental of Nursing). Application at Nassau Community College is made as a liberal arts student. There will be an interview with the Nursing Department and the applicant will be required to provide a writing sample responding to a scenario provided at that time. Once the challenge is completed and the candidate is ready to enter a Nursing course, the Nursing Department will process a Change of Program to Nursing. In the meantime, the candidate is a Liberal Arts student and should pursue the liberal arts and science pre and co-requisites required in the Nursing Program. At least 33 credits, including those for Nursing, must be taken at Nassau Community College and 45 credits must be taken at ESC campus.

Information on the challenge process may be obtained at Advanced Standing Information Sessions. Advanced Standing, email LPNtoRN@ncc.edu.

Change of Program/Transfer:
Students attending Nassau Community College can apply to the NCC-ESC Nursing program by means of a Change of Program through the Nursing Department. Requests for Change of Program to Nursing will be accepted in March (dates TBD) to be considered for the September class and October (dates TBD) to be considered for the January class. There are no set courses or number of credits required in order to apply as a Change of Program applicant.

- Transfer students must apply directly to the Office of Admissions.
- Applicants will be ranked according to the Quality points average for the courses applicable to the Nursing program (only grades of C or better will be considered).
- Students will not be considered for admission if they have attempted AHS 131 (Anatomy and Physiology I) more than twice (an attempt includes receiving a grade below a C, a “W”, and a "UW" grade).
- Further information about the NCC-ESC Nursing Program can be obtained from Academic Advisement, Admissions, Nursing Information Sessions, and the Nursing Department Website.

COURSES OFFERED: Philosophy (PHI)

Philosophy means love of wisdom. A philosopher questions everything, seeking answers to serious questions: Does human life have meaning? What is the difference between right and wrong? How should we live our lives? Do we have free will? Does God exist? Can humans know what the physical world is really like? In doing this, the philosopher uses finely tuned arguments and tries to follow them wherever they lead. Philosophy is intrinsically interesting, enlightening, and enjoyable, but it is also an unsurpassed tool for sharpening students' reasoning skills. Moreover, philosophy courses are writing intensive, emphasizing the written expression of philosophical ideas. This is why pre-law and pre-medical students are often advised to study it, and many four-year colleges and universities require it of all students.

OFFICE: Cluster D, Room 3090, 516.572.7278

CHAIRPERSON: Thomas C. Bruckner, Thomas.Bruckner@ncc.edu

TECHNOLOGIST: A. Sanchioli

TECHNICAL ASSISTANT: R. Cappiello, A. Donor

COURSES OFFERED: Astronomy (AST), Climatology (CLI), Environmental Science (ENV), Geology (GLY), Meteorology (MET), Multi-Disciplinary (MDS), Physical Sciences (SCI)

The Department of Physical Sciences offers several introductory courses from a variety of disciplines. All courses provide students the ability to satisfy general education requirements along with the opportunity to major in one of the Atmospheric, Environmental or Earth Sciences. The Department of Physical Sciences offers many courses as part of the Distance Education program. Students enrolled in these courses benefit from the flexibility and convenience of online or partially online course platforms.

Lab and field work are vital and exciting components to many of the courses in the Department of Physical Sciences. Astronomy students have exclusive access to the department's planetarium. The planetarium boasts an 18-foot dome shaped ceiling with a central projector that illuminates the night sky. Telescopes are mounted for use on the observation deck, along with portable telescopes that are used to conduct evening observations of celestial objects in the field.

Students in Meteorology and Climatology courses study and analyze data provided by the NCC Weather Center, where live readings of outdoor atmospheric air temperature and pressure, precipitation, wind speed and direction are collected and displayed. Earth and Environmental Science students learn about earth processes unique to Long Island by attending several field trips. Field work provides students a means to directly observe environmental phenomenon. Environmental Mapping students use GPS/GIS units and mapping software to create maps of the region.

All of the courses in the Department of Physical Sciences will enhance one’s academic experience while providing an understanding of their physical world.
OFFICE: Building G, Room 355, 516.572.7458.

CHAIRPERSON: Sidney Hochman, Sidney.Hochman@ncc.edu.

COURSES OFFERED: Psychology (PSY).

In the field of psychology, fundamental survey courses are offered to fit the needs of all students. Those desiring to specialize are provided with patterns of preprofessional courses designed to satisfy the requirements of transfer colleges. Elective offerings provide further study in psychology for those seeking careers in counseling and teaching. Students wishing to pursue study at the baccalaureate level in these subjects should see departmental advisors.

The following curricula are offered by the Psychology Department:

Disability Studies (A.A): The Disability Studies (A.A.) explores disability from historical, cultural, philosophical, psychological and socio-political perspectives and from multiple disciplinary and interdisciplinary angles. Job opportunities may be found in developmental or physical disability service agencies, independent living centers, mental health centers, schools, geriatric and vocational rehabilitation agencies. It may also lead to employment in organizations promoting disability rights, advocacy and activism. Graduates are prepared to work effectively with individuals with many different disabilities, disorders, or conditions. Credits earned may be applied toward a B.A. in Disability Studies, Psychology or related fields.

Disability Studies (Certificate): The Disability Studies Certificate is designed to prepare students for a career in the field of disability service. Students will gain the theoretical knowledge and practical skills that will allow them to effectively provide services that meet the unique needs of individuals with disabilities across the life-span. Courses in the program assist students in developing an understanding and knowledge of disabilities that take into consideration the individual with a disability, societal influences, the environmental setting and the mandates of disability law. Students will also learn to employ assessment techniques, programming strategies, goal planning, and life-skills training that support self-advocacy, productivity and community inclusion for individuals with developmental disabilities across the life span.

The Department offers survey courses in sociology and anthropology and human services, as well as thematic courses and field work courses that allow students to investigate the social world in greater detail. Our courses explore the kinds of questions that arise as soon as we start to look more closely at the world around us. Why is there economic and social inequality in American society? Why are some nations rich while others are poor? Are anti-drug policies effective? How do we explain why some people commit crimes? How are different religions organized, and how do they fit into societies? Are "traditional" gender roles really traditional? How are important elements of identity like gender, ethnicity, race, class, sexuality, socially constructed? How can we change the world we live in, and how does it shape our lives? How is health care delivered? How do consumer practices shape our lives? What kinds of struggles do typical families face today?

Sociology and anthropology courses are designed to meet the needs of general liberal arts and social science students as well as those planning to pursue sociology or anthropology majors at the baccalaureate level and beyond. Human services courses are designed to help students explore career options within social work and human services.

Students wishing to pursue study at the baccalaureate level in sociology, anthropology or social work should see departmental advisors.

The following curriculum is offered by this Department:

**Human Services: Community Service and Social Welfare (A.A.)**
This program leads to the Associate of Arts degree and is designed for those students who intend to transfer to a baccalaureate program in social work or a related human services field. The program includes a broad variety of required and elective courses in community service (social-work oriented courses), social sciences, humanities, literature, science and math, and addictions. Various articulation agreements are in place for successful graduating students.

The SUNY Teacher Education Transfer Template (TETT) is a State University of New York System articulation project designed to facilitate transfer between participating SUNY Associate Degree-Granting Institutions (ADGs) and those SUNY baccalaureate campuses with teacher education programs, consistent with the Chancellor's initiative, A New Vision in Teacher Education. The goal is both to eliminate course incompatibilities that can hinder student progress and to simplify advisement at all campuses involved in teacher education. The TETT project calls for a model AA or AS curriculum consisting of three components for students aspiring to earn bachelor degrees with recommendation for NYS teacher certification in Childhood or Early Childhood Education or in Adolescence Education:

- General Education Core: complete SUNY-GER plus an additional three credits of Foreign Language (33 credits);
- Major or Concentration: at present the TETT project web site covers coursework in seven majors/concentrations - Biology, Chemistry, Earth Science, English, History/Social Studies, Mathematics, Physics (12-18 credits); and
- Pedagogical Core: one Psychology course (Child or Adolescent) and Foundations of Education (6 credits).

When a SUNY ADGI student completes these three components within a particular sequence of coursework, s/he is assured that the represented coursework will transfer to one of the SUNY designated campuses offering baccalaureate teacher education programs. The TETT project is a SUNY System articulation initiative and therefore assures that a transferring student’s coursework is accepted in whole if the student meets the criteria for admission to a parallel program at a participating SUNY baccalaureate campus. The TETT project does not guarantee admission to a particular teacher education baccalaureate program or institution. Information pertaining to the admission requirements for participating senior college programs is provided as part of the guidance on the TETT web site, http://www.suny.edu/educationTransfer. Students are also advised to visit the web pages of teacher education campuses of interest, accessible from this site.

The six Teacher Education degree programs offered by Nassau Community College are detailed below. Students matriculated in any of these programs are reminded that specific courses should be selected in close consultation with an advisor and based on the requirements of the students target baccalaureate institution. For further information, contact the Teacher Education Coordinator, Professor Diane Martin at 516.572.7458.

Programs of Study

Early Childhood Education A.A. – This program is designed to support and encourage progress toward a baccalaureate degree and NYS teacher certification for students interested in pursuing teaching as a career. Early Childhood Education, Teacher Education Transfer (Liberal Arts and Sciences) degree is specifically for students interested in teaching grade levels First through Sixth Grade (Birth-1). This course of study provides students with a balance of coursework between completing Education classes, General Education requirements, and pursuing courses within the students' selected academic major. Students can major/concentrate in General Science, Mathematics or Special Education.

Childhood Education (A.A.) – This program is designed to support and encourage progress toward a baccalaureate degree and NYS teacher certification for students interested in pursuing teaching as a career. Childhood Education, Teacher Education Transfer (Liberal Arts and Sciences) degree is specifically for students interested in teaching grade levels First through Sixth Grade (1-6). This course of study provides students with a balance of coursework between completing Education classes, General Education requirements, and pursuing courses within the students' selected academic major. Students can major/concentrate in English, History or Special Education.

Childhood Education (A.S.) – This program is designed to support and encourage progress toward a baccalaureate degree and NYS teacher certification for students interested in pursuing teaching as a career. Childhood Education, Teacher Education Transfer (Liberal Arts and Sciences) degree is specifically for students interested in teaching grade levels First through Sixth Grade (1-6). This course of study provides students with a balance of coursework between completing Education classes, General Education requirements, and pursuing courses within the students' selected academic major. Students can major/concentrate in English, History or Special Education.

Adolescence Education (A.A.) – This program is designed to support and encourage progress toward a baccalaureate degree and NYS teacher certification for students interested in pursuing teaching as a career. Adolescence Education, Teacher Education Transfer (Liberal Arts and Sciences) degree is specifically for students interested in teaching grade levels Seventh through Twelfth Grade (7-12). This course of study provides students with a balance of coursework between completing Education classes, General Education requirements, and pursuing courses within the students' selected academic major. Students can major in English, Social Studies, or Special Education.

Adolescence Education (A.S.) – This program is designed to support and encourage progress toward a baccalaureate degree and NYS teacher certification for students interested in pursuing teaching as a career. Adolescence Education, Teacher Education Transfer (Liberal Arts and Sciences) degree is specifically for students interested in teaching grade levels Seventh through Twelfth Grade (7-12). This course of study also provides students with a balance of coursework between completing Education classes, General Education requirements, and pursuing courses within the students' selected academic major. Students can major/concentrate in Biology, Chemistry, Earth Science, Mathematics, Physics or Special Education.

Teaching Assistant Certificate – This program is designed to meet the training levels for New York State Teaching Assistant Licensure and Certification. The Teaching Assistant Certificate provides an opportunity for individuals interested in education to begin their higher education in a gradual and supportive manner. Teaching Assistants provide direct instructional services to students under the supervision of a licensed teacher. All courses are applicable to the Teacher Education Transfer Associate degrees and provide a smooth transition to baccalaureate level education programs.

OFFICE: Theatre Building, 516.572.7508

CHAIRPERSON: Victor H. Abravaya, Esq., Victor.Abravaya@ncc.edu

TECHNICAL ASSISTANT: K. M. Pfaff

TECHNOLOGIST: P. Fox

COURSES OFFERED: Dance (DAN), Theatre (THR)

The Department of Theatre and Dance is committed to academic excellence, offering undergraduate courses of study that will prepare students for transfer to four-year baccalaureate programs or conservatory programs. Our classes have a low student-to-faculty ratio, which allows for more personal attention in the classroom. Students have the opportunity to gain expertise in all of the fundamental areas of Theatre and Dance through an integrated program of study in a liberal arts context. Courses offered by the Department of Theatre and Dance may be used as Humanities or General Elective Credit. Specific courses serve as NCC and/or SUNY General Education Requirements. DAN 126 (Introduction to Modern Dance) may be used as a Physical Education activity elective. Students who wish to pursue the study of Acting, Dance, or Technical Theatre at the baccalaureate level should see departmental advisors.

The Department of Theatre and Dance offers discrete Associate in Arts degree programs in Acting, Dance, and Theatre.

A.A. Acting: In addition to Liberal Arts requirements, Acting degree students must successfully complete the Acting sequence: Acting I-IV, Theatre History I-II, Movement for the Actor I-II, Movement for Musical Theatre, Voice for Stage, a four-course sequence in Production & Performance, and ENG 252 (Shakespeare on Stage and Page).

A.A. Dance: In addition to Liberal Arts requirements, Dance degree students must successfully complete the Dance sequence: Dance History, Dance Technique I-IV (Modern Dance/Ballet), Dance Concepts I-II (Choreography), a Modern Dance sequence consisting of Introduction to Modern Dance, and Modern Dance I-II, and a four-course sequence in Rehearsal & Performance.

A.A. Technical Theatre: In addition to Liberal Arts requirements, Technical Theatre degree students must successfully complete the Technical Theatre sequence: Theatre History I-II, Stagecraft, Technical Production, Lighting Design, Scene Design, and a four-course sequence in Production & Performance.

Production Program: The Theatre/Dance Department’s extensive open-to-the-public Production Program includes a Major Musical, a Children’s Musical, a Dance Concert, a joint production with the Africana Studies Department, and numerous other plays and musicals. Auditions for these productions are open to all students enrolled in a minimum of six credits at the College. The Production Program serves as a closely supervised laboratory for the Department’s Acting, Dance, and Technical Theatre academic courses, and as an effective mechanism for taking education beyond the walls of the classroom.
**Acting (A.A.)**—In addition to Liberal Arts requirements, Acting degree students must successfully complete the Acting sequence: Acting I-IV, Theatre History I-II, Movement for the Actor I-II, Movement for Musical Theatre, Voice for Stage, a four-course sequence in Production & Performance, and ENG 300 (Shakespeare on Stage and Page).

SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Spring
Credit Hours: 3

Department: Allied Health Sciences

AHS 104 - Fundamentals of Pharmacology and Therapeutics for Respiratory Care
Prerequisites: AHS 101, AHS 111, AHS 131, AHS 311 and CHE 131.
Description: An introduction to general principles of pharmacology, with an emphasis on agents used in the treatment of diseases of the cardio-respiratory systems. Also treated are principles of patient assessment, aerosol medication delivery systems, hyperinflation therapy, and associated equipment and techniques.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Spring
Credit Hours: 3

Department: Allied Health Sciences

AHS 105 - Integrated Basic Science
Description: An integrated science course focusing on application of scientific principles in paramedical areas. Topics of study include fundamentals of chemistry, anatomy and physiology, and microbiology as they pertain to the clinical field.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring
Credit Hours: 3

Department: Allied Health Sciences

AHS 111 - Respiratory Care I Lecture
Corequisites: AHS 101, AHS 131, AHS 311 and CHE 131
Description: An examination of cardiopulmonary anatomy from the perspective of the respiratory therapist. The course begins with an overview of the chemical basis of structure, then concentrates on the structure and function of the cardiopulmonary system. Topics of study include cellular structure of the lung, structure of the conducting and respiratory areas of the lung, and functional anatomy of the cardiovascular system. (3 lecture hours)
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall
Credit Hours: 3

Department: Allied Health Sciences

AHS 112 - Respiratory Care II Lecture
Prerequisites: AHS 101, AHS 111, AHS 131, AHS 311 and CHE 131

Department: Allied Health Sciences
COURSE DESCRIPTIONS

Corequisites: AHS 103, AHS 132, AHS 312 and CHE 132

Description: An examination of the physiology of the cardiopulmonary system from the perspective of the respiratory therapist. Although the course concentrates primarily on the function of the pulmonary system, detailed attention is also given to the functional relationship between the cardiac and pulmonary systems. Topics of study include oxygen and carbon dioxide transport, blood acid-base balance, cellular respiration, pulmonary and systemic circulation, and functional changes to the cardiopulmonary systems caused by other organ systems. (3 lecture hours)

SUNY GEN ED-n/a; NCC GEN ED-n/a

Offered: Spring

Credit Hours: 3

Department: Allied Health Sciences

AHS 116 - Respiratory Care I Lab

Prerequisites: MAT as advised.

Corequisites: AHS 101, AHS 111, AHS 131 and CHE 131.

Description: Introduction to the profession of respiratory care. History and development of respiratory care. Scientific measurement, physics and chemistry as pertinent to respiratory mechanics and physiology. The use of medical gases, aerosols, and instrumentation as preparation for an understanding and implementation of therapy rationale. Laboratory practice with respiratory care apparatus. This course includes introductory clinical exposure at local affiliated hospitals. Formerly AHS 311. Students who have completed AHS 311 will not receive credit for AHS 116. (8 laboratory hours) Laboratory fee applies.

AHS 131 - Anatomy and Physiology I
Prerequisites: Students must have satisfied all MAT, ENG, and RDG remediation prior to starting the course.
Description: The study of cell structure and function, tissue, skeleton, muscular system, nervous system, and special senses. Required of all students in Physical Therapist Assisting, Surgical Technology, Medical Laboratory Technology, Respiratory Care, Nursing, Radiologic Technology and Radiation Therapy. (3 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Offered: Fall, Spring, Summer
Credit Hours: 4
Department: Allied Health Sciences

AHS 132 - Anatomy and Physiology II
Prerequisites: A minimum grade of C in AHS 131
Description: The study of blood, lymph, reticuloendothelial, cardiovascular, respiratory, digestive, urogenital, and endocrine systems. (Continuation of AHS 131 and required of the same students.) (3 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Offered: Fall, Spring, Summer
Credit Hours: 4
Department: Allied Health Sciences

AHS 133 - Radiation Biology
Prerequisites: AHS 131, AHS 132
Description: Cell structure and function. Biological effects of radiation on normal and abnormal cells. Differential sensitivity of tissues; acute and late reactions. Clinical application and use of radiosensitizers, chemotherapeutic agents, combined therapies, and hyperthermia.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall
Credit Hours: 3
Department: Allied Health Sciences

AHS 134 - Applied Radiation Physics I
Prerequisites: AHS 168, AHS 265
Description: Corequisites: AHS 133, AHS 266, AHS 267
Physical specifications of various treatment units. Beam characteristics, half value layers, radioactive decay. Radiation units of measurement, radioactive half life, and application of radionuclides.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Spring
Credit Hours: 7
Department: Allied Health Sciences

AHS 135 - Applied Radiation Physics II
Prerequisites: AHS 134
Description: Interaction of ionizing radiation with matter. Dose calculations, multiple field techniques and therapeutic use of particulate radiation. Emphasis on principles of treatment planning, comparison of manual and computer treatment plans, fixed field and moving beam techniques.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall
Credit Hours: 3
Department: Allied Health Sciences

AHS 151 - Physical Therapist Assistant I
Corequisites: AHS 234
Description: Majors only co-requisite AHS 234. The first of eight sequential courses in the Physical Therapist Assistant Program. The lecture includes an introduction to physical therapy across the lifespan, Scope of Physical Therapist Assistant practice and integration within the rehabilitation team, pathological conditions. The laboratory includes vital signs, body mechanics, transfers, gait training and activities of daily living (3 lecture, 3 laboratory, 3 practice laboratory hours). Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring, Summer
Credit Hours: 4
Department: Allied Health Sciences

AHS 152 - Physical Therapist Assistant II
Prerequisites: AHS 151, AHS 234.
Description: The lecture includes orthopedic and neurological conditions requiring physical therapy. The laboratory is an introduction to exercise including passive, active assistive, active resistive and progressive resistive range of motion, stretching, goniometry, and exercise equipment. Clinical application of skills occurs in a local facility. (6 lecture hours, 3 laboratory hours, 3 practice laboratory, 3 clinic hours.) Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Summer
Credit Hours: 4
Department: Allied Health Sciences

AHS 153 - Physical Therapist Assistant III
Corequisites: AHS 154
Description: This course includes the physiological basis and application of physical therapy modalities of heat, cold, light, water, mechanics and massage. Physical therapy treatments for patients with cardio-respiratory and integumentary impairments are included. (3 lecture, 3 laboratory, 3 practice laboratory hours.) Laboratory fees apply.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall
Credit Hours: 3
Department: Allied Health Sciences

AHS 154 - Physical Therapist Assistant IV
Prerequisites: AHS 152
Description: The lecture includes principles and uses of medical physics, modalities of electricity along with physiological principles, indications, contraindications and precautions. The laboratory consists of the proficient application of these modalities used to alleviate pain, swelling and weakness. (8 lecture, 4 laboratory, 4 practice laboratory hours.) Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Summer
Credit Hours: 3
Department: Allied Health Sciences

AHS 155 - Physical Therapist Assistant V
Prerequisites: AHS 154
Corequisites: AHS 153
Description: The lecture includes current issues and practices in physical therapy. The laboratory involves regionally designed exercises and advanced therapeutic exercise techniques for a variety of patients. One day per week is spent in the clinic. (3 lecture, 3 laboratory, 3 practice laboratory, 8 clinical hours.) Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall
Credit Hours: 4
Department: Allied Health Sciences

AHS 156 - Physical Therapist Assistant VI
Prerequisites: AHS 155
Description: Topics include physical treatment for pediatrics, the neurologically impaired adult and patients with amputations. (8 lecture, 6 laboratory, 6 practice laboratory hours.) Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Spring
Credit Hours: 4
**Department:** Allied Health Sciences  
**AHS 157 - Clinical Affiliation I**  
**Prerequisites:** AHS 156 with concurrency  
**Description:** Full-time clinical practice as a physical therapist assistant student in physical therapy settings is required including: sports medicine facilities, outpatient clinics, schools, rehabilitation centers, nursing homes, hospitals, home care, athletic teams and other health service agencies. (40 hours per week/6 weeks.) Laboratory fee applies.  
SUNY GEN ED-n/a; NCC GEN ED-n/a  
**Offered:** Fall (second 5 weeks)  
**Credit Hours:** 1  
**Department:** Allied Health Sciences  
**AHS 182 - Quality Assurance**  
**Description:** Quality assurance as it applies to Radiation Therapy. Chart maintenance, identification of machine malfunction, and image quality will be discussed.  
SUNY GEN ED-n/a; NCC GEN ED-n/a  
**Offered:** Fall (third 5 weeks)  
**Credit Hours:** 1  
**Department:** Allied Health Sciences  
**AHS 201 - Clinical Hematology**  
**Corequisites:** AHS 131 and CHE 131 or CHE 151.  
**Description:** The study encompasses both normal and abnormal morphology and physiology of those cells and structures normally found in human blood. Relationships are drawn from hematologic manifestations occurring from other than pure hematological diseases and clinical findings are accentuated, being mutually or reciprocally related to true hematological disorders. (3 lecture, 3 laboratory hours) Laboratory fee applies.  
SUNY GEN ED-GLAB; NCC GEN ED-n/a  
**Offered:** Fall  
**Credit Hours:** 4  
**Department:** Allied Health Sciences  
**AHS 202 - Medical Microbiology**  
**Prerequisites:** Students must have successfully completed AHS 131 and 132 or permission of the Chairperson  
**Description:** The student is given a medical view of microorganisms: their morphology and physiology. Pathogenic microorganisms, including etiology and pathology, are examined in detail as applicable to the hospital environment. The study of aseptic and antiseptic techniques involving patients, equipment and clinical areas enumerated. Practicum in obtaining pure cultures and identifying these cultures included. (3 lecture, 3 laboratory hours) Laboratory fee applies.  
SUNY GEN ED-GLAB; NCC GEN ED-n/a  
**Offered:** Fall, Spring, Summer  
**Credit Hours:** 3  
**Department:** Allied Health Sciences  
**AHS 206 - Clinical Immunology**  
**Prerequisites:** AHS 201, AHS 205 and all prior Med. Tech. requirements.  
**Description:** Concurrent Requisites: AHS 202 Basic Immunologic mechanisms: Antigen structure and antigenicity; antibody structure; antigen-antibody interaction: T-cell and B-cell interactions, including thymus-dependent and thymus-independent antigens; antibody production, including DNA and looping-out excision; complement; cytokines; theory of immunologic and serologic procedures and the immunologic manifestations of disease. The student will acquire the fundamental information necessary to function as a technician in a medical laboratory and/or engage in studies at the technologist level.  
**SUNY GEN ED-n/a; NCC GEN ED-n/a  
Offered:** Fall  
**Credit Hours:** 4  
**Department:** Allied Health Sciences  
**AHS 209 - Clinical Applications of Medical Laboratory Science**  
**Prerequisites:** AHS 131, AHS 132, AHS 201, AHS 202, AHS 203 and AHS 205.  
**Corequisites:** AHS 210 and CHE 221.  
**Description:** Restricted to Medical Laboratory Technology Students Only. This course
includes instruction and practice in various areas of the clinical laboratory. It provides a comprehensive study of hemostasis (the mechanisms of hemostasis, fibrinolysis and hemostatic control) and urinalysis (the principles of physical, chemical and microscopic fluid analyses). Fundamentals of phlebotomy are also introduced. Students practice routine diagnostic methods in these laboratory disciplines with emphasis on principles, sources of error, interpretation, and clinical correlation of results.

Offered: Spring

Credit Hours: 3

Department: Allied Health Sciences

AHS 216 - Respiratory Care III Lecture

Prerequisites: AHS 119

Corequisites: AHS 218 and AHS 219

Description: A study of pulmonary pathology from the perspective of the respiratory therapist. The course covers diseases of the pulmonary system concentrating on such topics as restrictive and obstructive diseases. The student learns disease etiology, epidemiology, physiologic abnormalities, clinical features, and the treatment of each disease. The course includes an introduction to problem-based learning and critical diagnostic thinking in respiratory care. Examples of diseases covered include emphysema, asthma, pneumonia, bronchitis, and pulmonary edema. Formerly AHS 113. Students who have completed AHS 113 will not receive credit for AHS 216. (2 lecture hours)

SUNY GEN ED-n/a; NCC GEN ED-n/a

Offered: Fall

Credit Hours: 2

Department: Allied Health Sciences

AHS 217 - Respiratory Care IV Lecture

Prerequisites: AHS 216, AHS 218, AHS 219.

Corequisites: AHS 220 and AHS 221

Description: A study of cardiovascular pathology and pathology of related organ systems from the perspective of the respiratory therapist. The course covers diseases of the cardiovascular system but also includes diseases of other related organ systems such as the digestive, nervous, intestinal, endocrine, and renal systems. The student learns disease etiology, epidemiology, physiologic abnormalities, clinical features, and the treatment of each disease. The course builds upon the concepts of problem-based learning and critical diagnostic thinking in respiratory care. Examples of diseases covered include stroke, encephalopathy, trauma, carcinoma, heart diseases, liver diseases, diabetes, HIV/AIDS, and renal diseases. Formerly AHS 413. Students who have completed AHS 413 will not receive credit for AHS 217. (2 lecture hours)

SUNY GEN ED-n/a; NCC GEN ED-n/a

Offered: Spring

Credit Hours: 2

Department: Allied Health Sciences

AHS 218 - Respiratory Care IV Lab

Prerequisites: AHS 119.

Corequisites: AHS 216 and AHS 219.

Description: The comprehensive study of the techniques and procedures of airway management, weaning from mechanical ventilation, bronchial hygiene, arterial sampling and noninvasive ventilation. Topics also covered are diseases of the neonatal and pediatric patient as well as the associated respiratory care equipment and treatment modalities and an introduction to home care, long term care, and pulmonary rehabilitation. Laboratory practice with respiratory care equipment and role playing in problem-solving situations. Formerly AHS 314. Students who have completed AHS 314 will not receive credit for AHS 218. (8 laboratory hours)

Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-n/a

Credit Hours: 3

Department: Allied Health Sciences

AHS 219 - Respiratory Care III Clinical

Prerequisites: AHS 119.

Corequisites: AHS 216 and AHS 218.

Description: Comprehensive clinical experiences in multiple clinical rotations including experience in medical and surgical intensive care, physical assessment, patient evaluation and nursing arts in the acute care hospital setting, pulmonary function testing and respiratory care in the subacute care setting. This course is an 'off campus' course and will afford the student respiratory therapist an opportunity within the hospital to apply and develop proficiencies in the technical knowledge obtained during the first three semesters of 'on campus' study. Under supervision of College faculty, the student will apply to the patient such therapeutics as medical gas therapy, aerosol therapy, mechanical ventilation, artificial airways, and airway care, and diagnostic pulmonary function testing as well as physical assessment and evaluation techniques. Formerly AHS 413. Students who have completed AHS 413 will not receive credit for AHS 219. (8 clinical hours)

Lab fee applies.

SUNY GEN ED-n/a; NCC GEN ED-n/a

Fall Only

Credit Hours: 2

Department: Allied Health Sciences

AHS 220 - Respiratory Care IV Clinical

Prerequisites: AHS 216, AHS 218 and AHS 219.
Corequisites: AHS 217 and AHS 221.

Description: Comprehensive clinical experiences in multiple clinical rotations including medical, surgical, neonatal and pediatric intensive care, pulmonary rehabilitation, and long term care as well as sleep diagnostics. This course is an “off campus” course and will afford the student respiratory therapist an opportunity, within the hospital, to apply and develop proficiencies in the technical knowledge obtained during the first four semesters of “on campus” study. Under supervision of College faculty, the student will apply to the patient more intensive therapeutic measures involving medical gas therapy, aerosol therapy, mechanical ventilation, artificial airways, and airway care and patient assessment and evaluation with a focus on the application of critical diagnostic thinking and problem solving skills. Additionally, many of the before-mentioned therapeutics will be applied to infants and pediatric patients. Formerly AHS 414. Students who have completed AHS 414 will not receive credit for AHS 220.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Spring
Credit Hours: 3

Department: Allied Health Sciences

AHS 225 - Medical Concepts and Techniques

Description: The lecture includes the Medical Assistant’s role in caring for patients. Discussion of functional anatomy, common disorders and diagnostic studies as they pertain to clinical medical assisting practice. Emphasis in laboratory will be on aseptic technique and standard precautions to prevent the spread of disease, diagnostic tests and common laboratory procedures. Lab fee applies.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall
Credit Hours: 5

Department: Allied Health Sciences

AHS 234 - Kinesiology

Description: Analysis of human motion based on anatomic, physiologic and mechanical principles. The study of typical and atypical movement patterns and manual muscle testing are included. (3 lecture, 3 laboratory, 3 practice laboratory hours). Laboratory fee applies.

SUNY GEN ED-GLAB; NCC GEN ED-n/a
Offered: Fall
Credit Hours: 4

Department: Allied Health Sciences

AHS 240 - Radiologic Technology I Lecture

Prerequisites: AHS 101, AHS 131 and AHS 241.

Corequisites: AHS 101, AHS 131 and AHS 241.

Description: A four week orientation lecture unit to prepare students for clinical education followed by lectures in applied physics, radiation safety, and radiographic technique. Upon successful completion of the orientation unit, students will begin supervised clinical education at an affiliating hospital. (3 lecture hours)

SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall
Credit Hours: 3

Department: Allied Health Sciences

AHS 241 - Radiologic Technology I Laboratory/ Clinic

Prerequisites: ENG 101 and MAT Elective.

Corequisites: AHS 101, AHS 131 and AHS 241.

Description: A four-week laboratory orientation unit to prepare students for clinical education followed by instruction and practice in an energized x-ray laboratory to include selected routine and special radiographic examinations of the appendicular and axial skeleton using phantoms. Upon successful completion of the orientation unit, students will begin supervised clinical education at an affiliating hospital two days a week. (3 laboratory hours, 16 clinical hours) Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Spring
Credit Hours: 5

Department: Allied Health Sciences

AHS 243 - Radiologic Technology II Laboratory/ Clinic

Prerequisites: AHS 101, AHS 131, AHS 241 and AHS 242.

Corequisites: AHS 132 and AHS 242.

Description: Instruction and practice in an energized x-ray laboratory to include selected routine and special radiographic examinations of axial skeleton using phantoms. Supervised clinical Instruction and practice in an energized x-ray laboratory to include selected routine and special radiographic examinations of axial skeleton using phantoms. Supervised clinical education at an affiliating hospital two days a week. (3 laboratory hours, 16 clinical hours) Laboratory fee applies.

COURSE DESCRIPTIONS

AHS 245 - Radiologic Technology IV
Lecture
Prerequisites: AHS 244.
Corequisites: AHS 245.
Description: Lectures in radiation physics, radiobiology and radiation protection. (3 lecture hours). SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall
Credit Hours: 3
Department: Allied Health Sciences

AHS 246 - Radiologic Technology IV
Laboratory/ Clinic
Prerequisites: AHS 244.
Corequisites: AHS 245.
Description: Introduction & practice in an energized x-ray laboratory to include common procedures using contrast media. Supervised clinical education at an affiliating hospital three days a week. (3 laboratory hours, 24 clinical hours). Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall
Credit Hours: 3
Department: Allied Health Sciences

AHS 247 - Radiologic Technology V
Lecture
Prerequisites: AHS 245 and AHS 246.
Corequisites: AHS 248.
Description: Lectures in medical and surgical diseases and an introduction to other imaging modalities including CT scanning. (3 lecture hours). Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Spring
Credit Hours: 3
Department: Allied Health Sciences

AHS 248 - Radiologic Technology V
Laboratory/ Clinic
Prerequisites: AHS 245 and AHS 246.
Corequisites: AHS 247.
Description: Instruction and practice in an energized x-ray laboratory to include specialized views of the skull, selected special procedures, pediatric examinations, mammography and the essentials of a quality control program; supervised clinical education at an affiliating hospital three days a week. (3 laboratory hours, 24 clinical hours) Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Spring
Credit Hours: 6
Department: Allied Health Sciences

AHS 249 - Radiologic Technology VI
Summer Clinical
Prerequisites: AHS 245, AHS 246, AHS 247 and AHS 248
Description: Five days a week, from June to August. Supervised clinical education at an affiliating hospital. (40 clinical hours per week). Lab fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 5
Department: Allied Health Sciences

AHS 261 - Radiation Therapy Lecture I
Description: Lectures on the rationale of using radiation therapy as a major modality in the treatment of cancer. Emphasis on the principles governing radiosensitivity and normal tissue tolerance. (3 lecture hours) SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall
Credit Hours: 3
Department: Allied Health Sciences

AHS 262 - Radiation Therapy Clinic I
Corequisites: AHS 261.
Description: Introduction to clinical education in radiation therapy technology. Experience is obtained at one of several area hospitals, utilizing a variety of therapy equipment. (16 laboratory hours) SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall
Credit Hours: 3
Department: Allied Health Sciences

AHS 263 - Radiation Therapy Lecture II
Prerequisites: AHS 261 and AHS 262.
Corequisites: AHS 264.
Description: Lectures on the operating principles of various types of therapy equipment; the rationale for delivering treatments on particular units; introduction to pathology. (3 lecture hours) SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall
Credit Hours: 3
Department: Allied Health Sciences

AHS 264 - Radiation Therapy Clinic II
Prerequisites: AHS 263.
Description: Clinical education in Radiation Therapy Technology. Experience is obtained at one of several area hospitals, utilizing a variety of therapy equipment. (24 laboratory hours) Lab fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall
Credit Hours: 3
Department: Allied Health Sciences

AHS 265 - Radiation Therapy Clinic III
Prerequisites: AHS 263 and AHS 264.
Description: Clinical education at assigned affiliating hospitals. (40 laboratory hours) Lab fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Summer
Credit Hours: 5
Department: Allied Health Sciences

AHS 266 - Radiation Therapy Lecture III
Prerequisites: AHS 131, AHS 132 and AHS 263.
Corequisites: AHS 267
Description: Methods of treating cancers with radiation therapy based on anatomic site, histologic grade and normal tissue tolerance. Discussion of borders of treatment fields, dose and treatment. Emphasis on cancers of skin, head and neck, digestive and respiratory systems. (3 lecture hours) SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall
Credit Hours: 3
Department: Allied Health Sciences

AHS 267 - Radiation Therapy Clinic IV
Prerequisites: AHS 265.
Corequisites: AHS 266.
Description: Clinical education in Radiation Therapy Technology. Experience is obtained at one of several area hospitals, utilizing a variety of therapy equipment. (24 laboratory hours) Lab fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall
Credit Hours: 3
Department: Allied Health Sciences

AHS 268 - Radiation Therapy Lecture IV
Prerequisites: AHS 266.
Corequisites: AHS 269.
Description: Discussion of borders of treatment fields, dose and fractionation and reaction to treatment. Emphasis of cancers of central nervous system, breast, genitourinary system, and blood forming organs. (3 lecture hours) SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Spring
Credit Hours: 3
Department: Allied Health Sciences

AHS 269 - Radiation Therapy Clinic V
Prerequisites: AHS 267.
ANT 203 - Physical Anthropology
Description: The major problems, methods and theories of physical and biocultural anthropology. Topics include: primatology, human origins, evolutionary processes, human variation, origins of language, and the interaction of nature, culture and society. SUNY GEN ED-GSBS; NCC GEN ED-SBS
Offered: Fall, Spring, Summer
Credit Hours: 3
Department: Sociology/Anthropology/SocIWrk

ANT 204 - Cultural Anthropology
Description: Explores cultures holistically in preindustrial and non-Western and Western societies. Topics include: ecology and environment, economic organization, kinship and marriage patterns, political organization, social structure, religious organization, rituals, ideas, values and world view. Other topics are culture contact, technological development, and culture change. SUNY GEN ED-GSBS; NCC GEN ED-SBS, PLDI, GLNW
Offered: Fall, Spring, Summer
Credit Hours: 3
Department: Sociology/Anthropology/SocIWrk

ARD 101 - Beginning Arabic I
Prerequisites: Satisfactory completion of ENG 001 and RDG 002, ARA 101 or equivalent.
Description: Fundamentals of grammar, pronunciation, culture and conversation. Reading, writing, listening comprehension and simple conversational patterns. Laboratory fee applies. Laboratory component required.
SUNY GEN ED-GFOL; NCC GEN ED-HUM
Offered: Fall, Spring, Summer
Credit Hours: 3
Department: Foreign Languages

ART 101 - Introduction to Visual Arts
Prerequisites: (Non-majors only) Completion of remedial courses in English and Reading.
Description: An introduction to the development of the visual arts emphasizing perception and understanding of painting, sculpture, architecture and design, as well as their relationship to the creative process. This is primarily a lecture course.
SUNY GEN ED-GHUM; NCC GEN ED-FAPA, HUM, WESH
Offered: Fall, Spring, Summer
Credit Hours: 3
Department: Art

ART 102 - Art History (Renaissance)
Prerequisites: Completion of remedial courses in English and Reading.
Description: Architecture, sculpture and painting in Western Europe from 1300 to 1600. An examination of the styles of the Renaissance and Mannerism in Northern and Southern Europe.
SUNY GEN ED-GHUM; NCC GEN ED-HUM, WESH
Offered: Fall, Spring, Summer
Credit Hours: 3
Department: Art

ART 103 - Art History (Baroque through Realism)
Prerequisites: Completion of remedial courses in English and Reading.
ART 104 - Art History (Contemporary)
Prerequisites: Completion of remedial courses in English and Reading.
Description: Art from 1940 to the present, with special attention given to European and American art. A study of the contributions of individual artists and movements, with an examination of the development of new approaches to form and the creative experience.
SUNY GEN ED-GHUM; NCC GEN ED-HUM
Offered: Fall, Spring, Summer
Credit Hours: 3
Department: Art

ART 105 - Principles of 2-Dimensional Design
Description: Required of art majors. A foundation course in design on a 2-dimensional surface. This course explores the elements of line, shape, value, color, and texture and principles of design and its relationship to composition. Subject and content are components of study as well. Students are introduced to a conceptual and visual vocabulary as art applies to the visual arts. Average cost of supplies: $100. Laboratory fee applies.
SUNY GEN ED-GHUM; NCC GEN ED-HUM
Offered: Fall, Spring, Summer
Credit Hours: 3
Department: Art

ART 106 - Principles of 3-Dimensional Design
Description: Required of art majors. A foundation course in design in 3-dimensional space. This course explores the elements of line, form, value, color and texture and their application to fine and applied art. This involves 3-dimensional constructions in such materials as board, plaster, clay, plastics, etc. Average cost for supplies: $100. Laboratory fee applies.
SUNY GEN ED-GHUM; NCC GEN ED-FAPA, HUM
Offered: Fall, Spring
Credit Hours: 3
Department: Art

ART 107 - Prepress for Commercial Artists
Prerequisites: ART 133
Description: This course introduces the student to the preparation of computer graphics for commercial printing and production. The basics of the prepress including trapping, impositions, halftones, process and spot colors, paper, and proofs using industry standard applications will be explored. Average cost of supplies: $50. Laboratory fee applies.
SUNY GEN ED-GHUM; NCC GEN ED-HUM
Credit Hours: 3
Department: Art

ART 108 - Advertising Art
Description: Pre or Concurrent Requisites: ART 130 or permission of the Chairperson. Students are guided through the process of art direction as it applies to the creation of promotional and advertising material. Creative problem solving through the visualization of ideas is applied throughout the various stages of development of thumbnail sketches, roughs, comprehensive boards, layouts, typography, and illustration are stressed. Average cost of supplies: $100. Laboratory fee applies.
SUNY GEN ED-GHUM; NCC GEN ED-FAPA, HUM
Offered: Fall, Spring
Credit Hours: 3
Department: Art

ART 109 - Printmaking I
Description: This mixed-media course introduces the student to the basic fundamentals and concepts of non-toxic printmaking: the development of an image on a particular surface, the transfer of the image to paper, edition printing, and presentation. Media may include photo and digital transfer, relief prints, silkscreen, intaglio, and monoprints. Emphasis is placed on the student's exploration of this creative process to produce and develop exciting prints. Average cost of supplies: $100. Laboratory fee applies.
SUNY GEN ED-GHUM; NCC GEN ED-FAPA, HUM
Offered: Fall, Spring
Credit Hours: 3
Department: Art

ART 110 - Printmaking II
Prerequisites: ART 109 or permission of Chairperson.
Description: This course offers an opportunity for the advanced study of non-toxic printmaking as explored through traditional and experimental methods in Printmaking I. Students will develop independent projects and experiment with methods and materials. By creating personal projects that reflect printmaking's versatility in creating a new form of expression, the student may concentrate more fully on a strong portfolio. Average cost of supplies: $150. Laboratory fee applies.
SUNY GEN ED-GHUM; NCC GEN ED-FAPA, HUM
Offered: Fall, Spring
Credit Hours: 3
Department: Art

ART 111 - Drawing I
Description: A basic course that explores the fundamentals of drawing through the development of both technical skills and concepts. The student's understanding of composition through the study of line, value and perspective will develop through direct visual observation and the education of the artist's eye. Students will be encouraged to work with conventional and non-traditional materials and methods. Average cost of supplies: $75. Laboratory fee applies.
SUNY GEN ED-GHUM; NCC GEN ED-FAPA, HUM
Offered: Fall, Spring, Summer
Credit Hours: 3
Department: Art

ART 112 - Drawing II
Prerequisites: ART 111 or permission of Chairperson.
Description: This course is designed to further explore the creative process of drawing. Students are encouraged to master advanced skills and search for their own individual focus of expression. Each student will be exposed to new approaches, methods and materials to further enhance his or her drawing experience and art portfolio. Average cost of supplies: $85. Laboratory fee applies.
SUNY GEN ED-GHUM; NCC GEN ED-FAPA, HUM
Offered: Fall, Spring
Credit Hours: 3
Department: Art

ART 113 - Package Design
Prerequisites: ART 137 or permission of Chairperson.
Description: Analysis of container design, involving internal surface graphics, for design students who wish to explore functional containers, from egg cartons to compact discs to the box car and paper bag. Emphasis is placed upon functional design and structure. Average cost of supplies: $150. Laboratory fee applies.
ART 114 - Typography for Graphic Design

Prerequisites: ART 130 or permission of Chairperson.

Description: An introduction to the techniques, mechanics and composition of designing letterforms, logos, trademarks, stationery, corporate branding and preparing design for presentation, including the use of various digital scanning and printing devices. Average cost of supplies: $100. Laboratory fee applies.

SUNY GEN ED-GART; NCC GEN ED-HUM
Offered: Fall, Spring
Credit Hours: 3
Department: Art

ART 115 - Painting I

Description: An introduction to the techniques, mechanics and composition of painting via personal expression. Average cost of supplies: $200. Laboratory fee applies.

SUNY GEN ED-GART; NCC GEN ED-HUM
Offered: Fall, Spring
Credit Hours: 3
Department: Art

ART 116 - Painting II

Prerequisites: ART 115 or permission of Chairperson.

Description: With the skills and understanding of basic painting, Painting II expands material usage and gives further focus on creativity and personal self-expression. Average cost of supplies: $200. Laboratory fee applies.

SUNY GEN ED-GART; NCC GEN ED-FAPA, HUM
Offered: Fall, Spring
Credit Hours: 3
Department: Art

ART 117 - Illustration

Prerequisites: ART 111 or permission of Chairperson.

Description: Communicating ideas with focus and clarity through the use of visual materials. Techniques and materials are introduced to give impact to ideas and professional portfolio quality work. Average cost of supplies: $140. Laboratory fee applies.

SUNY GEN ED-GART; NCC GEN ED-FAPA, HUM
Offered: Spring
Credit Hours: 3
Department: Art

ART 118 - Figure Drawing I

Prerequisites: ART 111 or permission of Chairperson.

Description: An extensive study of the human figure, its proportions and constructions, as a subject for artistic and personal expression. Average cost of supplies: $65. Laboratory fee applies.

SUNY GEN ED-GART; NCC GEN ED-HUM
Offered: Fall
Credit Hours: 3
Department: Art

ART 119 - Anatomy and Figure Drawing II

Prerequisites: ART 118 or permission of Chairperson.

Description: A continuation of the study of the figure as the subject for artistic expression. Emphasis is on acquiring a sensitivity to subtle anatomical definition. More extensive technical skills are needed for this definition. Average cost of supplies: $100. Laboratory fee applies.

SUNY GEN ED-GART; NCC GEN ED-HUM
Offered: Spring
Credit Hours: 3
Department: Art

ART 120 - Ceramics I

Description: Tools and techniques of hand-building and potters wheel are used to form pottery and related sculptural construction in clay. Students learn a variety of decorative and glazing techniques and an understanding of the processes related to the firing of clay into ceramic. Average cost of supplies: $125. Laboratory fee applies.

SUNY GEN ED-GART; NCC GEN ED-FAPA, HUM
Offered: Fall, Spring
Credit Hours: 3
Department: Art

ART 121 - Sculpture I

Description: Designing and construction of sculptures from clay, plaster, wood and metal is a means to symbolic expression. The format of lecture/demonstration, planning, building of the sculpture, individual and group critiques, gallery/museum visits assist students in understanding the role of the artist and the creative process. Average cost of supplies: $125. Laboratory fee applies.

SUNY GEN ED-GART; NCC GEN ED-FAPA, HUM
Offered: Fall, Spring
Credit Hours: 3
Department: Art

ART 122 - Graphic Design I

Description: Hands-on experience with industry standard software used to create commercial and fine art images. Topics include basic design principles, grid structure and typography used in the development of charts, trademark design, landscapes, interiors, portraits, scanning images, and print design. Average cost of supplies: $100. Laboratory fee applies.

SUNY GEN ED-GART; NCC GEN ED-FAPA, HUM
Offered: Fall, Spring
Credit Hours: 3
Department: Art
ART 131 - Digital Imaging
Prerequisites: ART 130 or permission of Chairperson.
Description: Hands-on course in Adobe Photoshop, the most widely used application in digital imaging and photography. Topics include: image creation and scanning, painting, editing and retouching, image manipulation and resizing, color correction, conversions, layers, filters and image output. Cost of supplies: $100. Laboratory fee applies. SUNY GEN ED-GART; NCC GEN ED-HUM
Offered: Fall, Spring
Credit Hours: 3
Department: Art

ART 133 - Graphic Design III
Prerequisites: ART 131 and ART 140
Description: Hands-on experience with desktop publishing and use of software to design professionally designed publications. Topics include word processing, page layout, creating and scanning images, typography, and print production. Average cost of supplies: $150. Laboratory fee applies. SUNY GEN ED-GART; NCC GEN ED-HUM
Offered: Fall, Spring
Credit Hours: 3
Department: Art

ART 134 - 3D & Video I
Prerequisites: ART 130.
Description: Hands-on course in creating and composing complete 3D computer generated imagery (CGI). Topics include: NURBS (non-uniform rational B-spline) and polygonal modeling, texturing, lighting, camera positioning and rendering. Average cost of supplies: $100. Laboratory fee applies. SUNY GEN ED-GART; NCC GEN ED-HUM
Offered: Fall, Spring
Credit Hours: 3
Department: Art

ART 135 - Digital Imaging
Prerequisites: ART 131 or permission of Chairperson.
Description: Advanced animation techniques for web-oriented interactive design using popular vector-based multimedia authoring software in concert with a variety of computer-generated imagery (CGI) and design applications. Students will learn skills required for creating a complete animated and interactive web site in a single software environment. Average cost of supplies: $200. Laboratory fee applies. SUNY GEN ED-GART; NCC GEN ED-HUM
Offered: Spring
Credit Hours: 3
Department: Art

ART 140 - Graphic Design II
Prerequisites: ART 130 or Permission of Chairperson
Description: Concurrent Requisite: ART 105. Using computers as tools for research and composition, students will survey the global history of visual communications as well as the ways visual elements are used to construct and convey meaning. Historical, cultural, social and technological developments and their impact on the field of graphic design will be studied. An interactive environment for the study of the development and the practical applications of visual imagery will be promoted. Cost of supplies: $100. Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-FAPA, HUM
Offered: Fall, Spring
Credit Hours: 3
Department: Art

ART 142 - Art Internship
Prerequisites: Permission of the instructor and a minimum of 9 art credits.
Description: Supervised placement of the student in an artist's studio, gallery position or other setting appropriate to student's area of art study, to enable the student to gain work experience that enriches the theoretical concepts developed in the classroom. Students may incur additional travel expense. This course may be taken for credit only once. Open to Art majors only.
SUNY GEN ED-n/a; NCC GEN ED-FAPA, HUM
Offered: Fall, Spring
Credit Hours: 3
Department: Art

ART 145 - Raku and Pit-Firing
Prerequisites: ART 122 or ART 147.
Description: This ceramics course will introduce the student to basic hand building and Raku and Pit-Firing of ceramic pieces that are formed in class. The student will participate in the rapid-fire technique, the quick cool down and the reduction of their pieces. Also explored in this course will be various methods of creating decorative surfaces. Average cost of supplies: $125. Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-FAPA, HUM
Offered: Fall
Credit Hours: 3
Department: Art

ART 147 - Potter's Wheel
Description: The potter's wheel will be the tool we will be using to make our projects. We will explore various expressive, tactile and intellectual possibilities that are available through the use of this medium. Also explored: a variety of glazing techniques and processes related to firing of clay. Historical references will contribute to students' development of critical thinking skills and creative problem solving. Average cost of supplies: $125. Lab fee applies. SUNY GEN ED-n/a; NCC GEN ED-FAPA, HUM
Offered: Fall, Spring
Credit Hours: 3
Department: Art

ART 159 - Photography I
Description: A basic foundation in the techniques and aesthetics of photography with emphasis on the camera, digital darkroom and portfolio preparation. A dSLR (digital) camera capable of manual operation to be provided by the student. Average cost of supplies: $225 (does not include dSLR camera). Laboratory fee applies. Students who have completed ART 125 will not receive credit for ART 159. SUNY GEN ED-GART; NCC GEN ED-FAPA, HUM
Offered: Fall, Spring, Summer
Credit Hours: 3
Department: Art

ART 160 - Black and White Darkroom
Description: A traditional black and white photography course utilizing film cameras and traditional darkroom techniques. Emphasis is on creativity, aesthetic considerations and the development of a personal photographic vision through class assignments, individual photographic projects, and portfolio development. Students to provide a 35-mm manually operated camera. Average cost of supplies: $275. Laboratory fee applies. Students who have completed ART 225 will not receive credit for ART 160. SUNY GEN ED-GART; NCC GEN ED-FAPA, HUM
Offered: Fall, Spring
ART 201 - Survey of Art History I
Prerequisites: Completion of remedial courses of English and Reading.
Description: The development of architecture, painting and sculpture from their origins in Prehistory through the cultures of Ancient Egypt, the Middle East, Greece, Rome, and in Western Europe, from the time of Constantine to the end of the Middle Ages.
Offered: Fall, Spring, Summer
Credit Hours: 3
Department: Art

ART 202 - Survey of Art History II
Prerequisites: Completion of remedial courses in English and Reading.
Description: The development of painting, sculpture, and architecture from the Renaissance to the twentieth century. This course explores the history of Western art from both contextual and formal art historical perspectives.
Offered: Fall, Spring, Summer
Credit Hours: 3
Department: Art

ART 203 - Art Beyond the West
Prerequisites: Completion of remedial English and Reading is required.
Description: This course is a survey of selected historical topics drawn from the following non-western cultures: India, China, Southeast Asia, Japan, Oceania, Africa, Pre-Columbian Americas. Representative works of painting, sculpture, crafts, and architecture from selected cultures will be examined in the context of the religious, social, economic, and/or political forces that shaped them.
Offered: Fall, Spring, Summer
Credit Hours: 3
Department: Art

ART 222 - Ceramics II
Prerequisites: ART 122 or ART 147.
Description: Build upon prior hand building and/or potter’s wheel techniques as a means to creating pottery or related sculptural constructions in clay. Glaze formulation and experience with operation of gas and electric kilns. Average cost of supplies: $125. Laboratory fee applies.

ART 223 - Sculpture II
Prerequisites: ART 123 or permission of Chairperson.
Description: Students build on skills, techniques and knowledge acquired in Sculpture I. They are encouraged to develop individual ideas into sculptural compositions and acquire related skills to verbally assess both the emerging work and the completed sculpture. Average cost of supplies: $125. Laboratory fee applies.

ART 224 - Advanced Photography
Prerequisites: ART 227 or permission of Chairperson.
Description: This intermediate level course offers students a broad and immersive experience with large format photography. Students will use 4" x 5" Field and View cameras as a means to explore camera movements, exposure, sheet film development, gelatin-silver printing, high end digital scanning and advanced inkjet printing techniques. Strong emphasis will be placed on project development, critical thinking and problem solving techniques. Cameras will be provided for student use. Average cost: $350. Laboratory fee applies.

ART 225 - Digital Photography I
Prerequisites: ART 159.
Description: This course introduces students to the development and production of short and long term documentary projects. Through a mix of still photography and media based production students engage with current events, cultural trends and historical perspectives while addressing the most effective story telling techniques. Included in as overview of the techniques and styles, history and ethics of the practice and application of a documentary photography. Average cost of supplies: $275. Laboratory fee applies.

ART 226 - Experimental Photography
Prerequisites: ART 159 and ART 160.
Description: Advanced photographic and darkroom techniques and manipulative effects including black and white, color and digital photographic processes. Emphasis will be on creative expression and interpretation of ideas through alternative and experimental techniques. Students to provide their own cameras. Average cost of supplies: $225. Laboratory fee applies.

ART 227 - Studio Photography
Prerequisites: ART 159
Description: This course offers students a broad foundation in studio photography with an emphasis on portraiture and still life. Students will have the opportunity to use multiple professional lighting technologies and photographic formats including electronic flash systems, quartz halogen and tungsten as well as medium format digital capture. All cameras formats from 35mm - 4" x 5" may be used. Strong emphasis will be placed on project development, critical thinking and problem solving techniques. Average cost of supplies: $275. Laboratory fee applies.

ART 228 - Documentary Photography
Prerequisites: ART 159
Description: This course introduces students to the development and production of short and long term documentary projects. Through a mix of still photography and media based production students engage with current events, cultural trends and historical perspectives while addressing the most effective story telling techniques. Included in as overview of the techniques and styles, history and ethics of the practice and application of a documentary photography. Average cost of supplies: $275. Laboratory fee applies.

ART 229 - View Camera
Prerequisites: ART 159 and ART 160.
Description: This intermediate level course offers students a broad and immersive experience with large format photography. Students will use 4" x 5" Field and View cameras as a means to explore camera movements, exposure, sheet film development, gelatin-silver printing, high end digital scanning and advanced inkjet printing techniques. Strong emphasis will be placed on project development, critical thinking and problem solving techniques. Cameras will be provided for student use. Average cost: $350. Laboratory fee applies.

ART 230 - Digital Photography II
Prerequisites: ART 159.
Description: This course builds upon the principles and techniques covered in Digital Photography I by incorporating the application of color as an aesthetic and thematic consideration. Adobe Lightroom, Adobe Photoshop and basic calibration techniques from the foundation from which students explore their photographic production. Average cost of supplies: $225. Laboratory fee applies.

ART 231 - Digital Photography III
Prerequisites: ART 159.
Description: This course builds upon the principles and techniques covered in Digital Photography I by incorporating the application of color as an aesthetic and thematic consideration. Adobe Lightroom, Adobe Photoshop and basic calibration techniques from the foundation from which students explore their photographic production. Average cost of supplies: $225. Laboratory fee applies.
American Sign Language

**ASL 152 - American Sign Language I**
**Prerequisites:** Students must have satisfied all ENG and RDG 001 remediation requirements prior to starting the course.

**Description:** An introduction to American Sign Language, the natural language of the Deaf community in the United States and Canada. Focuses on conversation, fingerspelling, basic rules of grammar and customs, traditions and history of the deaf community. Laboratory component and attendance at Deaf community events required. Satisfies all ENG and RDG 001 remediation requirements.

**Offered:** Fall, Spring

**Credit Hours:** 3

**Department:** Communications

**ASL 153 - American Sign Language II**
**Prerequisites:** ASL.152 and must have satisfied all ENG and RDG 001 remediation requirements prior to starting the course.

**Description:** Continuation of basic American Sign Language and Deaf culture, with opportunities to build receptive and expressive sign vocabulary, phrases and conversational skills; use of Non-Manual Markers; continued fingerspelling practice. Laboratory component and attendance at Deaf community events required.

**Offered:** Fall, Spring, Summer

**Credit Hours:** 3

**Department:** Communications

**ASL 226 - Communication and Culture in the Deaf Community**
**Prerequisites:** Students must have satisfied all ENG and RDG 001 remediation requirements prior to starting the course.

**Description:** This course explores the communication and culture of Deaf people. It focuses on a unique human communication phenomenon- a community with a communication and cultural system that is not based on a spoken language. The relationship between communication and culture is examined through analysis of the different aspects of the Deaf culture and community, including language, history, the arts, norms, values, traditions and customs of the Deaf community and its interaction with a hearing-dominant society. This course will be conducted in English; knowledge of American Sign Language is not required.

**Offered:** Fall, Spring

**Credit Hours:** 3

**Department:** Communications
Students will occasionally meet with the instructor on campus to perform laboratory experiments and take exams. Lab fee applies. Formerly SCI 105. Students who have completed SCI 105 will not receive credit for AST 101.

SUNY GEN ED-GLAB; NCC GEN ED-LSCI

Offered: Fall, Spring, Summer

Credit Hours: 4

Department: Physical Sciences

AST 102 - Discovering Stars and Galaxies

Description: The student is introduced to the historical development of theories basic to understanding the concepts of the universe beyond the solar system and studies the evolution of stars and galaxies in terms of observations. Included are discussions of quasars, pulsars, black holes and the Big Bang Theory. Students are required to attend at least two evening observation sessions during the semester. (3 lecture, 3 laboratory hours) Lab fee applies. Formerly SCI 106. Students who have completed SCI 106 will not receive credit for AST 102.

SUNY GEN ED-GLAB; NCC GEN ED-LSCI

Offered: Fall, Spring, Summer

Credit Hours: 4

Department: Physical Sciences

Biological Sciences

BIO

BIO 101 - Introduction to College Biology I

Description: Life processes are studied to develop an understanding of structures and functions of organisms. Major topics include the scientific method, cell structure and function, and a survey of human anatomy and physiology. Laboratory includes the dissection of a typical vertebrate. When paired with BIO 102 Introduction to College Biology II, these courses provide two semesters in introductory biology with laboratory components for the non-science major. Note: Prior to Fall 2018, this course was entitled "General Biology I" (3 lecture, 3 laboratory hours) Lab fee applies.

SUNY GEN ED-GLAB; NCC GEN ED-LSCI

Offered: Fall, Spring, Summer

Credit Hours: 4

Department: Biology

BIO 102 - Introduction to College Biology II

Description: A survey course which explores the basic biological principles of reproduction and development, classical and molecular genetics, evolution, behavior and ecology. The diversity of life is examined in the laboratory as well as through field trip experiences. When paired with BIO 101 Introduction to College Biology I, these provide two semesters in laboratory science for the non-science major. Note: Prior to Fall 2018, this course was entitled "General Biology II" (3 lecture, 3 laboratory hours) Lab fee applies.

Astronomy

AST

AST 101 - Exploring the Solar System

Description: The historical development of the physical laws and theories basic to the study of the solar system is studied. Physical characteristics of the earth, moon, planets and sun are discussed including findings of unmanned planetary exploration. Students are required to attend at least two evening observation sessions during the semester. Students gain a working knowledge of the operation of a telescope. (3 lecture, 3 laboratory hours) Lab fee applies. Note: A special Hybrid section of Solar System Astronomy may be offered each semester. This distance-learning course uses the internet, computers and other electronic media to complete the course assignments. Therefore, students must have access to a computer.
emphasize is placed upon the molecular and cellular levels of life. Topics such as cell structure, metabolism, molecular genetics, cell division and control mechanisms are discussed. The second semester deals with life on organism through the ecosystem levels. Plant and animal systems are examined in the context of their role in evolution and the environment. The diversity of life is examined in the laboratory as well as through field trip experiences. The laboratory includes a dissection of more advanced invertebrates and selected vertebrates. Note: Prior to Fall 2018, this course was entitled Principles of Biology I. (3 lecture, 3 laboratory hours) Laboratory fee applies to each course. SUNY GEN ED-GLAB; NCC GEN ED-LSCI

Offered: Fall, Spring, Summer
Credit Hours: 4

Department: Biology

BIO 116 - Human Genetics

Description: (Formerly BIO 105 / BIO 106) Human Genetics examines the basic concepts of DNA and normal and abnormal gene function in human development and life. A point of emphasis is the relationship between genetic material and environmental impacts, including radiation, chemicals and viral infection. Genetic engineering, birth defects, DNA fingerprinting, gene therapy, cancer and the human problems associated with these subjects are discussed. Laboratory exercises involve work with living organisms. (3 lecture, 3 laboratory hours) Laboratory fee applies. SUNY GEN ED-GLAB; NCC GEN ED-LSCI

Offered: Fall, Spring, Summer
Credit Hours: 4

Department: Biology

BIO 118 - On Becoming Human

Description: (Formerly BIO 113 / BIO 114) A biological examination of what it means to become a human. The course traces the development of human form and function from conception to birth through lectures, discussions and laboratory experiences on human genetics, reproduction, development, and birth. (3 lecture, 3 laboratory hours) Laboratory fee applies. SUNY GEN ED-GLAB; NCC GEN ED-LSCI

Offered: Spring
Credit Hours: 4

Department: Biology

BIO 119 - Oceanology

Description: (Dual listed with GLY 106) The course is designed as an overview of the structure, origin, and evolution of the world's oceans. Investigations will include analysis of abiotic factors such as sediments, coastlines, water properties, and movement. Students will take a close look at general water circulation, tides, currents, waves, and the effects of weather and climate. Further investigations will focus on biotic factors such as marine organisms, food chains, resources, and man's relationship to the sea. Note: This is a three-credit course and does not fulfill the laboratory science requirement needed for graduation. There will be no waivers issued under any circumstances. (3 lecture hours)

SUNY GEN ED-GLAB; NCC GEN ED-NSCI

Offered: Fall, Spring, Summer
Credit Hours: 3

Department: Biology

BIO 120 - Birds and the Environment

Prerequisites: One semester of college biology or permission of the Department.

Description: The anatomy, physiology, and behavior of birds will be studied in context of their environments. Classification and evolution of birds are also discussed. Laboratory exercises involve dissection, field trips, and individual investigative projects involving data collection and analysis. Field trips include representative Long Island habitats: marine, fresh water, woods, and fields. (3 lecture, 3 laboratory hours) Laboratory fee applies. SUNY GEN ED-GLAB; NCC GEN ED-LSCI

Offered: Summer
Credit Hours: 4

Department: Biology

BIO 121 - A Survey of Mammals

Description: The course introduces students to the biology of mammals. The characteristics of mammals, how they evolved and their phylogenetic relationships are examined. A survey of the living mammalian orders, their features, life history characteristics, physiological and behavioral specializations, and habitat and ecological significance is discussed. Field trips are a required portion of the course. SUNY GEN ED-n/a; NCC GEN ED-NSCI

Offered: Spring
Credit Hours: 3

Department: Biology

BIO 124 - Plants and Society

Description: This course surveys the various groups of plants, their structures and functions, their ecology and economic importance. Students will apply botanical concepts to understand the greenhouse effect, organic gardening, transgenic plants, medicinal uses of plants, and conservation of natural resources. The Laboratory component requires students to perform research and participate in ongoing investigative projects by using the scientific processes to construct hypotheses, design experiments, evaluate data, and draw conclusions. (3 lecture, 3 laboratory hours - including field trips) Laboratory fee applies. SUNY GEN ED-GLAB; NCC GEN ED-LSCI

Offered: Fall, Summer
Credit Hours: 4

Department: Biology

BIO 125 - Human BioNutrition

Description: (Formerly BIO 111 / BIO 112) Nutrition is explored as an emerging science that combines biology and chemistry into an exciting field of specialization. This course is designed to explore the physiological mechanisms of nutrient metabolism and their interactions on human cellular biology. The characteristics and functions of nutrient groups are studied in their relation to their biological requirements and proper balance. Special attention is given to the relationship between an unbalanced diet, an altered metabolism and the disease process. Also considered are the unique biological features of each of the stages of life and their effect on nutrient requirements. (3 lecture, 3 laboratory hours) Laboratory fee applies. SUNY GEN ED-GLAB; NCC GEN ED-LSCI

Offered: Fall, Spring, Summer
Credit Hours: 3

Department: Biology
BIO 125 - Introduction to Marine Science

Description: An introductory level course dealing with Marine Science. It provides a framework for illustrating biological principles and processes. Aspects taught include ecology, diversity of plants and animals, marine communities and habitats, and current issues and topics related to human intervention. Laboratory emphasis is on observation, sampling, and studies of marine animals and plant communities. Field trips are a required portion of the course. (3 lecture, 3 laboratory hours) Laboratory fee applies.

SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Offered: Fall, Spring
Credit Hours: 4
Department: Biology

BIO 130 - Molecules & Medicines

Description: The course includes basic chemistry, history of healing plants, medicinally active ingredients of plants, and modes of action of traditional and modern medicines on the human physiology. The laboratory component requires students to perform research, test common myths using the scientific processes, analyze data, and participate in other investigative exercises. (3 lecture, 3 laboratory hours) Laboratory fee applies.

SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Offered: On Occasion
Credit Hours: 4
Department: Biology

BIO 131 - Pathophysiology

Prerequisites: AHS 131 and AHS 132
Description: The course is designed to familiarize students with a host of clinical diseases and their signs, symptoms, risk factors, and treatments. Case studies will be used throughout the course: including use of Internet information from national disease websites. Students will also be required to demonstrate their knowledge of human anatomy.

SUNY GEN ED-n/a; NCC GEN ED-NSCI
Offered: Fall, Spring
Credit Hours: 3
Department: Biology

BIO 162 - Animal Ecology

Prerequisites: High School biology or similar course experience.
Description: The fundamental principles of ecology are presented through habitat explorations. Patterns of animal behavior (ethology) along with the physical specializations adapting wildlife to their habitats are emphasized. Working with locally found living vertebrate and invertebrate species students will produce photo-essay investigations of assigned wildlife topics. Students must have a camera and are responsible for their own transportation to, from and around field sites. (3 lecture, 3 laboratory hours for 7 1/2 weeks. This is a half semester course that may be taken in sequence with BIO 165 for 4 credits.) Laboratory fee applies.

SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Offered: Fall, Spring, Summer
Credit Hours: 2
Department: Biology

BIO 165 - Natural History of Long Island

Prerequisites: High School biology or similar course experience.
Description: The course aims at expanding the student's knowledge about Long Island's ecological diversity. During field trips students will investigate the factors affecting the preservation of several natural ecosystems in proximity to the College. Critical thinking skills, class discussions and natural science methodology will be combined for the production of photo-essays exploring Long Island's plant and animal communities. The impact of commercial development on ecological balance, and items in local news, provide the themes for class projects. Students must have a camera and are responsible for their own transportation to, from and around field sites. (3 lecture, 3 laboratory hours for 7 1/2 weeks. This is a half semester course that may be taken in sequence with BIO 162 for 4 credits). High school biology or similar experience recommended. Laboratory fee applies.

SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Offered: Fall, Spring, Summer
Credit Hours: 2
Department: Biology

BIO 200 - Experimental Research Methods

Prerequisites: Completion of all English, reading, math remediation courses and a Natural or Physical Science sequence: AHS131 and AHS132 or, BIO109 and BIO110 or, CHE151 and CHE152 or, PHY101 and PHY102 or, PHY151 and PHY 152.
Description: (Dual listed with SCI 200) This course introduces processes involved in completing the scientific method during experimentation and presentation of related research findings. Students will review theories and facts using prior works and identify literature which leads to further questioning and modification of original ideas. Students will explore the fundamentals of planning research experimentation including time management, theoretical frameworks, and logic of inquiry. Students will learn scientific thinking and writing skills necessary to communicate research findings. The course will also examine effective measures for presenting learned information (either via literature review or experimentation) including abstract writing, verbal presentations and written representations of works as a publishable work, thesis, or dissertation. It will also examine safety guidelines and ethical standards. Laboratory work will include explorations into the scientific method, experimental design and data collection. With an emphasis on applied learning, students will conduct research in the area of their choosing. NCC GEN ED-LSCI.
Offered: Fall, Spring, Summer
Credit Hours: 4
Department: Biology

BIO 201 - Anatomy

Prerequisites: BIO 101 and BIO 102 or BIO 109 and BIO 110 with a grade of C or better in each course, or permission of the Department.
Description: This course is an exploration of the intricate structure of the human body. The student studies the various tissues, organs, and systems which function together to maintain life. The laboratory includes dissection of a representative mammal - the cat. (3 lecture, 3 laboratory hours) Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-LSCI
Offered: Fall, Summer
Credit Hours: 4
Department: Biology

BIO 202 - Physiology

Prerequisites: BIO 201 with a grade of C or better, or permission of the Department.
Description: A study of the normal functions of the human organism. The student surveys the various systems of the body, their activities and interrelationships. Much of the laboratory work involves measurement of human body functions. Combined with BIO 201, this course is an excellent introduction to anatomy and physiology. (3 lecture, 3 laboratory hours) Laboratory fee applies.

SUNY GEB ED-GLAB; NCC GEN ED-LSCI
Offered: Spring, Summer
Credit Hours: 4
Department: Biology

BIO 203 - Oceanography

Prerequisites: A one year college level science course or permission of the Department.
Description: An introduction to the interactions of the chemical, geological,
physical, and biological processes of the marine environment. Laboratory emphasis on observation, sampling techniques and analytical procedures. Field trips are a required portion of course. (3 lecture, 3 laboratory hours, including field trips) Laboratory fee applies.
SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Offered: On Occasion
Credit Hours: 4
Department: Biology

BIO 204 - Marine Biology
Prerequisites: Need either BIO 101, BIO 102, BIO 103, BIO 104, BIO 109, BIO 110, BIO 115, BIO 116, BIO 118, BIO 119, BIO 120, BIO 124, BIO 130, BIO 131, BIO 162, BIO 165, BIO 203; CHE 107, CHE 108, CHE 131, CHE 132, CHE 135; SCI 101, SCI 102, SCI 108, SCI 109, SCI 110, SCI 120 or permission of the Department.
Description: This course provides an introduction to the plant and animal communities inhabiting shallow and deep North Atlantic marine waters. Emphasis is placed on diversity of adaptations for interaction with the varied salt water environments. Field trips are a required portion of course. (3 lecture, 3 laboratory hours, including field trips) Laboratory fee applies.
SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Offered: Fall, Summer
Credit Hours: 4
Department: Biology

BIO 209 - Principles of Nutritional Science
Prerequisites: BIO 109 and BIO 110 Reco
Description: Prerequisites: BIO 109 and BIO 110
Recommended for science majors, the course includes such topics as the digestion, absorption, and function of nutrients. Regulatory mechanisms that influence the requirements and metabolism of nutrients are considered.
SUNY GEN ED-n/a; NCC GEN ED-LSCI
Offered: On Occasion
Credit Hours: 4
Department: Biology

BIO 210 - Current Concepts in Nutritional Science
Prerequisites: BIO 109 and BIO 110 (maybe co-requisite) or AHS 131 and AHS 132 (maybe co-requisite) or permission of the Department
Description: This course examines nutritional physiology and pathophysiology. Topics explored include the effects of nutrients on metabolism at the molecular, cellular, and systemic levels, including special metabolic needs during growth, reproduction, stress, and senescence, as well as, current theories and controversies in the field of nutritional science. Students will critically analyze and evaluate nutritional research, identifying trends and the influence they have on health promotion and disease prevention. As of Fall 2017 students who have completed BIO226 will not receive credit for BIO210.
SUNY GEN ED-n/a; NCC GEN ED-LSCI
Offered: On Occasion
Credit Hours: 3
Department: Biology

BIO 211 - Developmental Biology
Prerequisites: BIO 101 and BIO 102 or BIO 109 and BIO 110 or permission of the Department.
Description: This course explores the molecular, cellular and genetic processes of invertebrate and vertebrate development from fertilized egg to multicellular organism. The evolution of developmental mechanisms will also be discussed. A comparative study of invertebrate and vertebrate embryos will be included in the laboratory. (3 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Offered: Spring
Credit Hours: 4
Department: Biology

BIO 212 - Comparative Anatomy
Prerequisites: BIO 101 and BIO 102 or BIO 109 and BIO 110 or permission of the Department.
Description: This course investigates the anatomy of various vertebrates. Through a study of the present anatomical structures, the evolutionary development of these animals is outlined. Differences and similarities of organ systems from various species are discussed. (3 lecture, 3 laboratory hours) Laboratory fee applies. Generally offered spring.
SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Offered: Fall
Credit Hours: 4
Department: Biology

BIO 214 - Microbiology
Prerequisites: BIO 101 - BIO 102 or BIO 109 - BIO 110 or permission of the Department.
Description: This course examines the morphology, physiology, structure, genetics, and metabolism of microorganisms, including the roles played by microorganisms in medical, environmental, agricultural, and biotechnological sciences. The laboratory deals with the culture and study of microorganisms, the dynamics of microbial growth, and the physiological basis of bacterial identification. (3 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Offered: Fall, Spring, Summer
Credit Hours: 4
Department: Biology

BIO 215 - Histology
Prerequisites: BIO 101 - BIO 102 or BIO 109 - BIO 110 or permission of the Department.
Description: Exploration of the microscopic structure of the human body. An appreciation is developed of the interactions of cells and tissues which result in a harmonious, complex body. Laboratory examination of the structure of cells, tissues, and organs of the body. (3 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Offered: On Occasion
Credit Hours: 4
Department: Biology

BIO 216 - Parasitology
Prerequisites: BIO 101 - BIO 102 or BIO 109 - BIO 110 or permission of the Department.
Description: This course investigates the lives of animal parasites of medical, veterinary and economic importance. The habitats, life cycles, geographic distribution and underlying principles of transmission, diagnosis, treatment and prevention are considered. Through the use of prepared microscope slides and living materials, the student is given the opportunity to view and study a wide variety of parasitic organisms. (3 lecture, 3 laboratory hours) Laboratory fee applies.

BIO 219 - Field Biology
Prerequisites: BIO 101 - BIO 102 or BIO 109 - BIO 110 or permission of the Department.
Description: A habitat approach involving field trips is used for the investigation of the interactions of living organisms with their physical and biological environments. Emphasis is given to population dynamics and the interactions among organisms that determine the structure, function, and evolutionary development of biological communities. Studies are carried out in specific habitats such as bog, marsh, forest, field, and estuary. Specially marked sections of this course may be run at offsite locations or abroad. Students are responsible for their own transportation to, from and around field sites. (3 lecture, 3 laboratory hours) Laboratory fee applies.

Offered: On Occasion
Credit Hours: 4
Department: Biology

BUS 100 - Creative Problem Solving in Business
Description: This course will assist students in developing the skills required for success in business and in upper-level coursework. Various forms of active learning techniques will be employed to develop and improve those skills viewed by the business community as essential for success in the workplace. These skills include the ability to communicate effectively, work in teams/groups to solve business problems, research information, and think creatively and critically in solving business problems.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring, Summer
Credit Hours: 3
Department: Accounting and Business Admin

BUS 111 - Entrepreneurship
Description: An introduction to the management of small business. The course covers the role of small business in the economy, and is designed both for those interested in establishing businesses as well as those who have already established them. Emphasis is placed on development of a managerial philosophy for entrepreneurs, managers, and potential managers. Course work includes operational techniques, legal and environmental relationships, and analysis of the risks and rewards of managing or owning small enterprises.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring, Summer
Credit Hours: 3
Department: Accounting and Business Admin

BUS 112 - Principles of Management
Description: An introduction to the role of business in American life as a primary source of goods, services, employment, and income. It provides beginning business students and non-business majors with an understanding of the basic scope of corporate business and its relationship to government and society. Students will have a "hands-on" corporate experience to learn the operations and activities of a major corporation as an additional component to the course.

BUS 288 - Co-op Partnership with Industry

Prerequisites: Completion of remedial and/or ESL courses are required. In addition, students must have completed a minimum of 12 credits and be in good academic standing prior to the commencement of the course or obtain permission of the chairperson. Students who are not department majors must be recommended by an instructor and obtain the permission of the department chairperson.

Description: The course provides supervised, practical, paid, full-time experience at institutions that offer students opportunities to which they apply concepts learned in the classroom. Written reports demonstrating the understanding of theories and their applications are an integral part of the curriculum. Travel and living expenses may be incurred contingent upon placement. Formerly BUS 600. Students who have completed BUS 600 will not receive credit for BUS 288.

BUS 289 - Adv International Business

Description: An examination of the distinctive management challenges and opportunities of companies operating in more than one country. The course provides an overview of the growing role of business with its political, legal, cultural and economic influences on the rapidly changing international scene. Students are involved in independent research after visits to multinational companies, foreign banking systems, government controlled businesses, and foreign financial and economic centers. Special expenses for students include airfare to and from foreign countries, food, lodging, taxes and transfers for approximately two weeks. Not offered every semester. Formerly BUS 800. Students who have completed BUS 800 will not receive credit for BUS 289.

CET

CET 101 - Residential Construction Methods
Description: Students learn the types and organization of construction projects. Content includes the materials used in construction: concrete, steel, masonry, and wood; interior finishes, plumbing and electrical systems related to construction; methods of testing, excavation, foundation construction and superstructure erection. State and local codes, code administration and construction safety are also discussed. Films and individual projects are required. (1 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring
Credit Hours: 2
Department: Engineering/Physics/Tech

CET 103 - Introductory Civil Engineering Technology
Description: An introductory course in the art of engineering designed to acclimate the students to the engineering profession and to acquaint them with the techniques and methodologies of engineering design. The "design" aspect of the course consists of an introduction to computer integration (as it applies to the engineering profession), graphical techniques, and design oriented problems using analysis software. The objectives of the design section entail the generation of engineering related problems. (1 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring
Credit Hours: 2
Department: Engineering/Physics/Tech

CET 107 - Codes and Construction
Prerequisites: Enrollment in the Interior Design or Construction Management program, or permission of Department.
Description: Overview of practice and materials of construction, building types and structural framing. Instruction on the use of the current New York State Uniform Fire Prevention and Building Code, the 1992 Americans with Disabilities Act and their relation to residential and commercial uses of space. Instruction on fire codes related to materials used in interior design. (2 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring
Credit Hours: 3
Department: Engineering/Physics/Tech

CET 111 - Structural Drawing I
Prerequisites: ENS 105.
Description: Drawing of plans and details used in building construction. Development of drafting techniques and standards, using AutoCAD computer drafting software. (1 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring
Credit Hours: 2
Department: Engineering/Physics/Tech

CET 150 - Blueprint Reading
Description: Introduction to blueprint reading for building construction. Study and interpretation of building plans; architectural, mechanical and electrical. Estimating theory and quantity takeoff. (2 lecture, 2 laboratory hours). Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring
Credit Hours: 3
Department: Engineering/Physics/Tech

CET 201 - Construction Estimating
Prerequisites: CET 101, CET 103 and CET 150.
Description: Estimating costs of building construction. Practice in finding required material quantities from drawings. Procedures for estimating labor, material, and equipment costs. Scheduling of construction by CPM (Critical Path Method) including the use of estimating software. (1 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring
Credit Hours: 2
Department: Engineering/Physics/Tech

CET 211 - Structural Drawing II
Prerequisites: CET 111.
Description: Development of data and preparation of drawings used in building construction and civil engineering, using Auto CAD computer drafting software. (1 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall
Credit Hours: 2
Department: Engineering/Physics/Tech

CET 218 - Statics of Structure
Prerequisites: MAT 109.
Description: Resultants and equilibrium of coplanar force systems; trusses and three force members; force systems in space; friction, centroids and moments of inertia of composite areas.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring
Credit Hours: 3
Department: Engineering/Physics/Tech

CET 219 - Mechanics of Materials
Prerequisites: CET 218.
Description: Stress and strain in elastic bodies when subject to external tensile, compressive, shear and torsion forces. Beam reactions, shears, bending moment diagrams and deflections, by the moment-area method are determined. Column analysis; introduction to indeterminate structure.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Spring
Credit Hours: 3
Department: Engineering/Physics/Tech

CET 222 - Materials Testing Laboratory
Corequisites: CET 219.
Description: Determination of physical properties of construction materials. Standard tests used on the American Society of Testing Materials and the American Concrete Institute standards including reporting writing software. (3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Spring
Credit Hours: 1
Department: Engineering/Physics/Tech

CET 223 - Structural Steel Design
Prerequisites: CET 219.
Description: Analysis of statically determined structures. Design and investigation of structural steel members; columns, beams, trusses, and girders. Bolted, riveted, and welded connections reactions, shear, bending moment and deflection by analytic and graphical methods, including the use of design software. (2 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Spring
Credit Hours: 3
Department: Engineering/Physics/Tech

CET 225 - Soils and Foundations
Prerequisites: CET 219.
Description: The course is an introduction to soil mechanics with application to problems encountered in construction and design.
Topics include soil origin and nature, soil properties, field sampling, gradation, compaction, classification, permeability, soil strength. Laboratory experiments include the classification and evaluation of engineering properties of soil for predicting its behavior in accordance with ASTM and AASHTO specifications. The course also covers the structural design of foundations such as retaining walls, grade beams and footings. (3 lecture, 2 laboratory hours) Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Spring
Credit Hours: 3

Department: Engineering/Physics/Tech

CET 231 - Elementary Surveying
Prerequisites: ENS 105
Corequisites: MAT 109

Description: Basic principles of plane surveying. Field practice and office procedures. Use of level, transit, stadia, electronic theodolite and total station. Use of survey computation software for determination of horizontal and vertical controls and areas. Mapping of selected areas. (2 lecture, 3 laboratory hours) Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Spring
Credit Hours: 3

Department: Engineering/Physics/Tech

CET 232 - Route Surveying
Prerequisites: CET 231.

Description: Field and office procedures in layout of highways, railroads, and pipelines. Profile leveling, horizontal and vertical curves and alignment. Mapping, plotting profiles and cross sections. Cut and fill computations. Principles of field astronomy. Computations using defined software. (2 lecture, 3 laboratory hours) Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall
Credit Hours: 3

Department: Engineering/Physics/Tech

CET 240 - Hydraulics
Prerequisites: CET 219 or PHY 101.

Description: The course studies fundamental properties and behavior of fluids under static and flow conditions. Topics covered include hydrostatic force, buoyancy, pressure, manometry, continuity and energy equations, laminar and turbulent flow, losses, flow through pipes and open channels, and flow measurements, as well as an introduction to surface water hydrology. The rational method is used to determine peak flows. Laboratory experiments study the principal physical properties of liquids and major laws of fluid mechanics. (3 lecture, 2 laboratory hours) Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Spring, Summer
Credit Hours: 3

Department: Engineering/Physics/Tech

CET 250 - Construction Planning and Scheduling
Prerequisites: CET 101, CET 103 or permission of the Department Chairperson.
Corequisites: CET 101, CET 103 or permission of the Department Chairperson.

Description: Concepts and methods for planning and scheduling of operations and resources on construction projects. Topics include Gantt charts, progress curves, critical path methods and project networking techniques. Extensive use of computer software to aid the student in planning and analysis of scheduling, resource management and updating construction operations. (2 lecture, 2 laboratory hours) Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Spring
Credit Hours: 3

Department: Engineering/Physics/Tech

CET 252 - Construction Safety
Prerequisites: CET 101 or permission of the Department Chairperson.

Description: Introduction to occupational safety and health practices in the construction industry. This course provides an overview of U.S. Department of Labor, Occupational Safety and Health 1926 Standards for the construction industry. Course work includes a detailed study of construction safety management. Topics include personal protective equipment, hazardous communications, site safety management, inspection and supervision for erection and demolition of structures.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall
Credit Hours: 3

Department: Engineering/Physics/Tech

CET 256 - Construction Contracts and Specifications
Prerequisites: CET 101 or permission of the Department Chairperson.

Description: Corequisites: CET 250
Introduction to methods and techniques of managing construction projects. Construction business organization, contracts, bonding, insurance, construction site supervision, labor law and labor relations. Introduction to computer applications in project administration. (2 lecture, 2 laboratory hours) Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Spring
Credit Hours: 2

Department: Engineering/Physics/Tech

CET 260 - Construction Project Management
Prerequisites: CET 101, 201 or permission of the Department Chairperson.

Description: Corequisites: CET 250
Introduction to methods and techniques of managing construction projects. Construction business organization, contracts, bonding, insurance, construction site supervision, labor law and labor relations. Introduction to computer applications in project administration. (2 lecture, 2 laboratory hours) Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Spring
Credit Hours: 3

Department: Engineering/Physics/Tech

CET 295 - Independent Study-CET
Prerequisites: CET 101, CET 201 or permission of the Department Chairperson.

Description: Introduction to building construction contract documents. Student is exposed to contract law, general conditions of the contract and construction specifications using the Construction Specifications Institute Standards. Analysis of owner, designer, and contractor responsibilities under contract.

Chemistry

CHE 107 - Introduction to Chemistry
Prerequisites: Completion of all ENG, RDG and MAT remediation requirements.

Description: Introduction to Chemistry, CHE 107, is a one-semester laboratory course in
basic chemistry. Students are introduced to the fundamental concepts of physics and mathematics that are required to understand chemistry. The course then follows a semi-traditional introduction to chemistry: relative atomic/molecular weights, the mole concept, solution chemistry, stoichiometry, and gas laws. This course satisfies the prerequisite requirements for CHE 151. Note: Before the Fall of 2017 this course was entitled “General Chemistry” (3 lecture, 3 laboratory hours) Laboratory fee applies.

SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Offered: Fall, Spring, Summer
Credit Hours: 4
Department: Chemistry

CHE 108 - Consumer Chemistry
Prerequisites: Completion of all ENG, RDG and MAT remediation requirements.
Description: A non-mathematical course in chemistry for non-science students. The course explores the science of chemistry as it relates to modern society. Chemical principles are taught on a “need to know basis” as they are required to explore scientific issues that impact modern society. It satisfies the laboratory requirement for liberal arts. (3 lecture, 3 laboratory hours) Laboratory fee applies.

SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Offered: Fall, Spring, Summer
Credit Hours: 4
Department: Chemistry

CHE 109 - Contemporary Topics in Chemistry
Prerequisites: Completion of all ENG, RDG and MAT remediation requirements.
Description: This is a three-credit non-laboratory course in chemistry. Topics covered include forensic science, development of pharmaceuticals, actions of drugs in the body, toxicity of chemicals, and green chemistry. This course satisfies the liberal arts requirements for a non-laboratory science course in chemistry. (3 lecture hours)

SUNY GEN ED-n/a; NCC GEN ED-NSCI
Offered: Spring, Summer
Credit Hours: 3
Department: Chemistry

CHE 131 - College Chemistry I
Prerequisites: Completion of all ENG, RDG and MAT remediation requirements.
Description: College Chemistry I is the first course of a two-course sequence. The course covers fundamental principles of modern chemistry including problem-solving techniques. Topics include atomic and molecular structure, chemical nomenclature, stoichiometry, chemical bonding, properties of gases, liquids and solids, and solutions. One year of high school chemistry and a working knowledge of elementary mathematics including algebra is recommended. Note: This course is not the designated SUNY Seamless Transfer Path Course. Before the Fall of 2017 this course was entitled “General Chemistry I". (3 lecture, 3 laboratory hours) Laboratory fee applies.

SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Offered: Fall, Spring, Summer
Credit Hours: 4
Department: Chemistry

CHE 132 - College Chemistry II
Prerequisites: Completion of College Chemistry I (CHE 131), and all ENG, RDG and MAT remediation requirements.
Description: College Chemistry II is the second course of a two-course sequence. This course covers fundamental principles of modern chemistry including problem-solving techniques. Topics include thermochemistry, thermodynamics, kinetics, equilibrium, acid-base theory, solubility products, oxidation-reduction, nuclear chemistry, and organic chemistry. Note: This course is not the designated SUNY Seamless Transfer Path course. Before the Fall 2017 this course was entitled “General Chemistry II” (3 lecture, 3 laboratory hours) Laboratory fee applies.

SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Offered: Fall, Spring, Summer
Credit Hours: 4
Department: Chemistry

CHE 135 - Chemistry for Applied Sciences
Prerequisites: Completion of all ENG, RDG and MAT remediation requirements.
Description: A one semester laboratory course encompassing basic principles of inorganic, organic and biochemistry with emphasis on their application. Topics include metric/SI systems, energy, basic atomic theory, stoichiometry, gas laws, solutions, pH, buffers, nomenclature and structure of organic compounds, amino acids, proteins, carbohydrates, lipids and metabolism. (3 lecture, 3 laboratory hours) Laboratory fee applies.

SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Offered: Fall, Spring, Summer
Credit Hours: 4
Department: Chemistry

CHE 151 - General Chemistry I
Prerequisites: College Chemistry II

Description: College Chemistry I is the designated first-semester chemistry course in the SUNY Seamless Transfer Path. This course is recommended for students majoring in science or mathematics, or planning for a career as a physician's assistant or medical doctor. Topics covered in this course include study of oxidation-reduction reactions, chemical equilibrium, electrochemical cells, thermodynamics, and chemical kinetics. The laboratory emphasizes descriptive chemistry via qualitative analysis, and classical methods of gravimetric, volumetric, and basic instrumental analysis. Note: Before the Fall 2017 this course was entitled "Inorganic Chemistry I". (3 lecture, 5 laboratory hours) Laboratory fee applies.

SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Offered: Fall, Spring, Summer
Credit Hours: 4
Department: Chemistry

CHE 152 - General Chemistry II
Prerequisites: CHE 151.
Description: General Chemistry II is the designated second-semester chemistry course in the SUNY Seamless Transfer Path. This course is recommended for students majoring in science or mathematics, or planning for a career as a physician's assistant or medical doctor. Topics covered in this course include study of oxidation-reduction reactions, chemical equilibrium, electrochemical cells, thermodynamics, and chemical kinetics. The laboratory emphasizes descriptive chemistry via qualitative analysis, and classical methods of gravimetric, volumetric, and basic instrumental analysis. Note: Before the Fall 2017 this course was entitled "Inorganic Chemistry II". (3 lecture, 5 laboratory hours) Laboratory fee applies.

Credit Hours: 4
Department: Chemistry

CHE 200 - Introductory Organic Chemistry
Prerequisites: CHE 131 or CHE 151 or permission of Chairperson.
Description: CHE 200 offers a basic introduction to the world of organic chemistry. A functional group approach, emphasizing structure, nomenclature, preparation and reactivity is used. While the approach parallels CHE 201 to an extent, it is significantly less demanding and thus cannot be substituted for the higher level course. Nevertheless, many
COURSE DESCRIPTIONS

CHE 201 - Organic Chemistry I
Prerequisites: Minimum of "C" in CHE 152.
Description: This is the first course of the CHE 201 - CHE 202 sequence. This 1st semester course in organic chemistry covers the nomenclature, physical properties, stereochemistry, structure-reactivity relationships, and reaction mechanisms of alkanes, alkenes and alkynes. Laboratory activities include organic synthesis, qualitative analysis and instrumental techniques. (3 lecture, 6 laboratory hours) Laboratory fee applies. Molecular model set required.
SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Offered: Fall, Spring, Summer
Credit Hours: 5
Department: Chemistry

CHE 202 - Organic Chemistry II
Prerequisites: Minimum of "C" in CHE 201.
Description: This is the second course of the CHE 201 - CHE 202 sequence. This 2nd course in organic chemistry covers modern spectroscopic techniques and the characteristic reactions of the major classes of organic compounds. A mechanistic approach is emphasized. Laboratory activities include organic synthesis, qualitative analysis, and instrumental techniques. (3 lecture, 6 laboratory hours) Laboratory fee applies.
SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Offered: Spring, Summer
Credit Hours: 5
Department: Chemistry

CHE 221 - Clinical Chemistry
Prerequisites: CHE 200.
Description: A one-semester course designed to train medical technologists in the principles and practices of the science of clinical chemistry, specimen collection and processing, quality control, modern instrumentation in clinical chemistry, basic physiology, analytical procedures, and correlations of abnormal values with the disease states. Laboratory utilizes modern instrumentation in the determination of biochemical profiles such as liver, kidney, heart, electrolytes, lipids, thyroid function, pancreatic function and the monitoring of therapeutic drugs. (2 lecture, 6 laboratory hours). Laboratory fee applies.
SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Offered: Spring
Credit Hours: 4
Department: Chemistry

CHE 260 - Biochemistry
Prerequisites: CHE 200 or CHE 201 or permission of Chairperson.
Description: For paramedic science students. This course presents classes of biologically interesting compounds and covers their structure, biosynthesis, and metabolism. Physiological buffers are also presented. The laboratory stresses analysis of such classes of compounds. (3 lecture, 3 laboratory hours) Laboratory fee applies.

Chinese

CHI 101 - Beginning Chinese I
Prerequisites: Satisfactory completion of ENG 001 and RDG 002.
Description: Fundamentals of grammar, pronunciation, culture and conversation. Reading, writing, listening comprehension and simple conversational patterns.
SUNY GEN ED-GFOL; NCC GEN ED-GLNW, HUM
Offered: Fall, Spring
Credit Hours: 4
Department: Physical Sciences

Medical Assistant

CMA

CMA 130 - Administrative Medical Office Procedures
Description: Concurrent Requisite: HIT 151 Medical Terminology
This course introduces students to medical office administrative procedures including introduction and development of basic keyboarding and beginning word processing skills. Emphasis will be placed on the creation of medical correspondence including letters, memos, reports, and policy/procedure manuals. Medical practice financial procedures including bookkeeping, processing payroll, banking, and creation of spreadsheets will be covered.

Climatology

CLI

CLI 101 - Introduction to Climatology: Climates of the World
Description: Meteorological elements such as temperature, precipitation, pressure, and wind will be studied to provide an understanding of the different climates around the world. Students will learn how climate can influence agriculture, clothing, housing, and transportation in different parts of the world. The interdisciplinary nature of this course is evident in the study of how scientists have used biology, meteorology, geology, astronomy, physics, chemistry, oceanography and computer modeling to determine the climates of the past and predict the climates of the future. The study of climate change will include astronomical theories, the ocean conveyor belt, ozone depletion, global warming and El Nino and La Nina. Formerly SCI 108. Students who have completed SCI 108 will not receive credit for CLI 101. (3 lecture, 3 laboratory hours) Lab fee applies.

CRT

CRT 201 - Personal Computer Equipment Servicing I
Description: This course is the first of a two-course sequence designed to provide the skills required to install, service and maintain personal computers and their peripheral devices. Topics include microcomputer fundamentals; PC hardware; the addition or replacement of field replaceable modules; installation and configuration procedure for various devices; common problems associated with each module and troubleshooting techniques. Microprocessor support systems, memory systems, on-board I/O, expansion slots, system board upgrading and troubleshooting conclude the course. Department computer facility will be used for all laboratory work. Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall
Credit Hours: 4
Department: Engineering/Physics/Tech

CRT 202 - Personal Computer Equipment Servicing II
Prerequisites: CRT 201
Description: This course is the second of a two-course sequence designed to provide the skills required to install, service, and maintain personal computers and their peripheral devices. The course begins with coverage of input/output devices, including coverage of serial and parallel ports, troubleshooting port problems. The construction, installation and troubleshooting of input devices such as keyboards, mice, trackballs, joysticks, light pens, touch-screens and scanners are discussed. Magnetic storage is then covered including disk drive operation, floppy disk drives, hard disk drives, RAID systems and tape drives. Video displays, including CRT basics, color monitor video standards, video controllers, liquid crystal displays and gas plasma displays are covered. The characteristics, mechanics, installation and troubleshooting of dot-matrix, ink-jet and laser printers are studied. Data communications is covered, including modems, local area networks and wide area networks. Department computer facility will be used for all laboratory work. Laboratory fee applies.

Computer Science

CSC

CSC 104 - Programming Logic and Problem Solving
Prerequisites: Students must have satisfied all MAT, ENG 001 and RDG 001 developmental course requirements prior to starting the course.
Description: The course is an introduction to programming logic and problem solving including programming concepts and terminology. The focus of the course is on critical thinking skills necessary to write computer programs and provides students with an introduction to programming without focusing on the details of programming syntax. This course is intended for students with little or no object-oriented programming experience. Students who have completed CMP 104 will not get credit for CSC 104. (3 lecture hours) SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Winterim, Spring, Summer
Credit Hours: 3
Department: Math/Computer Science/Info Tec

CSC 120 - Computer Science I
Prerequisites: At least a C in CSC 104 or at least a C in MAT 111 or permission of Department.
Description: This course is an introduction to computer programming and algorithmic problem solving using an object-oriented, high level programming language. Emphasis is placed on problem solving strategies that utilize multiple classes and methods. This course will focus on the following concepts: algorithm implementation, modular development, documentation, abstraction and coding along with problem solving strategies. Includes supervised hands-on component. Students who have completed CMP 210 will not receive credit for CSC 120. (4 lecture, 2 laboratory hours) Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Winterim, Spring, Summer
Credit Hours: 4
Department: Math/Computer Science/Info Tec

CSC 130 - Computer Science II
Prerequisites: At least a C in CSC 120.
Description: This course expands on the design of object-oriented programs introduced in Computer Science I. Students will be introduced to abstract data types including stacks, queues, and lists. Emphasis is placed on the design and implementation of these abstract data types as well as applications that utilize them. Object-oriented programming concepts such as composition, inheritance, polymorphism, and exception handling are utilized throughout this course. An introduction to binary-trees and recursion is provided. Includes supervised hands-on laboratory component. Students who have completed CRJ 699 will not receive credit for CSC 130. (4 lecture, 2 laboratory hours) Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-CMPS, FBAE, MBAE
Offered: Fall, Spring
Credit Hours: 4
Department: Math/Computer Science/Info Tec

CSC 217 - C Programming Language
Prerequisites: At least a C in CSC 130 or CMP 219 or ITE 204, or permission of the Department.
Description: The C programming language is widely used in both the computer industry and as a tool for studying advanced topics in the area of Computer Science. Topics include language syntax, scalar and compound data types, pointers, functions, operators, modular coding practices and files. Both the ANSI version and the traditional C are discussed with emphasis on the former. Typically fall day and spring evening. Students who have completed CMP 217 will not receive credit for CSC 217. Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring
Credit Hours: 3
Department: Math/Computer Science/Info Tec

CSC 230 - Data Structures
Prerequisites: At least a C in CSC 130.
Description: This course introduces the programming literate student to the advanced data types and structures of priority queues, hash tables, and search trees. The concepts covered in this course include recursion, algorithm efficiency, best and worst time
analysis, and advanced tree structures and graphs. Typically fall day and spring evening. Students who have completed CMP 251 will not receive credit for CSC 230. Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring
Credit Hours: 3
Department: Math/Computer Science/Info Tec
CSC 240 - Mobile Application Development
Prerequisites: At least a C in CSC 130 or permission of the Department
Description: This course introduces students to the emerging field of mobile device software development. Capitalizing upon their prior experience in general-purpose object-oriented program development, students will learn how to write and test programs for handheld devices. Students will learn about the hardware limitations of handheld devices and how to optimize performance for them. Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring
Credit Hours: 3
Department: Math/Computer Science/Info Tec
CSC 250 - Computer Organization and Assembly Language Programming
Prerequisites: At least a C in CSC 130.
Description: Implementation and discussion of registers, addressing modes, relocatability, base arithmetic, data representation, assembly and linkage using a particular instruction set and architecture. Topics include arithmetic calculation, memory organization, flow of control, address modification and access method, bit and byte manipulations, I/O, user and system interrupts, routines and macros. Typically fall evening and spring day. Students who have completed CMP 207 will not receive credit for CSC 250. (4.5 lecture hours) Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring
Credit Hours: 4
Department: Math/Computer Science/Info Tec
CSC 260 - Computer Architecture and Organization
Prerequisites: At least a C in CSC 130.
Description: This course covers the fundamentals of computer architecture and organization. Topics include: classical von Neumann machines, major functional units, primary memory, representation of numerical (both integer and floating point) and non-numerical data, CPU architecture, instruction encoding, the fetch-decode-execute cycle, instruction formats, addressing modes, symbolic assemblers, assembly language programming, handling of subprogram calls at the assembly level, mapping between high level language patterns and assembly/machine language, interrupts and I/O operations, virtual memory management, and data access from magnetic disk.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring
Credit Hours: 4
Department: Math/Computer Science/Info Tec
Culinary
CUL 101 - Culinary Sanitation
Description: This Culinary Sanitation course is an introduction to Federal, State, and Local regulations and the origins of foodborne illness and the implementation of HACCP (Hazard Analysis and Critical Control Points). The importance of food safety, good personal hygiene, time and temperature control, preventing cross-contamination, cleaning and sanitizing, safe food preparation, receiving and storing food, methods of thawing, cooking, cooling and reheating food, HACCP and food safety regulations are intensively covered. The National Restaurant Association ServSafe exam will be administered in this course to fulfill course requirements.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring
Credit Hours: 3
Department: Hospitality Business
CUL 110 - Introduction to Culinary Arts
Description: Pre or Concurrent Requisites: CUL 101
This course is an introduction to food preparation emphasizing basic culinary skills, practices, and the complete sanitation program in food establishments. Chef Instructor demonstrates proper culinary methods and preparations. Students then perform learned skills. Students are required to produce foods and clean and sanitize the kitchen laboratory. Lifting required. Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring
Credit Hours: 4
Department: Hospitality Business
CUL 120 - Classical French Cuisine
Description: Pre or Concurrent Requisites: CUL 101
The French Classical course utilizes lectures, demonstrations and production to expose students to the preparation of traditional French Cuisine. French menu terminology, tableside cooking and compound sauces are taught. Emphasis is placed on sautéing baking, roasting, braising, and poaching. Time management, station organization, palate development, and in depth knowledge of plate design and styling will be developed. Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring
Credit Hours: 3
Department: Hospitality Business
CUL 130 - American Regional Cuisine
Description: Pre or Concurrent Requisites: CUL 101
The American Regional Cuisine course utilizes lectures, demonstration and production to focus on cuisines from across the United States, specifically California, Hawaii, New England, Mid-Atlantic, South, Floribean, Texas, Southwest and the Rocky Mountains. The proper use of knives, tools, small wares and kitchen equipment will be expounded upon. Grilling, broiling, roasting and deep frying will be thoroughly covered. Extensive focus will be placed on food cost control, ingredients and plate presentations. Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring
Credit Hours: 3
Department: Hospitality Business
CUL 140 - Baking I
Description: Pre or Concurrent Requisites: CUL 101
The Baking I course utilizes lectures, demonstrations and cooking for an integrated approach to mastering the fundamentals of baking. The student is introduced to quick breads and yeast-raised laminated doughs (breads and rolls), puff pastry, pâté à choux, mousses, custards and creams, with a daily emphasis on plated desserts. The formulation and calculating baker’s mathematics, the uses of baking equipment, scaling, shaping techniques, inventory control and sanitation are also covered. Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring
Credit Hours: 3
Department: Hospitality Business
CUL 210 - Culinary Nutrition
Description: Pre or Concurrent Requisites: CUL 101
The Culinary Nutrition course utilizes lectures, demonstration and production to focus on the principles of nutrition, basic nutrients and related health concepts. Eating behaviors, recommended dietary intakes, and tools

Nassau Community College: https://collegecatalog.ncc.edu/current
for healthy eating patterns are emphasized. Students are introduced to the cooking techniques of steaming, poaching, reduced salt and fat free meals. Lecture, demonstration and production revolve around nutritional analysis of menus and recipes, and the sensory properties of food. The focus is on production of flavorful and nutritionally balanced entrees, vegetables and grains. Laboratory fee applies. SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring
Credit Hours: 3
Department: Hospitality Business

CUL 220 - International Cuisine
Prerequisites: CUL 110, CUL 120
Description: This 15 week International Cuisine course utilizes lectures, demonstrations and production to prepare, taste, serve and evaluate traditional and regional dishes of North America, South America, The Caribbean, Asia, Europe and the Mediterranean. Emphasis will be placed on ingredients, flavor profiles, preparations, and techniques representative of the area. Students will also develop and in depth knowledge of plate design and styling. Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring
Credit Hours: 3
Department: Hospitality Business

CUL 230 - Garde Manger
Description: Pre or Concurrent Requisites: CUL 101
The Garde Manger course utilizes lectures, demonstration, and production to focus in preparation of cold entrees. The student will be introduced to the production of pâté’s terrines, sausages, galantines and hors d’oeuvres. Special emphasis will be placed on preservation techniques (curing and aging). This course will emphasize platter designs and plate presentations. Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring
Credit Hours: 3
Department: Hospitality Business

CUL 240 - Baking II
Prerequisites: CUL 140
Description: The Baking II course utilizes lectures, demonstration and cooking for an integrated approach to mastering the fundamentals of baking. This course provides students with the skills and knowledge of producing cakes, butter creams, and icings. Each student is taught proper mixing methods, assembling, icing, and finishing techniques of a variety of cakes and pies. Students are introduced to rolled fondant and develop their piping skills through intricate patterns and techniques. Students will learn how to temper chocolate for the use of fillings and decorative pieces. Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring
Credit Hours: 3
Department: Hospitality Business

CUL 242 - Culinary Internship
Description: Student’s intern with appropriate Food Service Institutions to enrich theoretical concepts previously practiced in the classroom. Students must complete 200 hours on-the-job training as assigned by the instructor in conjunction with assigned papers and coursework. Some office visits are required by the assigned professor.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Summer
Credit Hours: 3
Department: Hospitality Business

CUL 245 - Commercial Baking
Prerequisites: CUL 240
Description: This course introduces students to the management and operation of a commercial retail bakery. Utilizing a combination of lectures and labs, students will acquire the manual skills and product knowledge necessary to produce and market a range of products. Students will work with mixes, bases, and frozen dough products as well as develop commercial products “from scratch.” Advanced methods of baking, product development, cost controls, sanitation and supervisory skills will be included. Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring
Credit Hours: 3
Department: Hospitality Business

CUL 250 - Dining Room Service
Description: Pre or Concurrent Requisites: CUL 101

Offered: Fall, Spring, Summer
Credit Hours: 3
Department: Economics and Finance

**ECO 110 - Personal Finance**
Description: (Dual listed with FIN 110)
Personal Finance prepares students to manage their current and future financial affairs. Topics to be covered include: financial planning, saving and credit, insurance, government transfers, home buying, stocks, bonds, mutual funds, and estate planning. This is a practical and sophisticated course intended to aid students with their personal finances.
SUNY GEN ED-GSBS; NCC GEN ED-SBS
Offered: Fall, Winterim, Spring, Summer
Credit Hours: 3
Department: Economics and Finance

ECO 111 - Introduction to Finance
Description: (Dual Listed with FIN 111)
This course offers an introduction to financial decision making and the basic structure of institutions in contemporary financial markets. Topics include time value of money, risk and return, investment types, the role of government regulation, the influence of globalization in contemporary financial markets and evaluation of financial performance and return. The role of ethics in financial decision making and institutional policy will be discussed. Internet and data base research will be used to support the course curriculum and help the student develop the necessary skills to analyze realistic scenarios used in financial markets.
SUNY GEN ED-GSBS; NCC GEN ED-SBS
Offered: Fall, Spring, Summer
Credit Hours: 3

Department: Economics and Finance

ECO 122 - Introduction to Investments
Description: (Dual listed with FIN 112)
An introduction to financial investments and portfolio management. Course topics include: financial markets and instruments, reading financial listings, stock trading and indexes, risk analysis, present and future value, stock valuation and investment decisions, portfolio management, individual and portfolio yields, types and uses of derivatives, sources of investment information, mutual funds, international diversification, the macroeconomy and the impact of economic variables on investments.
SUNY GEN ED-GSBS; NCC GEN ED-SBS
Offered: Fall, Spring, Summer
Credit Hours: 3

Department: Economics and Finance

ECO 207 - Principles of Microeconomics
Prerequisites: Students must have satisfied all remediation in MATH.
Description: An introductory course that studies the behavior of the economy as a whole. The course explores the supply and demand model, the measurement of macroeconomic indicators (Gross Domestic Product, unemployment, inflation, and growth) and macroeconomic theories of economic fluctuations. Other topics covered include the role of the federal government and the Federal Reserve in the economy through fiscal and monetary policies, and the basic framework of international trade.
SUNY GEN ED-GSBS; NCC GEN ED-SBS
Offered: Fall, Winterim, Spring, Summer
Credit Hours: 3

Department: Economics and Finance

ECO 208 - Principles of Microeconomics
Prerequisites: Students must have satisfied all remediation in MATH.
Description: An introductory course that studies the behavior of individual decision makers and their effect on individual markets. This course explores the supply and demand model, consumer choice, and producer decisions under perfect and imperfect competitive conditions. Other covered topics may include factor markets and environmental economics.
SUNY GEN ED-GSBS; NCC GEN ED-SBS
Offered: Fall, Winterim, Spring, Summer
Credit Hours: 3

Department: Economics and Finance

ECO 212 - Economic Statistics
Prerequisites: MAT 102 or permission of instructor.
Description: An introduction to economic statistics. Topics covered include review of statistical inference, time series analysis, index numbers and introduction to econometrics. This course will help students understand the construction and uses of business, government and other social statistics. Topics will include the CPI, GNP, and risk analysis.
SUNY GEN ED-GSBS; NCC GEN ED-SBS
Credit Hours: 3

Department: Economics and Finance

ECO 213 - Money and Banking
Prerequisites: ECO 207 or permission of instructor.
Description: (Dual listed with FIN 213)
Basic concepts of money and financial intermediaries. Development of commercial banks and the creation of demand deposits. Yield, risk, and interest rates will be analyzed from a monetary and fiscal perspective. Functions and policies of the Federal Reserve in credit regulation and economic stabilization will be analyzed. Monetary Theory, Keynesian vs. Monetarists, international finance, exchange rates and the balance of payments will be examined.
SUNY GEN ED-a/a; NCC GEN ED-SBS
Offered: Fall, Spring, Summer
Credit Hours: 3

Department: Economics and Finance

ECO 214 - Corporation Finance
Prerequisites: ECO 207 or permission of instructor.
Description: (Dual listed with FIN 214)
An introductory course describing the role and functioning of business firms in the economy, and the application of economic theory in the solution of managerial decisions. Topics investigated include the management of cash, inventories and receivables; selection of alternative investments; short, intermediate, and long-term sources of financing; the cost of capital, optimum capital structure; corporate dividend policies. Case problems are assigned to develop applications of general principles.
SUNY GEN ED-a/a; NCC GEN ED-SBS
Offered: Fall, Spring, Summer
Credit Hours: 3

Department: Economics and Finance

ECO 215 - Economic Development of the U.S. (Economic History)
Description: The economic forces which brought the United States from an undeveloped wilderness to its present position of world leadership will be examined. The role of economic institutions will be considered in the transformation of our nation into a highly centralized, interdependent society. The economic, social, and political problems concomitant with this development will also be studied.
SUNY GEN ED-GSBS; NCC GEN ED-SBS, WESH
Offered: Fall
Credit Hours: 3

Department: Economics and Finance

ECO 216 - Economics of the Developing World
Prerequisites: ECO 207 or permission of the Department Chair.
Description: This course is an introductory study of the economic development of Third World countries. It focuses on the role of education, health, human resources, planning, income distribution, food supplies, natural resources and international trade in nations' development. Students will work with data, graphs and maps. Students will learn to identify and understand the differences between developed and developing nations, their respective development patterns, as well as the impact of increasing global interdependence.
SUNY GEN ED-GSBS, GOWC; NCC GEN ED-SBS, GLNW, PLDI
Offered: Spring, Summer
Credit Hours: 3

Department: Economics and Finance

ECO 218 - International Economic Systems: A Study Abroad
Prerequisites: ECO 207 or ECO 208 and permission of instructor.
Description: An in-depth and comparative study of the structure, conduct and
performance of alternate economic systems. Students will study the economic and financial institutions and public policies of selected economic systems. The course is offered abroad for six weeks in the summer only. For additional information, contact the Department of Economics/Finance.

SUNY GEN ED-GSBS; NCC GEN ED-SBS, GLNW, WESH

Credit Hours: 6
Department: Economics and Finance

ECO 222 - Economic Geography of the World
Description: A multidisciplinary course that examines how economic and geographic conditions affect world economic activities and global development. Topics to be discussed include resource use, population, energy, agriculture, the environment and international trade. Globalization and international efforts to promote growth will also be discussed.

SUNY GEN ED-GSBS, GOWC; NCC GEN ED-GLNW, PLDL, SBS
Offered: Fall, Spring
Credit Hours: 3
Department: Economics and Finance

ECO 230 - Introduction to International Economics and Finance
Prerequisites: ECO 207 or permission of instructor.
Description: (Dual listed with FIN 230)
A study of the United States as an open economy which trades in goods, services and financial assets with other nations. Topics include the reasons nations trade; the costs and benefits of free trade; tariff and non-tariff barriers; regional trade pacts; economic and monetary integration; foreign exchange rate determination; balance of payment problems and international capital mobility; and international monetary institutions.

SUNY GEN ED-GSBS, GOWC; NCC GEN ED-GLNW, PLDL, SBS
Offered: Fall, Spring
Credit Hours: 3
Department: Economics and Finance

ECO 294 - Cooperative Education Internship
Prerequisites: ECO 207 and one other ECO or FIN course and permission of the instructor.
Description: (Duel listed with FIN 294)
Supervised, practical experience at institutions such as commercial banks, thrift institutions, stock and bond brokerage houses, government agencies and firms employing economic practitioners that will provide students with situations in which they can apply concepts learned in previous Economics and Finance courses. Written reports demonstrating understanding of theory and its application will be an integral aspect of this course. Field experience and future career opportunities will be discussed in co-lateral, on-campus class. Prerequisite for this course is the completion of Economics 207 plus one other economics or finance course and permission of the instructor. Students must have, as a minimum, a 2.50 GPA to be enrolled in this internship course. Students who have completed ECO 490 will not receive credit for ECO 294.

SUNY GEN ED-n/a; NCC GEN ED-SBS
Credit Hours: 3
Department: Economics and Finance

ECO 295 - Independent Study-Economics
Description: SUNY GEN ED-n/a; NCC GEN ED-n/a. Formerly ECO 699. Students who have completed ECO 699 will not receive credit for ECO 295.

Credit Hours: 3
Department: Economics and Finance

Education

EDU

EDU 101 - Applied Behavior Analysis: Field Experience I
Prerequisites: Permission of Chairperson.
Description: A systematic examination of facilities for the education of special education children. Emphasis is placed upon developing the student's understanding of applied behavior analysis, atypical vs. typical development, the analysis of human behavior and techniques for behavioral change, and developmentally appropriate curriculum. Field experience is designed to provide the student with opportunities for observation and participation in public and private schools for a minimum of three hours a week. (3 lecture, 3 laboratory hours). Students who have taken SEV 101 will not receive credit for EDU 101.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring, Summer
Credit Hours: 4
Department: Psychology

EDU 102 - Applied Behavior Analysis: Field Experience II: Practicum
Prerequisites: EDU 101 and permission of Chairperson.
Description: Supervised field experience in preschool-12th grade classes within both special and regular education classes for a minimum of 9 hrs. per week. Students will be required to demonstrate competence in developmentally age-appropriate curriculum and behavioral programs. Lecture is devoted to discussion of problems encountered on field experience. (1 lecture, 9 laboratory hours)

SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring, Summer
Credit Hours: 4
Department: Psychology

EDU 104 - Infants and Toddlers
Description: Will explore programs, curricula for the care of children ages 6 weeks through the second year who are in group care settings. Appropriate techniques for fostering the emotional, physical, social, and cognitive development of the very young will be examined. Field visits to infant and toddler programs will be required. Students who have taken SEV 104 or NED 106 will not receive credit for EDU 104.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Summer
Credit Hours: 3
Department: Psychology

EDU 105 - Introduction to Developmental Disabilities
Description: This course will provide an overview of developmental disabilities and the nature and needs of disabled people throughout the life cycle. Issues to be explored include definition of developmental disability, etiology, normalization, mainstreaming, and the role of the interdisciplinary team. Legal, ethical and cultural considerations will be emphasized as well as the impact of disabilities on the person affected, the family and the community. Students who have taken SEV 105 will not receive credit for EDU 105.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring, Summer
COURSE DESCRIPTIONS

Credit Hours: 3
Department: Psychology

EDU 206 - Educational Psychology
Prerequisites: PSY 203.
Description: (Dual listed with PSY 206) This course is intended to provide knowledge and understanding of the major theories and findings of the science of Educational Psychology. The course includes a consideration of such topics as: research methods in educational psychology; the cognitive, personal, social and moral development of students; the impact of student diversity on teaching and learning; the principles and processes of learning; motivational concerns in education; classroom management; techniques of teaching; and methods of assessing student learning. Students who have taken PSY 206 will not receive credit for EDU 206.
SUNY GEN ED-GSBS; NCC GEN ED-SBS
Offered: Fall, Spring, Summer
Credit Hours: 3
Department: Psychology

EDU 208 - Foundations of Education
Prerequisites: PSY 203 and PSY 212 or PSY 213.
Description: This introductory course presents an overview of the historical, philosophical, sociological and pedagogical influences on American education. Prominent figures who have shaped education and Supreme Court cases that have influenced educational policy are examined. Major trends in contemporary education are analyzed with special focus on multicultural and inclusive education. Students who have taken PSY 208 will not receive credit for EDU 208.
SUNY GEN ED-n/a; NCC GEN ED-SBS
Offered: Fall, Spring, Summer
Credit Hours: 3
Department: Psychology

EDU 235 - Psychology of the Exceptional Child
Prerequisites: PSY 203 and PSY 212 or PSY 213.
Description: Students who have taken PSY 235 will not receive credit for EDU 235. This course examines the psychological, learning and behavioral characteristics of each category of exceptionality. Students will be introduced to special education laws and their implications for identification, delivery systems, transition plans, and placement procedures. Field experience in a special education setting is required.
SUNY GEN ED-GSBS; NCC GEN ED-SBS
Offered: Fall, Spring, Summer

Credit Hours: 3
Department: Psychology

Electrical Engineering Technology

ELT

ELT 103 - Elementary Engineering I
Description: An introductory course in the art of engineering designed to acclimate the students to the engineering profession and to acquaint them with the techniques and methodology of engineering design. The "design" aspect of the course consists of an introduction to computer integration (as it applies to the engineering profession), graphical techniques, and design oriented problems using analysis software. The objectives of the design section entail the generation of engineering related problems. (1 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring
Credit Hours: 4
Department: Engineering/Physics/Tech

ELT 110 - Technical Practices
Description: An introductory study of the technical practices employed in the electronics industry, with particular emphasis on the design and construction of metal chassis, printed circuit boards, proto boards, component identification and hand tool usage to be developed by the construction of technical projects. (Every student must complete the electronic projects for completion of the course. The proto board and projects will be used in other ELT courses when completed.) Approximate cost: $80.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring
Credit Hours: 3
Department: Psychology

EDT 235 - Electronics I
Prerequisites: ELT 112 and MAT 109
Description: Corequisite: ELT115 This course begins a sequence of two courses in electronics. Semiconductor physics is introduced with applications of the semiconductor diode to rectification, clipping and clamping. The junction transistor is studied with special regard given to biasing techniques, small and large signal amplification. Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Spring
Credit Hours: 4
Department: Engineering/Physics/Tech

ELT 115 - Reactive Circuits
Prerequisites: ELT 113.
Description: Steady state response of circuits containing resistive, capacitive, and inductive elements subject to sinusoidal excitation. Transient responses of these circuits subject to step or pulse excitation. Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Spring
Credit Hours: 4
Department: Engineering/Physics/Tech

ELT 203 - Automatic Control Theory II
Description: This course introduces the concepts of applied electronic instrumentation and automatic control. Computer analog and digital instrument circuits, and computer interface concepts are introduced during the course of study. The laboratory reinforces industrial instrumentation applications for DC control circuits using selected input/output devices. The introduction of open and closed loop position control systems (servo system, stepper motors, and robotic systems) is also included. (Each student is responsible for the implementation of an electronic control circuit project.) Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall
Credit Hours: 3
Department: Engineering/Physics/Tech

ELT 213 - Electronics II
Prerequisites: ELT 113.
Description: A continuation of ELT 113 beginning with a study of multi-stage amplifiers, Bode diagrams and the frequency response of amplifiers. The Operational Amplifier and its more common applications are considered in detail. Filters, electronic communication concepts and some special topics conclude the sequence. Students work in teams to implement and present an electronics project as part of their laboratory experience. (3 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall
Credit Hours: 4

Department: Engineering/Physics/Tech

ELT 214 - Digital I
Prerequisites: ELT 112.
Description: An introduction to Boolean algebra, Karnaugh minimization and the analysis/design of digital networks including arithmetic circuits, counters, registers and memories. In addition, basic hardware items such as multivibrators, Schmitt triggers, and integrated circuits are analyzed.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Spring, Summer
Credit Hours: 3

Department: Engineering/Physics/Tech

ELT 215 - Digital II
Prerequisites: ELT 113, ELT 214.
Corequisites: ELT 217.
Description: Introduction to pulse analysis (integrators and differentiators) as well as transistor switch, bistable, monostable, integrated circuits (DTL, TTL, ECL, MOS, CMOS, HMOS, VMOS, CCD) LSI (dynamic shift register, memory-ROM, RAM) CP AMF and Modems.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall
Credit Hours: 3

Department: Engineering/Physics/Tech

ELT 217 - Lab in Digital Electronics
Prerequisites: ELT 214.
Corequisites: ELT 215
Description: Examination of basic logic components such as gates, counters, clocks, registers, and computing elements by constructing and monitoring complex digital systems. (3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a

Offered: Fall
Credit Hours: 1

Department: Engineering/Physics/Tech

ELT 220 - Advanced Topics in Digital Technology
Prerequisites: ELT 215 or permission of Department Chairperson.
Description: Theory and operation of microprocessors and peripherals, industrial and control systems applications of digital technology, machine and assembly language programming. (3 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Spring
Credit Hours: 4

Department: Engineering/Physics/Tech

ELT 240 - Electronic Communication
Prerequisites: ELT 213.
Description: This course deals with the methods and signals used to electronically transmit and receive information. Topics include a study of continuous modulation techniques such as AM, FM, PM, as well as a variety of Pulse Modulations methods. Included are selected topics in electronic communication systems and their controls. Students receive hands-on experience in the laboratory and a working knowledge of the basic bench instrumentation commonly used within the communications industry, including signal generators, modulators, oscilloscopes and spectrum analyzers. (3 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Spring
Credit Hours: 4

Department: Engineering/Physics/Tech

ELT 295 - Independent Study- Electronic Engineering Technology
Description: SUNY GEN ED-n/a; NCC GEN ED-n/a. Formerly ELT 699. Students who have completed ELT 699 will not receive credit for ELT 295.
Credit Hours: 3

Department: Engineering/Physics/Tech

ELT 295 - Independent Study- Electro-Mechanical Engineering Technology
Description: SUNY GEN ED-n/a; NCC GEN ED-n/a. Formerly ELT 699. Students who have completed ELT 699 will not receive credit for ELT 295.
Credit Hours: 3

Department: Engineering/Physics/Tech

English

ENG

ENG 001 - College Preparatory English
Description: This course provides intense instruction in small classes to enable underprepared students to meet the demands of college-level writing. Specifically, students practice basic writing skills in preparation for the requirements of ENG 101 (See catalog description of ENG 101.) ENG 001 curriculum is designed to teach writing as a process encompassing pre-writing exercises, drafting, revising, and editing, but it is also provides review and instruction in basic grammar, punctuation, sentence boundaries and structural and developmental issues related to basic composition. Freshmen assigned to ENG 001 must pass it before enrolling in ENG 101. ENG 001 is a pass/fail course with no withdrawals allowed. (Students with a foreign language background are referred to the descriptions below of ENG 030. Additionally, ESL sections of ENG 001 are offered to students in need of focused language acquisition work in writing.) (3 lecture hours)
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring, Summer
Credit Hours: 0
Department: English

ENG 030 - English as a Second Language (ESL Writing III)
Prerequisites: Placement by Department.
Description: This course prepares students for ENG 101. Advanced language skills and flexibility with advanced sentence structures, vocabulary, and idiomatic expressions are stressed so that students develop correct, clear, and coherent self-expression. Students practice a variety of essay structures with a focus on presenting a point of view and supporting it with evidence. By the end of the semester, students are expected to write developed, coherent essays and to substantively revise, proofread, and edit their work. The course is also designed to develop in students the skills that enable them to interpret and analyze texts.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring, Summer
Credit Hours: 0
Department: English

ENG 100 - Enhanced Composition I
Prerequisites: Score on the Placement essay of 5.5 or placement by Department.
Description: This course is equivalent to ENG 101, the first credit-bearing course in composition. ENG 100, created for underprepared students with marginal writing skills offers an extra hour for necessary developmental writing instruction and individualized support toward the creation of college-level essays. Exactly as does ENG 101, the course prepares students to produce clear, well-developed, well organized, grammatically correct writing. The curriculum is designed to give students guided practice in pre-writing, drafting.
revising, and editing essays, with the addition of time for review and instruction in basic grammar, punctuation, sentence boundaries and structural and developmental issues related to basic composition. The course is also designed to develop skills that enable students to interpret and analyze published texts. In addition to readings assigned in class, students respond to texts they locate themselves through research and write at least one documented or research essay. Students who take ENG 100 do not take ENG 001 or ENG 101. Success in ENG 100 indicates movement to ENG 102, the next course in the composition sequence. Students who have completed ENG 100 will not receive credit for ENG 101.
SUNY GEN ED-GBCM; NCC GEN ED-COMP
Offered: Fall, Spring, Summer
Credit Hours: 3
Department: English

ENG 101 - Composition I
Prerequisites: ENG 001, ENG 030 or placement by Department, RDG 001, concurrent enrollment in RDG 030 or placement by Department.
Description: This course prepares students to produce clear, well-developed, well-organized, grammatically correct writing. The curriculum is designed to give students guided practice in drafting, revising, and editing essays. The course is also designed to develop the skills that enable students to interpret and analyze published texts. In addition to readings assigned in class, students respond to texts they locate themselves through research and write at least one documented or research essay. Students who have completed ENG 100 will not receive credit for ENG 101.
SUNY GEN ED-GBCM; NCC GEN ED-COMP
Offered: Fall, Winterim, Spring, Summer
Credit Hours: 3
Department: English

ENG 102 - Composition II
Prerequisites: ENG 100 or ENG 101.
Description: This course is an introduction to writing about literature. The course is designed for students to practice close reading and organizing evidence to support their written interpretation and analysis of literary texts. The course offers students continued practice in drafting, revising, and editing essays. A primary goal for students is to produce clear, well-developed, well-organized, grammatical writing. For at least one essay, students use research materials.
SUNY GEN ED-GBCM, GHUM; NCC GEN ED-COMP, HUM
Offered: Fall, Winterim, Spring, Summer
Credit Hours: 3
Department: English

ENG 103 - Writing in the Sciences
Prerequisites: ENG 100 or ENG 101 or ENG 108.
Description: This course is an analytical and writing intensive approach to the development of college-level writing in the sciences. The curriculum gives students practice in drafting, revising, and editing their writing; in using clear, succinct, standard English in expository, analytical, and practical writing assignments. Students analyze and interpret published texts in the sciences. Typical assignments include lab reports, abstracts, and reviews of research. At least one assignment requires student research. SUNY GEN ED-GHUM, GBCM; NCC GEN ED-COMP, HUM
Offered: Fall, Spring, Summer
Credit Hours: 3
Department: English

ENG 104 - Technical Writing
Prerequisites: ENG 100 or ENG 101 or ENG 108.
Description: This course is for students interested in improving their ability to write academic and professional English. It focuses on vocabulary, grammar, and punctuation at the sentence and paragraph levels. Students will study grammar, not only through rules and textual models, but also in the context and practice of their own writing and editing. SUNY GEN ED-GBCM; NCC GEN ED-HUM
Offered: Fall, Spring, Summer
Credit Hours: 3
Department: English

ENG 105 - Grammar: Structure and Strategy
Prerequisites: ENG 100 or ENG 101 or ENG 108.
Description: This course is designed to give students guided practice in drafting, revising, and editing essays. The course is also designed to develop the skills that enable students to interpret and analyze published texts. In addition to readings assigned in class, students respond to texts they locate themselves through research and write at least one documented or research essay. Students who have completed ENG 100 will not receive credit for ENG 101.
SUNY GEN ED-GBCM; NCC GEN ED-COMP
Offered: Fall, Winterim, Spring, Summer
Credit Hours: 3
Department: English

ENG 106 - The Craft of Composition / Honors English I
Prerequisites: By invitation only.
Description: This course centers on the study of rhetorical form-narration, description, classification, process analysis, definition, comparison/contrast, cause/effect and problem/solution-and uses the essay form as its method of investigation. The course is designed to give students a critical awareness of language and to teach language techniques through extensive readings. This course fulfills the college requirement for the first semester of English composition.
SUNY GEN ED-GBCM; NCC GEN ED-COMP
Offered: Fall, Spring, Summer
Credit Hours: 3
Department: English

ENG 107 - The Art of Analysis / Honors English II
Prerequisites: ENG 108 and/or by invitation.
Description: This course is an analytical and writing intensive approach to the development of college-level writing in the sciences. The curriculum gives students practice in drafting, revising, and editing their writing; in using clear, succinct, standard English in expository, analytical, and practical writing assignments. Students analyze and interpret published texts in the sciences. Typical assignments include lab reports, abstracts, and reviews of research. At least one assignment requires student research. SUNY GEN ED-GBCM, SUNY GEN ED-GHUM, NCC GEN ED-COMP, HUM
Offered: Fall, Spring, Summer
Credit Hours: 3
Department: English

ENG 111 - Technical Writing
Prerequisites: Completion of the composition requirement in the student's major.
Description: This course examines the principles of technical writing and enables students to learn writing skills required in the technical job market. Style, strategy, and format in published samples of workplace writing are analyzed. Student writings include reports, proposals, memos, outlines, and abstracts. Regular attention is paid to grammar and techniques of revision.
SUNY GEN ED-GBCM; NCC GEN ED-HUM
Offered: Fall, Spring
Credit Hours: 3
Department: English

ENG 115 - Creative Writing
Prerequisites: ENG 102 or ENG 109.
Description: This course, conducted as a workshop, is for students interested in exploring their writing style within the basic imaginative genres: fiction, creative non-fiction, poetry, and script writing. Students will read and analyze literary models and then focus on their own writing, partaking in peer revision. Students are expected to complete one of the following: attend a literary reading; submit to or work on the student literary magazine Luna; participate in an activity sponsored by the Creative Writing Club or Creative Writing Project. Formerly ENG 313. Students who have completed ENG 313 will not receive credit for ENG 115.
SUNY GEN ED-GART; NCC GEN ED-FAPA, HUM
Offered: Fall, Spring, Summer
Credit Hours: 3
Department: English

ENG 110 - Play & Screen Writing
Prerequisites: ENG 102 or ENG 109 and permission of instructor or Department Chair.
Description: This course, conducted as a workshop, is for students interested in exploring the craft of writing for the stage and screen. Students will read and analyze classic and contemporary dramas and then focus on their own scripts, partaking in peer revision. Students are expected to complete one of the following: attend a literary reading; submit to or work on the student literary magazine Luna; participate in an activity sponsored by the Creative Writing Club. Formerly ENG 316. Students who have completed ENG 316 will not receive credit for ENG 116.
SUNY GEN ED-GART; NCC GEN ED-FAPA, HUM
Offered: Spring
Credit Hours: 3
Department: English

ENG 120 - Creative Nonfiction Writing
Prerequisites: ENG 102 or ENG 109.
Description: This course, conducted as a workshop, will enable students to explore a fourth writing genre: creative nonfiction. Student writers will utilize traditional literary techniques, such as point of view, dialogue, characterization, scene construction, and aesthetics to translate life experiences into compelling pieces of literature. Students will read and analyze nonfiction literary models, attempting to emulate the samples in their own writing. Students are expected to complete one of the following: attend a literary reading; submit to or work on the student literary magazine Luna; participate in an activity sponsored by the Creative Writing Club or Creative Writing Project.
SUNY GEN ED-GART; NCC GEN ED-FAPA, HUM
Offered: Fall, Spring, Summer
Credit Hours: 3
Department: English

ENG 203 - Early American Literature to 1865
Prerequisites: ENG 102 or ENG 103 or ENG 109.
Description: This course studies American literature through 1865. It examines the creation and emergence of American culture by engaging indigenous texts and colonial literatures (some in translation), Revolutionary Era writers, and early National writers, including some texts by former slaves. Some representative authors are: Bradford, Winthrop, Wheatley, Franklin, Irving, Poe, Douglass, Emerson, Fuller, Hawthorne. Writing is an integral component of the course. ENG 215 - Journalism

Prerequisites: ENG 100 or ENG 101 or ENG 108.

Description: The course examines the principles and practices of journalism and the media's role in a democratic society. The course introduces students to basic reporting and newswriting skills, including interviewing, researching, and fact-checking. Students produce texts representing multiple genres of journalism, including hard news, features, profiles, critical reviews, cultural commentary, blogs, and op-ed articles. Students are introduced to the changes in journalism that have occurred due to the internet revolution.

ENG 247 - Women in Literature
Prerequisites: ENG 102 or ENG 103 or ENG 109.
Description: This course examines images of women from various feminist, historical, and cultural studies perspectives. The course observes how literary works may reflect or resist stereotypes and gender norms. While literature from different time periods and cultures is analyzed and studied comparatively, emphasis is given to feminist expressions in the twentieth and twenty-first centuries. Writing is an integral component of the course.
SUNY GEN ED-GHUM; NCC GEN ED-HUM, LIT, PLDI
Offered: Fall
Credit Hours: 3
Department: English

ENG 248 - Women Writers
Prerequisites: ENG 102 or ENG 103 or ENG 109.
Description: Students explore the variety of literature written by women from various cultures. The course analyzes the point of view and the changing status of the woman writer in contemporary times. Writing is an integral component of the course.

ENS 101 - Graphics
Description: Graphical techniques of design utilizing instrument drawing and free hand sketching are introduced. Principles of projection, isometrics, sections, auxiliary views, as well as floor plans and elevations are used as examples.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring
Credit Hours: 1
Department: Engineering/Physics/Tech

ENS 103 - Elementary Engineering I
Description: An introductory course in the art of engineering designed to acclimate the students to the engineering profession and to acquaint them with the techniques and methodology of engineering design. The "design" aspect of the course consists of an introduction to computer programming (as it applies to the engineering profession), graphical techniques, and design oriented problems. The objectives of the design section entail the generation of engineering related
problems. (3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring
Credit Hours: 1
Department: Engineering/Physics/Tech

ENS 104 - Computational Methods in Engineering
Prerequisites: MAT 122, PHY 122 or permission of instructor.
Corequisites: PHY 122 This is a second-semester course in computational methods.
This course is intended for students in engineering and applied science. Emphasis is placed on solving engineering related problems through the use of current industry accepted high level programming languages. Analytical as well as approximate solutions are stressed in this course. Students are expected to spend additional time outside of the classroom to complete class assignments and projects. (1 lecture, 3 laboratory hours) Laboratory fee applies.
Description: SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring
Credit Hours: 2
Department: Engineering/Physics/Tech

ENS 105 - Introduction to CAD
Description: An introduction to computer-aided drafting (CAD) designed to acquaint the student with the fundamental nature of computer-aided design and basic operational commands. Students will learn how to use a current version of AutoCAD to prepare two-dimensional drawings for architecture, interior design, engineering and construction management. (1 lecture, 3 laboratory hours) SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring, Summer
Credit Hours: 2
Department: Engineering/Physics/Tech

ENS 106 - Computer Aided Drafting
Description: Prerequisites: ENS 101. The student will develop mastery of producing general engineering-related drawings using AutoCAD drafting package and solid modeling using Autoshade color rendering package on a personal computer. The student will learn to apply AutoCAD commands to produce two dimensional drawings. Advanced AutoCAD techniques will be explored and used to produce three dimensional drawings. Students will learn to apply shading and coloring techniques using Autoshade in their drawings. (3 laboratory hours) SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 1

ENS 205 - Statics
Prerequisites: MAT 122, PHY 122.
Description: Introduction to applied vector algebra, force systems, equilibrium. Analysis of structures and machines. Friction, centroids, and moment of inertia.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Spring, Summer
Credit Hours: 3
Department: Engineering/Physics/Tech

ENS 206 - Dynamics
Prerequisites: ENS 205, PHY 122.
Description: Kinematics of a particle, relative velocities and acceleration, moving coordinate systems, dynamics of a particle, dynamics for systems of particles, kinematics and kinetics of rigid bodies. Euler's Equations, work-energy and impulse-momentum techniques, and introduction to vibrations.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Summer
Credit Hours: 3
Department: Engineering/Physics/Tech

ENS 207 - Mechanics of Materials
Prerequisites: ENS 205.
Description: Introduction to mechanics of materials stress and strain, stress-strain-temperature relations, torsion, bending, deflection, stability, buckling. Computer methods in structural analysis.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Spring
Credit Hours: 3
Department: Engineering/Physics/Tech

ENS 225 - Engineering Circuit Analysis I
Prerequisites: MAT 123.
Description: Introduction to circuit analysis consisting of free and forced response of simple networks and various methods of analysis, frequency variation and resonance, complex frequency variable, two-part networks, transformers, computer solutions (analog and digital), Fourier series, Laplace transform and transform networks. (3 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall
Credit Hours: 4
Department: Engineering/Physics/Tech

ENS 226 - Engineering Circuit Analysis II
Prerequisites: ENS 225.
Description: Corequisites: MAT 234 A continuation of ENS 225. Topics include complex frequency response; parallel, series, and other resonance forms; magnetically coupled circuits; one and two-part networks; and Fourier analysis. The transient response of the RLC circuit to the step input will be covered by classical means. Laplace transforms will be introduced and applied toward the transfer functions H(s) and the complete response. The laboratory will include AC models of active circuit elements. (3 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Spring
Credit Hours: 4
Department: Engineering/Physics/Tech

ENS 230 - Engineering Thermodynamics
Prerequisites: MAT 123 and PHY 123.
Description: A first course in engineering thermodynamics, introducing fundamental thermodynamic variables, properties of pure substances and energy relationships. Analysis of open and closed systems based on the classical laws of thermodynamics; concepts of reversibility and entropy; power cycles and engines. A term project requiring the detailed analysis of power cycles will be assigned to each student. Knowledge of at least one high level programming language or simulation software is highly desirable.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Spring
Credit Hours: 4
Department: Engineering/Physics/Tech

ENS 295 - Independent Study-Engineering Science
Description: Formerly ENS 699. Students who have completed ENS 699 will not receive credit for ENS 295.
Credit Hours: 3
Department: Engineering/Physics/Tech

Environmental Sciences

ENV

ENV 101 - Introduction to Environmental Science
Description: Some Saturday field trips may be required of evening students. This course offers an introduction to the basic principles of ecology, population and food production
problems. The course also examines the basic principles concerning air and water pollution. Laboratory exercises are designed to measure the local air and water quality. The modes of detection and prevention of environmental pollution will be investigated and discussed. Field trips and laboratory exercises are a required part of the course. Students must provide their own transportation to and from the field trip sites. (3 lecture, 3 laboratory hours) Lab fee applies. Formerly SCI 109. Students who have completed SCI 109 will not receive credit for ENV 101.
SUNY GEN ED-GLAB; NCC GEN ED-LSCI.
Offered: Fall, Winterim, Spring
Credit Hours: 4
Department: Physical Sciences

ENV 102 - Introduction to Environmental Resources, Energy & Pollution
Prerequisites: ENV101 is recommended but not required.
Description: The course involves the investigation of current problems in our environment. The areas which will be discussed will be the problems of solid waste and various methods of its disposal; the effects of pollutants from present and future energy sources; noise pollution and the effects of radiation on people and the environment. Field trips and laboratory exercises are a required part of the course. Students must provide their own transportation to and from the field trip sites. (3 lecture, 3 laboratory hours) Lab fee applies. Formerly SCI 110. Students who have completed SCI 110 will not receive credit for ENV 102.
SUNY GEN ED-GLAB; NCC GEN ED-LSCI.
Offered: Fall, Spring, Summer
Credit Hours: 4
Department: Physical Sciences

ENV 103 - Mapping the Environment using GPS & GIS
Description: This beginning level course is designed to introduce non-science as well as science oriented students, to the latest concepts and technologies in mapping science. The course covers the theories and concepts of Global Positioning Systems (GPS) and Geographic Information Systems (GIS). Students acquire a fundamental hands-on understanding of the technologies and systems used in the GIS field. The course will include problem solving activities through laboratory and field work. Off-campus field trips are required. Laboratory fee applies. Formerly SCI 150. Students who have completed SCI 150 will not receive credit for ENV 103.
SUNY GEN ED-n/a; NCC GEN ED-LSCI
Offered: Fall, Winterim, Spring
Credit Hours: 4
Department: Physical Sciences

ENV 104 - Field Exploration of Environmental Issues around Metro NY
Prerequisites: Permission of Instructor.
Description: This is a limited enrollment course that runs during select intersessions for a period of 10 days. Special fees for transportation are required. This course is an intensive investigation of the current environmental problems facing society using the greater metropolitan area of New York as the focal point. Students will receive firsthand experience with current environmental problems through field trip observations and surveys. Problems dealing with the physical treatment of oil spills, the scientific formulation of environmental impact statements, and the effects of heavy industry on air quality will be some of the issues under consideration. The field trips and laboratory activities will be designed to reinforce the topics discussed during lecture. Formerly SCI 120. Students who have completed SCI 120 will not receive credit for ENV 104.
SUNY GEN ED-GLAB; NCC GEN ED-LSCI.
Offered: May Special
Credit Hours: 4
Department: Physical Sciences

ENV 105 - Environmental Safety & Health
Description: This course is designed for anyone interested in understanding what constitutes a safe and healthy environment. The course first discusses the methodologies that enable one to understand why and how exposure to various hazards, to which persons may be exposed to at home, outside and in the work environment, are dangerous. Along with a general understanding of the hazards, the course presents basic concepts and methods used to recognize, evaluate, control and mitigate these hazards. Some of the hazards that will be explored are food safety, herbicides, radiation, indoor/outdoor air pollution (including carbon monoxide and cleaning products), noise pollution, transportation, water quality, pesticides, dangers facing children along with both solid and hazardous waste. The concept of sustainability is introduced and becomes a central theme in discussing the mitigation of various hazards. Some of the regulations promulgated by authorities will be considered including how one can use MSDS (Safety Data Sheets) documentation to learn about the dangers presented by various materials we use in everyday life. Some of the basic course concepts as well as the fundamental skills of critical thinking and problem solving will be taught using active learning exercises. Additionally the course provides students with an opportunity to research topics of special interest to them. Formerly SCI 209. Students who have completed SCI 209 will not receive credit for ENV 105.

Geology

GLY

GLY 101 - Introduction to Physical Geology

Description: This course presents principles of the study of the earth outlining how the science began in the late 1700s from natural curiosity progressing to our present knowledge of the earth as a dynamic entity. Students will study its surface features and processes and then can appreciate how patterns observed have allowed for interpretations of what is going on within the interior. Such aspects include but are not limited to earthquakes, volcanism, origin and deformation of mountain belts and ocean basins, the work of running water, glaciers and wind. In lab, students are provided a hands-on approach to the study of minerals, igneous, sedimentary and metamorphic rocks and will learn how to use a topographic map. A one-day field trip may be offered to illustrate and reinforce the concepts introduced. (3 lecture, 3 laboratory hours) Lab fee applies. Special sections of Physical Geology may be offered which cover most of the topics above but which present the popular field of gemology, allowing the students to work with professional instruments to identify a large suite of gems, both natural and synthetic. Lab fee applies. Formerly SCI 101. Students who have completed SCI 103 will not receive credit for GLY 101.

Credit Hours: 4

Department: Physical Sciences

GLY 104 - Field Lab Geology

Description: This is a limited enrollment course that runs during select intersessions for a period of 10 days. Special fees for transportation are required. This is an activity-oriented approach to the study of some of the regionally accessible geologic features: their processes, history and beauty. The participants in this course will be introduced to a varied curriculum of the regional physical, historical, economic and environmental geologic phenomena. A brief sampling of some topics open to investigation are: post glacial features, coastal barrier beach problems/dynamics, the identification of major rock outcrop features, mining operations, and mineral and fossil collecting. Laboratory and field equipment will be used for the gathering of specimens and data to help develop an understanding of the gross geologic aspects of a particular location. A portion of the time needed to accomplish these goals will be spent as preparation and review on campus in the laboratory/lecture room. Field sites will be reached primarily through the use of chartered transportation. Formerly SCI 203. Students who have completed SCI 203 will not receive credit for GLY 104.

GLY 106 - Oceanology

Description: (Dual listed with BIO 119).

This is a three-credit course and does not fulfill the laboratory science requirement needed for graduation. There will be no waivers issued under any circumstances. One field laboratory during the term. The course is designed as an overview of the structure, origin, and evolution of the world's oceans. Investigations will include analysis of abiotic factors such as sediments, coastlines, water properties, and movement. Students will take a close look at general water circulation, tides, currents, waves, and the effects of weather and climate. Further investigations will focus on biotic factors such as marine organisms, food chains, resources, and man's relationship to the sea. Formerly SCI 119. Students who have completed SCI 119 will not receive credit for GLY 106. (3 lecture hours)

COURSE DESCRIPTIONS

GSD 132 - Green Projects Case Studies
Description: Pre or Concurrent Requisites: GSS 128
This course will allow students to research and analyze various green building projects on Long Island and New York City to learn different methods used to achieve sustainable design through the use of green building practices. Building projects will be evaluated in terms of site selection, orientation, water and energy efficiency, renewable energy storage, on-site power generation, indoor air quality and the efficient use of building materials. Students will be required to visit one project site discussed, during the semester.

GSD 200 - Wind Turbines / Solar Panels Applications
Prerequisites: GSS 126 and GSS 128
Description: Students will be introduced to the methodology by which different wind turbines function and produce electricity including power generation, wind speed, turbine size, efficiency of turbine aerodynamics, power storage potential, and payback. Comparison of different locations for wind turbine installation and structural design and construction will be discussed. Students will be introduced to the concept by which various types of solar panels (photovoltaic panels) installations produce electricity including direct and alternating current. Site selection and evaluation for installation of the solar panels on residential homes and buildings including correct sizing for building consumption, power storage potential, code compliance and government incentives will be discussed.

GSD 204 - Energy Codes and Energy Analysis
Prerequisites: GSS 128
Description: This course will introduce students to the techniques used to make residential and commercial buildings more energy efficient including energy analysis software, energy audits, construction costs and maintenance costs. Methodology used during construction to maintain compliance with the Energy Conservation Construction Code of New York State. ASHRAE 90.1, Energy Standard for Buildings and ASHRAE 90.2 Energy Efficient Design of Residential Buildings.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring
Credit Hours: 3
Department: Engineering/Physics/Tech

GSD 206 - HVAC / Air Quality
Prerequisites: GSS 128
Description: This course will introduce students to the various factors in building design and construction that affect the indoor air quality including the comparison of various passive and mechanical ventilation systems. Compliance with ASHRAE standard 189.1, Standard for the Design of High Performance Green Buildings, MERV ratings, use of low and zero volatile organic compounds and construction air quality control plans will be discussed.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring
Credit Hours: 3
Department: Engineering/Physics/Tech

GSD 295 - Independent Study-Green Sustainable Design
Description: SUNY GEN ED-n/a; NCC GEN ED-n/a.
Credit Hours: 3
Department: Engineering/Physics/Tech

GSS 103 - Science of Physics I
Prerequisites: A high school course in elementary Algebra.
Description: An introductory course designed for students with a primary interest in the humanities or physical education. The course goal is to achieve a conceptual understanding of the ideas of physics. The historical and philosophical background as well as the content of physics is studied. Laboratory exercises are designed to illustrate principles of scientific experimentation while deepening the understanding of physical areas. Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-LSCI
Offered: Fall, Spring
Credit Hours: 4
Department: Engineering/Physics/Tech

GSS 104 - Science of Physics II
Prerequisites: A high school course in elementary Algebra. Note: GSS 103 is recommended, but not required for GSS 104.
Description: A conceptual course in physics dealing with waves, electricity and magnetism. 20th-century physics, the historical and philosophical background as well as the content of physics, will be discussed. Laboratory exercises are designed to illustrate principles of scientific experimentation while deepening the understanding of physical ideas. Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-LSCI
Credit Hours: 4
Department: Engineering/Physics/Tech

GSS 106 - Science of Sound and Music
Description: Fundamentals of mechanics, sound and acoustics, energy, electricity and magnetism with applications to music, musical instruments, sound systems and electronic music. The course material is developed descriptively and demonstrated experimentally. Laboratory fee applies.
SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Offered: Fall, Spring, Summer
Credit Hours: 4
Department: Engineering/Physics/Tech

GSS 108 - The Science of Light and Color
Description: This introductory course will focus on the nature of light and color. It will include not only the principles of geometric and physical optics but also general properties of waves and particles; the relation between light and matter; quantum theory and photons; light, heat, temperature and energy; and the conservation of energy. These physical principles will be applied to understanding color in art, vision, photography, holography, fiber optics, and atmospheric effects.
COURSE DESCRIPTIONS

The course will include many student investigations, in recitation as well as in lab, in order to emphasize the experimental nature of science. (3 lecture, 3 laboratory hours) Laboratory fee applies.

SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Offered: Fall, Spring
Credit Hours: 4
Department: Engineering/Physics/Tech

GSS 111 - Science of Our World I
Description: An introductory laboratory science course designed for non-technically oriented students who desire an understanding of the capabilities, characteristics and methods of our modern technological society. Contemporary problems are discussed including such topics as air and water quality, waste management technologies, population dynamics, decision-making and principles of ecology. Laboratory techniques of simulation and modeling are developed to illustrate the topics discussed in lecture. Laboratory fee applies.

SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Offered: Fall, Spring
Credit Hours: 4
Department: Engineering/Physics/Tech

GSS 112 - Science of Our World II
Prerequisites: GSS 111 is recommended but not required.
Description: A continuation of GSS 111 which includes additional topics such as electrical energy, noise pollution, light and laser applications, nuclear power generation, heat and thermal pollution. Laboratory modeling and simulation are utilized to aid in the understanding of the technology and the underlying science principles. Laboratory fee applies.

SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Credit Hours: 4
Department: Engineering/Physics/Tech

GSS 120 - Science of Modern Electronics
Description: The course is designed for non-technical students and will provide a conceptual understanding of science related to electronic devices. The course details science fundamentals using a non-mathematical approach, then focuses the presentation to include applications in the area of electronics (entertainment, business, communication, home electronics). Aspects of sound, light, heat, and mechanics are included with applications in today's electronic world. Laboratory work will consist of hands-on experience with actual measuring devices. (3 lecture, 3 laboratory hours) Laboratory fee applies.

SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Offered: Fall, Spring
Credit Hours: 4
Department: Engineering/Physics/Tech

GSS 122 - Science of Energy
Description: This introductory course covers the scientific principles and technological innovations related to Energy resources. The study of mechanics, electricity, magnetism and thermodynamics pertinent to energy are explained. Students develop an appreciation of energy use in the contemporary world by examining alternate energy systems such as solar, wind, photovoltaic, hydro, biomass, the ocean, renewable alternative energy sources and environmental sustainability processes.

SUNY GEN ED-n/a; NCC GEN ED-NSCI
Offered: Fall, Spring, Summer
Credit Hours: 3
Department: Engineering/Physics/Tech

GSS 126 - Forensic Technology
Description: The course introduces the various types of physical evidence commonly encountered at crime scenes (e.g., fingerprints, hairs, fibers, drugs, glass, etc.), and discusses comparison and identification techniques (i.e., optical examination/comparison, instrumental analysis, and various chemical processes) used for the analysis of such physical evidence. It examines the various methods used for analysis of scientific evidence in the field of forensic technology. Students learn the technology used to interpret the science and its applications.

SUNY GEN ED-n/a; NCC GEN ED-NSCI
Offered: Fall, Spring, Summer
Credit Hours: 3
Department: Engineering/Physics/Tech

GSS 128 - Green Building Practices
Description: This course introduces students to the science governing fundamental sustainable design and green building practices and their implementation. Topics include building site selection, building orientation, water and energy efficiency, renewable energy and storage, on-site power generation, improvement of indoor air quality including air quality and efficient use of building materials.

SUNY GEN ED-n/a; NCC GEN ED-NSCI
Offered: Fall, Spring
Credit Hours: 3
Department: Engineering/Physics/Tech

Healthcare Administration

HCA

HCA 180 - Introduction to Healthcare Administration
Prerequisites: None.
Description: This course provides students entering the healthcare administration field with an introduction to the organization and delivery of healthcare in the United States. The management of various healthcare enterprises including hospitals and health systems, physician practices and clinics, and public health organizations will be reviewed. Changes within the healthcare industry and the responsibilities, function, and role of healthcare administrators will be discussed.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Administrative Business Tech

HCA 182 - Healthcare Resource Management & Strategic Planning
Prerequisites: HCA 180.
Description: This course prepares students with knowledge of strategic principles and planning skills required to address the intricacies of the contemporary healthcare system. The continued evolution of healthcare reform and its effect on healthcare market structure and business models is reviewed. The strategic challenges commonly faced by healthcare administrators including the shift to value-based care and reimbursement models, issues of capitation, the formation of accountable care relationships, and competitive positioning to the dissolution of alliances and vertical integration will be reviewed.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Administrative Business Tech

HCA 184 - Healthcare Revenue Cycle
Prerequisites: HCA 180 (with a grade of C or better) or permission of the Chairperson.
Description: This course reviews the variety of ways in which healthcare is reimbursed as it pertains to the financial analysis and decision making required by healthcare administrators. Changes to reimbursement methodologies and payment systems, including Medicare, regulation of managed care, public policy and formation of integrated delivery systems is reviewed. Responsibilities and issues faced by healthcare administrators regarding delivering and financing healthcare is discussed.

Offered: Fall, Spring, Summer

Credit Hours: 3

Department: Health/Physical Ed/Recreation

HED 201 - Personal and Family Health

Description: Students receiving credit for PED 201 will not receive credit for HED 201. The focus of this course is on the essential behavior necessary for a healthy lifestyle. Included is the opportunity to evaluate and improve physical as well as emotional well being in light of the most current information...
available in each topic. The student is presented with strategies that have proven successful in moderating individual behavior. Topics that deal with improving the physical health level include physical fitness, weight control and nutrition, while topics that explore the development of positive mental and emotional health and stress management, intimate personal relationships and human sexuality.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Winterim, Spring, Summer
Credit Hours: 3
Department: Health/Physical Ed/Recreation

HED 202 - Health Through Exercise, Nutrition and Weight
Description: Students are introduced to the concepts and principles of energy balance, body composition, weight control, and physical fitness as they relate to personal health. The exploration of genetic and lifestyle related risk factors for disease will enable students to develop a comprehensive nutrition and exercise program.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring, Summer, Winterim
Credit Hours: 3
Department: Health/Physical Ed/Recreation

HED 203 - Infant Health and Care
Description: The course introduces cognitive, physical and socio-emotional development of children birth through 36 months. Students will learn appropriate, inclusive, and respectful care practices, including Sudden Infant Death Syndrome (SIDS), Shaken Baby Syndrome, Immunizations and pediatric doctor visits, Nutrition, Infant CPR, Accident Prevention, Childhood diseases, Cognitive and physical development, Community resources and early intervention programs for diagnosed/noticed developmental delays.
Offered: Fall, Spring, Summer
Credit Hours: 3
Department: Health/Physical Ed/Recreation

HED 205 - Consumer Health Care and Protection
Description: Students receiving credit for PED 205 will not receive credit for HED 205. A course intended to keep pace with today's unprecedented consumer interests, particularly in matters of health services and products. The availability and quality of such care are explored in the following areas: the health consumer, protecting one's rights in the marketplace, the unique role of the college student as a health consumer, the patient and doctor, the national medical care crisis, kinds of health insurance, getting more for one's health dollars, the role of health agencies, health spas and clubs, diet clubs and fads, popular remedies for common ailments, and health career opportunities.

SUNY GEN ED-n/a; NCC GEN ED-HED
Offered: Fall
Credit Hours: 3
Department: Health/Physical Ed/Recreation

HED 211 - Women's Health
Description: The course explores cross-cultural approaches to women's health and reproductive issues. In particular, it will explore gendered, ethnic, culture, and class dimensions that underlie the patterning of disease and illness with attention to the long-term health effects of racism, poverty, and sexism. Topics will include: world views and usage of birth control, gender and racial discrepancies in health care, diseases of the female body and reproductive system, mortality and morbidity, abortion, menstruation and menopause, cardiovascular, physical and mental health, globalization of contraception, STI's, pregnancy, midwifery, breastfeeding and reproductive rights.

Offered: Fall, Spring, Summer
Credit Hours: 3
Department: Health/Physical Ed/Recreation

HED 231 - Death Education: A Health Perspective
Description: Students receiving credit for PED 231 will not receive credit for HED 231. The course enables students to understand and cope with death as part of the life cycle. From an interdisciplinary and historical perspective, the course explores how many different cultures treat death and dying as well as examines biomedical ethics (euthanasia, organ donation, wills and trusts). Emphasizing the psychological adjustments to loss, topics include the meaning of death, stages of dying, bereavement and grief processes and a variety of religious attitudes toward suicide, funeral rituals and death in general.

SUNY GEN ED-n/a; NCC GEN ED-PLDI
Offered: Fall, Spring, Summer
Credit Hours: 3
Department: Health/Physical Ed/Recreation

HED 271 - Alcoholism, Addictions and Abusive Behaviors
Description: Students receiving credit for PED 271 will not receive credit for HED 271. This course is designed to explore why people develop addictions and dependencies. Using alcohol use, abuse and alcoholism as primary models, students discuss addictive behavior as manifested in such areas as eating disorders, gambling, tobacco and substance use. The course analyzes the epidemiology of alcohol use in American culture and its effects on society. It also considers the intra-psychic addictive syndrome on diverse populations that reflect issues of race, ethnicity, gender and sexual orientation.

SUNY GEN ED-n/a; NCC GEN ED-PLDI
Offered: Fall, Spring, Summer
Credit Hours: 3
Department: Health/Physical Ed/Recreation

HED 272 - Alcoholism and Addictions: Modalities, Prevention and Treatment
Prerequisites: HED 271.
Description: Students receiving credit for PED 272 will not receive credit for HED 272. This course focuses on assessment, diagnosis, and treatment of addictive behaviors. Emphasis on special populations such as college students, adolescents, disabled and incarcerated individuals and ethnic minorities are examined. Treatment techniques and prevention strategies are explored.

HIS 110 - History of Contemporary Africa

Prerequisites: Completion of RDG 001 and/or RDG 002.

Description: (Dual listed with AFR 143)

The study of African independence movements; discussion of the problems of post-independent Africa, such as nation building, strategies of development, education, pan-Africanism; and problems of democracy in southern Africa.

SUNY GEN ED-GSBS, GOWC; NCC GEN ED-SBS, GLNW

Offered: Fall, Spring

Credit Hours: 3

Department: His/PolSci/Geo/LatinAm Studies

HIS 124 - Women in the Western World

Prerequisites: Completion of RDG 001 and/or RDG 002.

Description: A focus on the role of women as a significant force in the development of the Western world. The course examines, in historical context, the factors which have determined women's place over the centuries, compares the situation of women in capitalist, socialist, and fascist societies, and surveys contemporary European feminist movements.

SUNY GEN ED-GSBS, GWEH; NCC GEN ED-SBS, WESH, PLDI

Credit Hours: 3

Department: His/PolSci/Geo/LatinAm Studies

HIS 125 - The Role of Women in American History

Prerequisites: Completion of RDG 001 and/or RDG 002.

Description: Women's history offers an important new dimension to the study of American society. This course examines the vital role ordinary women have played in American life for 350 years, the experiences and achievements of women, and the successes and failures of the feminist movements.

SUNY GEN ED-GSBS, GAMH; NCC GEN ED-SBS, WESH, PLDI

Offered: Summer

Credit Hours: 3

Department: His/PolSci/Geo/LatinAm Studies

HIS 136 - History of Latinos in the U.S.

Prerequisites: Completion of RDG 001

Description: This course explores major social, economic and political developments in the history of the various Latino communities of the United States from the mid-19th century to the present. Attention is given to such long-term processes as community formation, Latino immigration to the U.S., religion, and group identity.

SUNY GEN ED-n/a; NCC GEN ED-SBS, PLDI

Credit Hours: 3

Department: His/PolSci/Geo/LatinAm Studies

HIS 137 - Native Americans

Prerequisites: Completion of RDG 001 and/or RDG 002.

Description: A survey of Native peoples in United States history and popular culture, from contact to the present. Emphasis centers on comparing and contrasting the different Native American groups in the United States; their respective responses over time to the influx of peoples from outside the western hemisphere, and the developing relationship between these groups and what became the dominant political and social U.S. institutions and people. There will be a special emphasis on indigenous peoples of Long Island particularly and New York generally. In addition, this course will look at the ever-changing images and/or stereotypes of Native Americans in U.S. culture.

Information Technology

ITE 101 - Introduction to Information Technology

Prerequisites: Students must have satisfied all MAT, ENG 001 and RDG 001 developmental course requirements prior to starting this course.

Description: Students will not receive credit for both ITE 101 and CMP 103. This course offers a broad-based introduction to the field of Information Technology (IT) including its evolution, current trends and future directions. Students will be introduced to the various aspects of IT along with an understanding of the technical support that is provided to employees and organizations. IT fundamentals, operating systems and hardware, web development, networking, and information and database systems will be covered.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Winterim, Spring, Summer
Credit Hours: 3
Department: Math/Computer Science/Info Tec

ITE 153 - Operating Systems Management

Prerequisites: Students must have satisfied all MAT, ENG 001 and RDG 001 developmental course requirements prior to starting this course.

Description: This course examines the fundamental role of operating systems as it relates to the interaction of hardware and application software. Students will learn core operating system technologies including installing, configuring, and maintaining operating systems for client workstations in both networked and non-networked environments. Students will obtain a basic understanding of hardware components, desktop components and interfaces. They will learn how to use various system administration tools and utilities to manage an operating system. Emphasis is placed on creating a computing environment for users which will maximize productivity and minimize workstation problems. Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Winterim, Spring, Summer
Credit Hours: 4
Department: Math/Computer Science/Info Tec
ITE 213 - Data Communications and the Internet

Prerequisites: Students must have satisfied all MAT, ENG 001 and RDG 001 developmental course requirements prior to starting the course.

Description: Students should have a basic knowledge of computer hardware and software and be able to navigate within an operating system environment. This course is designed to acquaint the student with the interface, hardware, software, and the communications protocols necessary to utilize various information systems of both local and global networks. Topics include: installation of communications hardware and software, Local Area Networks (LAN), Wide Area Networks (WAN) and the Internet, along with governance and structure of computer networks. Sites and domains, remote connections, file transfer protocols, electronic resources, navigation of remote domains and networks, networking security, societal impact and related issues will be covered. Students who have completed CMP 110 will not get credit for ITE 213. Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring
Credit Hours: 3
Department: Math/Computer Science/Info Tec

ITE 215 - Topics in Data Communications and Enterprise Networks

Description: Pre or Concurrent Requisites: A grade of C or better in ITE 213. This course discusses topics involving the interface, hardware, software, and communications protocols necessary to utilize various information systems of both local and global networks. Topics include: hands on installation of communications hardware and software, Local Area Networks (LAN), Wide Area Networks (WAN). Other topics are network operating systems, introductory hands on experience with router and switch configuration, navigation of remote domains and networks, and networking security. Students will use popular networking equipment that is widely used in industry.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Winter, Spring, Summer
Credit Hours: 4
Department: Math/Computer Science/Info Tec

ITE 223 - Network Management I

Prerequisites: A grade of C or better in ITE 153; concurrency with ITE 213 permitted.

Description: This course is designed to cover fundamental and advanced concepts in network theory and system administration. Use of the network operating system in planning and management of directory services and network file systems are stressed. Additional topics include: setting up and maintaining user accounts, protecting network data, network printing, management of devices, application software, workstation management, data communications and network security. This course contains knowledge units typically needed for professional certification. The lab portion of the course incorporates a widely used network operating system by Novell and/or Microsoft. Students who have completed CMP 208 will not receive credit for ITE 223. (4.5 lecture hours). Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Winter, Spring, Summer
Credit Hours: 4
Department: Math/Computer Science/Info Tec

ITE 227 - Computer Forensics

Prerequisites: A grade of C or better in ITE 153, ITE 217 and ITE 223; concurrency with ITE 223 permitted.

Description: This course will introduce techniques and practices for gathering and analyzing evidence used to solve crimes involving computers. This is a hands-on approach to the tools and methodologies used in computer forensics. It will examine the fundamentals and best practices for incident response and data acquisition. Current tools and procedures will be surveyed, implemented, and studied using virtual machines and cloud services to reinforce the principles of forensic investigations. It will also examine report writing, testimony delivery, elicitation of experts and witnesses, and the ethics of investigations.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring, Summer
Credit Hours: 4
Department: Math/Computer Science/Info Tec

ITE 237 - Hacking & Defensive Technology

Prerequisites: ITE 217 with C or better grade.

Description: This course introduces topics associated with investigating and combating the techniques utilized by hackers and cybercriminals. Students will learn different methodologies utilized by hackers including foot-printing, port scanning, and social engineering. In addition, the course will cover various defensive technologies and incident responses used to tighten network security. SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring, Summer
Credit Hours: 3
Department: Math/Computer Science/Info Tec

ITE 252 - Database Management

Prerequisites: A grade of C or better in both CSC 104 and ITE 101.

Description: This course is an introduction to database processing for business applications. Emphasis is placed on the design, implementation and administration of a database as well as the use of Structured Query Language (SQL). Students will develop applications using a popular DBMS software package. Students who have completed CMP 252 will not receive credit for ITE 252. (4.5 lecture hours) Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring
Credit Hours: 4
Department: Math/Computer Science/Info Tec

ITE 253 - Network Management II

Prerequisites: A grade of C or better in ITE 223.

Description: This course is designed to cover advanced concepts in network configuration and implementation. Topics include methods of installation, and upgrading of server operating system software along with implementation, merging and integration techniques. Configuration and applications of multiple protocols including, Web server and File Transfer Protocol (FTP), services, will also be discussed. This course contains knowledge units typically needed for professional certification. This course will incorporate a widely used network operating system by Novell and/or Microsoft. Students who have
ITE 254 - Web Programming II

Prerequisites: A grade of C or better in ITE 154.

Description: This course offers students advanced instruction in web programming via server-side and client-side programming languages and database integration. Students develop interactive web pages to understand how web professionals build e-commerce and search sites in the job marketplace. Languages PHP, JSP, and CSS are used and integrated with MySQL. Various development tools are explored.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring
Credit Hours: 3
Department: Math/Computer Science/Info Tec

ITE 255 - Routing and Switching Essentials

Prerequisites: A grade of C or better in ITE 213 and ITE 215.

Description: This course will cover the architecture, components, and operations of routers and switches installed on a computer network. Students learn how to configure a router and a switch for basic functionality. By the end of this course, students will be able to configure and troubleshoot routers and switches and resolve common issues with routing protocols such as RIPv1, RIPv2, and single-area and multi-area OSPF. In addition students will learn how to troubleshoot virtual LANs, and inter-VLAN routing in both IPv4 and IPv6 networks. Laboratory fee applies.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring
Credit Hours: 3
Department: Math/Computer Science/Info Tec

ITE 260 - Applications Development

Prerequisites: A grade of C or better in ITE 252 and ITE 204 or CMP 219 or permission of the Department; concurrency with ITE 252 permitted.

Description: This course introduces to the student computer programming using a GUI (Graphical User Interface) programming language. Business and information system applications are developed using Visual Basic.NET. The course provides the concepts of event-driven programming, terms, rules, and programming components for database application development. Students who have completed CMP 214 will not receive credit for ITE 264. Laboratory fee applies.

Library

LIB 100 - Essential Research for College Success
Description: This course introduces students to the research process: the organization, location, evaluation and ethical use of information using print, non-print and electronic resources. Through hands-on active learning activities, students will gain an understanding of basic research and information literacy skills that will aid them in college-level work and lifelong learning. SUNY GEN ED-n/a; NCC GEN ED-HUM
Offered: Fall, Spring
Credit Hours: 1
Department: Library

LIB 101 - Introduction to Research
Description: Students develop information literacy through the selection, location, evaluation and ethical use of information sources and systems for college work and lifelong learning. Hands-on, active learning sessions familiarize students with print and digital resources, including books, periodicals, audiovisual materials, online databases and the Internet. Critical thinking projects that provide in-depth exploration of the research process reinforce skills required for academic work and college-level research projects. SUNY GEN ED-n/a; NCC GEN ED-HUM
Offered: Fall, Spring

LOG

LOG 101 - Principles of Logistics and Management I
Prerequisites: Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course.
Description: Development of the modes of transportation; economic, social and political systems within which the various modes of transportation operate and the effect of these modes on the transportation of goods and passengers; analysis of present challenges and opportunities facing the railroads, airlines, motor carriers, water carriers, pipelines and third parties (forwarders, brokers, etc.); emerging concepts and technologies. The student is introduced to the concept of the systems approach to distribution and logistics management, including existing and emerging communications systems. Also reviewed is regulation and deregulation affecting national and international transportation. SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: On Occasion
Credit Hours: 3
Department: Math/Computer Science/Info Tec

LOG 102 - Principles of Logistics and Management II
Prerequisites: LOG 101 or permission of the Department. Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course.
Description: Further analysis of the issues related to the shipper, carrier and consignee of goods; documentation; responsibility and liabilities of shippers, carriers and third parties; handling of claims; routing; types of regulation and deregulation and the regulatory agencies; procedures used in determining freight rates and services. The student is made aware of some of the more complicated issues associated with distribution and logistics management, including the planning and evaluation of its effectiveness. Simulations of these concepts are discussed at length. SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: On Occasion
Credit Hours: 3
Department: Math/Computer Science/Info Tec

LOG 103 - Systems of Intermodal Transportation
Prerequisites: LOG 101 and LOG 102 and MAT 102. Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course.
Description: Overall description of various modes of transportation and logistics systems as they relate to statistical and mathematical models and computer simulations to determine optimum operating conditions and opportunities under which modal and intermodal transportation systems exhibit economically efficient performances. Includes game theory analysis of alternative situations. SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: On Occasion
Credit Hours: 3
Department: Math/Computer Science/Info Tec

LOG 104 - Railroad and Motor Carrier Transportation and Logistics
Prerequisites: LOG 101 or LOG 102 and MAT 102. Students must have satisfied all MAT, ENG 001 and RDG 001 remediation requirements prior to starting the course.
Description: Development of railroad and motor carrier transportation; importance of intermodalism and communications; types of services rendered; equipment utilized; rules; regulations, and insurance; routing techniques and optimization; analysis of operations and current problems utilizing

Mathematics

MAT

MAT 001 - College Preparatory Mathematics
Description: A non-credit course required of students not meeting the entrance requirements in Mathematics. Topics include: Integers and rational numbers, fundamental operations with integers, fractions and decimals, ratio and proportion, percent, consumer and job related problems. Hand-held calculators will be used (3 lecture hours).
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: On Occasion
Credit Hours: 3
Department: Math/Computer Science/Info Tec

MAT 002 - Introductory Algebra
Prerequisites: Satisfactory completion of MAT 001 or by college placement test.
Description: A non-credit course required of students having deficiencies in Mathematics. Topics include: fundamental processes of arithmetic and algebra, factoring, linear and fractional equations, exponents, radicals, quadratic equations and right triangle trigonometry. Hand-held calculators will be used (4.5 lecture hours).
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Winterim, Spring, Summer
Credit Hours: 0
Department: Math/Computer Science/Info Tec

MAT 003 - Integrated Arithmetic and Introductory Algebra
Description: A non-credit course that prepares students to take a college-level course in mathematics. All students with an arithmetic placement are eligible. Arithmetic and algebra will be integrated throughout the semester. Emphasis will be placed on fundamental operations of integers and rational numbers, ratio and proportion, percents, factoring, linear and fractional equations, exponents, radicals, quadratic equations, and right triangles. Various relationships will be explored both graphically and analytically. Hand-held calculators will be used (6 lecture hours).
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Winterim, Spring, Summer
Credit Hours: 0
Department: Math/Computer Science/Info Tec

MAT 012 - Quantitative Reasoning 1
Description: Prerequisite: Satisfactory completion of Math 001 or by college placement test; RDG 001, may be taken concurrently.
A non-credit course that prepares students to take a college-level general liberal arts course in mathematics. This course integrates quantitative literacy with mathematical concepts such as fluency with numbers, proportional reasoning, data interpretation, algebraic reasoning, graphing lines, and modeling. A significant portion of class time is devoted to collaborative group work with instructor facilitation and guidance. Students should be prepared to actively participate in class discussions during every class meeting. Class discussions will be used to investigate mathematical concepts based on real-life examples. Some examples include: social justice; home repair; population growth and density; and congressional structure. Students who intend to major in science, technology, engineering or mathematics should take MAT 002 or MAT 003 instead of this course. Graded on an S-U basis.
Students who intend to major in science, technology, engineering or mathematics should take MAT002 or MAT 003 instead of this course. Graded on an S-U basis.

MAT 100 - A Topical Approach to Mathematics
Prerequisites: Students must have satisfied all MAT, ENG 001 and RDG 001 developmental course requirements prior to starting the course.
Description: Fundamental Mathematics topics and their applications. Topics include: problem solving, number systems, geometry, consumer mathematics, mathematical modeling, probability, management science, and social choice and decision making. A scientific calculator is required. (4.5 lecture hours)
(Superseded by MAT 102 and MAT 114).
SUNY GEN ED-GMAT; NCC GEN ED-MATH
Offered: Fall, Winterim, Spring, Summer
Credit Hours: 4
Department: Math/Computer Science/Info Tec
MAT 101 - Concepts of Mathematics
Prerequisites: Students must have satisfied all MAT, ENG 001 and RDG 001 developmental course requirements prior to starting the course.
Description: Topics include: formal symbolic logic, arguments, methods of proof; basic concepts of sets, set operations and probability. Consideration of number systems and computers.
SUNY GEN ED-GMAT; NCC GEN ED-MATH
Offered: Fall, Winterim, Spring, Summer
Credit Hours: 3
Department: Math/Computer Science/Info Tec
MAT 102 - Introduction to Statistics
Prerequisites: Students must have satisfied all MAT, ENG 001 and RDG 001 developmental course requirements prior to starting the course.
Description: *See calculator note in catalog. Appropriate and inappropriate uses of statistics, measures of central tendency and variability, basic concepts of probability, the binomial, normal and 't' distributions, testing hypotheses, estimation, chi-square, linear regression, and correlation.
SUNY GEN ED-GMAT; NCC GEN ED-MATH
Offered: Fall, Winterim, Spring, Summer
Credit Hours: 3
Department: Math/Computer Science/Info Tec
MAT 103 - Applied Statistics
Prerequisites: Students are to be placed into MAT 103 by the following:
Description: At least a C in MAT 102. A course for students concentrating in liberal arts, social science, humanities, and statistics. Through the use of computer software packages such as Excel, Lotus 1-2-3, Statistical Package for the Social Sciences (SPSS), and Minitab, the basic and more advanced ideas of descriptive and inferential statistics are studied.
SUNY GEN ED-GMAT; NCC GEN ED-MATH
Offered: Fall, Winterim, Spring, Summer
Credit Hours: 4
Department: Math/Computer Science/Info Tec
MAT 109 - College Algebra and Trigonometry
Prerequisites: Students are to be placed into MAT 109 by the following:
Description: College Placement Test (For some students whose College Placement Test scores allow for MAT 109, MAT 002 might be recommended prior to taking MAT 109) Students must have satisfied MAT002 or MAT003, ENG 001 and RDG 001 developmental course requirements prior to starting the course.
SUNY GEN ED-GMAT; NCC GEN ED-MATH
Offered: Fall, Winterim, Spring, Summer
Credit Hours: 4

MAT 114 - Foundations of Mathematics for Educators
Prerequisites: Students must have satisfied all MAT, ENG 001 and RDG 001 developmental course requirements prior to starting the course.
Description: This course is intended for students who are interested in teaching at the elementary school level. Topics will include a development of binary algorithms, the real numbers, field properties of the real number system as applied to abstract mathematical systems, numerations systems, functions and equivalence relations, solving systems of algebraic equations and number theory including some algebraic proof. Applications, historical perspectives, problem solving, and use of the technology will be emphasized in all topics. Students will not receive credit for both MAT 100 and MAT 114.
SUNY GEN ED-n/a; NCC GEN ED-MATH
Offered: Fall, Winterim, Spring, Summer
Credit Hours: 4
Department: Math/Computer Science/Info Tec
MAT 116 - Engineering Technical Math I
Prerequisites: Two years of Regents H.S. mathematics, with at least a 78% on Math A Regents; or at least a 75% average in two years of Regents H.S. mathematics, or satisfactory completion of MAT 002. Students must have satisfied MAT 002 or MAT 003, ENG 001 and RDG 001 developmental course requirements prior to starting the course.
Description: *See calculator note in catalog. Designed for students in Engineering Technology Programs. Operations with real numbers; exponents and scientific notation; equations and inequalities; functions and graphs; system of equations and determinants; triangle trigonometry and introduction to general trig definitions; algebraic products and factoring; solving equations by factoring and quadratic formula; fractional equations and operations with algebraic fractions. Applications are considered from various scientific, technical, and practical areas. (4.5 lecture hours) Students will not receive credit for both MAT 109 and MAT 116, SUNY GEN ED-GMAT; NCC GEN ED-MATH
Offered: On Occasion
Credit Hours: 4
Department: Math/Computer Science/Info Tec

MAT 117 - Engineering Technical Math II
Prerequisites: Three years of Regents H.S. mathematics, with at least a 78% on Math B Regents; or at least a 75% average in three years of Regents H.S. mathematics (including trigonometry - i.e. Sequential 3); or at least a C in MAT 109 or MAT 116.
Description: *See calculator note in catalog. Designed for students in Engineering Technology. Rational exponents and radicals; functions and their graphs; polynomial, exponential, logarithmic and trigonometric functions; conic sections; introduction to derivatives and integrals. Applications are considered from various scientific, technical and practical areas. (4.5 lecture hours) Students will not receive credit for both MAT 111 and MAT 117.
Credit Hours: 4
Department: Math/Computer Science/Info Tec

MAT 118 - Finite Mathematics: Quantitative Analysis
Prerequisites: Students are to be placed into MAT 118 by the following:
Description: College Placement Test (for some students whose College Placement Test scores allow for MAT 118, MAT 002 might be recommended prior to taking MAT 118) Students must have satisfied all MAT, ENG 001 and RDG 001 developmental course requirements prior to starting the course. This course covers applications of finite mathematical models, primarily to problems in business and management. Matrix operations, Markov analysis, Gauss-Jordan elimination, input-output analysis, linear programming and the simplex method, game and decision theory will be addressed.
SUNY GEN ED-GMAT; NCC GEN ED-MATH
Offered: Fall, Winterim, Spring, Summer
Credit Hours: 4
Department: Math/Computer Science/Info Tec

MAT 122 - Calculus I
Prerequisites: Students are to be placed into MAT 122 by the following:
Description: College Placement Test or at least a C in MAT 111 or MAT 117. *See calculator note in catalog. Definitions of limit, continuity and derivative; rates of change, tangent to a curve, chain rule; derivatives of elementary functions, products, quotients; higher order, implicit and inverse differentiation; mean value theorem; maxima and minima; fundamentals of the definite integral, Fundamental Theorem of Integral Calculus; applications; integration of elementary functions. (4.5 lecture hours) Students will not receive credit for both MAT 112 and MAT 122.
SUNY GEN ED-GMAT; NCC GEN ED-MATH
Offered: Fall, Winterim, Spring, Summer
Credit Hours: 4
Department: Math/Computer Science/Info Tec

MAT 123 - Calculus II
Prerequisites: At least a C in MAT 122.
Description: *See calculator note in catalog. Methods of integration; improper integrals, applications of the definite integral including volume and surface area of solids of revolution; introduction to mathematical modeling using differential equations; Euler's method; separation of variables; slope fields; introduction to infinite series. (4.5 lecture hours)
SUNY GEN ED-GMAT; NCC GEN ED-MATH
Offered: Fall, Winterim, Spring, Summer
Credit Hours: 4
Department: Math/Computer Science/Info Tec

MAT 131 - Probability with Statistical Inference
Prerequisites: At least a C in MAT 123 (Calculus II).
SUNY GEN ED-n/a; SUNY GEN ED-MATH
Offered: Spring, Summer
Credit Hours: 3
Department: Math/Computer Science/Info Tec

MAT 150 - Data Science/Analytics
Prerequisites: At least a C in MAT 102.
Description: This course will teach how to extract knowledge or insights from data. The student will be introduced to data preparation (data cleaning, merging datasets, creating new variables), exploratory data analysis, correlation, linear regression, multiple linear regression, ANOVA, logistic regression, decision trees, cluster analysis, neural networks, and big data. Industry standard statistical software will be used extensively throughout the course. Lab fee applies. Formerly MAT 119. Students who have completed MAT 119 will not receive credit for MAT 150.
SUNY GEN ED-GMAT; NCC GEN ED-MATH
Offered: Fall, Spring, Summer
Credit Hours: 3
Department: Math/Computer Science/Info Tec

MAT 200 - Foundations of Advanced Mathematics
Prerequisites: At least a C in MAT 123.
Description: This course introduces students to concepts requisite for advanced mathematical study. The main emphasis is on the development of sound mathematical reasoning and construction of solid mathematical proofs. Mathematical ideas and concepts from the foundations of the number system, set theory, logic, algebra, calculus, number theory and other advanced fields are selected as illustrations. Students are challenged to develop their own conceptual understanding of mathematical proofs, and to defend their mathematical proofs, and to defend their mathematical reasoning.
SUNY GEN ED-n/a; NCC GEN ED-MATH
Offered: Fall
Credit Hours: 3
Department: Math/Computer Science/Info Tec
MAT 225 - Multivariable Calculus
Prerequisites: At least a C in MAT 123.
Description: *See calculator note in catalog. Curves and surfaces in three dimensional space, partial derivatives, gradient, constrained and unconstrained optimization, vector fields, parametric curves and surfaces. Integration topics include multiple integrals, volume, area, mass, line and surface integrals, flux, divergence. (4.5 lecture hours)
SUNY GEN ED-n/a; NCC GEN ED-MATH
Offered: Fall, Winterim, Spring, Summer
Credit Hours: 4
Department: Math/Computer Science/Info Tec

MAT 226 - Elementary Linear Algebra
Prerequisites: At least a C in MAT 123.
Description: *See calculator note in catalog. This course is an introduction to Elementary Linear Algebra. Topics to be covered include systems of linear equations, determinants, matrix algebra, vector algebra, vector spaces, linear transformations, eigenspaces, inner products, spectral theory, and linear differential equations.
SUNY GEN ED-n/a; NCC GEN ED-MATH
Offered: Spring, Summer
Credit Hours: 3
Department: Math/Computer Science/Info Tec

MAT 234 - Elementary Differential Equations
Prerequisites: At least a C in MAT 123.
Description: *See calculator note in catalog. Analysis and methods of solving first-order equations, including numerical methods; higher order equations including the Laplace transform method, the Taylor series solution, and boundary value problems; linear systems of equations; applications to physical, engineering and life sciences.
SUNY GEN ED-n/a; NCC GEN ED-MATH
Offered: Fall, Winterim, Spring, Summer
Credit Hours: 3
Department: Math/Computer Science/Info Tec

MAT 235 - Algebraic Structures
Prerequisites: MAT 225.
Description: Groups, rings, integral domains, and fields with applications to the integers, rationals, and the real and complex number systems.
SUNY GEN ED-n/a; NCC GEN ED-MATH
Offered: On Occasion
Credit Hours: 3
Department: Math/Computer Science/Info Tec

MAT 241 - Discrete Mathematical Structures
Prerequisites: MAT 122.
Description: Basic concepts of discrete mathematics: logic and set theory, proof techniques, relations, functions, combinations, recurrence relations, introduction to analysis of algorithms, and graph theory. Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-MATH
Offered: Fall, Winterim, Spring, Summer
Credit Hours: 3
Department: Math/Computer Science/Info Tec

MAT 295 - Independent Study-Math
Prerequisites: MAT 295.
Description: This course allows students to pursue advanced study in particular areas. Students will complete a project and submit a final report. (Offered only if requested by the instructor.)
Credit Hours: 3
Department: Math/Computer Science/Info Tec

Multi-Disciplinary Courses

MDC

MDC 101 - The Making of the Modern Mind I
Prerequisites: Completion of ENG 001 and RDG 001
Description: This course explores the foundations of 20th-century Western Modernism, powerful ideas that transformed human attitudes and brought revolutionary changes that still shape contemporary thought today. Topics include views of evolution, human nature, social conflict, and laws of the universe. The ideas of Darwin, Marx, Freud, Einstein and others are studied. (General Elective credit.)
SUNY GEN ED-GHUM, GWEH; NCC GEN ED-WESH
Offered: Fall, Spring
Credit Hours: 3
Department: Multidisciplinary Studies

MDC 102 - The Making of the Modern Mind II
Prerequisites: Completion of ENG 001 and RDG 001
Description: This course examines how modern ideas contributed to global awareness and provided insight into psychology and human nature. Study the works of modern artists, writers, musicians and filmmakers; understand the roots of feminism, existentialism, science fiction, and the power of mass media. (MDC 101 useful but not a prerequisite. Earns Humanities credit.)
SUNY GEN ED-GHUM; NCC GEN ED-HUM, WESH
Offered: Fall, Spring, Summer
Credit Hours: 3
Department: Multidisciplinary Studies

MDC 110 - Studies in World Culture
Description: This course explores the diversity of human experience through case studies of Asian, Latin American, and Islamic cultures. A close look at the heritage of art, literature and religion in Egypt, Mexico and Japan illuminates issues that shape national identity and the position of these cultures in the world today. (General Elective credit.)
SUNY GEN ED-GOWC; NCC GEN ED-GLNW
Offered: Fall, Spring
Credit Hours: 3
Department: Multidisciplinary Studies

MDC 120 - Issues in Science Technology and Society
Description: This course introduces the student to the interrelationship of science, technology, and society through the study of selected issues, such as biodiversity, genetic engineering, and communications. The course examines how modern technology affects society and the environment, and also how social institutions shape the development and use of new science and technology. (General Elective credit.)
SUNY GEN ED-GHUM; NCC GEN ED-WESH
Offered: Fall
Credit Hours: 3
Department: Multidisciplinary Studies

MDC 130 - Major Ideas in the Post-Modern World
Prerequisites: Completion of ENG 001 and RDG 001
Description: This course follows the making of the modern mind into the 21st century, exploring post-modern thought in Western and non-Western societies. It examines the effects of diversity in the post-colonial and post-Cold War world, the effects on language and personal communication, the media, the arts, science and disease, medical ethics, and implications for future life on the planet. (MDC 101 and MDC 102 are helpful but not prerequisites. Earns Humanities credit.)
SUNY GEN ED-GHUM; NCC GEN ED-GLNW, HUM, PLDI
Offered: Fall, Spring
Credit Hours: 3
Department: Multidisciplinary Studies

Multi-Disciplinary Science Courses

MDS

MDS 101 - Connecting the Sciences - A Macroscopic Approach
Description: This course introduces basic concepts of biology, chemistry, physics, and geology in order to examine the evolution of life in the context of the evolution of the earth and the evolution of the universe. It develops an understanding of fundamental forces, conservation of energy, heat and temperature, light, stellar evolution, solar energy and photosynthesis, evolution of the earth and its atmosphere, and evolution of life. The many topics investigated include the existence of black holes, current theories of plate tectonics, and extinction of the dinosaurs. The course emphasizes hands-on laboratory investigations. (3 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Credit Hours: 4
Department: Engineering/Physics/Tech

MDS 102 - Connecting the Sciences - A Microscopic Approach
Description: Note that MDS 101 is not a prerequisite for this course. This course integrates the study of the physical and life sciences in order to understand the organization of atoms into living and non-living structures-to explore the threshold between the animate and inanimate. The goal is to examine the physics chemistry and biology of a living cell and contrast these cells with inanimate crystals. Students will gain an understanding of atomic and molecular interactions, organic and inorganic molecules, crystals and crystal growth, cellular structure, nucleic acids, and genetic engineering. The course emphasizes hands-on laboratory investigations. (3 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Credit Hours: 4
Department: Physical Sciences

Marketing

MKT

MKT 100 - Introduction to Marketing
Description: Principles and methods employed in all phases of the distribution of goods and services from the producer to consumer. Emphasis on marketing activities includes product planning, consumer behavior, advertising, and marketing research. An overview of the dynamics of marketing which acquaints the student with the general philosophies of the business world.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Winter, Spring, Summer
Credit Hours: 3
Department: Marketing & Retailing

MKT 101 - Business Mathematics
Description: May not be used for Mathematics requirement. The course encompasses the application of basic, standard and fundamental principles of mathematics to practical business situations. Typical problems and applications are drawn from business situations and practices.
SUNY GEN ED-n/a; NCC GEN ED-n/a

Meteorology

MET

MET 101 - Introduction to Meteorology/Weather
Description: To understand the daily and seasonal weather, students will be introduced to basic weather elements such as temperature, pressure, and humidity. Real-time weather maps from the Internet are often used in class to enhance the study of particular topics. After a good foundation in the basic principles of meteorology, various atmospheric phenomena will be discussed, including the formation of rainstorms, thunderstorms, lightning, tornadoes, and hurricanes. Many of these phenomena are illustrated on videotape. Laboratory exercises include the study of weather instruments, analysis of surface and upper air maps, analysis of soundings on Skew-T diagrams, and weather forecasting. A special section of meteorology may be offered each semester as a hybrid online course. This distance-learning course uses real-time weather data to study the principles of meteorology. Students must have access to a computer and the internet in order to download or print the weekly lessons. Communication between the instructor and student is through the course website. Students will occasionally meet with the instructor on campus to do laboratory experiments that require equipment and to take exams. (3 lecture, 3 laboratory hours) Lab fee applies. Formerly SCI 107. Students who have completed SCI 107 will not receive credit for MET 101.
SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Offered: Fall, Spring, Summer
Credit Hours: 4
Department: Engineering/Physics/Tech

MKT 103 - Principles of Sales
Description: Techniques involved in retail, wholesale, and industrial level sales situations; personal requirements needed for success in the sales field; discussion of resume writing and job interview techniques; customer prospecting, product knowledge, handling objections, and closing strategies. Instructor and students evaluate actual sales presentations.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring, Summer
Credit Hours: 3
Department: Marketing & Retailing

MKT 105 - Sports Marketing
Description: An historical perspective of the industry will provide the necessary framework to gain insight into the present and future sports marketing environment. Topics include how colleges, individual athletes, pro and amateur teams, sports facilities, the Olympics and companies who manufacture sporting goods and related products successfully reach their target markets.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring, Summer
Credit Hours: 3
Department: Marketing & Retailing

MKT 106 - Principles of Advertising
Description: An introductory course covering history, functions, principles, and applications of advertising. Topics include copywriting, selection of media, budgeting, print and broadcast production, and the role of the advertising agency and research. Students will develop an advertising campaign.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall
Credit Hours: 3
Department: Marketing & Retailing

MKT 108 - Direct Response Marketing
Description: An introduction to the specialized field of direct response marketing. Topics include mail order entrepreneurship, product conception, marketing plans, use of mailing lists, media strategy, catalog development, creation of copy and graphics, case analysis and term project. Guest speakers from industry and/or field trips are scheduled.
SUNY GEN ED-n/a; NCC GEN ED-n/a
MKT 112 - Small Business Marketing
Description: The success of the small business marketer is challenged by large multinational corporations. This course explores how to meet these challenges and overcome the obstacles presented in the current marketing environment. Particular emphasis is placed on the development of guerilla marketing techniques that small business enterprises can employ. Topics include: building a powerful marketing plan, using e-commerce, building a competitive advantage, recognizing cultural diversity, integrating marketing and pricing strategies, choosing the right location and layout, and using small business marketing plans for globalization.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring, Summer
Credit Hours: 3
Department: Marketing & Retailing

MKT 130 - Marketing Research
Prerequisites: MKT 100.
Description: Techniques of marketing research and other applications to practical marketing problems; information gathering methods, questionnaire formulation, sampling, and report writing. Includes an actual research study, which will be conducted by students.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring
Credit Hours: 3
Department: Marketing & Retailing

MKT 136 - Marketing Management
Prerequisites: MKT 100.
Description: Management and coordination of marketing functions, with special attention to product planning and development, pricing, communications, physical distribution, and channels of distribution. Students participate in a computerized competitive marketing strategy simulation and/or analyze case studies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring
Credit Hours: 3
Department: Marketing & Retailing

MSC 127 - Funeral Home Management
Description: A detailed study of management techniques and procedures used in the operation of a funeral home. This study will include an examination of broad-based goals and objectives required of a successful Funeral Home Manager. This course will then take a specific look at concepts and procedures designed to maximize the profitability of the funeral home operation. Topics such as employee relations, professional associates and client family relationships will be examined. The procedures related to management of disaster planning and multiple funeral industry cooperative procedures will be investigated as they pertain to recent industry innovations.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall
Credit Hours: 3
Department: Mortuary Science

MKT 142 - Field Training
Prerequisites: Permission of Department Course Coordinator.
Description: Students work for appropriate business firms, institutions and/or agencies to enrich the theoretical concepts previously developed in the classroom.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring, Summer
Credit Hours: 3
Department: Marketing & Retailing

MKT 145 - Consumer Motivation and Buyer Behavior
Description: This course is an overview of the processes and procedures of consumer research, segmentation of the American market according to demographic and psychological data. A description of the consumer movement and its impact on the marketing of goods and services to the American consumer will be covered.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring
Credit Hours: 3
Department: Marketing & Retailing

MKT 155 - Introduction to International Marketing
Description: This course will introduce the student to the fundamentals of International/Multinational Marketing. The course of study includes: The International Environment, International Marketing Activities, Global Marketing Management. It covers the channels of international distribution and the financial and logistical aspects of International Marketing.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall
Credit Hours: 3
Department: Marketing & Retailing

MKT 160 - Customer Service
Description: This survey course will prepare the student for advanced study in the area of customer service. An extensive vocabulary of customer service terms will be developed and students will understand the basics of customer service, credit, collection, authorization services and fraud control.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring
Credit Hours: 3
Department: Marketing & Retailing

MKT 295 - Independent Study-Marketing
Description: Formerly MKT 699. Students who have completed MKT 699 will not receive credit for MKT 295.
Credit Hours: 3
Department: Marketing & Retailing

MSC 111 - Funeral Orientation
Description: The survey and study of funeral practices from the year 4000 B.C. in Egypt to the present in America.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall
Credit Hours: 3
Department: Mortuary Science

MSC 112 - Public Health and Sanitation
Description: A survey of Public Health problems, organisms causing infectious diseases, agencies, etc.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall
Credit Hours: 3
Department: Mortuary Science

MSC 124 - Anatomy for Embalmers I
Description: The first of two semesters covering human anatomy and physiology. Discussions of cells, tissues, organs, organ systems, the integument and detailed examination of the skeletal system. The heart, lymph and blood vascular systems are introduced. (2 lecture hours, 2 laboratory hours) Laboratory fee applies.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Spring
Credit Hours: 3
Department: Mortuary Science

MSC 127 - Funeral Home Management
Description: A detailed study of management techniques and procedures used in the operation of a funeral home. This study will include an examination of broad-based goals and objectives required of a successful Funeral Home Manager. This course will then take a specific look at concepts and procedures designed to maximize the profitability of the funeral home operation. Topics such as employee relations, professional associates and client family relationships will be examined. The procedures related to management of disaster planning and multiple funeral industry cooperative procedures will be investigated as they pertain to recent industry innovations.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall
**Mortuary Science**

**MSC 234 - Mortuary Law and Ethics**
- **Description:** A study of mortuary jurisprudence and business law. Application to professional and business aspects of funeral home operation.
- SUNY GEN ED-n/a; NCC GEN ED-n/a
- **Offered:** Fall
- **Credit Hours:** 3
- **Department:** Mortuary Science

**MSC 235 - Anatomy for Embalmers II**
- **Prerequisites:** MSC 124.
- **Description:** Detailed continuation of angiology, splanchnology-digestive, excretory and respiratory systems, including selected regions of the muscular system. The nervous, endocrine and reproductive systems are discussed. (2 lecture hours, 2 laboratory hours) Laboratory fee applies.
- SUNY GEN ED-n/a; NCC GEN ED-n/a
- **Offered:** Fall
- **Credit Hours:** 3
- **Department:** Mortuary Science

**MSC 236 - Embalming Theory I**
- **Prerequisites:** MSC 124, MSC 236.
- **Description:** Lectures dealing with the basic principles and techniques of the embalming process.
- SUNY GEN ED-n/a; NCC GEN ED-n/a
- **Offered:** Fall
- **Credit Hours:** 3
- **Department:** Mortuary Science

**MSC 237 - Embalming Laboratory I**
- **Prerequisites:** MSC 112, MSC 124 and MSC 236.
- **Corequisites:** MSC 236.
- **Description:** Clinical experience in embalming processes taught at Bellevue Hospital in New York City. (4 laboratory hours) Approximate cost of supplies: $95. Laboratory fee applies.
- SUNY GEN ED-n/a; NCC GEN ED-n/a
- **Offered:** Fall, Summer
- **Credit Hours:** 1.50
- **Department:** Mortuary Science

**MSC 238 - Pathology**
- **Prerequisites:** MSC 124.
- **Description:** Discussion of pathological changes as related to disease process and the effects of physical as well as chemical trauma on the human body. Post-mortem visual materials are used to illustrate these processes. (2 lecture hours, 2 laboratory hours)
- SUNY GEN ED-n/a; NCC GEN ED-n/a
- **Offered:** Fall
- **Credit Hours:** 3
- **Department:** Mortuary Science

**MSC 241 - Restorative Art**
- **Prerequisites:** MSC 124.
- **Description:** The practical application of modeling technique and cosmetology to restore facial features damaged by trauma and disease. (2 lecture hours, 2 laboratory hours) Approximate cost of supplies: $25. Laboratory fee applies.
- SUNY GEN ED-n/a; NCC GEN ED-n/a
- **Offered:** Spring
- **Credit Hours:** 3
- **Department:** Mortuary Science

**MSC 242 - Human Disposition: Burial and Cremation**
- **Description:** This course will discuss and explain the final disposition of human remains. This course will explore the preparation of remains for earth burial, cremation and shipping. The operation of a cemetery and crematory will be discussed as well as the legal and regulatory compliance of each. The course will emphasize the proper identification of human remains, required forms, and size of cremation containers and caskets.
- SUNY GEN ED-n/a; NCC GEN ED-n/a
- **Offered:** Fall
- **Credit Hours:** 3
- **Department:** Mortuary Science

**MSC 243 - Mortuary Counseling and Practice**
- **Prerequisites:** PSY 203.
- **Description:** An introductory study of behavioral emotions and needs of an individual that has recently experienced a death in the family or of a close friend. Counseling techniques and recommendations are introduced and discussed through the use of study groups and role playing. Practical situations are portrayed and analyzed. Selected current readings are discussed.
- SUNY GEN ED-n/a; NCC GEN ED-n/a
- **Offered:** Spring
- **Credit Hours:** 3
- **Department:** Mortuary Science

**MSC 244 - Preparatory Voice I**
- **Description:** Concentrated work on rhythm, beginning melodic and rhythmic dictation.
- SUNY GEN ED-n/a; NCC GEN ED-n/a
- **Offered:** Fall, Spring
- **Credit Hours:** 0
- **Department:** Music

**MSC 245 - Funeral Directing with Practicum**
- **Prerequisites:** MSC 237.
- **Description:** A detailed study of management techniques and procedures used in the operation of a funeral home. A supervised practicum assignment at cooperating funeral homes is included. (3 lecture hours, 6 laboratory hours) Lab fee applies.
- SUNY GEN ED-n/a; NCC GEN ED-n/a
- **Offered:** Spring
- **Credit Hours:** 3
- **Department:** Mortuary Science

**MSC 246 - Embalming Theory II**
- **Prerequisites:** MSC 236.
- **Description:** Lectures continuing with the principles, techniques, and practices of the embalming process.
- SUNY GEN ED-n/a; NCC GEN ED-n/a
- **Offered:** Spring
- **Credit Hours:** 2
- **Department:** Mortuary Science

**MSC 247 - Embalming Laboratory II**
- **Prerequisites:** MSC 236.
- **Offered:** Fall
- **Credit Hours:** 3
- **Department:** Mortuary Science

**MSC 248 - Embalming Laboratory III**
- **Prerequisites:** MSC 236.
- **Offered:** Fall
- **Credit Hours:** 3
- **Department:** Mortuary Science

**MSC 249 - Funeral Counseling and Psychology**
- **Prerequisites:** PSY 203.
- **Description:** An introductory study of behavioral emotions and needs of an individual that has recently experienced a death in the family or of a close friend. Counseling techniques and recommendations are introduced and discussed through the use of study groups and role playing. Practical situations are portrayed and analyzed. Selected current readings are discussed.
- SUNY GEN ED-n/a; NCC GEN ED-n/a
- **Offered:** Spring
- **Credit Hours:** 3
- **Department:** Mortuary Science

**Music**

**MUS 000 - Applied Music Master Class**
- **Description:** A weekly performance class. Specifics of solo and ensemble performance practice are discussed. Studio performances by students, faculty and visiting artists and ensemble experiences (if appropriate) are given. (1 hour).
- SUNY GEN ED-n/a; NCC GEN ED-n/a
- **Offered:** Fall, Spring
- **Credit Hours:** 0
- **Department:** Music

**MUS 037 - Preparatory Sight-Singing**
- **Description:** Required course for students who wish to major in music but do not meet the Department's requirements. Pitch matching, sight-singing of simple diatonic melodies, concentrated work on rhythm, beginning melodic and rhythmic dictation.
- SUNY GEN ED-n/a; NCC GEN ED-n/a
- **Credit Hours:** 3

PHY 120 - Physics for Educators

Prerequisites: Students must have a working knowledge of Algebra and Trigonometry or equivalent.
Description: This course studies natural phenomena and everyday life. Covering the fundamental laws and principles of mechanics, electricity, magnetism, sound and light, it provides a basic knowledge of the evolution of physical laws and the underlying concepts that are rapidly changing the way we live. The course material is developed descriptively and demonstrated experimentally. It includes student investigations in recitation and in lab to emphasize the experimental nature of science. Investigations will also be performed using computer software and the internet. The course will also include preparation of lesson plans, grading practices and hands-on experience in the presentation of materials.

PHY 122 - Engineering Physics I

Prerequisites: MAT 122

Description: Designed for students in Engineering, Physics, Mathematics, and the Sciences. An introduction to mechanics: fundamental laws of statics, dynamics, kinematics, work, energy, power and momentum. Applied problems are an integral part of the course. (5 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-GLAB; NCC GEN ED-LSCI. Offered: Fall
Credit Hours: 4
Department: Engineering/Physics/Tech

PHY 123 - Engineering Physics II
Prerequisites: PHY 122, MAT 123.

Description: An introduction to the topics of rotational kinematics and dynamics, elasticity, hydrostatics, hydrodynamics, harmonic motion, waves, sound, and thermodynamics. Applied problems are an integral part of this course. (5 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-GLAB; NCC GEN ED-LSCI, ASC
Offered: Spring
Credit Hours: 4
Department: Engineering/Physics/Tech

PHY 151 - Physics Science and Math I

Description: Pre or Concurrent Rerequisites: MAT 122.
The first semester of a two-term survey course for students who intend to study Science, Mathematics or Computer Science at four-year institutions that require a calculus-based approach to physics. The topics covered during the first term are mechanics and thermodynamics. (3 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Offered: Fall, Spring, Summer
Credit Hours: 4
Department: Engineering/Physics/Tech

PHY 152 - Physics Science and Math II
Prerequisites: MAT 122 and PHY 151 or permission of Department.
Description: The second half of a calculus-based physics survey course. The topics covered are wave phenomena, electricity, magnetism, light and modern physics. (3 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Offered: Fall, Spring, Summer
Credit Hours: 4
Department: Engineering/Physics/Tech

PHY 223 - Introduction to Modern Physics

Prerequisites: MAT 225.
Description: A survey of 20th-century theories of the atom, the nucleus, relativity, quantum properties of waves and particles, wave mechanics, spectra of hydrogen and other atoms, x-rays, the uncertainty principle, radioactive decay, conservation laws in radioactivity, transmutations. Stress is placed on basic principles rather than on applications. (5 lecture hours)
SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Offered: Spring
Credit Hours: 3
Department: Engineering/Physics/Tech

PHY 295 - Independent Study-Physics

Prerequisites: Formerly PHY 699. Students who have completed PHY 699 will not receive credit for PHY 295.
Description: An introduction to the basic theory of electric and magnetic forces and energy associated with electric charge, electric and magnetic properties of matter, electromagnetic waves, geometric and wave properties of light. Emphasis is given to a rigorous mathematical formulation of physical principles, solution of problems, and practical applications of electric circuits in the laboratory. (5 lecture, 3 laboratory hours) Laboratory fee applies.
SUNY GEN ED-GLAB; NCC GEN ED-LSCI
Offered: Fall
Credit Hours: 4
Department: Engineering/Physics/Tech

POL

POL 101 - Government and Politics in the Modern World

Prerequisites: Completion of RDG 001 and/or RDG 002.
Description: This course compares and contrasts the major forms of government found in the contemporary world: democratic, authoritarian, and totalitarian. Illustrations and examples will be drawn from both Western and non-Western countries. A basic theme of the course will be the comparative advantages of democratic forms of government over the various alternatives found around the globe today.
**POL 111 - Nassau County: History and Government**

*Prerequisites:* Completion of RDG 001

*Description:* (Dual listed with HIS 140). A review of the development of what is now Nassau County from pre-Colonial times to the present day. Emphasis is placed upon the governmental-administrative structure of the county and the major problems facing urban-suburban communities. Field trips and guest speakers are utilized to complement class work.

**SUNY GEN ED-GSBS; NCC GEN ED-SBS**

*Credit Hours:* 3

*Department:* His/PolSci/Geo/LatinAm Studies

**POL 205 - Introduction to American Politics**

*Prerequisites:* Completion of RDG 001 and/or RDG 002.

*Description:* An exploration of some of the significant areas and issues of contemporary American government and politics. Among the topics included are the scope of government activity in the United States today, the Constitution of the United States, and the evolution and operation of such political institutions as the Presidency, Congress, the Supreme Court and the political parties.

PSA

PSA 111 - Introduction to Security
Prerequisites: Completion of RDG 001 and ENG 001.
Description: The historic, philosophical, practical, and legal bases of Security. The role of Security and the security individual in modern society, the concept of professionalism, and the relationship to public law enforcement are reviewed. A survey is made of the personnel, physical and administrative aspects of the Security field.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Criminal Justice

PSA 121 - Internal Security
Prerequisites: Completion of RDG 001 and ENG 001.
Description: Internal theft control, investigation methods including undercover, interrogation, polygraph uses, and internal developments-their causes and consequences-are explored along with major tactics, strategies and techniques used to deter and control internal theft.
SUNY GHEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Criminal Justice

PSA 211 - Administration and Control of Private Security Force
Prerequisites: Completion of RDG 001 and ENG 001.
Description: The course explores the difference between public and private policing to identify what constitutes Private Security, including the role and functions, the selection of personnel, training of personnel, ethics and conduct of security personnel. The Hallcrest Report, the first comprehensive look at Private Security in more than a decade, is used to examine the resources, contributions and deficiencies of Private Security. The possible relationships with law enforcement agencies and the prospects for forging a partnership to combat crime are reviewed.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Criminal Justice

PSA 224 - Security and the Law
Prerequisites: Completion of RDG 001 and ENG 001.
Description: Course focuses on the various legal components applicable to Security personnel. Available sources of authority, powers, and legal restrictions are analyzed in-depth. Probable cause, the single biggest issue affecting false arrest, is thoroughly reviewed. Arrest, search and seizure, detention, interrogation and the use of force are thoroughly discussed. Special emphasis is placed on criminal and civil sanctions that can be invoked against Security personnel who abuse their authority. Ramifications of tort liability will be examined.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Criminal Justice

PSA 225 - Introduction to Emergency Management
Prerequisites: Completion of RDG 001 and ENG 001.
Description: A study of emergency management, this course provides an overview of the Department of Homeland Security's National Incident Management System (NIMS). This course examines the United States Government Interagency Domestic Terrorism Concept of Operations (CONPLAN). It emphasizes the roles of Federal, State, and Local Agencies working effectively and efficiently together to prepare for, prevent, respond to, and recover from domestic incidents, regardless of cause, size, or complexity.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Summer
Credit Hours: 3
Department: Criminal Justice

PSA 295 - Independent Study-Security Administration
Description: Designed to familiarize the student with the science of human behavior and mental states; the methods employed by psychologists; the experimental findings and applications of research; and the important contributions from the behaviorist, psychoanalytic, neuroscientific, and cognitive schools of thought. This course includes the study of learning, perception, cognition, intelligence, social influences,
psychological disorders, physiological changes and developmental stages.

PSY 206 - Educational Psychology
Prerequisites: PSY 203.
Description: (Dual listed with EDU 206). Students who have taken PSY 206 will not receive credit for EDU 206. This course is intended to provide knowledge and understanding of the major theories and findings of the science of Educational Psychology. The course includes a consideration of such topics as: research methods in educational psychology; the cognitive, personal, social and moral development of students; the impact of student diversity on teaching and learning; the principles and processes of learning; motivational concerns in education; classroom management; techniques of teaching; and methods of assessing student learning.

SUNY GEN ED-GSBS; NCC GEN ED-SBS
Offered: Fall, Spring, Summer
Credit Hours: 3

Department: Psychology

PSY 207 - Industrial Psychology
Prerequisites: PSY 203.
Description: An examination of aspects of behavior that relate to work organizations. Areas covered include pertinent general psychological processes such as learning and motivation; individual difference dimensions such as personality, aptitudes, and attitudes; and characteristics of group and organizational environments.

SUNY GEN ED-GSBS; NCC GEN ED-SBS

Offered: Fall, Spring
Credit Hours: 3

Department: Psychology

PSY 212 - Adolescent Psychology
Prerequisites: PSY 203.
Description: Problems of adolescence as related to childhood and maturity. Physical, emotional, social, intellectual, moral, and religious development; theories of adolescent personality development, the importance of home and community relationships. Observations required.

SUNY GEN ED-GSBS; NCC GEN ED-SBS
Offered: Fall, Spring, Summer
Credit Hours: 3

Department: Psychology

PSY 213 - Child Development
Prerequisites: PSY 203.
Description: Development and analysis of infant and child behavior, motor development, emotional development, motivation, language, thinking, work and play. Problems and methods of child study; application of research; effects of heredity and environment on the individual; individual differences and theories of personality development. Observations required.

Critical Reading & Academic Advisement

RDG

RDG 001 - Individualized Reading and Study Improvement
Prerequisites: Satisfactory completion of BEP 090, if required.
Description: A required course for students who demonstrate a strong need for developmental Reading coursework according to the College Placement Test. Instruction will include recognition of main ideas and details, critical reading skills, and vocabulary strategies. Students will develop techniques for annotating, outlining, mapping and summarizing a variety of genres of text. Students learn to build upon their strengths as readers as well as to address their individual study needs through ongoing assessments. Reading laboratory is required weekly for guided, individualized exploration of text. (3 lecture hours, 1 laboratory hour) Students assigned to this course must pass it before proceeding to ENG 101.
SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring, Summer
Credit Hours: 0

Department: Critical Reading & Academic Advisement

RDG 002 - Reading and Studying College Texts
Prerequisites: Satisfactory completion of BEP 090 or RDG 001, if required.
Description: A required course for students who demonstrate the need for support in developing the strategies and techniques required to meet the demands of college reading across the disciplines. Instruction will include the application of more advanced reading strategies using content reading from college texts. All strategies will foster the reading/responding connection. The techniques students learn and practice through this course will be applied directly to academic course work. Supplemental support and practice in reading and studying strategies will be available in a Reading Help Center. SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Fall, Spring, Summer
Credit Hours: 0

Department: Critical Reading & Academic Advisement

RDG 003 - Individualized Reading and Reading/Studyng College Texts
Description: Prerequisite: Placement into no more than two remedial courses, one of which is RDG 001, or those students who have passed BEP RDG 090 and exhibit strong mastery of concepts and behaviors integral to that course; eligibility for outgoing BEP students is determined by Department only. This course, which is non-credit, is a one-semester option to replace the two-semester sequence of RDG 001 and RDG 002. Instruction will incorporate pre-reading and active reading strategies including brainstorming, previewing, annotating, outlining, summarizing, paraphrasing, determining main ideas as well as major and minor details, improving general and discipline-specific vocabulary, inferencing, synthesizing information and ideas, and adapting critical reading strategies to a variety of college texts. Students will be encouraged to read, analyze, evaluate.
RDG 102 - Speed Reading

Description: This is a concentrated course designed to present the theories of speed reading and to provide students with extensive practice in developing a greater range in their efficient reading rate. Ability to adjust one's reading skills, especially rate and meaning making, to the genre and sophistication of the text under exploration are the main concern.

SUNY GEN ED-n/a; NCC GEN ED-HUM
Offered: Fall, Spring
Credit Hours: 3
Department: Critical Reading & Academic Adv

RDG 103 - Reading the New Media

Prerequisites: Satisfaction of all non-credit Reading requirements.

Description: This course invites students to apply the tools of critical reading to the new media. Using advanced literacy and comprehension skills, students will analyze, interpret, assess and synthesize information pertaining to news, contemporary issues, the arts and entertainment coming to them from a variety of online and textual sources, including, but not limited to, blogs, on-line newspapers and magazines, wikis, social networking and video sharing sites.

SUNY GEN ED-GHUM; NCC GEN ED-HUM
Offered: Fall, Spring
Credit Hours: 3
Department: Critical Reading & Academic Adv

RDG 104 - News on the Net

Prerequisites: Satisfaction of all non-credit Reading requirements.

Description: This course is designed to teach students to become more discriminating news consumers as we are flooded by information and disinformation through the digital technology. The course helps students apply critical reading skills, in the identification of propaganda, bias, fairness, assertion, verification, evidence and implication in the presentation of news. The ramifications of culture, business and government on news delivery and reception by the public will be studied.

Retail Business Management

RET

RET 107 - Principles of Retailing

Description: A survey of the retail industry. The economic importance and structure of retail organizations are studied for their function and interrelationships, operations and human resources.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Offered: Summer
Credit Hours: 3
Department: Marketing & Retailing

RET 109 - Visual Merchandising

Description: Visual merchandising of retail goods; effective window and interior display; appropriate equipment and materials; color, lighting, and general arrangements. A hands-on approach is utilized whereby students design and construct exterior and interior displays. Lab fee applies.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Marketing & Retailing

RET 111 - Retail Merchandising

Description: This course covers the fundamentals of merchandising. Markup and markdown, stock turnover, stock-sales ratio, retail method of inventory, open-to-buy, unit stock control, the merchandise plan, merchandising and the computer.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3
Department: Marketing & Retailing

RET 115 - Textiles

Description: Identification of fibers and fabrics, and analysis of construction of cloth to determine strength, durability and usefulness are included in this course. Methods and effects of finishing cloth. In addition, laws relating to the labeling and advertising of textiles and textile products are discussed. Geared to the needs of students who plan careers in apparel design, interior design, retailing, fashion marketing, and consumerism.

SUNY GEN ED-n/a; NCC GEN ED-n/a
Credit Hours: 3

Physical Sciences

SCI

SCI 101 - Exploring Basic Concepts in Science
Description: This is an introductory course designed to involve the non-science oriented student in an investigation of some of the basic concepts and processes of science. There will be an introduction to measurement and information gathering techniques used by scientists, along with an examination of basic principles of phenomena such as motion, gravity, energy, and heat. Laboratory experiments will enable the students to investigate scientific principles as they apply to the world. (3 lecture, 3 laboratory hours) Laboratory fee applies.
Offered: Fall, Summer
Credit Hours: 4

SCI 102 - Material Science
Description: The course is designed to continue the investigation of physical science principles with a focus on chemical aspects. Such topics as electricity, atomic structure, chemical nature and behavior, ionization, reactions, and compound formation will highlight the study. Laboratory experiments will enable the students to investigate scientific principles as they apply to the world. (3 lecture, 3 laboratory hours) Lab fee applies.
Offered: Fall, Spring
Credit Hours: 4

SCI 116 - The Universe
Description: This course introduces the study of the Universe through cosmology. It examines theories of the history of the universe, the nature of dark matter and dark energy, and the origin of elementary particles and ordinary matter on the large-scale structure. Emphasis will be placed on space and time as basic concepts in physical science and how modern measurements and discoveries allow us to determine the size, age, and future fate of the universe. Other topics include theories of parallel universes and time travel.
Offered: Fall, Winterim, Spring, Summer
Credit Hours: 3

SCI 141 - Metascience
Prerequisites: Student must be either currently enrolled in and/or have taken and passed ENG 100 or ENG 101.
Description: This course presents a study of enigmatic phenomena, both historic and contemporary, which have aroused popular interest and which present a paradox to modern science. Topics covered in the course are extraterrestrial intelligence, ancient "super cultures" (including Atlantis), the Bermuda Triangle phenomenon, the U.F.O. phenomenon, psychic phenomena (including "spirits" vs. "ghosts") and cryptozoological phenomena (from Loch Ness to Bigfoot). Emphasis is placed upon the critical evaluation of available data (written articles and videotapes) using the scientific method.
Offered: Fall, Spring
Credit Hours: 3

SCI 200 - Experimental Research Methods
Prerequisites: Completion of all English, reading, math remediation courses and a Natural or Physical Science sequence: AHS 131 and AHS 132 or, BIO 109 and BIO 110 or, CHE 151 and CHE 152 or, PHY 101 and PHY 102 or, PHY 151 and PHY 152.
Description: (Dual listed with BIO 200) This course introduces processes involved in completing the scientific method during experimentation and presentation of related research findings. Students will review theories and facts using prior works and identify literature which leads to further questioning and modification of original ideas. Students will explore the fundamentals of planning research experimentation including time management, theoretical frameworks, and logic of inquiry. Students will learn scientific thinking and writing skills necessary to communicate research findings. The course will also examine effective measures for presenting learned information (either via literature review or experimentation) including abstract writing, verbal presentations and written representations of works as a publishable work, thesis, or dissertation. It will also examine safety guidelines and ethical standards. Laboratory work will include explorations into the scientific method, experimental design and data collection. With an emphasis on applied learning, students will conduct research in the area of their choosing. NCC GEN ED-LSCI. Offered: Fall, Spring, Summer
Credit Hours: 4
Department: Physical Sciences

SCI 295 - Independent Study-Science
Description: SUNY GEN ED-n/a; NCC GEN ED-ASC, LSCI. Formerly 699. Students who have completed SCI 699 will not receive credit for SCI 295.

Critical Reading and Academic Advancement

WRT

WRT 001 - Foundations of Writing

Prerequisites: NCC Placement Test of Reading 001. This course is designed to help students strengthen their basic writing skills in preparation for the demands of college-level writing. Students create essays through the process of prewriting, drafting, revising and editing their work with the help of peer and instructor feedback to develop a sense of purpose and audience. Students learn to incorporate ideas gleaned through reading expository text into their essays to strengthen their arguments and develop appropriate techniques for writing in timed and untimed settings. The class meets three times a week and provides and intensive, active educational experience within the framework of classroom and learning center support. Students assigned to this course must pass it before proceeding to ENG 100 or ENG 101. (4 class hours)
Description: Formerly BEP 091. Students who have completed BEP 091 will not receive credit for WRT 001.

Women's Studies

WST

WST 101 - Introduction to Women's Studies

Description: Focusing on the roles of women in a cross-cultural context, this course...
introduces the student to the discipline of Women's Studies and serves as a basis for more specialized courses. It treats such issues as women in the family, workplace, and community; images of women in the arts, professions and popular culture; and women's contributions in a variety of fields.

SUNY GEN ED-GHUM; NCC GEN ED-HUM, PLDI, WESH

Offered: Fall, Spring, Summer

Credit Hours: 3

Department: Multidisciplinary Studies

WST 105 - Gender in Popular Culture

Description: Popular culture portrays a range of femininities and masculinities which influence our sense of who we are as men and women. In this course we will look at material from a wide range of gender constructions-in texts; in Hollywood, independent, and foreign films; in television shows and commercials; in cartoons, graphic art and video games; in music videos; and/or on the Internet in social networking sites like Facebook and Twitter. Using a variety of critical and theoretical approaches, we will examine how pop culture representations of gender reflect social conditions, how they construct social possibilities, and how they change over time.

SUNY GEN ED-n/a; NCC GEN ED-HUM, PLDI

Offered: Fall, Spring

Credit Hours: 3

Department: Multidisciplinary Studies

WST 107 - The Philosophy of Sex & Gender

Prerequisites: ENG and RDG Remedials completed.

Description: (Dual listed with PHI 107)
Many people distinguish males and females along two different dimensions: biological endowment and social role. The first dimension is labeled 'sex', the second 'gender'. This course examines the nature and development of the sex-gender distinction, its application to issues surrounding sexual equality, as well as contemporary challenges to the distinction that arise within conversations regarding intersexuality and transgenderism. The course also explores the intersection between sex, gender, and sexual desire.

SUNY GEN ED-GHUM; NCC GEN ED-HUM, PLDI

Offered: Fall and Spring

Credit Hours: 3

Department: Multidisciplinary Studies

WST 110 - The Goddess in World Religions

Description: This course will explore the images of the Goddess in world religions such as Judaism, Christianity, Islam, Hinduism, Buddhism, Taoism, traditional African religions, and Native American traditions. It will look at both iconography and literary texts to examine how the Goddess as a representation of the Divine affects women's spirituality and the larger culture.

SUNY GEN ED-n/a; NCC GEN ED-GLNW, PLDI

Offered: Fall, Spring

Credit Hours: 3

Department: Multidisciplinary Studies

WST 201 - Women's Issues in Global Context

Description: This course explores some of the major issues that affect women around the world. It focuses on the global labor force, reproductive rights, gay and lesbian politics, sexual identity, and education in Asia, Africa, Latin America, Europe, and the United States. Students will learn how women's experiences affect law and politics and how local conditions (here and elsewhere) intersect with global concerns and movements. Particular emphasis will be placed on goals and accomplishments of women's grassroots activism in many cultures.
